

PROGRAMME MEMORANDUM

BAIONA GLOBAL FINANCE DESIGNATED ACTIVITY COMPANY

(incorporated in Ireland as a designated activity company limited by shares under company registration number 630682)

EUR 1,000,000,000 Programme for the issue of Notes and the making of Alternative Investments

BAIONA Global Finance Designated Activity Company, a designated activity company limited by shares incorporated under the laws of Ireland with company registration number 630682 (the "**Issuer**"), may issue notes ("**Notes**") and may raise finance by other means, including, without limitation, by way of loan or entry into other derivative transactions ("**Alternative Investments**") under this EUR 1,000,000,000 Programme for the issue of Notes and the making of Alternative Investments (the "**Programme**") arranged by Banco de Sabadell, S.A. Notes will be issued and Alternative Investments will be entered into in series (each, a "**Series**"). Notes will have the terms and conditions set forth in this Programme Memorandum (the "**Programme Memorandum**"), as amended or supplemented in respect of each issue by a Series Memorandum for such Series (each, a "**Series Memorandum**"). The terms and conditions for a Series set out in a Series Memorandum will prevail in the event of any conflict with the terms and conditions set out herein. Capitalised terms used and not defined on this front page will have the meanings ascribed to them elsewhere in this Programme Memorandum.

Each Series will constitute limited recourse obligations of the Issuer, payable solely from the Collateral in respect of such Series. The Collateral in respect of a Series will consist of the Charged Assets and/or the Charged Agreements specified in a Series Memorandum for such Series, together with the rights and entitlements described in Condition 4. If the net proceeds of the enforcement of the Collateral for a Series are not sufficient to make all payments due in respect of the Notes or Alternative Investments of that Series (after payment of all obligations senior thereto), no other assets of the Issuer will be available to meet such shortfall, and the claims of Noteholders or parties to Alternative Investments and any Swap Counterparty in respect of such Series and such shortfall shall be extinguished. None of such persons will be able to petition for the winding-up of, or the appointment of an examiner to, the Issuer as a consequence of any such shortfall or otherwise.

The Collateral for a Series will also secure the Issuer's obligations to the Swap Counterparty, if any, in respect of such Series, unless otherwise specified in the Series Memorandum for such Series. Banco de Sabadell, S.A. will be the Swap Counterparty under any Charged Agreement, unless another entity is specified in the Series Memorandum for such Series.

In addition to the Collateral, the Series Memorandum for a Series will specify the aggregate principal amount, interest, if any, issue price, issue date, maturity date, priority of payments from and claims against the Collateral and any other terms and conditions not contained herein which are applicable to such Series.

The aggregate principal amount of all Notes or Alternative Investments from time to time outstanding will not exceed EUR 1,000,000,000 or its equivalent in other currencies at the time of the agreement to issue (the "**Programme Limit**"), provided that the Issuer may increase such amount as described herein.

The Issuer may issue further Notes on the same terms as existing Notes and such further Notes shall be consolidated and form a single series with such existing Notes in accordance with Condition 16.

This Programme Memorandum comprises a base prospectus (the "**Base Prospectus**") for the purposes of Article 8.1 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017, as amended (the "**Prospectus Regulation**").

This Programme Memorandum constitutes a Base Listing Particulars (as defined below) for the purposes of listing on the Global Exchange Market of The Irish Stock Exchange plc trading as Euronext Dublin ("**Euronext Dublin**").

This Programme Memorandum has been approved by the Central Bank of Ireland (the "**Central Bank**") as competent authority under the Prospectus Regulation. The Central Bank only approves this Programme Memorandum as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the quality of the Notes that are the subject of this Programme Memorandum. Investors should make their own assessment as to the suitability of investing in the Notes.

Application will be made to Euronext Dublin for Notes issued under the Programme for a period of 12 months from the date of this Base Prospectus to be admitted to the official list of Euronext Dublin (the "**Official List**") and trading on its regulated market (the "**Regulated Market**"). The Regulated Market is a regulated market for the purposes of Directive 2014/65/EU, of the European Parliament and of the Council, on markets in financial instruments (as amended, "**MiFID II**"). Such approval relates only to the Notes which are to be admitted to trading on the Regulated Market or other regulated markets for the purposes of MiFID II.

This Programme Memorandum will be valid for admissions to trading on a regulated market by or with the consent of the Issuer for twelve months from its date. The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Programme Memorandum which is capable of affecting the assessment of the Notes, prepare a supplement to this Programme Memorandum. The obligation to prepare a supplement to this Programme Memorandum in the event of any significant new factor, material mistake or inaccuracy does not apply when the Programme Memorandum is no longer valid.

The Programme also permits Notes to be admitted to the Official List and to trading on the Global Exchange Market operated and regulated by Euronext Dublin ("**GEM**"). The GEM is not a regulated market for the purposes of MiFID II or the Prospectus Regulation.

This Programme Memorandum constitutes base listing particulars (the "**Base Listing Particulars**") where Notes are to be listed or admitted to trading on the GEM. Application has been made to Euronext Dublin for the approval of this document as Base Listing Particulars. Application may be made for Notes to be admitted to the Official List and to trading on the GEM. Where Notes are to be admitted to trading on the Regulated Market of Euronext Dublin, the term "Programme Memorandum" should be taken to mean Base Prospectus and where Notes are to be admitted to trading on the GEM, the term "Programme Memorandum" should be taken to mean Base Listing Particulars as such term is defined in Euronext Dublin's rules relating to the GEM. Each Series Memorandum will specify whether the Notes will be listed on the Regulated Market, the GEM or any other stock exchange.

Notes issued by the Issuer having a maturity of less than one year constitute commercial paper for the purposes of, and are issued in accordance with, an exemption granted by the Central Bank under Section 8(2) of the Central Bank Act, 1971 of Ireland, as inserted by Section 31 of the Central Bank Act, 1989 of Ireland, as amended by Section 70(d) of the Central Bank Act, 1997 of Ireland and as amended by Schedule 3 of Part 4 of the Central Bank and Financial Services Authority of Ireland Act, 2004. An investment in Notes issued by the Issuer with a maturity of less than one year will not have the status of a bank deposit and is not within the scope of the Deposit Protection Scheme operated by the Central Bank.

The Programme is not rated but any Series of Notes or Alternative Investments may be rated by one or more recognised debt rating agencies. The relevant Series Memorandum or (if required) an alternative memorandum in respect of an Alternative Investment (the “**Alternative Memorandum**”) will state whether or not a Series of Notes or Alternative Investments is, or is expected to be, rated by any rating agency.

IMPORTANT – EEA MiFID II Product Governance/Target Market – The applicable Series Memorandum in respect of any Notes may include a legend entitled “EEA MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes or Alternative Investments is a manufacturer in respect of such Notes or Alternative Investments, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

IMPORTANT – UK MiFIR product governance / target market – The applicable Series Memorandum in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to the Financial Conduct Authority (“**FCA**”) Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes or Alternative Investments is a manufacturer in respect of such Notes or Alternative Investments.

IMPORTANT – EEA RETAIL INVESTORS - The Notes or Alternative Investments are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU (as amended or superseded, the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014, as amended (the “**PRIIPs Regulation**”) for offering or selling the Notes or Alternative Investments or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or Alternative Investments or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – The Notes or Alternative Investments are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the “**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the “**FSMA**”) and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or Alternative Investments or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or Alternative Investments or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

IMPORTANT – EU Benchmarks Regulation – Interest Amounts (as defined in the Terms and Conditions of the Notes) and/or other amounts payable under the Notes or Alternative Investments may be calculated by reference to CMS, EURIBOR, LIBID, LIBOR and LIMEAN (or such other benchmark as may be specified in the relevant Series Memorandum). EURIBOR is provided by the European Money Markets Institute (“**EMMI**”) and LIBOR is provided by ICE Benchmark Administration Limited, a subsidiary of Intercontinental Exchange, Inc. (“**ICE**”). As at the date of this Programme Memorandum EMMI appear on the register of administrators established and maintained by the European Securities and Markets Authority (the “**ESMA Register**”) pursuant to Article 36 of the Benchmark Regulation (Regulation (EU) 2016/1011), as amended (the “**EU BMR**”).

As far as the Issuer is aware, the transitional provisions in Article 51 of the EU BMR apply, such that ICE is not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence).

The attention of investors is drawn to “Investor Suitability” on page 37 and “Risk Factors” on page 14.

Notes may be issued in bearer form initially represented by a temporary global Note, by a permanent global Note or by definitive Notes, or in registered form represented by definitive registered certificates and/or a registered certificate in global form. Notes in bearer form will be subject to United States tax law requirements. "Summary of the Programme - Form of Notes" contains further details relating to the form of Notes which may be issued under the Programme, the exchange of interests in a temporary global Note for interests in a permanent global Note and the exchange of interests in a global Note for definitive Notes. "Subscription and Sale" contains further details relating to the selling and transfer restrictions applicable to the Notes.

The form of any Alternative Investments may be by way of loan or other financial instrument (including swap and derivative transactions).

THIS PROGRAMME MEMORANDUM, TOGETHER WITH THE RELEVANT SERIES MEMORANDUM FOR EACH SERIES, SUPERSEDES ANY PRIOR AGREEMENT, INFORMATION, OR UNDERSTANDING, WRITTEN OR ORAL, RELATING TO SUCH SERIES, AND INVESTORS MUST RELY SOLELY ON THIS PROGRAMME MEMORANDUM AND THE RELEVANT SERIES MEMORANDUM IN MAKING AN INVESTMENT DECISION AND NOT ON ANY SUCH PRIOR AGREEMENT, INFORMATION OR UNDERSTANDING.

NOTES ISSUED UNDER THE PROGRAMME HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES, AND THE ISSUER IS NOT AND WILL NOT BE REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "**INVESTMENT COMPANY ACT**"). EXCEPT AS SET FORTH IN THE RELEVANT SERIES MEMORANDUM, NOTES (A) MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY U.S. PERSON (AS DEFINED IN REGULATIONS UNDER THE SECURITIES ACT) AND (B) MAY BE OFFERED, SOLD OR OTHERWISE TRANSFERRED AT ANY TIME ONLY TO TRANSFEREES THAT ARE NON-UNITED STATES PERSONS (AS DEFINED BY THE COMMODITY FUTURES TRADING COMMISSION).

THE NOTES AND ALTERNATIVE INVESTMENTS WILL BE OBLIGATIONS SOLELY OF THE ISSUER AND WILL NOT BE GUARANTEED BY, OR BE THE RESPONSIBILITY OF, ANY OTHER ENTITY. THE NOTES AND ANY OBLIGATIONS OF THE ISSUER PURSUANT TO ALTERNATIVE INVESTMENTS CONSTITUTE SECURED LIMITED RECOURSE OBLIGATIONS OF THE ISSUER, AND CLAIMS AGAINST THE ISSUER BY NOTEHOLDERS, PARTIES TO ALTERNATIVE INVESTMENTS AND ANY SWAP COUNTERPARTY IN RESPECT OF A SERIES, WILL BE LIMITED TO THE COLLATERAL FOR SUCH SERIES. THE PRIORITY OF PAYMENTS TO AND CLAIMS OF SUCH PERSONS ARE SET OUT IN CONDITION 4, AS SUPPLEMENTED BY THE RELEVANT SERIES MEMORANDUM. IF THE NET PROCEEDS OF ENFORCEMENT OF THE COLLATERAL FOR A SERIES ARE NOT SUFFICIENT TO MAKE ALL PAYMENTS DUE IN RESPECT OF THE NOTES OR ALTERNATIVE INVESTMENTS OF THAT SERIES (AFTER PAYMENT OF ALL OBLIGATIONS OF THE ISSUER SENIOR THERETO), NO OTHER ASSETS OF THE ISSUER WILL BE AVAILABLE TO MEET SUCH SHORTFALL AND THE CLAIMS OF NOTEHOLDERS OR PARTIES TO ALTERNATIVE INVESTMENTS AND ANY SWAP COUNTERPARTY IN RESPECT OF ANY SUCH SHORTFALL SHALL BE EXTINGUISHED. NONE OF SUCH PERSONS WILL BE ABLE TO PETITION FOR THE WINDING-UP OF, OR THE APPOINTMENT OF AN EXAMINER TO, THE ISSUER AS A CONSEQUENCE OF ANY SUCH SHORTFALL OR OTHERWISE.

THE ISSUER IS NOT, AND WILL NOT BE, AUTHORISED OR LICENSED BY THE CENTRAL BANK BY VIRTUE OF THE ISSUE OF THE NOTES. ANY INVESTMENT IN THE NOTES DOES NOT HAVE THE STATUS OF A BANK DEPOSIT AND IS NOT SUBJECT TO THE DEPOSIT PROTECTION SCHEME OPERATED BY THE CENTRAL BANK.

THE ISSUER IS A DESIGNATED ACTIVITY COMPANY LIMITED BY SHARES DULY INCORPORATED UNDER THE LAWS OF IRELAND AND, ACCORDINGLY, IS PROHIBITED FROM MAKING ANY INVITATION TO THE PUBLIC TO SUBSCRIBE FOR, OR MAKING ANY OFFER TO THE PUBLIC OF, THE NOTES AND THE ALTERNATIVE INVESTMENTS. NEITHER THIS PROGRAMME MEMORANDUM NOR ANY OTHER DOCUMENT CONSTITUTES AN OFFER TO PURCHASE, OR AN INVITATION TO THE PUBLIC BY OR ON BEHALF OF THE ISSUER TO PURCHASE THE NOTES OR THE ALTERNATIVE INVESTMENTS.

The Issuer accepts responsibility for the information contained in this Programme Memorandum. To the best of the knowledge of the Issuer the information contained in this Programme Memorandum is in accordance with the facts and this Programme Memorandum makes no omission likely to affect the import of such information. The delivery of this Programme Memorandum at any time does not imply any information contained herein is correct at any time subsequent to the date hereof.

No person has been authorised to give any information or to make any representation other than those contained in this Programme Memorandum and/or in the relevant Series Memorandum in connection with the issue or sale of the Notes or Alternative Investments and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or the Arranger.

None of the Arranger, the Swap Counterparty, the Determination Agent, the Realisation Agent, the Collateral Agent, Banco de Sabadell, S.A. (in any other capacity in which it acts under the Programme), the Administrator, the Trustee, the Share Trustee, any Dealer, or any Agent (each as defined herein and together, in relation to the Programme, the “**Programme Parties**”) has separately verified the information contained herein and accordingly none of the Programme Parties makes any representation, recommendation or warranty, express or implied, regarding the accuracy, adequacy, reasonableness or completeness of the information contained herein or in any further information, notice or other document which may at any time be supplied in connection with the Notes and the Alternative Investments or their distribution and none of them accepts any responsibility or liability therefor. None of the Programme Parties undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Programme Memorandum or to advise any investor or potential investor in the Notes or any party to any Alternative Investments of any information coming to the attention of any of such Programme Parties.

This Programme Memorandum does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Arranger to subscribe for, or purchase, any Notes, or to enter into any Alternative Investments.

The distribution of this Programme Memorandum and each Series Memorandum and the offering or sale of the Notes or the entering into of Alternative Investments in certain jurisdictions may be restricted by law. Persons into whose possession this Programme Memorandum and any such Series Memorandum come are required by the Issuer, the Trustee and the Arranger to inform themselves about and to observe any such restriction.

In this Programme Memorandum, unless otherwise specified or the context otherwise requires, references to “**dollars**”, “**U.S. dollars**”, “**USD**” and “**U.S.\$**” are to United States dollars, references to “**euro**”, “**EUR**” and “**€**” are to the currency of the member states of the European Union that adopt or have adopted the single currency in accordance with the Treaty establishing the European Community as amended by the Treaty of European Union and references to “**pounds sterling**” and “**£**” are to the lawful currency of the United Kingdom.

In connection with the issue of any Series of Notes the Arranger (if any) disclosed as a stabilising agent in the relevant Series Memorandum or such other person or persons who may be specified in the applicable Series Memorandum as a stabilising agent (the “**Stabilising Agent**”) (or persons acting on behalf of the Stabilising Agent) may, to the extent permitted by applicable law and directives, over-allot Notes or effect transactions with a view to supporting the market price of the relevant Series of Notes at a level

higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Agent (or any persons acting on behalf of the Stabilising Agent) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of such Series of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the Issue Date of such Series of Notes and 60 days after the date of the allotment of the Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Agent (or any persons acting on behalf of the Stabilising Agent) in accordance with applicable laws and rules.

Independent Review and Advice - Each prospective purchaser of Notes or Alternative Investments is responsible for making its own investment decision and its own independent investigation into and appraisal of the risks arising from an investment in the Notes or Alternative Investments as well as all risks associated with the issuers and/or obligors of any Charged Assets and any Swap Counterparty. Investors should ensure that they understand the nature and extent of their exposure to risk, that they have all requisite knowledge and experience in investment, financial and business matters and expertise (or access to professional advisers) to make their own legal, regulatory, tax, accounting and financial evaluation of the merits and risks of an investment in the Notes or Alternative Investments and to assess the suitability of such Notes or Alternative Investments in light of their own circumstances and financial condition.

Each prospective purchaser of Notes or Alternative Investments must determine, based on its own independent review and such professional advice (including, without limitation, tax, accounting, credit, legal and regulatory advice) as it deems appropriate under the circumstances, that its acquisition and holding of the Notes or Alternative Investments (i) is fully consistent with its (or if it is acquiring the Notes or Alternative Investments in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes or Alternative Investments as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or if it is acquiring the Notes or Alternative Investments in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Notes or Alternative Investments.

Centre of Main Interests - Article 3(1) of Regulation (EU) 2015/848 of the European Parliament and of the Council of 20 May 2015 on Insolvency Proceedings (recast) (the “**EU Insolvency Regulation**”) is in force in Ireland since 26 June 2017 and applies to “insolvency proceedings” opened after 26 June 2017. Article 3(1) of the EU Insolvency Regulation provides that the centre of main interests (“COMI”) shall be “the place where the debtor conducts the administration of its interests on a regular basis and which is ascertainable by third parties” and in the case of a company, such as the Issuer, the place of the registered office shall be presumed to be the COMI in the absence of proof to the contrary and provided that the registered office has not been moved from another Member State within the three month period prior to the request for the opening of “insolvency proceedings”.

In the decision by the Court of Justice of the European Union (“**CJEU**”) in relation to Eurofood IFSC Limited, the CJEU restated the presumption in Council Regulation (EC) No. 1346/2000 of 29 May 2000 on Insolvency Proceedings, that the place of a company's registered office is presumed to be the company's COMI and stated that the presumption can only be rebutted if “*factors which are both objective and ascertainable by third parties enable it to be established that an actual situation exists which is*

different from that which locating it at the registered office is deemed to reflect'. This is consistent with Recital 30 to the EU Insolvency Regulation.

Recital 28 to the EU Insolvency Regulation further indicates that in assessing whether a company's centre of main interests is ascertainable to third parties for these purposes, *"special consideration should be given to the creditors and to their perception as to where a debtor conducts the administration of its interests"*. As the Issuer has its registered office in Ireland, has not moved its registered office from another Member State to Ireland within the three month period prior to a request for the opening of *"insolvency proceedings"*, has an Irish corporate services provider, has Irish directors and is registered for tax in Ireland, the Issuer does not believe that factors exist that would rebut this presumption, although this would ultimately be a matter for the relevant court to decide, based on the circumstances existing at the time when it was asked to make that decision. If the Issuer's COMI is not located in Ireland, and is held to be in a different jurisdiction within the European Union, main insolvency proceedings may not be opened in Ireland.

Accordingly, pursuant to Article 3 of the EU Insolvency Regulation and as the Issuer is an Irish incorporated company and has its registered office in Ireland there is a rebuttable presumption that the Issuer's COMI is in Ireland and consequently that any main insolvency proceedings applicable to it would be governed by Irish law.

Investor suitability for complex products - Prospective purchasers of Notes or Alternative Investments should conduct such independent investigation and analysis regarding the Issuer, the security arrangements and the Notes or Alternative Investments as they deem appropriate to evaluate the merits and risks of an investment in the Notes or Alternative Investments. Prospective purchasers of Notes or Alternative Investments should have sufficient knowledge and experience in financial and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate the information contained in this Programme Memorandum and the applicable Series Memorandum and the merits and risks of investing in the Notes or Alternative Investments in the context of their financial position and circumstances.

Sufficient financial resources - Each prospective investor in the Notes or Alternative Investments should have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes or Alternative Investments. This includes the risk of where principal and interest may reduce as a result of the occurrence of different events whether related to the creditworthiness of any entity or otherwise or changes in particular rates, values, prices or indices, or where the currency for principal or interest payments is different from the prospective investor's currency.

A prospective investor may not rely on the Issuer, the Arranger, the Dealer(s) or the Trustee or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or Alternative Investments or as to the other matters referred to above.

No Fiduciary Role - None of the Issuer, any of the Programme Parties or any of their respective affiliates is acting as an investment adviser, and none of them (other than the Trustee) assumes any fiduciary obligation, to any purchaser of Notes or Alternative Investments.

None of the Issuer or any of the Programme Parties assumes any responsibility for conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any issuer or obligor of any

Charged Assets or the terms thereof or of any Swap Counterparty or the terms of the relevant Charged Agreement.

Investors may not rely on the views or advice of the Issuer, or any of the Programme Parties for any information in relation to any person other than such Issuer or Programme Party, respectively.

No Reliance - A prospective purchaser may not rely on the Issuer, any of the Programme Parties or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or Alternative Investments or as to the other matters referred to above.

No Representations - None of the Issuer or any of the Programme Parties makes any representation or warranty, express or implied, in respect of any Charged Assets or any issuer or obligor of any Charged Assets or of any Swap Counterparty or in respect of the relevant Charged Agreement or in respect of any information contained in any documents prepared, provided or filed by or on behalf of any such issuer or obligor or in respect of such Charged Assets or of any Swap Counterparty or in respect of the relevant Charged Agreement with any exchange, governmental, supervisory or self-regulatory authority or any other person.

Alternative Investment Fund Managers Directive - The EU Directive 2011/61/EU on Alternative Investment Fund Managers (“**AIFMD**”), which became effective on 22 July 2013. This provides, amongst other things, that all alternative investment funds (each, an “**AIF**”) must have a designated alternative investment fund manager (“**AIFM**”) with responsibility for portfolio and risk management. The application of the AIFMD to special purpose entities such as the Issuer is unclear. The Issuer does not operate in the same manner as a typical alternative investment fund. The Issuer has been established solely for the purpose of issuing securities, bonds, notes, debt or entering into loans agreement or other similar agreements and entering into agreements in relation thereto and performing acts incidental thereto or necessary in connection therewith. However, the definition of AIF and AIFM in the AIFMD is broad and there is only limited guidance as to how such definition should be applied in the context of a special purpose entity such as the Issuer.

Were the Issuer to be found to be an AIF or an AIFM, or were Banco de Sabadell, S.A. acting in any capacity in respect of the Notes and/or the Trustee to be found to be acting as an AIFM with respect to the AIF, the AIFM would be subject to the AIFMD. Owing to the special purpose nature of the Issuer, it would be unlikely that the AIFM could comply fully with the requirements of the AIFMD.

In connection with the foregoing, it should be noted that the Central Bank has advised that, as a transitional arrangement, entities which are either (i) registered “financial vehicle corporations” within the meaning of Article 1(2) of the FVC Regulation (Regulation (EC) no 24/2009 of the European Central Bank), or (ii) financial vehicles engaged solely in activities where economic participation is by way of debt or other corresponding instruments which do not provide ownership rights in the financial vehicle as are provided by the sale of units or shares, do not need to seek authorisation as, or appoint, an Alternative Investment Fund Manager (as defined in the AIFMD). Although Regulation (EC) No. 24/2009 was replaced and repealed by Regulation (EC) No. 1075/2013 of the European Central Bank (the “**FVC Regulation**”) on 1 January 2015, the FVC Regulation provides that references to the repealed Regulation shall be construed as references to the FVC Regulation and as the Central Bank has not indicated to the contrary, the Central Bank guidance provided in the AIFMD Q&A should be applied to the FVC Regulation. Accordingly, based on the

guidance issued by the Central Bank, the Issuer should fall outside the scope of the AIFMD and the Commission Delegated Regulation (EU) No 231/2013 as transposed into Irish law on the basis that the Issuer has registered as a “financial vehicle corporation” under the FVC Regulation and, consequently the Issuer or any agent of the Issuer should not be regarded as an Alternative Investment Fund Manager as a result of, or arising out of, its connection with the Issuer or the Notes and each of the Issuer and the agents of the Issuer, taking into account their own interests and purposes, have taken the view that they are not intended to be subject to the AIFMD as implemented in any applicable jurisdiction.

If the Issuer was found to be an AIF, the Issuer would be likely to (at its discretion) exercise its early redemption right as a result of a Regulatory Event.

No assurance can be given as to how the European Securities and Markets Authority or national regulators might, in the future, interpret the AIFMD or whether any such interpretation might find the Issuer to be an AIF or an AIFM, or find Banco de Sabadell, S.A. acting in any capacity in respect of the Notes and/or the Trustee to be acting as an AIFM with respect to the Issuer.

The Foreign Account Tax Compliance Act - Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended, and US Treasury regulations promulgated thereunder (together “**FATCA**”) imposes a reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a “**foreign financial institution**”, or “**FFI**” (as defined by FATCA)) that does not become a “Participating FFI” by entering into an agreement with the U.S. Internal Revenue Service (“**IRS**”) to provide the IRS with certain information in respect of its account holders or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any account holder (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether such account holder is a U.S. person or should otherwise be treated as holding a “United States account” (as defined under FATCA) of the Issuer (a “**Recalcitrant Holder**”).

FATCA implementation is being phased in for payments from sources within the United States and is currently proposed to apply to “foreign passthru payments” (a term not yet defined) made by an FFI to a non-participating FFI or Recalcitrant Holder no earlier than a date that is two years after the publication in the Federal Register of Final Regulations defining the term “foreign passthru payment”. This withholding on foreign passthru payments would potentially apply to payments in respect of (i) any Notes issued or materially modified on or after the “grandfathering date”, which is the date that is six months after the date on which final U.S. Treasury regulations defining the term “foreign passthru payment” are filed with the Federal Register; and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued on or before the grandfathering date, and additional Notes of the same series are issued after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into or announced their intention to enter into intergovernmental agreements to facilitate the implementation of FATCA (each, an “**IGA**”). In some cases such IGAs have been signed; in other cases, negotiations are still ongoing. Pursuant to FATCA and the “Model 1” and “Model 2” IGAs released by the United States, most FFIs in an IGA signatory country should be treated as a “Reporting Financial Institution” or “Reporting FI” (as defined by the IGA) that would generally not be subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction

generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA or agreement with the IRS relating to FATCA) (any such withholding being a **"FATCA Withholding"**) from payments it makes (unless, in certain circumstances, it has agreed to do so under the U.S. "qualified intermediary," "withholding foreign partnership," or "withholding foreign trust" regimes or, in certain limited circumstances, where the payments are made to a Recalcitrant Holder). The Model 2 IGA requires Reporting FIs to apply FATCA Withholding to U.S. source payments in certain circumstances and leaves open the possibility that a Reporting FI might in the future be required to make FATCA Withholdings on foreign passthru payments. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders to its home government or to the IRS unless it is treated as exempt from having "financial accounts" for FATCA purposes. The United States and Ireland have entered into an agreement (the **"US-Ireland IGA"**) based largely on the Model 1 IGA. The Issuer has registered with the IRS as a "reporting Model 1 IGA FFI" with registration number V59Z6K.99999.SL.372.

The Issuer is currently not required under the US-Ireland IGA and implementing regulations to make any FATCA Withholdings from the payments it makes. There can be no assurance, however, that the Issuer would not in the future be required to deduct FATCA Withholding from future payments. Accordingly, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

If a FATCA Withholding were to be made from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay any additional amounts as a result of the FATCA Withholding. As a result, investors may receive less interest or principal than expected.

In the case of Notes which are in global form and held within a clearing system, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer or any paying agent and the common depositary for such clearing system, given that each of the entities in the payment chain between the Issuer and the participants in the clearing system is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. Notes may be issued in definitive form and therefore not held, or may be exchanged for Notes in definitive form and therefore may cease to be held, through a clearing system. If this were to happen then, depending on the circumstances, payments to a non-FATCA compliant holder could be subject to FATCA Withholding.

However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA Withholding. It may also affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA Withholding. Investors should choose the custodians or intermediaries with care (to ensure that each is compliant with FATCA or other laws or agreements related to FATCA, including any legislation implementing IGAs relating to FATCA, if applicable), and provide each custodian or intermediary with any information, forms and/or other documentation or consents that

may be necessary for such custodian or intermediary to make a payment free of FATCA Withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Notes are discharged once it has paid the common depositary for the clearing system (as legal owner of the Notes) and the Issuer has therefore no responsibility for any amount thereafter transmitted through the clearing systems and custodians or intermediaries.

THE FATCA PROVISIONS ARE PARTICULARLY COMPLEX. THE ABOVE DESCRIPTION IS BASED IN PART ON REGULATIONS, OFFICIAL GUIDANCE AND MODEL IGAS, AND THE IGA BETWEEN IRELAND AND THE UNITED STATES, ALL OF WHICH ARE SUBJECT TO CHANGE OR MAY BE IMPLEMENTED IN A MATERIALLY DIFFERENT FORM. NOTHING IN THIS SECTION CONSTITUTES OR PURPORTS TO CONSTITUTE TAX ADVICE AND NOTEHOLDERS ARE NOT ENTITLED TO RELY ON ANY PROVISION SET OUT IN THIS SECTION FOR THE PURPOSES OF MAKING ANY INVESTMENT DECISION, TAX DECISION OR OTHERWISE. EACH INVESTOR SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF THE FATCA PROVISIONS AND TO LEARN HOW THIS LEGISLATION MIGHT AFFECT IT IN ITS PARTICULAR CIRCUMSTANCES.

Investors must rely solely on the relevant Collateral for payment under the Notes and there is no guarantee that amounts received by the Issuer from the Collateral will be sufficient to pay all amounts when due if at all.

None of the Issuer or any of the Programme Parties makes any representation or warranty in respect of the Collateral or in respect of any Swap Counterparty.

The risk factors identified in this Programme Memorandum are provided to assist prospective purchasers of the Notes or Alternative Investments in assessing certain relevant risks related to their investment and to assist prospective purchasers in making their own informed investment decision in respect of the Notes or Alternative Investments. The Arranger, the Dealer(s) and the Trustee disclaim any responsibility to advise purchasers of Notes or Alternative Investments of the risks and investment considerations associated therewith as they may exist at the date hereof or as they may from time to time alter. Prospective purchasers of the Notes or Alternative Investments should read carefully the information provided in the risk factors before investing in the Notes or Alternative Investments.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency, subject as set out herein, and raise finance by Alternative Investments. An overview of the terms and conditions of the Programme, the Notes and Alternative Investments appears below. The applicable terms of any Notes will be agreed between the Issuer and the Arranger prior to the issue of the Notes and will be set out in the Terms and Conditions of the Notes endorsed on, attached to, or incorporated by reference into, the Notes, as modified and amended by the applicable Series Memorandum, attached to, or endorsed on, such Notes, as more fully described under “*Summary of Provisions Relating to the Notes Whilst in Global Form*”.

The Programme Memorandum and any supplement will only be valid for listing Notes on Euronext Dublin during the period of 12 months from the date of this Programme Memorandum in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed the Programme Limit.

RISK FACTORS

INVESTING IN NOTES OR ALTERNATIVE INVESTMENTS INVOLVES CERTAIN RISKS. THE ISSUER BELIEVES THAT THE FACTORS DESCRIBED BELOW REPRESENT THE MATERIAL RISKS INHERENT IN INVESTING IN THE NOTES ISSUED UNDER THE PROGRAMME. INVESTORS SHOULD CONSIDER THESE RISKS BEFORE INVESTING IN NOTES. ADDITIONAL RISK FACTORS MAY BECOME KNOWN AFTER THE PUBLICATION OF THIS PROGRAMME MEMORANDUM AND, IN THE CASE OF A SERIES OF ALTERNATIVE INVESTMENTS, A NON-EXHAUSTIVE LIST OF RISKS MAY BE SPECIFIED FOR INVESTORS TO CONSIDER BEFORE ENTERING INTO THE RELEVANT ALTERNATIVE INVESTMENT.

EACH PROSPECTIVE INVESTOR SHOULD ENSURE THAT, IN THE LIGHT OF ITS OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES, IT FULLY UNDERSTANDS THE NATURE OF ITS INVESTMENT AND THE NATURE AND EXTENT OF ITS EXPOSURE TO THE RISK OF LOSS OF ALL OR A SUBSTANTIAL PART OF ITS INVESTMENT AND INVESTORS SHOULD CONSIDER ALL THE DETAILED INFORMATION SET OUT ELSEWHERE IN THIS DOCUMENT (INCLUDING ANY DOCUMENTS INCORPORATED BY REFERENCE HEREIN). ATTENTION IS DRAWN IN PARTICULAR, TO THE ITALICISED PARAGRAPHS SET OUT IN THE SECTIONS ENTITLED “TERMS AND CONDITIONS OF THE NOTES - SECURITY” AND “TERMS AND CONDITIONS OF THE NOTES - ENFORCEMENT AND LIMITED RECOURSE”.

NOTES ISSUED AND ALTERNATIVE INVESTMENTS ENTERED INTO UNDER THE PROGRAMME MAY BE ILLIQUID, THE PURCHASE OF OR ENTRY INTO OF WHICH INVOLVES MATERIAL RISKS. NEITHER THE ISSUER NOR THE ARRANGER WILL UNDERTAKE TO MAKE A MARKET IN THE NOTES OF ANY SERIES OR (IF APPLICABLE) ANY ALTERNATIVE INVESTMENTS.

1. **Risk Factors Relating to the Notes**

1.1 **Payments under the Notes are Limited Recourse**

All payments to be made by the Issuer in respect of the Notes or Alternative Investments of each Series and any Charged Agreement relating to such Series will be due and payable solely from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Collateral in respect of such Series.

The Collateral in respect of a Series will consist of the Charged Assets and/or the Charged Agreement(s) specified in the Series Memorandum, as the case may be, for such Series, together with the rights and entitlements described in Condition 4. If the net proceeds of the enforcement of the Collateral for a Series are less than the amount which the holders of the Notes and any Swap Counterparty expected to receive (the difference being referred to herein as a “**shortfall**”), such shortfall will be borne, in the inverse of the order of priorities specified in Condition 4(d) and the related Constituting Instrument and/or Additional Charging Instrument, if applicable. For example, if obligations to make payments to the Issuer were to fall last in the order of priority in Condition 4(d), any shortfall would be borne first by the Issuer.

1.2 **Limited Recourse Obligations**

The holders of the Notes (and any Swap Counterparty) shall look solely to the sums referred to in the preceding risk factor, as applied in accordance with the relevant order of priorities (the “**Relevant Sums**”), for payments to be made by the Issuer in respect of such Notes and any Charged Agreement relating to such Series.

Accordingly, the obligations of the Issuer to make payments in respect of such Notes and any such Charged Agreement will be limited to the Relevant Sums and the holders of such Notes and any such Swap Counterparty shall have no further recourse to the Issuer (or any of its rights, assets or properties), the Dealer, the Swap Counterparty or any other Programme Party or person and, without limiting the generality of the foregoing, any right of the holders of such Notes and any such Swap Counterparty to claim payment of any amount exceeding the Relevant Sums shall be automatically extinguished.

1.3 **Non-petition**

The holders of such Notes and any such Swap Counterparty may not, at any time, institute, or join with any other person in bringing, instituting or joining, insolvency, administration, bankruptcy, winding-up or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer or any of its officers, shareholders, members, incorporators, corporate service providers or directors or any of its assets. Accordingly, the investor should bear the risk of not having any petition rights against the Issuer of their investment and as a consequence may not recover less amount from their investment as if the investor had the petition rights against the Issuer.

1.4 **Credit ratings may not reflect all risks**

Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, the applicable rating(s) will be specified in the applicable Series

Memorandum. Such rating(s) will not necessarily be the same as the ratings assigned (if any) to any of the Issuer, the Programme described in this Programme Memorandum or to Notes already issued.

The rating(s) assigned to any Notes may not reflect the potential impact of all risks related to the structure of the issue, market, additional factors discussed herein, and other factors that may affect the value of the Notes. Accordingly, a credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Therefore, the assignment of a rating to the Notes should not be treated by a prospective investor as meaning that such investor does not need to make its own investigations into, and determinations of, the risks and merits of an investment in the Notes. Prospective investors who place too much reliance on ratings, or who do not understand what the rating addresses, may make an investment which is of a different type to what was originally intended as a result.

There are no guarantees that any rating assigned to an issue of Notes will be assigned or maintained. Any credit rating agency may lower its rating or withdraw its rating if, in the sole judgement of the credit rating agency, the credit quality of the Notes has declined or is in question. In addition, at any time a credit rating agency may revise its relevant rating methodology with the result that, among other things, any rating assigned to the Notes may be lowered. If any of the rating(s) assigned to the Notes is lowered or withdrawn, the market value of the Notes may be reduced.

1.5 Risks associated with Notes paying a fixed rate of interest

In respect of any Notes for which the coupon is fixed (including Fixed Rate Notes), subsequent changes in market interest rates may adversely affect the value of the Notes. A decrease in market interest rates will have a positive impact on the value of the Notes, as the rate of interest payable on the Notes will remain unchanged. Conversely, an increase in market interest rates will have an adverse impact on the value of the Notes.

1.6 Risks associated with Notes paying a floating rate of interest

The interest rate payable pursuant to the Notes will vary in accordance with the level of the benchmark; during the term of the Notes, the benchmark may be lower than it was as at the Issue Date; and the benchmark may be negative, which means that the interest rate payable may be less than the margin stated to be payable pursuant to the Notes and could be zero.

1.7 Negative interest rates may apply in certain circumstances to cash funds held in relation to the Notes

Negative interest rates may apply from time to time in certain circumstances to any cash funds held in respect of the Notes (including any cash funds held by the Trustee). To the extent such negative interest rates apply, such negative interest may be deducted from the cash funds held in respect of the Notes. This may result in the Noteholders suffering a loss if any Counterparty fails to pay amounts due from it under the relevant agreement. Noteholders should therefore note that unless additional amounts are transferred to the Issuer to

account for any deductions of negative interest, Noteholders may receive less than they otherwise would have if such negative interest rate did not apply.

1.8 Legal Opinions

Whilst legal opinions relating to the issue of a Series of Notes may be obtained by the Arranger, the relevant Dealer and/or the Trustee with respect to English law and Irish law, it is not intended that opinions be obtained with respect to any other applicable laws, including the laws of the country of incorporation of the obligor(s) under the Charged Assets or any Swap Counterparty and which, depending on the circumstances, may affect inter alia, the effectiveness and ranking of the security for the Notes, or with respect to the validity, enforceability or binding nature of the relevant Charged Assets or any Charged Agreement.

1.9 Stub amounts

In relation to any Series of Notes which have an Authorised Denomination consisting of the minimum specified denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum specified denomination may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to the minimum specified denomination.

2. Risk Factors Relating to Charged Assets

2.1 Charged Assets are subject to credit, liquidity and interest rate risks

Where in respect of a Series of Notes there are Charged Assets, such Charged Assets will be subject to credit, liquidity and interest rate risks. Such Charged Assets may be rated below investment grade and, in such case, will have greater credit and liquidity risk than investment grade assets. Whether or not such Charged Assets are investment grade, if a default or other mandatory redemption event specified in Condition 7(b) occurs with respect to any Charged Assets securing the Notes of any Series and the Trustee or Realisation Agent (as defined herein) sells or otherwise disposes of such Charged Assets, it is not likely that the proceeds of such sale or disposition will be equal to the unpaid principal and interest thereon. Even in the absence of a default with respect to any of the Charged Assets securing any Series of Notes, due to potential market volatility, the market value of such Charged Assets at any time will vary, and may vary substantially, from the price at which such Charged Assets were initially purchased and from the principal amount of such Charged Assets. Accordingly, no assurance can be given as to the amount of proceeds of any sale or disposition, or the amount received or recovered upon maturity, of such Charged Assets securing any Series of Notes, or that the proceeds of any such sale or disposition would be sufficient to repay principal of and interest on the Notes of the related Series and amounts payable prior thereto. In the event of an insolvency of an issuer or obligor in respect of the Charged Assets, various insolvency and related laws applicable to such issuer or obligor may limit the amount the Trustee may recover and determine or affect when such recovery may be made.

In addition to the risks described above, if the Charged Assets are in the form of interests in loans rather than bonds, the Charged Assets will be subject to additional liquidity and, in some cases, credit risks. Loans are not generally traded on organised exchange markets but are traded by banks and other institutional investors engaged in loans syndications. Consequently, the liquidity of any loans included in the Charged Assets securing a given Series of Notes will depend on the liquidity of these trading markets, and there can be no assurance that there will be any market for any loan securing a Series of Notes if the Issuer or the Trustee is required to sell or otherwise dispose of such loan. In addition, if so specified in the applicable Series Memorandum, the Charged Assets for a given Series of unlisted Notes may include participation interests in loans. Holders of loan participations are subject to additional risks not applicable to a holder of a direct interest in a loan. A holder of a participation interest may be subject to the credit risk of the participating institution, which will remain the legal owner of record of the applicable loan. Participants also do not generally benefit from the collateral (if any) supporting the loans in which they have an interest because loans participations generally do not provide a purchaser with direct rights to enforce compliance by the obligor with the terms of the loan agreement, nor do they provide any rights of set-off against the obligor.

Since the Charged Assets may be constituted by debt instruments issued by certain credit institutions, the attention of investors is drawn to the paragraph headed “*The Bank Recovery and Resolution Directive*” below.

The price and value of the Charged Assets, and/or the ability of each issuer or obligor of the Charged Assets to perform its obligations under the Charged Assets may be adversely affected by, amongst other things, the challenges in containing the COVID 19 pandemic, the consequences of such pandemic or a more severe global spread of the COVID 19 pandemic that could considerably slow economic momentum.

2.2 Charged Agreements may provide for the amount of Charged Assets held by the Issuer to be reduced

Pursuant to the terms of any Charged Agreement, the amount of Charged Assets held by the Issuer from time to time may be less than the amount held by it on the Issue Date, and potentially the Issuer may not hold any Charged Assets. This is because the Issuer may be required to transfer Charged Assets to the Swap Counterparty under the relevant Charged Agreement, to collateralise any exposure of the Swap Counterparty to the Issuer and/or otherwise in accordance with the relevant Charged Agreement in exchange for the Swap Counterparty making other payments or deliveries to the Issuer.

The Charged Agreement may also provide for the Swap Counterparty to deliver assets to the Issuer which may be different to the Charged Assets, to collateralise any exposure of the Issuer under the relevant Charged Agreement or to otherwise comply with the terms of the agreement. The types of assets that may comprise Charged Assets held by the Issuer pursuant to the Charged Agreement may be less liquid and more volatile than the Charged Assets.

Accordingly, the value of Charged Assets held by the Issuer at any time after the Issue Date may be considerably lower than the value of Charged Assets on the Issue Date.

2.3 If the Charged Assets are liquidated, the amount of the liquidation proceeds that will be received is uncertain

If the Notes are redeemed other than in accordance with their terms on the Maturity Date, the Charged Assets relating to such Notes will be sold or otherwise liquidated. No assurance can be given as to the amount of proceeds of any sale or liquidation of such Charged Assets at that time and the price achieved may depend on a variety of factors.

The price at which such Charged Assets is sold or otherwise liquidated may be significantly less than the value of the Charged Assets on the Issue Date and therefore the investor bears a risk of loss of part or its entire investment.

2.4 No claim against any Collateral Obligor

The Notes will not represent a claim against the issuer or obligor of the Charged Assets and, in the event of any loss, a Noteholder will not have recourse under the Notes to the Charged Assets obligor. Consequently, there is a risk that such loss will be borne by the investor.

2.5 Entry into Charged Agreement in circumstances where there are no Charged Assets

If, in respect of a Series of Notes, the Issuer enters into a Charged Agreement and there are no Charged Assets specified in the applicable Constituting Instrument, then, absent any other form of credit support arrangement between the Issuer and the relevant Swap Counterparty, such as a credit support annex, the Issuer will have uncollateralised exposure to and will rely solely on the creditworthiness of the Swap Counterparty. Where this is the case, the Noteholders' exposure to the credit risk of the Swap Counterparty will be increased and, if the Swap Counterparty is unable to perform its obligations under the Charged Agreement, investors may lose some or all of the money invested in the Notes.

3. Risk Factors Relating to the Issuer

3.1 The Issuer is a special purpose vehicle

The Issuer is incorporated in Ireland and its only business is the issuance of Notes and raising finance by Alternative Investments including, without limitation, by way of loan, purchasing assets or entry into other derivative transactions and other transactions.

The Issuer has, and will have, no assets other than its issued and paid-up share capital, such fees (as agreed) payable to it in connection with the issue of Notes or Alternative Investments or entry into of other obligations from time to time and any Collateral on which Notes or Alternative Investments or other obligations of a Series are secured. The attention of investors is drawn to the paragraph headed "*Payments under the Notes are Limited Recourse*" above.

3.2 The Issuer is structured to be insolvency-remote, but it is not insolvency-proof

The Issuer is structured to be insolvency-remote and will contract with parties who agree not to make any application for the commencement of winding-up or

bankruptcy, appointment of an examiner or similar proceedings under the applicable laws of any jurisdiction against the Issuer. The Issuer is permitted (as provided for in the Trust Deed) to contract only with parties who agree not to make any application for the commencement of winding-up or bankruptcy, appointment of an examiner or similar proceedings under the applicable laws of any jurisdiction against the Issuer.

However, there is no assurance that all claims that arise against the Issuer will be on a non-petition basis or that such contractual provisions will necessarily be respected in all jurisdictions, in particular where claims arise from third parties that have no direct contractual relationship with the Issuer or if the Issuer fails for any reason to comply with its contractual obligations (including the obligation only to contract on a "non-petition" basis).

A creditor (including a contingent or prospective creditor) that has not accepted non-petition provisions in respect of the Issuer may be entitled to make an application for the commencement of insolvency proceedings against the Issuer. The commencement of such proceedings may entitle such a creditor to terminate contracts with the Issuer and claim damages for any loss suffered as a result of such early termination. If the Notes remain outstanding at the time that any insolvency proceedings are commenced, this may also lead to an early redemption of the Notes and related enforcement actions.

3.3 The Issuer has appointed a third-party corporate service provider

The Issuer has appointed the Corporate Services Provider (as defined in section headed "*Description of the Issuer*") to provide certain ongoing functions in accordance with the terms of the Corporate Services Agreement (as defined in section headed "*Description of the Issuer*"). The Corporate Services Provider is an independent, third party entity which has agreed to provide certain administrative, accounting and related services to entities of the same type as the Issuer.

The operations of the Issuer may be adversely affected by the termination of the appointment of the Corporate Services Provider. The Issuer may also be adversely affected by the insolvency or bankruptcy of the corporate services provider or any default, negligence or fraud on the part of the corporate services provider or any of its employees or agents.

3.4 Preferred Creditors under Irish Law and Floating Charges

Under Irish law, upon an insolvency of an Irish company such as the Issuer, when applying the proceeds of assets subject to fixed security which may have been realised in the course of a liquidation or receivership, the claims of a limited category of preferential creditors will take priority over the claims of creditors holding the relevant fixed security. These preferred claims include the remuneration, costs and expenses properly incurred by any examiner of the company (which may include any borrowings made by an examiner to fund the company's requirements for the duration of his appointment) which have been approved by the Irish courts. (See "**Examinership**" below).

The holder of a fixed security over the book debts of an Irish tax resident company (which would include the Issuer) may be required by the Irish Revenue Commissioners, by notice in writing from the Irish Revenue

Commissioners, to pay to them sums equivalent to those which the holder received in payment of debts due to it by the company.

Where the holder of the security has given notice to the Irish Revenue Commissioners of the creation of the security within 21 days of its creation or, where the fixed charge has been transferred, on or before 31 January 2020 or within 21 days of the date of transfer of the fixed charge (whichever is the later), the holder's liability is limited to the amount of certain outstanding Irish tax liabilities of the company (including liabilities in respect of value added tax) arising after the issuance of the Irish Revenue Commissioners' notice to the holder of such fixed security.

The Irish Revenue Commissioners may also attach any debt due to an Irish tax resident company by another person in order to discharge any liabilities of the company in respect of outstanding tax whether the liabilities are due on its own account or as an agent or trustee. The scope of this right of the Irish Revenue Commissioners has not yet been considered by the Irish courts and it may override the rights of holders of security (whether fixed or floating) over the debt in question.

In relation to the disposal of assets of any Irish tax resident company which are subject to security, a person entitled to the benefit of the security may be liable for tax in relation to any capital gains made by the company on a disposal of those assets on exercise of the security.

The essence of a fixed charge is that the person creating the charge does not have liberty to deal with the assets which are the subject matter of the security in the sense of disposing of such assets or expending or appropriating the moneys or claims constituting such assets and accordingly, if and to the extent that such liberty is given to the Issuer any charge constituted by the Trust Deed may operate as a floating, rather than a fixed charge.

In particular, the Irish courts have held that in order to create a fixed charge on receivables it is necessary to oblige the chargor to pay the proceeds of collection of the receivables into a designated bank account and to prohibit the chargor from withdrawing or otherwise dealing with the monies standing to the credit of such account without the consent of the chargee.

Depending upon the level of control actually exercised by the chargor, there is therefore a possibility that the fixed security over the Issuer's account would be regarded by the Irish courts as a floating charge.

Floating charges have certain weaknesses, including the following:

- (a) they have weak priority against purchasers (who are not on notice of any negative pledge contained in the floating charge) and the chargees of the assets concerned and against lien holders, execution creditors and creditors with rights of set-off;
- (b) as discussed above, they rank after certain preferential creditors, such as claims of employees and certain taxes on winding-up, even if crystallised prior to the commencement of winding-up;
- (c) they rank after certain insolvency remuneration expenses and liabilities;

- (d) the examiner of a company has certain rights to deal with the property covered by the floating charge; and
- (e) they rank after fixed charges.

3.5 Examinership

Examinership is a court procedure available under the Irish Companies Act 2014 (as amended) (the “**2014 Act**”) to facilitate the survival of Irish companies in financial difficulties.

The Issuer, the directors of the Issuer, a contingent, prospective or actual creditor of the Issuer, or shareholders of the Issuer holding, at the date of presentation of the petition, not less than one-tenth of the voting share capital of the Issuer are each entitled to petition the court for the appointment of an examiner. The examiner, once appointed, has the power to set aside contracts and arrangements entered into by the company after this appointment and, in certain circumstances, can avoid a negative pledge given by the company prior to this appointment. Furthermore, the examiner may sell assets which are the subject of a fixed charge. However, if such power is exercised the examiner must account to the holders of the fixed charge for the amount realised and discharge the amount due to the holders of the fixed charge out of the proceeds of the sale.

During the period of protection, the examiner will formulate proposals for a compromise or scheme of arrangement to assist the survival of the company or the whole or any part of its undertaking as a going concern. A scheme of arrangement may be approved by the Irish High Court when at least one class of creditors has voted in favour of the proposals and the Irish High Court is satisfied that such proposals are fair and equitable in relation to any class of members or creditors who have not accepted the proposals and whose interests would be impaired by implementation of the scheme of arrangement.

In considering proposals by the examiner, it is likely that secured and unsecured creditors would form separate classes of creditors. In the case of the Issuer, if the Trustee represented the majority in number and value of claims within the secured creditor class (which would be likely given the restrictions agreed to by the Issuer in the Conditions), the Trustee would be in a position to reject any proposal not in favour of the Noteholders. The Trustee would also be entitled to argue at the Irish High Court hearing at which the proposed scheme of arrangement is considered that the proposals are unfair and inequitable in relation to the Noteholders, especially if such proposals included a writing down to the value of amounts due by the Issuer to the Noteholders. The primary risks to the holders of Notes if an examiner were appointed to the Issuer are as follows:

- (a) the potential for a compromise or scheme of arrangement being approved involving the writing down or rescheduling of the debt due by the Issuer to the Noteholders as secured by the Trust Deed;
- (b) the potential for the examiner to seek to set aside any negative pledge in the Notes prohibiting the creation of security or the incurring of borrowings by the Issuer to enable the examiner to borrow to fund the Issuer during the protection period; and

- (c) in the event that a scheme of arrangement is not approved and the Issuer subsequently goes into liquidation, the examiner's remuneration and expenses (including certain borrowings incurred by the examiner on behalf of the Issuer and approved by the Irish High Court) will take priority over the monies and liabilities which from time to time are or may become due, owing or payable by the Issuer to each of the Secured Creditors under the Notes or Alternative Investments.

3.6 No Regulation of the Issuer by any Irish Regulatory Authority

The Issuer is not required to be licensed or authorised under any current securities, commodities, insurance or banking laws of Ireland. In particular, the Issuer is not and will not be licensed or authorised by the Central Bank as a result of issuing the Notes or Alternative Investments. The Notes or Alternative Investments do not have the status of a bank deposit and are not within the scope of the deposit protection scheme operated by the Central Bank. Potential investors in notes where the issuer is not regulated bear more inherent risks, as regulated entities will be required to meet certain criteria in order to become regulated and / or to maintain their regulated status regulated. Therefore, potential investors should take independent advice and make an independent assessment about these risks in the context of any potential investment decision with respect to the Notes or Alternative Investments.

3.7 Not an Offer to the Public

The Issuer is a designated activity company limited by shares incorporated under the laws of Ireland and, accordingly, its constitution prohibits the making of any invitation to the public to subscribe for, or any offer to the public of, any Notes or Alternative Investments in the Issuer. Neither this Programme Memorandum nor any other document constitutes an offer to purchase, or an invitation to the public by or on behalf of the Issuer to subscribe for, any Notes. Neither this Programme Memorandum nor any other document constitutes a prospectus for the purposes of the Prospectus Regulation.

3.8 No participation by the Noteholders in the management or control of the Issuer

The Noteholder's interest in the Issuer is limited solely to their interest in the Notes. The Noteholders will have no right or power to participate in the management or control of the business of the Issuer. The Noteholders will have no right or power to control the day-to-day operation of the Issuer.

3.9 The Issuer has no employees and is reliant on the performance of third party service providers

The Issuer has no employees. Whilst the Issuer has taken steps to establish adequate procedures, systems and controls to enable it to comply with its obligations, the Issuer is reliant upon the performance of third party service providers for its executive function. In particular, Vistra Alternative Investments (Ireland) Limited (in its capacity as the corporate services provider to the Issuer) and the Issuer's Agents will be performing services which are integral to the operation of the Issuer. Failure by any service provider to carry out its obligations to the Issuer in accordance with the terms of its appointment could have a materially detrimental impact on the operation of the Issuer.

3.10 Irish Taxation Position of the Issuer

The Issuer has been advised that it should fall within the Irish regime for the taxation of qualifying companies as set out in Section 110 of the Taxes Consolidation Act 1997 (as amended) of Ireland ("**Section 110**"), and as such should be taxed only on the amount of its retained profit after deducting all amounts of interest and other revenue expenses due to be paid by the Issuer. If, for any reason, the Issuer is not or ceases to be entitled to the benefits of Section 110, or Section 110 is amended in any respect, then profits or losses could arise in the Issuer which could have tax effects not contemplated in the cashflows for the transaction and as such adversely affect the tax treatment of the Issuer and consequently the payments on the Notes or Alternative Investments.

Under the Finance Act 2019, the Irish Government introduced some measures which may qualify the extent to which interest payable in respect of results-dependent securities may be deducted for Irish tax purposes. The measures provide that persons which both hold more than 20% of results-dependent securities or interest payable in respect of them and exercise 'significant influence' over an Irish securitisation company (such as the Issuer) may be treated as 'controlling' that company for Irish tax purposes. Results-dependent interest paid to persons who control the Issuer may only be deducted for Irish tax purposes to the extent such interest is paid to a person that is resident in Ireland or otherwise within the charge to Irish corporation tax or the interest is subject to tax in a Member State of the European Union (other than Ireland) or a jurisdiction with which Ireland has a double tax treaty. The term 'significant influence' is defined as meaning an ability to participate in the financial and operating decisions of an Irish securitisation company. The changes to the legislation came into force as of 1 January 2020. It is not clear who could be considered to exercise 'significant influence' over the Issuer and clarification of this is anticipated from the Revenue Commissioners of Ireland.

3.11 EU Anti-Tax Avoidance Directive

As part of its anti-tax avoidance package the European Commission published a draft Anti-Tax Avoidance Directive on 28 January 2016, which was formally adopted by the EC Council on 12 July 2016 in Council Directive (EU) 2016/1164 (the "**ATAD I**"). ATAD I was to be implemented by each Member State by 2019, subject to derogations for Member States which have equivalent measures in their domestic law. Ireland previously notified the Commission that it intended to derogate from the interest limitation rules meaning the provisions of ATAD I on interest deductibility. However, the European Commission sent a reasoned opinion to Ireland in November 2019 requesting that it transpose the interest limitation rule into national law. As a result, it is anticipated that Ireland will introduce interest limitation rules before 2024, possibly with effect from 1 January 2022. In the absence of Irish implementing legislation, the possible implications in Ireland of the interest limitation rule in ATAD are unascertainable.

Amongst the measures contained ATAD I is an interest deductibility limitation rule similar to the recommendation contained in the Base Erosion and Profit Shifting ("**BEPS**") Action 4 proposals. The ATAD I provides that interest costs in excess of the higher of (a) EUR 3,000,000 or (b) 30 per cent of an entity's earnings before interest, tax, depreciation and amortisation will not be deductible in the year in which they are incurred but would remain available for carry forward. However, the restriction on interest deductibility would only be in

respect of the amount by which the borrowing costs exceed "interest revenues and other equivalent taxable revenues from financial assets".

Accordingly, as the Issuer will generally fund interest payments it makes under the Notes from interest payments to which it is entitled under the Collateral (that is such that the Issuer pays limited or no net interest), the restriction may be of limited relevance to the Issuer even if the ATAD I were implemented as originally published. There is also a carve-out in the ATAD I for financial undertakings, although as currently drafted the Issuer would not be treated as a financial undertaking. The European Commission is also pursuing other initiatives, such as the introduction of a common corporate tax base, the impact of which, if implemented, is uncertain.

On 21 February 2017, the Economic and Financial Affairs Council of the European Union agreed an amendment to the Anti-Tax Avoidance Directive to provide for minimum standards for counteracting hybrid mismatches involving EU Member States and third countries ("ATAD II"). ATAD II had to be implemented in the EU Member States' national laws and regulations by 31 December 2019 and applies as of 1 January 2020, except for the provision on reverse hybrid mismatches for which implementation can be postponed to 31 December 2021 and will apply as of 1 January 2022. The hybrid mismatch rules are designed to neutralise arrangements where amounts are deductible from the income of one entity but are not taxable for another, or the same amounts are deductible for two entities. Ireland has already implemented the anti-hybrid rules provided for in ATAD II.

These rules could potentially apply to the Issuer where: (i) the interest that it pays under the notes, and claims deductions from its taxable income for, is not brought into account as taxable income by the relevant noteholder, either because of the characterisation of the notes, or the payments made under them, or because of the nature of the noteholder itself; and (ii) the mismatch arises between associated enterprises, between the Issuer and an associated enterprise or under a structured arrangement.

For the purposes of Ireland's anti-hybrid rules, a structured arrangement is one involving a mismatch outcome where the mismatch outcome is priced into the terms of the arrangement or the arrangement was designed to give rise to a mismatch outcome.

4. Risk Factors Relating to Credit Risk

4.1 Exposure to Swap Counterparty Credit Risk

If a Charged Agreement comprises all or part of the Collateral in respect of a Series of Notes, the ability of the Issuer to meet its obligations under such Notes will be dependent upon, *inter alia*, its receipt of payments from the Swap Counterparty under the Charged Agreement. Consequently, the Noteholders and the Issuer are relying not only on the creditworthiness of the issuers or obligors in respect of the relevant Charged Assets, if any, but also on the full and timely performance by, and creditworthiness of, the Swap Counterparty in respect of its obligations under the Charged Agreement in respect of such Series.

Default by, or certain other events affecting, the Swap Counterparty may result in termination of the Charged Agreement and, in such circumstances, any

amount payable or deliverable to the Issuer upon such termination may not be so paid or delivered in full.

If, on termination of the Charged Agreement, an amount is due to the Issuer from the Swap Counterparty (after taking into account any collateral posted between the parties pursuant to the terms of the Charged Agreement), then the Issuer will have an unsecured claim against the Swap Counterparty for such amount and, in any insolvency of the Swap Counterparty, the Issuer's claim will rank after those claims of the Swap Counterparty's secured and other preferred creditors.

As a consequence of the above, any amounts to be paid to the investors may be significantly less than expected.

4.2 Exposure to Credit Risk of Banco Sabadell S.A. group entities as a Swap Counterparty and as issuer and/or guarantor of Charged Assets

The Issuer may enter into a Charged Agreement with Banco de Sabadell, S.A. group entities as Swap Counterparty. To the extent that Banco de Sabadell, S.A. fails to make due and timely payment or delivery under the Charged Agreement, such agreement may be terminated, the security enforced and the Notes redeemed and a loss of principal or a delay in payment under the Notes may result.

Banco de Sabadell, S.A. may act as Swap Counterparty and if the Charged Assets are obligations of Banco de Sabadell, S.A. or one of its subsidiaries, investors will be exposed to the credit risk of Banco de Sabadell, S.A. group entities both as the Swap Counterparty and as the issuers and/or guarantors of the Charged Assets. In the event of an insolvency of an obligor in respect of the Charged Assets and/or a Swap Counterparty, various insolvency and related laws applicable to such entity(ies) may limit the amount investors may recover and determine or affect when such recovery may be made. In the event that a Swap Counterparty fails to make due and timely payment or delivery under the Charged Agreement, it is likely that the liquidation proceeds of Charged Assets issued or guaranteed by any entity in the same group at such time are likely to be significantly less than par and may be zero which means that an investor may lose some or all of the money it has invested in the Notes.

5. Risk Factors Relating to Market Volatility

5.1 No Secondary Market

A secondary market may not develop in respect of the Notes. In the event that a secondary market in the Notes develops, there can be no assurance that it will provide holders of Notes with liquidity of investment or that it will continue for the life of the Notes. None of the Arranger, any Dealer or any of their respective affiliates is under any obligation to make a market in, or otherwise offer to repurchase or unwind the terms of, any Notes. In the event that the Arranger or any Dealer or any of their affiliates commences any market making, it may discontinue doing so at any time without notice. Accordingly, the purchase of Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in, and the financial and other risks associated with an investment in, the Notes. Investors must be prepared to hold the Notes for an

indefinite period of time or until the final redemption or maturity of the Notes. If the investor sells the Notes prior to its final redemption, there is a risk that such Notes will be sold at a significant discount to their fair market value and investor may lose part or all the amount initially invested.

5.2 **Volatility**

The market value of the Notes (whether indicative or firm) will vary over time and may be significantly less than par (or even zero) in certain circumstances. The Notes may not trade at par or at all, and investors are exposed to the loss of all or part of their investment if the Notes are sold under such circumstances.

6. **Risk Factors Relating to Regulation**

6.1 **Risks Relating to the Bank Recovery and Resolution Directive**

The directive providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms in the EEA (Directive 2014/59/EU) (the “**Bank Recovery and Resolution Directive**” or “**BRRD**”) entered into force on 2 July 2014. The BRRD has been implemented in Spain through the adoption by the Spanish Parliament of Law 11/2015, of June 18th, on the recovery and resolution of credit entities and investment services companies.

The BRRD includes measures that include giving resolution authorities power to restrict claims made against a party in resolution. Following an exercise of any powers by a resolution authority, the Issuer may have insufficient assets or sums to meet its obligations under the Notes or the Constituting Instrument for that Series, the Notes may be the subject of an early redemption and any payment of redemption proceeds to Noteholders may be delayed. For example, if any Charged Agreement is in-the-money for the Issuer at a time when a resolution regime applies to the Swap Counterparty, then any claims the Issuer has against the Swap Counterparty for the close-out amount thereof may be adversely affected by being postponed, converted into other assets or even written down to zero. In addition, the exercise by resolution authorities of their powers could prevent the Issuer from exercising termination rights in relation to agreements to which it is party (eg. a Charged Agreement) or could enforce a termination of such agreements.

Accordingly, following an exercise of any powers by a resolution authority, the Issuer may have insufficient assets or sums to meet its obligations under the Notes or the Constituting Instrument for that Series, the Notes may be the subject of an early redemption and any payment of redemption proceeds to Noteholders may be delayed. In addition to a resolution regime affecting the Swap Counterparty, Noteholders should be aware that the BRRD may also apply to the obligor of any Collateral forming Charged Assets in respect of a Series of Notes and that in such case similar considerations to those set out above may apply.

Furthermore, other resolution and recovery regimes, including those in specific EU member states, the UK, the United States and elsewhere, may also apply. As a consequence of any of the resolutions or actions referred to above, the Noteholders may lose all or some of their investment in the Notes.

6.2 "Benchmarks" reform

The London Interbank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other indices which are deemed "benchmarks" are the subject of recent national, international and other regulatory guidance as well as proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such "benchmarks" to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the value of and return on any Notes linked to a "benchmark."

On 5 March 2021, the FCA announced the future cessation or loss of representativeness of LIBOR benchmark settings currently published by ICE Benchmark Administration Limited ("**IBA**"). According to it, publication of (i) all euro LIBOR and Swiss franc LIBOR settings, the spot next, 1-week, 2-month and 12-month Japanese yen LIBOR settings, the overnight, 1-week, 2-month and 12-month sterling LIBOR settings, and the 1-week and 2-month US dollar LIBOR settings will cease immediately after 31 December 2021 and (ii) the overnight and 12-month US dollar LIBOR settings will cease immediately after 30 June 2023. In relation to the remaining LIBOR settings (that is, the 1-month, 3-month and 6-month sterling, US dollar and Japanese yen LIBOR settings), the FCA will consult or continue to consider the case for using its proposed powers to require IBA to continue publishing these settings on a 'synthetic' basis, though publication of the 1-month, 3-month and 6-month Japanese yen LIBOR settings would cease permanently at the end of 2022. Nevertheless, the FCA confirmed that, even if it does require IBA to continue publishing any of these nine remaining LIBOR settings on a 'synthetic' basis, such settings will no longer be representative of the underlying market and the economic reality that such settings are intended to measure and representativeness will not be restored. Therefore, after 31 December 2021 (or 30 June 2023 in relation to the overnight, 1-month, 3-month, 6-month and 12-month US dollar LIBOR settings) all LIBOR settings will either cease to be provided by any administrator or no longer be representative.

The European Money Market Institute (the "**EMMI**") announced the discontinuation of the EONIA after 3 January 2022 and that from 2 October 2019 until its total discontinuation it will be replaced by the €STR plus a spread of 8.5 basis points.

Key international proposals for reform of "benchmarks" include IOSCO's Principles for Financial Market Benchmarks (July 2013) (the "**IOSCO Benchmark Principles**") and the European Commission's Proposal for a Regulation of the European Parliament and of the Council on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (December 2015) (the "**Benchmark Regulation**").

The IOSCO Benchmark Principles aim to create an overarching framework of principles for benchmarks to be used in financial markets, specifically covering governance and accountability, as well as the quality and transparency of benchmark design and methodologies. A review published in February 2015 on the status of the voluntary market adoption of the IOSCO Benchmark Principles noted that, as the benchmarks industry is in a state of change, further steps may need to be taken by IOSCO in the future, but that it is too early to

determine what those steps should be. The review noted that there has been a significant market reaction to the publication of the IOSCO Benchmark Principles, and widespread efforts being made to implement the IOSCO Benchmark Principles by the majority of administrators surveyed.

Separate workstreams are also underway in Europe to reform EURIBOR using a hybrid methodology and to provide a fallback by reference to a euro risk free rate. The private sector working group on euro risk-free rates recommended on 13 September 2018 that the euro short-term rate (€STR) be used as the risk-free rate for the euro area. In addition, such working group published on 21 January 2019 the paper “Guiding principles for fallback provisions in new euro denominated cash products”, which offers an overview of the legal frameworks and market practices applicable to cash products, including bonds, that reference EURIBOR and EONIA, with a specific focus on fallback clauses.

On 11 May 2021, the above-mentioned working group published its recommendations addressing event that would trigger fallbacks in EURIBOR-related contracts as well as fallback rates that could be used if a fallback is triggered.

On 24 November 2015, the European Commission announced that the European Parliament and the Council of the EU had reached agreement on a compromise text of the Benchmark Regulation. Following the formal adoption of the Benchmark Regulation by the European Parliament on 28 April 2016 and by the Council of the EU on 17 May 2016, the Benchmark Regulation was published in the Official Journal of the EU on 29 June 2016. The Benchmark Regulation entered into force on 30 June 2016 and is applicable from 1 January 2018. The Benchmarks Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which introduced a harmonised approach to deal with the cessation or wind-down of certain benchmarks (such as EURIBOR or LIBOR) by conferring the power to designate a statutory replacement for said benchmarks on the Commission or the relevant national authority in certain circumstances, such replacement being limited to contracts and financial instruments (such as certain Notes) which contain no fallback provision or no suitable fallback provisions and where certain trigger events relating to non-representativeness or cessation or wind-down of the benchmark are met. In general, parties can opt out of the statutory replacement where all parties, or the required majority of parties, to a contract or financial instrument have agreed to apply a different replacement for a benchmark before or after entry into force of the implementing act. A statutory replacement benchmark could have a negative impact on the value or liquidity of, and return on, certain Notes linked to or referencing such benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or otherwise unavailable benchmark.

In addition Regulation (EU) 2021/168 is subject to further development through delegated regulations and the transitional provisions applicable to third-country benchmarks are extended until the end of 2023 (and the Commission is empowered to further extend this period until the end of 2025, if necessary). There are therefore still details to be clarified in relation to the potential impact of these legislative developments. Accordingly, there may be a risk that a statutory replacement benchmark may be designated if, for instance, a replacement benchmark determined in accordance with the fallback provisions is deemed unsuitable as its application no longer reflects or significantly

diverges from the underlying market or the economic reality that the benchmark in cessation is intended to measure (and where certain other conditions are satisfied, including one of the parties objecting to the contractually agreed fallback).

Since 1 January 2021, the United Kingdom is a third country for the purposes of the EEA BMR and the Benchmark Regulation has been on-shored into by virtue of the EUWA (the “**UK BMR**”).

The Benchmark Regulation and UK BMR applies to "contributors," "administrators" and "users of" "benchmarks" in the EU and the United Kingdom (as applicable), and, among other things, (i) requires benchmark administrators to be authorised (or, in respect of the Benchmark Regulation, if non-EU-based, to be subject to an equivalent regulatory regime such as UK BMR) and to comply with extensive requirements in relation to the administration of "benchmarks" and (ii) prohibits the use in the EU and/or United Kingdom (as applicable) of "benchmarks" provided by unauthorised administrators. The scope of the Benchmark Regulation is wide and, in addition to so-called "critical benchmark" indices such as LIBOR, EURIBOR and the Euro Overnight Index Average ("EONIA"), could also potentially apply to many other interest rate indices, as well as other indices (including "proprietary" indices or strategies) which are referenced in listed financial instruments (including listed Notes), financial contracts and investment funds.

The Benchmark Regulation and UK BMR (as applicable) could also have a material impact on any Notes linked to a "benchmark" index, including in any of the following circumstances:

- (i) occurrence of an Administrator/Benchmark Event (see the risk factor headed “Consequences of the occurrence of an Administrator/Benchmark Event” below);
- (ii) an index which is a "benchmark" could be prohibited from being used in the EU and/or the United Kingdom (as applicable) if its administrator is based in the EU and/or United Kingdom (as applicable) and does not obtain authorisation or is based outside of the EU and/or United Kingdom (as applicable) (subject to any applicable transitional provisions) and does not have equivalent regulation. In such event, depending on the particular "benchmark" and the applicable terms of the Notes, the Notes could be de-listed, adjusted, redeemed or otherwise impacted; and
- (iii) the methodology or other terms of the "benchmark" could be changed in order to comply with the terms of the Benchmark Regulation, and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level, and could lead to adjustments to the terms of the Notes, including calculation agent determination of the rate or level in its discretion.

In addition to the international proposals for reform of "benchmarks" described above, there are numerous other proposals, initiatives and investigations which may impact "benchmarks".

Any of the international, national or other proposals for reform or the general increased regulatory scrutiny of "benchmarks" could increase the costs and

risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain "benchmarks," trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the disappearance of certain "benchmarks." The disappearance of a "benchmark" or changes in the manner of administration of a "benchmark" could result in adjustment to the terms and conditions, early redemption, discretionary valuation by the calculation agent, delisting or other consequence in relation to Notes linked to such "benchmark." Any such consequence could have a material adverse effect on the value of and return on any such Notes.

6.3 Consequences of the occurrence of an Administrator/Benchmark Event

If the Interest Calculation Agent determines that an Administrator/Benchmark Event has occurred in respect of a Relevant Benchmark which the Series of Notes, Charged Agreement (if any) or Charged Assets (excluding any Eligible Credit Support and/or Equivalent Credit Support (each as defined in the Charged Agreement (if any)) reference, then the Interest Calculation Agent shall be entitled (in its sole and absolute discretion) to attempt to identify one or more Replacement Benchmark Remedial Actions (which may include selecting a Replacement Benchmark, adjusting the spread applicable to a Relevant Benchmark and/or amending the terms of the Series of Notes, the Charged Agreement (if any) and/or other Series Documents). When taking Replacement Benchmark Remedial Actions, the Interest Calculation Agent will seek to provide that changes have the effect of substantially preserving as closely as reasonably practicable the economic effect to the Noteholders of such Series of Notes and/or the Swap Counterparty (if any), as applicable. In making such a determination, the Interest Calculation Agent may face a conflict of interest between the interests of the Noteholders of such Series of Notes and the interests of the Swap Counterparty (if any). In such circumstances, the Interest Calculation Agent shall not be obliged to act solely in the interests of the Noteholders. Investors should be aware that the application of any Replacement Benchmark Remedial Actions (i) could result in a lower amount being payable to Noteholders than would otherwise have been the case and (ii) shall be effected without requiring the consent of the Trustee or Noteholders.

In certain circumstances, the Interest Calculation Agent may be unable or elect not to determine any Replacement Benchmark Remedial Actions. If after 30 calendar days (or such shorter period specified in the Constituting Instrument and/or determined by the Interest Calculation Agent as necessary to ensure compliance with all applicable laws, regulations and licensing requirements) from the date the Interest Calculation Agent notified the Issuer (copying the Trustee, the Swap Counterparty (if any) and the Agents) of an Administrator/Benchmark Event or such shorter period (as more particularly described in the Series of Notes) the Interest Calculation Agent has not undertaken one or more Replacement Benchmark Remedial Actions, an Administrator/Benchmark Early Redemption Event shall automatically occur without any further action from any parties and such Series of Notes shall be redeemed (in the manner more particularly described in the Series of Notes) and the Issuer will pay or deliver, as applicable, to the Noteholders the applicable Early Redemption Amount(s) in respect of such Series of Notes.

Investors are exposed to the risk that as a consequence of the above the relevant interest rate being determined on a different way than originally intended and that could lead to a lower amount being payable to the Noteholders than would otherwise have been the case.

None of the Trustee, the Issuer, any Agent, the Arranger, the Dealer or the Swap Counterparty shall have any liability or responsibility to any Noteholder for (i) any consequence or effect on a Series of Notes (including with respect to their value and/or return) arising as a result of any delay in determining any Replacement Benchmark Remedial Actions, (ii) any loss suffered or incurred by any Noteholder as a result of the implementation of any Replacement Benchmark Remedial Actions or any Replacement Benchmark Remedial Actions not being determined and such Series of Notes redeeming early as a result thereof, and/or (iii) any other consequence or effect on such Series of Notes (including with respect to their value and/or return) arising as a result of the non-exercise of discretion by the Interest Calculation Agent to serve of an Administrator/Benchmark Notification, the implementation of any Replacement Benchmark Remedial Actions or any Replacement Benchmark Remedial Actions not being determined and the Notes redeeming early as a result thereof.

6.4 Risks in relation to European Market Infrastructure Regulation

Regulation (EU) No 648/2012 of the European Parliament and Council on OTC Derivatives, Central Counterparties and Trade Repositories dated 4 July 2012 came into force on 16 August 2012 and was subsequently amended by Regulation (EU) No 2019/834 (“**EMIR**”). EMIR establishes certain requirements for OTC derivatives contracts, including mandatory clearing obligations and reporting requirements. EMIR also prescribes risk mitigation requirements for certain non-cleared derivatives contracts, including collateralisation requirements, as well as requirements relating to execution of trade confirmations and prescribed reconciliation processes. Some requirements are subject to phased implementation. Investors should be aware that certain currently applicable requirements of EMIR may impose obligations on the Issuer directly, or indirectly to the extent it enters into derivative transactions with the Swap Counterparty or third parties directly subject to EMIR, and future requirements of EMIR may impose further obligations on the Issuer directly, or indirectly, by impacting upon the terms that the Swap Counterparty is able to enter into under agreements with the Issuer.

Investors should be aware that EMIR may be modified. In particular, should any future obligation of EMIR require the Swap Counterparty to modify the economic terms of any derivative transaction into which it enters, there is a risk that this may materially increase the costs associated with such derivative transaction or replacement derivative transaction. This is a particular risk should any derivative transaction into which the Issuer enters become subject to (i) the requirement to exchange collateral with the Swap Counterparty, which forms a part of the risk-management requirements, or (ii) mandatory clearing. However, irrespective of becoming subject to such requirements or obligations, and irrespective of it becoming necessary to amend or replace derivative transactions into which the Issuer enters with the Swap Counterparty, the Issuer may in any event have to bear certain costs or fees arising out of steps it is required to take to comply with the requirements of EMIR.

Investors should be aware of the risk that the requirements of EMIR may result in the Notes being redeemed early, possibly at an amount less than invested, where a Regulatory Event occurs. The Issuer expects to enter into agreements, which do not amend or modify the terms of any Notes, with the Swap Counterparty or third parties in order to facilitate compliance with EMIR, and investors should be aware that the Issuer may enter into such or similar agreements without Trustee consent, or, alternatively, that the Trustee may consent to such or similar agreements without Noteholder consent. Investors should be aware that the Issuer will be required to disclose the details of any derivative transaction into which it enters to a “trade repository” and/or to regulatory authorities as a consequence of the requirements of the trade reporting obligation under EMIR.

There may also be changes to the regulatory framework, interpretation and/or practice in jurisdictions outside the EU, which may be similar in effect and application to the changes applying as a result of EMIR. Such changes may have a significant impact on the operation of the financial markets and may also affect the value of the Notes.

Potential investors in the Notes or Alternative Investments should take independent advice and make an independent assessment about these risks in the context of any potential investment decision with respect to the Notes or Alternative Investments. U.S. Dodd-Frank Act

Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted 21 July 2010 (“**Dodd-Frank**”), establishes a comprehensive U.S. regulatory regime for a broad range of derivatives contracts (collectively referred to in this risk factor as “covered swaps”). Among other things, Title VII provides the U.S. Commodity Futures Trading Commission and the U.S. Securities and Exchange Commission with jurisdiction and regulatory authority over many different types of derivatives that were previously traded over the counter, requires the establishment of a comprehensive registration and regulatory framework applicable to covered swap dealers and other major market participants, requires many types of covered swaps to be exchange-traded or executed on swap execution facilities and centrally cleared, and contemplates the imposition of capital requirements and margin requirements for uncleared transactions in covered swaps.

Investors should be aware of the risk that the requirements of Dodd-Frank may result in the Notes being redeemed early at the Early Redemption Amount in the circumstances set out in Condition 7(b)(3) and accordingly there is a risk that the investor may not receive the expected amounts as part of the early redemption of the Notes.

6.5 Risks relating to the future relationship between the United Kingdom and the European Union

On 23 June 2016, the United Kingdom voted to leave the European Union (“**EU**”) and the UK Government invoked article 50 of the Lisbon Treaty relating to withdrawal on 29 March 2017. Under article 50, the Treaty on the European Union and the Treaty on the Functioning of the European Union cease to apply in the relevant state from the date of entry into force of a withdrawal agreement, or, failing that, two years after the notification of intention to withdraw.

This date was extended and in October 2019 the UK was granted a further extension until 31 January 2020 after it had agreed a revised Withdrawal Agreement with the EU in October 2019. Following a general election on 12 December 2019, a new UK Government was elected with a significant Parliamentary majority and a Withdrawal Agreement Act was enacted on 23 January 2020, implementing the revised Withdrawal Agreement. The heads of the European Commission and European Council signed the revised Withdrawal Agreement on 24 January 2020 and the European Parliament ratified the revised Withdrawal Agreement on 29 January 2020. The UK left the EU on 31 January 2020 and entered into a transition period until the end of 2020.

The EU-UK Trade and Co-operation Agreement (the “**EU-UK Agreement**”) was ratified at the end of 2020 and has provisionally applied since 1 January 2021 when the transition period ended. It is not yet certain how the EU-UK Agreement will operate in practice and there remains a degree of on-going political, economic and legal uncertainty as regards the structure of the future relationship between the UK and the EU.

The EU single market directives, mutual access rights to markets and market infrastructure across the EU and the mutual recognition of insolvency, bank recovery and resolution regimes no longer apply between the EU and the UK as the EU-UK Agreements do not address such matters. These remain subject to discussions that will continue in 2021 on potential EU decisions on the equivalence of UK financial services regulation. Due to the on-going uncertainty regarding the structure of the future financial services relationship between the UK and the EU, the precise impact on the business of the Issuer is difficult to determine. As such, no assurance can be given that such matters would not adversely affect the ability of the Issuer (and the other Programme Parties) to satisfy its obligations under the Notes and/or the market value and/or the liquidity of the Notes in the secondary market. Such uncertainty could adversely impact the Issuer and the value of the Notes.

6.6 General taxation

Each Noteholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to it in respect of the Notes. Unless otherwise specified in the applicable Series Memorandum, the Issuer will not pay any additional amounts to Noteholders to reimburse them for any tax, assessment or charge required to be withheld or deducted from payments in respect of the Notes by the Issuer or any Paying Agents. In addition, in the event that a payment in respect of the Notes is or becomes subject to a withholding or deduction for or on account of any taxes, no additional amount will be payable to Noteholders as a result of such withholding or deduction.

6.7 Impact of Increased Regulation and Nationalisation

The events since 2007 have seen increased involvement of governmental and regulatory authorities in the financial sector and in the operation of financial institutions. In particular, governmental and regulatory authorities in a number of jurisdictions have imposed stricter regulatory controls around certain financial activities and/or have indicated that they intend to impose such controls in the future. The United States of America, the EU, the UK and other jurisdictions are

actively considering or are in the process of implementing various reform measures. Such regulatory changes and the method of their implementation may have a significant impact on the operation of the financial markets. It is uncertain how a changed regulatory environment will affect the Issuer, the treatment of instruments such as the Notes, the Arranger, the Swap Counterparty and the other Programme Parties.

Investors should note that the Swap Counterparty may be entitled to terminate the Charged Agreement upon the occurrence of certain regulatory events. In such circumstances, the Notes will be redeemed early in accordance with Condition 7(c) (*Redemption on termination of Charged Agreement*). The Notes may also be redeemed early upon the occurrence of certain regulatory events in accordance with Condition 7(b)(3) (*Redemption for Regulatory Event*).

In addition, governments have shown an increased willingness, wholly or partially, to nationalise financial institutions, corporates and other entities in order to support the economy. Such nationalisation may impact adversely on the value of the stock or other obligations of any such entity. In addition, in order to effect such nationalisation, existing obligations or stock might have their terms mandatorily amended or be forcibly redeemed. To the extent that the obligors of Charged Assets (or any guarantor or credit support provider in respect thereof) or any other person or entity connected with the Notes is subject to nationalisation or other government intervention, it may have an adverse effect on a holder of a Note.

INVESTOR SUITABILITY

The purchase of, or investment in, any Notes or the making of Alternative Investments involves substantial risks. Each prospective purchaser of, or investor in, Notes or party to Alternative Investments should be familiar with instruments having characteristics similar to the Notes or Alternative Investments and should fully review all documentation for and understand the terms of the Notes or Alternative Investments and the nature and extent of its exposure to risk of loss.

Before making an investment decision, prospective purchasers of, or investors in, Notes or parties to Alternative Investments should conduct such independent investigation and analysis regarding the Issuer, the Notes or Alternative Investments, the Collateral, each Swap Counterparty under a Charged Agreement and all other relevant persons and such market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the Notes or the making of the Alternative Investment. However as part of such independent investigation and analysis, prospective purchasers of or investors in Notes or parties to Alternative Investments should consider carefully all the information set forth in this Programme Memorandum relating to the Programme and the Issuer (including the section of this Programme Memorandum headed "Risk Factors") and the applicable Series Memorandum and the considerations set out below.

Investment in Notes and entering into Alternative Investments is only suitable for investors who:

- (1) have the requisite knowledge and experience in financial and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate the information contained in this Programme Memorandum as incorporated into the relevant Series Memorandum and the merits and risks of an investment in the Issuer in the context of such investors' financial position and circumstances;
- (2) are capable of bearing the economic risk of an investment in the Issuer for an indefinite period of time and the risk of the entire loss of any investment in the Issuer;
- (3) are acquiring the Notes or Alternative Investments for their own account for investment, not with a view to resale, distribution or other disposition of the Notes or Alternative Investments (subject to any applicable law requiring that the disposition of the investor's property be within its control);
- (4) recognise that it may not be possible to make any transfer of the Notes or Alternative Investments for a substantial period of time, if at all;
- (5) are banks, investment banks, pension funds, insurance companies, securities firms, investment institutions, central governments, large international or supranational organisations or other entities, including inter alia treasuries and finance companies of large enterprises which are active on a regular and professional basis in the financial markets for their own account;
- (6) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes or Alternative Investments; and
- (7) understand thoroughly the terms of the Notes or Alternative Investments and are familiar with the behaviour of any relevant indices and financial markets.

The applicable Series Memorandum issued in connection with a Series of Notes or Alternative Investments may also contain further paragraphs headed “**Investor Suitability**” and/or “**Risk Factors**” and particular attention is drawn to those sections.

The Issuer and the Arranger may, in their discretion, disregard interest shown by a prospective investor even though that investor satisfies the foregoing suitability standards.

Each prospective investor should ensure that it fully understands the nature of its investment and the nature and extent of its exposure to the risk of loss of all or a substantial part of its investment. Attention is drawn, in particular, to the italicised paragraphs set out in the sections entitled “Terms and Conditions of the Notes - Security” and “Terms and Conditions of the Notes - Enforcement and Limited Recourse”.

Notes issued and Alternative Investments entered into under the Programme may be illiquid, the purchase of or entry into of which involves substantial risks. Neither the Issuer nor the Arranger nor the Swap Counterparty will undertake to make a market in Notes of any Series or (if applicable) any Alternative Investments.

(See also “- Security” above.)

If the Realisation Agent has not been able to liquidate all or part of the Charged Assets within the Realisation Period it must sell them at its expiry, irrespective of the price obtainable and regardless if such price is close to or equal to zero. If, however, the Realisation Agent determines that there is no available market for the Charged Assets, or if the Realisation Agent otherwise determines that it is impossible to sell or otherwise realise the Charged Assets or any part thereof, the Realisation Agent will promptly notify the Issuer, the Trustee and the Swap Counterparty of such lack of availability or impossibility and the Realisation Agent shall not be required to effect the sale or other realisation of the Charged Assets or any part thereof. Any such determination by the Realisation Agent shall be in its sole discretion and shall be binding on the Issuer, the Trustee, the Swap Counterparty and the Noteholders.

In the event that the Realisation Agent makes such determination the Trustee at its discretion may, and shall if so requested or directed in accordance with the first paragraph of Condition 4(c) (but subject in each case to its being indemnified, prefunded and/or secured in accordance with such paragraph), realise all or part of the Charged Assets by other means.

However, in the absence of such a requirement no such security, collateral, margin or guarantee will be made or provided.

Cross Default:

None.

Withholding Tax:

Each Noteholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to it in respect of the Notes.

Unless otherwise specified in the applicable Series Memorandum, the Issuer will not pay any additional amounts to Noteholders to reimburse them for any tax, assessment or charge required to be withheld or deducted

from payments in respect of the Notes by the Issuer or any Paying Agents. In addition, in the event that a payment in respect of the Notes is or becomes subject to a withholding or deduction for or on account of any taxes, no additional amount will be payable to Noteholders as a result of such withholding or deduction.

Further Issues:

Unless otherwise provided in the relevant Series Memorandum the Issuer may from time to time issue further Notes of any Series on the same terms as existing Notes and such further Notes shall be consolidated and form a single series with such existing Notes of the same Series; provided that, unless otherwise approved by Extraordinary Resolution of Noteholders of the relevant Series, the Issuer shall provide additional assets as security for such further Notes and existing Notes in accordance with Condition 16.

The terms and conditions and form of, and security (if any) for, each Alternative Investment will be as set out in the relevant Constituting Instrument, where applicable. Alternative Investments will only be listed and admitted to trading on the Regulated Market of Euronext Dublin or any other regulated market or exchange to the extent permissible under the rules of the relevant exchange.

The Programme is not rated but a Series of Notes or Alternative Investments may be rated by one or more recognised debt rating agencies. The relevant Series Memorandum or (if required) Alternative Memorandum will state whether or not a Series of Notes or Alternative Investments is, or is expected to be, rated by any rating agency.

Risk Factors:

Investing in the Notes involves certain risks. Risk factors identified include risks related to the Issuer which may affect the Issuer's ability to fulfil its obligations under the Notes issued under the Programme. These risk factors include credit risk, conflict of interest risk and business relationships risk.

Other risk factors are specific to the Notes and include risks related to structure of a particular issue of Notes (for example Credit Linked Notes) and risks related to Notes generally, such as the currency risk, volatility and limited recourse risk.

For a non-exhaustive list of risk factors please see page 14 et seq.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, subject to completion and amendment and as supplemented, varied or restated in accordance with the provisions of the relevant Constituting Instrument and save for the italicised text, will be incorporated by reference into the Constituting Instrument constituting the Series or Tranche of Notes and endorsed on Notes in definitive form (if any). The relevant Constituting Instrument will indicate, or set out in full, those provisions of these terms and conditions, and the amendments, variations and the supplementary provisions to such terms and conditions or any restatement thereof, which are, in each case, applicable to the Notes of such Series or Tranche.

Baiona Global Finance Designated Activity Company (the “**Issuer**”) has established a Programme for the issue of Notes (as defined below) and the making of Alternative Investments (as defined in Condition 5). Notes issued under the Issuer’s Programme are issued in Series (each, a “**Series**”) and each Series may comprise one or more tranches (each, a “**Tranche**”) of Notes. Each particular Series of Notes is constituted, governed and secured (where applicable) by or pursuant to a constituting instrument relating to the Notes (the “**Constituting Instrument**”) dated the Issue Date (as defined in Condition 6(i)) between the “**Issuer**”, each person (if any) named therein as a swap counterparty (each a “**Swap Counterparty**”, which expression as used herein shall mean all or any of such persons, as the case may be), the “**Trustee**” (as defined in the Constituting Instrument and which expression shall include all persons for the time being the trustee or trustees under the Trust Deed, as defined below) and the other parties (if any) named therein. The Constituting Instrument constitutes and (where applicable) secures the Notes by the creation of a trust deed (the “**Trust Deed**”) on the terms (as amended, modified and/or supplemented by the Constituting Instrument) set out in the master trust terms (the “**Master Trust Terms**”) as specified in the Constituting Instrument. The terms and conditions applicable to the Notes the subject of the Constituting Instrument (in these terms and conditions, the “**Notes**”) are these terms and conditions (the “**Master Conditions**”), as amended, modified and/or supplemented by the Constituting Instrument. In the event of any inconsistency between these terms and conditions and the Constituting Instrument, the Constituting Instrument shall prevail. References to the “**Conditions**” shall be construed in relation to a Series or a Tranche as a reference to these Master Conditions as amended, supplemented or restated in relation to such Series or Tranche by the relevant Constituting Instrument. References in the Conditions to the “**Notes**”, a “**Series**” or a “**Tranche**” shall be deemed to be references to the Notes, the Series or the Tranche that are or is the subject of the relevant Constituting Instrument and not to all Notes, Series or Tranches that may be issued under the Issuer’s Programme.

By executing the Constituting Instrument, the Issuer has entered into an agency agreement (the “**Agency Agreement**”) with one or more of the parties defined in the Constituting Instrument as the “**Issue Agent**”, the “**Principal Paying Agent**”, the “**Interest Calculation Agent**”, the “**Determination Agent**”, the “**Collateral Agent**”, the “**Realisation Agent**”, the “**Registrar**”, the “**Transfer Agent**” (which term may include more than one Transfer Agent) and any other “**Paying Agents**” (such other Paying Agents being defined as such together with the Principal Paying Agent), the Trustee and each Swap Counterparty (if any) on the terms (as amended, modified and/or supplemented by the Constituting Instrument) set out in the master agency terms (the “**Master Agency Terms**”) as specified in the Constituting Instrument.

The Constituting Instrument will state whether the Issuer has entered into (i) a charged agreement as referred to in Condition 4(b) (the “**Charged Agreement**”) with the Swap Counterparty with respect to a Series by executing the Constituting Instrument on the terms (as amended, modified and/or supplemented by the Constituting Instrument) set out in the master charged agreement terms (the “**Master Charged Agreement Terms**”) as specified in the Constituting Instrument and/or (ii) a custody agreement in respect of the Notes (the “**Custody Agreement**”) with the “**Custodian**” (as defined in the Constituting Instrument), the Trustee and each Swap Counterparty (if any) on the terms (as amended, modified and/or supplemented by the Constituting Instrument) set out in the master custody terms (the “**Master Custody Terms**”) as specified in the Constituting Instrument. In the event the Constituting Instrument does not state that there is a Charged Agreement or a Custody Agreement, the Conditions shall be construed as if references to any Swap Counterparty, any Charged Agreement, any Custodian and/or any Custody Agreement were not applicable.

The master definitions (the “**Master Definitions**”) as specified in the Constituting Instrument (as amended, modified and/or supplemented by the Constituting Instrument) will apply for the purposes of interpretation of the Conditions, except as expressly provided therein or as the context otherwise requires. References in the Conditions to the “**Placing Agreement**” in relation to the Notes are to the relevant placing agreement between the Issuer and the Arranger and/or Dealers as constituted by the Constituting Instrument on the terms (as amended, modified and/or supplemented by the Constituting Instrument) set out in the master placing terms (the “**Master Placing Terms**”) as specified in the Constituting Instrument and references to the “**Charged Assets Sale Agreement**” are to the relevant charged assets sale agreement between the Issuer and the seller of the Charged Assets (as defined in Condition 4(a)) as constituted by the Constituting Instrument on the terms (as amended, modified and/or supplemented by the Constituting Instrument) set out in the master charged assets sale terms (the “**Master Charged Assets Sale Terms**”) as specified in the Constituting Instrument. In the event the Constituting Instrument does not state that there is a Charged Assets Sale Agreement, the Conditions shall be construed as if references to any Charged Assets Sale Agreement were not applicable. In the event the Constituting Instrument states that there are no Charged Assets, the Conditions shall be construed as if references to any Charged Assets were not applicable.

Statements in the Conditions are summaries of, and subject to, the detailed provisions appearing in the Trust Deed relating to the Notes and, if it is stated in the Constituting Instrument that the Notes are issued with the benefit of one or more additional instruments (each an “**Additional Charging Instrument**”) creating security interests over the Charged Assets, each Additional Charging Instrument. Copies of the Master Trust Terms, the Master Conditions, the Master Agency Terms, the Master Charged Agreement Terms, the Master Custody Terms, the Master Placing Terms, the Master Charged Assets Sale Terms, the Master Definitions, the Constituting Instrument in relation to the Notes and, if applicable, each Additional Charging Instrument are available for inspection at the registered office of the Issuer and by electronic means with the Trustee, the Paying Agents, the Registrar and the Transfer Agents (in each case, if any) in respect of the Notes.

In respect of the Notes, references in the Conditions to the “**Issue Agent**”, the “**Principal Paying Agent**” or the “**Registrar**” shall include, respectively, any successor Issue Agent, Principal Paying Agent or Registrar and references in the Conditions to the “**Paying Agents**”, the “**Transfer Agents**”, the “**Determination Agent**”, the “**Realisation Agent**”, the “**Collateral Agent**” or the “**Custodian**” shall include, respectively, any successor or additional Paying Agents, Transfer Agents, Determination Agent, Realisation Agent, Collateral Agent or Custodian, in each case

appointed in accordance with the Agency Agreement or, as the case may be, the Custody Agreement. In respect of the Notes, references in the Conditions to “**Agents**” are to the Issue Agent, the Principal Paying Agent, the other Paying Agents, the Registrar, the Transfer Agents, the Interest Calculation Agent, the Custodian, the Determination Agent, the Realisation Agent, the Collateral Agent and each other agent appointed in accordance with the Agency Agreement or, as the case may be, the Custody Agreement, as applicable. The holders of the Notes and the holders of the interest coupons (the “**Coupons**”) (if any) appertaining to interest bearing Notes in bearer form (the “**Couponholders**”, which expression includes the Talonholders and the Receiptholders referred to below), the holders of talons (the “**Talons**”) (if any) for further coupons attached to such Notes (the “**Talonholders**”) and the holders of instalment receipts (the “**Receipts**”) appertaining to the payment of principal by instalments (the “**Receiptholders**”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed relating to the Notes and, if applicable, any Additional Charging Instrument and to have notice of those provisions of the Custody Agreement, the Agency Agreement and the Charged Agreement applicable to them. References herein to the “**Arranger**” and the “**Dealers**” are to the person or person(s) specified as such in the relevant Constituting Instrument acting in its or their capacity as such and references to the “**Programme Memorandum**” are references to this Programme Memorandum in respect of the Issuer’s Programme, as amended, supplemented, restated and replaced from time to time.

References in the Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 7 or any amendment or supplement to it and (ii) “**interest**” shall be deemed to include all Interest Amounts (as defined in Condition 6(i)) and all other amounts in the nature of interest payable pursuant to Condition 6 or any amendment or supplement to it.

1. Form, Denomination and Title

(a) *Bearer Notes*

- (1) If it is specified in the Constituting Instrument that Notes are in bearer form (“**Bearer Notes**”), the Bearer Notes if issued in definitive form shall be serially numbered in an Authorised Denomination (as defined in Condition 1(c)) and shall be D Notes (as defined below) unless specified in the Constituting Instrument that the Notes are C Notes (as defined below). The principal amount of each Note will be specified on its face.

No Bearer Note may be offered, sold or delivered within the United States or to or for the account of a U.S. Person (as defined in the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder (the “**Code**”)), except in certain transactions permitted by U.S. tax regulations.

Each Bearer Note issued by the Issuer with the maturity of less than one year should carry the title “Commercial Paper” and bear the following legend:

“This Note is issued in accordance with an exemption granted by the Central Bank of Ireland (the “**Central Bank**”) under Section 8(2) of the Central Bank Act, 1971 of Ireland, as amended. The Issuer is not authorised or licensed by the Central Bank arising from the issue of this

Note. An investment in a Note issued by the Issuer with a maturity of less than one year does not have the status of a bank deposit and is not within the scope of the deposit protection scheme operated by the Central Bank”.

In addition, where the Issuer wishes to issue a Bearer Note with a maturity of less than one year, it shall ensure that it is in full compliance with the Notice by the Central Bank of Ireland of exemptions granted under section 8(2) of the Central Bank Act, 1971 (as amended) (BSD C01/02), including that the Bearer Note complies with, inter alia, the following criteria:

- (i) at the time of issue, the Bearer Note must be backed by assets to at least 100 per cent. of the value of the Bearer Note or Alternative Investment issued;
- (ii) at the time of issue, the Bearer Note must be rated at least investment grade by one or more recognised rating agencies; and
- (iii) the Bearer Note must be issued and transferable in minimum denominations of EUR 300,000 or the foreign currency equivalent.

Each Series of Bearer Notes or a Tranche thereof issued pursuant to Section 1.163-5(c)(2)(i)(D) of the Treasury Regulations under the Code (“**D Notes**”) will initially be represented by one or more notes in temporary global form (a “**Temporary Global Note**”) without Receipts, Coupons or Talons, and each Series of Bearer Notes or a Tranche thereof issued pursuant to Section 1.163-5(c)(2)(i)(C) of the Treasury Regulations under the Code (“**C Notes**”) will be represented by one or more notes in permanent global form (a “**Permanent Global Note**”) without Receipts, Coupons or Talons or by definitive Bearer Notes. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a “**Global Note**”), will (i) if the Global Notes are intended to be issued in new global note (“**New Global Note**”) form, as stated in the applicable Series Memorandum, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank S.A./N.V., 1 Boulevard du Roi Albert II, 1210 Brussels (Belgium) as operator of the Euroclear system (“**Euroclear**”) and Clearstream Banking, S.A., 42 Avenue J F Kennedy, L-1855 Luxembourg (“**Clearstream, Luxembourg**”) and (ii) if the Global Notes are not intended to be issued in New Global Note form, as stated in the applicable Series Memorandum, be delivered to a common depository (the “**Common Depository**”) for Euroclear and Clearstream, Luxembourg. Except in relation to Notes in New Global Note form, any reference herein to Euroclear or Clearstream, Luxembourg shall, wherever the context permits, be deemed to include a reference to any additional or alternative clearing system as specified in the applicable Constituting Instrument in which beneficial interests in the Notes are for the time being recorded (an “**Alternative Clearing System**”) and shall include any successor in business to Euroclear or Clearstream, Luxembourg or any such Alternative Clearing System. Notwithstanding the foregoing, Bearer Notes shall not be eligible for deposit with The Depository Trust Company (“**DTC**”). Euroclear, Clearstream, Luxembourg, DTC and any Alternative Clearing System are each sometimes referred to herein as a “**Clearing System**” and collectively

as **“Clearing Systems”**. Any reference in this Condition 1(a) to a Permanent Global Note shall be deemed to be a reference to a Permanent Global Note representing either D Notes or C Notes, as the context requires, and any reference herein to a Note shall be deemed to be a reference to a D Note or a C Note, as the context requires.

If a date for the payment of interest on any Bearer Note occurs while such Bearer Note is represented by a Temporary Global Note, the related interest payment will be made against presentation of the Temporary Global Note, if the Temporary Global Note is not intended to be issued in New Global Note form, only to the extent that certification of non-U.S. beneficial ownership (in the form set out in the Temporary Global Note) has been received by Euroclear or Clearstream, Luxembourg. Interests in a Temporary Global Note will be exchangeable for interests in a Permanent Global Note or for definitive Bearer Notes, with, where applicable, Receipts, Coupons and Talons attached in the circumstances and subject to the conditions specified in the Constituting Instrument, not earlier than the first day (the **“Exchange Date”**) following the 40 day period commencing on the original issue date of the Notes (the **“40-Day Restricted Period”**), provided that certification of non-U.S. beneficial ownership has been received. Save for payments of interest as described above, no payments will be made on a Temporary Global Note unless, upon due presentation of a Temporary Global Note for exchange (together with certification of non-U.S. beneficial ownership), delivery of a Permanent Global Note (or, as the case may be, an interest therein) or definitive Bearer Notes is improperly withheld or refused and such withholding or refusal is continuing at the relevant due date for payment.

Payments of principal or interest (if any) in respect of a Permanent Global Note will be made through Euroclear or Clearstream, Luxembourg or the relevant Alternative Clearing System against presentation or surrender, as the case may be, of the Permanent Global Note if the Permanent Global Note is not intended to be issued in New Global Note form. A Permanent Global Note will, if so provided in the relevant Constituting Instrument be exchangeable, in whole but not in part, for definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons attached (i) if the Issuer would suffer a material disadvantage as a result of a change in laws or regulations (taxation or otherwise) or as a result of a change in the practice of Euroclear, Clearstream, Luxembourg or any Alternative Clearing System which would not be suffered were the Bearer Notes in definitive form and a certificate to such effect is given to the Trustee, or (ii) at the option of the holder (or of all the holders acting together, if more than one) if the Notes become due and payable as the result of an Event of Default in accordance with Condition 9 and payment is not made on due presentation of the Permanent Global Note for payment or if either Euroclear or Clearstream, Luxembourg or any Alternative Clearing System in which the Permanent Global Note is for the time being deposited is closed for business for a continuous period of 14 days (otherwise than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or to cease to make its book-entry system available for settlement of beneficial interests in such Permanent Global Note or does in fact do either of such things and no Alternative Clearing System satisfactory to the

Trustee and the Principal Paying Agent is available, all as set out in the Constituting Instrument.

Where a Permanent Global Note is, if so provided in the relevant Constituting Instrument exchangeable, in whole but not in part, for definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons attached in the event that:

- (a) such Permanent Global Note is exchangeable in the circumstances described in (i) above, the Notes of such Series may only be issued in Authorised Denominations equal to, or greater than, EUR 100,000 (or its equivalent in another currency); and
- (b) such Permanent Global Note is exchangeable in the circumstances described in (ii) and (iii) above, the Notes of such Series may be issued in Authorised Denominations which represent the aggregate of (a) a minimum denomination of EUR 100,000 or some larger amount (or its equivalent in another currency), plus (b) integral multiples of EUR 1,000 or some other amount (or its equivalent in another currency).

No definitive Bearer Note delivered in exchange for a portion of a Permanent Global Note shall be sent by post or otherwise delivered to any location in the United States or its possessions in connection with such exchange.

- (2) Title to the Bearer Notes, the Receipts (if any) the Coupons (if any) and the Talons (if any) passes by delivery. In these Conditions, subject as provided below, “**Noteholder**” and (in relation to a Note, Receipt, Coupon or Talon) “**holder**” means the bearer of any Bearer Note, Receipt, Coupon or Talon (as the case may be). The holder of any Note, Receipt, Coupon or Talon will (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on it, or its theft or loss) and no person will be liable for so treating the holder.

For so long as the Notes are represented by the Global Notes and the Global Notes are held on behalf of Euroclear and Clearstream, Luxembourg or on behalf of an Alternative Clearing System, beneficial interests in Notes will only be transferable in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg or such Alternative Clearing System, as appropriate, and each person who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg (other than each such clearing system to the extent that it is an account holder with the other clearing system for the purpose of operating the “bridge” between the clearing systems) or an Alternative Clearing System as the holder of a particular principal amount of the Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or such Alternative Clearing System as to the principal amount of the Notes standing to the account of any person shall be conclusive and binding for all purposes) shall be treated by the Issuer, the Trustee and the Agents as the holder of such principal amount of the Notes (and the expression

“Noteholders” and references to **“holding of Notes”** and to **“holder of the Notes”** shall be construed accordingly) for all purposes other than the entitlement to receive payments of principal, interest or any amounts due on redemption in respect of the Global Notes and provided that such principal amount is an integral multiple of an Authorised Denomination.

The following legend will appear on all D Notes, Permanent Global Notes representing D Notes and any Receipts, Coupons or Talons in respect thereof:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED.”

The sections of the Code referred to in the foregoing legend provide that, with certain exceptions, a United States taxpayer will not be entitled to deduct any loss, and will not be entitled to capital gains treatment in respect of any gain realised, on any sale, disposition or payment of a Note, Receipt, Coupon or Talon for U.S. federal income tax purposes.

Unless otherwise specified in the Constituting Instrument, each purchaser or holder of Bearer Notes will be deemed to represent that it is not, and for so long as it holds any Notes will not be, an employee benefit plan subject to the fiduciary responsibility provisions of ERISA, a plan subject to Section 4975 of the Code, a person or entity whose assets include the assets of any such employee benefit plan or plan by reason of 29 C.F.R. Section 2510.3-101 or otherwise, or any other employee benefit plan without regard to the federal, state, local or foreign law pursuant to which the plan is organised or administered, and such purchaser or holder is not using the assets of any such plan to acquire the Notes.

(b) *Registered Notes*

If it is specified in the Constituting Instrument that Notes are in registered form or if as a result of an exchange of Bearer Notes pursuant to Condition 2(a) Notes are in registered form (in both cases, **“Registered Notes”**), such Registered Notes shall be in an Authorised Denomination or an integral multiple thereof as specified in the Constituting Instrument. The principal amount of each Note will be specified on the face of the definitive registered certificate (**“Registered Certificate”**) or the global registered certificate (**“Global Registered Certificate”**) as applicable representing the Registered Notes. Subject to the procedures discussed below, title to the Registered Notes passes by registration in the register which the Issuer shall procure to be kept by the Registrar (the **“Registrar”**). In these conditions, subject as provided below, **“Noteholder”** and **“holder”** means the registered holder of any Registered Notes.

Each Registered Note issued by the Issuer with the maturity of less than one year should carry the title “Commercial Paper” and bear the following legend:

“This Note is issued in accordance with an exemption granted by the Central Bank of Ireland (the **Central Bank**) under Section 8(2) of the Central Bank Act, 1971 of Ireland, as amended. The Issuer is not authorised or licensed by the Central Bank arising from the issue of this Note. An investment in a Note issued by the Issuer with a maturity of less than one year does not have the status of a bank deposit and is not within the scope of the deposit protection scheme operated by the Central Bank”.

In addition, where the Issuer wishes to issue a Registered Note with a maturity of less than one year, it shall ensure that it is in full compliance with the Notice by the Central Bank of Ireland of exemptions granted under section 8(2) of the Central Bank Act, 1971 (as amended) (BSD C01/02), including that the Registered Note complies with, inter alia, the following criteria:

- (i) at the time of issue, the Registered Note must be backed by assets to at least 100 per cent. of the value of the Registered Note or Alternative Investment issued;
- (ii) at the time of issue, the Registered Note must be rated at least investment grade by one or more recognised rating agencies; and
- (iii) the Registered Note must be issued and transferable in minimum denominations of EUR 300,000 or the foreign currency equivalent.

Registered Notes will be initially represented by a Registered Certificate or a Global Registered Certificate.

Payments of principal or interest (if any) in respect of a Global Registered Certificate will be made through Euroclear or Clearstream, Luxembourg or the relevant Alternative Clearing System or, if so specified in the Constituting Instrument, through the person named in such Constituting Instrument, against, in the case of payments of principal only, presentation or surrender, as the case may be, of the Global Registered Certificate. A Global Registered Certificate will, if so provided in the relevant Constituting Instrument, be exchangeable, in whole but not in part, for Registered Certificates (i) if the Issuer would suffer a material disadvantage as a result of a change in laws or regulations (taxation or otherwise) or as a result of a change in the practice of Euroclear, Clearstream, Luxembourg or any Alternative Clearing System which would not be suffered were the Registered Notes in definitive form and a certificate to such effect is given to the Trustee, (ii) at the option of the holder (or all of the holders acting together, if more than one) if the Notes become due and payable as the result of an Event of Default in accordance with Condition 9 and payment is not made on due presentation of the Global Registered Certificate for payment or if either Euroclear or Clearstream, Luxembourg or any Alternative Clearing System in which the Global Registered Certificate is for the time being deposited is closed for business for a continuous period of 14 days (otherwise than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or to cease to make its book-entry system available for settlement of beneficial interests in such Global Registered Certificate or does in fact do either of such things and no Alternative

Clearing System satisfactory to the Trustee and the Registrar is available, all as set out in the Constituting Instrument.

For so long as the Notes are represented by a Global Registered Certificate and the Global Registered Certificate is held (i) if it is issued under the new safekeeping structure (the “**New Safekeeping Structure**”), as stated in the Constituting Instrument, on behalf of a Common Safekeeper for Euroclear and Clearstream, Luxembourg or (ii) if it is not issued under the New Safekeeping Structure, as stated in the Constituting Instrument, on behalf of a Common Depositary for Euroclear and Clearstream, Luxembourg or an Alternative Clearing System, beneficial interests in Notes will only be transferable in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg or such Alternative Clearing System, as appropriate, and each person who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg (other than each such clearing system to the extent that it is an account holder with the other clearing system for the purpose of operating the “bridge” between the clearing systems) or an Alternative Clearing System as the holder of a particular principal amount of the Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or such Alternative Clearing System as to the principal amount of the Notes standing to the account of any person shall be conclusive and binding for all purposes) shall be treated by the Issuer, the Trustee and the Agents as the holder of such principal amount of the Notes (and the expression “**Noteholders**” and references to “**holding of Notes**” and to “**holder of the Notes**” shall be construed accordingly) for all purposes other than the entitlement to receive payments of principal, interest or any amounts due on redemption in respect of the Global Registered Certificate.

Each initial purchaser and subsequent transferee of Registered Notes unless otherwise specified in the related Series Memorandum, will be deemed to have represented, warranted, undertaken, acknowledged and agreed with the Issuer, the Arranger and the Dealers:

- (i) that the Notes have not been and will not be registered under the Securities Act or any state securities laws and the Issuer has not been and will not be registered as an investment company under the U.S. Investment Company Act of 1940, as amended (the “**Investment Act**”). Accordingly, the Notes may not be offered, sold or otherwise transferred except in a transaction that is exempt from the registration requirements of the Securities Act and state securities laws and that does not require the Issuer to register under the Investment Act; and
- (ii) that it is not, and for so long as it holds any Notes will not be, an employee benefit plan subject to the fiduciary responsibility provisions of ERISA, a plan subject to Section 4975 of the Code, a person or entity whose assets include the assets of any such employee benefit plan or plan by reason of 29 C.F.R. Section 2510.3-101 or otherwise, or any other employee benefit plan without regard to the federal, state, local or foreign law pursuant to which the plan is organised or administered, and such purchaser

or holder is not using the assets of any such plan to acquire the Notes.

Subject to the restrictions (if any) referred to in the Constituting Instrument, Registered Notes which are represented by a Registered Certificate may be transferred in whole or in part in an Authorised Denomination or an integral multiple thereof upon the surrender of the Registered Certificate representing such Registered Notes, together with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar or any Transfer Agent. In the case of a transfer of part only of a Registered Certificate, new Registered Certificates in the relevant amounts will be issued to the transferor and the transferee.

Each new Registered Certificate to be issued upon transfer of Registered Notes will (subject as referred to in the Constituting Instrument), within three business days (in the place of the specified office of the Registrar or Transfer Agent to whom the form of transfer shall have been delivered) of receipt of such form of transfer, be available for delivery at the specified office of the Transfer Agent or of the Registrar (as the case may be) stipulated in the form of transfer, or be mailed at the risk of the holder entitled to the Registered Certificate to such address as may be specified in such form of transfer.

Exchange of Registered Certificates on transfer will (subject as provided in the Constituting Instrument) be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require in respect thereof) of any tax or other governmental charges which may be imposed in relation to it.

No Noteholder may require the transfer of a Registered Note to be registered during the period of 15 days ending on the due date for any payment of principal, interest or any amounts due upon redemption of such Note.

If Registered Notes are represented by a Global Registered Certificate, such Global Registered Certificate will be registered (i) if it is intended to be issued under the New Safekeeping Structure, as stated in the Constituting Instrument, in the name of a nominee for a Common Safekeeper for Euroclear and Clearstream, Luxembourg or (ii) if it is not intended to be issued under the New Safekeeping Structure, as stated in the Constituting Instrument, in the name of a nominee for a Common Depository for Euroclear and Clearstream, Luxembourg or an Alternative Clearing System or (iii) in the name of such other person as the Constituting Instrument shall provide.

(c) *Authorised Denomination*

Authorised Denomination means the denomination or denominations specified as such in the Constituting Instrument.

(d) *Type of Note*

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, a Variable Coupon Amount Note, a Long Maturity Note, an Interest Only Note (depending upon the basis for calculating interest specified in the Constituting Instrument) or such other form of Note as the Issuer and the Arranger may agree that the Issuer can issue under the Programme and shall have such other terms as specified in the Constituting Instrument. All payments in respect of this Note shall be made in the currency shown on its face unless it is specified in the Constituting Instrument to be a Dual Currency Note (which for the purposes of these Conditions shall include Notes in respect of which payments shall, or may at the option of the Issuer or any holder, be made in more than one currency or in a different currency than that which would otherwise prevail in the absence of the exercise of any such option), in which case payments shall be made on the basis specified in the Constituting Instrument.

Interest bearing Bearer Notes are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest (if any) due after the Maturity Date (as defined in Condition 7(a)), or other date for redemption) and Coupons in these Conditions are not applicable. After all the Coupons attached to or issued in respect of any Bearer Note which was issued with a Talon have matured, a coupon sheet comprising further Coupons (other than Coupons which would be void) and, if applicable, one further Talon, will be issued against presentation and surrender of the relevant Talon at the specified office of any Paying Agent. Any Bearer Note the principal amount of which is redeemable in instalments is issued with one or more Receipts attached.

2. Exchange of Notes

(a) *Exchange of Bearer Notes*

Subject as provided in this Condition 2 and provided that, in the case of D Notes, certification of non-U.S. beneficial ownership has been received, Bearer Notes exchangeable for Registered Notes ("**Exchangeable Bearer Notes**") may be exchanged for the same aggregate principal amount of Registered Notes of an Authorised Denomination at the request in writing of the relevant Noteholder and upon surrender of the Exchangeable Bearer Note to be exchanged together with all unmaturing Receipts, Coupons and Talons relating to it (if any) to or to the order of the Registrar or any Transfer Agent. Where, however, an Exchangeable Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 8(b)(2)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it.

Registered Notes may not be exchanged for Bearer Notes, unless otherwise specified in the Constituting Instrument.

(b) *Delivery of new Registered Certificate/Global Registered Certificate*

Each new Registered Certificate or Global Registered Certificate to be issued upon request for exchange of Exchangeable Bearer Notes will, within three business days (in the place of the specified office of the Registrar or Transfer Agent to whom such request for exchange shall have been delivered) of receipt of such request for exchange, be available for delivery at the specified office of the Transfer Agent or of the Registrar (as the case may be) stipulated in the

request for exchange, or be mailed at the risk of the holder entitled to the Registered Certificate or Global Registered Certificate to such address as may be specified in such request for exchange.

(c) *Formalities free of charge*

The issue of Registered Certificates or a Global Registered Certificate upon an exchange of Bearer Notes and registration of the holder thereof will be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment by the relevant holder (or the giving of such indemnity by the relevant holder as the Registrar or the relevant Transfer Agent may require) in respect of any tax or other governmental charges which may be imposed in relation to it.

(d) *Closed periods*

No Noteholder may require a Bearer Note to be exchanged for a Registered Note during the period of 15 days ending on the due date for any payment of principal on that Note or any payment of interest thereon or after such Note has been called for redemption.

(e) *Authorised Denomination*

Bearer Notes of one Authorised Denomination may not be exchanged for Bearer Notes of another Authorised Denomination.

If so provided in the relevant Constituting Instrument, a Permanent Global Note may be exchangeable, in whole but not in part, for definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons attached in the following circumstances (i) if the Issuer would suffer a material disadvantage as a result of a change in laws or regulations (taxation or otherwise) or as a result of a change in the practice of Euroclear, Clearstream, Luxembourg or any Alternative Clearing System which would not be suffered were the Bearer Notes in definitive form and a certificate to such effect is given to the Trustee, or (ii) at the option of the holder (or of all the holders acting together, if more than one) if the Notes become due and payable as the result of an Event of Default in accordance with Condition 9 and payment is not made on due presentation of the Permanent Global Note for payment or if either Euroclear or Clearstream, Luxembourg or any Alternative Clearing System in which the Permanent Global Note is for the time being deposited is closed for business for a continuous period of 14 days (otherwise than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or to cease to make its book-entry system available for settlement of beneficial interests in such Permanent Global Note or does in fact do either of such things and no Alternative Clearing System satisfactory to the Trustee and the Principal Paying Agent is available, the Notes of such Series may be issued in Authorised Denominations which represent the aggregate of (a) a minimum denomination of EUR 100,000 or some larger amount (or its equivalent in another currency), plus (b) integral multiples of EUR 1,000 or some other amount (or its equivalent in another currency).

3. Status of Notes

The Notes, Receipts, Coupons and Talons (if any) of any Series are secured limited recourse obligations of the Issuer, recourse in respect of which is limited

in the manner described in Condition 10 and will rank *pari passu* without any preference among themselves, save in the case of a Series of Notes comprising more than one Tranche or class of Notes, in which case the Notes of each such Tranche or class will rank *pari passu* and without any preference among themselves but not, save to the extent specified in the Constituting Instrument, with Notes of another Tranche or class comprised in such Series. In such a case the ranking and preference of each class or Tranche of Notes will be as set out in the Constituting Instrument.

4. Security

(a) Security

Unless otherwise specified in the Constituting Instrument and/or any Additional Charging Instrument, if applicable, any and all security granted by the Issuer in respect of any Series shall be granted with full title guarantee and as continuing security in favour of the Trustee, who shall hold such security on trust for each Secured Creditor as may be specified in the Constituting Instrument and/or any Additional Charging Instrument, if applicable, such security being held in the order of priority described in Condition 4(d) and as more particularly specified in the Constituting Instrument and/or any Additional Charging Instrument, if applicable.

The Trust Deed provides that the Trustee will be under no obligation or duty to act on any directions of the Noteholders or any requests by the Swap Counterparty (save as expressly provided for in the Constituting Instrument, any agreement or instrument arising therefrom, and/or, if applicable, the Charging Instrument, or the Conditions) and (save as aforesaid) in the event of any conflict between directions given by the Noteholders and by the Swap Counterparty it shall act only in accordance with the directions of Noteholders provided that if the Swap Counterparty gives directions to the Trustee in connection with any failure to pay when due any amount at any time owing to the Swap Counterparty, the Trustee shall be entitled to act in accordance only with the directions of the Swap Counterparty provided that any such direction in the opinion of the Trustee is not materially prejudicial to the interests of the Noteholders. Subject as provided in Conditions 4(c) and 9, however, any Swap Counterparty may direct the Trustee to enforce the security constituted by the relevant Constituting Instrument in respect of the Series.

The obligations of the Issuer under the Notes and the Receipts or Coupons (if any) appertaining thereto are, unless otherwise specified in the Constituting Instrument and/or any Additional Charging Instrument, if applicable, secured by:

- (i) a first fixed charge on, and/or by an assignment of and/or another security interest over, certain securities and/or agreements and/or rights (contractual or otherwise) and/or other assets (and/or the benefit, interest, right and/or title thereof, therein or thereto) (including, without limitation, as the case may be, (aa) bonds, commercial paper, notes, debentures, promissory notes, certificates of deposit, bills of exchange or other debt securities or negotiable instruments of any form, denomination, type and issuer, (bb) shares, stock or other equity securities of any form, denomination, type and issuer, (cc) the benefit of loans, evidences of indebtedness, and other rights, contractual or otherwise (including, without limitation, sub-participations, documentary or stand-by letters of credit or swap, option, exchange or other

arrangements of the type contemplated in the definition of “Charged Agreement” in Condition 4(b), derivatives, commodity interests, assignments, participation, transferable loan certificates or instruments and/or any other instrument comprising, evidencing, representing and/or transferring such securities and/or agreements and/or rights (contractual or otherwise)) assigned or transferred to, or otherwise vested in, or entered into by, the Issuer as specified in the Conditions (the “**Charged Assets**”) and all rights and all sums (“**Proceeds**”) derived therefrom);

- (ii) an assignment of the Issuer's rights against the Custodian with respect to the Charged Assets under the Custody Agreement and a first fixed charge on all funds in respect of the Charged Assets held from time to time by the Custodian;
- (iii) a first fixed charge on all funds held from time to time by the Principal Paying Agent or, as the case may be, the Registrar to meet payments due under the Notes, the Receipts and the Coupons (if any);
- (iv) an assignment of the Issuer's rights, title and interest under the Agency Agreement and all sums derived therefrom; and
- (v) an assignment of the Issuer's rights, title and interest against the Arranger and each Dealer in relation to the Notes under the relevant Placing Agreement and against the seller of the Charged Assets under the relevant Charged Assets Sale Agreement.

Save as otherwise specified in the Constituting Instrument, the obligations of the Issuer under the Notes and the Receipts or Coupons (if any) appertaining thereto are also secured by an assignment of the Issuer's rights, title, benefit and interest in, to and under each Charged Agreement. Unless otherwise provided in the Constituting Instrument, such security shall extend to the obligations of the Issuer under any Further Notes (as defined in Condition 16) (and the Receipts and Coupons (if any) appertaining thereto) issued in accordance with Condition 16 and consolidated and forming a single Series with this Series. The property and other assets described above securing the obligations of the Issuer under the Notes (and any Further Notes) and the Receipts and Coupons (if any) appertaining thereto are herein collectively referred to as the “**Collateral**”.

The Issuer's obligations to each Swap Counterparty under a Charged Agreement are, unless otherwise specified in the Constituting Instrument, secured as provided in the second preceding paragraph of this Condition 4(a). Unless otherwise provided in the Constituting Instrument or in the Further Constituting Instrument (as defined in Condition 16), such security in favour of a Swap Counterparty shall extend to the obligations of the Issuer under any Further Charged Agreement (as defined in Condition 16) supplemental to such Charged Agreement entered into in accordance with Condition 16.

To the extent that an obligor in respect of the Charged Assets fails to make payments to the Issuer under the relevant Charged Assets on the due date therefor, the Issuer will be unable to meet its obligations under the Charged Agreement and/or unable to meet its obligations in respect of the Notes, the Receipts, or the Coupons (if any) as and when they fall due. In such event, and subject to Condition 4(c), the Notes will become repayable in accordance with Condition 7 and the security therefor will

become enforceable in accordance with and subject to the provisions of Condition 10.

The Notes are capable of being declared immediately due and repayable prior to their stated date of maturity or other date or dates for their redemption following the occurrence of any of the events of default more particularly specified in Condition 9. On notice having been given to the Issuer by the Trustee following any such occurrence, the Notes will become repayable in accordance with Condition 9 and the security therefor will become enforceable in accordance with the Master Trust Terms (as amended, modified and/or supplemented by the relevant Constituting Instrument) and subject to the provisions of Condition 10.

On any such enforcement, the net proceeds thereof may be insufficient to pay amounts due to each Swap Counterparty under each Charged Agreement and amounts due on repayment to the Noteholders whether in accordance with the order of priority specified by the Trust Deed or at all.

(b) *Charged Agreements*

The Issuer has, unless otherwise specified in the Constituting Instrument, entered into one or more Charged Agreements. A Charged Agreement may comprise (i) any transaction which is a rate swap transaction, swap option, basis swap, forward rate transaction, commodity swap, commodity option, equity or equity index swap, equity or equity index option, bond option, interest rate option, foreign exchange transaction, cap transaction, floor transaction, collar transaction, currency swap transaction, cross-currency rate swap transaction, currency option, credit protection transaction, credit swap, credit default swap, credit default option, total return swap, credit spread transaction, repurchase transaction, reverse repurchase transaction, buy/sell-back transaction, securities lending transaction, or forward purchase or sale of a security, commodity or other financial instrument or interest (including any option with respect to any of these transactions), in each case, as applicable, whether single-name or portfolio-based, (ii) any transaction which is a type of transaction that is similar to any transaction referred to in (i) that is currently, or in the future becomes, recurrently entered into in the financial markets (including terms and conditions incorporated by reference in such agreement) and that is a forward, swap, future, option or other derivative on one or more rates, currencies, commodities, equity securities or other equity instruments, debt securities or other debt instruments, or economic indices or measures of economic risk or value and any combination of the foregoing transactions, or (iii) any other transaction executed with a Swap Counterparty specified in the Constituting Instrument under which a Swap Counterparty may make certain payments and/or deliveries of securities or other assets to the Issuer in respect of amounts due on or deliveries in respect of the Notes and Receipts or Coupons (if any) and the Issuer may make certain payments and/or deliveries of securities or other assets to that Swap Counterparty on receipt thereof by the Issuer out of sums or deliveries received by the Issuer on the Charged Assets all as more particularly described in the Constituting Instrument. Any Charged Agreement may, subject in the case of a rated Series to the requirements of any relevant recognised debt rating agency which at any time has assigned a current rating to the Notes at the request of the Issuer (such recognised debt rating agency or any such successor or replacement thereto or therefor or alternative rating agency being herein referred to as a **“Rating Agency”**, and the terms **“rated”** and **“rating”** shall be construed accordingly), contain

provisions requiring the relevant Swap Counterparty to deposit security, collateral or margin, or to provide a guarantee, in certain circumstances all as more particularly described in the Constituting Instrument. In the absence of such requirement, no such security, collateral, margin or guarantee will be made or provided. Each Charged Agreement will terminate if the Notes are redeemed pursuant to Condition 7(b) (except Condition 7(b)(4)), Condition 7(c), Condition 7(d), Condition 7(e) or Condition 7(f) and will be partially or wholly terminated in the event of a redemption pursuant to Condition 7(b)(4), Condition 7(h) or Condition 7(k), a purchase pursuant to Condition 7(i) or on an exchange pursuant to Condition 7(j). In the event of an early termination, either party to a Charged Agreement may be liable to make a termination payment to the other as provided in such Charged Agreement.

To the extent that a Swap Counterparty fails to make payments due to the Issuer under any Charged Agreement the Issuer will be unable to meet its obligations in respect of the Notes or the Receipts or Coupons (if any). In such event, the Charged Agreement will be terminated and, subject to Condition 4(c), the Notes will become repayable in accordance with Condition 7.

The Trust Deed provides that the Trustee shall not be bound or concerned to, nor will the Issuer, make any investigation into the creditworthiness of any Swap Counterparty or any guarantor thereof, the validity or enforceability of any of any Swap Counterparty's obligations under any Charged Agreement or of any guarantee of any such obligation or any of the terms of any Charged Agreement (including, without limitation, whether the cashflows from the Charged Assets, any Charged Agreement and the Notes are matched) or any such guarantee.

Further information relating to Charged Agreements is provided in "Description of Charged Agreements" in this Programme Memorandum.

(c) ***Realisation of the Collateral upon redemption pursuant to Condition 7(g) or 9***

In the event of the security constituted by the relevant Trust Deed and any Additional Charging Instrument becoming enforceable as provided in Conditions 7(g) or 9, the Trustee shall have the right to enforce its rights under the Trust Deed and/or if applicable, any Additional Charging Instrument in relation to the Collateral and shall do so if so directed (i) in writing by the holders of at least one-fifth in principal amount of the Notes then outstanding or (ii) by an Extraordinary Resolution of the Noteholders or (iii) in writing by a Swap Counterparty (if any) if the relevant Charged Agreement (if any) has terminated in accordance with its terms and any sum remains owing to the Swap Counterparty under such Charged Agreement, but in each case without any liability as to the consequence of such action and without having regard to the effect thereof on, or being required to account for such action to, individual Noteholders or any Swap Counterparty, provided that the Trustee shall not be required to take any action unless, at its request, it is first indemnified, prefunded and/or secured to its satisfaction. If so specified in the Constituting Instrument, a Realisation Agent may be appointed in respect of a particular Series of Notes on the terms set out in the Constituting Instrument, provided that the Realisation Agent, on written notice to the Issuer and the Trustee, may resign its appointment as Realisation Agent at any time (with or without reason) and without any liability therefor, whereupon the terms and provisions in this

Condition 4(c) in respect of such Realisation Agent and Series of Notes shall not apply to the Realisation Agent specified in such Constituting Instrument.

In addition, if a Realisation Agent has been appointed in respect of a particular Series of Notes, and the Notes are to be redeemed (in whole or in part) under Conditions 7(g), 7(h) or 9 or repurchased pursuant to Condition 7(i) and it is necessary for the Issuer to sell the Charged Assets or part thereof, the Issuer shall instruct the Realisation Agent to arrange for and administer such sale in accordance with this Condition 4(c), provided that the Realisation Agent, if it elects to act as Realisation Agent, shall not be required to take any action unless, at its request, it is first indemnified to its satisfaction by the Issuer and/or by the holder or holders of the Notes. By its purchase of any Notes, each holder thereof hereby fully and irrevocably releases the Realisation Agent and holds it harmless from any and all liability (however arising or based, in contract, tort, equity or otherwise) in respect of its actions or failures to act as Realisation Agent, except for any liability that shall have been caused by the Realisation Agent's own fraud or wilful default.

If a Realisation Agent has been appointed in respect of the Notes, the Realisation Agent shall endeavour to sell or otherwise realise the Charged Assets within a period (the “**Realisation Period**”) of not less than 30 Relevant Business Days nor more than 40 Relevant Business Days from the date on which it receives an instruction to do so at such price as is determined in accordance with this Condition 4(c) and on such terms as the Realisation Agent determines in its sole and absolute discretion are available in the market at such time (consistent with the price obtained), less all costs and expenses, including without limitation any commissions, taxes, fees, duties or other charges applicable thereto. The Issuer will procure that, so long as any Note remains outstanding, there shall at all times be a Realisation Agent if provision is made for the same in the related Constituting Instrument and which unless specified otherwise in the Constituting Instrument shall be the Swap Counterparty.

If the Realisation Agent is unable or unwilling to act as such the Issuer will, with the prior written consent of the Trustee and the Swap Counterparty, appoint the London office of a leading international investment bank to act as such.

If the Realisation Agent has not been able to liquidate all or part of the Charged Assets within the Realisation Period it must sell them at its expiry, irrespective of the price obtainable and regardless if such price is close to or equal to zero. If, however, the Realisation Agent determines that there is no available market for the Charged Assets, or if the Realisation Agent otherwise determines that it is impossible to sell or otherwise realise the Charged Assets or any part thereof, the Realisation Agent will promptly notify the Issuer, the Trustee and the Swap Counterparty of such lack of availability or impossibility and the Realisation Agent shall not be required to effect the sale or other realisation of the Charged Assets or any part thereof. Any such determination by the Realisation Agent shall be in its sole discretion and shall be binding on the Issuer, the Trustee, the Swap Counterparty and the Noteholders. In the event that the Realisation Agent makes such determination the Trustee at its discretion may, and shall if so requested or directed in accordance with the first paragraph of this Condition 4(c) (but subject in each case to its being indemnified, pre-funded and/or secured in accordance with such paragraph), realise all or part of the Charged Assets by other means.

In order to liquidate all or part of the Charged Assets within the Realisation Period, the Realisation Agent shall only be required to take reasonable care to ascertain a price that is available for the sale or other realisation of the Charged Assets at the time of the sale or other realisation for transactions of the kind and size concerned and the Realisation Agent shall not be required to delay the sale or other realisation for any reason including the possibility of achieving a higher price. The Realisation Agent shall sell at a price which it reasonably believes to be representative of the price available in the market for the sale of the Charged Assets in the appropriate size taking into account the length of the Realisation Period and the total amount of Charged Assets to be sold during that Realisation Period. In carrying out the sale or other realisation of the Charged Assets, the Realisation Agent may sell to its affiliates or to the Swap Counterparty provided that (i) the Realisation Agent shall sell at a price which it believes to be a fair market price or (ii), where the amount payable to the Noteholders varies according to the sale price obtained, the Trustee is satisfied that the sale price is a fair market price. A sale price shall be deemed to be a fair market price if the Realisation Agent certifies to the Trustee that two financial institutions, funds, dealers or other persons that deal in, or enter into transactions referencing, obligations of the same type as the Charged Assets, have either refused to buy the relevant securities in whole or offered to buy them at a price equal to or less than such sale price.

The Realisation Agent shall not be liable (i) to account for anything except the actual net proceeds of the Charged Assets received by it or (ii) for any costs, charges, losses, damages, liabilities or expenses arising from or connected with the sale or otherwise unless such costs, charges, losses, damages, liabilities or expenses shall have been caused by its own fraud or wilful default. Nor shall the Realisation Agent be liable to the Issuer, the Noteholders, the Trustee or any other person merely because a higher price could have been obtained had the sale or other realisation been delayed or to pay to the Issuer, the Noteholders, the Trustee or any other person interest on any proceeds from the sale or other realisation held by it at any time. The Realisation Agent may, notwithstanding that its interests and the interests of holders of the Notes may conflict, pursue such actions and take such steps as it deems necessary or appropriate in its sole and absolute discretion to protect its interests, without regard to whether such action or steps might have an adverse effect on the Notes, Charged Assets, or other obligations or interests of the issuers or obligors thereof or any holders of Notes.

The Trustee shall have no responsibility or liability for the performance by the Realisation Agent of its duties under this Condition 4(c) or for the price at which any of the Charged Assets may be sold or otherwise realised.

The net sums (if any) realised upon the security becoming enforceable pursuant to the Conditions may be insufficient to pay all the amounts due to each Swap Counterparty (if any) and to the Noteholders. In such event, any shortfall shall, unless otherwise specified in the Constituting Instrument, be borne by the Noteholders and by each Swap Counterparty (if any) in the inverse of the order of priority described in Condition 4(d) and as more particularly specified in the Constituting Instrument and/or any Additional Charging Instrument, if applicable.

(d) *Application*

After meeting in first place the expenses and remuneration and any other amounts due to the Trustee, including in respect of liabilities incurred, or to any receiver appointed pursuant to the relevant Constituting Instrument, and/or, if applicable, the Additional Charging Instrument in each case in respect of the Notes, and secondly on a *pari passu* and *pro rata* basis all the fees and expenses due to the Issue Agent, the Principal Paying Agent, the Interest Calculation Agent, the Determination Agent, the Paying Agents, the Registrar, the Custodian, the Replacement Agent, the Transfer Agent, the Collateral Agent, the Realisation Agent and any other agent so specified in the relevant Constituting Instrument, the net proceeds of the enforcement of the security constituted under the relevant Constituting Instrument and/or, if applicable, the Additional Charging Instrument (after the discharge of claims, if any, mandatorily preferred by the law of any applicable jurisdiction) will be applied in the manner set out under sub-paragraph (1) below ("**Swap Counterparty Priority**") unless either "**Pari Passu Ranking**" or "**Noteholder Priority**" is specified in the relevant Constituting Instrument as being applicable instead, in which case they will be applied in the manner set out in the corresponding paragraph. For the purposes of this Condition 4(d):

(1) if "**Swap Counterparty Priority**" is specified in the Constituting Instrument:

- (i) firstly, in meeting the claims (if any) of the Swap Counterparty under the Charged Agreement (or, as the case may be, each Swap Counterparty *pari passu* and rateably under each Charged Agreement);
- (ii) secondly, in meeting the claims (if any) of the Noteholders, the Receiptholders and the Couponholders (if any) *pari passu* and rateably; and
- (iii) thirdly, in payment of the balance (if any) to the Issuer;

(2) if "**Pari Passu Ranking**" is specified in the Constituting Instrument:

- (i) firstly, in meeting the claims (if any) of the Swap Counterparty under the Charged Agreement (or, as the case may be, each Swap Counterparty under each Charged Agreement) and the Noteholders, the Receiptholders and the Couponholders (if any) *pari passu* and rateably (converted, if necessary, for the purpose of calculation into a common currency at such rate(s) of exchange as the Trustee shall in its absolute discretion select); and
- (ii) secondly, in payment of the balance (if any) to the Issuer; or

(3) if "**Noteholder Priority**" is specified in the Constituting Instrument:

- (i) firstly, in meeting the claims (if any) of the Noteholders, the Receiptholders and the Couponholders (if any) *pari passu* and rateably;
- (ii) secondly, in meeting the claims (if any) of the Swap Counterparty under the Charged Agreement (or, as the case may be, each

Swap Counterparty *pari passu* and rateably under each Charged Agreement); and

(iii) thirdly, in payment of the balance (if any) to the Issuer,

or any other basis of distribution provided for in the relevant Constituting Instrument and provided that if (2) or (3) above applies, the Constituting Instrument may provide that the Issuer's obligations under the Charged Agreement (if any) to the Swap Counterparty or, as the case may be, each Swap Counterparty under each Charged Agreement, shall be satisfied in priority to the Issuer's obligations under the Notes and any Receipts and Coupons appertaining thereto to the extent that any such obligations arise as a result of the occurrence of an event specified in Condition 7(b) or by reason of the Charged Agreement having terminated as a result of the occurrence of an event specified in Condition 7(b).

(e) *Shortfall after application of proceeds*

If the net proceeds of the security constituted pursuant to the relevant Trust Deed and/or, if applicable, any Additional Charging Instrument for any Series of Notes, such security having been enforced under Condition 4(c), are not sufficient to make all payments due in respect of the Notes and Receipts or Coupons (if any) and for the Issuer to meet its obligations (if any) in respect of the termination of each Charged Agreement (if any) in respect of that Series and the claims of any other Secured Creditors, the other assets of the Issuer (including, without limitation, assets securing or otherwise attributable to any other Series of Notes) will not be available for payment of any shortfall arising therefrom. Any such shortfall will be borne, following enforcement of the security for the Notes by the Secured Creditors in the inverse of the order of priorities on enforcement specified in Condition 4(d), unless otherwise provided in the applicable Series Memorandum and the related Constituting Instrument and/or Additional Charging Instrument, if applicable. Claims in respect of any such shortfall remaining after realisation of the security under Condition 4(c) and application of the proceeds in accordance with the relevant Trust Deed and Condition 4(d) shall be extinguished and failure to make any payment in respect of any such shortfall shall in no circumstances constitute an Event of Default under Condition 9 in respect of the Notes or in respect of any notes of any other Series.

Pursuant to Condition 10, none of the Trustee, any Noteholder or any Swap Counterparty, shall be entitled to petition or take any other step for the winding-up of, or the appointment of an examiner to, the Issuer in relation to any shortfall in respect of any Series remaining after the realisation of the security under Condition 4(c) or otherwise, nor shall any of them have any claim in respect of any unpaid sums or on any account whatsoever over or in respect of any assets of the Issuer which are or purport to be security for any other Series.

Neither the Trustee nor the Custodian is under any obligation to maintain any insurance in respect of any part of the security constituted pursuant to the relevant Trust Deed, whether against loss of such security by theft or fire, in respect of fraud or forgery or against any other risk whatsoever.

(f) *Replacement and/or Substitution of Charged Assets*

- (1) If so specified in relation to the Notes of a Series in the Constituting Instrument, the Swap Counterparty (if any) may, subject to and in accordance with the provisions of the Constituting Instrument, by notice in writing to the Issuer (a **"Replacement Notice"**) in, or substantially in, the form scheduled to the Constituting Instrument, request that any securities or other assets for the time being comprising all or part of the Charged Assets in relation to that series of Notes (hereinafter referred to as the **"Replaced Assets"**) be replaced (a **"Replacement"**) by other securities or assets of a type or types (or combination thereof), having a maturity date or dates and other features (if any) specified in the Constituting Instrument and having a market value or nominal value (as the case may be) (a **"Replacement Value"**) calculated and determined by such Swap Counterparty (if any) in accordance with the Constituting Instrument (**"Replacement Assets"**) provided however that:
- (i) no such Replacement nor any Replacement Assets shall on the date of such replacement (aa) render the Issuer liable to taxation outside its jurisdiction of incorporation (bb) result in the contravention by the Issuer of any applicable law or regulation, (cc) require the Issuer to make any filing or declaration under any applicable law or regulation or (dd) give rise (save as provided for in this Condition 4(f)(1)) to any obligation or liability on the Issuer's part to take any action, or to make any payment, other than with the Issuer's express agreement unless the Issuer shall have first been indemnified and/or secured to its satisfaction against such obligation or liability and the Trustee shall not be obliged to execute any document or do any other act or thing unless it shall have received such certificates, opinions and documents (if any) in form and substance satisfactory to it that it shall require including, without limitation, if the Notes are rated by one or more Rating Agencies at the request of the Issuer, confirmation from each such relevant Rating Agency that its current rating of the Notes will not be withdrawn or adversely affected by such Replacement or Replacement Assets;
 - (ii) upon any release of the Replaced Assets from the security created by the relevant Trust Deed and/or any Additional Charging Instrument, any Replacement Assets being substituted for the Replaced Assets are expressed to be delivered, transferred or (as the case may be) assigned to the Issuer on the same terms, *mutatis mutandis*, as the Replaced Assets or otherwise as the Trustee and such Swap Counterparty (if any) may approve in writing;
 - (iii) upon any release of the Replaced Assets from the security created by the relevant Trust Deed and/or Additional Charging Instrument, any such Replacement Assets being substituted for the Replaced Assets are subject to the charge or other security interest created by the relevant Constituting Instrument and/or any Additional Charging Instrument and/or any further security documents required by the Trustee; and

- (iv) such other conditions as may be specified in the Constituting Instrument are satisfied.

Upon receipt of a Replacement Notice, the Issuer shall forthwith notify the Trustee, the Principal Paying Agent (in the case of Bearer Notes), the Registrar (in the case of Registered Notes), the Custodian, the Collateral Agent, Euronext Dublin and/or any other stock exchange (in the case of Notes admitted to trading and for so long as the rules of the stock exchange so require) and, in accordance with Condition 14, the Noteholders. The Trustee shall not be liable to the Issuer, any Swap Counterparty or the Noteholders and the Issuer shall not be liable to any Swap Counterparty or the Noteholders for any loss arising from any arrangement referred to in the Replacement Notice or otherwise from the operation of this Condition 4(f)(1). Amendments consequential upon any Replacement may be required to be made to the provisions of the Charged Agreement (if any) relating to the Notes to reflect the change in the composition of the Charged Assets. The provisions relating to the right of a Swap Counterparty to request a Replacement will be more particularly described in the Constituting Instrument. The Replacement Value determined pursuant to the provisions of the relevant Constituting Instrument shall be binding on the Issuer, the Trustee and the Noteholders and no liability to the Issuer, the Trustee or the Noteholders or any other person shall attach to the Swap Counterparty or the Issuer in connection therewith.

The Trust Deed provides that, in connection with any Replacement, the Trustee shall receive a certificate from the relevant Swap Counterparty describing the Replacement and confirming that all of the conditions referred to in paragraph (i) to (iv) above have been satisfied. The Trustee may rely absolutely upon such certificate for all purposes and, for the avoidance of doubt, it need make no further enquiry of any nature. By subscription for or acquisition of any Note, each Noteholder accepts and is bound by this provision absolutely.

The relevant Swap Counterparty shall bear and pay, and shall indemnify the Issuer and the Trustee against, all costs, expenses and taxes (including, without limitation, stamp duty) (if any) payable in connection with a Replacement.

- (2) If so specified in relation to the Notes of a Series in the Constituting Instrument, if securities and/or other assets which comprise all or part of the Charged Assets for the time being for a Series of Notes have a scheduled maturity or expiry date which falls prior to the scheduled maturity date or other date for final redemption of the Notes of such Series (“**Maturing Assets**”) and the Notes are not required to be redeemed in that event, then subject to and in accordance with the relevant Constituting Instrument, the proceeds of redemption received upon maturity of such Maturing Assets shall be applied by the Custodian on behalf of the Issuer either:
 - (i) in the purchase of further securities and/or other assets of a type or types (or combination thereof) identified by the Collateral Agent and having a scheduled maturity or expiry date or dates and other features (if any) specified in the Constituting Instrument (if any)

and having a market value or nominal value (as the case may be) (a **“Substitute Value”**) calculated and determined by the Collateral Agent in accordance with the Constituting Instrument (**“Substitute Assets”**) (as determined by the Custodian); or

- (ii) by crediting such proceeds of redemption to an interest bearing account in the name of the Custodian (the **“Deposit Account”**) opened by the Custodian with a bank or other financial institution specified in the Constituting Instrument (if any) on terms that, pending application of the funds standing to the credit of such Deposit Account in the purchase of Substitute Assets, such funds shall be guaranteed to earn a minimum rate of interest if so specified in the Constituting Instrument. Funds credited to the Deposit Account from time to time (including capitalised interest) shall be debited from the Deposit Account on or before the Maturity Date or other date for redemption of the Notes to be applied by the Issuer in connection with such redemption or in making payment under any Charged Agreements as the case may require or as specified in the Constituting Instrument.

The net proceeds of redemption of Maturing Assets and funds standing to the credit of the Deposit Account may be applied by the Custodian on behalf of the Issuer in or towards the purchase of Substitute Assets from time to time, subject to and in accordance with the provisions of the Constituting Instrument as specified in the relevant Substitution Notice (as defined below). In connection therewith, the Collateral Agent shall at the times and on the dates specified in the Constituting Instrument determine the availability of Substitute Assets for the purposes of this Condition 4(f)(2), calculate and determine the Substitute Value thereof and the date on which such Substitute Assets fall to be purchased and the applicable purchase price thereof subject to and in accordance with the Constituting Instrument and shall forthwith (and in any event on or before the date and/or time specified in the Constituting Instrument) give a notice to the Issuer (a **“Substitution Notice”**) in, or substantially in, the form scheduled to the Constituting Instrument, specifying, among other things, the details of any Substitute Assets, the applicable Substitute Value thereof, the purchase price thereof and the date on which such purchase price falls to be paid. Upon receipt of a Substitution Notice, the Issuer shall forthwith notify the Trustee, the Principal Paying Agent (in the case of Bearer Notes), the Registrar (in the case of Registered Notes), the Custodian, each Swap Counterparty (if any), and, in accordance with Condition 14, the Noteholders, and a Substitution Notice, once given by the Collateral Agent, shall be conclusive and binding on the Issuer, and on such other persons so notified by the Issuer (save in the case of manifest error). Subject to and in accordance with the provisions of the Constituting Instrument, the Substitute Assets specified in such Substitution Notice shall be purchased by the Custodian on behalf of the Issuer on the date specified in such Substitution Notice at the price specified in such Substitution Notice either by applying the net proceeds of redemption upon maturity of any Maturing Assets, as aforesaid, and/or, as the case may be, by applying funds standing to the credit of the Deposit Account in or towards making such purchase (provided, however that no purchase of Substitute Assets shall occur to the extent that the purchase price thereof and any costs, expenses and taxes (including stamp duty) payable in connection with

the substitution (the “**Substitution Costs**”) exceeds (and the Collateral Agent shall be entitled to, and shall, deduct any Substitution Costs from) the net proceeds of redemption upon maturity of any Maturing Assets, as aforesaid, and funds (if any) standing to the credit of the Deposit Account available on the relevant date for purchase thereof). Notwithstanding the foregoing, a Substitution may only be made if:

- (a) such Substitution and any Substitute Assets do not at the date of such substitution (aa) render the Issuer liable to taxation outside its jurisdiction of incorporation, (bb) result in the contravention by the Issuer of any applicable law or regulation, (cc) require the Issuer to make any filing or declaration under any applicable law or regulation and (dd) give rise (save as provided for in this Condition 4(f)(2)) to any obligation or liability on the Issuer's part to take any action, or to make any payment, other than with the Issuer's express agreement unless the Issuer shall have first been indemnified and/or secured to its satisfaction against such liability and the Trustee shall not be obliged to execute any document or do any other act or thing unless it shall have received such certificates, opinions and documents (if any) in form and substance satisfactory to it that it shall require including, without limitation, confirmation from each Rating Agency (if any) which has assigned a rating to the Notes at the request of the Issuer that its current rating of the Notes will not be withdrawn or adversely affected by such Substitution or Substitute Assets; and
- (b) any Substitute Assets are expressed to be delivered, transferred or (as the case may be) assigned to the Issuer on the same terms, *mutatis mutandis*, as the Maturing Assets or otherwise as the Trustee and each Swap Counterparty (if any) may approve.

Any Substitute Assets purchased pursuant to the foregoing provisions of this Condition 4(f)(2) shall be subject to the charge and/or other security created by the relevant Trust Deed and/or any Additional Charging Instrument and subject to such other conditions as may be specified in the relevant Constituting Instrument and/or any Additional Charging Instrument. In addition, amendments consequential upon any purchase of Substitute Assets and/or the crediting of funds to the Deposit Account may be required to be made to the provisions of the Charged Agreement to reflect the change in the composition of the Charged Assets which amendments shall be specified by the Collateral Agent in the relevant Substitution Notice.

All determinations of the availability of Substitute Assets, and all determinations and calculations of the Substitute Value thereof, the purchase price and applicable date for purchase thereof and/or amendments (if any) required to be made to any Charged Agreement consequential upon any purchase of Substitute Assets or crediting of funds to the Deposit Account shall be made by the Collateral Agent in accordance with the relevant Constituting Instrument and all such determinations and calculations shall be binding on the Issuer, the Trustee, the Noteholders, each Swap Counterparty (if any) and all other persons (in the absence of manifest error). The Trustee shall not be liable to the Issuer, each Swap Counterparty (if any) or the Noteholders nor shall the Issuer be liable to any Noteholder or each Swap

Counterparty for any loss arising from any arrangement referred to in any Substitution Notice or for the purchase price of the Substitute Assets or otherwise from the operation of this Condition 4(f)(2). The purchase of Substitute Assets pursuant to the provisions of this Condition 4(f)(2) is herein referred to as “**Substitution**”.

The Trust Deed provides that, in connection with any Substitution, the Trustee shall receive the certificate from the Swap Counterparty or from the Collateral Agent describing the Substitution and confirming that the conditions in Condition 4(f)(2) have been satisfied. The Trustee may rely absolutely upon such certificate for all purposes and, for the avoidance of doubt, it need make no further enquiry of any nature. By subscription for or acquisition of any Note, each Noteholders accepts and is bound by this provision absolutely.

All rights of Replacement and/or Substitution under this Condition 4(f) shall cease forthwith upon the security constituted by the relevant Constituting Instrument becoming enforceable unless and until (in the case of such security becoming enforceable following the occurrence of an Event of Default pursuant to Condition 9) the Noteholders request or direct the Trustee in accordance with Condition 9 not to give notice to the Issuer that the Notes shall become due and payable.

5. Restrictions

6. Interest

Words and expressions used in this Condition are defined (unless defined elsewhere in these Conditions) in Condition 6(k).

(a) *Interest Rate and Accrual*

Each Note (other than a Zero Coupon Note) bears interest on its Calculation Amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate, such interest being payable in arrear on each Interest Payment Date. Interest shall accrue from and including one Interest Payment Date (or, as the case may be, the Interest Commencement Date) to but excluding the next following Interest Payment Date.

Interest will cease to accrue on each Note on the due date for redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before judgment) at the Interest Rate and in the manner provided in this Condition 6 until the Relevant Date (as defined in Condition 7(f)(3)).

(b) *Business Day Convention*

If any date referred to in these Conditions which is specified to be subject to adjustment in accordance with a business day convention would otherwise fall on a day which is not a Relevant Business Day, then, if the business day convention specified in the Constituting Instrument is (i) the Floating Rate Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event (aa) such date shall be brought forward to the immediately preceding Relevant Business Day and (bb) each subsequent such date shall be the last Relevant Business Day of the month in which such date would have fallen, (ii) the Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Relevant Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Relevant Business Day.

(c) *Interest Rate on Floating Rate Notes*

If a Note is a Floating Rate Note, the Interest Rate will be determined by reference to a Benchmark as adjusted by adding thereto or subtracting therefrom the Spread (if any) or by multiplying such rate by the Spread Multiplier (if any).

The Interest Rate payable from time to time in respect of each Floating Rate Note will be determined by the Interest Calculation Agent on the basis of the following provisions:

- (1) At or about the Relevant Time on the relevant Interest Determination Date in respect of each Interest Period, the Interest Calculation Agent will:
 - (A) in the case of Floating Rate Notes where it is specified in the Constituting Instrument that the Primary Source for Interest Rate Quotations shall be derived from a specified page, section or other part of a particular information service (each as specified in the Constituting Instrument), determine the Interest Rate for such Interest Period which shall, subject as provided below, be:
 - (i) the Relevant Rate so appearing in or on that page, section or other part of such information service (where such Relevant Rate is a composite quotation or interest rate per annum or is customarily supplied by one entity), or
 - (ii) the arithmetic mean (rounded, if necessary, to the nearest one-hundred thousandth of a percentage point, 0.000005 being rounded upwards) of the Relevant Rates of the persons at that time whose Relevant Rates so appear in or on that page, section or other part of such information service,

in any such case in respect of Euro-currency deposits in the relevant currency for a period equal to the period in question more particularly referred to in the Benchmark and as adjusted by the Spread or Spread Multiplier (if any); and

- (B) in the case of Floating Rate Notes where it is specified in the Constituting Instrument that the Primary Source of Interest Rate Quotations shall be the four or more Reference Banks specified in the Constituting Instrument and in the case of Floating Rate Notes falling within Condition 6(c)(1)(A) but in respect of which no Relevant Rates appear at or about such Relevant Time or, as the case may be, which are to be determined by reference to quotations of persons appearing in or on the relevant page, section or other part of such information service, but in respect of which less than two Relevant Rates appear at or about such Relevant Time, request the principal office in the Relevant Financial Centre of each of the Reference Banks (or, as the case may be, any substitute Reference Bank appointed from time to time pursuant to Condition 6(h)) to provide the Interest Calculation Agent with its Relevant Rate quoted to leading banks for Euro-currency deposits in the relevant currency for a period equivalent to the duration of such Interest Period. Where this Condition 6(c)(1)(B) shall apply, the Interest Rate for the relevant Interest Period shall, subject as provided below, be the arithmetic mean (rounded, if necessary, to the nearest one-hundred thousandth of a percentage point, 0.000005 being rounded upwards) of such Relevant Rates as calculated by the Interest Calculation Agent as adjusted by the Spread or Spread Multiplier (if any).
- (2) If at or about the Relevant Time on any Interest Determination Date where the Interest Rate falls to be determined pursuant to Condition 6(c)(1)(B) in respect of a Floating Rate Note, two or three only of such Reference Banks provide such relevant quotations, the Interest Rate for the relevant Interest Period shall, subject as provided below, be determined as aforesaid on the basis of the Relevant Rates quoted by such Reference Banks.
- (3) If at or about the Relevant Time on any Interest Determination Date where the Interest Rate falls to be determined pursuant to Condition 6(c)(1)(B) in respect of a Floating Rate Note, only one or none of such Reference Banks provide such Relevant Rates, the Interest Rate for the relevant Interest Period shall be the rate per annum (expressed as a percentage) which the Interest Calculation Agent determines to be the arithmetic mean (rounded, if necessary, to the nearest one-hundred thousandth of a percentage point, 0.000005 being rounded upwards) of the Relevant Rates in respect of the relevant currency which banks in the Relevant Financial Centre of the country of such currency selected by the Interest Calculation Agent (after consultation with the Trustee) are quoting at or about the Relevant Time (in such Relevant Financial Centre) on the relevant Interest Determination Date for a period equivalent to such Interest Period to leading banks carrying on business in that Relevant Financial Centre, as adjusted by the Spread or Spread Multiplier (if any) except that, if the banks so selected by the Interest Calculation Agent are not quoting as aforesaid, the Interest Rate shall be

the Interest Rate in effect for the last preceding Interest Period to which Condition 6(c)(1)(A) or 6(c)(1)(B) or 6(c)(2) (as the case may be) shall have applied.

(d) *Interest Rate on Zero Coupon Notes*

Where a Note the Interest Rate of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date (as defined in Condition 7(a)) shall be the **“Amortised Face Amount”** of such Note as determined in accordance with Condition 7(f)(3). As from the Maturity Date or other date for redemption, any overdue principal of such Note shall bear interest at a rate per annum (expressed as a percentage) equal to the **“Amortisation Yield”** specified in the Constituting Instrument (as well after as before judgment) to the Relevant Date (as defined in Condition 7(f)(3)).

(e) *Minimum/Maximum Rates*

If a Minimum Interest Rate is specified in the Constituting Instrument, then the Interest Rate shall in no event be less than it and if there is so specified a Maximum Interest Rate, then the Interest Rate shall in no event exceed it.

(f) *Determination of Interest Rate and calculation of Interest Amounts*

The Interest Calculation Agent will, as soon as practicable after the Relevant Time on each Interest Determination Date, determine the Interest Rate and calculate the Interest Amounts for the relevant Interest Period. The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Interest Rate and the Calculation Amount of such Note by the Day Count Fraction specified in the Constituting Instrument, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period will equal such Interest Amount. The determination of the Interest Rate and the calculation of the Interest Amounts by the Interest Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(g) *Notification of Interest Rate and Interest Amounts*

The Interest Calculation Agent will cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date to be notified to the Trustee, the Issuer, the Principal Paying Agent, or, in the case of Registered Notes, the Registrar, and each of the Paying Agents and, for as long as the Notes are Listed Notes (as defined below) and the rules of the relevant stock exchange or competent authority so require, any stock exchange or competent authority on or by which the Notes are listed or traded and to be notified to Noteholders in accordance with Condition 14 as soon as possible after their determination but in no event later than the fifth Relevant Business Day thereafter. The Interest Amounts and the Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest and the Interest Rate in respect of the Notes shall nevertheless continue to be calculated and determined as previously in accordance with this Condition 6 but no publication of the Interest Rate or the Interest Amount so determined and calculated need be made.

As used in these Conditions, “**Listed Notes**” means Notes which are listed on any stock exchange.

(h) *Interest Calculation Agent and Reference Banks*

The Issuer will procure that, so long as any Note remains outstanding, there shall at all times be at least four Reference Banks with offices in the Relevant Financial Centre and an Interest Calculation Agent if provision is made for them in the Constituting Instrument. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank then the Issuer will appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. If the Interest Calculation Agent is unable or unwilling to act as such, the Issuer will, with the prior written consent of the Trustee, appoint the London office of a leading bank engaged in the London interbank market to act as such in its place and its determination shall be final and binding on the parties. The Interest Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(i) *Administrator/Benchmark Event*

(1) On or after an Administrator/Benchmark Event Determination Date, (i) the Interest Calculation Agent shall, in its sole and absolute discretion, provide an Administrator/Benchmark Notification (the date of such Administrator/Benchmark Notification, the “**Administrator/Benchmark Notification Date**”) and (ii) the Interest Calculation Agent may but is not obliged to undertake one or more of the following actions (“**Replacement Benchmark Remedial Actions**”) and determine the effective date thereof (such date, the “**Replacement Benchmark Remedial Actions Effective Date**”):

- (A) select a Replacement Benchmark(s);
- (B) adjust or determine any spread (an “**Adjustment Spread**”) to be applied to such Replacement Benchmark(s) and/or applied to the Relevant Benchmark in satisfaction of any Replacement Benchmark Remedial Action Criteria; and/or
- (C) make such other adjustments (the “**Replacement Benchmark Ancillary Amendments**”) to the Conditions of the Notes of a Series, the Constituting Instrument, each Charged Agreement (if any) in respect of that Series and/or any other ancillary agreements in respect of that Series which the Interest Calculation Agent determines are necessary or appropriate in order to (a) account for the effect of the replacement of the Relevant Benchmark(s) with the Replacement Benchmark(s) (including, but not limited to, the business day, business day convention, day count fraction, spread, rates, interest periods, interest payment dates and/or any other factors used to determine any rate of interest) and/or (b) to preserve as closely as reasonably practicable the economic equivalence of (i) the Notes of a Series before and after the replacement of the Relevant Benchmark(s) with the Replacement Benchmark(s), and/or (ii) any transactions under each Charged Agreement (if any) in respect of that Series before and after the replacement of the Relevant Benchmark(s) with the Replacement Benchmark(s)

and/or before and after the occurrence of a Bond Benchmark Disruption Event (as applicable),

save, in each case, that the Interest Calculation Agent will not undertake any such actions or make any such determinations if it determines that it is currently or will in future be unlawful under any applicable law, regulation or licensing requirement for the Issuer and/or the Interest Calculation Agent on behalf of the Issuer to carry out Replacement Benchmark Remedial Actions (including the determination of any Replacement Benchmark).

- (2) If on any date following the occurrence of an Administrator/Benchmark Event Determination Date but prior to (i) the occurrence of a Replacement Benchmark Remedial Actions Effective Date as determined by the Interest Calculation Agent in accordance with Condition 6(i)(1), and/or (ii) the occurrence of an Administrator/Benchmark Early Redemption Event:

- (A) any amounts or calculations in respect of the Notes of a Series and/or each Charged Agreement (if any) in respect of that Series fall to be determined by reference to the Relevant Benchmark(s) then:

- (i) the level of the Relevant Benchmark shall be determined pursuant to the terms that would apply to the determination of the Relevant Benchmark as if no Administrator/Benchmark Event had occurred; or
- (ii) if the Interest Calculation Agent determines that it is impracticable, impossible, or it would be in breach of any legal, regulatory or licensing requirements to make any such determination in (i), such amount(s) or calculation(s) any such amount(s) or calculation(s) shall be determined instead by reference to the rate published for such Relevant Benchmark(s) on the last day on which the Interest Calculation Agent determines that it was practicable to use such rate,

provided that, if the Interest Calculation Agent determines in its sole and absolute discretion that a determination pursuant to items (i) or (ii) above is impracticable, impossible, or it would be in breach of any legal, regulatory or licensing requirements to make any such determination, then the Interest Calculation Agent shall be entitled to determine such amounts or calculations using its commercially reasonable determination of the level for such Relevant Benchmark and in reaching such determination it may consider inter alia the determinations and/or methodology then being used to determine the level for such Relevant Benchmark by leading market participants that are subject to the same relevant legal, regulatory and licensing requirements, in relation to the relevant OTC derivatives market; and

- (B) notwithstanding the foregoing in sub-paragraph (A) above, where a Bond Benchmark Disruption Event has occurred or

occurs, any payment that falls to be made during such period as determined by reference to any amount payable in respect of the relevant Charged Assets, shall reflect any amendments made to such Charged Assets that are in effect and are contemplated in the Bond Benchmark Disruption Event and the Interest Calculation Agent may in its sole and absolute discretion make adjustments to such other payment amounts or calculations that fall to be determined in respect of a Series of Notes in order to preserve as closely as reasonably practicable the economic equivalence of any transactions under each Charged Agreement (if any) in respect of that Series before and after the occurrence of a Bond Benchmark Disruption Event.

- (3) Neither the Interest Calculation Agent or any other party shall be under any obligation to monitor whether or not an Administrator/Benchmark Event has occurred.
- (4) The provisions of this Condition 6(i) and the consequences thereof shall apply separately to each Relevant Benchmark.

(j) *Consequences of Replacement Benchmark Remedial Actions*

- (1) If the Interest Calculation Agent elects to undertake one or more Replacement Benchmark Remedial Actions in respect of a Series of Notes, the Interest Calculation Agent shall deliver:
 - (A) a notice to the Issuer (such notice, the "**Replacement Benchmark Notice**") (copied to the Agents, the Trustee and the Swap Counterparty (if any)) specifying the specific terms of any Replacement Benchmark Remedial Actions (including the Replacement Benchmark Remedial Actions Effective Date);
 - (B) a notification to the Trustee (such notice, a "**Replacement Benchmark Amendments Notice**") specifying the details of the Replacement Benchmark Remedial Action(s) and outlining that (as applicable) any Adjustment Spread(s) and/or Replacement Benchmark Ancillary Amendments are as determined by the Interest Calculation Agent to the best of its knowledge and belief as at the date of such Replacement Benchmark Amendments Notice (or such other date specified therein), (i) in the case of an Administrator/Benchmark Event Determination Date that does not relate to a Bond Benchmark Disruption Event, necessary or appropriate in order to account for the effect of the replacement of the Relevant Benchmark(s) with the Replacement Benchmark(s) (as may be adjusted by the Adjustment Spread(s)) and/or in satisfaction of any Replacement Benchmark Remedial Action Criteria; or (ii) in the case of an Administrator/Benchmark Event Determination Date relating to a Bond Benchmark Disruption Event, that are necessary or appropriate in order to preserve, to the extent that the Interest Calculation Agent determines reasonably practicable, the economic position of the Swap Counterparty under the Charged Agreement (if any) in respect of such Series with respect to payment flows payable to

the Swap Counterparty (if any) under the Charged Agreement in respect of such Series relating to the Charged Assets (which for these purposes shall be deemed to be comprised of Charged Assets with an aggregate notional amount equal to the initial reference amount of such Charged Assets in respect of such Series) as at the Trade Date and/or to mitigate the effect on such payment flows (and the related amounts payable under the Charged Assets) as a result of any matters arising under the Bond Benchmark Disruption Event.

(C) the Trustee shall accept as sufficient evidence of any fact or matter, without further enquiry and without liability to any person for so doing, a Replacement Benchmark Amendments Notice and shall be entitled to rely absolutely on such Replacement Benchmark Amendments Notice without any investigation or enquiry and shall have no liability or responsibility (including, without limitation, for any loss that may be suffered as a result of the implementation of any such Replacement Benchmark Remedial Actions) for so doing.

(2) If the Issuer receives a Replacement Benchmark Notice from the Interest Calculation Agent no later than two calendar days before the Benchmark Adjustment Long Stop Date and the related Replacement Benchmark Amendments Notice is delivered to the Trustee by no later than the same date, the terms and conditions of the Notes of a Series, the terms of the Charged Agreement (if any) in respect of such Series, the terms of the Constituting Instrument in respect of such Series, and the terms of any other Series Document identified in the Replacement Benchmark Notice as being subject to the Replacement Benchmark Remedial Actions shall automatically be deemed amended to give effect to the Replacement Benchmark Remedial Actions as applicable to the terms and conditions of the Notes in respect of such Series and/or relevant Series Documents (and the same shall be construed in accordance with the applicable Replacement Benchmark Remedial Actions) with effect from the Replacement Benchmark Remedial Actions Effective Date (and the Issuer and each other party to each such Series Document has agreed therein to the same and to take such actions, at the cost of the Issuer, as may be required to give effect to the same), without (save where identified as necessary by the Interest Calculation Agent) any further action being required by any party and without any consent of the Trustee or Noteholders being required in connection therewith.

(3) In connection with Condition 6(j)(2) above and in respect of a Series of Notes, references to (i) the Relevant Benchmark(s) in the terms of the Notes, Charged Agreement, Constituting Instrument and any other Series Documents (as applicable) will be replaced by references to the Replacement Benchmark(s) as may be adjusted by the Adjustment Spread(s) (provided that the Replacement Benchmark(s), after application of any Adjustment Spread(s), may not be less than zero) and (ii) the terms and conditions of the Notes of a Series, Charged Agreement in respect of such Series (if any) and any other

Series Documents shall be construed as reflecting any Replacement Benchmark Ancillary Amendments.

- (4) The Issuer shall as soon as reasonably practicable following the Replacement Benchmark Remedial Actions Effective Date deliver, or procure the delivery of (including, without limitation, by way of a third party acting on its behalf), a notice containing the details of the Replacement Benchmark Remedial Actions to the Noteholders in accordance with Condition 14.
- (5) From the Replacement Benchmark Remedial Actions Effective Date in respect of a Series of Notes, the Replacement Benchmark Remedial Actions specified in the related Replacement Benchmark Notice will be binding on the Issuer, the Swap Counterparty (if any), the Agents, the Trustee and the Noteholders, and, for the avoidance of doubt, there is no requirement to seek or obtain any consent from Noteholders or from the Trustee in relation to such Replacement Benchmark Remedial Actions.
- (6) None of the Trustee, the Issuer, any Agent, the Arranger, the Dealer or the Swap Counterparty (if any) shall have any liability or responsibility for any loss suffered or incurred by any Noteholder as a result of (i) the implementation of any Replacement Benchmark Remedial Actions, (ii) the occurrence of an Administrator/Benchmark Early Redemption Event, and/or (iii) any other consequence or effect on a Series of Notes (including with respect to their value and/or return) arising as a result of items (i) and/or (ii) above.

(k) *Definitions*

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meaning set out below:

“Administrator/Benchmark Event” means the determination by the Interest Calculation Agent (acting in good faith and in a commercially reasonable manner), that any of the following events in respect of a Relevant Benchmark referenced in the Notes of a Series, the Charged Agreement (if any) or, in relation to a Bond Benchmark Disruption Event, the Charged Assets (save that the definition of Charged Assets for these purposes shall exclude the Charged Agreement (if any), any Eligible Credit Support and/or Equivalent Credit Support (each as defined in the Charged Agreement (if any))), has occurred at any time on or prior to such date of determination (with the Interest Calculation Agent being under no obligation to make such determination within any particular period following the occurrence of any such event) (such date of determination, the **“Administrator/Benchmark Event Determination Date”**):

- (i) Non-Approval Event;
- (ii) Rejection Event;
- (iii) Suspension/Withdrawal Event;

- (iv) Benchmark Cessation Event;
- (v) Benchmark Pre-Cessation Event; and/or
- (vi) Bond Benchmark Disruption Event.

“Administrator/Benchmark Notification” means a notice from or on behalf of the Interest Calculation Agent to the Issuer (copying the Trustee, the Swap Counterparty (if any) and the Agents) specifying, amongst other things, (i) the details of the underlying Administrator/Benchmark Event, (ii) the Benchmark Adjustment Long Stop Date, and (iii) that the Notes of a Series will automatically redeem in accordance with Condition 7 following the expiry of the Benchmark Adjustment Long Stop Date if the Interest Calculation Agent has not undertaken one or more Replacement Benchmark Remedial Actions in accordance with Condition 6(i).

- (2) the Charged Assets comprise any agreement of the type contemplated in the definition herein of Charged Agreement and such agreement is terminated by any party thereto, in each case whether or not by reason of an event of default (howsoever described) thereunder; or
- (3) any of the following events (each a “**Regulatory Event**”) occur:
 - (i) at any time after the Issue Date there is, with respect to the Issuer or a Swap Counterparty, an implementation or adoption of or change in any applicable law, regulation, or regulatory guidance (including, but not limited to, Dodd-Frank, AIFMD and EMIR), or the interpretation or administration thereof by any court, tribunal or regulatory authority with competent jurisdiction, or as a result of the public or private statement or action by, or response of, any court, tribunal or regulatory authority with competent jurisdiction or any official or representative of any such court, tribunal or regulatory authority acting in an official capacity, or a Swap Counterparty or the Issuer reasonably anticipates the imminent implementation or adoption of or such a change in any such law, regulation or regulatory guidance, which adoption or change would have the effect of altering the compliance requirements and/or the previously anticipated regulatory treatment and/or the tax treatment in respect of the Notes and/or a Charged Agreement for a Swap Counterparty or the Issuer, in a manner which:
 - (A) materially increases the regulatory burden on a Swap Counterparty and/or the Issuer whether in relation to the Notes and/or a Charged Agreement or generally; and/or

 - (F) results, or would result, in a Swap Counterparty and/or the Issuer becoming subject to a financial transaction tax or other similar tax in relation to the Notes and/or a Charged Agreement or generally, which would have a material adverse effect on a Swap Counterparty and/or the Issuer; and/or
 - (G) results, or would result, in it being unlawful, or in there being a reasonable likelihood of it being unlawful for (a) the Issuer to maintain the Notes or that the maintenance of the existence of the Notes would make it unlawful to maintain the existence of any other notes issued by the Issuer or, (b) the Issuer to perform any duties in respect of the Notes (including, without limitation, any transactions necessary or advisable to hedge the Issuer's risk in connection with the Notes); or
- (ii) at any time after the Issue Date, a Swap Counterparty and/or the Issuer receives notification from any regulatory authority, or any regulatory authority makes an announcement or implements a change in law, regulation or regulatory guidance (including, but not limited to, Dodd-Frank, AIFMD and EMIR), the effect of which is that (a) a Swap Counterparty is requested or reasonably believes that it is required to (i) desist from carrying out any activity contemplated by a Charged Agreement or (ii) take action that would result in a Swap Counterparty being unable to carry out any activity contemplated by a Charged Agreement and/or (b) a Swap Counterparty and/or the Issuer would be materially and adversely restricted in its ability to perform its obligations under a Charged Agreement; or
 - (iii) at any time after the Issue Date, the Issuer, a Swap Counterparty, or any affiliate, director, officer or employee thereof would be an **"AIFM"** or an **"AIF"** for the purposes of AIFMD by virtue (wholly or partially) of its involvement with the Notes and/or a Charged Agreement; or
 - (iv) at any time after the Issue Date, an EMIR Event occurs,

Any failure or delay by a Swap Counterparty to serve the notice referred to above shall not constitute a waiver of such Swap Counterparty's right to serve such a notice in respect of the relevant event or circumstance or in respect of any other event or circumstance.

(c) *Redemption on termination of Charged Agreement*

If any Charged Agreement is terminated (in whole but not in part and other than in consequence of Condition 7(i) or Condition 7(j) or in connection with a

redemption of Notes pursuant to Condition 7(b), Condition 7(h) or Condition 9 or save where the Conditions provide otherwise) for any reason, then the Issuer or the Swap Counterparty (if any) (as the case may be) shall promptly give notice to the Trustee and the Swap Counterparty (if any) or the Issuer (as the case may be) and the Notes shall become due and repayable as provided by Condition 7(g) (unless otherwise specified in the relevant Constituting Instrument). The Issuer shall give notice to the Noteholders in accordance with Condition 14 that the Notes will become due and repayable in accordance with Condition 7(g) (unless otherwise specified in the relevant Constituting Instrument) as soon as reasonably practicable after becoming aware of such event or circumstance.

then an “**Administrator/Benchmark Early Redemption Event**” shall occur on the Business Day following the Benchmark Adjustment Long Stop Date and the Notes of such Series shall be redeemed on their applicable Early Redemption Date in accordance with Condition 7(g) below.

As soon as practicable following an Administrator/Benchmark Early Redemption Event, the Issuer shall give notice to the Noteholders in accordance with Condition 14 that the Notes will become due and repayable in accordance with Condition 7(g) (unless otherwise specified in the relevant Constituting Instrument). Any failure or delay by the Issuer to give such a notice to any of the intended recipients thereof shall not affect that the Notes will become due and repayable in accordance with Condition 7(g).

(e) *Redemption for taxation*

- (1) If the Issuer, on the occasion of the next payment due in respect of the Notes, would be required (i) by law, or (ii) pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder or official interpretations thereof, to withhold or account for tax or, subject to Condition 7(e)(2), would suffer tax in respect of its income in respect of

the Charged Assets or receipt of payments under any Charged Agreement (other than in circumstances which give rise to a Withholding Requirement entitling the Noteholders by Extraordinary Resolution to declare the Notes due and repayable pursuant to Condition 7(e)(2) below) which would include, without limitations, circumstances where the implementation of ATAD 1 into Irish law affects the ability of the Issuer to make payments of the full amount due, the Issuer shall so inform the Trustee and shall use all reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction (approved in writing by the Trustee, the Swap Counterparty (if any) and notified by the Issuer to each Rating Agency that has rated the relevant Series of Notes and provided that each Rating Agency, shall have confirmed that the rating of the relevant Series of Notes will not be adversely affected) as the principal debtor and if it is unable to arrange such substitution before the next payment is due in respect of the Notes, then the Issuer shall forthwith give notice to the Trustee and the Notes shall become due and repayable as provided by Condition 7(g)(2) (unless otherwise specified in the relevant Constituting Instrument). The Issuer shall give notice to the Noteholders in accordance with Condition 14 that the Notes are due and repayable in accordance with Condition 7(g)(2) (unless otherwise specified in the relevant Constituting Instrument) as soon as reasonably practicable after becoming aware of such event or circumstance.

The Notes shall become due and payable upon such request having been made by the Trustee and the Issuer shall forthwith give notice to the Swap Counterparty (in accordance with Condition 14) of the same.
- (3) Notwithstanding the foregoing, if any of the taxes referred to in this Condition 7(e) arises:

 - (B) by reason of the failure by the relevant Noteholder or Receiptholders or Couponholder to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax,

then, in relation to such taxes, provided that the Issuer is able to deduct amounts in respect of such taxes from the amounts payable to such Noteholder or Receiptholder or Couponholder:

- (i) the Issuer shall make such deductions, but this shall not affect the rights of the other Noteholders and Receiptholders or Couponholders (if any) hereunder;
- (ii) notwithstanding the foregoing provisions of Condition 7(e)(1), the Issuer shall not be required by Condition 7(e)(1) to endeavour to arrange the substitution of a company incorporated in another jurisdiction as the principal debtor, the Notes shall not become due and repayable pursuant to Condition 7(e)(1) and the Trustee shall not be entitled to request that the Notes become due and payable pursuant to Condition 7(e)(1); and
- (iii) any such deduction shall not constitute an Event of Default under Condition 9.

As used herein, “**Withholding Requirement**” means a requirement to make a withholding or deduction for or on account of any Taxes (as defined in the Charged Agreement) due to any action taken by a taxing authority or taken or brought in a court of competent jurisdiction, on or after the Issue Date (regardless of whether such action is taken or brought with respect to a party to the Charged Agreement) or a Change in Tax Law (as defined in the Charged Agreement).

- (2) Subject to the provisions of Condition 7(f)(3) below, the Amortised Face Amount of any Zero Coupon Note shall be the Scheduled Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield specified in the Constituting Instrument compounded annually. Where such calculation is made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified in the Constituting Instrument.

- (3) If the amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to Condition 7(b) (other than Condition 7(b)(4)), Condition 7(c), Condition 7(d) or, if applicable, Condition 7(h) or upon its becoming due and payable as provided in Condition 9 is not paid when due, the amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as calculated in accordance with Condition 7(f)(2), except that such subparagraph shall have effect as though the reference therein to the Maturity Date were replaced by a reference to the date (the “**Relevant Date**”) which is the earlier of:

- (A) the date on which all amounts due in respect of the Note have been paid; and
- (B) the date on which the full amount of the moneys payable has been received by the Trustee or the Principal Paying Agent, in the case of Bearer Notes, or the Registrar, in the case of Registered Notes, and notice to that effect has been given to holders in accordance with the provisions of Condition 14.

The calculation of the Amortised Face Amount will continue to be made (as well after as before judgment) until the Relevant Date unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the principal amount of such Note together with any interest which may accrue in accordance with Condition 6(d).

(g) *Redemption amount of Notes*

- (1) The amount payable upon redemption of each Note (other than an Interest Only Note) on the Maturity Date in accordance with Condition 7(a) (the “**Scheduled Redemption Amount**”) shall be specified in the applicable Constituting Instrument.
- (2) Subject as provided by Condition 7(f) and unless the Constituting Instrument provides otherwise, the amount payable upon redemption of each Note pursuant to Condition 7(b) (other than pursuant to Condition 7(b)(4)), Condition 7(c), Condition 7(g) or Condition 7(e) or upon its becoming due and payable as provided in Condition 9 shall be the amount determined by the Trustee or, where applicable, the Determination Agent to be the amount available for redemption of such Note by applying the portion available to the Noteholders pursuant to Condition 4(d) (or as it may be amended or replaced by the Constituting Instrument) of the net proceeds of enforcement of the security in accordance with Condition 4 *pari passu* and rateably to the Notes (such amount being the “**Early Redemption Amount**”). No interest shall be payable in addition to the Early Redemption Amount except interest which was due and payable prior to the Early Redemption Date (as defined below). Unless otherwise set out in the Constituting Instrument, no Early Redemption Amount shall be payable in respect of an Interest Only Note.
- (3) Unless the Constituting Instrument provides otherwise, upon the date on which the Issuer gives notice to the Noteholders that the Notes will become due and repayable pursuant Condition 7(b) (other than pursuant

to Condition 7(b)(4)), Condition 7(c), Condition 7(d) or Condition 7(e), the security constituted by the relevant Constituting Instrument shall become enforceable and the provisions of Condition 4(a) and Condition 4(c) shall thereafter apply. Upon receipt of the proceeds (if any) of realisation of the Collateral following such enforcement, the Trustee shall give notice to the Noteholders in accordance with Condition 14 of the date on which each Note shall be redeemed at its Early Redemption Amount (the “**Early Redemption Date**”).

- (4) The Constituting Instrument shall specify the name of the Determination Agent appointed to determine the Early Redemption Amount. The Issuer will procure that, so long as any Note remains outstanding, there shall at all times be a Determination Agent.

The Determination Agent will, on such date as the Determination Agent may be required to calculate any Early Redemption Amount, if required to be calculated, cause such Early Redemption Amount to be notified to the Trustee, the Principal Paying Agent, or, in the case of Registered Notes, the Registrar, and each of the Paying Agents and to be notified to Noteholders in accordance with Condition 14 as soon as possible after its calculation but in no event later than the first Relevant Business Day thereafter. Any calculation of the Early Redemption Amount shall (in the absence of manifest error) be final and binding upon all parties.

If the Determination Agent is unable or unwilling to act as such, the Issuer will, with the prior written consent of the Trustee, appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Determination Agent may not resign its duties without a successor having been appointed as aforesaid.

- (5) If any Maximum or Minimum Redemption Amount is specified in the Constituting Instrument, then the Early Redemption Amount shall in no event exceed the maximum or, subject as provided in Condition 7(g)(2) and Condition 10, be less than the minimum so specified.
- (6) The Issuer may, if so specified in the applicable Constituting Instrument that this Condition 7(g)(6) applies and if the Constituting Instrument specifies the name of a Determination Agent, elect to satisfy its obligations to the Noteholders to pay the Scheduled Redemption Amount or any Early Redemption Amount or any Noteholder Optional Redemption Amount (as defined in Condition 7(h)(1)) or any Issuer Optional Redemption Amount (as defined in Condition 7(h)(2)) in respect of each Note by delivery to the relevant Noteholder of the Attributable Charged Assets (as defined below).

In such case, the Issuer will procure that the Custodian will, subject to receipt by it of a confirmation from the Principal Paying Agent or Registrar (as relevant) of any termination payment payable to or by the Issuer from or to each Swap Counterparty (if any) on termination of the Charged Agreement (if any) subject to the terms and conditions of the Charged Assets and to all applicable laws, regulations and directives and to payment by the relevant Noteholder(s) of any costs and expenses (including stamp duty or other tax) involved, deliver the Attributable Charged Assets, or shall procure that the Attributable Charged Assets are delivered, to each relevant Noteholder (free and clear of all charges,

liens and other encumbrances but together with the benefit of all rights and entitlements attaching thereto at any time after the date of delivery) on the date specified in the applicable Constituting Instrument (the **“Delivery Date”**).

In order to receive delivery of the relevant amount of Attributable Charged Assets, each Noteholder shall, on or prior to the Delivery Date, supply to the Custodian such evidence of the aggregate principal amount of the Notes held by such Noteholder as the Custodian may require. The following shall constitute evidence satisfactory to the Custodian:

- (i) if the Notes are in definitive form, all unmatured Coupons appertaining to such Note(s) (or an indemnity from each Noteholder in respect of any unmatured Coupons not so surrendered as the Issuer may require); or
- (ii) in the case of Notes in global form, a certificate or other document issued by Euroclear or Clearstream, Luxembourg or the Alternative Clearing System as to the principal amount of the Notes standing to the credit of the account of the Noteholder in question and confirming that such Noteholder has undertaken to Euroclear or Clearstream, Luxembourg or the Alternative Clearing System expressly for the benefit of the Issuer that it will not sell, transfer or otherwise dispose of its Notes (or any of them) or any interest therein at any time on or prior to the Delivery Date,

together with, in either case, confirmation from the Principal Paying Agent or the Paying Agent or the Registrar (as relevant) that the Noteholder has surrendered to it the relevant Notes.

On receipt of such evidence by the Custodian, the relevant amount of Attributable Charged Assets shall (subject as aforesaid) be delivered to such Noteholder or to such account with Euroclear or Clearstream, Luxembourg or the Alternative Clearing System as will be specified in the delivery instructions given in the manner set out below. Any stamp duty or other tax and any other costs and expenses payable in respect of the transfer of such Attributable Charged Assets shall be the responsibility of, and payable by, the relevant Noteholder.

A holder of Notes in definitive form, at the same time as surrendering such Notes together with, if applicable, all unmatured Coupons appertaining thereto, to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), shall specify to the Principal Paying Agent or the Registrar (as applicable) its instructions concerning the delivery to it, or any nominee of it, of the relevant amount of Attributable Charged Assets to which it is entitled and the Principal Paying Agent or Registrar (as applicable) shall forthwith notify the Custodian and each Swap Counterparty (if any) of such instructions.

A holder of Notes in global form shall notify the Custodian of its instructions concerning the delivery to it, or any nominee of it, of the relevant amount of Attributable Charged Assets to which it is entitled, which instructions will, for the avoidance of doubt, be included in any

notice given to the Custodian by Euroclear or Clearstream, Luxembourg in accordance with the provisions above and the Custodian shall forthwith notify the Swap Counterparty of such instructions.

As used herein “**Attributable Charged Assets**” shall be the proportion of Charged Assets (rounded to the nearest whole number) as equals the proportion which each Noteholder's holding of Notes bears to the total principal amount outstanding of the Notes as calculated by the Determination Agent in the manner and on the date specified in the applicable Series Memorandum. If the amount of Attributable Charged Assets to be delivered to a Noteholder is not divisible by the minimum denomination of such Charged Assets, the amount of Attributable Charged Assets to be delivered to such Noteholder shall be rounded down to the nearest whole multiple of such minimum denomination. Any determination of the Attributable Charged Assets to which a Noteholder is entitled by the Custodian shall be final and binding on all parties.

The net sums (if any) realised upon the security becoming enforceable on the early redemption of the Notes pursuant to the Conditions (including Condition 7(b), Condition 7(c) and Condition 7(d) above) may be insufficient to pay all the amounts due to each Swap Counterparty (if any) and to pay to the Noteholders amounts equal to the Scheduled Redemption Amount and the interest which would otherwise accrue to the date of redemption. In such event, any shortfall shall be borne by the Noteholders and by each Swap Counterparty (if any) and any other persons entitled to the benefit of the security pursuant to the Constituting Instrument in the inverse of the order of priority specified in the Constituting Instrument, and the Early Redemption Amount will reflect such shortfall in the case of the Noteholders. None of the Trustee, the holder of the issued share capital of the Issuer, the Administrator, any Swap Counterparty, the Arranger, the Dealers or any other person has any obligation to any Noteholders for payment of any amount by the Issuer in respect of the Notes or Receipts or Coupons (if any).

(h) *Redemption at the option of the Noteholders or the Issuer*

(1) Noteholder option

If this Condition 7(h)(1) is stated by the Constituting Instrument to be applicable, the Issuer shall, subject to compliance with all relevant laws, regulations and directives, at the option of the holder of any Note, redeem such Note on the date or dates specified for such purpose in the Constituting Instrument at its outstanding principal amount or such other amount as may be specified in the Constituting Instrument, or the amount calculated on the basis specified in Constituting Instrument (as the case may be) as being the applicable redemption amount or the applicable basis of determining the redemption amount pursuant to this Condition 7(h)(1) (such amount being the “**Noteholder Optional Redemption Amount**”), together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit the relevant Note with any Paying Agent (in the case of Bearer Notes) or the Registrar or any Transfer Agent (in the case of Registered Notes) at their respective specified offices, together with a duly completed notice of redemption

(“**Redemption Notice**”) in the form obtainable from any Paying Agent (in the case of Bearer Notes) or from the Registrar or any Transfer Agent (in the case of Registered Notes) not more than 60 nor less than 30 days prior to the relevant date for redemption and provided that, in the case of any Note represented by a Global Note or a Global Registered Certificate registered in the name of a nominee for Euroclear or Clearstream, Luxembourg or an Alternative Clearing System, the Noteholder must deliver such Redemption Notice together with an authority to Euroclear or Clearstream, Luxembourg or the relevant Alternative Clearing System (in each case, as appropriate) to debit such Noteholder's account accordingly and provided that, in the case of any Note represented by a Global Registered Certificate registered in the name of any other person, the Noteholder must deliver such Redemption Notice together with an instruction to such person to amend its records accordingly. No Note (or authority) so deposited may be withdrawn (except as provided in the Constituting Instrument) without the prior written consent of the Issuer.

(2) Issuer option

If this Condition 7(h)(2) is stated by the Constituting Instrument to be applicable, the Issuer may, on giving not more than 60 nor less than 30 days' notice to the Trustee and the Noteholders in accordance with Condition 14, and subject to compliance with all relevant laws, regulations and directives, at the option of the Issuer, redeem all or some of the Notes in the manner and on the date or dates specified in the Constituting Instrument at their outstanding principal amount or such other amount as may be specified in the Constituting Instrument, or the amount calculated on the basis specified in the Constituting Instrument (as the case may be) as being the applicable redemption amount or the applicable basis of determining the redemption amount pursuant to this Condition 7(h)(2) (such amount being the “**Issuer Optional Redemption Amount**”), together with interest accrued to the date fixed for redemption.

Notice given by the Issuer to redeem Note(s) pursuant to this Condition 7(h)(2) may not be withdrawn (save with the prior written consent of the Trustee) and the Issuer shall be bound to redeem the Note(s) in accordance with the notice, this Condition 7(h)(2) and the Constituting Instrument.

In the case of a partial redemption of Notes (if permitted as specified in the Constituting Instrument):

- (A) when the Notes are in definitive form, if a partial redemption is specified in the Constituting Instrument to be effected by selection of whole Notes, the Notes to be redeemed will be selected in the manner indicated in the Constituting Instrument and notice of the Notes called for redemption will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption, or, if a partial redemption of Notes is specified in the Constituting Instrument to be effected by *pro rata* payment, the outstanding principal amount of each Note shall be redeemed in a proportion equal to the proportion which the outstanding principal amount of such Note bears to the

aggregate outstanding principal amount of all the Notes at such time; and

- (B) when the Notes are represented by a Global Note or a Global Registered Certificate, if a partial redemption is specified in the Constituting Instrument to be effected by selection of whole Notes, the Notes to be redeemed will be selected in accordance with the rules of Euroclear or Clearstream, Luxembourg or the relevant Alternative Clearing System (to be reflected in the records of Euroclear, Clearstream, Luxembourg or the relevant Alternative Clearing System as either a pool factor or a reduction in nominal amount, at their discretion) (in each case, as appropriate) or (in any case where a Global Registered Certificate is registered in the name of a person other than a nominee for Euroclear or Clearstream, Luxembourg or an Alternative Clearing System) in accordance with the rules and procedures established from time to time by such person or, if a partial redemption of Notes is specified in the Constituting Instrument to be effected by *pro rata* payment, each Note shall be redeemed in a proportion equal to the proportion which the outstanding principal amount of such Note bears to the aggregate outstanding principal amount of all the Notes at such time.

(3) Consequence of exercise of options

As soon as reasonably practicable after the exercise of an option pursuant to this Condition 7(h), the Issuer shall instruct the Realisation Agent to arrange for and administer the sale of the Charged Assets or such part thereof as corresponds to the Notes to be redeemed in accordance with Condition 4(c).

(i) *Purchase*

Unless otherwise provided in the Constituting Instrument, the Issuer may, with the consent of each Swap Counterparty (if any), purchase Notes in the open market or otherwise at any price (provided, in the case of definitive Bearer Notes, that all unmatured Receipts and Coupons and unexchanged Talons appertaining thereto are attached or surrendered therewith). All Notes so purchased and any unmatured Receipts and Coupons and unexchanged Talons appertaining thereto attached to or surrendered with Bearer Notes may, if so specified in the Constituting Instrument, at the option of the Issuer or at the direction of the Swap Counterparty if so specified in the Constituting Instrument, be held by it (and subsequently re-issued or re-sold) or may be cancelled, in which latter case they may not be re-issued or re-sold. On any such purchase of such Notes by the Issuer, there will be a *pro rata* reduction in payments under the Charged Agreement (if any) and, so far as the denominations of the Charged Assets being realised or disposed of will allow, in the aggregate amount of the Charged Assets held by the Issuer, which transactions will leave the Issuer with no net liabilities in respect thereof; provided that any selection of individual assets comprised in the Charged Assets to be realised or disposed of shall be made at the discretion of the Issuer or at the direction of the Swap Counterparty if so specified in the Constituting Instrument. On any subsequent re-sale or re-issue of such Notes which the Issuer has not cancelled, either (i) there will be a *pro rata* increase in payments under the Charged Agreement (if

any) and in the amount of the Charged Assets or (ii) a new Charged Agreement will be entered into and new Charged Assets will be acquired by the Issuer.

Any such purchase is subject to receipt by the Issuer of an amount (whether by sale of the Charged Assets (or in the case of a purchase of some only of the Notes, a proportion of the Charged Assets corresponding to the proportion of the Notes to be purchased) or otherwise) which, plus or minus any termination payment payable to or by the Issuer from or to the Swap Counterparty on the termination (or as the case may be partial termination) of the Charged Agreement, is sufficient to fund the purchase price payable by the Issuer.

No interest will be payable with respect to a Note to be purchased pursuant to this Condition 7(i) in respect of the period from the previous date for the payment of interest on the Note, or, if none, the Issue Date to the date of such purchase.

If not all the Notes represented by a Registered Certificate are to be purchased, the Registrar shall forthwith upon the written request of the Noteholder concerned issue a new Registered Certificate in respect of the Notes which are not to be purchased and despatch such Registered Certificate to the Noteholder (at the risk of the Noteholder and to such address as the Noteholder may specify in such request).

When, in connection with the application of this Condition 7(i), it is necessary for the Issuer to sell the Charged Assets or any part thereof in the market, the Issuer shall instruct the Realisation Agent to arrange for and administer such sale in accordance with Condition 4(c).

The Trust Deed contains provisions for the release from the security in favour of the Trustee of the relevant Charged Assets (or part thereof) which correspond to the Series of Notes (or part thereof) to be redeemed by the Issuer pursuant to Condition 7(h) or purchased by the Issuer pursuant to Condition 7(i).

Whilst the Notes are represented by a Global Note or a Global Registered Certificate, the relevant Global Note or Global Registered Certificate will be endorsed to reflect the principal amount of Notes so redeemed or purchased.

(j) *Exchange of Series*

The Noteholders of a Series may together by notice in writing delivered to the Issuer (and copied to the Trustee), with the consent of each Swap Counterparty (if any) and subject to and in accordance with the provisions of the Constituting Instrument, request the Issuer to issue a further Series of Notes (the “**New Series**”) in exchange for that existing Series of Notes (the “**Existing Series**”) on such terms as may be specified in the Constituting Instrument or specified or approved by all such Noteholders. Any Charged Agreement in respect of such Existing Series so exchanged will be terminated and the security for the New Series will be that constituted by the Constituting Instrument in relation to the Existing Series (other than a security interest in respect of any Charged Agreement so terminated) (except that the security for the New Series may be postponed in point of priority to any other security over the assets securing the Existing Series which may have attached to such assets since the creation of the security for the Existing Series) and, if appropriate, over a further Charged Agreement to be entered into in connection with the New Series, all in accordance with the terms of the Constituting Instrument and as previously approved in writing by the Trustee provided that if the Existing Series is rated, at the request of the Issuer, by any Rating Agency, it may not be exchanged for a New Series unless each such Rating Agency shall have been notified and if the Existing Series is rated by any Rating Agency, the Rating Agency has confirmed that it will assign the New Series the same rating as that assigned by it to the Existing Series.

If the Existing Series comprises Listed Notes and if it is intended that the New Series be Listed Notes, the Issuer shall notify the relevant stock exchange and any relevant competent authority and produce such Series Memorandum and produce such information as the rules of such stock exchange or competent authority may require in connection therewith.

If the Noteholders of a Series elect, pursuant to Condition 7(j), to exchange such Series for a New Series, upon termination of any Charged Agreement in respect of the Existing Series so exchanged, a shortfall may be suffered by the Noteholders.

(k) *Redemption by instalments*

Unless previously redeemed, purchased and cancelled as provided in this Condition 7, each Note which provides for “**Instalment Dates**” and “**Instalment Amounts**” will be partially redeemed on each Instalment Date at the specified Instalment Amount, whereupon the outstanding principal amount of such Note and its Scheduled Redemption Amount (unless specified otherwise in the Constituting Instrument) shall be reduced for all purposes by the Instalment Amount. If the Constituting Instrument requires the Instalment Amounts to be calculated, it will specify the Determination Agent appointed to determine such Instalment Amounts and the provisions of Condition 7(g) in relation to the calculation of Redemption Amounts shall apply *mutatis mutandis* in relation to the calculation of Instalment Amounts.

(l) *Cancellation*

All Notes of any Series which are redeemed (together, in the case of Bearer Notes, with such unmaturing Receipts, Coupons and Talons as are attached thereto or are surrendered therewith at the time of such redemption) and all

Receipts and Coupons which are paid and Talons which are exchanged shall, unless otherwise permitted by these Conditions or the Constituting Instrument, be cancelled forthwith by the Paying Agent or the Registrar or Transfer Agent, as the case may be, by or through which they are redeemed or paid. Each Paying Agent shall give all relevant details and forward cancelled Notes, Receipts, Coupons and Talons to the Principal Paying Agent or its designated agent. All Notes which are purchased by the Issuer pursuant to Condition 7(i) (together, in the case of Bearer Notes, with such unmatured Receipts, Coupons and Talons as are attached thereto or are surrendered therewith at the time of such purchase) and all Receipts and Coupons which are paid and Talons which are exchanged shall, unless otherwise permitted by the Conditions, be delivered to, and cancelled forthwith by, the Principal Paying Agent (in the case of Bearer Notes, Receipts, Coupons and Talons) or the Registrar or Transfer Agent (in the case of Registered Notes), as the case may be.

Each Transfer Agent shall give all relevant details and forward cancelled Notes to the Registrar or its designated agent.

8. Payments

(a) *Bearer Notes*

Payments of principal and interest in respect of Bearer Notes (other than Dual Currency Notes) will, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payment of Instalment Amounts other than payment of the last Instalment Amount and provided that each Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 8(e)(6)) or Coupons (in the case of interest, save as specified in Condition 8(e)(6)) to or to the order of any Paying Agent outside the United States by transfer to an account denominated in the currency in which such payment is due; provided that if the Notes are denominated in Yen, such payments will be made by transfer to a Yen account (in the case of payment to a non-resident of Japan, to a non-resident Yen account) maintained by the payee with, a bank in Tokyo.

No payments of principal, interest or other amounts due in respect of Bearer Notes (or the related Coupons, Talons or Receipts) will be made by mail to an address in the United States or by transfer to an account maintained by the Holder in the United States.

(b) *Registered Notes*

- (1)** Payments of principal (which, for the purposes of this Condition 8(b), shall include the final Instalment Amount but not other Instalment Amounts) in respect of Registered Notes (other than Dual Currency Notes) will be made to the person shown on the register against presentation and surrender of the relevant Registered Certificate to or to the order of any of the Transfer Agents or of the Registrar and in the manner provided in Condition 8(a). To the extent that a Noteholder does not present (and, if applicable, surrender) the relevant Registered Certificate at least three Business Days prior to the Maturity Date or other date for redemption (as the case may be) none of the Issuer, the Trustee, the Registrar, the Principal Paying Agent, the Interest Calculation Agent, each Swap Counterparty (if any), the Determination

Agent (if any), the Custodian or any other person shall be liable in respect of any delay in the payment of the relevant redemption monies to such Noteholder as a consequence thereof.

- (2) Interest (which, for the purposes of this Condition 8(b), shall include all Instalment Amounts other than the final Instalment Amount) on Registered Notes payable on any Interest Payment Date or, as the case may be, any Instalment Date will be paid to the persons shown on the Register (i) in respect of Registered Notes that are not Registered Certificates, on the fifteenth day before the due date for payment thereof and (ii) in respect of Registered Notes that are Global Registered Certificates, as of the close of business on the day before the due date for payment thereof (respectively, the “**Record Date**”). Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the relevant Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in the principal financial centre of the country of that currency.
- (3) Payments in Yen in respect of Registered Notes will be made in the manner specified in Condition 8(a).

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if:

- (1) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due;
- (2) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts; and
- (3) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(d) *Payments subject to fiscal laws; payments on Global Notes and Global Registered Certificates*

- (1) All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives but without prejudice to the provisions of Condition 17 (*Taxation*); or (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the United States Internal Revenue Code of 1986 or otherwise imposed pursuant to Sections 1471 through 1474 of the United States Internal Revenue Code of 1986, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto in each case without prejudice to the provisions of Condition 17 (*Taxation*). No commissions or expenses shall be charged to the Noteholders in respect of such payments.
- (2) Payments of principal and interest in respect of Bearer Notes when represented by a Global Note and payments of principal in respect of Registered Notes when represented by a Global Registered Certificate will be made against presentation and surrender (if the Global Note is not intended to be issued in New Global Note form) or, as the case may be, presentation of the Global Note or Global Registered Certificate to or to the order of the Principal Paying Agent or, as the case may be, the Registrar, subject in all cases to any fiscal or other laws, regulations and directives applicable in the place of payment to the Issuer, the Principal Paying Agent or, as the case may be, the Registrar or the bearer or registered owner of the Global Note or Global Registered Certificate or any person (so long as the Global Note or Global Registered Certificate is held on behalf of Euroclear, Clearstream, Luxembourg, DTC or an Alternative Clearing System) shown in the records of Euroclear, Clearstream, Luxembourg or DTC (other than each Clearing System to the extent that it is an account holder with the other Clearing System for the purpose of operating the “bridge” between the Clearing Systems) or such Alternative Clearing System as the holder of a particular principal amount of the Notes. A record of each payment so made will be endorsed on the relevant schedule to the Global Note or Global Registered Certificate by or on behalf of the Principal Paying Agent or, as the case may be, the Registrar which endorsement shall be *prima facie* evidence that such payment has been made.
- (3) The bearer of a Global Note or the registered owner of a Global Registered Certificate shall be the only person entitled to receive payments of principal and interest on the Global Note or Global Registered Certificate and the Issuer will be discharged by payment to the bearer or registered owner of such Global Note or Global Registered Certificate in respect of each amount paid. So long as the relevant Global Note or Global Registered Certificate is held by or on behalf of Euroclear, Clearstream, Luxembourg, DTC or an Alternative Clearing System, each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, DTC or such Alternative Clearing System as the holder of a Note must look solely to Euroclear, Clearstream, Luxembourg, DTC or such Alternative Clearing System, as the case may be, for its share of each payment so made by the Issuer to the bearer or registered owner of the Global Note or Global Registered Certificate subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, DTC or such Alternative Clearing

System, as the case may be. So long as the relevant Global Registered Certificate is registered in the name of a person other than a nominee for Euroclear, Clearstream, Luxembourg, DTC or an Alternative Clearing System, each of the persons shown in the records of such person as the holder of a Note must look solely to such person for its share of each payment so made by the Issuer to such person, subject to the rules and procedures established from time to time by such person. No person other than the bearer of the Global Note or the registered owner of the Global Registered Certificate shall have any entitlement to payments due by the Issuer on the Notes.

(e) *Unmatured Receipts and Coupons and unexchanged Talons*

- (1) Fixed Rate Notes which are Bearer Notes, other than Notes which are specified in the Constituting Instrument to be Long Maturity Notes (being Fixed Rate Notes whose principal amount is less than the aggregate interest payable thereon on the relevant dates for payment of interest under Condition 6(a)) or Variable Coupon Amount Notes, shall be surrendered for payment together with all unmaturing Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon which the sum of principal so paid bears to the total principal due) will be deducted from the Redemption Amount due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date (as defined in Condition 7(f)(3)) for the payment of such Redemption Amount (whether or not such Coupon has become void pursuant to Condition 11).
- (2) Subject to the provisions of the Constituting Instrument, upon the due date for redemption of any Floating Rate Note, Long Maturity Note or Variable Coupon Amount Note which is a Bearer Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (3) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Bearer Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (4) Upon the due date for redemption of any Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (5) Where any Floating Rate Note, Long Maturity Note or Variable Coupon Amount Note which is a Bearer Note is presented for redemption without all unmaturing Coupons and any unexchanged Talon relating to it, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (6) If the due date for redemption of any Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case

may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note. Interest accrued on a Registered Note from its Maturity Date in respect of which the Registered Certificate has been presented for payment of principal shall, save as otherwise provided in the Conditions, be paid in accordance with Condition 8(b). Interest accrued on a Zero Coupon Note from its Maturity Date shall be payable on redemption of such Zero Coupon Note against presentation thereof.

(f) *Non-business days*

Subject as provided in the Constituting Instrument, if any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day on which banks are open for general business and carrying out transactions in the relevant currency in the relevant place of presentation and in the place where payment is to be made and in the cities referred to in the definition of Relevant Business Days set out in the applicable Constituting Instrument.

(g) *Dual Currency Notes*

The Constituting Instrument in respect of each Series of Dual Currency Notes shall specify the currency in which each payment in respect of the relevant Notes shall be made, the terms relating to any option relating to the currency in which any payment is to be made and the basis for calculating the amount of any relevant payment and the manner of payment thereof.

(h) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a coupon sheet issued in respect of any Note, the Talon forming part of such coupon sheet may be surrendered at the specified office of the Principal Paying Agent or such other Paying Agent as is notified to the Noteholders in exchange for a further coupon sheet (but excluding any Coupons which may have become void pursuant to Condition 11).

9. **Events of Default**

The Trustee at its discretion may, and if so directed (i) in writing by the holders of at least one-fifth in principal amount of the Notes of any Series then outstanding or (ii) by an Extraordinary Resolution of the Noteholders shall, subject to its being indemnified, pre-funded and/or secured to its satisfaction, give notice to the Issuer that the Notes of such Series are, and they shall accordingly immediately become, due and repayable at their Early Redemption Amount, calculated as provided by Condition 7(g) (or, in the case of Zero Coupon Notes of a Series (unless the Constituting Instrument provides otherwise or does not specify the Amortisation Yield and Day Count Fraction) at their Amortised Face Amount) and the security constituted by the relevant Constituting Instrument and any Additional Charging Instrument in respect of such Series shall become enforceable, and the proceeds of realisation of such security shall be applied as specified in Condition 4(d) (all as provided by the Trust Deed), in any of the following events (“**Events of Default**”):

- (a) if default is made for a period of 14 days or more in the payment of any sum due in respect of such Notes or any of them (save as specifically provided in these Conditions); or
- (b) if the Issuer fails to perform or observe any of its other obligations under such Notes or the relevant Trust Deed and, if such failure is remediable, such failure continues for a period of 30 days (or such longer period as the Trustee may permit) next following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and, for such purposes, any failure to perform or observe any obligation shall be deemed remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
- (c) if any order shall be made by any competent court or other authority or any resolution passed for the winding-up or dissolution of the Issuer, save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms approved by the Trustee; or

The Issuer has covenanted pursuant to the Trust Deed with the Trustee that, for so long as any Note remains outstanding, it shall provide a written confirmation to the Trustee annually that (as far as the Issuer is aware) no Event of Default or Potential Event of Default (each as defined in the Master Definitions) has occurred.

The Issuer has further covenanted in the Trust Deed that it will give notice in writing to the Trustee promptly upon becoming aware of the occurrence of any Event of Default or Potential Event of Default and, at the same time as giving such notice to the Trustee, shall procure that a copy of the same is sent to each Rating Agency which has (at the request of the Issuer) assigned a rating to the Notes.

10. Enforcement and Limited Recourse

Only the Trustee may pursue the remedies available under the Trust Deed, the Conditions and any Additional Charging Instrument to enforce the rights of the Noteholders of a Series or any other Secured Creditor in the order of priority specified in the Constituting Instrument. Neither any holder of any Note or Receipt or Coupon (if any) of such Series nor any other Secured Creditor is entitled to proceed directly against the Issuer or the Collateral, unless the Trustee, having become bound to proceed in accordance with the terms of the relevant Trust Deed, any Additional Charging Instrument or the Conditions, fails or neglects to do so within a reasonable period and such failure or neglect is continuing, or (in any circumstances) against any assets of the Issuer other than the Collateral. After realisation of the security in respect of the Notes of such Series which has become enforceable and distribution of the net proceeds thereof in accordance with Condition 4 and save for lodging a claim in the liquidation of the Issuer initiated by another person or taking proceedings to obtain a declaration or judgment as to the obligations of the Issuer, neither the Trustee nor any Noteholder may take any further steps against the Issuer, the directors or officers of the Issuer or any of its assets to recover any sum still unpaid in respect of the Notes or Receipts or Coupons (if any) nor may any other Secured Creditor with the benefit of the security constituted by the Trust Deed take any further steps against the Issuer, the directors or officers of the Issuer or any of its assets to recover any sum still unpaid in respect of the relevant Charged Agreement in respect of such Series and, in each case, all claims, debts and obligations against the Issuer in respect of each of such sums unpaid shall be extinguished. In particular (but without limitation), none of the Trustee or any Noteholder or any other Secured Creditor shall be entitled to petition or take any

other step for the winding-up of, or the appointment of an examiner to, the Issuer in relation to such sums or otherwise, nor shall any of them have any claim in respect of any such sums or on any other account whatsoever over or in respect of any other assets of the Issuer.

Such net proceeds may be insufficient to pay all the amounts due to each Swap Counterparty and to pay to the Noteholders amounts equal to the Scheduled Redemption Amount and the interest which would otherwise accrue to the date of redemption. In such event, any shortfall shall be borne by the Noteholders and by each Swap Counterparty (if any) and any other persons entitled to the benefit of the security pursuant to the Constituting Instrument in the inverse of the order of priority specified in the Constituting Instrument, and the Early Redemption Amount will reflect such shortfall in the case of the Noteholders. None of the Trustee, the Share Trustee, the Administrator, each Swap Counterparty (if any), the Arranger, the Dealers or any other person has any obligation to any Noteholders for payment of any amount by the Issuer in respect of the Notes or Receipts or Coupons (if any).

11. Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts, Coupons and Talons (if any) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the relevant due date for payment.

12. Replacement of Notes, Receipts, Coupons and Talons

If any Bearer Note or Registered Note (in global or definitive form), Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to all applicable laws and stock exchange requirements, at the specified office of the Principal Paying Agent (in the case of Bearer Notes) and the Registrar or any Transfer Agent (in the case of Registered Notes), upon payment by the claimant of the out-of-pocket expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued. In the case of a mutilated or defaced Bearer Note (unless otherwise covered by such indemnity as the Issuer may require) any replacement Bearer Note will only have attached to it Receipts, Coupons and/or Talons corresponding to those attached to the mutilated or defaced Bearer Note surrendered for replacement.

13. Meetings of Noteholders, Modification, Waiver, Authorisation and Substitution

(a) Meetings of Noteholders, modifications and waiver

The Trust Deed provides for the convening meetings of Noteholders of a Series to consider matters affecting their interests, including the modification by Extraordinary Resolution of the Conditions, the Trust Deed applicable to the Series and/or, if applicable, any Additional Charging Instrument or any agreement or deed constituted or created by the Constituting Instrument applicable to the Series. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing a majority in principal amount of the Notes of the relevant Series for the time being outstanding, or, at any adjourned such meeting, two or more persons

being or representing Noteholders of the relevant Series, whatever the principal amount of the Notes so held or represented, except that, *inter alia*, the terms of the security and certain terms concerning the amount and currency and the postponement of the due dates of payment of the Notes or the Receipts or Coupons (if any) may be modified only by resolutions passed at a meeting the quorum at which shall be two or more persons holding or representing two-thirds, or, at any adjourned such meeting, not less than one-third, in principal amount of the Notes for the time being outstanding. The holder of any Note representing the whole of a Series will be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders. A resolution duly passed at any meeting of the Noteholders will be binding on all Noteholders of the relevant Series, whether or not they were present at such meeting. A resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes who for the time being are entitled to receive notice of the meeting shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of Noteholders of such Series. The Trustee may, without consulting the Noteholders, determine that an event which would otherwise be an Event of Default shall not be so treated but only if and insofar as in its opinion the interests of the Noteholders shall not be materially prejudiced thereby and only with the prior written consent of any Swap Counterparty (which consent may be granted or refused in the discretion of such Swap Counterparty) and provided, if the Notes are rated at the request of the Issuer by any Rating Agency, each such Rating Agency shall have been notified in advance thereof. The Trustee, in making such determination may take into account a confirmation (if any) given by any Rating Agency that its then current rating of the Notes will not be withdrawn or adversely affected as a result of the Trustee making such determination. The Trustee may also agree, without the consent of the Noteholders, but only with the prior written consent of any Swap Counterparty (such consent not to be unreasonably withheld or delayed, except in the event of an amendment being made to any security granted for the benefit of, among others, the Swap Counterparty) and provided that each Rating Agency, that has assigned a rating to the Notes at the request of the Issuer, shall have been notified in advance thereof to:

- (A) any modification to the Conditions, the Constituting Instrument, the Trust Deed, or any Additional Charging Instrument, the Agency Agreement, any Custody Agreement or any Charged Agreement applicable to the Series or any other agreement or deed constituted or created by the Constituting Instrument applicable to the Series which is of a formal, minor or technical nature or is made to correct a manifest or proven error or is made as a result of any comments raised by Euronext Dublin in connection with an application to list a Series of Notes, and
- (B) any other modification and any waiver or authorisation of any breach or proposed breach of any of the provisions of the Conditions, the Constituting Instrument, the Trust Deed or any Additional Charging Instrument, the Agency Agreement, any Custody Agreement or any Charged Agreement applicable to the Series, or any agreement or deed constituted or created by the Constituting Instrument applicable to the Series and to which the Issuer and/or the Trustee are a party or any accession by or substitution of any party to any such agreement or deed which in each case, in the opinion of the Trustee, is not materially prejudicial to the interests of the Noteholders of that Series and subject as provided by the relevant agreement or deed.

Any such modification, authorisation or waiver shall be binding on the Noteholders of that Series and the Swap Counterparty (if any) and, unless the Trustee agrees otherwise with the Issuer, such modification shall be notified to the Noteholders of that Series in accordance with Condition 14 and Euronext Dublin (for so long as the Notes are listed thereon and Euronext Dublin so requires) as soon as practicable thereafter.

(b) *Authorisation*

The Issuer will not exercise any rights in its capacity as a holder of, or person beneficially entitled to or participating in, the Charged Assets unless directed in writing to do so by the Trustee and, if such direction is given, the Issuer will act only in accordance with such directions. In particular, the Issuer will not attend or vote at any meeting of holders of, or other persons interested or participating in, or entitled to the rights or benefits (or a part thereof) of, the Charged Assets or give any consent, waiver, indulgence, time or notification or make any declaration in relation to such Charged Assets unless it shall have been so directed in writing by the Trustee. If any such persons aforesaid are at any time requested to give an indemnity to any person in relation to the Charged Assets or to assume obligations not otherwise assumed by them under any of the Charged Assets or to give up, waive or forego any of their rights and/or entitlements under any of the assets secured pursuant to the relevant Trust Deed and/or, if applicable, any Additional Charging Instrument, or agree any composition, compounding or other similar arrangement with respect to any of the Charged Assets or any part of them, the Issuer will not give such indemnity or otherwise assume such obligations or give up, waive or forego such rights or agree such composition, compounding or other arrangement unless (i) it shall have been so requested by the Trustee and (ii) it shall have been counter-indemnified to its satisfaction.

The Trustee shall not be obliged to give any such direction or request to the Issuer in relation to the Charged Assets unless it is instructed to do so by any Swap Counterparty or by the holders of at least one-fifth in principal amount of the Notes of the relevant Series or by an Extraordinary Resolution of the Noteholders of such Series and then only if and to the extent that the Trustee is indemnified, pre-funded and/or secured to its satisfaction against any costs or liabilities which it may incur in doing so and the giving of such direction or request would not cause the Trustee or the Issuer to breach any applicable law, rule, regulation or directive. The Trustee shall be entitled to rely and act on any instruction given to it by any Swap Counterparty or such Noteholders or by Extraordinary Resolution and it shall not be liable to any person for the consequences of acting in accordance with such instruction. The Trustee shall not be responsible for monitoring or enquiring whether any rights have become exercisable by the Issuer in its capacity as the holder of any Charged Assets and shall not be liable to any person for any failure by the Issuer to exercise those rights.

(c) *Substitution of Issuer*

The provisions of the Trust Deed permit the Trustee to agree, subject to such amendment of the Trust Deed, any Additional Charging Instrument, if applicable, and the other agreements and deeds constituted or created by the relevant Constituting Instrument, notification to any Rating Agency that has, at the request of the Issuer, assigned a rating to the relevant Series of Notes, the confirmation of the relevant Rating Agency, if so required by it, that its then

current rating of any existing Series will not be withdrawn or adversely affected thereby, and such other conditions as the Trustee may require including the transfer of security and subject to the prior written approval of each Swap Counterparty (if any) (such approval not to be unreasonably withheld or delayed), but without the consent of the Noteholders of any Series, to the substitution of any other company in place of the Issuer, or of any previous substituted company, as principal debtor under the relevant Trust Deed, any Additional Charging Instrument (if applicable) and the Notes, Receipts, Coupons and Talons (if any) in relation to any Series. In the case of such a substitution, the Trustee may agree, without the consent of the Noteholders of any Series, but subject to the prior written approval of each Swap Counterparty (if any)) (such approval not to be unreasonably withheld or delayed), to a change of the law governing the Notes, the Receipts, the Coupons, the Talons (if any) and/or the Trust Deed and/or any Additional Charging Instrument and any other agreement or deed constituted or created by the Constituting Instrument with respect to the Series in question and/or to a change to another jurisdiction different from the one of the Issuer, provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders of the Series in question.

(d) *Entitlement of the Trustee*

In connection with the exercise of its powers, trusts, authorities or discretions (including but not limited to those in relation to any proposed modification, waiver, authorisation or substitution as aforesaid) the Trustee shall not have regard to the consequences of such exercise for individual Noteholders or of holders of any other notes or bonds, resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.

(e) *Swap Counterparty*

If, in relation to the relevant Series, there is one or more Charged Agreements, the Issuer shall not agree to any amendment or modification of the Conditions, the Trust Deed and/or any Additional Charging Instrument, if applicable, without first obtaining the written consent of the relevant Swap Counterparty, which consent may be granted or refused in the discretion of such Swap Counterparty.

14. Notices

Notices to holders of Registered Notes will be posted to them at their respective addresses in the Register and deemed to have been given on the seventh day after the date of posting. Other notices to Noteholders will be valid if (i) published in a leading daily newspaper (expected to be the Financial Times) having general circulation in London or in a leading English language daily newspaper of general circulation in Europe approved by the Trustee, or (ii) if, and for so long as, any Notes are admitted to trading on Euronext Dublin communicated to Euronext Dublin and published on Euronext Dublin website (<https://www.euronext.com/en/markets/dublin>) in accordance with Euronext Dublin's listing rules. Any such notice to holders of Notes (other than to holders of Registered Notes as specified above) shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made. Receiptholders, Couponholders and

Talonholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

So long as any Notes are represented by Global Notes or Global Registered Certificates notices in respect of those Notes may be given by delivery of the relevant notice to Clearstream, Luxembourg, Euroclear, DTC or the relevant Alternative Clearing System for communication by them to entitled account holders or (in the case of a Global Registered Certificate registered in the name of a person other than a nominee for Euroclear, Clearstream, Luxembourg, or an Alternative Clearing System) to such person for communication by it to those persons entered in the records of such person as being entitled to such notice, in each case, in substitution for publication in a leading daily newspaper with general circulation in London as aforesaid.

15. Indemnification of the Trustee

The Trust Deed provides for the indemnification of the Trustee and for its relief from responsibility for the validity, sufficiency and enforceability (which the Trustee has not investigated) of the security created over the Collateral, including provisions relieving it from taking proceedings to enforce repayment or from taking any action in accordance with the Constituting Instrument or any Additional Charging Instrument without being first indemnified, pre-funded and/or secured to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer, any issuer or guarantor of, or other obligor in respect of, the assets, rights and/or benefits comprising the Charged Assets, any Swap Counterparty, any Agent or any of their respective subsidiaries or associated companies without accounting to the holders of Notes, Receipts or Coupons for any profit resulting therefrom.

The Trust Deed provides that the Trustee is exempted from any liability in respect of any loss, diminution in value or theft of all or any part of the Collateral, from any obligation to insure all or any part of the Collateral (including, in either such case, any documents evidencing, constituting or representing the same or transferring any rights, benefits and/or obligations thereunder) or to procure the same to be insured and from any claim arising from all or any part of the Collateral (or any such document aforesaid) being held in an account with Euroclear, Clearstream, Luxembourg, DTC or an Alternative Clearing System in accordance with that system's rules or otherwise held in safe custody by the Custodian or a bank or other custodian selected by the Trustee or the Custodian.

The Trust Deed provides that the Trustee will be under no obligation or duty to act on any directions of the Noteholders or any Swap Counterparty (save as expressly provided in these Conditions and the Trust Deed), and (save as aforesaid), in the event of any conflict between directions given by the Noteholders and by any Swap Counterparty, it shall be entitled to act in accordance only with the directions of the Noteholders unless such Swap Counterparty gives directions to the Trustee in connection with any failure to pay when due any amount at any time owing to such Swap Counterparty in respect of the relevant Charged Agreement or (as the case may be) the Agency Agreement or Custody Agreement the payment or repayment of which is secured pursuant to the Trust Deed, in which case the Trustee shall be entitled to act in accordance only with the directions of any Swap Counterparty (but without prejudice to the provisions concerning enforcement of the security under Condition 4(c) and the Constituting Instrument and to the provisions concerning the application of moneys received by the Trustee in accordance with Condition 4(d) and the Trust Deed).

The Trust Deed provides that the Trustee shall not be bound or concerned to make any investigation into the creditworthiness of any Swap Counterparty or of any obligor

under any Charged Assets or the validity or enforceability of any of the obligations of any Swap Counterparty, under any Charged Agreement or of any obligor under the terms of any Charged Asset (including, without limitation, whether the cashflows from any Charged Assets, the Charged Agreement and the Notes are matched).

16. Further Issues

Without prejudice to the issue by the Issuer of a Series of Notes comprising more than one Tranche or class of Notes in the manner contemplated by Condition 3, the Issuer shall be at liberty from time to time without the consent of the Noteholders to:

- (a) create and issue Series of Notes on terms that such Series shall not be consolidated with or form a single series with any other Series of Notes and will not be secured on the Collateral or underlying assets for or in relation to any such Series and will form a separate Series of Notes; or
- (b) create and issue notes (“**Further Notes**”) on terms that such Further Notes shall be consolidated and form a single Series with the Notes of any existing Series (an “**Existing Series**”) but so long as any Rating Agency that has, at the request of the Issuer, assigned a rating to the Existing Series has been notified and confirmation is obtained from the Rating Agency if it has, at the request of the Issuer, assigned a rating to the Existing Series that its then current rating of the Notes of the relevant Existing Series will not be withdrawn or adversely affected thereby and provided that:
 - (i) the Further Notes together with the Notes of the Existing Series are secured on the Issuer's right, title and interest in and to the Charged Assets for the Existing Series (the “**Original Charged Assets**”) and assets (the “**Further Charged Assets**”) which are identical to the Original Charged Assets in every material respect and the nominal amount of which bears the same proportion to the nominal amount of the Further Notes as the proportion which the nominal amount of the Original Charged Assets bears to the nominal amount of the Notes of such Existing Series;
 - (ii) the Conditions of the Further Notes are identical to the Conditions of the Notes of such Existing Series except in respect of the first amount of interest (if any) in respect thereof;
 - (iii) the Further Notes are constituted by a constituting instrument supplemental to the Constituting Instrument in respect of the Notes of such Existing Series (the “**Further Constituting Instrument**”);
 - (iv) if the Issuer has entered into a Charged Agreement (the “**Original Charged Agreement**”) in respect of such Existing Series, the Issuer enters into an agreement or agreements supplemental to the Original Charged Agreement (the “**Further Charged Agreement**”) extending the provisions of the Original Charged Agreement, *pro rata*, to cover amounts receivable in respect of the Further Charged Assets and the obligations of the Issuer in respect of the Further Notes;

- (v) the security interests granted by the Issuer in such Further Constituting Instrument and/or any further Additional Charging Instrument executed pursuant to such Further Constituting Instrument are granted to the Trustee (i) for any Swap Counterparty (if there is a Further Charged Agreement) to secure the obligations of the Issuer under both the Original Charged Agreement and the Further Charged Agreement (ii) for all of the Noteholders of the consolidated Series on the same basis as that applicable to the Noteholders of the Existing Series and (iii) for any other Secured Creditor on the same basis as that applicable to such Secured Creditor in respect of the Existing Series;
- (vi) in the case of an Existing Series which is rated by any Rating Agency at the request of the Issuer each rating (if any) of the Charged Assets and the Further Charged Assets at the date of issue of the Further Notes will be identical to the rating (if any) of the Original Charged Assets at the date of issue of the Notes of the Existing Series.

Upon any issue of Further Notes pursuant to this Condition 16, all references in these Conditions to **“Notes”**, **“Charged Assets”**, **“Constituting Instrument”** and **“Charged Agreement”** shall be deemed (where the context permits) to be references to the Notes and the Further Notes (including, where the context admits, any Receipts, Coupons or Talons appertaining thereto), the Original Charged Assets and the Further Charged Assets, the Constituting Instrument and the Further Constituting Instrument, and the Original Charged Agreement and the Further Charged Agreement, respectively. The Issuer may not, without the consent of the Noteholders by Extraordinary Resolution, issue any separate Series of Notes (other than Further Notes, as described above) which are secured on the assets comprised in the Collateral for the Notes of this Series except as otherwise specified (and then only to the extent so specified) in the Constituting Instrument relating to the Notes.

Further, if the Notes are rated (at the request of the Issuer) by any Rating Agency or Rating Agencies the Issuer undertakes to the Trustee, the Noteholders and each Swap Counterparty in relation to the Notes that it will promptly notify the Trustee and such Rating Agency or Rating Agencies of each Discrete Series to be created or issued by it or Alternative Investments to be entered into by it, prior to the creation or issue or entering into thereof and shall, prior to the creation or issue of such Discrete Series or the entering into of such Alternative Investments, obtain written confirmation from the relevant Rating Agency, if so required by such Rating Agency, that its then current rating of the relevant Series of Notes will not be adversely affected or withdrawn as a result of the issue or creation of such Discrete Series or the entering into of such Alternative Investments (whether or not such Discrete Series or Alternative Investments are to be rated, at the request of the Issuer, by the Rating Agency).

Unless specified to the contrary in the Constituting Instrument, the provisions of Condition 16(b) (i), (ii), (iv), (v) and (vi) shall apply, mutatis mutandis, to any subsequent re-sale or re-issue of the Notes contemplated and permitted by such Constituting Instrument pursuant to Condition 7(i).

17. Taxation

All payments in respect of the Notes, Receipts or Coupons (if any) will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Issuer or the Registrar or any Transfer Agent

or any Paying Agent is required by applicable law to make any such payment in respect of the Notes, Receipts or Coupons (if any) subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature. In that event, the Issuer or such Paying Agent, Registrar or Transfer Agent (as the case may be) shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. Neither the Issuer, the Swap Counterparty, the Arranger nor any Paying Agent, Registrar or Transfer Agent will be obliged to make any additional payments to the Noteholders in respect of such withholding or deduction. Before any payment in respect of the Notes is made without any withholding or deduction, the Issuer (or the Principal Paying Agent or Registrar on its behalf) is entitled to request a Noteholder to provide, and the Noteholder shall be required to provide, the Issuer with such information as the Issuer (or such Agent) considers necessary for it to satisfy itself that any statutory requirements enabling it to pay amounts in respect of the Notes without any such deduction or withholding have been complied with.

Each Noteholder agrees or is deemed to agree that the Issuer and any other relevant party to the Notes may (1) request such forms, self-certifications, documentation and any other information from the Noteholder which the Issuer may require in order for it to comply with its automatic exchange of information obligations under, for example, FATCA and CRS (as defined below); (2) provide any such information or documentation collected from an investor and any other information concerning any investment in the Notes to the relevant tax authorities and (3) take such other steps as they deem necessary or helpful to comply with its automatic exchange obligations under any applicable law.

For these purposes, "**CRS**" means the Common Reporting Standard more fully described as the Standard for Automatic Exchange of Financial Account Information approved on 15 July 2014 by the Council of the Organisation for Economic Cooperation and Development and any treaty, law or regulation of any other jurisdiction which facilitates the implementation of the Common Reporting Standard including Council Directive 2014/107/EU on the Administrative Cooperation in the Field of Taxation ("**DACII**").

18. Governing Law and Submission to Jurisdiction

The Trust Deed, the relevant Constituting Instrument, the Agency Agreement, the Custody Agreement (if any) and the Charged Agreement (if any) and the Notes, the Receipts, the Coupons and the Talons (if any) and all other documents to which, by execution of the Constituting Instrument, the Issuer becomes a party in respect of a Series, and any non-contractual obligations arising therefrom or connected therewith, are governed by and shall be construed in accordance with English law. Each Additional Charging Instrument (if any) shall be governed by and construed in accordance with the law specified therein. Each Charged Agreement (if any) shall be governed by and construed in accordance with English law, unless otherwise specified in the Constituting Instrument. The Issuer has submitted to the jurisdiction of the English courts for all purposes in connection with the Notes, the Receipts, the Coupons and the Talons (if any), the Trust Deed, the Agency Agreement and the Custody Agreement (if any) (whether arising out of or in connection with contractual or non-contractual obligations) and by the Constituting Instrument has appointed an agent in London to accept service of process on its behalf in connection with service of proceedings in the English courts.

Save as specified otherwise in the Constituting Instrument, no person shall have any right to enforce any of the Conditions of the Notes under the Contracts (Rights of Third Parties) Act 1999.

SUMMARY OF PROVISIONS RELATING TO NOTES WHILE IN GLOBAL FORM

Upon the initial deposit of a Global Note in respect of Bearer Notes with a Common Depositary or Common Safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg and/or any Alternative Clearing System or registration of Registered Notes in the name of (i) if it is intended that such Registered Notes be issued under the New Safekeeping Structure, a nominee for a Common Safekeeper for Euroclear and Clearstream, Luxembourg or (ii) if it is not intended that such Registered Notes be issued under the New Safekeeping Structure, a nominee for a Common Depositary for Euroclear or Clearstream, Luxembourg or any Alternative Clearing System and delivery of the Global Registered Certificate to the Common Depositary or Common Safekeeper, as the case may be, Euroclear or Clearstream, Luxembourg or such Alternative Clearing System will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or any Alternative Clearing System as the holder of a Note represented by a Global Note or a Global Registered Certificate must look solely to Euroclear or Clearstream, Luxembourg or such Alternative Clearing System (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of such Global Registered Certificate, as the case may be, and in relation to all other rights arising under the Global Note or Global Registered Certificate, subject to and in accordance with the respective rules and procedures of Euroclear or Clearstream, Luxembourg or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for as long as the Notes are represented by such Global Note or Global Registered Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of such Global Registered Certificate, as the case may be, in respect of each amount so paid.

Exchange

Temporary Global Notes

Each Temporary Global Note will be exchangeable on or after its Exchange Date:

- (1) if the relevant Constituting Instrument indicates that such Temporary Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable, in whole, but not in part, for the Definitive Bearer Notes defined and described below; and
- (2) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Constituting Instrument for interests in a Permanent Global Note or, if so provided in the relevant Constituting Instrument, for Definitive Bearer Notes.

in accordance with the Conditions in addition to any Permanent Global Note or Definitive Bearer Notes for which it may be exchangeable.

Permanent Global Notes

Each Permanent Global Note will, if so provided in the relevant Constituting Instrument, be exchangeable, in whole but not in part, for definitive Bearer Notes either:

- (1) if the Issuer would suffer a material disadvantage as a result of a change in laws or regulations (taxation or otherwise) or as a result of a change in the practice of Euroclear, Clearstream, Luxembourg or any Alternative Clearing System which would not be suffered were the Bearer Notes in definitive form and a certificate to such effect is given to the Trustee; or
- (2) at the option of the holder (or all of the holders acting together, if more than one) if:
 - (a) an Event of Default under Condition 9 of the Notes occurs and is continuing and payment is not made on due presentation of the Permanent Global Note for payment; or
 - (b) either Euroclear or Clearstream, Luxembourg or any other clearing system with which the Permanent Global Note is for the time being deposited is closed for business for a continuous period of 14 days (otherwise than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or to cease to make its book-entry system available for settlement of beneficial interests in such Permanent Global Note or does in fact do either of such things and no Alternative Clearing System satisfactory to the Trustee and the Principal Paying Agent is available.

- (B) such Permanent Global Note is exchangeable in the circumstances described in (2) above, the Notes of such Series may be issued in Authorised Denominations which represent the aggregate of (a) a minimum authorised denomination of EUR 100,000 or some larger amount (or its equivalent in another currency), plus (b) integral multiples of EUR 1,000 or some other amount (or its equivalent in another currency).

In the circumstances described in (B) above, so long as the Notes are represented by a Temporary Global Note or a Permanent Global Note and the relevant clearing system(s) so permit, the Notes will be tradeable only in the minimum authorised denomination of EUR 100,000 or some larger amount (or its equivalent in another currency) and higher integral multiples of EUR 1,000 or some other amount (or its equivalent in another

currency), notwithstanding that no definitive notes will be issued with a denomination above EUR 199,000 (or its equivalent in another currency).

Global Registered Certificates

Each Global Registered Certificate will be exchangeable on or after its Exchange Date in whole but not in part for Registered Notes as represented by one or more Registered Certificates:

- (1) if the Issuer would suffer a material disadvantage as a result of a change in laws or regulations (taxation or otherwise) or as a result of a change in the practice of Euroclear, Clearstream, Luxembourg or any other clearing system in which the Global Registered Certificate is for the time being held which would not be suffered were the Notes represented by this Global Registered Certificate in definitive form and a certificate to such effect is given to the Trustee; or
- (2) at the request of the registered holder (or all the registered holders acting together, if more than one), in whole but not in part, for definitive Registered Notes if:
 - (a) interests in the Global Registered Certificate are cleared through Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and Euroclear or Clearstream, Luxembourg or such Alternative Clearing System in which the Global Registered Certificate is for the time being held is closed for business for a continuous period of 14 days (otherwise than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or to cease to make its book-entry system available for settlement of beneficial interests in the Global Registered Certificate and no Alternative Clearing System, satisfactory to the Trustee and the Registrar is available; or
 - (b) an Event of Default under Condition 9 occurs and is continuing and payment is not made on due presentation of the Global Registered Certificate for payment.

Delivery of Definitive Bearer Notes and Registered Notes Represented by one or more Registered Certificates

On or after any due date for exchange for Definitive Bearer Notes or Registered Notes represented by one or more Registered Certificates (a) the holder of a Global Note may surrender such Global Note and (b) the holder of any Global Registered Certificate may, in the case of exchange in full, surrender such Global Registered Certificate. In exchange for any Global Note or Global Registered Certificate, or the part thereof to be exchanged, the Issuer will in the case of (a) a Global Note exchangeable for Definitive Bearer Notes and (b) a Global Registered Certificate exchangeable for Registered Notes represented by one or more Registered Certificates, deliver, or procure the delivery of an equal aggregate principal amount of duly executed and authenticated Definitive Bearer Notes and/or Registered Notes represented by one or more Registered Certificates, as the case may be. Definitive Bearer Notes will be security printed and Registered Notes represented by one or more Registered Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the relevant Constituting Instrument. On exchange in full of each Global Note, the Issuer will, if the holder so requests, procure

that it is cancelled and returned to the holder together with the relevant Definitive Bearer Notes and/or Registered Notes represented by one or more Registered Certificates.

Exchange Date

“**Exchange Date**” means, in relation to a Temporary Global Note, the day falling after the expiry of 40 days after its issue date, but provided that if the Issuer issues any further notes pursuant to Condition 16 prior to the Exchange Date in relation to the Temporary Global Note representing the Notes with which such further notes shall be consolidated and form a single series, such Exchange Date may be extended to a date not less than 40 days after the date of issue of such further notes (but provided further that the Exchange Date for any Notes may not be extended to a date more than 160 days after their Issue Date). “**Exchange Date**” means in relation to a Permanent Global Note and a Global Registered Certificate, a day falling not less than 60 days after that on which the notice requiring exchange is given and, in any case, on which banks are open for business in the city in which the specified office of the Principal Paying Agent or, as the case may be, the Registrar is located and in the city in which the relevant clearing system is located.

Legend

Each Temporary Global Note, Permanent Global Note and any Bearer Note, Talon, Coupon and Receipt will bear the following legend:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the U.S. Internal Revenue Code of 1986, as amended.”

The sections of the Code referred to in the legend provide that a United States taxpayer, with certain exceptions, will not be permitted to deduct any loss, and will not be eligible for capital gains treatment with respect to any gain realised, on any sale, exchange or redemption of Bearer Notes or any related Coupons.

Amendment to Conditions

Each Temporary Global Note, Permanent Global Note and Global Registered Certificate will contain provisions that apply to the Notes that they represent, some of which will modify the effect of the Terms and Conditions of the Notes set out herein. The following is a summary of those provisions:

Payments

Except where a date for payment of interest on any Bearer Note occurs while such Bearer Note is represented by a Temporary Global Note, in which case the related interest payment will be made against presentation of the Temporary Global Note, if the Temporary Global Note is not intended to be issued in New Global Note form, only to the extent that certification of non-U.S. beneficial ownership (in the form set out in the Temporary Global Note) has been received by Euroclear or Clearstream, Luxembourg, no payment falling due after the Exchange Date will be made on any Temporary Global Note unless exchange for an interest in a Permanent Global Note or for Definitive Bearer Notes is improperly withheld or refused. All payments in respect of a Permanent Global Note will be made against presentation or surrender (as the case may be) of the Permanent Global Note, if the Permanent Global Note is not intended to

be issued in New Global Note form. All payments in respect of a Global Registered Certificate will be made against, in the case of principal only, presentation or surrender, as the case may be, of the Global Registered Certificate. A record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Bearer Notes represented thereby.

Prescription

Claims against the Issuer for payment in respect of Notes that are represented by a Temporary Global Note, Permanent Global Note or Global Registered Certificate will become void unless it is presented for payment within a period of ten years from the due date for payment.

Meetings

The holder of a Temporary Global Note, a Permanent Global Note or of the Notes represented by a Global Registered Certificate shall (unless such Temporary Global Note, Permanent Global Note or Global Registered Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Temporary Global Registered Note or a Permanent Global Note or of the Notes represented by a Global Certificate shall be treated as having one vote in respect of each Authorised Denomination of Notes for which such Global Registered Note may be exchanged. All holders of Registered Notes are entitled on a poll to one vote in respect of each Note comprising such Noteholders' holding, whether or not represented by a Global Registered Certificate.

Cancellation

Cancellation of any Bearer Note represented by a Permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Permanent Global Note.

Issuer's Options

Any option of the Issuer provided for in the Conditions of any Bearer Notes while such Bearer Notes are represented by a Permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in, and containing the information required by, the Conditions, except that the notice shall not be required to contain the certificate numbers of Bearer Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Bearer Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Bearer Notes of any Series, the rights of accountholders with a clearing system in respect of the Bearer Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg or an Alternative Clearing System (as the case may be).

Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Bearer Notes while such Bearer Notes are represented by a Permanent Global Note may be exercised by the holder of the Permanent Global Note giving notice to a Paying Agent or other relevant person within the time limits relating to the deposit of Bearer Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the

certificate numbers of the Bearer Notes in respect of which the option has been exercised, and stating the principal amount of Bearer Notes in respect of which the option is exercised and at the same time presenting the Permanent Global Note to the Principal Paying Agent, or to a Paying Agent acting on behalf of the Principal Paying Agent, for notation.

Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Registered Notes and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or Global Registered Certificate (in the case of Registered Notes).

Notices

So long as any Bearer Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Bearer Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note.

Partly-Paid Notes

The provisions relating to Partly-Paid Notes are not set out herein, but will be contained in the relevant Constituting Instrument and also in the relevant Global Notes.

THE CHARGED ASSETS SALE AGREEMENT

By executing the Constituting Instrument, the Issuer may enter into a charged assets sale agreement in respect of a Series (the “**Sale Agreement**”) with the Seller named as such in the Constituting Instrument on the terms set out in the master charged asset sale terms as specified in the relevant Constituting Instrument (the “**Master Charged Assets Sale Terms**”), as amended, modified and/or supplemented by the relevant Constituting Instrument, which Constituting Instrument shall incorporate by reference the provisions of the Master Charged Assets Sale Terms. Pursuant to the Sale Agreement, the Charged Assets relating to each Series of Notes or Alternative Investments will be purchased or acquired by the Issuer for delivery (subject as provided below) on the Issue Date of the Notes or Alternative Investments.

Unless otherwise specified in the applicable Series Memorandum, pursuant to the Sale Agreement in selling the Charged Assets, the Seller makes no representation or warranty as to the creditworthiness of any obligor in respect thereof, or as to whether the obligations of any obligor in respect thereof are valid, binding or enforceable or as to whether any event of default or potential event of default has or may have occurred with respect thereto.

Copies of the Master Charged Assets Sale Terms and the Constituting Instrument which will constitute the relevant Sale Agreement in relation to each Series will be available for inspection at the registered office of the Issuer during business hours on any weekday (Saturdays, Sundays and public holidays excepted) and by electronic means with the Trustee, the Paying Agents and the Registrar and the Transfer Agents (in each case, if any) with respect to the Notes of the relevant Series.

CUSTODY ARRANGEMENTS

Unless otherwise specified in the applicable Series Memorandum and/or the applicable Constituting Instrument, the party to the Constituting Instrument named as “**Custodian**” will act as the custodian of the Issuer with respect to the Charged Assets relating to the relevant Series or Tranche of Notes on the terms set out in the master custody terms as specified in the Constituting Instrument (the “**Master Custody Terms**”) as amended, modified and/or supplemented by the Constituting Instrument (the “**Custody Agreement**”).

The Custody Agreement will provide that (unless otherwise directed by the Trustee in accordance with the provisions of the Constituting Instrument and/or, if applicable, any relevant Additional Charging Instrument) the Charged Assets that are delivered to the Custodian will be held in safe custody, on behalf of the Issuer, subject to the security constituted by or pursuant to such Constituting Instrument and/or, if applicable, the relevant Additional Charging Instrument and to the provisions of the relevant Custody Agreement relating to release of the Charged Assets from the security constituted by such Constituting Instrument and/or, if applicable, the relevant Additional Charging Instrument.

Copies of the Master Custody Terms and the Constituting Instrument which will constitute the Custody Agreement in relation to each Series will be available for inspection at the registered office of the Issuer during business hours on any weekday (Saturdays, Sundays and public holidays excepted) and by electronic means with the Trustee, the Paying Agents and the Registrar and the Transfer Agents (in each case, if any) with respect to the Notes of the relevant Series.

DESCRIPTION OF CHARGED AGREEMENTS

Unless otherwise specified in the applicable Series Memorandum, the Issuer will, on the Issue Date of the Notes of a Series, enter into one or more swap agreements with the party or parties to the Constituting Instrument named as a **“Swap Counterparty”** on the terms set out in the master charged agreement terms as specified in the Constituting Instrument (the **“Master Charged Agreement Terms”**), as amended, modified and/or supplemented by the Constituting Instrument (each a **“Charged Agreement”**). A Charged Agreement may comprise any transaction (i) which is a rate swap transaction, swap option, basis swap, forward rate transaction, commodity swap, commodity option, equity or equity index swap, equity or equity index option, bond option, interest rate option, foreign exchange transaction, cap transaction, floor transaction, collar transaction, currency swap transaction, cross-currency rate swap transaction, currency option, credit protection transaction, credit swap, credit default swap, credit default option, total return swap, credit spread transaction, repurchase transaction, reverse repurchase transaction, buy/sell-back transaction, securities lending transaction, or forward purchase or sale of a security, commodity or other financial instrument or interest (including any option with respect to any of these transactions) or (ii) which is a type of transaction that is similar to any transaction referred to in (i) that is currently, or in the future becomes, recurrently entered into in the financial markets (including terms and conditions incorporated by reference in such agreement) and that is a forward, swap, future, option or other derivative on one or more rates, currencies, commodities, equity securities or other equity instruments, debt securities or other debt instruments, or economic indices or measures of economic risk or value and any combination of the foregoing transactions, under which the relevant Swap Counterparty may make certain payments and/or deliveries of cash, securities or other assets to the Issuer in respect of amounts due or deliveries to be made in respect of the Notes, Receipts and Coupons (if any) and the Issuer may make certain payments and/or deliveries of securities or other assets to the Swap Counterparty corresponding to sums or other deliveries receivable by the Issuer in respect of the Charged Assets, all as more particularly described in the applicable Series Memorandum and/or the applicable Constituting Instrument. A Charged Agreement may contain provisions requiring the relevant Swap Counterparty or the Issuer to deposit security, collateral or margin in certain circumstances all as may be more particularly described in the applicable Series Memorandum and/or the applicable Constituting Instrument. A Charged Agreement for a Series will, unless otherwise specified in the applicable Series Memorandum, terminate on the Maturity Date of the Notes of the relevant Series, unless terminated earlier in accordance with the terms thereof.

The Charged Agreement (if any) for a Series will (unless otherwise specified in the applicable Series Memorandum) incorporate the Master Charged Agreement Terms which comprise a swap agreement incorporating the International Swaps and Derivatives Association, Inc. form of Master Agreement (2002 Edition) (Multicurrency Cross-Border) and a Schedule thereto created by the Constituting Instrument for such Series and be supplemented by one or more letters of confirmation.

Early Termination of the Charged Agreement

The Charged Agreement may, unless otherwise specified in the applicable Series Memorandum and/or the applicable Constituting Instrument, be terminated early on the occurrence of one of the Events of Default or Termination Events (each as defined in the Charged Agreement) specified in the Charged Agreement.

Unless otherwise specified in the applicable Series Memorandum and/or the applicable Constituting Instrument, on the occurrence of a termination of the Charged Agreement, a termination payment may be due to be paid to the Issuer by the relevant Swap Counterparty or to the relevant Swap Counterparty by the Issuer, which amount will be determined by the relevant Swap Counterparty except where the relevant Swap Counterparty is the Defaulting Party (as defined in the Charged Agreement), in which case it will be made by the Issuer.

Partial Termination of the Charged Agreement

Unless otherwise specified in the applicable Series Memorandum and/or the applicable Constituting Instrument, a Charged Agreement may be terminated in part or in whole if the relevant Swap Counterparty receives a notice that some (or all) of the Notes of the relevant Series are to be redeemed by the Issuer pursuant to Condition 7(b)(4) or Condition 7(h) of the Notes or purchased by the Issuer pursuant to Condition 7(i) of the Notes or exchanged for Notes of a New Series pursuant to Condition 7(j) of the Notes. In such circumstances (unless otherwise specified in the applicable Series Memorandum and/or the applicable Constituting Instrument) the liability of the Issuer and the relevant Swap Counterparty to make payments and/or deliveries to the other pursuant to the Charged Agreement after the date of such redemption, purchase or exchange will, in the case of any redemption or purchase, be terminated, in the case of any redemption or purchase, to the extent and in the amounts that are equivalent to (in the case of the Issuer) the amounts which would have been received by the Issuer on the Charged Assets to be released from the charges granted in favour of the Trustee in or pursuant to the relevant Constituting Instrument consequent on such redemption and (in the case of the relevant Swap Counterparty) the amount which would have been payable on the Notes so redeemed and, in the case of an exchange, will be terminated in whole. Upon any partial termination of the Charged Agreement pursuant to the foregoing a determination of a Settlement Amount (as defined in the Charged Agreement) will be made by the relevant Swap Counterparty with respect to the portion of the Charged Agreement which is terminated only (unless otherwise specified in the applicable Series Memorandum and/or Constituting Instrument).

If a Charged Agreement is terminated prior to its scheduled termination date in accordance with its terms then, save as otherwise provided in the relevant Charged Agreement, the security constituted by the relevant Constituting Instrument and/or any Additional Charging Instrument may become enforceable.

Copies of the Master Charged Agreement Terms and the Constituting Instrument which will constitute the Charged Agreement in relation to each Series will be available for inspection at the registered office of the Issuer during business hours on any weekday (Saturdays, Sundays and public holidays excepted) and by electronic means with the Trustee, the Paying Agents and the Registrar and the Transfer Agents (in each case, if any) with respect to the Notes of the relevant Series.

USE OF PROCEEDS

The net proceeds of each issue of a Series of Notes will be used to purchase the Charged Assets in respect of such Series and/or enter into the transactions contemplated under this Programme Memorandum and/or to fund any initial payment obligations owing to any related Swap Counterparty and/or in meeting certain expenses and fees payable in connection with the operations of the Issuer and the issue of any Notes or as otherwise specified in the applicable Series Memorandum.

TAXATION

Irish Taxation

The following is a summary of certain Irish tax consequences of the purchase, ownership and disposition of the Notes. The summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes. The summary relates only to the position of persons who are the absolute beneficial owners of the Notes and may not apply to certain other classes of persons such as dealers in securities. The summary does not apply to Alternative Investments.

The summary is based upon Irish tax laws and the practice of the Irish Revenue Commissioners as in effect on the date of this Programme Memorandum, which are subject to prospective or retroactive change. The summary does not constitute tax or legal advice and the comments below are of a general nature only. Prospective investors in the Notes should consult their own advisors as to the Irish or other tax consequences of the purchase, beneficial ownership and disposition of the Notes including, in particular, the effect of any state or local tax laws.

Income Tax

In general, persons who are resident in Ireland are liable to Irish taxation on their world-wide income whereas persons who are not resident in Ireland are only liable to Irish taxation on their Irish source income. All persons are under a statutory obligation to account for Irish taxation on a self-assessment basis and there is no requirement for the Irish Revenue Commissioners to issue or raise an assessment.

A Note issued by the Issuer may be regarded as property situate in Ireland (and hence Irish source income) on the grounds that a debt is deemed to be situate where the debtor resides. However, the interest earned on such Notes is exempt from income tax if paid to a person who is not a resident of Ireland and who for the purposes of Section 198 of the Taxes Consolidation Act 1997 (as amended) ("**TCA 1997**") is regarded as being a resident of a relevant territory. A relevant territory for this purpose is a Member State of the European Communities (other than Ireland) or not being such a Member State a territory with which Ireland has entered into a double tax treaty that has the force of law or, on completion of the necessary procedures, will have the force of law and such double tax treaty contains an article dealing with interest or income from debt claims. A list of the countries with which Ireland has entered into a double tax treaty is available on www.revenue.ie.

Relief from Irish income tax may also be available under other exemptions contained in Irish tax legislation or under the specific provisions of a double tax treaty between Ireland and the country of residence of the holder of the Notes.

If the above exemptions do not apply it is understood that there is a long standing unpublished practice whereby no action will be taken to pursue any liability to such Irish tax in respect of persons who are regarded as not being resident in Ireland except where such persons:

- (a) are chargeable in the name of a person (including a trustee) or in the name of an agent or branch in Ireland having the management or control of the interest; or
- (b) seek to claim relief and / or repayment of tax deducted at source in respect of taxed income from Irish sources; or
- (c) are chargeable to Irish corporation tax on the income of an Irish branch or agency or to income tax on the profits of a trade carried on in Ireland to which the interest is attributable.

There can be no assurance that this practice will continue to apply.

Withholding Taxes

In general, withholding tax (currently at the rate of 20 per cent.) must be deducted from interest payments made by an Irish company such as the Issuer. However, Section 246 of the TCA 1997 ("**Section 246**") provides that this general obligation to withhold tax does not apply in respect of, inter alia, interest payments made by the Issuer to a person, who by virtue of the law of the relevant territory, is resident for the purposes of tax in a relevant territory (see above for details). This exemption does not apply if the interest is paid to a company in connection with a trade or business which is carried on in Ireland by the company through a branch or agency.

Apart from Section 246, Section 64 of the TCA 1997 ("**Section 64**") provides for the payment of interest on a "*Quoted Eurobond*" without deduction of tax in certain circumstances. A Quoted Eurobond is defined in Section 64 as a security which:

- (a) is issued by a company;
- (b) is quoted on a recognised stock exchange (this term is not defined but is understood to mean an exchange which is recognised in the country in which it is established (such as Euronext Dublin)); and
- (c) carries a right to interest.

There is no obligation to withhold tax on Quoted Eurobonds where:

- (a) the person by or through whom the payment is made is not in Ireland; or
- (b) the payment is made by or through a person in Ireland; and
- (c) the Quoted Eurobond is held in a recognised clearing system (Euroclear, Clearstream Banking SA, Clearstream Banking AG and the Depository Trust Company of New York have, amongst others, been designated as recognised clearing systems); or
- (d) the person who is the beneficial owner of the Quoted Eurobond and who is beneficially entitled to the interest is not resident in Ireland and has made an appropriate written declaration to this effect.

In certain circumstances, Irish encashment tax may be required to be withheld at the rate of 25 per cent. from interest on any Note, where such interest is collected by a person in Ireland on behalf of any holder of Notes.

Irish Gift and Inheritance Tax

Irish capital acquisitions tax (at a rate of 33%) can apply to gifts or inheritances of Irish situate assets or where either the person from whom the gift or inheritance is taken is Irish domiciled, resident or ordinarily resident or the person taking the gift or inheritance is Irish resident or ordinarily resident.

Capital Gains Tax

A holder of the Notes will not be subject to Irish taxes on capital gains provided that such noteholder is neither resident nor ordinarily resident in Ireland and such noteholder does not have an enterprise, or an interest in an enterprise, which carries on business in Ireland through a branch or agency or a permanent representative to which or to whom the Notes are attributable.

Stamp Duty

For as long as the Issuer is a “qualifying company” within the meaning of Section 110, no Irish stamp duty will be payable on either the issue or transfer of the Notes, provided that the money raised by the issue of the Notes is used in the course of the Issuer’s business.

FATCA

Ireland and the United States have entered into the IGA in relation to FATCA. Ireland has also enacted regulations to introduce the provisions of the IGA into Irish law. The Issuer intends to carry on its business in such a way as to ensure that it is treated as complying with FATCA, pursuant to the terms of the IGA. Unless an exemption applies, the Issuer shall be required to register with the IRS as a ‘reporting financial institution’ for FATCA purposes and report information to the Irish Revenue Commissioners relating to the investors who, for FATCA purposes, are specified US persons, non-participating financial institutions or passive non-financial foreign entities that are controlled by specified US persons. Exemptions from the obligation to register for FATCA purposes and from the obligation to report information for FATCA purposes are available only in limited circumstances. Any information reported by the Issuer to the Irish Revenue Commissioners will be communicated to the IRS pursuant to the IGA. It is possible that the Irish Revenue Commissioners may also communicate this information to other tax authorities pursuant to the terms of any applicable double tax treaty, intergovernmental agreement or exchange of information regime.

The Issuer should generally not be subject to FATCA withholding tax in respect of its US source income for so long as it complies with its FATCA obligations. FATCA withholding tax would only be envisaged to arise on US source payments to the Issuer if the Issuer did not comply with its FATCA registration and reporting obligations and the IRS specifically identified the Issuer as being a ‘*non-participating financial institution*’ for FATCA purposes.

The Common Reporting Standard

The common reporting standard (“**CRS**”) framework was published by the OECD in February 2014 as a result of the G20 members endorsing a global model of automatic exchange of financial account information in order to increase international tax transparency. The goal of the CRS is to provide for the annual automatic exchange between governments of financial account information reported to them by local

reporting financial institutions relating to account holders who are tax resident in other participating jurisdictions.

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation (“**DAC II**”) implements the CRS in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis.

Ireland has introduced legislation to implement the requirements of the CRS and the DAC II into Irish law, including the Returns of Certain Information by Reporting Financial Institutions Regulations 2015 of Ireland.

As a result, Irish financial institutions (for the purposes of the CRS and DAC II) (such as the Issuer) are obliged to make a single annual return in respect of CRS. For the purposes of complying with its obligations under CRS and DAC II, the Issuer shall be entitled to require the investors to provide any information regarding their and, in certain circumstances, their controlling persons’ tax status, identity or residence in order to satisfy any reporting requirements which the Issuer may have as a result of CRS and DAC II. The information will be provided to the Irish Revenue Commissioners who will exchange the information with the tax authorities of other participating jurisdictions, as applicable. Failure to comply with the relevant CRS and DAC II obligations may result in the Issuer being deemed to be non-compliant in respect of its CRS obligations and monetary penalties may be imposed under Irish legislation.

EU Mandatory Disclosure Regime

EU Directive 2018/822 (the “**Mandatory Disclosure Directive**”) requires the disclosure of certain information regarding ‘*cross-border*’ arrangements to the taxation authorities of each EU Member State and, in a redacted form, to the European Commission. The information must be reported by persons who have acted as ‘*intermediaries*’ in such transactions and, in certain cases, taxpayers themselves. An ‘*intermediary*’ for these purposes includes any person that has designed, marketed or managed the implementation of a reportable arrangement. Broadly, a transaction/arrangement will be reportable under the Mandatory Disclosure Directive if it involves at least one EU Member State and it has one or more of the ‘*hallmarks*’ of a reportable arrangement set out in the Mandatory Disclosure Directive. Information that must be shared by intermediaries in respect of reportable arrangements includes details of any taxpayers to whom that arrangement was made available. In Ireland, the 30 day time period for the reporting of information commenced on 1 January 2021.

FUTURE CHANGES IN APPLICABLE LAW (AND UNCERTAIN TAX POSITIONS)

Each investor should be aware that tax laws and regulations are changing on an ongoing basis, and such changes may apply with retroactive effect. Moreover, the interpretation and application of tax laws and regulations by certain tax authorities may not be clear, consistent or transparent. Uncertainty in the tax law may require the Issuer to accrue for potential tax liabilities even in situations where the Issuer does not expect to be ultimately subject to such tax liabilities. Moreover, accounting standards and/or related tax reporting obligations may change, giving rise to additional accrual and/or other obligations. Each investor should also be aware that other developments in the tax laws of the United States, Ireland or other jurisdictions could have a material effect on the tax consequences to the Issuer and/or the Noteholders and such developments may require the Noteholders to disclose certain additional information (which may be provided to the IRS or other taxing authorities) or may subject such Noteholders to other adverse consequences.

The foregoing description of Irish tax consequences of an investment in the Notes and the operations of the Issuer is based on laws and regulations which are subject to change through legislative, judicial or administrative action. Other legislation could be enacted that would subject the Issuer to income taxes or subject Noteholders to increased income taxes.

SUBSCRIPTION AND SALE

The Issuer will enter into a Placing Agreement with the Arranger in respect of each issue of Notes or making of Alternative Investments, pursuant to which the Arranger will agree, among other things, to purchase or to procure purchasers for such Notes or parties to such Alternative Investments.

Selling/Transfer Restrictions Applicable to the Notes

Prohibition of Sales to EEA Retail Investors

The Arranger and each Dealer will be required to represent and agree that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Programme Memorandum as completed by the Series Memorandum in relation thereto to any retail investor in the European Economic Area.

Consequently no key information document required by Regulation (EU) No 1286/2014 (the “**PRIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Prohibition of Sales to UK Retail Investors

The Arranger and each Dealer will be required to represent and agree that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Programme Memorandum as completed by the Series Memorandum in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

- (a) the expression retail investor means a person who is one (or more) of the following:

- (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended) (“**EUWA**”); or
 - (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA; and
- (b) the expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

United States

The Notes have not been and will not be registered under the Securities Act or any state securities laws. Consequently, the Notes may not be offered, sold, or otherwise transferred within the United States or to, or for the account or benefit of, any U.S. Person (as defined in Regulation S under the Securities Act). The Issuer has not been and will not be registered under the Investment Act.

Bearer Notes will be subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or to or for the account of a U.S. person. Terms used in this paragraph have the meanings given to them in the Code.

Additionally, Notes may not be offered, sold, delivered or transferred within the United States or to or for the account or benefit of U.S. Persons under any circumstances before the end of the 40-Day Restricted Period. **Persons considering the purchase of Notes should consult their own legal advisers concerning the application of U.S. securities laws to their particular situations as well as any consequences of the purchase, ownership and disposition of Notes arising under the laws of any other relevant jurisdictions.**

In addition, until 40 days after the commencement of the offering of any Series or Tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering of such Notes) may violate the registration requirements of the Securities Act if not made in accordance with the provisions hereof.

European Economic Area

In relation to each Member State of the European Economic Area, the Arranger and each Placement Agent will in each Placing Agreement represent and agree that it has not made and will not make an offer of Notes or Alternative Investments to the public in that Member State, except that it may make an offer of Notes or Alternative Investments to the public in that Member State:

- (a) if the Series Memorandum in relation to the Notes or Alternative Investments specifies that an offer of those Notes or Alternative Investments may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes or Alternative Investments which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that any such prospectus has subsequently been completed by the Series Memorandum contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or Series Memorandum, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), as permitted under the Prospectus Regulation, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; and/or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation (as may be locally implemented),

provided that no such offer of Notes or Alternative Investments referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation, or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an “**offer of Notes or Alternative Investments to the public**” in relation to any Notes or Alternative Investments in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes or Alternative Investments to be offered so as to enable an investor to decide to purchase or subscribe for the Notes or Alternative Investments and the expression “**Prospectus Regulation**” means Regulation (EU) 2017/1129.

Each Dealer will be required to represent, warrant and agree, and each further Dealer appointed under the Programme will be required to represent, warrant and agree that, in relation to any offering of Notes or Alternative Investments to which MiFID II and Regulation (EU) No 600/2014 (“**MiFIR**”) applies, that such offering is in accordance with the applicable rules set out in MiFID II (including any applicable national transposition of MiFID II) and MiFIR, including that any commission, fee or non-monetary benefit received from the Issuer complies with such rules.
