Multi-Jurisdiction Repackaging Note Programme

Programme

Each of the Issuers is a special purpose vehicle and has established a separate Programme with the Programme Counterparties on its Establishment Date, as restated on the Programme Date, by executing a Programme Deed. Each Issuer's indebtedness under its Programme at any time may not exceed the stated Issuer Limit. Under the Programme each Issuer may from time to time create Obligations, which may be in the form of Notes. This document comprises the "**Base Prospectus**" (as supplemented from time to time by any Base Prospectus Supplement) in respect of that Issuer for the purposes of Article 5.4 of the Prospectus Directive (2003/71/EC) as amended (to the extent that such amendments have been implemented in a Member State of the European Economic Area) (the "**Prospectus Directive**"). This Base Prospectus (as supplemented from time to time by any Base Prospectus Supplement) relates only to the issuance of Notes issued after the date hereof and replaces and supersedes each base prospectus dated 20 May 2015 issued in respect of the Issuers and in relation to the Programme.

Issuance

Notes will be issued in Series. A Series may be issued in one or more Tranches. The Conditions of each Series will comprise the Base Conditions as modified by any applicable Product Supplement and the Additional Conditions set out in the applicable Prospectus or Exempt Prospectus (the "**Offer Document**") for a Series. The Offer Document, read together with this Base Prospectus (as supplemented from time to time by any Base Prospectus Supplement), will comprise the "**Authorised Offering Material**" for that Series. A Prospectus will be prepared in connection with an issue of Notes which are either (i) admitted to trading on a regulated market within the European Economic Area or (ii) offered to the public in a Member State of the European Economic Area in circumstances which would require the publication of a prospectus under the Prospectus Directive and an Exempt Prospectus will be prepared in connection with an issue of Notes which are not (i) admitted to trading on a regulated market within the European Economic Area and are not (ii) offered to the public in a Member State of the European Economic Area in circumstances which would require the publication of a prospectus under the Prospectus Directive.

Security and Limited Recourse

Noteholders' rights will be secured by the Secured Property. Claims against an Issuer by Noteholders and other Secured Parties in respect of any Series will be limited to the Net Proceeds and will rank in accordance with the priority of claims set out in the Offer Document. If the Net Proceeds are not sufficient to satisfy in full all claims arising in respect of the Notes, then the Issuer will not be obliged to make any payment in excess of such Net Proceeds and no other assets of the Issuer will be available for payment of any Shortfall. Accordingly, the Issuer will owe no debt in respect of any Shortfall. Neither the Noteholders nor the Trustee will be able to take any further action to recover any Shortfall and the failure to make payment of any Shortfall will not constitute an Event of Default.

No Guarantee

Each Issuer will be solely responsible for the Notes issued by it. They will not be guaranteed by, nor the responsibility of, any other entity.

Clearing

Notes held in the Clearing Systems will initially be represented by a Global Note. Global Notes may be deposited on the Issue Date with a common depository on behalf of and, in the case of Registered Notes, registered in the name of a nominee for, the Clearing Systems.

Listing and Admission to Trading on a Regulated Market

The Base Prospectus has been approved by the Central Bank of Ireland (the "**Central Bank**"), as competent authority under the Prospectus Directive. The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to Notes which are to be admitted to trading on the regulated market of The Irish Stock Exchange plc (the "**Irish Stock Exchange**") or other regulated markets for the purposes of Directive 2004/39/EC or which are to be offered to the public in any Member State of the European Economic Area.

Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List and trading on its regulated market. There can be no assurance that such listing and admission to trading will be granted. Such market (the "**Market**") is a regulated market for the purposes of the Prospectus Directive. However, unlisted Notes may be issued pursuant to the Programme and the Programme also provides that Notes may be listed on such other stock exchange(s) or markets of the Irish Stock Exchange as may be specified in the relevant Offer Document. The relevant Offer Document, in respect of the issue of any Notes will specify whether or not such Notes will be listed on the Irish Stock Exchange (or any other stock exchange). In relation to unlisted Notes, all references herein to any listing, stock exchange, competent authority, regulated market or other such terms relating to listing and/or admission to trading of this Base Prospectus or any Notes shall be disregarded.

A prospectus or other offering document will be prepared in connection with an issue of Notes (which document may incorporate by reference the whole or any part of the Base Prospectus), in circumstances where such Notes are either (i) admitted to trading on a regulated market within the European Economic Area or (ii) offered to the public in a Member State of the European Economic Area in circumstances which would require the publication of a prospectus under the Prospectus Directive (a "**Prospectus**") and consequently such Prospectus would be a "prospectus" for the purposes of Article 5 of the Prospectus Directive. A prospectus or other offering document will be prepared in connection with an issue of Notes (which document may incorporate by reference the whole or any part of the Base Prospectus), in circumstances where such Notes are not (i) admitted to trading on a regulated market within the European Economic Area and are not (ii) offered to the public in a Member State of the European Economic Area in circumstances which would require the publication of a prospectus under the Prospectus Directive (an "**Exempt Prospectus**") and consequently such Exempt Prospectus would not be a "prospectus" for the purposes of Article 5 of the Prospectus Directive.

A copy of this Base Prospectus will be filed with the Irish Companies Registration Office within 14 days of approval as required by the Prospectus (Directive 2003/71/EC) Regulations 2005 of Ireland.

Rating

Individual Series may be rated. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, adjustment (including reduction) or withdrawal at any time by the Rating Agency. The Offer Document will specify whether a Series is rated or unrated. Where a Series is unrated, its issue will be contingent on the relevant Rating Agency confirming that the issue of such Series will not adversely affect the rating of any Rated Notes.

Whether or not each credit rating applied for in relation to the relevant Series of Securities will be issued or endorsed by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009, as amended by Regulation (EU) No. 513/2011 (the "**CRA Regulation**") will be disclosed in the relevant Offer Document. The credit ratings included or referred to in this Base Prospectus will be treated for the purposes of the CRA Regulation as having been issued by Fitch Ratings, Ltd. ("**Fitch**"), Moody's Investors Service Limited ("**Moody's**") and/or Standard & Poor's Credit Market Services Europe Limited ("**Standard & Poor's**") upon registration pursuant to the CRA Regulation. Fitch, Moody's and Standard & Poor's are established in the European Union and are registered under the CRA Regulation. The list of credit rating agencies registered under the CRA Regulation (as updated from time to time) is published on the website of the European Securities and Markets Authority ("**ESMA**") (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>).

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not either (1) issued or validly endorsed by a credit rating agency established in the European Union and registered with ESMA under the CRA Regulation or (2) issued by a credit rating agency established outside the European Union which is certified under the CRA Regulation.

Prohibition of sales to EEA retail investors

The Notes are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC ("**IMD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the "**Prospectus Directive**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The GS Group does not assume any responsibility for the accuracy or completeness of any information about the Assets. Prospective Noteholders should make their own investigation into the Assets.

The GS Group is not acting as an advisor or fiduciary to investors in the Notes and in evaluating the merits and risks of an investment in the Notes, a prospective Noteholder should consider the market and other activities of the GS Group, as well as its clients and counterparties, that will or may be inconsistent with or adverse to the interests of investors in the Notes.

Irish Stock Exchange: This document is a Base Prospectus in compliance with the Prospectus Directive, for the purpose of giving information with regard to the Issuer and the Notes. Copies of this document in relation to the Notes to be issued during the period of 12 months from the date of this Base Prospectus have been filed with and approved by the Central Bank in its capacity as competent authority in Ireland for the purposes of Directive 2003/71/EC. Copies of this document will be available, free of charge, to the public from the specified office set out below of the Trustee (as defined herein) and the Paying Agent (as defined herein) and the registered office of the Issuer.

Regulation: The Issuers are not regulated by the Central Bank. Any investment in the Notes issued by the Issuers will not have the status of a bank deposit and will not be within the scope of the deposit protection scheme operated by the Central Bank.

Representations: No person has been authorised to give any information or to make any representation in connection with the issue or sale of the Notes other than those contained in the Authorised Offering Material and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or the Arranger or any Dealer.

Regulated Market: In the case of any Notes to be issued by any of the Wholesale Issuers and which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

Change of Circumstances: Neither the delivery of any Authorised Offering Material nor any sale made in connection with them will, under any circumstances, imply (i) the absence of a change in the affairs of the Issuer since the date thereof or (ii) that there has been no adverse change in the financial position of the Issuer since the date thereof or (iii) that any other information supplied in connection with the Programme is correct as of any date subsequent to the date hereof.

No Offer: The Authorised Offering Material does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

Restriction on Distribution: The distribution of the Authorised Offering Material and the offering or sale of Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") and may be in bearer form and therefore subject to U.S. tax law requirements. Notes may not be offered, sold or delivered at any time within the United States (as defined in Regulation S of the Securities Act ("**Regulation S**")) or to, or for the account or benefit of any person who is (a) a U.S. person (as defined in Regulation S), (b) a U.S. person (as defined in the credit risk retention regulations issued under Section 15G of the U.S. Securities Exchange Act of 1934) or (c) not a Non-United States person (as defined in Rule 4.7 under the U.S. Commodity Exchange Act of 1936 but excluding, for the purposes of subsection (D) thereof, the exception for qualified eligible persons who are not Non-United States persons) ("**CFTC Rule 4.7**").

Any investor in the Notes (including purchasers following the issue date of such Notes) shall be deemed to give the representations, agreements and acknowledgments specified in the Conditions of such Notes, including a representation that it is not, nor is it acting for the account or benefit of, a person who is (i) a U.S. person (as defined in Regulation S under the Securities Act), (ii) a U.S. person (as defined in the credit risk retention regulations issued under Section 15G of the U.S. Securities Exchange Act of 1934) or (iii) not a Non-United States person (as defined in Rule 4.7 under the U.S. Commodity Exchange Act of 1936, but excluding for purposes of subsection (D) thereof, the exception to the extent that it would apply to persons who are not Non-United States persons).

If such an investor is purchasing the Notes on their issue date, such an investor may also be required to provide the relevant Dealer with a letter containing a representation substantially in the same form as the deemed representation specified above.

For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see "Subscription and Sale".

Need for Independent Analysis: Prospective Noteholders should conduct such independent investigation and analysis regarding the Issuer, the security arrangements and the Notes as they deem appropriate to evaluate the merits and risks of an investment in the Notes. Purchasers of Notes should have sufficient knowledge and experience in financial and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate the information contained in this Base Prospectus and the relevant Offer Document and the merits and risks of investing in the Notes in the context of their financial position and circumstances. Prospective Noteholders should have regard to the factors described under the section headed "Risk Factors" in this document. This Base Prospectus does not describe all of the risks of an investment in the Notes. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. To the fullest extent permitted by law, none of the Dealers or the Arranger accept any responsibility for the contents of this Base Prospectus or for any other statement, made or purported to be made, by the Arranger or Dealer or on its behalf in connection with the Issuer or the issue and the offering of the Notes. The Arranger and each Dealer accordingly disclaim all and any liability whether in tort or in contract or otherwise (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement. Neither the Arranger nor any Dealer undertakes to review the financial condition or affairs of the Issuer or provide information in respect of the Assets during the life of the arrangements contemplated by this Base Prospectus nor to advise any Noteholder or prospective Noteholder of any information coming to the attention of the Arranger or any such Dealer.

Stabilisation: In connection with the issue of any Tranche, Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager) may over-allot Notes (provided that, in the case of any Tranche to be admitted to trading on the regulated market of the Irish Stock Exchange, the aggregate principal amount of Notes allotted does not exceed 105% of the aggregate principal amount of the relevant Tranche) or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager) in accordance with all applicable laws and rules.

Responsibility of Calculation Agent: In the performance of its functions, the Calculation Agent will, unless otherwise specified, act in good faith and a commercially reasonable manner. The Calculation Agent is not acting as agent of the Issuer (or any other person) and is not acting as fiduciary and will owe no fiduciary obligations or duties to the Issuer, the Noteholders, any Transaction Counterparty or any other person, and shall have no obligation to take the interests of the Issuer, the Noteholder, any Transaction Counterparty or any other person into consideration for any reason. Except to the extent that the Calculation Agent has acted negligently or fraudulently or is in wilful default, the Calculation Agent shall not be liable to the Issuer for any expense, loss or damage suffered by or occasioned to it as a result of the performance or non-performance of the Calculation Agent's functions. The Calculation Agent owes no duty (whether contractual, fiduciary or otherwise) and shall have no liability to the Noteholders, any Transaction Counterparty or any other person, save in case of fraud, and will have no obligation to take the interests of any of the Noteholders, any Transaction Counterparty or any other person into consideration for any reason. In any event, the Calculation Agent shall not, under any circumstances, be responsible for indirect, punitive or consequential losses or special damages (including any loss of profits, goodwill, reputation, business opportunity or anticipated saving), whether or not it has been advised of the possibility of such loss or damages and regardless of whether the claim for loss or damage is made in negligence, fraud, wilful default or otherwise.

Section C – Securities

| | | |
|------------|---|--|
| C.1 | Type and class of securities being offered | The Programme is a Multi-Jurisdictional Repackaging Note Programme pursuant to which each Issuer may from time to time create debt obligations, which may be in the form of Notes. Securities Identification Code: Each Series of Notes will have a unique identification code referenced in the applicable Additional Conditions as set out in the Prospectus as an “ISIN” or “NSIN” code. |
| C.2 | Currency | Not Applicable. Subject to compliance with all relevant laws, regulations and directives, the Notes may be issued in any currency as agreed between the Issuer and the relevant Dealers. |
| C.5 | Description of restrictions on free transferability of the Notes | The distribution of the Authorised Offering Material and the offering or sale of Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the Securities Act and may be in bearer form and therefore subject to |

| | | |
|-----|--|--|
| | | U.S. tax law requirements. Notes may not at any time be offered, sold or delivered within the United States or to any person who is (a) a U.S. person (as defined in Regulation S) or (b) not a non-United States person (as defined in CFTC Rule 4.7). |
| C.8 | Description of the rights attached to the Securities, including ranking | <p>Status and Limited Recourse: The Notes will be secured, limited recourse obligations of the Issuer which rank equally among themselves and secured over, amongst other things, any Assets and the Series Rights. Recourse in respect of any Series will be limited to the Secured Property and any sums derived from it which is the subject of the Security in respect of the Notes. Once such Secured Property has been realised and the Net Proceeds distributed, none of the parties or anyone acting on their behalfs may take any further steps against the Issuer or its directors, officers, members or administrator to recover any further sum and no debt will be owed by the Issuer in respect of such sum. No party may institute or join with any other person in bringing, instituting or joining, insolvency proceedings (whether court based or otherwise) or for the appointment of an examiner, receiver or analogous person in relation to the Issuer, and none of them will have any claim in respect of any sum arising in respect of any assets secured for the benefit of any other creditors of the Issuer.</p> <p>Claims of Noteholders and, if applicable, any counterparty to a Swap, any Secured Agent and the Trustee rank in accordance with the priorities specified in the Conditions and in the Additional Conditions as set out in the relevant Prospectus.</p> <p>Interest: See C.9 below.</p> <p>Redemption: The Additional Conditions as set out in the relevant Prospectus will specify the basis for calculating the redemption amounts payable on final redemption and on any early redemption. In particular, the Additional Conditions prepared in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders, and if so the terms applicable to such redemption. Also, Notes of a Series may become repayable in whole or in part, upon the occurrence of certain events specified in the relevant Additional Conditions, which may include the occurrence of a payment default in respect of the Initial Assets or the Initial Assets become repayable prior to the stated date of maturity or become capable of being so repayable; an event whereby the Issuer would suffer or need to withhold or account for tax, as a result of a change in tax laws; the occurrence of an Early Termination Date under the Swap Agreement for any reason; the Arranger become(s) insolvent (unless, in respect of the Notes of such Series, certain elections have been made in relation to the Swap Agreement which allow the Swap Agreement to continue in the event that the Swap Counterparty becomes insolvent); or a determination by the Calculation Agent that certain mark-to-market triggers relevant to that Series of Notes has occurred. Following any such mandatory redemption event, the Notes (or portion thereof) shall be redeemed according to the settlement method specified in the relevant Prospectus.</p> |

| | | |
|-------------|--|---|
| C.9 | Interest and yield; name of representative of debt securityholders | <p>Interest: The Notes may be Interest-bearing Notes or zero-coupon Notes. Interest Amounts for Interest-bearing Notes will be payable in arrear on the date or dates in each year specified in the relevant Additional Conditions set out in the Prospectus prepared in connection with the Notes, and may bear interest at a fixed rate, floating rate or variable rate of interest as specified in the relevant Additional Conditions. Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest. The length of the interest periods for the Notes and the applicable rate of interest or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum rate of interest, a minimum rate of interest, or both. The use of Interest Calculation Periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Additional Conditions.</p> <p>Trustee: The Trustee for Noteholders of any Series of Notes will be BNY Mellon Corporate Trustee Services Limited.</p> <p>Maturity: Subject to compliance with all relevant laws, regulations and directives, Notes may have any maturity as specified in the relevant Additional Conditions.</p> |
| C.10 | Explanation on how the interest amount is affected by value of the underlying | Not Applicable. Whether any interest payable on the Notes will be affected by the value of the Initial Assets in respect of any Series of Notes will be specified in the Additional Conditions set out in the Prospectus for such Series. |
| C.11 | Listing | Notes may be listed or unlisted. The Additional Conditions set out in the Prospectus prepared in connection with the Notes will specify whether a Series of Notes will be admitted for listing and trading on any Stock Exchange. Notes will not be listed on any stock exchange in the United States. |
| C.12 | Minimum Denomination | Notes to be issued by the Irish Issuers may have a minimum denomination of less than €100,000. The minimum denomination for each Series of Notes will be specified in the relevant Additional Conditions. |
| C.21 | Market where the Notes will be traded | Where an Issuer issues Notes that are admitted for listing and trading on a Stock Exchange, the Additional Conditions set out in the Prospectus prepared in connection with the Notes will specify whether the relevant market will be the Irish Stock Exchange or another regulated market for the purposes of Directive 2004/39/EC. |

| Section D – Risks | | |
|--------------------------|-------------------------------------|---|
| D.2 | Risks relating to the Issuer | Risks related to each Issuer include that each Issuer is a special purpose vehicle with the sole business of raising money by issuing notes and entering into Obligations, and each Issuer's ability to make payments under the Notes will depend on the performance of the Swap Counterparty under the Swap Agreement which in turn depends on the timely receipt by the Issuer of scheduled payments under the Assets so that the Issuer is able to perform its obligations under the Swap Agreement. |
| D.3 | Risks relating to the Notes | The purchase of Notes may involve substantial risks and is suitable only for investors who have the knowledge and experience in financial and business matters necessary to enable |

| | | <p>them to evaluate the risks and the merits of an investment in the Notes. There are certain factors which may affect each Issuer's ability to fulfil their obligations under the Notes issued under the Programme.</p> <p>Risks related to the Notes include that the Notes are limited recourse obligations which are payable solely out of the Secured Property of which the net proceeds of realisation of the Secured Property may be insufficient to cover amounts that would otherwise be due under the Notes; that the market price of the Notes may be volatile; and the Notes themselves may have no liquidity.</p> <p>Risks relating to the Assets include that the market price of the Assets will generally fluctuate such that an Issuer may need to fund payments due in connection with the Notes by selling Assets at their market value; and Dealers (who may have the capacity to make determinations affecting the value of the Notes) of the Notes may have confidential information concerning the Assets which it will not be obliged to disclose to any Noteholder. Such Dealers may buy and sell, securities, commodities, or other derivatives identical or related to the Notes of which, their hedging and trading activities with respect to the Notes may affect the value of such securities, commodities, or other derivatives and vice versa.</p> |
|--|--|---|

| Section E – Other | | |
|-------------------|---|--|
| E.2b | Reasons for offer and use of proceeds when different from making profit and/or hedging certain risks | The net proceeds of the issue of each Series of Notes will be used in or towards the acquisition of the related Assets (if any) or in making payments under the Swap Agreement or in making payments under other contracts entered into in connection with the issue of the Series. |
| E.3 | Terms and conditions of offer | The Notes may be offered subject to certain conditions (including minimum and/or maximum subscription or purchase amounts or numbers, with a possible reduction in the amount or number of the Notes requested) and time limits and/or pursuant to a particular application process. |
| E.4 | Interest material to issue including conflicting interests | So far as the Issuer is aware, it is not intended that any person involved in the offer of the Notes has an interest material to the offer. |
| E.7 | Estimated expenses charged to investor | The expenses charged to the investor is the amount (if any) set out in the Additional Conditions as set out in the Prospectus prepared in connection with the Notes. |

Risk Factors

This Base Prospectus does not describe all of the risks of an investment in the Notes. The Issuer and the Dealers disclaim any responsibility to advise prospective Noteholders of such risks as they exist at the date of this Base Prospectus or as they change from time to time. Further, none of the Issuer, the Arranger or any Dealer makes any representations as to (i) the suitability of any Notes for any particular investor; (ii) the appropriate accounting treatment or possible tax consequences of an investment in any Notes; or (iii) the expected performance of any Notes, either in absolute terms or relative to competing investments. Prospective Noteholders should obtain their own independent accounting, tax and legal advice and should consult their own professional investment advisor to ascertain the suitability of the Notes as an investment and should conduct such independent investigation and analysis regarding the risks, security arrangements and cash-flows associated with the Notes as they deem appropriate to evaluate the merits and risks of an investment in the Note. In particular, prospective Noteholders should note that an investment in the Notes is only suitable for persons who (i) have the knowledge and experience in financial and business matters necessary to enable them to evaluate the information contained in the Authorised Offering Material and the risks of the Notes in the context of their own financial, tax and regulatory circumstances and investment objectives; (ii) are able to bear the economic risk of an investment in the Notes for an indefinite period of time; (iii) are acquiring the Notes for their own account for investment, not with a view to resale; and (iv) recognise it may not be possible to transfer the Notes for a substantial period of time, if at all.

Risks related to each Issuer

The Issuer is a special purpose vehicle: The Issuer's sole business is the raising of money by issuing notes and entering into other Obligations for the purposes of purchasing assets and entering into related derivatives and other contracts. There is no day to day management of the business of the Issuer.

Issuer not Regulated: Other than in connection with any public offer of Notes or the admission to trading of the Notes on a regulated market within the European Economic Area, the Issuer is not required to be licensed, registered or authorised in the Issuer's Jurisdiction and will operate without any regulatory supervision in any jurisdiction. Regulatory authorities in jurisdictions other than the Issuer's Jurisdiction may take a contrary view regarding the applicability of any such laws to the Issuer, which could have an adverse impact on the Issuer or the holders of the Notes.

The Luxembourg Issuer is a special purpose securitisation vehicle: The Luxembourg Issuer's sole business is the entering into and the performance of any transactions as permitted by the Luxembourg law of 22 March 2004 on securitisation. The Luxembourg Issuer may notably issue debt securities for the purposes of purchasing assets in order to carry out its activity within the frame of its corporate object. There is no day to day management of the business of the Luxembourg Issuer.

Luxembourg Issuer not Regulated: The Luxembourg Issuer is an unregulated securitisation vehicle and will not offer the Notes to the public on a continuous basis as these terms are defined in the Luxembourg law of 22 March 2004 on securitisation. Other than at the Luxembourg register of commerce and companies and/or in connection with any public offer of Notes or the admission to trading of the Notes on a market within the European Economic Area, the Luxembourg Issuer is not required to be licensed, registered or authorised in the Luxembourg Issuer's Jurisdiction and will operate without any regulatory supervision in any jurisdiction. Regulatory authorities in jurisdictions other than the Luxembourg Issuer's Jurisdiction may take a contrary view regarding the applicability of any such laws to the Luxembourg Issuer, which could have an adverse impact on the Issuer or the holders of the Notes.

Alternative Investment Fund Managers Directive: EU Directive 2011/61/EU on Alternative Investment Fund Managers ("AIFMD") was transposed into national laws in the EU prior to 22 July 2013. The AIFMD seeks to regulate the activities of alternative investment fund managers ("AIFMs") who are (i) established in the EU and manage alternative investment funds ("AIFs") (whether the AIFs are established in the EU or not), or (ii) established outside the EU but who manage AIFs that are established in the EU, or (iii) AIFMs that are established outside the EU but who manage AIFs

that are established outside the EU but which AIFs are marketed in the EU. If the Issuer is an AIF, it must have a designated AIFM with responsibility for portfolio and risk management, who would need to be appropriately regulated. In addition, if the Issuer is an AIF (which may be determined by reference to any transactions it has entered into) it will be classified as a "financial counterparty" under the European Markets and Infrastructure Regulation (Regulation 648/2012) and may be required to comply with clearing obligations or other risk mitigation techniques with respect to derivatives transactions including obligations to post margin to any central clearing counterparty or market counterparty.

Risks related to the Notes

Limited recourse: The Notes are limited recourse obligations and are payable solely out of the Secured Property. No person other than the Issuer will be obliged to make payments on the Notes. The Net Proceeds of realisation of the Secured Property may be insufficient to cover amounts that would otherwise be due under the Notes. Noteholders may not proceed directly against any Secured Property unless the Trustee, having become so bound, fails to do so within a reasonable time.

Non-petition: Noteholders may not take any step towards the winding-up, examination or administration of the Issuer.

Priority of Claims: The Noteholders' right to be paid amounts due under the Notes will be subordinated to prior ranking claims in the manner specified in the Drawdown Deed.

No gross-up: Noteholders will not receive grossed-up amounts to compensate for any withholding tax. Imposition of such a tax may constitute a Mandatory Redemption Event.

Noteholder Meetings: The Notes contemplate meetings of Noteholders to consider matters affecting their interests. In such meetings, resolutions passed by defined majorities will bind all Noteholders, even if they have voted against those resolutions.

Notes subject to optional redemption: Notes may be redeemable at the Issuer's option. The market value of such Notes will tend not to rise above the price at which they can be redeemed. Upon redemption, an investor may not be able to reinvest redemption proceeds at the same effective interest rate.

Mandatory Redemption: A Mandatory Redemption Event may occur upon the occurrence of any of an Asset Event, a Tax Redemption Event, a FATCA Tax Event, a Section 871(m) Event, a Swap Event, an MTM Trigger Event, an Illegality Event, an Arranger Insolvency Event, an Asset Redenomination Event, an Asset Restructuring, a Settlement/Custodial Event, a Change in Law Event, a Euro Dissolution Event, a Regulatory Change Event, an AR Termination Election (in each case if applicable) and any other event specified as an applicable Mandatory Redemption Event. Upon a Mandatory Redemption Event the Issuer may redeem all Notes before their scheduled maturity date at their Mandatory Redemption Amount on the Mandatory Redemption Date. Such Mandatory Redemption Amount may be lower than the Redemption Amount due at maturity.

AR Automatic Novation: Upon the occurrence of an AR Automatic Novation Event, the rights and obligations of the Issuer under the Swap Agreement will be automatically novated to the Authorised Representative. If, in respect of a Series, "AR Termination Election" is specified as applicable then, following such automatic novation, the AR may, at any time, give the Issuer an AR Termination Election Notice and the Issuer will redeem all of the Notes before their scheduled maturity date at their Mandatory Redemption Amount on the Mandatory Redemption Date. In addition, where "AR Optional Swap Termination" is specified as applicable in respect of a Series, the occurrence of an Arranger Insolvency Event will not trigger a mandatory redemption of the Notes.

Event of Default: Upon an Event of Default the Issuer may redeem all Notes before their scheduled maturity date at their Mandatory Redemption Amount. Such Mandatory Redemption Amount may be lower than the Redemption Amount due at maturity.

Noteholder Optional Redemption: Where Notes are redeemable at the Noteholder's option, there may be substantial change in the value of the Secured Property between the date of irrevocable exercise of the option, and the calculation date for the Optional Redemption Amount.

Directing Party: If, in respect of a Series, a "Directing Party" is specified in the Additional Conditions, then, prior to the Security becoming enforceable, the Issuer shall, if so directed by such

Directing Party (i) take such action in relation to the Secured Property and (ii) exercise any rights incidental to the ownership of the Secured Property (including voting rights), provided it will not cause the Issuer to breach any of its obligations. In the event that the Directing Party is the Noteholders, any such direction can only be given by way of Extraordinary Resolution or Written Resolution.

No Deposit: Any Investment in the Notes does not have the status of a bank deposit and is not within the scope of any deposit protection scheme.

Disenfranchisement: In relation to any issue of Notes which have a Denomination consisting of a specified amount (the “**Minimum Amount**”) plus any integral multiple of a smaller specified amount, it is possible that the Notes may be traded in amounts in excess of the Minimum Amount that are not integral multiples of the Minimum Amount. In any such case, the relevant Global Note may be exchanged for definitive Notes only in the event the relevant Clearing System is closed for business for a continuous period of 14 days. If definitive Notes are to be printed, a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the Minimum Amount will not receive a definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to an integral multiple of the Minimum Amount.

Multipliers and leverage: If the Notes are structured to include a multiplier or leverage, their market value will be more volatile and losses from any exposure to them may be greater than for comparable securities that do not.

Discounted Notes: The market value of Notes issued at a substantial discount to their principal amount will tend to be more volatile than comparable securities issued at par. Generally, the longer the remaining term of discounted Notes, the greater the relative price volatility.

Extraordinary Resolutions, Modification and Substitution: The Noteholders may, with the consent of a minimum of 75 per cent. in Principal Amount of the Notes outstanding, make certain determinations, including a determination to terminate the Swap Agreement upon the insolvency of the Swap Counterparty, which will impact the Notes. Such determinations will be binding on all Noteholders. Noteholders holding less than 75 per cent. of the Principal Amount of the Notes outstanding are exposed to the risk that their rights in respect of the Notes may change in a way not desired by such Noteholders. The Notes provide that the Trustee may, without the consent of Noteholders, agree to (i) formal, minor or technical modifications of the Notes or any modification to correct a manifest error or to comply with mandatory provisions of law, where a Special Quorum Resolution is not required, that is not materially prejudicial to the Noteholders’ interests or (ii) the substitution of another company as principal debtor under any Notes in place of the Issuer.

The market value of the Notes may be influenced by many factors that are unpredictable: The market value of the Notes (the value that a Noteholder could receive for the Notes if the Noteholder chooses to sell them in the open market before the Maturity Date) will be affected by many factors that are unpredictable. Moreover, these factors interrelate in complex ways, and the effect of one factor on the market value of the Notes may offset or enhance the effect of another factor.

Proposals to reform LIBOR and other benchmark indices: The London Inter-Bank Offered Rate (“LIBOR”) is currently being reformed, including (i) the appointment of ICE Benchmark Administration Limited as the new administrator, (ii) a reduction in the number of currencies and tenors for which LIBOR is calculated, and (iii) changes in the way that LIBOR is calculated, by compelling more banks to provide LIBOR submissions and basing these submissions on actual transactions data. Investors should be aware that:

- any of these changes or any other changes to LIBOR could affect the level of the published rate, including to cause it to be lower and/or more volatile than what it would otherwise be;
- if the applicable rate of interest is calculated with reference to a currency or tenor which is discontinued, such rate of interest may then be determined by the Calculation Agent in its discretion; and
- the administrator of LIBOR will not have any involvement in the Securities and may take any actions in respect of LIBOR without regard to the effect of such actions on the Securities.

Any of the above could have a material adverse effect on the value of, and the amount payable or deliverable under, any Securities which are linked to a LIBOR rate.

Investors should also note that the Euro Interbank Offered Rate ("**EURIBOR**") and other so-called "benchmarks" have also been the subject of increased scrutiny and proposals for reform by a number of international authorities and other bodies. Whether any of these proposals will be implemented is currently unclear. However, as with changes to LIBOR, any significant changes to EURIBOR or other benchmark could have a material adverse effect on the value of, and the amount payable or deliverable under, any Securities which are linked to a EURIBOR rate or other benchmark (as applicable).

Evolution of international fiscal policy: The Luxembourg Issuer may not be considered as the beneficial owner of income received and therefore not be able to rely on a double taxation treaty on its own behalf.

Luxembourg has concluded a number of double taxation treaties with other states. It may be necessary or desirable for the Luxembourg Issuer to seek to rely on such treaties particularly in respect of income and gains of the Luxembourg Issuer. Whilst each double taxation treaty needs to be considered individually taking into account fiscal practices primarily of the country from which relief is sought a number of requirements need to be met. These requirements may include ensuring that an entity is resident in Luxembourg, is subject to taxation there on income and gains and is also beneficially owner of such income and gains. Fiscal policy and practice is constantly evolving and at present the pace of evolution has been quickened due to a number of developments which include, but are not limited to, the Organisation for Economic Co-operation and Development ("**OECD**")/G20 base erosion and profit shifting project. Fiscal policy may change which may or may not be accompanied by a formal announcement by any fiscal authority or the OECD. As a result, there can be no certainty that the Luxembourg Issuer will be able to rely on double tax treaties because fiscal practice of the construction of double tax treaties and the operation of the administrative processes surrounding those treaties may be subject to change. For example, fiscal practice could evolve such that the Luxembourg Issuer could be regarded as not being the beneficial owner because the overriding commercial object of the Luxembourg Issuer is to allocate income and gains, less certain expenses and losses for the benefit of its Shareholders, and the Luxembourg Issuer is entitled to a tax deduction in respect of that allocation and, as such, the Luxembourg Issuer would not be able to rely on a double taxation treaty on its own behalf.

Risks related to the Assets

No investigations: No investigations, searches or other enquiries have been made and no express or implied representations or warranties are made by or on behalf of the Issuer, the Dealer, the Trustee or any other person on their behalf in respect of the Assets.

Asset values: The market price of the Assets will generally fluctuate. The Issuer may have to fund payments due in connection with the Notes by selling Assets at their market value.

Confidential Information and Conflicts of Interest: The Custodian, the Disposal Agent and/or a Dealer may have confidential information concerning Assets which they will not be obliged to disclose to any Noteholder.

Such parties may also be active participants on both sides of the market and may have long or short positions in, or buy and sell, securities, commodities, or other derivatives identical or related to the Notes ("**Relevant Instruments**"). A Dealer's hedging and trading activities with respect to the Notes may affect the value of other Relevant Instruments and vice versa. The Custodian, the Disposal Agent and/or a Dealer may be calculation agent or sponsor of any Relevant Instrument and as such may make determinations affecting the value of the Notes.

Foreign Exchange Risk

Disruption Events: The Issuer's payment obligations to Noteholders under the Notes may be affected by the Calculation Agent's determination that one or more Disruption Events have occurred. In such circumstances (a) payments to Noteholders may be delayed and (b) the manner (including the currency and any applicable foreign exchange rate) in which payments are calculated and made to Noteholders may be altered. This may result in a financial loss to Noteholders.

No investigations: None of the Issuer, the Transaction Counterparties or any of their affiliates (a) will provide any information or advice, (b) is under any obligation to review or (c) has conducted or

will conduct any investigation or due diligence in relation to the foreign exchange market or any applicable foreign exchange rates.

Foreign Exchange Rates: Foreign exchange rates may be affected by complex political and economic factors, including relative rates of inflation, interest rate levels, the balance of payments and the extent of any governmental surplus or deficit, and the monetary, fiscal and trade policies pursued by the governments of the relevant currencies. Previous foreign exchange rates are not necessarily indicative of future foreign exchange rates.

Potential Withholding Tax and Redemptions under FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code (the “**Code**”), commonly known as FATCA, withholding may be required on, among other things, (i) certain payments made by “foreign financial institutions” (“**foreign passthru payments**”) (ii) certain U.S. source payments (including dividend equivalent payments, as described below under “Potential U.S. Withholding on Dividend Equivalent Payments”) and (iii) payments of gross proceeds from the disposition of assets that can produce U.S. source interest or dividends (including assets that generate dividend equivalent payments), in each case, to persons that fail to meet certain certification, reporting, or related requirements. Each of the Issuers expects to be a foreign financial institution for these purposes. A number of jurisdictions (including the Cayman Islands, Ireland, Luxembourg and the Netherlands) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions.

Certain aspects of the application of FATCA and IGAs to instruments or agreements such as the Assets, Swap Agreement and Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments or agreements such as the Assets, Swap Agreement and Notes, are uncertain and may be subject to change. If withholding is required pursuant to FATCA or an IGA with respect to payments on the Notes, Assets or the Swap Agreement, such withholding in respect of foreign passthru payments and payments of gross proceeds from the disposition of assets that generate dividend equivalent payments would not apply prior to 1 January 2019. Withholding on dividend equivalent payments pursuant to FATCA would not apply prior to 1 July 2017, at the earliest. The Issuer intends to treat the Notes as equity for U.S. federal income tax purposes (and pursuant to the terms and conditions, Noteholders agree to do the same) and accordingly, the Notes will not be eligible for grandfathering under FATCA.

If the Issuer fails to comply with its obligations under FATCA (including the Cayman Islands, Ireland, Luxembourg or the Netherlands IGA, as applicable, and any IGA legislation thereunder), it may be subject to FATCA withholding on all, or a portion of, payments it receives with respect to the Assets and under the Swap Agreement (if any). Any such withholding would, in turn, result in the Issuer having insufficient funds from which to make payments that would otherwise have become due in respect of the Notes or under the Swap Agreement, if any. No other funds will be available to the Issuer to make up any shortfall and, as a result, the Issuer may not have sufficient funds to satisfy its payment obligations to Noteholders. Additionally, if payments to the Issuer in respect of its assets are, or will become, subject to FATCA withholding, a FATCA Tax Event will occur, in which case the Notes generally would be subject to early redemption. See “Mandatory Redemption” above.

No assurance can be given that the Issuer can or will comply with its obligations under FATCA or that the Issuer will not be subject to FATCA withholding.

In the event that any withholding would be required pursuant to FATCA (including any IGA) with respect to payments on the Notes, no person would be required to pay additional amounts as a result of such withholding. FATCA is particularly complex and its application to the Issuers, the Notes and the Noteholders is subject to change. Potential investors should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

Potential U.S. Withholding on Dividend Equivalent Payments Received by the Issuer

Under Section 871(m) of the Code and the U.S. Treasury regulations thereunder (“**Section 871(m)**”), a “dividend equivalent” payment is treated as a dividend from sources within the United States and will be subject to U.S. withholding tax at a rate of 30 per cent. when paid to a non-U.S. person (unless a lower treaty rate on dividends is applicable). A “dividend equivalent” payment generally includes a payment (or deemed payment) that is contingent upon, or determined by

reference to, the payment of a U.S.-source dividend under certain financial transactions. A transaction involving economic characteristics that are sufficiently similar to those of an underlying or referenced U.S. security that pays U.S.-source dividends under tests provided in applicable U.S. Treasury regulations will generally be subject to the Section 871(m) regime (such a transaction, a **“Specified Transaction”**). Because the Issuer intends to treat the Notes as equity for U.S. federal income tax purposes, no Note will be treated as a Specified Transaction by the Issuer and no withholding under Section 871(m) will apply to payments made on the Notes. However, as discussed below, Section 871(m) withholding may apply to dividend equivalent payments received by the Issuer with respect to the Assets or the Swap Agreement.

The tests applicable for determining whether a transaction is a Specified Transaction will depend on the terms of the relevant transaction and the date on which the transaction is issued or entered into, and may be subject to redetermination in connection with certain modifications of the transaction.

Pursuant to a U.S. Internal Revenue Service notice and U.S. Treasury regulations, Section 871(m) will not apply to certain financial transactions entered into prior to 1 January 2018 if such financial transactions are not “delta one” transactions. In addition, the Section 871(m) regulations provide certain broadly applicable exceptions to characterization as Specified Transactions, in particular, for certain transactions linked to certain broad-based indices.

Withholding in respect of dividend equivalents is required when cash payments are made under a Specified Transaction to a non-U.S. person or upon the date of maturity, lapse or other disposition by a non-U.S. person of the Specified Transaction. If the underlying or referenced U.S. security or securities are treated as paying dividends during the term of the Specified Transaction, withholding generally will still be required even if the Specified Transaction does not provide for payments explicitly linked to such dividends.

If the Issuer were subject to withholding under Section 871(m) in respect of payments it receives with respect to the Assets or the Swap Agreement, such withholding may, in turn, result in either the reduction of the amount due from the Issuer to the Noteholder to account for the withholding suffered by the Issuer or the Issuer having insufficient funds from which to make payments that would otherwise have become due in respect of the Notes or under the Swap Agreement, if any. No other funds will be available to the Issuer to make up any shortfall and, as a result, the Issuer may not have sufficient funds to satisfy its payment obligations to Noteholders.

In the event that, pursuant to Section 871(m), it is reasonably expected that the Issuer would be subject to withholding on any payments to it in respect of its assets or the Swap Agreement (a **“Section 871(m) Event”**), unless otherwise specified, the Notes generally would be subject to early redemption. See “Mandatory Redemption” above. Prospective investors should consult their tax advisers regarding the consequences of the potential impact of Section 871(m) on an investment in the Notes.

Information Reporting Obligations

Information relating to the Notes and Coupons, their holders and beneficial owners may be required to be provided to tax authorities in certain circumstances pursuant to domestic or international reporting and transparency regimes. This may include (but is not limited to) information relating to the value of the Notes and Coupons, amounts paid or credited with respect to the Notes and Coupons, details of the holders or beneficial owners of the Notes and Coupons, and information and documents in connection with transactions relating to the Notes and Coupons. In certain circumstances, the information obtained by a tax authority may be provided to tax authorities in other countries. Some jurisdictions operate a withholding system in place of, or in addition to, such provision of information requirements. Pursuant to the Base Conditions and subject to certain limitations, a holder or beneficial owner of Notes or Coupons is required to provide information requested by the Issuer and/or any agent acting on its behalf for purposes of the Issuer’s compliance with applicable information reporting regimes.

Proposed Financial Transactions Tax (“FTT”)

On 14 February 2013, the European Commission published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and

Slovakia. In December 2015, Estonia withdrew from the group of states willing to introduce the FTT (the "**Participating Member States**").

The proposed FTT has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the current proposals, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

However, the proposed FTT remains subject to negotiation between the Participating Member States and the scope of such tax is uncertain. Additional EU Member States may decide to participate. Prospective Noteholders are advised to seek their own professional advice in relation to the FTT.

Counterparty Risk

Reliance on creditworthiness of other parties: The Issuer's ability to make payments under the Notes will depend on performance by the Transaction Counterparties of their respective obligations under the Transaction Agreements.

In particular, if a Swap Agreement is entered into in connection with a Series, the ability of the Issuer to make payments on the Notes will depend on the performance by the Swap Counterparty of its obligations under the Swap Agreement, which Swap Counterparty will be the entity specified as such in the Offer Document in connection with such Series and may not be GSI. That in turn is dependent on performance by the Issuer of its obligations under the Swap Agreement. Where the Issuer is holding Assets in connection with a Series of Notes, the Issuer's ability to perform its obligations under the Swap Agreement and the Notes depends on receipt of the scheduled payments under the Assets. Those Assets may be held by the Custodian. The Custodian may be responsible for receiving payments on the Secured Property and remitting them to the relevant Transaction Counterparties in discharge of the Issuer's obligations under the Transaction Documents so the Issuer is exposed to the credit risk of, and reliant on the performance of its obligations by, the Custodian.

The Issuer may, from time to time, deposit cash into one or more cash accounts with the Custodian or Sub-Custodian (as applicable). Any cash so deposited and any cash received by the Custodian or the Sub-Custodian for the account of the Issuer in relation to the Notes will be held by the Custodian or the Sub-Custodian (as applicable) as banker and not as trustee and will be a bank deposit. As a result, the cash will not be held in accordance with the client money rules as set out in the FCA rules and the Issuer will rank as a general unsecured creditor of the Custodian or the Sub-Custodian (as applicable). The Custodian and the Sub-Custodian will not segregate the Issuer's money from its own and shall not be liable to account to the Issuer for any profits made by the Custodian's or the Sub-Custodian's use as banker of such cash.

The Issuer relies on Transaction Counterparties such as the Paying Agents to effect payments on the Notes on its behalf and the Disposal Agent to effect disposals of Assets. As such, any failure to perform by any such Transaction Counterparty may result in an inability by the Issuer to meet its obligations under the Notes. A failure to perform by a Transaction Counterparty may arise as a result of insolvency of such Transaction Counterparty and consequently Noteholders are subject to the insolvency risk of each such Transaction Counterparty.

Sub-Custodians, Depositories and commingling: The Custodian may hold Deposited Assets at the Custodian or with a Depository or Sub-Custodian. Deposited Assets held with a Depository shall be held in accordance with, and subject to, the laws and regulations applicable to such Depository and any local market practices and agreements generally adopted in respect of the Depository and any conditions generally imposed by such Depository. In certain markets, it may not be possible under national law for securities belonging to the Issuer and held by a Sub-Custodian, Depository or third party (or the Custodian, where the Custodian is a client of the relevant Sub-Custodian,

Depository or third party) to be separately identifiable from the proprietary assets of that Sub-Custodian, Depository or third party (or the Custodian, where the Custodian is a client of the relevant Sub-Custodian, Depository or third party). The Issuer's Deposited Assets may be held by the Custodian in an omnibus account at a Sub-Custodian or Depository, along with the securities of other customers of the Custodian and will be treated as fungible with all other securities of the same issue held in such account by the Custodian with such Sub-Custodian or Depository. This means that the redelivery rights of the Issuer in respect of the Deposited Assets are not in respect of the Deposited Assets actually deposited with the Custodian from time to time but rather in respect of Deposited Assets of the same number, class, denomination and issue as those Deposited Assets originally deposited with the Custodian in the Issuer's Custody Account from time to time. Such Sub-Custodian or Depository may then hold the Issuer's Deposited Assets in an omnibus account with a third party that it engages. If the Sub-Custodian or Depository defaulted, and held less securities than it should for the benefit of all of its custody clients, there may be a shortfall. Any shortfall may then have to be shared pro rata among all clients whose securities are held by that Sub-Custodian or Depository and the Issuer may not receive its full entitlement. As a result, in the event of the default of such a Sub-Custodian or Depository, there is a risk that not all Deposited Assets deposited by the Custodian with the Sub-Custodian or Depository will be returned to the Custodian where there is a shortfall at the Sub-Custodian or Depository. **In the event of a loss of part or all of the Deposited Assets, the Custodian shall be liable to the Issuer only to the extent that the relevant loss arises as a result of its own negligence, fraud or wilful default or that of its agents or Sub-Custodians.** In the event of the insolvency or wind-up of, or occurrence of any other similar event affecting, the Custodian or any of its agents or Sub-Custodians, negligence, fraud and wilful default shall be judged by reference to their acts and omissions in relation to the performance of their duties and not deemed to have occurred solely by virtue of their insolvency. In addition, the Custodian accepts no liability for the action or inaction of any Depository or for any Losses resulting from the maintenance of Deposited Assets or cash with a Depository.

Notwithstanding the above, the Custodian is required under the FCA's Custody Rules to make good any custody shortfall for which the Custodian is responsible and may also make good any custody shortfall for which the Custodian does not conclude it is responsible. The Custodian will provision for such shortfalls by segregating a sufficient amount of its own funds as client money under the FCA's Client Money Rules until such shortfall is resolved.

Right of use: The Custodian is permitted to use the Deposited Assets for the account of another client of the Custodian and vice versa. However, the Custodian may only do so (or permit a Sub-Custodian or Depository to do so) in connection with facilitating timely settlement of transactions on behalf of one or more other clients, and the Custodian may not and shall not otherwise use the Issuer's Deposited Assets for its own account or for account of a Sub-Custodian or Depository and no securities account on the books of the Custodian or a Sub-Custodian or a Depository shall hold both Deposited Assets and securities which are beneficially owned by the Custodian or such Sub-Custodian or Depository, as the case may be, except as notified in writing by the Custodian to the Issuer from time to time. **Any shortfall resulting from such use does not result in a requirement that the Custodian sets aside substitute assets for the period that the shortfall is continuing. Any shortfall resulting from such use does not result in the Custodian being deemed to be negligent.**

Client money: There are limited circumstances in which the Custodian may hold certain sums as Client money for the benefit of the Issuer in accordance the Client Money Rules. These circumstances are limited to the requirements under the Client Asset Rules pursuant to which the Custodian may be required to segregate certain sums from its own funds as Client money in certain cases where the Custodian has identified a shortfall in the number of Deposited Assets held by or for it **but excluding cases where the shortfall is the result of the right of use described above.** Such segregation will continue until such time as the relevant shortfall has been resolved at which point the Custodian will re-appropriate such money. Such Client money amount will be held in accordance with the Client Money Rules on behalf of the Issuer, to the extent that the Issuer is affected by the relevant shortfall. In the absence of a Custodian failure, such segregation does not create a cash entitlement of the Issuer against the Custodian. If the Custodian fails, the Client Money Distribution Rules will apply to any such money held as Client money by the Custodian. Client money will be held with a third party bank or banks. The Custodian does not accept any liability for any default or delay in the distribution of client money in the event of the failure of a bank holding client

money on our behalf. The Custodian may from time to time notify the Issuer of other circumstances in which it may hold Client money in accordance with the Client Money Rules. The Custodian shall not pay any interest earned on Client money to the Issuer.

Regulatory Bail-Ins: The EU Directive establishing a framework for the recovery and resolution of credit institutions and investment firms (the "Bank Recovery and Resolution Directive" or "BRRD") was published in the EU Official Journal on 12 June 2014. The BRRD was implemented with effect in all European Member States on 1 January 2015, with the exception of the bail-in powers which were implemented on 1 January 2016. The aim of the BRRD is to provide national supervisory authorities with tools and powers to pre-emptively address potential banking crises in order to promote financial stability and minimise taxpayers' exposure to losses.

Potential investors should note that Goldman Sachs International (or any third party Swap Counterparty, if applicable) (each a "Counterparty") may be subject to recovery and resolution measures pursuant to the BRRD. These measures are intended to be used prior to the point at which any insolvency proceedings with respect to a Counterparty could have been initiated. Recovery and resolution measures available to a resolution authority (being a relevant regulator of the relevant Counterparty) include the ability to modify contractual arrangements in certain circumstances, powers to suspend enforcement or termination rights that might be invoked as a result of the exercise of the resolution powers and powers for a resolution authority to disapply or modify laws (with possible retrospective effect). A resolution authority may also exercise the "bail-in tool" to enable it to recapitalise an institution in resolution by allocating losses to its shareholders and unsecured creditors (which potentially includes the Issuer) in a manner that is consistent with shareholders and creditors not receiving a less favourable treatment than they would have received in ordinary insolvency proceedings of the relevant entity (known as the "no creditor worse off" safeguard). The bail-in tool also includes the power to cancel a liability or modify the terms of contracts for the purposes of reducing or deferring the liabilities of the relevant entity under resolution and the power to convert a liability from one form or class to another.

The Issuer is not within scope of the BRRD because it is not a bank or investment firm or an affiliate of such. However, the exercise of any resolution power by a resolution authority with respect to a Counterparty, including exercise of the bail-in tool, or any suggestion of any such exercise, could:

- (a) materially adversely affect the rights of the holders of the Notes or the price or value of their investment in the Notes; and/or
- (b) result in the cancellation or deferral of all, or a portion, of any amounts owed to the Issuer by a Counterparty under the Swap Agreement; and/or
- (c) impair the ability of the Issuer to satisfy its obligations under the Notes; and/or
- (d) lead to the holders of the Notes losing some or all of the value of their investment in such Notes.

A resolution authority is not required to provide any advance notice to the Issuer or to the holders of the Notes of its decision to exercise any resolution power in relation to a Counterparty. Therefore, holders of the Notes may not be able to anticipate a potential exercise of any such powers nor the potential effect of any exercise of such powers on a Counterparty (and indirectly on the Issuer and the Notes). The Issuer, the Trustee and the holders of the Notes may have only very limited rights to challenge and/or seek a suspension of any decision of a resolution authority to exercise its resolution powers or to have that decision reviewed by a judicial or administrative process or otherwise. Furthermore, even in circumstances where a claim for compensation is established under the "no creditor worse off" safeguard in accordance with a valuation performed after the resolution action has been taken, it is unlikely that such compensation would be equivalent to the full losses incurred by the Issuer (and indirectly by the holders of the Notes) in the resolution and there can be no assurance that the Issuer (and indirectly the holders of the Notes) would recover such compensation promptly.

Market Risk

Limited Liquidity: The Notes may have no liquidity. An investor must be prepared to hold them until maturity. A secondary market is unlikely to develop. GS may, but is not obliged to, make a market. If it does, it may cease at any time without notice.

UK's exit from the European Union: On 23 June 2016 the UK held a referendum to decide on the UK's membership of the European Union. The UK vote was to leave the European Union. The European Union (Notification of Withdrawal) Bill was passed on 13 March 2017 and received Royal Assent on 16 March 2017. There are a number of uncertainties in connection with the future of the UK and its relationship with the European Union. The negotiation of the UK's exit terms is likely to take a number of years. Until the terms and timing of the UK's exit from the European Union are clearer, it is not possible to determine the impact that the referendum, the UK's departure from the European Union and/or any related matters may have on our UK or European operations.

Currently, under the EU single market directives, mutual access rights to markets and market infrastructure exist across the EU and the mutual recognition of insolvency, bank recovery and resolution regimes applies. Depending on the terms of the UK's exit and the terms of any replacement relationship, there can be no assurance that the terms of the UK's exit from the EU will include arrangements for the continuation of mutual access rights to market infrastructure and recognition of insolvency, bank recovery and resolution regimes. Such uncertainty could adversely impact our European operations.

Risks Related to The Goldman Sachs Group, Inc.

Market making activities: Goldman Sachs International (“GSI”) shall act as Arranger in connection with the sale of the Notes. GSI is part of The Goldman Sachs Group, Inc. (the “GS Group”). The GS Group is a global investment banking, securities and investment management firm that provides a wide range of financial services to a substantial and diversified client base that includes corporations, financial institutions, governments and high-net-worth individuals.

As such, it acts as an investor, investment banker, research provider, investment manager, investment advisor, market maker, trader, prime broker and lender. In those and other capacities, the GS Group purchases, sells or holds a broad array of investments, actively trades securities, derivatives, loans, commodities, currencies, credit default swaps, indices, baskets and other financial instruments and products for its own account or for the accounts of its customers, and will have other direct or indirect interests, in the global fixed income, currency, commodity, equity, bank loan and other markets. Any of the GS Group's financial market activities may, individually or in the aggregate, have an adverse effect on the market for the Notes, and Noteholders should expect that the interests of the GS Group or its clients or counterparties will at times be adverse to those of Noteholders.

The GS Group actively makes markets in and trades financial instruments for its own account and for the accounts of customers. These financial instruments include debt and equity securities, currencies, commodities, bank loans, indices, baskets and other products. The GS Group's activities include, among other things, executing large block trades and taking long and short positions directly and indirectly, through derivative instruments or otherwise. The securities and instruments in which the GS Group takes positions, or expects to take positions, include the Assets, securities and instruments similar to the Notes or the Assets, and other securities and instruments. Market making is an activity where the GS Group buys and sells on behalf of customers, or for its own account, to satisfy the expected demand of customers. By its nature, market making involves facilitating transactions among market participants that have differing views of securities and instruments. As a result, Noteholders should expect that the GS Group will take positions that are inconsistent with, or adverse to, the investment objectives of investors in the Notes.

Research views: The GS Group and its personnel, including its sales and trading, investment research and investment management personnel, regularly make investment recommendations, provide market colour or trading ideas, or publish or express independent views in respect of a wide range of markets, issuers, securities and instruments. They regularly implement, or recommend to clients that they implement, various investment strategies relating to these markets, issuers, securities and instruments. These strategies include, for example, buying or selling credit protection

against a default or other event involving an issuer or financial instrument. Any of these recommendations and views may be negative with respect to the Issuer or the Notes or other securities or instruments similar to the Notes or result in trading strategies that have a negative impact on the market for any such securities or instruments, particularly in illiquid markets. In addition, Noteholders should expect that personnel in the trading and investing businesses of the GS Group will have or develop independent views of the Issuer, the Issuer's industry or other market trends, which may not be aligned with the views and objectives of investors in the Notes.

Competing Products: The GS Group regularly offers a wide array of securities, financial instruments and other products into the marketplace, including existing or new products that are similar to the Notes and Assets. For example, the GS Group may place or underwrite certain of the Assets and may underwrite securities similar to the Notes. Noteholders should expect that the GS Group will offer securities, financial instruments, and other products that will compete with the Notes for liquidity, research coverage or otherwise.

Relationships: The financial market activities and interests of the GS Group may include financial advisory, investment advisory or transactional services and interests in securities, instruments and companies that are directly or indirectly related to the Issuer, the issuer(s) of the Assets and/or the Trustee. In providing these or other services to, or engaging in transactions with, the Issuer, the issuer(s) of the Assets and/or the Trustee, or other market participants, or in acting for its own account, the GS Group may take actions that have a direct or indirect effects on the Issuer, the Notes and/or the Assets, which may be adverse to the interests of Noteholders.

In particular, the GS Group may provide investment banking services (including without limitation underwriting, merger advisory, other financial advisory, placement agency or selling agency services), foreign currency hedging, research, asset management services, brokerage services or other services to the Issuer, the issuer(s) of the Assets and/or the Trustee. Revenues to the GS Group for providing these services generally have the potential to increase as the business and activities of the Issuer expand. Therefore, a successful offering of the Notes may result in additional revenues to the GS Group and its personnel for the future provision of these other services.

In any offering, as well as in all other circumstances in which the GS Group receives any fees or other compensation in any form relating to services provided to or transactions with the Issuer, the issuer(s) of the Assets and/or the Trustee, no accounting, offset or payment in respect of the Notes will be required or made; the GS Group will be entitled to retain all such fees and other amounts, and no fees or other compensation payable by the Issuer, the issuer(s) of the Assets and/or the Trustee or indirectly by holders of the Notes will be reduced by reason of receipt by the GS Group of any such other fees or other amounts.

The GS Group, including its personnel or business units involved in the management, sales, activities, business operations or distribution of the Issuer or the Notes, regularly provides advice and services to the Issuer and its affiliates and has interests other than those relating to the Notes. These activities may cause the interests of the GS Group or the Issuer or its affiliates to be adverse to the interests of investors in the Notes.

Related Transactions: In connection with the Notes or otherwise, the GS Group may enter into transactions to, among other things, (i) hedge the GS Group's exposure to the Notes, the Assets or similar securities or products, (ii) take short positions or enter into other derivative transactions relating to the Notes, the Assets or similar securities or products, or (iii) securitise the GS Group's credit or market risk relating to the Notes, the Assets or similar securities or products through the creation of investment vehicles to be sold to other investors. In addition to entering into such transactions itself, the GS Group may structure such transactions for its clients or counterparties, or otherwise advise or assist clients or counterparties in entering into such transactions.

These transactions may cause the GS Group or its clients or counterparties to have economic interests and incentives that do not align with, and that may be directly contrary to, those of the Noteholders. In addition, these transactions or actions taken to maintain, adjust or unwind any positions in the future, may, individually or in the aggregate, have a material effect on the market for the Notes (if any), including adversely affecting the value of the Notes, particularly in illiquid markets. The GS Group will have no obligation to take, refrain from taking or cease taking any action with respect to these transactions based on the potential effect on an investor in the Notes, and may receive substantial returns on hedging or other activities while the value of the Notes declines.

These activities may be undertaken to achieve a variety of objections, including:

- permitting purchasers of the Notes to hedge their investment in the Notes in whole or in part;
- facilitating transactions for other clients or counterparties that may have business or investment objectives that are contrary to those of investors in the Notes;
- hedging of the exposure of the GS Group to the Notes or Assets, including any interest in the Notes or Assets that it reacquires or retains as part of any offering process, through its market-making activities or otherwise;
- enabling the GS Group to comply with its internal risk limits or otherwise manage firmwide, business unit or product risk; and/or
- enabling the GS Group to take directional views as to relevant markets on behalf of itself or its clients or counterparties that are inconsistent with or contrary to the views and objectives of the investors in the Notes.

Swap Counterparty: In connection with the sale of the Notes, GSI expects to engage in related transactions with the Issuer. These transactions may include extensions of credit, purchases and sales of securities, currencies, commodities, loans, indices, baskets or derivatives (including swaps, forwards and options of all types) or other transactions. GSI, in turn, may engage in hedging or other activities as a result of these counterparty transactions. These activities may directly or indirectly adversely affect the market for the Notes (if any), including adversely affecting the value of the Notes.

Determinations as Swap Counterparty and Calculation Agent: GSI intends to serve as Calculation Agent and, if specified as such in the Offer Document in respect of the Series, as Swap Counterparty for the Notes and in that capacity will calculate amounts payable and make other determinations that may be material to investors in the Notes. The manner in which GSI makes such determinations or otherwise exercises its discretion may adversely affect investors in the Notes and, conversely, may positively affect the Issuer or other participants in the transaction. In addition, GSI has the right to cease serving in this capacity or to delegate certain responsibilities to third parties, who may have interests and incentives that differ from those of investors in the Notes.

GSI (in its capacity as Calculation Agent and as Swap Counterparty) may receive compensation for its participation in the form of fees. These fees will be paid out of the assets of the Issuer and available amounts will be applied to pay these fees before they are applied to make payments to Noteholders. The fees may not be contingent on the performance or trading value of the Notes, and GSI, in this capacity, may consequently still receive significant compensation even if Noteholders lose money.

Market making in relation to the Notes: To the extent that the GS Group makes a market in the Notes (which it is under no obligation to do), it would expect to receive income from the spreads between its bid and offer prices for the Notes. The price at which the GS Group may be willing to purchase Notes, if it makes a market, will depend on market conditions and other relevant factors and may be significantly lower than the issue price for the Notes and may be significantly lower than the price at which it may be willing to sell Notes.

If the GS Group becomes a holder of any Notes, through market-making activity or otherwise, any actions that it takes in its capacity as securityholder, including voting or provision of consents or requests to the Trustee relating to the Assets, will not necessarily be aligned with the interests of other securityholders of the same class or other classes of Notes.

The original issue price for the Notes, the price at which the GS Group would initially buy or sell the Notes (if the GS Group makes a market) and the value that the GS Group will initially use for account statements and otherwise may significantly exceed the value of the Notes using the GS Group's pricing models. The amount of such excess will decline on a straight line basis over a period to be specified in the applicable pricing supplement for the relevant notes, after which period, the price at which the GS Group would buy or sell notes will reflect the value determined by reference to the pricing models, plus the GS Group's bid and ask spread.

In addition to the factors discussed above, the value or quoted price of the Notes at any time, however, will reflect many factors and cannot be predicted. If the GS Group makes a market in the notes, the price quoted by the GS Group would reflect changes in market conditions and other relevant factors, including a deterioration in the GS Group's creditworthiness or perceived creditworthiness whether measured by our credit ratings or other credit measures. These changes may adversely affect the market price of the Notes, including the price Noteholders may receive for the Notes in any market making transaction.

Selection of participants: The GS Group may select the Issuer, the Assets, the Trustee and the Agents. The GS Group may receive various benefits, including compensation, commissions, payments, rebates, remuneration and business opportunities, in connection with or as a result of an offering of Notes pursuant to the Programme and any interests in and relationship with the Issuer, the Assets, the Trustee and/or the Agents. The benefits to the GS Group (including benefits relating to investments by and business relationships of the GS Group) arising from a decision to select the specific Issuer, Assets, Trustee and/or Agents in relation to an offering of Notes pursuant to the Programme may be greater than they would have been had another issuer and/or other assets been selected. In addition, the fees, allocations, compensation, remuneration, and other benefits to the GS Group arising from its business relationships with the specific Issuer, Trustee and Assets selected for an offering of Notes pursuant to the Programme may be greater as a result of the selection of such Issuer and/or Trustee, and the portfolio, investment, service provider or other decisions made by the GS Group for such Issuer than they would have been had other decisions been made, which also might have been appropriate for such Issuer.

Benefits: The GS Group has structured this Programme and it may derive various benefits from this Programme, including those listed below:

- The GS Group expects that an offering of Notes pursuant to the Programme will enhance its ability to assist clients and counterparties in the transaction or in related transactions (including assisting clients in additional purchases and sales of the Notes and hedging transactions). The GS Group expects to derive fees and other revenues from these transactions. In addition, participating in a successful offering and providing related services to clients may enhance the GS Group's relationships with various parties, facilitate additional business development, and enable the GS Group to obtain additional business and generate additional revenue.
- The GS Group may benefit from an offering of Notes pursuant to the Programme because any offering may establish a market precedent and a valuation data point for securities similar to the Notes, thus enhancing the GS Group's ability to conduct similar offerings in the future and permitting the GS Group to adjust the fair value of the Assets or other similar positions held on its balance sheet, including increasing the carrying value or avoiding decreasing the carrying value of some or all of such similar positions.
- A completed offering of Notes pursuant to this Programme may reduce the GS Group's existing exposure to the Assets. The GS Group incurred this exposure with a view toward distributing the exposure by means of an offering pursuant to this Programme. An offering pursuant to this Programme may effectively transfer/distribute a significant portion of the GS Group's exposure to investors in the Notes.
- The proceeds received by the Issuer on an offering of Notes pursuant to this Programme may be used to repay obligations of the Issuer to the GS Group.
- The GS Group may enter into an agreement with the Issuer whereby it agrees, subject to certain conditions, to acquire a portion of the Notes or to provide financing to the Issuer if less than a specified amount is raised by the Issuer on an offering of Notes pursuant to this Programme. A successful offering of Notes pursuant to this Programme may benefit the GS Group by relieving it from or reducing this obligation.
- It is expected that the GS Group will receive a funding benefit from the completion of an offering of Notes pursuant to this Programme. In particular, the Issuer expects to use some or all of the proceeds of an offering of Notes pursuant to this Programme to enter into repurchase agreements with the GS Group and/or other parties relating to the Assets, which will have the effect of providing funding for the GS Group at a rate agreed between

the GS Group and the Issuer. Investors in the Notes will not receive any portion of this funding benefit received by the GS Group. In addition, the presence of this funding benefit may reduce the price at which the GS Group is willing to repurchase the Notes, if it does so at all, and may make the GS Group less likely to an early termination of the Notes, which may adversely impact the secondary trading market for the Notes.

- The GS Group may be the issuer of a portion of the Assets, and expects that future assets included as Assets will include securities the GS Group has issued. The GS Group received or will receive compensation upon any initial issuance of Notes pursuant to this Programme, and this benefit will not be shared by investors in the Notes. In addition, because the GS Group securities will be included as Assets, an investor in the Notes is significantly exposed to the credit risk of the GS Group, as issuer, in addition to the GS Group in its other capacities in the transaction.
- The GS Group is selling the Notes as principal and will generate revenues as well as a profit or loss from its own account from any offering, depending on the price obtained and other factors.

Third Parties: The Trustee and/or Swap Counterparty may receive compensation in connection with its participation in an offering pursuant to this Programme in the form of fees. These fees will be paid out of the assets of the Issuer and available amounts will be applied to pay this fees before they are applied to make payments to investors in the Notes. The fees are not contingent on the performance or trading value of the Notes, and the Trustee and/or Swap Counterparty would still receive significant compensation even if investors lose money. For information on existing or potential relationships or transactions between the GS Group and the Swap Counterparty see the paragraph titled “Swap Counterparty” above.

Certain Provisions of Irish Law

Preferred Creditors: Under Irish law, the claims of a limited category of preferential creditors will take priority over the claims of unsecured creditors and holders of floating security in the event of the appointment of a liquidator or a receiver to an Irish company such as the Irish Issuers. These preferred claims include taxes, such as income tax and corporation tax payable before the date of appointment of the liquidator or receiver and arrears of VAT, together with accrued interest thereon and claims of employees.

It is of the essence of a fixed charge that the person creating the charge does not have liberty to deal with the assets which are the subject matter of the security in the sense of disposing of such assets or expending or appropriating the monies or claims constituting such assets and accordingly, if and to the extent that such liberty to is given to the Irish Issuers, a charge constituted by the Trust Deed may operate as a floating, rather than a fixed charge.

In particular, the Irish courts have held that in order to create a fixed charge on receivables it is necessary to oblige the chargor to pay the proceeds of collection of the receivables into a designated bank account and to prohibit the chargor from withdrawing or otherwise dealing with the monies standing to the credit of such account without the consent of the chargee.

Floating charges have certain weaknesses, including the following:

- (a) they have weak priority against purchasers (who are not on notice of any negative pledge contained in the floating charge) and chargees of the assets concerned and against lien holders, execution creditors and creditors with rights of set-off;
- (b) as discussed above, they rank after certain preferential creditors, such as claims of employees and certain taxes on winding-up;
- (c) they rank after certain insolvency remuneration expenses and liabilities;
- (d) the examiner of a company has certain rights to deal with the property covered by the floating charge; and
- (e) they rank after fixed charges.

In addition, there is a further limited category of super-preferential creditors which take priority, not only over unsecured creditors and holders of floating security, but also over holders of fixed security.

These super-preferential claims include the remuneration, costs and expenses properly incurred by an examiner appointed to a company which claims have been approved by the Irish courts and any capital gains tax payable on the disposition of an asset of the company by a liquidator, receiver or mortgagee in possession.

The holder of a fixed security over the book debts (which would include the Trustee) of an Irish tax resident company (which would include the Irish Issuers) may be required by the Irish Revenue Commissioners, by notice in writing, to pay to them sums equivalent to those which the holder thereafter receives in payment of debts due to it by the company. Where the holder of the security has given notice to the Irish Revenue Commissioners of the creation of the security within 21 days of its creation, the holder's liability is limited to the amount of certain outstanding Irish tax liabilities of the company (including liabilities in respect of VAT) arising after the issue of a notice by the Irish Revenue Commissioners to the holder of the fixed security.

The Irish Revenue Commissioners may also attach any debt due to an Irish tax resident by another person in order to discharge any liabilities of such Irish tax resident in respect of outstanding tax whether the liabilities are due on its own account or an agent or trustee. The scope of this right of the Irish Revenue Commissioners has not yet been considered by the Irish courts and it may override the rights of holders of security (whether fixed or floating) over the debt in question.

In relation to the disposal of assets of an Irish tax resident company which are subject to security, a person entitled to the benefit of the security may be liable for tax in relation to any capital gains made by the company on a disposal of those assets on exercise of the security.

Examination: Examination is a court procedure available under the Irish Companies Act 2014 to facilitate the survival of Irish companies in financial difficulties.

The examiner, once appointed, has the power to set aside contracts and arrangements entered into by the company after his appointment and, in certain circumstances, can avoid a negative pledge given by the company prior to his appointment. Furthermore, he may sell assets which are the subject of a fixed charge. However, if such power is exercised he must account to the holders of the fixed charge for the amount realised and discharge the amount due to them out of the proceeds of sale.

During the period of protection, the examiner will compile proposal for a compromise or scheme of arrangement to assist the survival of the company or the whole or any part of its undertaking as a going concern. A scheme of arrangement may be approved by the appropriate Circuit Court or the High Court (each an “**Irish Court**”) when at least one class of creditors has voted in favour of the proposals and the relevant Irish Court is satisfied that such proposals are fair and equitable in relation any class of members or creditors who have not accepted the proposals and whose interest would be impaired by implementation of the scheme of arrangement.

In considering proposals by the examiner, it is likely that secured and unsecured creditors would form separate classes of creditors. In the case of the Irish Issuers, if the Trustee represented the majority in number and value of claims within the secured creditor class (which would be likely given the restrictions agreed to by the Irish Issuers in the Transaction Documents), the Trustee would be in a position to vote against any proposal not in the interests of the Noteholders. The Trustee would also be entitled to argue at the relevant Irish Court hearing at which the proposed scheme of arrangement is considered that the proposals are unfair and inequitable in relation to the Noteholders, especially if such proposals included a writing down to the value of amounts due by the Irish Issuers to the Noteholders.

The primary risks to the Noteholders if any examiner were to be appointed to any of the Irish Issuers are as follows:

- (a) the potential for a scheme of arrangement being approved involving the writing down of the debt due by an Irish Issuer to the Noteholders as secured by the Trust Deed;
- (b) the potential for the examiner to seek to set aside any negative pledge in the Notes or the Transaction Documents prohibiting the creation of security or the incurring of borrowings by an Irish Issuer to enable the examiner to borrow to fund the Issuer during the protection period; and

- (c) in the event that a scheme of arrangement is not approved and the relevant Irish Issuer subsequently goes into liquidation, the examiner's remuneration and expenses (including certain borrowings incurred by the examiner on behalf of the Issuer and approved by the Irish Court) will take priority over the amounts secured by the security granted pursuant to the Trust Deed.

Certain Provisions of U.S. Law

Risks relating to the U.S. Dodd-Frank Act

Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted 21 July 2010 (“**Dodd-Frank**”), establishes a comprehensive U.S. regulatory regime for a broad range of derivatives contracts (collectively referred to in this risk factor as “**covered swaps**”). Among other things, Title VII provides the U.S. Commodity Futures Trading Commission (the “**CFTC**”) and the U.S. Securities and Exchange Commission (the “**SEC**”) with jurisdiction and regulatory authority over many different types of derivatives that were previously traded over the counter, requires the establishment of a comprehensive registration and regulatory framework applicable to covered swap dealers and other major market participants, requires many types of covered swaps to be exchange-traded or executed on swap execution facilities and centrally cleared, and contemplates the imposition of capital and margin requirements for uncleared transactions in covered swaps.

While Title VII provided that it was to go into effect on 16 July 2011, the SEC and CFTC have repeatedly delayed compliance with many of Title VII's requirements through exemptive orders, no-action letters or other forms of relief. While the CFTC had adopted a number of regulations under Title VII and many of the obligations under those regulations have become effective, the SEC is significantly behind the CFTC and its rules are not yet in effect. As Title VII's requirements go into effect, it is clear that covered swap counterparties, dealers and other major market participants, as well as commercial users of covered swaps, will experience new and/or additional regulatory requirements, compliance burdens and associated costs.

Notwithstanding the contractual restrictions that have been imposed by the Issuer in order to fall outside the scope of Dodd-Frank, there is no assurance that the issuance of the Notes under the Programme would not subject the Issuer or other transaction parties to regulation under Title VII. Accordingly, there is no assurance that the Issuer's Swap Agreement would not be treated as a covered swap under Title VII, nor is there assurance that the Issuer would not be required to comply with additional regulation under the U.S. Commodity Exchange Act, as amended, including by Dodd-Frank (the “**CEA**”), as described immediately below. If the Issuer's Swap Agreement is treated as a covered swap under Title VII, the Issuer may be required to comply with additional regulation under the CEA.

Such additional regulations and/or registration requirements may result in, among other things, increased reporting obligations and also in extraordinary, non-recurring expenses of the Issuer, thereby materially and adversely impacting a transaction's value. Any such additional registration requirements could result in one or more service providers or counterparties to the Issuer resigning, seeking to withdraw or renegotiating their relationship with the Issuer. To the extent any service providers resign, it may be difficult to replace such service providers and affected Notes may be redeemed prior to their stated maturity date.

Under Dodd-Frank, the Swap Agreement entered into between the Issuer and the Swap Counterparty that is a covered swap may be subject to mandatory execution, clearing and documentation requirements. Even if the Swap Agreement is not required to be cleared, it would be subject to mandatory variation margining and documentation requirements, and potentially initial margin requirements, any of which could require modifications to existing agreements. Any of the foregoing requirements and/or other requirements or obligations under Dodd-Frank could materially increase costs associated with the Programme and could materially and adversely affect the value of the Notes.

Investors are urged to consult their own advisors regarding the suitability of an investment in any Notes.

Risks relating to U.S. Commodity Pool Regulation

The CFTC has rescinded a rule which formerly provided an exemption from registration as a commodity pool operator (“CPO”) or a “commodity trading advisor” (“CTA”) under the CEA in respect of certain transactions and investment vehicles involving sophisticated investors. Dodd-Frank also expanded the definition of “commodity pool” to include any form of enterprise operated for the purpose of trading in commodity interests, including swaps. It should also be noted that the definition of “swap” under Dodd-Frank is itself broad and expressly includes certain interest rate swaps, currency swaps and total return swaps. The term “commodity pool operator” has been expanded to include any person engaged in a business that is of the nature of a commodity pool or similar enterprise and in connection therewith, solicits, accepts, or receives from others, funds, securities or property for the purpose of trading in commodity interests, including any swaps. The CFTC has taken an expansive interpretation of these definitions, and has expressed the view that entering into a single swap could make an entity a “commodity pool” subject to regulation under the CEA. The CFTC has also provided extensive exemptive relief in respect of these matters although there is no guarantee that all or any aspects of the Programme will be able to take advantage of such relief.

No assurance can be made that either the U.S. federal government or a U.S. regulatory body (or other authority or regulatory body) will not take further legislative or regulatory action, and the effect of such action, if any, cannot be known or predicted. Notwithstanding the contractual restrictions that have been imposed by the Issuers in order to fall outside the scope of Dodd-Frank, if the Issuers were deemed to be “commodity pools”, then whoever is deemed to be acting as a CPO in respect thereof would be required to register as such with the CFTC. It is possible whether or not one or more of the Issuers is a commodity pool that one or more parties could also be deemed to be providing commodity trading advice to one or more of the Issuers, which could mean, absent an exemption, that any such person could be required to register as a CTA. While there remain certain limited exemptions from registration, because the wording of these regulations applies to traditional commodity pools and was not drafted with transactions such as those contemplated in relation to the Programme in mind, these exemptions may not be available to avoid registration with respect to the Issuers or other parties. In addition, if the Issuers were deemed to be “commodity pools”, they would have to comply with a number of reporting requirements that are geared to traded commodity pools. Complying with these requirements on an ongoing basis could impose significant costs on the Issuers that may materially and adversely affect the value of the Notes. It is presently unclear how investment vehicles such as the Issuers could comply with certain of these reporting requirements on an ongoing basis. Such registration and other requirements would also involve material ongoing costs to the Issuer. The scope of such requirements and related compliance costs is uncertain but could materially and adversely affect the value of the Notes.

Risks relating to U.S. Volcker Rule

On December 10, 2013, the SEC, the CFTC and three U.S. banking regulators approved a final rule to implement the Volcker Rule. Subject to certain exceptions, the Volcker Rule prohibits sponsorship of and investment in certain “covered funds” by “banking entities”, a term that includes most internationally active banking organisations, including those members of the GS Group which may be a Swap Counterparty. Even if an exception allows a banking entity to sponsor or invest in a covered fund, the banking entity may be prohibited from entering into certain “covered transactions” with that covered fund. Covered transactions include (among other things) entering into a swap transaction if the swap would result in a credit exposure to the covered fund.

If the Issuers are considered covered funds and if any affiliate of the Swap Counterparty is deemed to be a “sponsor” of the Issuers, the Swap Counterparty could be prohibited from entering into the Swap Agreement with the Issuer, which could have material adverse effects on the Notes. Alternatively, the Issuers may incur additional costs in seeking new swap counterparties in order to maintain the payment characteristics of the Notes, although there is no guarantee that they will be able to find such counterparties. Such costs could materially and adversely affect the value of and any return on the Notes. If the Issuers are considered covered funds, the liquidity of the market for the Notes may be materially and adversely affected, since banking entities could be prohibited from, or face restrictions in, investing in the Notes. This could make it difficult or impossible for Noteholders to sell the Notes or it could materially and adversely affect their market value.

SFTR (Article 15) Title Transfer Collateral Arrangements Risk Disclosure

In respect of any Series, the Issuer may have entered into, or may enter into, one or more “title transfer collateral arrangements” (as defined in Article 2(1) of Directive 2002/47/EC) (each such arrangement, a **“Title Transfer Arrangement”**) with a counterparty (each such counterparty, a **“Title Transfer Counterparty”**) as specified in the Drawdown Deed in respect of such Series. The Title Transfer Arrangement may take the form of a credit support annex to an ISDA Master Agreement, a global master repurchase agreement as published by the International Capital Market Association and Securities Industry and Financial Markets Association or a global master securities lending agreement as published by the International Securities Lending Association, or another form that provides for collateralisation on a title transfer basis.

Under Article 15 of Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 (as amended from time to time) (**“SFTR”**), the transferee of securities under any Title Transfer Arrangement is required to inform the transferor of such securities of the general risks and consequences that may be involved in entering into a Title Transfer Arrangement. Such risks are detailed below and are also relevant for Noteholders even though they will not be directly party to any Title Transfer Arrangement, particularly in circumstances where the Issuer is a transferor of securities under a Title Transfer Arrangement.

In the section below, the person that transfers securities under a Title Transfer Arrangement is referred to as the **“Transferor”**, the person to whom such securities are transferred is referred to as the **“Transferee”** and the securities so transferred are referred to as the **“Securities Collateral”**.

Loss of proprietary rights in Securities Collateral

The rights, including any proprietary rights, that a Transferor has in Securities Collateral transferred to a Transferee will be replaced (subject to any security granted by the Transferee) by an unsecured contractual claim for delivery of equivalent Securities Collateral, subject to the terms of the Title Transfer Arrangement. If the Transferee becomes insolvent or defaults under the Title Transfer Arrangement, the Transferor's claim for delivery of equivalent Securities Collateral will not be secured and will be subject to the terms of the Title Transfer Arrangement and applicable law. Consequently, the Transferor may not receive such equivalent Securities Collateral (although the Transferor's exposure may be reduced to the extent that its liabilities to the Transferee under such Title Transfer Arrangement and/or other liabilities it has to the Transferee under any other Title Transfer Arrangement or other agreement can be netted or set-off against the obligation of the Transferee to deliver equivalent Securities Collateral to the Transferor).

Where the Issuer is the Transferor, upon transfer of the Securities Collateral, such securities will cease to form part of the Secured Property so Noteholders will no longer have the benefit of security over such securities. In the event of the Title Transfer Counterparty (as Transferee) becoming insolvent or otherwise defaulting, the Secured Property will not include equivalent Securities Collateral which the Issuer might otherwise have been expecting to receive. In these circumstances, Noteholders should be aware that the net proceeds of realisation of the Secured Property may be insufficient to cover amounts that would otherwise be due under the Notes and consequently the Noteholders are exposed to the credit risk of the Title Transfer Counterparty (as Transferee).

Where the Title Transfer Counterparty is the Transferor, upon transfer of the Securities Collateral, the Issuer's obligations to transfer equivalent Securities Collateral in respect of the Title Transfer Arrangement, amongst other things, will be secured by the Secured Property in respect of the relevant Series. The Title Transfer Counterparty will not have any proprietary rights in the Securities Collateral transferred to the Issuer. If the Issuer defaults under the Title Transfer Arrangement, although the Title Transfer Counterparty's claim for delivery of

equivalent Securities Collateral will benefit from security granted by the Issuer, the Title Transfer Counterparty's claim for delivery of equivalent Securities Collateral will, as a result of the applicable payment waterfall, be subordinated to prior ranking claims of certain other Secured Parties in respect of the Secured Property. Consequently, the Transferor may not receive the equivalent Securities Collateral (although the Transferor's exposure may be reduced to the extent that its liabilities to the Transferee under such Title Transfer Arrangement and/or other liabilities it has to the Transferee under any other Title Transfer Arrangement or other agreement can be netted or set-off against an obligation on the Transferee to deliver equivalent Securities Collateral to the Transferor).

Stay of proceedings following resolution process

In the event that a resolution process (i.e. the process by which the authorities can intervene to manage the failure of a firm in an orderly fashion) is commenced by a resolution authority under any relevant resolution regime in relation to the Transferee, then (i) any rights that the Transferor may have to take any action against the Transferee, such as to terminate the Title Transfer Arrangement, may be subject to a stay by the relevant resolution authority and (ii) the Transferor's claim for delivery of equivalent Securities Collateral may be reduced (in part or in full) or converted into equity or (iii) a transfer of assets or liabilities may result in the Transferor's claim against the Transferee being transferred to different entities, although the Transferor may be protected to the extent that the exercise of resolution powers is restricted by the availability of set-off or netting rights.

Where the Issuer is the Transferor, this means that the Issuer may not be able to immediately enforce its rights against the Title Transfer Counterparty and its rights may be altered by operation of law or contract. Noteholders will be exposed to the risk of such delay and alteration of rights against the Title Transfer Counterparty.

Loss of voting rights in respect of Securities Collateral

The Transferor in respect of any Securities Collateral will not be entitled to exercise, or direct the Transferee to exercise (subject to the terms of the Trust Deed in the event that the Title Transfer Counterparty is the Transferor) any voting, consent or similar rights attached to the Securities Collateral.

Noteholders should be aware that where the Transferor is the Issuer, the Noteholders will not have any right under the Trust Deed to direct the Issuer to exercise any voting, consent or similar rights attached to the Securities Collateral.

No information provided in respect of Securities Collateral

The Transferee will have title to any Securities Collateral and may or may not continue to hold such Securities Collateral and as such it will have no obligation to inform the Transferor of any corporate events or actions in relation to any Securities Collateral.

Where the Issuer is the Transferor, this means that no assurance can be given to Noteholders that they will be informed of events affecting any Securities Collateral.

The Issuers

General: Each Issuer was incorporated in the specified Form for an indefinite period in the specified Jurisdiction on the Incorporation Date under the Relevant Legislation. Each Issuer's Authorised Share Capital has been divided into the Authorised Shares, of which only the Issued Shares have been issued. The Issued Shares are all held directly or indirectly by way of trust arrangement by the specified Share Trustee, except for the Netherlands Issuer, for which the Issued Shares are held as described below. The Netherlands Issuer has certain outstanding secured limited recourse obligations as at the Establishment Date which are not connected to the Programme including (but not limited to) certain notes admitted to trading on the Regulated Market of the London Stock Exchange plc (the “**Non-Programme Obligations**”).

Shareholding: All of the Issued Shares of the Irish Issuers and the Cayman Issuers are held by the specified Share Trustee under the terms of the Declaration of Trust on trust for Secured Parties and the charities specified therein. Under the Declaration of Trust such Share Trustee has, among other things, covenanted not to dispose of or deal with the shares in the relevant Issuer until the trust is terminated in accordance with its terms. Such Share Trustee has no beneficial interest in and derives no benefit other than its fees for acting as Share Trustee from its holding of the issued shares in the relevant Issuer.

The Issued Shares of the Netherlands Issuer are all held directly by Stichting Fabs (the “**Netherlands Shareholder**”), which is a foundation established under the laws of the Netherlands.

The Issued Shares of the Luxembourg Issuer are held by each Holding Company in the following proportions: Stichting Signum Luxembourg 1 holds 30 Issued Shares and Stichting Participatie DITC Amsterdam holds 1 Issued Share.

Approval of Programme and Series: Each Issuer approved establishment of the Programme by resolutions of the board of directors dated the Programme Authorisation Date and established the Programme on the Establishment Date and has (if specified) most recently modified and restated the Programme on the Programme Date. The issue of each Series of Notes will be approved by resolution of the board of directors (or a committee thereof) of the relevant Issuer.

Business: The Objects Clause of each Issuer's Constitutive Documents set out the principal objects for which it was established.

In the case of Irish Issuers, these include (among other things) the management of financial assets, the purchase, transfer of, investment in and acquisition of, by any means of loans, bonds or other obligations, including the extension of credit and any security therefor and the raising and borrowing of money and the granting of security over its assets for such purposes.

In the case of Cayman Issuers these are unrestricted and the relevant Cayman Issuer has full power and authority to carry out any object not prohibited by the Companies Law (2016 Revision) of the Cayman Islands as amended or revised from time to time or any other law of the Cayman Islands.

In the case of the Luxembourg Issuer these are any transactions as permitted under the laws of the Grand Duchy of Luxembourg, especially by the law of 10 August 1915 on commercial companies, as amended and the law of 22 March 2004 as amended on securitisation; these include (among other things) the acquisition, holding and disposal of any assets, assumption or divestment of risks relating to any assets, the exercise of all rights whatsoever attached to the assets and the raising of funds and issue of debt securities and any transactions which are directly or indirectly connected with its corporate object at the exclusion of banking activity.

In the case of the Netherlands Issuer, these include to take up monies (whether through loans or through the issue of notes, bonds or any other instruments) and to make loans or to buy securities and to enter into any currency exchange and currency hedging arrangements, and to enter into any interest rate exchange and interest rate hedging arrangements, to provide security, including security for the debts of others, to enter into option transactions, to enter into derivatives transactions of whatever nature, together with all activities which are incidental to or which may be conducive to any of the foregoing, and further to participate in, to take an interest in any other way in, to conduct the management of and to finance other business enterprises of whatever nature, and finally to guarantee liabilities of third parties.

Each Issuer has been established as a special purpose vehicle or entity for the purpose of issuing asset backed securities.

Bank Accounts: Each Issuer does not have any bank accounts other than (i) an account into which the paid up share capital and the Issuer Transaction Fees are paid and (ii) those that form part of the Secured Property for each Series and (iii) in the case of the Netherlands Issuer, those relating to any Non-Programme Obligations and any financial instruments, cash, fees or other assets of the Issuer in connection therewith (the “**Non-Programme Assets**”).

Assets: Each Issuer has no assets other than its issued share capital, accumulated Issuer Transaction Fees, any Secured Property on which the Obligations are secured and, in the case of the Netherlands Issuer, the Non-Programme Assets. Other than such amounts, each Issuer does not expect to accumulate any surpluses. The Obligations of each Issuer are obligations of that Issuer alone and not of, or guaranteed in any way by any other person.

Administration: Each Issuer’s Management Company (or, in the case of Signum Luxembourg I S.A., the Domiciliation and Administration Agent) is the administrator of that Issuer and, in the case of the Netherlands Issuer, also the sole director of the Netherlands Shareholder. Each administrator is appointed by each Issuer or, in the case of the Netherlands Issuer, the Netherlands Shareholder, under a Standalone SPV Master Administration and Expenses Agreement dated 25 August 2016, as amended or restated from time to time (in the case of the Netherlands Issuer, the Master Administrative Services Agreement is dated 4 November 2005). Its duties include the provision of certain company secretarial, management, administrative, accounting and related services. Its appointment may be terminated upon three months’ notice, subject to the appointment of an alternative administrator. Each Issuer’s registered office is also the Management Company’s (or, in the case of Signum Luxembourg I S.A., the Domiciliation and Administration Agent’s) address.

Costs: In the case of the Netherlands Issuer and the Cayman Issuers, the Issuer itself, has entered into a disbursements agreement with the Arranger under which, as consideration for each Issuer agreeing to create Obligations under the Programme from time to time, the Arranger agrees to meet, among other Expenses, any Expenses properly incurred by the Issuer (i) in respect of the creation of any Obligations and (ii) in respect of its administration by the Management Company (or, in the case of Signum Luxembourg I S.A., the Domiciliation and Administration Agent).

No Change in Issuer’s Position: There has been no significant change in the financial or trading position of any Issuer, or material adverse change in the financial position or prospects of any Issuer since, its Incorporation Date or if later its last published audited financial statements. As at the date of this document, the Issuer has no indebtedness in the nature of borrowings other than the Notes issued under the Programme and, in the case of the Netherlands Issuer, the Non-Programme Obligations. Since the Establishment Date no Event of Default has occurred. Each Issuer will send a confirmation to the Trustee on an annual basis confirming that no Event of Default has occurred.

Financial Statements: Audited financial statements for each Irish Issuer will be published on an annual basis and will be available from the registered office of each Issuer and the Principal Paying Agent. The audited annual financial statements for Signum Finance 1 plc for the year ended (a) 31 December 2014 and (b) 31 December 2015 have been filed with the Irish Stock Exchange and the Central Bank. The audited financial statements for Signum Finance II plc for the year ended (a) 31 December 2014 and (b) 31 December 2015 have been filed with the Irish Stock Exchange and the Central Bank. The audited financial statements for Signum Finance III plc for the year ended (a) 31 December 2015 and (b) 31 December 2016 have been filed with the Irish Stock Exchange and the Central Bank. The audited financial statements for Signum Finance V plc for the year ended (a) 31 December 2014 and (b) 31 December 2015 have been filed with the Irish Stock Exchange and the Central Bank.

Cayman Issuers are not required by the laws of the Cayman Islands to publish any financial statements and the Cayman Issuers have not published and do not intend to publish any financial statements.

Audited financial statements for the Luxembourg Issuer will be published on an annual basis and will be available from the registered office of each Issuer and its respective Paying Agent. The audited financial statements for the Luxembourg Issuer for the year ended (a) 31 December 2014 and (b) 31 December 2015 have been filed with the Irish Stock Exchange and the Central Bank.

The Netherlands Issuer is currently not required by the laws of the Netherlands to have its financial statements audited and the Netherlands Issuer does not intend to publish audited financial statements.

Restrictions: Each Issuer will be subject to the restrictions set out in the Programme Deed, which provide that it must not (to the extent it is within its control), without the Trustee's prior written consent:

- (i) engage in any business whatsoever, incur or permit to subsist any indebtedness for borrowed money or grant any guarantee or become obligated for the debts of any other person provided that:
 - (A) the Trustee may consent to the creation and modification by the Issuer of Obligations in accordance with the terms of the Programme Deed provided it is satisfied that the terms (and creation) of such Obligations and modifications would not be materially prejudicial to the interests of Noteholders of any outstanding Series (including, in the case of modifications, the Series being modified);
 - (B) the Issuer may without consent enter into any agreement satisfying the requirements of Section 1471(b) of the Code;
 - (C) the Issuer may, without the consent of the Trustee or any other person, enter into any agreement (the "**Regulatory Agreement**") that in the reasonable opinion of the Issuer is necessary in order to comply with any mandatory regulatory obligations to which it is subject or any agreement necessary in order to perform its obligations under any such Regulatory Agreement; and
 - (D) the Trustee does not need to consent to certain permitted transactions.

The Trustee may assume they will not be materially prejudicial if the restrictions contained in Base Condition 4.1 are complied with;
- (ii) dispose of any interest in any Secured Property, or create any security interest or right of recourse over any Secured Property in favour of any person except as is contemplated by the Conditions or any Transaction Agreement;
- (iii) allow any Transaction Agreement or the priority of the Security Interests created by the Trust Deed to be modified, terminated or discharged except as is contemplated by the Conditions or any Transaction Agreement;
- (iv) release any party to any Transaction Agreement from any obligations thereunder;
- (v) have any subsidiaries;
- (vi) exercise any powers of variation, consent or waiver under any Transaction Agreement;
- (vii) consolidate or merge with any other person or convey or transfer its properties or assets substantially as an entirety to any person;
- (viii) have any employees;
- (ix) make any distribution or pay any dividends to its shareholders;
- (x) have any interest in any bank accounts other than (i) an account into which the Issuer Transaction Fees are paid; (ii) those that form part of the Secured Property for any Series and (iii) those relating to any Non-Programme Obligations or Non-Programme Assets; and
- (xi) issue or allot shares to persons other than its holding company or to a trustee to hold for charitable purposes or in the case of the Netherlands Issuer, issue or allot shares to persons other than its sole shareholder.

Execution by the Trustee of a Drawdown Deed with respect to any Series will be deemed to constitute the Trustee's prior written consent to the entry into those obligations contemplated by the Conditions of such Series and any activities reasonably necessary in connection therewith by the Issuer notwithstanding the Restrictions set out above.

Programme Counterparties

The following parties executed the Issuer’s Programme Deed as “**Programme Counterparties**”:

| | |
|--------------------------------|--|
| Trustee: | BNY Mellon Corporate Trustee Services Limited |
| Principal Paying Agent: | The Bank of New York Mellon |
| Registrar: | The Bank of New York Mellon SA/NV Luxembourg Branch. |
| Transfer Agent: | The Bank of New York Mellon SA/NV Luxembourg Branch. |
| Paying Agent: | The Bank of New York Mellon SA/NV Luxembourg Branch. |
| Custodian: | The Bank of New York Mellon |
| Swap Counterparty: | Goldman Sachs International (“GSI”) |
| Calculation Agent: | GSI |
| Disposal Agent: | GSI |
| Process Agent: | GSI |

The Trustee

The Programme Deed contains detailed provisions for the appointment, retirement or removal of the Trustee provided that while any Notes remain outstanding, the retirement or removal of a sole trustee will not be effective until a successor Trustee is appointed. The Issuer has the power of appointing new Trustees with the approval of Noteholders. Any Trustee may retire by giving notice to the Issuer and may be removed by resolution of the Noteholders.

The Calculation Agent and Disposal Agent

The Programme Deed contains detailed provisions for the appointment, retirement or removal of the Calculation Agent and the Disposal Agent.

Appointment and termination: In relation to any Series, the Issuer may at any time, subject to the appointment of a replacement Calculation Agent and/or Disposal Agent, as the case may be, with the prior written consent of the Trustee, appoint additional Calculation Agents and/or Disposal Agents, by giving to the Principal Paying Agent and the Calculation Agent and/or Disposal Agent, as the case may be, at least 60 days’ notice to that effect, which notice will expire at least 30 days before or after any relevant Payment Date in respect of that Series. Upon any appointment becoming effective, such person will become a party to the Programme Deed as if originally named in it and will act as Calculation Agent or Disposal Agent, as the case may be, in respect of the relevant Series. The appointment of a Calculation Agent or Disposal Agent who is affiliated with the Arranger may only be terminated upon the insolvency of the relevant Calculation Agent or Disposal Agent, as the case may be.

Resignation: In relation to any Series, the Calculation Agent and/or the Disposal Agent may resign its appointment at any time on 60 days’ notice to the Issuer and the Principal Paying Agent, which notice must expire at least 30 days before or after any relevant Payment Date.

Condition to Resignation and Termination: No resignation or termination of the appointment of any Calculation Agent (“**Terminated Calculation Agent**”) may take effect if there would not then be a Calculation Agent as required by the Conditions. If, in such circumstances 10 days before the expiry of any notice under this Clause the Issuer has not appointed a replacement Calculation Agent, the Terminated Calculation Agent may, on behalf of the Issuer, select a leading international bank acceptable to the Trustee (such acceptance not to be unreasonably withheld) to act as its successor and, on doing so, the Issuer will be deemed to have appointed that bank as the successor Calculation Agent.

Calculation Agent and/or Disposal Agent insolvency: If the Noteholders holding at least 50 per cent. of the Principal Amount of the Notes outstanding, or the Authorised Representative, has notified the Issuer, with a copy to the Trustee, Calculation Agent and Disposal Agent, of the occurrence of an Insolvency Event in respect of the Calculation Agent or the Disposal Agent; and the Calculation Agent and/or the Disposal Agent, as the case may be, acting in good faith, has not certified to the Trustee within 10 Business Days of receipt of such notice that such Insolvency Event has not occurred, then a replacement Calculation Agent shall be appointed. (See “*Summary Description of Certain Noteholder Rights and Other Terms Following Arranger/Swap Counterparty Insolvency*” below.)

Successor Corporations: A corporation into which a Calculation Agent is merged or converted or with which it is consolidated or any corporation to which such Calculation Agent shall sell or otherwise transfer all or substantially all of its corporate trust business will, to the extent permitted by applicable law, be the successor Calculation Agent under the Agency Terms without further formality. The Calculation Agent concerned will immediately notify such an event to the other parties to the Agency Terms.

Calculation Agent and Swap Counterparty

In connection with any Series, unless specified to the contrary in the Offer Document, the Calculation Agent will be Goldman Sachs International ("**GSI**") and the Issuer may enter into one or more Swap Transactions under a Swap Agreement with GSI.

GSI was incorporated under the laws of England and Wales on 2 June 1988 (company number 02263951). GSI's registered office is at Peterborough Court, 133 Fleet Street, London EC4A 2BB. GSI engages in global investment banking, securities, investment management and other financial services with clients which include corporations, governments and individuals. GSI also engages in trading and private equity deals and is a primary dealer.

GSI has debt securities listed and admitted to trading on the regulated markets of the Luxembourg Stock Exchange and the Irish Stock Exchange, amongst others.

In connection with any Series, the Issuer may enter into one or more Swap Transactions under a Swap Agreement with an entity other than GSI and which is specified as the "Swap Counterparty" in the Offer Document, in which case, disclosure in respect of such Swap Counterparty will be set out in such Offer Document.

Summary Description of Certain Noteholder Rights and Other Terms Following Arranger/Swap Counterparty Insolvency

The Base Conditions and Programme Deed contain certain rights of Noteholders following an Insolvency Event in respect of the Arranger, Swap Counterparty, Disposal Agent or other agents and certain other terms in connection with unwinding a special purpose vehicle issuance following an insolvency in respect of the arranging bank, swap counterparty and/or certain agents and other provisions. No assurance is given that the provisions in the Base Conditions and Programme Deed will address to the satisfaction of investors any of the issues experienced by investors in unwinding a special purpose vehicle issuance following an insolvency in respect of the arranging bank, swap counterparty and/or certain agents.

The following is a summary description of certain such terms of the Base Conditions and Programme Deed which are set out in full in, subject to, and qualified in their entirety by reference to, the Base Conditions and Programme Deed. None of the Issuer, Arranger, Dealer or GS Group accepts any responsibility in respect of the information herein. The Base Conditions and Programme Deed are subject to the Additional Conditions in respect of the relevant Series.

Capitalised terms used but not defined herein shall have the meaning given to them in the Base Conditions and/or the Programme Deed.

Early redemption of the Notes following an Arranger Insolvency Event: Upon the occurrence of an Arranger Insolvency Event, the Issuer will give a Notice of Redemption and will redeem all of the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date, provided that a 100% Noteholder may deliver a Delivery Instruction Certificate in which event the Issuer will redeem all of the Notes at their Physical Redemption Amount.

Noteholder put option where Trustee has not declared the Notes due and payable following an Event of Default: Upon an Event of Default, the Trustee will not be bound to declare the Notes due and payable unless it has been either secured and/or prefunded to its satisfaction or provided with a Trustee Indemnity Letter. If an Event of Default occurs and the Trustee has not declared the Notes due and payable in accordance with Base Condition 7.1, a 100% Noteholder (being the Noteholder(s) holding 100% of the outstanding Notes) may exercise a put option for the redemption of all the Notes, and the Issuer must, upon valid exercise of such put option in respect of all the Notes by the 100% Noteholder, redeem all the Notes at their Physical Redemption Amount.

Physical delivery or disposal of Issuer Aggregate STP Claim following a Swap Event: If a Mandatory Redemption Event has occurred by reason of the occurrence of a Swap Event following the occurrence of an “Event of Default” under Section 5(a)(vii) of the Swap Agreement in respect of the Swap Counterparty and the Issuer has not received any Aggregate STP (being the net sum of all Swap Transaction Termination Amounts in respect of all Swap Transactions under the Swap Agreement relating to the Notes) payable to it on or prior to the Mandatory Redemption Date, then:

- (i) **Physical delivery of Issuer Aggregate STP Claim:** a 100% Noteholder may send the Issuer an Aggregate STP Claim Delivery Notice. Upon receipt of such Aggregate STP Claim Delivery Notice, the Issuer will, as soon as reasonably practicable, and subject to payment of all Expenses owing and payable to the Trustee and the Secured Agents, assign its Issuer Aggregate STP Claim to the 100% Noteholder and notify the Swap Counterparty of such assignment; or
- (ii) **Disposal of Issuer Aggregate STP Claim:** if the Issuer does not receive an Aggregate STP Claim Delivery Notice, the Disposal Agent or any successor Disposal Agent will arrange the sale of the Issuer Aggregate STP Claim in accordance with the disposal procedures set out in the Base Conditions. The Issuer shall apply the proceeds received from such sale in accordance with the relevant Priority of Claims.

Disposal Procedures: If the Disposal Agent is required to arrange the sale of the Disposal Assets and/or the Issuer Aggregate STP Claim, the Disposal Agent shall use its reasonable endeavours to arrange the sale of the Disposal Assets and/or the Issuer Aggregate STP Claim (as applicable) in accordance with the procedures set out in the Base Conditions.

Where the Disposal Agent has not sold the Disposal Assets by the Disposal Date:

- (i) if the Disposal Agent determines (acting in good faith) that it has complied in all material respects with the relevant disposal procedures, the Disposal Agent will deliver a Disposal Procedures Certificate to the Issuer upon the Disposal Date; or
- (ii) if a Disposal Procedures Failure has occurred, any successor Disposal Agent appointed will use its reasonable endeavours to dispose of the Disposal Assets by the date falling 40 Business Days following the Disposal Date in accordance with the procedures set out in the Base Conditions.

If the Disposal Agent (or any successor Disposal Agent) has not effected the sale of any Issuer Aggregate STP Claim by the date falling 3 years after the Mandatory Redemption Date, then the value of such Issuer Aggregate STP Claim will be deemed to be zero and the Issuer's claim in respect of such Issuer Aggregate STP Claim will be extinguished.

Swap Termination: In respect of a Series, upon the occurrence of an "Event of Default" under Section 5(a)(vii) (*Bankruptcy*) of the Swap Agreement in respect of the Swap Counterparty:

- (i) subject to the following sub-paragraphs, the Issuer will designate an Early Termination Date under the Swap Agreement within 10 Business Days of becoming aware of the occurrence of such event;
- (ii) the Noteholders may by Extraordinary Resolution resolve that an Early Termination Date under the Swap Agreement be designated, in which event the Issuer will promptly designate such Early Termination Date, provided that if the Issuer fails to do so within 2 Business Days of the date of such Extraordinary Resolution, the Authorised Representative or a 100% Noteholder may, on the Issuer's behalf, designate such Early Termination Date; or
- (iii) the Trustee may (but will not be obliged to) instruct the Issuer to designate an Early Termination Date under the Swap Agreement, in which event the Issuer shall promptly designate such Early Termination Date, provided that if the Issuer fails to do so within 2 Business Days of the date of such instruction, the Authorised Representative or the Trustee may, on the Issuer's behalf, designate such Early Termination Date.

Automatic Novation of Swap Agreement: Where, in respect of a Series, (i) "AR Original Swap Termination" is applicable, (ii) there is an "Event of Default" under Section 5(a)(vii) (*Bankruptcy*) of the Swap Agreement in respect of the Swap Counterparty and (iii) at the time of such "Event of Default" there is an Authorised Representative in respect of the Notes:

- (i) the rights and obligations of the Issuer under the Original Swap Agreement will be automatically novated to the Authorised Representative; and
- (ii) the Issuer and the Authorised Representative will be deemed to enter into an AR Swap Agreement, which will be on terms identical to those of the Original Swap Agreement immediately prior to the AR Automatic Novation Event, except that the Authorised Representative will be "Party A" under the AR Swap Agreement and the Issuer will be "Party B".

Following an automatic novation in accordance with the above, references to "Swap Agreement" will thereafter be construed as references to the AR Swap Agreement and references to "Swap Counterparty" will be construed as references to the Authorised Representative.

Swap Calculations: The Swap Counterparty is the Calculation Agent under the Swap Agreement. However, following the occurrence of an "Event of Default" under Section 5(a)(vii) (*Bankruptcy*) of the Swap Agreement in respect of the Swap Counterparty:

- (i) the Issuer or a 100% Noteholder may designate any Fallback Agent specified in the Additional Conditions for such Series to be the Calculation Agent under the Swap Agreement;
- (ii) if no Fallback Agent is specified in the Additional Conditions or the Issuer and the 100% Noteholder do not designate the Fallback Agent specified as the replacement Calculation Agent, the Issuer, a 100% Noteholder or the Noteholders by way of Extraordinary Resolution may appoint a replacement Calculation Agent; and

- (iii) if the Issuer and the Noteholders fail to appoint a replacement Calculation Agent, the Issuer will notify the Trustee in writing of such failure, following which the Trustee may (but will not be obliged to) determine (or may appoint an agent on the Issuer's behalf to determine) the Close-out Amount under the Swap Agreement on behalf of the Issuer.

Enforceability: The Security will become enforceable if, following the occurrence of a Mandatory Redemption Event or an Event of Default:

- (i) the Issuer receives a Disposal Procedures Certificate from the Disposal Agent; or
- (ii) a Disposal Procedures Failure has occurred and the Disposal Assets have not been liquidated on or prior to the date falling 40 Business Days following the Disposal Date,

and, in either case, the Issuer, the Authorised Representative or a 100% Noteholder has notified the Trustee in writing of such circumstances or event.

Form of Trustee Indemnity Letter: The Trustee will not be bound to accelerate the Notes, enforce the Security, appoint and remove receivers in respect of any part of the Secured Property over which the Security has become enforceable, perfect the Security or take any other action which would, in its opinion, involve it in personal liability or expense, require the Agents to act as Agents of the Trustee (instead of the Issuer) or act at the request or direction of the Noteholders or take certain other actions as specified in the Base Conditions or Programme Deed, unless it has been secured and/or prefunded to its satisfaction or provided with a Trustee Indemnity Letter.

The Programme Deed contains a form of Trustee Indemnity Letter agreed with the Trustee, which sets out the terms of the indemnity to be provided by an entity with a creditworthiness reasonably satisfactory to the Trustee before the Trustee is required to act. The Trustee is entitled, under the terms of the Trustee Indemnity Letter, to require to be put into funds in an amount which it deems necessary or desirable to meet the anticipated amount of any expenses and liabilities (or potential liability) properly incurred or to be properly incurred.

Appointment and removal of Trustee: The Issuer has the power to appoint a new trustee with the prior approval of an Extraordinary Resolution of Noteholders.

Replacement of Calculation Agent and Disposal Agent: The appointment of the Calculation Agent and/or the Disposal Agent under the Notes will immediately terminate where (a) the Noteholders holding at least 50 per cent. of the Principal Amount of the Notes outstanding, or the Authorised Representative, has notified the Issuer of the occurrence of an Insolvency Event in respect of the Calculation Agent and/or the Disposal Agent and the Calculation Agent and/or the Disposal Agent, acting in good faith, has not certified to the Trustee within 10 Business Days of receipt of such notice that such Insolvency Event has not occurred; or (b) in relation to the Disposal Agent only, there has been a Disposal Procedures Failure and:

- (i) if a Fallback Agent is specified in the Additional Conditions for the Calculation Agent or the Disposal Agent, as applicable, the Issuer will be deemed to have appointed such Fallback Agent as the relevant replacement Calculation Agent or Disposal Agent, as applicable, with effect from the termination of such appointment, unless the Issuer is otherwise directed by Extraordinary Resolution;
- (ii) if no Fallback Agent for the Calculation Agent or the Disposal Agent is specified in the Additional Conditions, the Issuer, a 100% Noteholder or the Noteholders by way of Extraordinary Resolution, may on behalf of the Issuer, appoint a replacement Calculation Agent and/or Disposal Agent, as applicable; and
- (iii) if no replacement Calculation Agent and/or Disposal Agent, as applicable, has been appointed by the date falling 30 Business Days following the termination of the appointment of the Calculation Agent and/or the Disposal Agent, as applicable, the Issuer shall as soon as reasonably practicable solicit bids from at least three banks of international standing for such role. The Issuer will appoint the relevant party which provided the lowest fee quotation as the replacement Calculation Agent and/or or Disposal Agent.

Operation of Issuer as going concern post Arranger Insolvency: The Noteholders' right to payment on the Notes will be subordinated to certain senior ranking items including Trustee's Expenses, amounts payable to the Swap Counterparty under the Swap Agreement and, if an

Arranger Insolvency Event has occurred and is continuing fees payable by the Issuer in connection with the maintenance of its corporate existence, including audit fees, taxes, legal fees, governmental and other regulatory fees and fees and expenses payable to the administrator of the Issuer under the agreement appointing such administrator (such amounts to be apportioned *pro rata* amongst all outstanding Series of the Issuer).

Base Conditions

A Introduction

The following Base Conditions, as modified and supplemented by the relevant Additional Conditions (including any Product Supplement where specified as applicable in such Additional Conditions), will apply to the Notes. The Base Conditions are subject to contrary provisions in the Additional Conditions and therefore will not apply to the extent they are inconsistent with the Additional Conditions.

References in the Base Conditions to “Notes” are to the Notes of the relevant Series only and, unless the context otherwise requires, to “specified” are to items or matters specified in the Additional Conditions.

The Notes are constituted and secured by the Trust Deed. Copies of the Trust Deed and the Transaction Agreements may be inspected free of charge at the specified offices of each of the Issuer, the Trustee and the Paying Agents.

Each Noteholder has the benefit of, is bound by and is deemed to have notice of all provisions of the Trust Deed. The Additional Conditions will state whether the Issuer has acquired or will hold any Assets and/or entered into one or more Swap Transactions and/or a CSA under a Swap Agreement with respect to the Notes. If it has not acquired or will not hold any Assets, references in these Base Conditions to Assets shall be disregarded and if it has not entered into any Swap Transactions and/or a CSA under a Swap Agreement, references in these Base Conditions to, as the case may be, a Swap Transaction, the Swap Agreement and/or a CSA will be disregarded.

B Conditions

1 FORM, DENOMINATION AND TITLE

1.1 Form: Notes may be Bearer Notes or Registered Notes.

1.2 Bearer Notes

- (a) **Form:** Bearer Notes will be initially represented by one or more Global Notes and will be in the Denomination(s) specified. Bearer Notes may not at any time be offered, sold or delivered within the United States or to or for the account of a U.S. person (each as defined in the United States Internal Revenue Code of 1986). Where the D Rules are applicable for Notes, the temporary Global Note will be exchangeable after the expiry of 40 days after its issue date for a permanent Global Note in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Programme Deed.
- (b) **Title:** Title to Bearer Notes passes by delivery. Except as required by law, the holder of any Bearer Note will be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on it, or its theft or loss).

1.3 Registered Notes

- (a) **Form:** Registered Notes will be initially represented by Certificates, one Certificate in respect of each Noteholder's holding, and will be in the Denomination(s) specified.
- (b) **Title:**
 - (i) **Register:** Subject to this Base Condition 1.3, title to Registered Notes passes by registration in the Register.
 - (ii) **Transfer:** Registered Notes may be transferred upon the surrender of the relevant Certificate, together with the Transfer Form duly completed and executed, at the specified office of the Registrar or any Transfer Agent. A new Certificate representing the transferred Notes will be issued to the transferee.

- (iii) **Partial transfer:** In the case of a transfer of part only of the Notes represented by a Certificate, new Certificates in the relevant amounts will be issued to the transferor and the transferee.
- (iv) **New Certificates:** New Certificates will be available for delivery within three New York and London Business Days of receipt of a Transfer Form. Certificates will be delivered at the Registrar's specified office or mailed at the risk of the relevant Noteholder to such address as the Noteholder specifies in the Transfer Form.
- (v) **Transfer costs:** Exchange and transfers of Notes will be effected without charge by the Registrar, but upon payment of any tax or other governmental charges that may be imposed.
- (vi) **Restrictions:** Noteholders may not require the transfer of a Registered Note to be registered during the period of 15 days ending on the date for any payment due in respect of the Note.

1.4 Clearing Systems

- (a) **Global Notes:** Global Notes in bearer form will be delivered to a common depositary for the Clearing Systems. Registered Notes represented by a Global Certificate will be registered in the name of a nominee for a common depositary for the Clearing Systems. Payments in respect of Global Notes will be made through the Clearing Systems against presentation of the Global Note.
- (b) **Optional Exchange:** Global Notes may be exchanged for definitive Bearer Notes or Certificates at the option of the holder of the Global Note if the relevant Clearing System is closed for a continuous period of 14 days (other than for holidays) or ceases to make its book-entry system available for settlement of interests in the Global Note and no other Clearing System satisfactory to the Trustee and the Principal Paying Agent is available.
- (c) **Transfer:** While represented by Global Notes held on behalf of the Clearing Systems, beneficial interests in Notes may only be transferred in accordance with the Clearing Systems' rules and procedures. A person shown in the records of the Clearing System as the accountholders or participants with entitlements in respect of any Global Note may be treated by the Issuer and Trustee as Noteholders when considering the interests of Noteholders.

- 1.5 **Coupons and Talons:** Interest bearing definitive Bearer Notes will be issued with Coupons and, if applicable, a Talon attached. A coupon sheet and, if applicable, a further Talon, will be issued against surrender of a Talon at the Principal Paying Agent's specified office. Bearer Notes redeemable in instalments will be issued with one or more Receipts attached.

2 STATUS

The Notes are secured, limited recourse obligations of the Issuer, which rank equally among themselves. The Notes are constituted by the Trust Deed and secured by the Trust Deed in the manner described in Base Condition 3 and recourse in respect of Notes is limited in the manner described in Base Condition 16.

3 SECURITY

3.1 Security:

- (a) **Grant of Security:** The Issuer will grant security under the Trust Deed in respect of the Notes in favour of the Trustee for the benefit of the Trustee, the Noteholders and each other Secured Party. Security will be granted by the Issuer over, amongst other things, any Assets and the Series Rights.

- 3.2 **Issuer's Rights as owner of the Secured Property:** Subject to Base Condition 10.6 below, the Issuer may only take such action or exercise such rights, powers or interest (including, without limitation, voting rights) with respect to the Secured Property as it is permitted to take pursuant to this Condition. The Issuer:

- (a) **Consent:** may, with the prior written consent of a Directing Party (which consent, where the Directing Party includes "Noteholders", may be by an Extraordinary Resolution or Written

Resolution) or the written consent of the Trustee, take such action or exercise such rights, powers or interest with respect to the Secured Property as it considers expedient; and

- (b) **Direction:** shall, provided it will not cause the Issuer to breach any of its obligations, take such action or exercise such rights, powers or interest with respect to the Secured Property as it is directed to take by a Directing Party (which direction, where the Directing Party includes "Noteholders", may be by an Extraordinary Resolution or Written Resolution) or the written consent of the Trustee.
- (c) **Adjusted Voting Rights:** notwithstanding the foregoing, if "Adjusted Voting Rights" is specified as applicable, on any matter in respect of which the Issuer, under the terms of the relevant Initial Assets is (1) entitled to vote or otherwise grant any consent, exercise any discretion or take any action, including acting with respect to the Secured Property, and (2) receives notification of such rights or powers and appropriate voting and/or other documentation, the Issuer shall use its reasonable endeavours to notify the Transaction Counterparties and the Directing Party of such fact and request the Directing Party to provide instructions as to the relevant matter. Where:
 - (i) the Directing Party is "Swap Counterparty", instructions are provided in the manner specified in any such notice by the Swap Counterparty by the close of business on the day that is 2 Business Days prior to the last day on which the relevant rights or powers are capable of being exercised in accordance with the terms of Initial Assets or as otherwise notified to the Directing Party, the Issuer shall, subject at all times to applicable law and the terms and conditions of such Initial Assets, use its reasonable endeavours to procure that such rights or powers are exercised with respect to the Initial Assets in accordance with the instructions given by such Directing Party, or
 - (ii) where the Directing Party is "Swap Counterparty and Noteholders" or "Noteholders", instructions are provided in the manner specified in any such notice by any Noteholder by the close of business on the day that is 2 Business Days prior to the last day on which the relevant rights or powers are capable of being exercised in accordance with the terms of Initial Assets or as otherwise notified to the Directing Party, the Issuer shall, subject at all times to applicable law and the terms and conditions of such Initial Assets, use its reasonable endeavours to procure that such rights or powers are exercised with respect to a portion of the Initial Assets equal to the portion of the outstanding Notes represented by the Notes held by each relevant Noteholder that has provided such instructions in accordance with the instructions so provided. In the event of opposing instructions from the Swap Counterparty and the Noteholders, the Issuer shall follow the instructions of the Noteholders in the manner specified above.

If instructions are not provided in the manner specified above or in any such notice, as the case may be, or the Issuer determines that it cannot exercise such rights or powers for any reason whatsoever, the Issuer shall abstain from voting in relation to, where the Directing Party is "Swap Counterparty", the Initial Assets, or where the Directing Party includes "Noteholders", such portion of the Initial Assets as is equal to the portion of the outstanding Notes represented by the Notes in respect of which no instructions have been received or in respect of which the Issuer determines it cannot exercise such rights or powers. Nothing in the foregoing shall require the Issuer to exercise rights or powers in respect of the Initial Assets where the Issuer determines that to do so would lead to the Issuer incurring any loss, liability or expense.

4 RESTRICTIONS

- 4.1 **Restrictions:** Under the Trust Deed, the Issuer has agreed to be bound by certain restrictions in so far as permitted by applicable law. In particular, the Issuer will not, without the Trustee's consent, or otherwise in accordance with the terms of the Trust Deed, dispose of any interest in any Secured Property, allow any Transaction Agreement to be modified, release any party to any Transaction Agreement from any obligations thereunder, have any subsidiaries or employees, consolidate or merge with any other person or issue or allot shares to persons other than its holding company or to a trustee to hold for charitable purposes.

4.2 Further Obligations possible: The Issuer may, without Noteholders' consent, (i) issue Fungible Notes in accordance with Base Condition 4.3, and (ii) enter into other Obligations, provided that in relation to such other Obligations:

- (a) the Trustee is satisfied that the restrictions contained in this Base Condition 4 will be complied with and, if in the Trustee's opinion, the interests of the Noteholders will not be materially prejudiced thereby;
- (b) if the Issuer is a Rated Issuer, it must first notify the Rating Agencies appointed for each series of outstanding Rated Notes that it has issued; and
- (c) unless the Trustee otherwise agrees, such other Obligations (unless they are Fungible Notes):
 - (i) are secured on assets other than the Secured Property in respect of any outstanding Obligations and the Issuer's share capital and any Issuer Transaction Fees;
 - (ii) provide for recourse to the Issuer to be limited to the property secured for such Obligations in the same way that recourse of the Trustee and the Noteholders is limited; and
 - (iii) do not expose the Issuer to any significant liability (contingent or otherwise) unless such liability is (a) similarly limited in recourse or (b) otherwise provided for out of the general operating expenses of the Issuer.

4.3 Fungible Notes: The Issuer may from time to time issue Fungible Notes provided that (unless the Trustee otherwise agrees):

- (a) the secured property acquired for such Fungible Notes has the same composition as the existing Secured Property and bears the same proportion to the Fungible Notes that the existing Secured Property bears to the existing Notes; and
- (b) any Transaction Agreements are amended to reflect the issue of the additional Fungible Notes so as to confer jointly on holders of existing Notes and Fungible Notes the economic benefits that arose under such Transaction Agreements for the holders of the existing Notes.

Any Fungible Notes will be constituted and secured by a further Drawdown Deed and such further security will be consolidated with the existing Secured Property so that such consolidated Secured Property secures both such existing Notes and the Fungible Notes, even if this means that new security is given over the Secured Property for the existing Notes (as well as for the Fungible Notes).

5 INTEREST

5.1 Interest Rate and Accrual: Each Interest-bearing Note bears Interest on its Interest Calculation Amount (as at the relevant Interest Payment Date) from the Interest Commencement Date on the Interest Basis. Interest Amounts will be payable in arrear on each Interest Payment Date and will be calculated in respect of the immediately preceding Interest Calculation Period on the basis of the Day Count Fraction. Interest will cease to accrue on each Note on the Interest Cessation Date save that if, upon due presentation, payment of the Redemption Amount due on such due date for redemption is not made, Interest will accrue on the unpaid portion of such amount of Principal that is improperly withheld or refused, in which case Interest will continue to accrue (before as well as after judgment and regardless of the specified Interest Basis) until the Relevant Date at the rate determined daily by the Calculation Agent as the rate for overnight deposits in the currency in which the payment is due to be made. Such interest shall be added annually to the overdue sum and shall bear interest accordingly.

5.2 Business Day Conventions: Any date specified to be subject to adjustment in accordance with a Business Day Convention which would otherwise fall on a Non-Business Day will be adjusted as follows:

- (a) **Following Business Day Convention:** if "Following Business Day Convention" is specified, the date will be the next day that is a Business Day in the specified Business Day Jurisdictions;

- (b) **Modified Following Business Day Convention:** if "Modified Following Business Day Convention" is specified, the date will be the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date will be the immediately preceding Business Day in each of the specified Business Day Jurisdictions; or
- (c) **Preceding Business Day Convention:** if "Preceding Business Day Convention" is specified, the date will be the immediately preceding Business Day in the specified Business Day Jurisdictions.

5.3 Fixed Rate Notes: If the Interest Basis is specified as Fixed Rate, unless an Interest Amount or a formula for its calculation is specified, the Interest Rate for each Interest Calculation Period will be the rate per annum specified as such.

5.4 Floating Rate Notes: If the Interest Basis is specified as Floating Rate then, unless an Interest Amount or a formula for its calculation is specified, subject to any Applicable Provisos:

- (a) **ISDA Determination:** if "ISDA Determination" is specified as the Floating Rate Determination Method, the Calculation Agent will determine the Interest Rate for each Interest Calculation Period as a rate equal to the sum of any Margin and the relevant ISDA Rate;
- (b) **Screen Determination:** if "Screen Determination" is specified as the Floating Rate Determination Method, the Interest Rate for each Interest Calculation Period will, subject as provided below, be either the sum of the Margin (if any) and:
 - (i) the offered quotation; or
 - (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Page as at either 11:00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent (the "**Screen Rate**"). If five or more of such offered quotations are available on the Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified as being other than LIBOR or EURIBOR, the Interest Rate in respect of such Notes will be determined as provided, or:

- (iii) if the Page is not available or if, paragraph (i) applies and no such offered quotation appears on the Page or if paragraph (ii) above applies and fewer than three such offered quotations appear on the Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11:00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11:00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Interest Rate for such Interest Calculation Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (iv) if paragraph (iii) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Interest Rate shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11:00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately

11:00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Relevant Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Relevant Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Relevant Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11:00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11:00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Interest Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Interest Rate shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Calculation Period from that which applied to the last preceding Interest Calculation Period, the Margin relating to the relevant Interest Calculation Period, in place of the Margin relating to that last preceding Interest Calculation Period);

- (c) **Linear Interpolation:** If "Linear Interpolation" is specified as applicable then the Calculation Agent will determine, based on Linear Interpolation, the Interest Rate for any specified Interest Calculation Period (or if no Interest Calculation Period is specified, each Interest Calculation Period not equal to the Specified Duration).

5.5 Zero Coupon Notes: Where a Zero Coupon Note (which is not linked to an index or formula) is repayable prior to the Maturity Date and is not paid when due, the amount payable prior to the Maturity Date will be the Amortised Face Amount of such Note provided that, if such amount is not paid when due, references to the date on which the Note becomes due will be deemed to be replaced by reference to the Relevant Date. The calculation of the Amortised Face Amount will continue to be made (before as well as after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due will be the Final Redemption Amount of such Note on the Maturity Date together with any Interest that may accrue in accordance with Base Condition 5.1.

5.6 Variable Rate Notes: If the Interest Basis is specified as Variable Rate, the Calculation Agent will determine the Interest Rate or Interest Amount by reference to the specified formula or method.

5.7 Rounding: In any calculations made under the Conditions:

- (b) all figures will be rounded to seven significant figures (provided that if the eighth significant figure is a 5 or greater, the seventh significant figure shall be rounded up); and
- (c) all currency amounts that fall due and payable will be rounded to the nearest unit of Currency (with half a unit being rounded up), except in the case of yen, which will be rounded down to the nearest yen in all cases. In this Base Condition 5.7 "unit" means the lowest amount of a Currency that is available as legal tender in the country of the relevant Currency (or, in the case of the euro, €0.01).

5.8 Determination and Publication:

- (a) **Calculation:** Each Interest Amount will be calculated by multiplying the product of the Interest Rate and the Interest Calculation Amount of the relevant Note by the Day Count

Fraction, unless an Interest Amount or a formula for its calculation is specified, in which case such amount or formula will apply.

- (b) **Determination and Publication:** The Calculation Agent will, as soon as practicable after the time on any date that it is required to make any determination in accordance with this Condition 5:

- (i) **Determine:** make such determination; and
- (ii) **Publish:** notify such determination to the Trustee, the Issuer, each Paying Agent, the Noteholders, and any other specified person and, if required, the relevant Stock Exchange as soon as possible after its determination but in no event later than (a) the commencement of the relevant Interest Calculation Period, if determined prior to such time or (b) in all other cases, the fourth Business Day after such determination.

- (c) **Determination by Trustee:** Subject to and without prejudice to Base Condition 9.4 and the Transaction Agreements, if at any time the Calculation Agent does not make a required determination, the Trustee will, subject to its being indemnified and/or secured and/or pre-funded to its satisfaction or provided with a Trustee Indemnity Letter, appoint an agent on its behalf to do so and the Calculation Agent will be deemed to have made such determination. In doing so, the Trustee will apply the provisions of this Base Condition 5.8(c) to the extent reasonably practicable, and, in all other respects it will do so in such manner as it will deem fair and reasonable in all the circumstances.

- 5.9 **Interest Following Default:** Following an Event of Default, the Interest Rate payable will continue to be calculated in accordance with this Base Condition 5.9 but publication of the Interest Rate or the Interest Amount need not be made unless the Trustee otherwise requires.

If it fails to arrange such substitution, or it or the Trustee considers it impracticable to arrange such substitution, before the next payment is due under the Notes (and the Noteholders have not passed an Extraordinary Resolution amending the Conditions to provide for payment subject to the relevant Tax), a Tax Redemption Event will be deemed to have occurred. Upon the occurrence of a Tax Redemption Event, the Issuer will give a Notice of Redemption and will redeem all

of the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date. With respect to any Connected Jurisdiction Tax, the Issuer shall deduct such Connected Jurisdiction Tax from the amounts payable to the relevant Noteholder(s) and all other Noteholders shall receive the due amounts payable to them and the Notes shall not be redeemed and no Tax Redemption Event shall occur as a result of such deduction. While any Global Note is held on behalf of a Clearing System, the Issuer may have regard to any information provided by such Clearing System as to the identity of its accountholders having entitlements to such Global Note and may consider such interests as if such accountholders were the Noteholders for the purpose of determining if a Connected Jurisdiction Tax arises in respect of a Noteholder;

- (iii) **FATCA Tax Event:** unless specified as not applicable, a FATCA Tax Event, the Issuer will redeem all or a portion of the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date to the extent such redemption is necessary to avoid the imposition of a withholding tax under FATCA or such redemption is necessary to comply with FATCA. - (iv) **Section 871(m) Event:** unless specified as not applicable, a Section 871(m) Event, the Issuer will redeem all or a portion of the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date to the extent such redemption is necessary to avoid the imposition of a withholding tax under Section 871(m). - (xi) **AR Termination Election:** unless specified as not applicable, an AR Termination Election, the Authorised Representative may give an AR Termination Election Notice to the Issuer, following which the Issuer will give a Notice of Redemption and will redeem all of the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date.
- (xii) **Settlement/Custodial Event:** if specified as applicable, a Settlement/Custodial Event, the Issuer will give a Notice of Redemption and will redeem all of the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date provided that, if the Calculation Agent determines that the Notes cannot be redeemed at their Mandatory Redemption Amount as a result of such Settlement/Custodial Event, then the Settlement/Custodial Event Settlement shall apply;
- (xiii) **Change in Law Event:** if specified as applicable, a Change in Law Event, the Issuer will give a Notice of Redemption and will redeem all of the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date;

If the Issuer, after using all reasonable efforts, is unable to arrange such substitution within a commercially reasonable time, such commercially reasonable time as determined by the Calculation Agent, a Regulatory Change Event will be deemed to have occurred; or (b) an Adverse Regulatory Change Event under limbs (ii) or (iii) of the definition, the Calculation Agent will immediately inform the Trustee of such event and will use all reasonable efforts to arrange for amendment to the Notes, substitution of the Issuer or any other change, as applicable, in each case subject to and in accordance with the provisions of the Trust Deed. If the Calculation Agent or the Issuer (as the case may be), after using all reasonable efforts is unable to facilitate and/or effect an amendment of the Notes, substitute the Issuer or make any other change, as the case may be, within a commercially reasonable time, such commercially reasonable time as determined by the Calculation Agent, a Regulatory Change Event will be deemed to have occurred; or (c) an Adverse Regulatory Change Event under limb (iv) of the definition, a Regulatory Change Event will be deemed to have occurred. Upon the occurrence of a Regulatory Change Event, the Issuer will give a Notice of Redemption and will redeem the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date; or
- (xvii) **Other Mandatory Redemption Event:** any other event specified as an applicable Mandatory Redemption Event, the Issuer will give a Notice of Redemption and will redeem the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date.

 - (iv) **Otherwise:** otherwise, as is specified.

For the avoidance of doubt, payment or delivery of the Mandatory Redemption Amount will discharge the Issuer’s obligation to pay any accrued interest on the Notes (or *pro rata* part thereof) redeemed on the Mandatory Redemption Date.

6.3 Optional Redemption

- (a) **Issuer Call Option:** If “Issuer Call Option” is applicable, the Issuer may, upon delivering a Notice of Redemption within the Issuer Call Option Period, redeem all or part of the Notes at their Call Redemption Amount on the Call Redemption Date specified in such notice. Notwithstanding the foregoing, if at any time prior to the redemption of the Notes pursuant to this Base Condition 6.3(a), a Mandatory Redemption Event occurs, the Notice of Redemption given pursuant to this Base Condition 6.3(a), shall be deemed to be void and the Notes shall be redeemed pursuant to the provisions of Base Condition 6.2.
- (b) **Noteholder Put Option:** If “Noteholder Put Option” is applicable, the Issuer must, upon valid exercise of a Noteholder Put Option by any Noteholder, redeem the Notes which are the subject of such exercise at their Put Redemption Amount on the Put Redemption Date in accordance with the relevant Exercise Notice. To exercise such option the Noteholder must, within the Noteholder Put Option Period, deposit each Exercised Note at the specified office of a Paying Agent or Transfer Agent, together with an Exercise Notice. An Exercised Note may not be withdrawn without the Issuer’s prior consent. Notwithstanding the foregoing, if at any time prior to the redemption of the Notes pursuant to this Base Condition 6.3(b), a Mandatory Redemption Event occurs, the Exercise Notice given pursuant to this Base Condition 6.3(b), shall be deemed to be void and the Notes shall be redeemed pursuant to the provisions of Base Condition 6.2.
- (c) **Contingent Noteholder Put Option:** If an Event of Default occurs and the Trustee has not declared the Notes due and payable in accordance with Base Condition 7.1 by the date falling three Business Days following the occurrence of such Event of Default, the Issuer shall, upon valid exercise of a Contingent Noteholder Put Option by a 100% Noteholder, redeem all the Notes at their Physical Redemption Amount on the Contingent Noteholder Put Redemption Date in accordance with the relevant Exercise Notice. To exercise such option the 100% Noteholder must deposit each Exercised Note at the specified office of a Paying Agent or Transfer Agent, together with an Exercise Notice. An Exercised Note may not be withdrawn without the Issuer’s prior consent.

- (a) **TTA Notice:** As soon as practicable following determination of the Mandatory Redemption Amount and the Transaction Termination Amount, the Calculation Agent will deliver a TTA Notice.
- (b) **100% Noteholder Exercise:** Within the TTA Exercise Period a 100% Noteholder may, by (1) delivering to the Principal Paying Agent a TTA Option Notice and (2) paying the TTA Payment into the TTA Account, satisfy such Transaction Termination Amount on the Issuer's behalf. As soon as practicable following receipt of the TTA Payment into the TTA Account, the Custodian will send the Calculation Agent a TTA Payment Receipt Notice.
- (c) **Determination:** Upon receiving a TTA Payment Receipt Notice, for the purposes of determining the Net Portfolio, the Calculation Agent will deem the Transaction Termination Amount to be nil.
- (d) **Payment following expiry of TTA Exercise Period:** If either (i) the TTA Payment is not received; or (ii) the TTA Payment is received, but only following expiry of the TTA Exercise Period, (a) the purported exercise of the TTA Option will be deemed null and void, and (b) as soon as practicable an amount equal to any TTA Payment held by the Custodian, after deduction of all amounts owing to the Trustee and the Secured Agents, if any, including any incurred in connection with the exercise of the TTA Option by the 100% Noteholder will be returned to the 100% Noteholder to such account as is specified in the TTA Option Notice with no requirement to account for interest on such sum of any description.

6.5 BIE Option: Unless the BIE Option is specified as not being applicable:

- (a) **BIE Request Notice:** By delivery of a BIE Request Notice at any time a BIE Eligible Noteholder may request:
 - (i) **BIE Exchange:** the exchange of its BIE Tendered Notes for an equal aggregate principal amount of BIE New Notes secured on BIE Proposed New Assets that are BIE Eligible New Assets; or
 - (ii) **BIE Substitution:** if such Noteholder is a 100% Noteholder, substitution of the Assets with BIE Proposed New Assets that are BIE Eligible New Assets.

A Noteholder who is not a BIE Eligible Noteholder may not exercise the BIE Option. In the case of Rated Notes, the Calculation Agent will, as soon as practicable, notify the relevant Rating Agency of receipt of a BIE Request Notice.

- (b) **BIE Determination:** Within 5 London Business Days of receiving a BIE Request Notice the Calculation Agent will, on the Issuer's behalf, determine (i) whether the BIE Proposed New Assets are BIE Eligible New Assets and, if so (ii) the BIE Transaction Cost applicable upon such substitution or exchange. If the Calculation Agent determines that:
 - (i) **Not BIE Eligible New Assets:** the BIE Proposed New Assets **are not** BIE Eligible New Assets, it will notify the Principal Agent who will deliver a BIE Refusal Notice to the Noteholder and the BIE Request Notice will be deemed void and of no further effect; or
 - (ii) **BIE Eligible New Assets:** the BIE Proposed New Assets are BIE Eligible New Assets, it will notify the Principal Agent who will deliver a BIE Acceptance Notice to the Noteholder.
- (c) **BIE Option Exercise:** Upon receipt of a BIE Acceptance Notice a Noteholder may, at any time in the BIE Exercise Period:

 - (ii) **Deliver BIE Eligible New Assets:** deliver or procure delivery to the Custodian the BIE Eligible New Assets specified in the BIE Acceptance Notice, and as soon as practicable following receipt within such period the Custodian will deliver or procure delivery to the Calculation Agent a notice confirming such receipt within such

period; and

- (iii) **Pay BIE Transaction Cost:** pay to the Principal Agent the BIE Transaction Cost specified in the BIE Acceptance Notice, and as soon as practicable following receipt within such period the Principal Agent will deliver to the Calculation Agent a notice confirming such receipt within such period.
- (d) **Settlement:** Upon receipt by the Calculation Agent of all of the notices described in Base Condition 6.5(c), the Issuer will be obliged to perform the BIE Substitution or BIE Exchange (as the case may be) and will procure that the Calculation Agent directs:
 - (i) **Custodian:** the Custodian to deliver the Assets to such account as is specified in the BIE Request Notice;
 - (ii) **Principal Agent:** the Principal Agent to:
 - (A) **Deliver:** deliver the BIE Tendered Notes or BIE New Notes (as the case may be) to such account as is specified in the BIE Request Notice; and

and the Custodian and the Principal Agent will take such actions for value the BIE Effective Date.
- (e) **Receipt following expiry of BIE Exercise Period:** If either (i) any of the BIE Tendered Notes, BIE Eligible New Assets or the BIE Transaction Costs are not received; or (ii) any of the BIE Tendered Notes, BIE Eligible New Assets or the BIE Transaction Costs are received, but only following expiry of the BIE Exercise Notice Period:
 - (i) **Purported Exercise Void:** the purported exercise of the BIE Option will be deemed null and void; and
 - (ii) **Assets Returned:** as soon as practicable any BIE Tendered Notes, BIE Eligible New Assets or BIE Transaction Costs held by the Custodian or the Principal Agent will be returned to such of the Noteholder's accounts as are specified in the BIE Request Notice with no requirement to account for interest on such sum of any description.

6.6 Purchases and Cancellation:

- (a) **Purchase:** The Issuer may, at any time, purchase Notes in the open market or otherwise at any price provided (i) they are purchased together with the rights to receive all future payments of Interest and any applicable Instalment Amounts, (ii) a *pro rata* portion of the Secured Property is realised (and the corresponding portion of the Swap Agreement is terminated) to fund such purchase (or arrangements are made to deliver such *pro rata* portion (and the cash proceeds in respect of the terminated corresponding portion of the Swap Agreement) to the relevant Noteholders in satisfaction of the relevant purchase price) and (iii) if any such Notes are Listed Notes, the Issuer will notify the Stock Exchange of such purchase.
- (b) **Cancellation:** All Notes purchased by the Issuer will be cancelled immediately upon surrender to the order of the Principal Agent. Cancelled Notes may not be reissued or resold and the Issuer's obligations in respect of them will be discharged. Cancellation of any Note represented by a Global Note (other than upon its redemption) will be effected by reduction in the Principal Amount of the relevant Global Note.

6.7 Partial Redemption: If at any time part only of the outstanding Principal Amount of the Notes is due for redemption, the Issuer will redeem such Notes at the relevant Redemption Amount as follows:

- (a) **Partial Redemption by Lottery:** if the Additional Conditions specify "Lottery" as the Partial Redemption Method, the Notice of Redemption will contain the certificate numbers of the Notes to be redeemed, which will have been drawn in such places and in such manner as the Trustee may approve, provided that the rights of accountholders with any Clearing System will be governed by the standard procedures of such Clearing System; or

- (b) **Pro Rata Redemption:** if the Additional Conditions specify “Pro Rata” as the Partial Redemption Method or does not specify a method of partial redemption, the Issuer will redeem all of the Notes on a *pro rata* basis.

The foregoing shall not apply in the case of a partial redemption of Notes upon the exercise of a Noteholder Put Option (in which case the provisions of Base Conditions 6.3(b) and 6.8(a) only shall apply).

6.8 Settlement of Options through Clearing Systems: While a Global Note represents the Notes:

- (a) **Noteholder Options:** Any Noteholder Option may be exercised by the Noteholder giving an Exercise Notice to the Principal Agent through the Clearing Systems stating the principal amount of Notes in respect of which the Noteholder Option is exercised. In such case the Exercise Notice need not contain the certificate numbers of the Exercised Notes. In the case where the Noteholder elects to receive the Physical Redemption Amount in respect of such Noteholder Option, the delivery of the duly completed Exercise Notice by the Noteholder in accordance with the Conditions shall be deemed to satisfy the requirement to deliver a Delivery Instruction Certificate pursuant to Base Condition 8.9(b), provided that such Exercise Notice contains all information necessary for the Issuer or its agent to effect physical delivery of the relevant assets.
- (b) **Issuer Options:** In exercising an Issuer Option the Issuer need not specify the certificate numbers of Notes drawn in the case of Partial Redemption by Lottery and no drawing of Notes will be required.

6.9 AR Optional Swap Termination: If, in respect of a Series, “AR Optional Swap Termination” is specified as applicable in the Additional Conditions then, upon the occurrence of an AR Automatic Novation Event:

- (a) **Novation of Swap Agreement:**

 - (ii) the rights and obligations of the Issuer under the Original Swap Agreement shall be automatically novated to the Authorised Representative in accordance with paragraph 5.23 of the Master Swap Terms; and
 - (iii) the Issuer and the Authorised Representative will be deemed to enter into an AR Swap Agreement, which will be on terms identical to the Original Swap Agreement immediately prior to the AR Automatic Novation Event, except that the Authorised Representative will be “Party A” and the Issuer will be “Party B” under the AR Swap Agreement. The AR Swap Agreement shall then be deemed to be the Swap Agreement for the purpose of these Conditions and all references to “Swap Agreement” will thereafter be construed as references to the AR Swap Agreement and references to “Swap Counterparty” will be construed as references to the Authorised Representative;
- (b) **AR Optional Termination:** If “AR Termination Election” is specified as applicable then, following an automatic novation of the Original Swap Agreement in accordance with (a) above, the Authorised Representative may, and shall if directed in writing by the 100% Noteholder, deliver an AR Termination Election Notice to the Issuer.

7 EVENTS OF DEFAULT

7.1 Effect of Event of Default: If an Event of Default occurs the Trustee (a) may at its discretion, and (b) shall if so directed by an Extraordinary Resolution and subject, in each case to it being, either secured and/or prefunded to its satisfaction or provided with a Trustee Indemnity Letter, give notice to the Issuer that the Notes are, and they will immediately become, due and payable at their Mandatory Redemption Amount.

7.2 List of Events of Defaults: Each of the following events will be an Event of Default:

- (a) **Non payment of sums due:** if the Issuer defaults for 7 days or more in the payment of any sum or delivery of any assets due in respect of the Notes provided that default in any payment or delivery due on final redemption of the Notes will be an Event of Default immediately; or
- (b) **Failure to perform:** if the Issuer fails for 10 days to perform any of its other obligations under the Trust Deed following notice from the Trustee to the Issuer requiring such failure to be remedied unless, in the Trustee's opinion, it is incapable of remedy (any such opinion of the Trustee to be conclusive and binding on the Issuer, the Noteholders and the Secured Parties), in which case no notice will be required; or
- (c) **Winding-up:** if the Issuer (a) is dissolved (other than pursuant to a consolidation, amalgamation or merger on terms previously approved in writing by the Trustee or by an Extraordinary Resolution); (b) becomes insolvent or is unable to pay its debts or fails or admits in writing its inability generally to pay its debts as they become due; (c) makes a general assignment, arrangement or composition with or for the benefit of its creditors; (d)(i) institutes or has instituted against it, by a regulator, supervisor or any similar official with insolvency, rehabilitative or regulatory jurisdiction over it, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official, or (ii) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and such proceeding or petition is instituted or presented by a person or entity not described in sub-paragraph (i) above and results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation; (e) has a resolution passed for its winding-up, official management or liquidation (other than pursuant to a consolidation, amalgamation or merger on terms previously approved in writing by the Trustee or by an Extraordinary Resolution); (f) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, examiner, trustee, custodian or other similar official for it or for all or substantially all its assets; or (g) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in sub-paragraphs (a) to (g) above.

The Issuer has undertaken in the Trust Deed that, annually and also within 14 days of any request by the Trustee, it will certify to the Trustee that no Adverse Issuer Event has occurred.

8.4 Payments in the United States: If:

- (a) **Non-US Paying Agents:** the Issuer has appointed Paying Agents with specified offices outside the United States in the expectation that such Paying Agents would be able to make payment on the Notes in the manner provided above when due;
- (b) **Restrictions on Payments:** payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts; and
- (c) **No Adverse Tax Consequence:** United States law then permits such payment without involving, in the Trustee's opinion, any adverse tax consequence to the Issuer,

then the Issuer must immediately appoint a Paying Agent in New York City. Payments in respect of Bearer Notes denominated in U.S. dollars may be made at the specified office of any such Paying Agent in the manner set out above.

8.5 Payments Subject to Fiscal Regulations: All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment or other laws to which the Issuer agree to be subject and the Issuer will be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, but without prejudice to the provisions of Base Condition 13. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments. No commission or expenses will be charged to the Noteholders in respect of such payments.

- (b) **Pre-Conditions to Delivery:** A Noteholder will not be entitled to any Physical Redemption Amount unless it has; (x) presented or surrendered (as is appropriate) the relevant Note; and (y) delivered a Delivery Instruction Certificate at the Principal Agent's specified office. 8.10 Euro payment obligations: Any payment obligation in respect of any Note expressed to be payable in "Euro", "euro", "€" or "EUR" shall always be payable in the lawful currency of the member states of the European Union that adopt the single currency in accordance with the Treaty of Lisbon amending the Treaty on European Union and the Treaty establishing the European Community (signed at Lisbon on 13 December, 2007).

9 AGENTS

9.1 Secured Agents to act for Issuer: Each Secured Agent shall act as an agent solely of the Issuer and will have no obligation towards, or relationship of agency or trust with, any Noteholder or any other person.

9.2 Other Agents: Each Agent that is not a Secured Agent is not acting as agent of the Issuer (or any other person) and is therefore not acting as fiduciary and will owe no fiduciary obligations or duties to the Issuer, the Noteholders, any Transaction Counterparty or any other person.

9.3 Appointment of Agents: The Issuer may, with the Trustee's prior written approval or with the passing of an Extraordinary Resolution, vary or terminate the appointment of any Secured Agent and appoint additional or other Agents, provided that the Issuer must always maintain, as approved by the Trustee or by the passing of an Extraordinary Resolution:

- (a) **Necessary Agents:** a Principal Paying Agent and, subject to Base Condition 9.4, a Calculation Agent and, subject to Base Condition 9.4, a Disposal Agent;
- (b) **Paying Agent:** a Paying Agent having its specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive;
- (c) **Registrar:** for Registered Notes, a Registrar with a specified office outside the UK;
- (d) **Other Agents:** where required in respect of a particular Series, a Custodian and/or a Loan Service Agent and/or a Transfer Agent; and
- (e) **Listing Requirements:** in the case of Listed Notes, such other agents as are required by the relevant Stock Exchange.

Additionally, in the case of Rated Notes, each of the Secured Agents appointed in respect of such Notes must meet the Rating Criteria applicable in respect of Short Term Investments. If the rating of an existing Agent falls below the minimum required by such Rating Criteria the Issuer must, as soon as possible and in any event within 30 days, appoint a substitute Agent which does meet such Rating Criteria. Notice of any such change in Agent or specified office will promptly be given to the Noteholders.

9.4 Successor Calculation Agent and Disposal Agent: Notwithstanding any term to the contrary, where (a)(i) the Noteholders holding at least 50 per cent. of the outstanding Principal Amount of the Series, or the Authorised Representative, has notified the Issuer, with a copy to the Trustee, Calculation Agent and Disposal Agent, of the occurrence of an Insolvency Event in respect of the Calculation Agent and/or the Disposal Agent; and (ii) the Calculation Agent and/or the Disposal Agent, acting in good faith, has not certified to the Trustee within 10 Business Days of receipt of such notice that such an Insolvency Event has not occurred; or (b) in relation to the Disposal Agent only, there has been a Disposal Procedures Failure, then:

- (a) **Automatic Termination:** the appointment of the Calculation Agent and/or the Disposal Agent, as applicable, will immediately terminate;
- (b) **Fallback Agent:** if a Fallback Agent is specified in the Additional Conditions for the Calculation Agent or the Disposal Agent, as applicable, the Issuer will be deemed to have appointed such Fallback Agent as the relevant replacement Calculation Agent or Disposal

Agent, as applicable, with effect from the termination of such appointment, unless the Issuer is otherwise directed by Extraordinary Resolution;

- (c) **Issuer/Noteholder Appointment:** if no Fallback Agent for the Calculation Agent or the Disposal Agent is specified in the Additional Conditions, the Issuer, a 100% Noteholder or the Noteholders by way of Extraordinary Resolution, may on behalf of the Issuer, appoint a replacement Calculation Agent and/or Disposal Agent, as applicable; and
- (d) **Bid Process:** If no replacement Calculation Agent and/or Disposal Agent, as applicable, has been appointed by the date falling 30 Business Days following the termination of the appointment of the Calculation Agent and/or the Disposal Agent, as applicable, the Issuer shall as soon as reasonably practicable solicit bids from at least three banks of international standing for such role. All bids from such parties must be received within 10 Business Days of the Issuer soliciting such bids (the "**Bid Period**"). Upon the conclusion of the Bid Period, the Issuer shall appoint the relevant party which provided the lowest fee quotation as the replacement Calculation Agent and/or Disposal Agent.

The Issuer shall not incur any liability to any person in respect of any acts or omissions or exercise of discretion in relation to the appointment of a replacement Calculation Agent and/or Disposal Agent pursuant to this Condition 9.4.

- 9.5 Authorised Representative:** The initial Authorised Representative may be specified in the Additional Conditions. If so specified, such Authorised Representative will at all times act for and on behalf of the Noteholders and may be replaced, subject to the completion by the Issuer, the Swap Counterparty and the other Transaction Counterparties of all relevant KYC Checks and account opening procedures in respect of such replacement, by Extraordinary Resolution or the direction in writing to the Issuer and each Transaction Counterparty of a 100% Noteholder. The identity of the Authorised Representative at any time may be obtained by written request to the Issuer at such time. The Issuer and each Transaction Counterparty shall have no liability to any person for acting on the instructions of any person that they in good faith believe to be the Authorised Representative. If at any time, the Authorised Representative (or any replacement Authorised Representative) ceases to satisfy any of the relevant KYC Requirements of the Issuer, the Swap Counterparty and the other Transaction Counterparties, the appointment of such Authorised Representative shall cease with immediate effect. Notice of any such change in the Authorised Representative will, as soon as reasonably practicable, be given to the Noteholders and the Transaction Counterparties.

10 LIQUIDATION AND SWAP TERMINATION

- 10.1 Disposal:** On any date (the "**Solicitation Date**") on which it becomes necessary for the Issuer to sell the Disposal Assets to meet its obligations under the Conditions and the Transaction Agreements (including without limitation, on the occurrence of any Disposal Event) or sell any Issuer Aggregate STP Claim in accordance with Base Condition 10.7(b), the Disposal Agent shall use its reasonable endeavours to arrange the sale of the Disposal Assets and/or the Issuer Aggregate STP Claim (as applicable) in accordance with Base Condition 10.1 to 10.5:

- (a) **Quotations:** the Disposal Agent will solicit firm bid quotations from Offerors of the price at which each would be prepared to:
 - (i) **Disposal Assets:** subject to sub-paragraph (b) below, purchase the Disposal Assets for settlement on or before the Disposal Date; and
 - (ii) **Issuer Aggregate STP Claim:** purchase any Issuer Aggregate STP Claim for settlement as soon as reasonably practicable following the Mandatory Redemption Date;
- (b) **Adjusted Disposal Method:** without prejudice to sub-paragraph (a) above, where "Adjusted Disposal Method" is specified as applicable:
 - (i) **Offerors:** the Disposal Agent will attempt to obtain such firm bid quotations from at least five Offerors, each of whom must be a dealer in obligations of the type of the Disposal Assets; and
 - (ii) **At least two quotations:** if at least two such quotations are available, the Disposal Agent, acting as broker on behalf of the Issuer, will arrange the sale of the Disposal

Assets at the highest quotation obtained and will give instructions (x) to the Purchaser for the transfer of the proceeds to the Custodian on behalf of the Issuer on the relevant settlement date and (y) to the Custodian for the transfer of the relevant Disposal Assets to the Purchaser;

(iii) **Less than two quotations:** if the Disposal Agent is unable to obtain at least two such firm bid quotations on the same Business Day, then on the next following Business Day and (to the extent necessary) on each Business Day thereafter until the fifth following Business Day, the Disposal Agent will continue to attempt to obtain such firm bid quotations from at least five Offerors in accordance with (i) above and:

- (A) if the Disposal Agent obtains at least two such quotations on the same Business Day, then it shall arrange a sale of the relevant Disposal Assets in accordance with sub-paragraph (ii) above; or
- (B) if the Disposal Agent is unable to obtain at least two such quotations on the same Business Day but obtains one such quotation which is able to be accepted on such fifth following Business Day, then the Disposal Agent, acting as broker on behalf of the Issuer, will arrange the sale of the Disposal Assets at such quotation and will give instructions (x) to the Purchaser for the transfer of the proceeds to the Custodian on behalf of the Issuer on the relevant settlement date and (y) to the Custodian for the transfer of the relevant Disposal Assets to the Purchaser; or
- (C) to the extent no quotations are able to be accepted on such fifth following Business Day, then the Asset Sale Proceeds will be determined as zero.

For the avoidance of doubt, whilst Goldman Sachs International and the Authorised Representative may deal in obligations of the type of the Disposal Assets, they shall not be under any obligation to provide any firm bid quotations.

- (c) **Custodian:** the Issuer and the Trustee each hereby authorise the Disposal Agent to give settlement instructions to the Custodian in connection with such sale; and/or
- (d) **Failure to Perform:** if the Disposal Agent fails to take any action required of it pursuant to the Transaction Agreements, to promptly notify the Issuer, the Trustee and the Principal Agent in writing of such fact.
- (e) **Best execution:** the Disposal Agent will act on a best execution basis in accordance with the then applicable rules of the United Kingdom's Financial Conduct Authority and Prudential Regulation Authority.

10.2 No delay: In acting under the Transaction Agreements, the Disposal Agent may take such steps as it considers appropriate in order to effect an orderly sale of the Disposal Assets and/or any Issuer Aggregate STP Claim, but may not delay the sale beyond, in relation to the Disposal Assets, the Disposal Date, and in relation to any Issuer Aggregate STP Claim, the date falling 3 years following the Mandatory Redemption Date, in the hope of achieving a higher price and will not be liable to the Issuer or any Secured Party merely because a higher price could have been obtained had the sale been delayed.

10.3 Limitation: Notwithstanding any provision to the contrary, arrangement of the sale of any Disposal Assets and any Issuer Aggregate STP Claim by the Disposal Agent, shall be subject to:

- (a) **Black-out:** any black-out period (or other limitation) affecting sales or issuances of debt obligations of The Goldman Sachs Group, Inc. (or any members of its group of companies) which the Disposal Agent is required to observe through internal or external regulatory or compliance rules or guidelines; and
- (b) **Luxembourg:** in respect of a Luxembourg Issuer only, any provisions of Luxembourg bankruptcy or insolvency law or other similar law affecting creditors' rights.

10.4 Disposal Procedures Certificate: Where the Disposal Agent has not sold the Disposal Assets by the Disposal Date:

- (a) if the Disposal Agent determines (acting in good faith) that it has complied in all material respects with the relevant procedures under this Base Condition 10, the Disposal Agent shall deliver a Disposal Procedures Certificate to the Issuer upon the Disposal Date; or
- (b) if a Disposal Procedures Failure has occurred, any successor Disposal Agent appointed pursuant to Base Condition 9.4 shall use its reasonable endeavours to dispose of the Disposal Assets by the date falling 40 Business Days following the Disposal Date (the "**Disposal Cut-off Date**") in accordance with the procedure set out in Base Conditions 10.1 to 10.3, which procedure shall apply *mutatis mutandis*.

10.5 Issuer Aggregate STP Claim long-stop date: If the Disposal Agent (or any successor Disposal Agent) has not effected the sale of any Issuer Aggregate STP Claim by the date falling 3 years after the Mandatory Redemption Date, then, notwithstanding any term to the contrary, the value of such Issuer Aggregate STP Claim shall be deemed to be zero and, pursuant to the terms of the Swap Agreement, the Issuer's claim in respect of such Issuer Aggregate STP Claim will be extinguished.

10.6 Termination of Swap Agreement: Upon the occurrence of an "Event of Default" under Section 5(a)(vii) (*Bankruptcy*) of the Swap Agreement (which, for the avoidance of doubt, shall be the Original Swap Agreement if no AR Automatic Novation Event has occurred and the AR Swap Agreement if an AR Automatic Novation Event has occurred) in respect of the Swap Counterparty (which, for the avoidance of doubt, shall be the Swap Counterparty if no AR Automatic Novation Event has occurred and the Authorised Representative if an AR Automatic Novation Event has occurred):

- (a) **Issuer obligation:** subject to sub-paragraphs (b) and (c) below, the Issuer shall designate an Early Termination Date (as defined in the Swap Agreement) under Section 6(a) of the Swap Agreement within 10 Business Days of becoming aware of the occurrence of an "Event of Default" under Section 5(a)(vii) (*Bankruptcy*) of the Swap Agreement;
- (b) **Noteholders' Extraordinary Resolution:** the Noteholders may by Extraordinary Resolution resolve that an Early Termination Date (as defined in the Swap Agreement) under Section 6(a) of the Swap Agreement be designated, in which event the Issuer shall promptly designate such Early Termination Date, provided that if the Issuer fails to do so within 2 Business Days of the date of such Extraordinary Resolution, the Authorised Representative or a 100% Noteholder may, on the Issuer's behalf, designate such Early Termination Date; or
- (c) **Trustee designation or direction to Issuer:** the Trustee may (but shall not be obliged to do so and shall incur no liability whether or not it so designates) and subject to it being indemnified and/or secured and/or prefunded to its satisfaction or provided with a Trustee Indemnity Letter instruct the Issuer in writing to designate an Early Termination Date under Section 6(a) of the Swap Agreement, in which event the Issuer shall promptly designate such Early Termination Date, provided that if the Issuer fails to do so within 2 Business Days of the date of such instruction, the Authorised Representative or the Trustee may, on the Issuer's behalf, designate such Early Termination Date. The Trustee shall have no liability for giving or not giving such instruction.

10.7 Issuer Aggregate STP Claim: If: (1) a Mandatory Redemption Event has occurred by reason of the occurrence of a Swap Event following the occurrence of an "Event of Default" under Section 5(a)(vii) (*Bankruptcy*) of the Swap Agreement in respect of the Swap Counterparty; and (2) the Issuer has not received any Aggregate STP payable to it on or prior to the Mandatory Redemption Date, then:

- (a) **Physical delivery of Aggregate STP claim:** a 100% Noteholder may, no later than 10 Business Days following the Mandatory Redemption Date, send the Issuer, with a copy to the Swap Counterparty, the Disposal Agent and the Trustee, an Aggregate STP Claim Delivery Notice. Upon receipt of such Aggregate STP Claim Delivery Notice, the Issuer shall, as soon as reasonably practicable, and subject to payment of all Expenses owing and payable to the Trustee and the Secured Agents, assign its Issuer Aggregate STP Claim to the 100% Noteholder and notify the Swap Counterparty of such assignment upon the date thereof. Such assignment by the Issuer, notwithstanding any term to the contrary, shall be deemed to satisfy the Issuer's obligation to pay such Aggregate STP as a component of the Mandatory Redemption Amount to the 100% Noteholder; or

- (b) **Disposal of Aggregate STP claim:** if the Issuer has not received an Aggregate STP Claim Delivery Notice in accordance with sub-paragraph (i) above, the Disposal Agent or any successor Disposal Agent, on behalf of the Issuer, shall arrange the sale of the Issuer Aggregate STP Claim in accordance with the procedures set out in Base Condition 10.1 for settlement as soon as reasonably practicable and the Issuer shall apply the proceeds received from such sale in accordance with the relevant Priority of Claims.

11 ENFORCEMENT

11.1 Enforceability: The Security will become enforceable if, following the occurrence of a Mandatory Redemption Event or an Event of Default:

- (a) the Issuer receives a Disposal Procedures Certificate from the Disposal Agent; or
 - (b) a Disposal Procedures Failure has occurred and the Disposal Assets have not been liquidated on or prior to the Disposal Cut-off Date,
- and, in either case, the Issuer, the Authorised Representative or a 100% Noteholder has notified the Trustee in writing of such circumstances or event.

11.2 Realisation of the Secured Property

- (a) **Enforcement:** At any time after any Security has become enforceable in accordance with Base Condition 11.1, the Trustee may without further notice institute such proceedings against the Issuer as it thinks fit to enforce the terms of the Trust Deed and the Notes, and:
 - (i) **Extraordinary Resolution:** if directed to do so by an Extraordinary Resolution of Noteholders; or
 - (ii) **Secured Party:** in the case of Unrated Notes (or in the case of Rated Notes, after payment of all sums due and payable to the Noteholders in respect of such Rated Notes), if directed to do so in writing by any other Secured Party to whom sums are due but unpaid under the Transaction Agreements,

the Trustee will and otherwise, at its discretion, may enforce such Security, provided, in each case, that it shall have no obligation to take any action or step unless so directed and being either secured and/or prefunded to its satisfaction or provided with a Trustee Indemnity Letter. In exercising its discretion to enforce the Security, the Trustee shall have no responsibility for any loss to individual Noteholders or other Secured Parties.

- (b) **Method of Enforcement:** In enforcing the Security the Trustee may procure the realisation of the Assets and terminate and realise the value of every other Transaction Agreement.
- (c) **Application of Proceeds:** The Trustee will apply the proceeds of enforcement of the Security in satisfaction of the claims of the groups of Secured Parties, *pari passu* and rateably as between members of each group, in accordance with the specified Priority of Claims. Any balance after satisfaction of all secured claims will be paid to the Issuer.

12 APPLICATION OF PROCEEDS

- (a) **Prior to Liquidation or Enforcement:** Prior to the liquidation of any of the Disposal Assets and any enforcement of Security, regardless of any appropriation by the Issuer, the Trustee will hold on **trust** all amounts it receives which are payable in respect of the Notes to apply them:
 - (i) **Trustee:** first, to the Trustee in respect of the Trustee Expenses;
 - (ii) **Secured Agents:** secondly, to each Secured Agent *pari passu* and rateably in respect of the Secured Agents' Expenses;

 - (iv) **Issuer:** fourthly, to the Issuer in payment of any balance.
- (b) **After Liquidation but prior to Enforcement:** Prior to the Security being enforced but after liquidation of any of the Disposal Assets, any proceeds from such liquidation received by

the Issuer shall be applied as set out below and any proceeds received by the Trustee will be held on trust and applied as set out below:

- (i) **Trustee:** first, to the Trustee in respect of the Trustee's Expenses;
 - (ii) **Secured Agents:** secondly, to each Secured Agent *pari passu* and rateably in respect of the Secured Agents' Expenses;

 - (iv) **Swap Counterparty:** fourthly, to the Swap Counterparty in payment of amounts owed to such Swap Counterparty under the Swap Agreement;
 - (v) **Noteholders:** fifthly, to the Noteholders *pari passu* and rateably in payment of any amounts due in respect of the Notes; and
 - (vi) **Issuer:** sixthly, to the Issuer in payment of any balance.
- (c) **After Enforcement:** Upon enforcement of the Security, the Trustee will hold on trust all amounts it receives upon realisation of the Security or which are payable in respect of the Notes or to the Secured Parties to apply them:

 - (ii) **Secured Agents:** secondly, to each Secured Agent *pari passu* and rateably in respect of the Secured Agents' Expenses;
 - (iii) **Issuer:** thirdly, if an Arranger Insolvency Event has occurred, to the Issuer in respect of the fees payable by the Issuer in connection with the maintenance of its corporate existence, including audit fees, taxes, legal fees, governmental and other regulatory fees and fees and expenses payable to the administrator of the Issuer under the agreement appointing such administrator (such amounts to be apportioned *pro rata* amongst all outstanding Series of the Issuer);
 - (iv) **Swap Counterparty:** fourthly, to the Swap Counterparty in payment of amounts owed to such Swap Counterparty under the Swap Agreement;
 - (v) **Noteholders:** fifthly, to the Noteholders *pari passu* and rateably in payment of any amounts due in respect of the Notes; and
 - (vi) **Issuer:** sixthly, to the Issuer in payment of any balance.

13 TAXATION

13.1 General: All payments of Principal and Interest in respect of the Notes will be made free and clear of, and without withholding or deduction for, any Taxes, unless required by applicable law or agreement with a government authority. If so required, all such payments will be made subject to such withholding or deduction for, or on account of, such Taxes and (i) any such deduction will not be an Event of Default, and (ii) no additional amounts will be payable by the Issuer for or in respect of any such amounts withheld or deducted. For the purposes of this Base Condition 13.1, any deduction or withholding imposed or required pursuant to FATCA shall be deemed to be required by applicable law.

13.2 Information provision: Each Noteholder and Couponholder (and any beneficial owner of an interest in a Note or Coupon) shall provide any forms, certifications and other documentation reasonably requested by (or on behalf of) the Issuer, a Transaction Counterparty or a taxing authority in order to enable the Issuer or such Transaction Counterparty to comply with any automatic exchange of information obligations (including FATCA and CRS) or to determine the amount to deduct and withhold from any such payments. For the avoidance of doubt, such documentation may include, *inter alia*, identifying information (residence, citizenship, telephone

number) about such holder or owner as well as identifying information about equity holders in such holder or owner. Each Noteholder and Couponholder (and any beneficial owner of an interest in a Note or Coupon) further agrees and consents that in respect of FATCA the Issuer may, but is not obliged and owes no duty to any person to, enter into an agreement with the U.S. Internal Revenue Service, or to comply with any local legislation applicable to the Issuer enacted in furtherance of FATCA, in each case, in such form as may be required to avoid the imposition of withholding under FATCA on payments made to the Issuer. In connection therewith, the Issuer may make such amendments to the Notes and the Swap Agreement (if any) as are necessary to enable the Issuer to enter into, or comply with the terms of, any such agreement. Any such amendment will be binding on the Noteholders and Couponholders. In addition, each Noteholder and Couponholder (and any beneficial owner of an interest in a Note or Coupon) agrees that the Issuer may provide information to the U.S. Internal Revenue Service or any non-U.S. taxing authority regarding such person's investment in the Notes and Coupons, including any information relevant to the Issuer's compliance with FATCA (including, but not limited to, as necessary so that no tax will be imposed or withheld thereunder in respect of payments to or for the benefit of the Issuer) and CRS.

- 13.3 U.S. Federal Income Tax Treatment of the Notes:** The Issuer and each Noteholder agree to treat the Notes as equity of the Issuer for U.S. federal income tax purposes.

14 JURISDICTION-SPECIFIC CONDITIONS

An investment in such Notes does not have the status of a bank deposit, is not within the scope of the Deposit Protection Scheme operated by the Central Bank and the Issuer is not and will not be regulated by the Central Bank as a result of the issue of such Notes.

- 14.2 Luxembourg:** Where the Notes are issued by a Luxembourg Issuer the provisions of Articles 84 to 97 of the Luxembourg law of 10 August 1915 on commercial companies, as amended, are excluded.

- (c) **Condition not disapplied:** this Base Condition 15.1 is not disapplied in the Additional Conditions.

- 15.2 Effect:** Upon the occurrence of a Claw-Back Event in such circumstances:

16 LIMITED RECOURSE

- 16.1 Recourse to Secured Property Only:** The Trustee, the holders of Notes, Coupons, Talons and Receipts and the Transaction Counterparties will have recourse only to the Secured Property and

sums derived from it, subject to the Security. Once the Trustee has realised such Secured Property and distributed the Net Proceeds in accordance with the Trust Deed, none of the Trustee, the holders of Notes, Coupons, Talons and Receipts, any Transaction Counterparty or anyone acting on their behalfs may take any further steps against the Issuer or its directors, officers, members or administrator to recover any further sum and no debt will be owed by the Issuer in respect of such sum.

- 16.2 Non-Petition:** None of the Trustee, any Noteholder or any other Secured Party may institute or join with any other person in bringing, instituting or joining, insolvency proceedings (whether court based or otherwise) or for the appointment of an examiner, receiver or analogous person in relation to the Issuer, and none of them will have any claim in respect of any sum arising in respect of any assets secured for the benefit of any other creditors of the Issuer.

- 16.3 Survival:** The provisions of this Base Condition 16 shall survive notwithstanding any redemption of the Notes of any Series or the termination or expiration of any Transaction Agreement.

17 PRESCRIPTION

Claims against the Issuer for payment in respect of the Notes will be prescribed and become void unless made within 10 years (in the case of Principal) and 5 years (in the case of Interest) from the due date for payment.

18 REPLACEMENT OF NOTES

If a Note is lost, stolen, mutilated, defaced or destroyed, it may be replaced, at the specified office of any Paying Agent, in each case on payment of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer may require. Mutilated or defaced Notes must be surrendered before replacements will be issued.

19 MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

- 19.1 Meetings of Noteholders:** The Trust Deed provides for Noteholder meetings to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Trust Deed. The quorum requirements for any such meeting are set out in the Trust Deed.

The Trust Deed provides that (i) a resolution in writing signed by or on behalf of the holders of not less than 75% in nominal amount of the Notes outstanding (a “**Written Resolution**”) or (ii) where the Notes are held by or on behalf of a clearing system or clearing systems, approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75% in aggregate nominal amount of the Notes then outstanding (“**Electronic Consent**”) shall, in each case for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which the Special Quorum was satisfied) be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a Written Resolution may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

An Extraordinary Resolution passed at any meeting of Noteholders and/or Written Resolution and/or Electronic Consent will be binding on all Noteholders and holders of Coupons, Talons and Receipts whether or not they participated in such Written Resolution or Electronic Consent.

- 19.2 Meetings where Notes in Global Form:** The holder of a Global Note will be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting will be treated as having one vote in respect of each minimum Denomination of Notes represented by such Global Note. Each holder of Registered Notes is entitled to one vote per Note in such Noteholder’s holding, whether or not represented by a Global Certificate.

- 19.3 Modification of the Trust Deed and Transaction Agreements:** The Trustee may (upon prior notification by the Issuer to the Rating Agencies in the case of Rated Notes) agree, without the Noteholders’ consent, to any modification of the Conditions or the Trust Deed or any Transaction Agreement that, in its opinion, is:

- (a) **Formal:** of a formal, minor or technical nature or to comply with mandatory provisions of law;

- (b) **Manifest or Proven Error:** necessary to correct a manifest or proven error (for which purpose regard may be had, without limitation, to any Transaction Agreement and any of the Authorised Offering Material); or
- (c) **Not Materially Prejudicial:** provided that such modification does not require a Special Quorum Resolution, not materially prejudicial to the Noteholders' interests.

Any such action will be binding on the Noteholders and will be notified to them by the Issuer if the Trustee so requires.

19.4 Waiver: If, in the Trustee's opinion, the Noteholders' interests would not be materially prejudiced thereby, the Trustee may (upon prior notification by the Issuer to the Rating Agencies in the case of Rated Notes) without their consent (but without prejudice to its rights in respect of any subsequent breach):

- (a) **Waive:** waive or authorise, on such terms as it thinks fit, any breach or potential breach by the Issuer of any Transaction Agreement; or
- (b) **Adverse Issuer Events:** determine that an Adverse Issuer Event will not be treated as such;

provided that it may not do so in contravention of an Extraordinary Resolution. Any such action will (i) not affect a previous waiver, authorisation or determination; (ii) will be binding on the Noteholders; and (iii) will (if the Trustee so requires) be notified as soon as practicable by the Issuer to the Noteholders.

19.5 Substitution: Under the Trust Deed, on such conditions as it may stipulate and subject to (i) the consent of the Swap Counterparty and (ii) confirmation in writing from the Rating Agency that such substitution will not affect the rating of the Notes (if any), but without the Noteholders' consent, the Trustee may:

- (a) agree to the substitution of any other company in the Issuer's place as principal debtor under the Trust Deed and the Notes;
- (b) require the Issuer to procure the substitution as principal debtor of a company incorporated in another jurisdiction upon an Adverse Tax Event; or
- (c) agree to a change of the law governing the Notes and/or the Trust Deed provided that such change would not in its opinion be materially prejudicial to the Noteholders' interests.

1 INCORPORATION AND INTERPRETATION

- 1.1 Documentation:** This Product Supplement is the “**Standard CLN Terms Product Supplement**”. Where the Additional Conditions specify that the Standard CLN Terms Product Supplement applies, the Base Conditions as modified by this Product Supplement and the Additional Conditions will comprise the Conditions. To the extent of any inconsistency between (a) the Base Conditions and this Product Supplement, this Product Supplement will prevail; and (b) between this Product Supplement and the Additional Conditions, the Additional Conditions will prevail.
- 1.2 Additional Definitions:** In addition to the Base Conditions and the Additional Conditions, the ISDA Definitions and the Credit Derivatives Definitions are incorporated into and will apply to this Product Supplement. To the extent of any inconsistency between the Credit Derivatives Definitions or the ISDA Definitions and the Conditions, the Conditions will prevail, provided that references to “Assets” shall have the meaning given in the Credit Derivatives Definitions when construing the provisions relating to Asset Package Delivery and shall have the meaning given in the Conditions in all other circumstances.
- 1.3 Definitions:** Certain terms are defined in Paragraph 5. Capitalised terms not otherwise defined in this Product Supplement have the meanings given to them in the Base Conditions, the Additional Conditions and the Credit Derivatives Definitions. Following any amendment or supplement to the Credit Derivatives Definitions for any reason (including, but not limited to, the replacement of ISDA by ICE Benchmark Administration as DC Secretary), the Calculation Agent may propose such modifications to the Conditions (including, for the avoidance of doubt, the definitions set out in Paragraph 5 of this Product Supplement) as it considers necessary in its sole discretion to reflect such amendment or supplement, and the Issuer shall procure the notification of such modifications to the Noteholders. The Issuer and the Trustee shall: (I) be entitled to rely on the Calculation Agent’s modification proposals without enquiry and (II) effect such modifications by taking such measures as are necessary including executing a deed of amendment to the relevant Drawdown Deed, in each case, without the requirement to obtain the consent of the Noteholders. The Issuer shall procure that all appropriate documents that are required to effect such modifications are prepared. The Trustee shall not be liable to any person for any liabilities, losses, costs, claims, actions, demands or expenses which may arise or be incurred by any person in relation to the modifications made to the Conditions pursuant to this Paragraph 1.3.
- 1.4 Interest Rate Swap:** For the avoidance of doubt, where an Interest Rate Swap is not entered into in relation to the Notes, references in this Product Supplement to “Interest Rate Swap” and “IRS Counterparty” shall be disregarded.

- 2.1 Event Determination Date:** Subject to Paragraphs 2.3, 2.11 and 2.12 below:
- (a) **Single Name:** if the Transaction Type is specified as “Single Name”, the occurrence of an Event Determination Date under the CDS with respect to the Reference Entity will bring about Credit Event Redemption **in full**.
 - (b) **First-to-Default or Second-to-Default:** if the Transaction Type is specified as “First-to-Default” or “Second-to-Default”, the occurrence of an Event Determination Date under the CDS with respect to the Required Number of Reference Entities will bring about Credit Event Redemption **in full**.
 - (c) **Arithmetic Basket:** if the Transaction Type is specified as “Arithmetic Basket”, the occurrence of an Event Determination Date under the CDS with respect to any Reference Entity will bring about Credit Event Redemption **in part**.
- 2.2 No Swap Event:** For the avoidance of doubt, termination in whole or in part of the CDS as a result of the occurrence of an Event Determination Date will not be a Swap Event.
- 2.3 Credit Event Redemption:** Following the occurrence of an Event Determination Date under the

CDS, the relevant Credit Event Redemption will be settled in accordance with the Settlement Method (or, if the Fallback Settlement Method applies, the Fallback Settlement Method), as of the Settlement Date, *provided that*, if the Calculation Agent determines that an Event Determination Date Reversal Event has occurred prior to, as applicable, the related Auction Final Price Determination Date, a related Valuation Date, any related Physical Settlement Date or, if earlier, a Delivery Date, or the Credit Protection Expiry Time, the Event Determination Date shall be deemed not to have occurred with respect to the related Credit Event and Reference Entity for the purposes of the Credit Default Swap.

2.4 Maturity Date:

The Maturity Date of the Notes will be the Scheduled Maturity Date, *provided that*, if one or more Pending Credit Events has occurred, the Calculation Agent will give notice to the Issuer and the Noteholders (and in the case of Rated Notes, to the relevant Rating Agency) and the Maturity Date of the Notes will be the Final Maturity Date.

(a) **Physical Settlement:** specified as “Physical Settlement”, then:

- (i) **Asset Liquidation:** to the extent not already cash, an Affected Principal Amount of Assets will be liquidated by the Disposal Agent;
- (ii) **IRS Termination:** any Interest Rate Swap will be terminated in an amount equal to the proportion that the relevant Affected Principal Amount bears to the aggregate Principal Amount of the Notes;
- (iii) **Redemption of Notes:** subject to paragraph 2.6 below, all of the Notes will be redeemed on a *pro rata* basis in an aggregate principal amount equal to the Affected Principal Amount by delivery of the Adjusted Portfolio; and
- (iv) **Balance:** the relevant Net Proceeds will be used to pay any Swap Transaction Termination Amount determined by the Calculation Agent as being payable by the Issuer to the IRS Counterparty, and any amounts remaining will be payable by the Issuer to the CDS Counterparty under the Credit Default Swap,

provided that (i) in connection with the redemption of the applicable Affected Principal Amount of the Notes pursuant to paragraph **Error! Reference source not found.** above, any Notes subject to a single Delivery Instruction Certificate will be redeemed in an amount equal to the sum of (I) a portion, determined by the Calculation Agent in its sole discretion, of the Adjusted Portfolio corresponding to the number of Notes subject to that Delivery Instruction Certificate but rounded down to the nearest whole minimum denomination of the Deliverable Obligations, and (II) the net realised sale proceeds of that portion of the Adjusted Portfolio that was the subject of such rounding down (such an amount being the “**Physical Redemption Amount**” in respect of such Notes), and (ii) the CDS Counterparty, in its sole discretion, may elect to use any Settlement Protocol for the purposes of settlement, which will result in Noteholders receiving a cash payment in lieu of Physical Settlement. Where a Settlement Protocol applies, the Calculation Agent will propose amendments to any terms of the Credit Default Swap or the Notes so as to make the Credit Default Swap and the Notes consistent with the provisions of such Settlement Protocol, and the Issuer and the Transaction Counterparties shall use their reasonable endeavours to effect such amendments.

(b) **Cash Settlement or Binary:** specified as “Cash Settlement” or “Binary”, then:

- (i) **Asset Liquidation:** to the extent not already in cash, an Affected Principal Amount of the Assets will be liquidated by the Disposal Agent;
- (ii) **IRS Termination:** any Interest Rate Swap will be terminated in an amount equal to the proportion that the relevant Affected Principal Amount bears to the aggregate Principal Amount of the Notes;
- (iii) **Redemption of Notes:** all of the Notes will be redeemed on the Settlement Date on a *pro rata* basis in an aggregate principal amount equal to the Affected Principal

Amount for an amount (the "**Credit Event Redemption Amount**") determined in accordance with the following formula:

$$\text{Max [ARENA} \times (\text{Redemption Reference Price} - \text{CDS Settlement Price} - \text{IRS Replacement Price}), 0]; \text{ and}$$

- (iv) **Balance:** the balance remaining from the Net Proceeds following payment of such Credit Event Redemption Amount will be used to pay any Swap Transaction Termination Amount determined by the Calculation Agent as being payable by the Issuer to the IRS Counterparty, and any amounts remaining will be used to pay any amounts due from the Issuer to the CDS Counterparty under the Credit Default Swap.
- (c) **Auction Settlement:** specified as "Auction Settlement", then:
 - (i) **Asset Liquidation:** to the extent not already in cash, an Affected Principal Amount of the Assets will be liquidated by the Disposal Agent;
 - (ii) **IRS Termination:** any Interest Rate Swap will be terminated in an amount equal to the proportion that the relevant Affected Principal Amount bears to the aggregate Principal Amount of the Notes;
 - (iii) **Redemption of Notes:** all of the Notes will be redeemed on the Settlement Date on a *pro rata* basis in an aggregate principal amount equal to the Affected Principal Amount for an amount (the "**Auction Redemption Amount**") determined in accordance with the following formula:

$$\text{Max [ARENA} \times (\text{Redemption Reference Price} - \text{CDS Settlement Price} - \text{IRS Replacement Price}), 0]; \text{ and}$$
 - (iv) **Balance:** the balance remaining from the Net Proceeds following payment of such Auction Redemption Amount will be used to pay any Swap Transaction Termination Amount determined by the Calculation Agent as being payable by the Issuer to the IRS Counterparty, and any amounts remaining will be used to pay any amounts due from the Issuer to the CDS Counterparty under the Credit Default Swap.
- (d) **Loss Amount Adjustment:** specified as "Loss Amount Adjustment", then:
 - (i) **Reduction in OPA:** with effect from the relevant Settlement Date, the outstanding Principal Amount of the Notes will be reduced by an amount (the "**Loss Amount**") determined in accordance with the following formula:

$$(\text{ARENA} \times \text{CDS Settlement Price}) / (\text{Redemption Reference Price} - \text{IRS Replacement Price});$$
 - (ii) **Termination of IRS:** any Interest Rate Swap will be terminated in an amount equal to the Loss Amount;
 - (iii) **Liquidation of Relevant Assets:** Assets having an aggregate principal amount equal to the Loss Amount (the "**Relevant Assets**") will be liquidated by the Disposal Agent; and
 - (iv) **Payment of net proceeds:** the net proceeds of such termination and such liquidation will be used to pay any amounts payable (i) to the IRS Counterparty upon the proportionate termination of any Interest Rate Swap and (ii) to the CDS Counterparty under the Credit Default Swap.
- (e) **Noteholder Settlement Option:** specified as "Noteholder Settlement Option", then:
 - (i) **100% Noteholder Election:** a 100% Noteholder may, by depositing the Notes and an Exercise Notice at the specified office of any Paying Agent or Transfer Agent within the Settlement Option Period, elect Physical Settlement or Cash Settlement as the Settlement Method (and for the avoidance of doubt, Auction Settlement cannot be elected by a 100% Noteholder);
 - (ii) **Fall-back Election:** if, at the expiry of the Settlement Option Period, a Settlement

Method has not been elected, the Settlement Method will be Physical Settlement; and

- (iii) **Settlement:** the relevant Credit Event Redemption will be settled in accordance with the applicable Settlement Method as of the Settlement Date as if the Settlement Option Expiry Date were the Event Determination Date.

2.6 Asset Package Delivery:

If an Asset Package Credit Event occurs in circumstances where Physical Settlement applies, the Issuer may, in its sole and absolute discretion, elect to satisfy its obligation to, deliver any part of the Asset Package comprising the Adjusted Portfolio by paying to the Noteholders the Asset Market Value of such part of the Asset Package, converted if necessary, into the Specified Currency of the Notes at the prevailing market rate of exchange determined by the Calculation Agent in good faith (such cash payment the “**Asset Package Cash Settlement Amount**”). The Issuer shall give notice of such election to Noteholders and the Issuer shall pay the Asset Package Cash Settlement Amount on the Cash Settlement Date (or such later date specified in the notice to Noteholders).

2.7 Settlement Date: The Calculation Agent will determine the Settlement Date as follows:

- (a) **Physical Settlement:** If the specified Settlement Method (or, if applicable, the Fallback Settlement Method) is “Physical Settlement” the Settlement Date will be the third Physical Settlement Business Day following the Delivery Date, provided that where the relevant Event Determination Date has occurred (and no relevant Event Determination Date Reversal Event has occurred) but any part of the Adjusted Portfolio has not been delivered, the Settlement Date will be the third Physical Settlement Business Day following the Termination Date.
- (b) **Auction Settlement:** If the specified Settlement Method is “Auction Settlement” the Settlement Date will be the related Auction Settlement Date.
- (c) **Not Physical Settlement or Auction Settlement:** If the specified Settlement Method (or, if applicable, the Fallback Settlement Method) is not “Physical Settlement” or “Auction Settlement”, the Settlement Date will be the related Cash Settlement Date.

2.8 Interest Cessation Date:

- (a) subject to paragraph (b) below and Base Condition 6.2(b), the Interest Cessation Date with respect to the Notes will be the Scheduled Maturity Date;
- (b) following the occurrence of a Credit Event, the Interest Cessation Date with respect to the Affected Principal Amount of the Notes for the purposes of Base Condition 5.1 of the Notes will be the earlier of (i) the Scheduled Maturity Date and (ii) the Interest Period End Date immediately preceding the Event Determination Date (or, in respect of an event under sub-paragraph (iii) of the definition of Pending Credit Event, the date on which the relevant DC Credit Event Question was notified to the DC Secretary) or, if none, the Interest Commencement Date;
- (c) following the determination of an Interest Cessation Date in respect of the Notes as described above, the CDS Counterparty shall no longer be required to pay the relevant portion of the Fixed Amount to the Issuer on each following Fixed Rate Payer Payment Date (or where the Interest Cessation Date falls on an Interest Period End Date, the CDS Counterparty shall no longer be required to pay the relevant portion of the Fixed Amount to the Issuer on the Fixed Rate Payer Payment Date corresponding to such Interest Period End Date and each following Fixed Rate Payer Payment Date). On the occurrence of an Interest Recommencement Date under the Notes as described in Paragraph 2.8(d) below: (i) the CDS Counterparty shall pay an amount equal to (A) the Additional Interest Amount in respect of such Interest Recommencement Date multiplied by (B) the number of Notes outstanding, to the Issuer and (ii) the obligation of the CDS Counterparty to pay the relevant portion of the Fixed Amount on each Fixed Rate Payer Payment Date falling after the Interest Recommencement Date shall resume; and
- (d) if the Calculation Agent determines that a Pending Credit Event has elapsed without the occurrence of a Credit Event or an Event Determination Date Reversal Event occurs, each

Note shall recommence to accrue interest at the Interest Rate from but excluding the Interest Period End Date following such determination (the "**Interest Recommencement Date**") and an Additional Interest Amount shall be payable on such Interest Recommencement Date. For the avoidance of doubt, in no circumstances shall interest accrue on any Note on or after the Scheduled Maturity Date.

2.9 Interest Adjustment:

If an Event Determination Date is determined to have occurred on a date that is different from the date that was originally determined to be the Event Determination Date or such Event Determination Date is deemed not to have occurred, the Calculation Agent will determine the adjustment payment, if any, that is payable to the Noteholders (the "**Positive Adjustment Amount**") or that should not have been paid to the Noteholders (expressed as a negative number, the "**Negative Adjustment Amount**") and, together with the Positive Adjustment Amount, each an "**Adjustment Amount**") to reflect any changes that may be necessary to the interest amounts previously calculated and/or paid under the Notes. Such amount will be payable by the Issuer to the Noteholders on a *pro rata* basis on the Maturity Date or as soon as practicable thereafter, in the case of a Positive Adjustment Amount, or deducted on a *pro rata* basis from amounts otherwise payable to Noteholders on the Maturity Date or as soon as practicable thereafter, in the case of a Negative Adjustment Amount.

No additional amounts will be payable to Noteholders in respect of the delay or postponement of any payment of interest pursuant to this paragraph or Paragraph 2.8 above.

2.10 Settlement Suspension:

If, following the determination of an Event Determination Date in accordance with sub-paragraph (a) of the definition of Event Determination Date but prior to the Credit Protection Expiry Time, the Cash Settlement Date, the Auction Settlement Date, the relevant Physical Settlement Date, a Delivery Date or a Valuation Date, as applicable, the Calculation Agent determines that a Suspension Event has occurred, the timing requirements relating to any Credit Event Redemptions or any other provision of the Credit Default Swap, this Standard CLN Terms Product Supplement or the Base Conditions or Additional Conditions that pertain to redemption and settlement shall be suspended until the Suspension Event Cessation Date. During such suspension period, the Calculation Agent, the CDS Counterparty and the Issuer shall not be obliged to take any action in connection with the redemption of the Notes or settlement of the Credit Default Swap. The relevant timing requirements and redemption and settlement provisions, as applicable, that have previously been suspended shall resume on the Business Day following the relevant Suspension Event Cessation Date with the benefit of the full day notwithstanding when the suspension began in accordance with this Paragraph 2.10. Without prejudice to any Adjustment Amounts payable pursuant to Paragraph 2.9, no additional amounts will be payable to Noteholders in respect of any such suspension.

2.11 "Multiple Successors":

Where an Event Determination Date occurs in accordance with the Credit Default Swap and more than one Successor (each a "**Multiple Successor**") as defined in the Credit Default Swap has been identified in respect of the Credit Default Swap and the Credit Event Notice relates to a Multiple Successor, the Notes shall be redeemed in part, not in whole (except where the Credit Event relates to the only Multiple Successor that has not already suffered a Credit Event) (a "**Partial Redemption Event**").

Following a partial redemption pursuant to this Paragraph 2.11, the Calculation Agent may propose such modifications to the Conditions and any Transaction Agreement (including, for the avoidance of doubt, a reduction in the notional amount under the Interest Rate Swap to the extent of the partial termination of the Interest Rate Swap) as it considers necessary in its sole discretion to reflect such partial redemption and the Issuer shall procure the notification of such modifications to the Noteholders. The Issuer and the Trustee shall: (I) be entitled to rely on the Calculation Agent's modification proposals without enquiry and (II) effect such modifications by taking such measures as are necessary including executing a deed of amendment to the relevant Drawdown Deed, in each

case, without the requirement to obtain the consent of the Noteholders. The Issuer shall procure that all appropriate documents that are required to effect such modifications are prepared. The Trustee shall not be liable to any person for any liabilities, losses, costs, claims, actions, demands or expenses which may arise or be incurred by any person in relation to the modifications made to the Conditions pursuant to this Paragraph 2.11.

Where Additional Assets have been sold by the Disposal Agent following a Partial Redemption Event, the outstanding principal amount of each Note shall be written down by an amount equal to (I) the face value of such Additional Assets that have been sold, divided by (II) the number of Notes outstanding. If, as a result of such write down, the outstanding principal amount of each Note is reduced to an amount equal to or less than zero, then this shall constitute an additional Mandatory Redemption Event following which the Issuer will give a Notice of Redemption and will redeem the Notes at their Mandatory Cash Redemption Amount on the Mandatory Redemption Date.

2.12 M(M)R Restructuring:

If the applicable Credit Event to which an Event Determination Date relates is an M(M)R Restructuring in respect of which the Exercise Amount specified in the related Credit Event Notice is less than the Floating Rate Payer Calculation Amount, then Credit Event Redemption will occur in respect of the Affected Principal Amount of the Notes only.

- (c) in the case of Illiquidity, on a Valuation Date (or, if different, the day on which rates for that Valuation Date would, in the ordinary course, be published or announced by the relevant price source); and
- (d) in the case of Material Change in Circumstance, on a Valuation Date (or, if different, the day on which rates for that Valuation Date would, in the ordinary course, be published or announced by the relevant price source) or a Settlement Date,

the Settlement Rate will be determined or the payment obligations under the Notes and any affected FX Swap Agreement will be altered, as the case may be, in accordance with the terms of the first applicable Disruption Fallback pursuant to Paragraph 4. For purposes of this sub-paragraph 3.3 only, the definition of Business Day as applied to the definition of Valuation Date and Settlement Date will include any day on which, in the case of a Valuation Date, commercial banks would have been open or, in the case of a Settlement Date, commercial banks would have effected delivery of the currency to be delivered, but for the occurrence in the Event Currency Jurisdiction of a banking moratorium or other similar event related to any applicable Disruption Event.

Save as provided herein, any change (i) in the payment obligations or (ii) the method of making any FX Calculation under the Notes pursuant to these Conditions as a result of a Disruption Event shall not constitute an Event of Default or entitle any Noteholder to any additional payment, right or claim for compensation or otherwise.

3.4 Mandatory Redemption Following an FX Event

The definition of "Mandatory Redemption Event" in the Base Conditions shall be amended such that the occurrence of (i) a Material Change in Circumstance or (ii) any Disruption Event specified in the FX Product Supplement Elections as giving rise to a Mandatory Redemption Event (any such event, an "**FX Event**") shall also constitute a Mandatory Redemption Event. Upon the occurrence of any such FX Event (as determined and notified by the Calculation Agent pursuant to Paragraph 3.2 above), the Issuer will give a Notice of Redemption and will redeem all of the Notes at their Mandatory Redemption Amount on the Mandatory Redemption Date.

Where any payment of the Mandatory Redemption Amount or FX Calculation in relation to the determination of the Mandatory Redemption Amount is affected by an applicable Disruption Event, such payment obligation shall be altered or such FX Calculation shall be made, pursuant to this Product Supplement. Otherwise, the Disruption Fallbacks shall not apply in relation to such Disruption Event.

4 DISRUPTION FALLBACK

4.1 Applicable Disruption Fallbacks

Subject to Paragraphs 3.4, 4.2 and 4.4, a Disruption Fallback is applicable if (and only if) it is so specified in the FX Product Supplement Elections (or, with respect to a FX Swap Agreement, in the FX

Swap Elections) and references herein to any Disruption Fallback shall be construed as references only to applicable Disruption Fallbacks.

4.2 Presumed Disruption Fallbacks

Unless otherwise provided in the Additional Conditions and subject to Paragraph 4.4, if no Disruption Fallback is specified in the FX Product Supplement Elections with respect to an applicable Disruption Event, the following Disruption Fallbacks will be deemed to have been specified (in the following order) with respect to such Disruption Event:

- (a) in respect of General Inconvertibility, General Non-Transferability, Specific Inconvertibility and Specific Non-Transferability,
 - (i) Currency Substitute; and

- (g) in respect of Material Change in Circumstance, the Notes will be redeemed in accordance with Paragraph 3.4.

4.3 Settlement Currency Fallback

If in the sole determination of the Calculation Agent acting in a commercially reasonable manner (any such determination being final and binding on the Issuer, the Noteholders and the Transaction Counterparties), after applying all applicable Disruption Fallbacks, the Issuer has no reasonable prospects to effect settlement of a Settlement Currency Amount in the Settlement Currency; the Issuer shall (a) provide a written notice to the Noteholders and the Trustee to that effect requesting each of the Noteholders to provide the Issuer with a written notice specifying the procedure whereby the Issuer is to effect settlement and (b) effect settlement of the Settlement Currency Amount:

- (a) in the Reference Currency at such Spot Rate as the Calculation Agent shall determine and in such manner as the Calculation Agent shall in its sole discretion determine (acting in a commercially reasonable manner); or
- (b) if in the sole determination of the Calculation Agent (which shall be final and binding on the Issuer, the Trustee and the Noteholders), the Issuer is not able to effect settlement or payment in the manner specified in sub-paragraph (a) above, in such currency and in such manner as the Calculation Agent shall in its sole discretion determine (acting in a commercially reasonable manner) and converted at such Spot Rate as the Calculation Agent shall determine.

4.4 More than one Disruption Event

Unless otherwise specified in the FX Product Supplement Elections, if the Calculation Agent determines that more than one applicable Disruption Event has occurred on a Settlement Date or

Valuation Date (or, if different, the day on which rates for that Valuation Date would, in the ordinary course, be published or announced by the relevant price source) then all such Disruption Events must be remedied in respect of such Note in accordance with the terms of the applicable Disruption Fallbacks in the following order:

- (a) if Dual Exchange Rate, Illiquidity, Price Materiality or Price Source Disruption is applicable and is not remedied before the Settlement Date or Valuation Date (or, if different, the day on which rates for that Valuation Date would, in the ordinary course, be published or announced by the relevant price source), then the Disruption Fallbacks specified or deemed specified with respect to Dual Exchange Rate, Illiquidity, Price Materiality or Price Source Disruption, respectively, must be applied to the Notes (in the specified order) until the Dual Exchange Rate Disruption Event, Illiquidity Disruption Event, Price Materiality Disruption Event or Price Source Disruption Event is remedied and a Settlement Rate is determined;
- (b) if Nationalisation is applicable, then the Disruption Fallbacks specified or deemed specified with respect to Nationalisation must be applied (in the specified order) until such Nationalisation Disruption Event is remedied. If the payment obligations under the Notes are altered in accordance with the provisions of the Assignment of Claim Disruption Fallback, then the Disruption Events listed in sub-paragraphs (c) to (e) below will be deemed remedied;
- (c) if Benchmark Obligation Default or Governmental Authority Default is applicable, then the Disruption Fallbacks specified or deemed specified with respect to Benchmark Obligation Default or Governmental Authority Default, as the case may be, must be applied (in the specified order) until such Benchmark Obligation Default Disruption Event or Governmental Authority Default Disruption Event is remedied. If the Notes are to be settled in accordance with the provisions of the Local Asset Substitute-Gross Disruption Fallback, then the Disruption Events listed in sub-paragraph (e) below will be deemed remedied;
- (d) if General Inconvertibility, General Non-Transferability, Specific Inconvertibility or Specific Non-Transferability is applicable, then the Disruption Fallbacks specified or deemed specified with respect to General Inconvertibility, General Non-Transferability, Specific Inconvertibility or Specific Non-Transferability, respectively, must be applied (in the specified order) until such General Inconvertibility Disruption Event, General Non-Transferability Disruption Event, Specific Inconvertibility Disruption Event or Specific Non-Transferability Disruption Event is remedied; and
- (e) if Material Change in Circumstance is applicable, then the Disruption Fallbacks specified or deemed specified with respect to Material Change in Circumstance must be applied (in the specified order) until such Material Change in Circumstance Disruption Event is remedied.

5 FX SETTLEMENT BASIS

5.1 Cash Settlement

- (a) Where all of the applicable Disruption Events are remedied through the application of a Disruption Fallback which provides for cash payment (whether in the Settlement Currency or in another currency) on the relevant Settlement Date or through the application of the Settlement Postponement Disruption Fallback, such payment shall be made in the manner specified under Base Condition 8 subject to the terms of the applicable Disruption Fallback.
- (b) Where Paragraph 5.1(a) applies and it is in the opinion of the Calculation Agent (acting in a commercially reasonable manner) impossible or impracticable for the Issuer to effect payment pursuant to the applicable Disruption Fallback on the Settlement Date, the payment obligation shall be effected as soon as practicable after the Settlement Date on which such payment would otherwise be made. For the avoidance of doubt, in the event of such payment being effected after the date on which such payment would otherwise be made or otherwise due to circumstances beyond the control of the Issuer, the delay in making such payment shall not constitute an Event of Default and shall not entitle any Noteholder to any additional payment, right or claim for compensation or otherwise.

6 STANDARD CLN TERMS PRODUCT SUPPLEMENT

If the Standard CLN Terms Product Supplement is applicable to the Notes or the Notes are otherwise credit linked, then if an event or circumstance which would otherwise constitute or give rise to a Disruption Event also constitutes a Credit Event (as such term is defined for the purposes of the Notes), it will be treated as a Credit Event under the Standard CLN Terms Product Supplement and will not constitute a Disruption Event.

7.2 Definitions Incorporated by Reference

- (a) For the purpose of these Conditions, sub-paragraphs (a) to (b) of Section 4.3 of Annex A to the FX Definitions shall, to the extent those terms are used in these Conditions, be deemed to be incorporated in these Conditions.
- (b) If the currency exchange rate specified in the applicable Settlement Rate Option is reported, sanctioned, recognised, published, announced or adopted (or other similar action) by the relevant Governmental Authority, and such currency exchange rate ceases to exist and is replaced by a successor currency exchange rate that is reported, sanctioned, recognised, published, announced or adopted (or other similar action) by such Governmental Authority (the **"Official Successor Rate"**) then the Settlement Rate for the relevant Valuation Date will be determined as if this Product Supplement specifies any available price source which publishes or announces the Official Successor Rate (including, but not limited to, an official publication of that Governmental Authority) on such Valuation Date (or, if different, the day on which rates for that date would, in the ordinary course, be published or announced by the relevant price source) as the applicable Settlement Rate Option.
- (c) Subject to paragraph (a) above, each currency with respect to a particular country specified in relation to a Note will be deemed to include any lawful successor currency (the **"Successor Currency"**) of that country. If, after the Issue Date and on or before the Settlement Date of a Note, a country has lawfully eliminated, converted, redenominated or exchanged its currency in effect on such Issue Date or any Successor Currency, as the case may be (the **"Original Currency"**), for a Successor Currency, then for purposes of calculating any amounts of such currency, and for purposes of effecting settlement thereof, any Original Currency amounts will be converted to the Successor Currency by multiplying the amount of Original Currency by a ratio of Successor Currency to Original Currency, which ratio will be calculated on the basis of the exchange rate set forth by such country for converting the Original Currency into the Successor Currency on the date on which the elimination, conversion, redenomination or exchange took place. If there is more than one such date, the date closest to the Settlement Date will be selected.
- (d) If the currency exchange rate specified in the applicable Settlement Rate Option is published or announced by more than one price source and the price source referred to in such

Settlement Rate Option fails to publish or announce that currency exchange rate on the Valuation Date (or, if different, the day on which rates for that date would, in the ordinary course, be published or announced by such price source), then the Settlement Rate for that Valuation Date will be determined as if this Product Supplement specifies any other available price source which actually publishes or announces such currency exchange rate on such Valuation Date (or, if different, the day on which rates for that date would, in the ordinary course, be published or announced by the relevant price source) as the applicable Settlement Rate Option.

Taxation

Information Reporting

Information relating to the Notes, their holders and beneficial owners may be required to be provided to tax authorities in certain circumstances pursuant to domestic or international reporting and transparency regimes. This may include (but is not limited to) information relating to the value of the Notes, amounts paid or credited with respect to the Notes, details of the holders or beneficial owners of the Notes and information and documents in connection with transactions relating to the Notes. In certain circumstances, the information obtained by a tax authority may be provided to tax authorities in other countries.

Ireland

The following is a summary based on the laws and practices currently in force in Ireland regarding the tax position of investors beneficially owning their Notes and should be treated with appropriate caution. Particular rules may apply to certain classes of taxpayers holding Notes. The summary does not constitute tax or legal advice and the comments below are of a general nature only. Prospective Noteholders should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of interest thereon under the laws of their country of residence, citizenship or domicile.

This summary only applies to Notes issued by an Issuer which is either incorporated in Ireland or which is resident in Ireland for Irish tax purposes.

General

Purchasers of Notes may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price of each Note. Potential purchasers who are in any doubt about their tax position on purchase, ownership, transfer or exercise of any Note should consult their own tax advisers. **In particular, no representation is made as to the manner in which payments under the Notes would be characterised by any relevant taxing authority.**

Withholding Tax

In general, tax at the standard rate of income tax (currently 20%), is required to be withheld from payments of Irish source interest. However, an exemption from withholding on interest payments exists under Section 64 of the Taxes Consolidation Act, 1997 (the "**1997 Act**") for certain interest bearing securities ("**quoted Eurobonds**") issued by a body corporate (such as the Issuer) which are quoted on a recognised stock exchange (which would include the Irish Stock Exchange).

Any interest paid on such quoted Eurobonds can be paid free of withholding tax provided (a) the person by or through whom the payment is made is not in Ireland; or (b) the payment is made by or through a person in Ireland, and either (i) the quoted Eurobond is held in a clearing system recognised by the Irish Revenue Commissioners (Euroclear, Clearstream Banking S.A. and Clearstream Banking AG are so recognised), or (ii) the person who is the beneficial owner of the quoted Eurobond and who is beneficially entitled to the interest is not resident in Ireland and has made a declaration to a relevant person (such as a Paying Agent) in the prescribed form.

So long as the Notes continue to be quoted on the Irish Stock Exchange and are held in Euroclear and/or Clearstream Banking S.A. and/or Clearstream Banking AG, interest on the Notes can be paid by the Issuer and any Paying Agent acting on behalf of the Issuer without any withholding or deduction for or on account of Irish income tax.

If, for any reason, the quoted Eurobond exemption referred to above does not or ceases to apply, the Issuer can still pay interest on the Notes free of withholding tax provided it is a "qualifying company" (within the meaning of Section 110 of the 1997 Act) and provided the interest is paid to a person resident in a "relevant territory" (i.e. a member state of the European Union (other than Ireland) or in a country with which Ireland has signed a comprehensive double taxation agreement). For this purpose, residence is determined by reference to the law of the country in which the recipient claims to be resident. This exemption from withholding tax will not apply, however, if the interest is paid to a

company in connection with a trade or business carried on by it through a branch or agency located in Ireland.

In certain limited circumstances a payment of interest by the Issuer which is considered dependent on the results of the Issuer's business or which represents more than a reasonable commercial return can be re-characterised as a distribution subject to dividend withholding tax.

A payment of profit dependent or excessive interest on the Notes will not be re-characterised as a distribution to which dividend withholding tax could apply where, broadly, the Noteholder is either:

- (i) an Irish tax resident person;
- (ii) a person subject to tax in a relevant territory which generally applies to profits, income or gains received from sources outside that territory without any reduction computed by reference to the amount of the payment;
- (iii) for so long as the Notes remain quoted Eurobonds, neither a person which is a company which directly or indirectly controls the Issuer or which is controlled by a third company which directly or indirectly controls the Issuer nor is a person (including any connected person) (a) from whom the Issuer has acquired assets, (b) to whom the Issuer has made loans or advances, or (c) with whom the Issuer has entered into a return agreement (as defined in section 110(1) of the 1997 Act) where the aggregate value of such assets, loans, advances or agreements represents 75% or more of the assets of the Issuer (such a person falling within this category of person being a "**Specified Person**") and the Issuer is not in possession or aware of information that such Specified Person is not a person coming under (ii) alone; or
- (iv) an exempt pension fund, government body or other resident in a relevant territory person (which is not a Specified Person).

In certain circumstances, Irish tax will be required to be withheld at the standard rate from interest on the Notes, where such interest is collected by a bank or other agent in Ireland on behalf of any Noteholder.

Taxation of Noteholders

Notwithstanding that a Noteholder may receive interest on the Notes free of withholding tax, the Noteholders may still be liable to pay Irish income tax. Interest paid on the Notes may have an Irish source and therefore may be within the charge to Irish income tax and the universal social charge. Ireland operates a self assessment system in respect of income tax and any person, including a person who is neither resident nor ordinarily resident in Ireland, with Irish source income comes within its scope.

However, interest on the Notes will be exempt from Irish income tax if the recipient of the interest is resident in a relevant territory provided either (i) the Notes are quoted Eurobonds and are exempt from withholding tax as set out above (ii) in the event of the Notes not being or ceasing to be quoted Eurobonds exempt from withholding tax, if the Issuer is a qualifying company within the meaning of Section 110 of the 1997 Act, or (iii) if the Issuer has ceased to be a qualifying company, the recipient of the interest is a company resident in a relevant territory that generally taxes interest received by companies from foreign sources.

In addition, provided that the Notes are quoted Eurobonds and are exempt from withholding tax as set out above, the interest on the Notes will be exempt from Irish income tax if the recipient of the interest is (i) a company under the control, directly or indirectly, of persons who by virtue of the law of a relevant territory are resident in that country and that person or persons are not themselves under the control whether directly or indirectly of a person who is not resident in such a country, or (ii) a company, the principal class of shares of such company, or another company of which the recipient company is a 75% subsidiary, is substantially and regularly traded on one or more recognised stock exchanges in a relevant territory or a stock exchange approved by the Irish Minister for Finance.

Notwithstanding these exemptions from income tax, a corporate recipient that carries on a trade in Ireland through a branch or agency in respect of which the Notes are held or attributed, may have a liability to Irish corporation tax on the interest.

Relief from Irish income tax may also be available under the specific provisions of a double tax treaty between Ireland and the country of residence of the recipient.

Noteholders receiving interest on the Notes which does not fall within the above exemptions may be liable to Irish income tax and the universal social charge on such interest.

Capital Gains Tax

A holder of Notes will be subject to Irish tax on capital gains on a disposal of Notes unless such holder is neither resident nor ordinarily resident in Ireland and does not carry on a trade in Ireland through a branch or agency in respect of which the Notes were used or held.

Capital Acquisitions Tax

A gift or inheritance comprising of Notes will be within the charge to capital acquisitions tax if either (i) the donor or the donee/successor to the gift or inheritance is resident or ordinarily resident in Ireland (or, in certain circumstances, if the donor is domiciled in Ireland irrespective of his residence or that of the donee/successor) or (ii) if the Notes are regarded as property situate in Ireland. Bearer notes are generally regarded as situated where they are physically located at any particular time. Registered Notes are generally regarded as situated where the principal register of Noteholders is maintained or is required to be maintained, but the Notes may be regarded as situated in Ireland regardless of their physical location or the location of the register as they secure a debt due by an Irish resident debtor and they may be secured over Irish property. Accordingly, if such Notes are comprised in a gift or inheritance, the gift or inheritance may be within the charge to tax regardless of the residence status of the donor or the donee/successor.

Stamp Duty

On the basis of an exemption provided for in Section 85(2)(c) to the Stamp Duties Consolidation Act, 1999 provided the money raised on the issue of the Notes is used in the course of the business of the Issuer, no stamp duty or similar tax is imposed in Ireland on the issue, transfer or redemption of the Notes whether they are represented by a Global Note or Definitive Notes.

Tax on net profits

The Issuer will be liable to Irish tax (currently at the rate of 25%) on its net profits arising from its activities of managing securities. These profits are computed in accordance with the provisions for calculating the profits of a company carrying on a trade. Typically, the amount of the taxable profit will be the profit shown in the respective profit and loss accounts as prepared under generally accepted accounting principles and as adjusted by specific statutory provisions. To the extent that any tax liability arises, it will be met out of the assets of the Issuer.

Common Reporting Standard information notice

For the purposes of complying with its automatic exchange of information obligations under the OECD Common Reporting Standard ("CRS") and Directive 2014/107/EU as implemented in Irish law the Issuer is required to collect certain information in respect of a Noteholder, and in respect of certain controlling persons in the case of the Noteholder being an Entity which in certain circumstances would include the name, address, jurisdiction of residence, tax identification number (TIN), date and place of birth (as appropriate), the "account number" and the "account balance" or value at the end of each calendar year so as to identify "accounts" which are reportable to the Irish Revenue Commissioners under the CRS. Such information may in turn be exchanged by the Irish Revenue Commissioners with the tax authorities of other jurisdictions in accordance with the requirements of the CRS. Further information in relation to CRS can be found on the Automatic Exchange of Information (AEOI) webpage on www.revenue.ie.

Cayman Islands

Under existing Cayman Islands laws:

- (a) payments in respect of the Notes will not be subject to taxation in the Cayman Islands (the "Islands") and no withholding will be required on such payments to any holder of a Note and gains derived from the sale of Notes will not be subject to income or corporation tax in the Islands. The Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax;
- (b) the holder of any Note (or the legal personal representative of such holder) whose Note is brought into the Islands may in certain circumstances be liable to pay stamp duty imposed under the laws of the Islands in respect of such Note.

Each Cayman Issuer has been incorporated under the laws of the Islands as an exempted company and, as such, has obtained an undertaking from the Clerk of the Cabinet of the Islands in substantially the following form:

The Tax Concessions Law (2011 Revision) Undertaking as to Tax Concessions

In accordance with Section 6 of the Tax Concessions Law (2011 Revision), the Governor in Cabinet undertakes with the Cayman Issuer (the "**Company**"):

- (a) that no Law which is hereafter enacted in the Islands imposing any tax to be levied on profits, income, gains or appreciations shall apply to the Company or its operations; and
- (b) in addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable (i) on or in respect of the shares, debentures or other obligations of the Company; or (ii) by way of withholding in whole or in part of any relevant payment as defined in Section 6(3) of the Tax Concessions Law (2011 Revision).

These concessions shall be for a period of twenty years from the date on which such undertaking was granted.

Austria

The following is a brief summary of certain Austrian tax aspects in connection with the Notes. It does not claim to fully describe all Austrian tax consequences of the acquisition, ownership, sale or redemption of the Notes. In some cases a different tax regime may apply. Further, this summary does not take into account or discuss the tax laws of any country other than Austria nor does it take into account the investors' individual circumstances. Prospective Noteholders are advised to consult their own professional advisors to obtain further information about the tax consequences of the acquisition, ownership, sale or redemption of the Notes. Only personal advisors are in a position to adequately take into account special tax aspects of the particular Notes in question as well as the investor's personal circumstances and any special tax treatment applicable to the investor. This summary does not describe the tax consequences of a physical settlement of Notes and/or any tax consequences after the moment of physical settlement.

This summary is based on Austrian law as in force when drawing up this Base Prospectus. The laws and their interpretation by the tax authorities may change and such changes may also have retroactive effect. With regard to certain innovative or structured financial instruments there is currently neither case law nor comments of the financial authorities as to the tax treatment of such financial instruments. Accordingly, it cannot be ruled out that the Austrian financial authorities and courts or the Austrian paying agents adopt a view different from that outlined below.

Austrian Resident Taxpayers

Income derived by individuals having a domicile or habitual abode in Austria or corporations having their corporate seat or place of management in Austria is taxable pursuant to the Austrian Income Tax Act (Einkommensteuergesetz) or the Austrian Corporate Income Tax Act (Körperschaftsteuergesetz).

Risk of re-qualification of Notes as investment fund units

Certain notes such as asset linked notes or credit linked notes may be re-qualified by the tax authorities as foreign investment fund units under certain conditions. Pursuant to Section 42 of the Austrian Investment Fund Act, a portfolio of assets which is subject to the laws of a foreign country and which is invested according to the principle of risk-spreading is qualified as a non-Austrian investment fund for tax purposes, without regard to its legal form (a substance over form approach). Pursuant to the Investment Fund Guidelines 2008 a reclassification of notes into fund units requires (i) that an investment is structured according to the principle of risk spreading and (ii) that the issuer (or a trustee mandated by the issuer) factually and predominantly acquires the (underlying) securities or that the investment qualifies as an actively managed portfolio. This, *inter alia*, excludes capital guaranteed notes and notes with no more than six underlying assets from reclassification. However, "directly held index linked notes will in no case be reclassified as foreign investment fund units, irrespective, whether the underlying index is a recognised or individually composed, fixed or flexible index".

If a requalification of Notes into non-Austrian fund units takes place, the following will apply:

Investment funds are treated as transparent for income tax purposes. Taxable income from investment funds includes distributions as well as retained earnings of the fund deemed to be distributed to the investor ("ausschüttungsgleiche Erträge"). Such retained earnings are deemed to be distributed to the investor for tax purposes to the extent of the share interest of the investor no later than four months after the end of the business year of the investment fund in which the earnings were derived by the fund. If no Austrian tax representative is appointed for the fund and the retained earnings of the fund deemed to be distributed to the investor are also not reported to the tax authorities by the investors themselves, the non-Austrian fund will be qualified a "black fund" and the retained earnings of the fund deemed to be distributed each calendar year will be determined on a lump-sum-basis which will result in a tax base of 90 per cent. of the difference between the first and the last redemption price of the fund units fixed in a calendar year, at least, however, 10 per cent. of the last redemption price (or net asset value (NAV) or stock exchange price) of the fund units fixed in a calendar year. As the applicable tax rate is 25 per cent. for corporate investors as well as, in general, for individuals, this minimum lump sum tax base results in a minimum tax of 2.5 per cent. per year on the last redemption price (NAV) in any calendar year before maturity. In case of sale (redemption) of black foreign investment fund units the tax base would be the difference between the redemption price (NAV) upon disposal and at the end of the last calendar year, at least, however, 0.8 per cent. of the redemption price (NAV) upon disposal for each month of the current calendar year. The investors will have to include the pertaining income into their income tax statement. Further, non-Austrian investment fund units, with the exception of funds that are daily reporting relevant figures to the Oesterreichische Kontrollbank, which are held in an Austrian bank deposit are subject to an annual 1.5 per cent. compliance tax (calculated on the last redemption price (NAV) in any calendar year) unless the investor evidences to the Austrian bank a confirmation by the Austrian tax authorities to have complied with his disclosure duties vis-à-vis the tax authorities. Moreover, a pro rata compliance tax applies in the calendar year of the sale or redemption of the fund unit. This compliance tax will automatically be deducted by the Austrian bank.

In the following we assume that the Notes do not qualify as foreign investment funds for income tax purposes.

Individuals

Generally, income arising from the Notes will qualify as income from debt-securities (Kapitalerträge aus Forderungswertpapieren). Income from debt-securities includes (i) interest payments as well as (ii) income, if any, realized upon redemption or prior redemption (being the difference between the issue price and the redemption amount, or in case of prior redemption, the repurchase price - a maximum 2 per cent. tax-exempt threshold applies to specified Notes bearing also ongoing coupons; in practice, with the exemption of index and other asset linked notes) or (iii) realized upon sale of the Notes.

If income from debt-securities is paid out by a coupon paying agent (kuponauszahlende Stelle) located in Austria, it is subject to 25 per cent. Austrian withholding tax (Kapitalertragsteuer-KESt).

The coupon paying agent is the bank, including an Austrian branch of a non-Austrian bank, which pays out such income to the holder of the Notes.

Provided that the Notes have been offered to the public within the meaning of Section 97 of the Austrian Income Tax Act, the 25 per cent. withholding tax constitutes a final taxation (Endbesteuerung) for all individuals, no matter whether they act as private investors or hold the Notes as business property. Final taxation means that no further income tax will be assessed and the income is not to be included in the investor's income tax return. Final taxation is only applicable to income from debt-securities. As regards the taxation of capital gains please see below.

Where there is no deduction of Austrian withholding tax because the income from the Notes is not received in Austria (not paid out by a coupon paying agent located in Austria) Austrian investors will have to declare the income derived from the Notes in their income tax returns pursuant to the Austrian Income Tax Act. A special 25 per cent. income tax rate pursuant to Section 37 sub-paragraph 8 of the Austrian Income Tax Act is applicable provided that the Notes have been offered to the public within the meaning of Section 37 sub-paragraph 8 of the Austrian Income Tax Act.

Individuals whose regular personal income tax rate is lower than 25 per cent. may opt for taxation of the income derived from the Notes at such regular personal income tax rate. In this case, the withholding tax will be credited against the income tax liability and the excess amount shall be refunded. Expenses incurred by the investor in connection with income derived from the Notes are not deductible.

It should be noted that certain rules apply in case a Noteholder transfers his residence outside Austria.

Upon the sale of the Notes accrued interest realised upon such sale is taxed as income from debt securities being subject to withholding tax and final taxation as set out above (with regard to index or other underlying linked notes the whole gain would be treated as income from debt-securities, see below "Certain aspects of the tax treatment of certain notes"). For private investors, any additional capital gain on the disposal of the Notes is taxable if the disposal takes place within one year after the date of the acquisition of the Notes pursuant to Section 30 Income Tax Act (Spekulationsgeschäft - speculative transaction). Such speculative gain is taxed at normal progressive income tax rates amounting up to 50 per cent. if the total of such speculative gain exceeds 440 Euro per year. If the Notes qualify as business assets, capital gains on the disposal are taxable irrespective of the date of the disposal at normal progressive income tax rates.

Corporations

Corporate investors deriving business income from the Notes may avoid the application of withholding tax by filing a declaration of exemption (Befreiungserklärung) with the coupon paying agent. Income including any capital gain derived from the Notes by corporate investors is subject to corporate income tax at the general rate of 25 per cent. There is, *inter alia*, a special tax regime for private foundations established under Austrian law (Privatstiftungen).

Certain aspects of the tax treatment of certain notes

Upon the sale of zero coupon notes the difference between the issue price and the proceeds from the sale would be taxable as income from debt-securities being subject to withholding tax (where such withholding tax applies) merely to the extent of the difference between the issue price and the inner value of the notes; any additional capital gain would be taxable for private investors (only) pursuant to Section 30 Income Tax Act (Spekulationsgeschäft – speculative transaction) if the sale took place within one year after the date of the acquisition of the Notes. It is likely that Austrian tax authorities and coupon paying agents will treat all forms of credit linked notes (with the exemption of cash or share notes and callable yield notes bearing interest) as "index linked notes" so that the whole positive difference amount between redemption price or sale price and issue price will be treated as income from debt securities. In the case of credit linked notes structured as callable yield notes bearing interest payments, however, the notes will be treated in the same way as cash or share (reverse convertible) notes.

Relating to index linked notes, the whole gain realized upon redemption or sale of the notes is treated as income from debt-securities and therefore also subject to withholding tax (where such withholding tax applies). The taxable gain is calculated as the difference between issue price and redemption amount/sales price. The same tax treatment applies to share, fund, or other asset or other underlying linked notes – for these, the whole gain is treated as income from debt-securities.

The Austrian tax authorities treat notes where only the coupon(s) but not the redemption amount is (are) linked to an index or other underlying as "index linked notes". In such case the (whole) difference amount between issue price and sale price (or redemption price) is therefore subject to withholding tax.

Relating to inflation linked notes (where the redemption amount is linked to the performance of an inflation index), withholding tax is payable on (i) any coupon payments, (ii) the difference between the issue price and the redemption price and (iii) the difference between the issue price and the index linked calculated value. However, withholding tax is not payable on the whole capital gain, although the capital gain could be subject to income tax as a speculative transaction.

Income from floating rate notes should, in general, qualify as interest resulting in income from debt-securities.

Currency gains are, in general, taxed as capital gain rather than as income from debt-securities. However, where the currency gain is determined already by the terms and conditions of the Notes or where a foreign currency only serves as underlying for a performance linked Note the respective income should rather qualify as income from debt-securities.

Guidelines issued by the Austrian Ministry of Finance provide further details for the tax treatment of some other structured financial instruments. Further, this entire outline of the taxation of the Notes is based on the assumption that the Notes will be treated as debt-securities (Forderungswertpapiere) and will not be qualified as equity instruments for tax purposes such as shares or equity participation rights (Substanzgenussrechte). Further, this outline is based on the assumption that the Notes do not qualify as derivative instruments or contracts for differences resulting for private investors in taxation of capital gain pursuant to Section 30 Income Tax Act (Spekulationsgeschäft) at progressive rates rather than being subject to withholding tax. Pursuant to Section 30 Income Tax Act certain types of transactions such as the sale of securities would be taxable for private investors only if carried out within one year following the acquisition (speculative period) whereas other transactions such as futures, forwards or contracts for differences (Differenzgeschäfte) would be taxable irrespective of the one year speculative period.

Non-Residents

Income including any capital gain derived from the Notes by individuals who do not have a domicile or their habitual abode in Austria or by corporate investors who neither have their corporate seat nor their place of management in Austria ("**Austria non-residents**") is not taxable in Austria provided that the income is not attributable to a permanent establishment or other Austrian source income taxable in Austria (for withholding tax under Directive 2003/48/EC see below).

Thus, non-resident investors - also in cases where they receive income from the Notes through a coupon paying agent located in Austria - may avoid the application of Austrian withholding tax if they evidence their non resident-status vis-à-vis the coupon paying agent. Austria non-residents who are Austrian citizens or citizens of a neighbouring country will have to confirm their non-resident status in writing to the coupon paying agent. The provision of evidence that the investor is not subject to Austrian withholding tax is the responsibility of the investor.

If any Austrian withholding tax is deducted by the coupon paying agent, the tax withheld shall be refunded to the non-resident investor upon his application, which has to be filed with the competent Austrian tax authority within five calendar years following the date of the imposition of the withholding tax.

Where Austria non-residents receive income from the Notes as part of business income taxable in Austria (permanent establishment), they will be, in general, subject to the same tax treatment as resident investors.

European Council Directive on Taxation of Savings Income

Directive 2003/48/EC on taxation of savings income in the form of interest payments (the "**Savings Directive**"), which came into effect on 1 July 2005, provides for an exchange of information between the authorities of EU member states regarding interest payments made in one member state to beneficial owners who are individuals and resident for tax purposes in another member state. Austria has implemented Directive 2003/48/EC by way of the EU Withholding Tax Act (EU-Quellensteuergesetz) which provides for a withholding tax rather than for an exchange of information. Such EU withholding tax will be levied on interest payments within the meaning of the EU Withholding Tax Act made by a paying agent located in Austria to an individual resident in another member state or in certain associated and dependent territories. The EU Withholding Tax amounts to 20 per cent. until 30 June 2011, and to 35 per cent. thereafter.

Withholding tax will be deducted upon actual or deemed interest payments as well as upon sale, refund or redemption of debt claims. Further, withholding tax will be deducted - on a pro rata temporis basis - in case of changes of the individual's withholding tax status such as changes of his country of residence or transfer of his securities to a non Austrian account.

Deduction of EU withholding tax can be avoided if the EU-resident investor provides the paying agent with a certificate drawn up in his name by the tax office of his member state of residence. Such certificate has to indicate, *inter alia*, the name and address, tax or other identification number or, if not available, the date and the city of birth of the investors, name and address of the paying agent as well as the account number of the investor or the identification of the Notes.

The scope of the definition of interest payments for EU Withholding Tax purposes may differ from the scope of interest payments for Austrian income and withholding tax purposes.

Provided that Notes are re-qualified as foreign investment fund units and the interest income of the fund deemed to be distributed to the investors is not reported on a daily basis to the Austrian central depository bank (Oesterreichische Kontrollbank – OeKB), Austrian paying agents shall deduct EU Withholding Tax on a lump sum tax base of 6 per cent. of the last redemption price (NAV) of the fund units fixed in a calendar year. Moreover, a pro rata EU Withholding Tax applies in the calendar year of the sale or redemption of the fund unit.

The Council of the European Union has adopted certain amendments to the Savings Directive which will, when implemented, amend or broaden the scope of the requirements described above.

Other Taxes

The sale and purchase of Notes as well as the redemption of such securities is in general with the exception of Registered Notes and other securities in registered form not subject to Austrian stamp duty provided that no other transaction potentially taxable under the Austrian Stamp Duty Act (*Gebührengesetz*) (*SDA*) such as an assignment of rights (*Zession*) or loan or credit agreement is entered into for which a document (*Urkunde*) within the meaning of the Stamp Duty Act is executed.

The purchase and sale of *Registered Notes* by Noteholders in Austria may trigger Austrian stamp tax of 0.8 per cent of the consideration received.

Since the Notes are secured, *inter alia*, by assignments of the Issuer's rights in favour of the Noteholders which may indirectly be evidenced by subscription applications signed in Austria and handed out to third parties within or outside Austria, a stamp tax of 0.8 per cent. of the consideration for the assignment might be triggered by signing a subscription application in Austria or by entering into a subscription agreement in Austria if the subscription makes a reference to the assignment. All parties to the assignment agreement will jointly and severally become liable to pay the stamp tax, in addition to any other person involved in the subscription transaction including the person that has drafted the subscription agreement. Transactions subject to Austria stamp tax have to be notified by the 15th day of the second calendar month following in which the stamp tax was triggered to the competent Austrian tax authorities. The tax authorities may impose a surcharge penalty stamp tax of up to 100 per cent of the stamp tax which was not orderly paid.

Therefore, investors should consult their own professional advisers before executing transfer documents for such Notes or bringing or sending into Austria such documents or any certified copy thereof or any written confirmation or written reference thereof.

Section 15 sub-paragraph 3 of the Stamp Duty Act provides for an exemption from stamp duty for the issue of interest bearing debt claims (verzinsliche Forderungsrechte) in the form of securities (Schuldverschreibungen) which are issued as partial debt (in Teilabschnitte ausgefertigt). Pursuant to the Austrian Administrative Court only securities which are addressed to the capital markets qualify for such an exemption. Hence, the issuance of Notes, if not addressed to the capital markets or if not qualifying as partial debt securities, and if evidenced by a document executed in Austria or executed abroad and subscribed by Austrian resident taxpayers or brought into Austria may trigger Austrian stamp duty. Further, documents on assignments, if executed within Austria or outside Austria provided that (a) the parties to the agreement have their domicile, habitual abode, seat, place of management or a permanent establishment within Austria or (b) the document (original or certified copy) is physically brought into Austria, may trigger a stamp tax in Austria at a rate of 0.8 per cent. of the consideration.

The Austrian inheritance and gift tax (Erbschafts-und Schenkungssteuer) was abolished as of 1 August 2008. No such tax will be levied any longer upon a transfer of assets by way of inheritance or gifts occurring after 31 July 2008. However, according to the Gift Notification Act 2008 (Schenkungsmitteilgesetz 2008) gifts have to be notified to the tax authorities within a three-month notification period. There are certain exemptions from such notification obligation, e.g. for gifts among relatives that do not exceed €50,000 (for gifts received from one donor by the same donee within one year) or gifts among unrelated persons that do not exceed €15,000 (for gifts received from one donor by the same donee within five years).

Italy

The statements herein regarding taxation are based on the laws in force in Italy as of the date of this Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. This summary will not be updated to reflect changes in laws after the Issue Date and, if such a change occurs, the information in this summary could become invalid.

Prospective Noteholders are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes.

The Notes may be subject to different tax regimes depending on whether:

- (i) they represent debt instruments implying a "use of capital" (*impiego di capitale*), through which the Noteholders transfer to the Issuer a certain amount of capital, for the economic exploitation of the same, subject to the right to obtain a (partial or entire) reimbursement of such amount at maturity; or
- (ii) they represent derivative financial instruments or bundles of derivative financial instruments, through which the Noteholders purchase indirectly underlying financial instruments; or
- (iii) they represent units of foreign undertaking for collective investment in financial instruments.

(i) Notes representing debt instruments implying a "use of capital"

Notes having 100 per cent capital protection guaranteed by the Issuer

Italian legislative decree No. 239 of 1 April 1996, as subsequently amended ("**Decree 239**"), provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian resident companies. The provisions of Decree No. 239

only apply to those Notes which qualify as *obbligazioni* or *titoli similari alle obbligazioni* pursuant to Article 44 of Presidential Decree 22nd December, 1986, No. 917 (Decree No. 917). To this purposes, securities representing debt instruments implying a "use of capital" qualify as bonds or debentures similar to bonds if they are issued in mass and provide for the unconditional obligation to pay at maturity an amount not lower than they face value.

Where an Italian resident Noteholder is (i) an individual (unless he has opted for the application of the *risparmio gestito* regime – see under paragraph "Capital gains tax" below – where applicable); (ii) partnerships (other than *società in nome collettivo*, *società in accomandita semplice* or similar partnerships), *de facto* partnerships not carrying out commercial activities and professional associations; or (iii) public and private entities (other than companies) and trusts not carrying out commercial activities, interest (including the difference between the redemption amount and the issue price), premium and other income relating to the Notes, accrued during the relevant holding period, are subject to a substitute tax, levied at the rate of 12.5 per cent, increased to 27 per cent in case the Notes' maturity is less than eighteen months. If the Noteholders described under (i) or (iii) above are engaged in an entrepreneurial activity to which the Notes are connected, the substitute tax applies as a provisional tax and may be deducted from the income tax due.

Pursuant to Decree No. 239, the 12.5 or 27 per cent substitute tax is applied by banks, *società di intermediazione mobiliare*, *società di gestione del risparmio*, fiduciary companies, exchange agents and other qualified entities identified by the relevant decrees of the Ministry of Finance (Intermediaries). The Intermediaries must: (i) be (a) resident in Italy or (b) permanent establishments in Italy of intermediaries resident outside Italy; and (ii) in any case intervene, in any way, in the collection of Interest or in the transfer of the Notes. Where the Notes are not deposited with an authorised Intermediary (or permanent establishment in Italy of foreign intermediary), the substitute tax is applied and withheld by any Italian bank or any Italian intermediary paying Interest to the Noteholders. Where Interest on Notes beneficially owned by Noteholders are not collected through the intervention of an Italian resident intermediary and as such no substitute tax is applied, the Italian resident beneficial owners qualifying as net recipients will be required to declare Interest in their yearly income tax return and apply a final substitute tax at a rate of 12.5 or 27 per cent, unless option for a different regime is allowed and made. Italian resident net recipients that are individuals not engaged in entrepreneurial activity may elect instead to pay ordinary personal income taxes at the progressive rates applicable to them in respect of Interest on such Notes: if so, the beneficial owners should be generally entitled to a tax credit for withholding taxes applied outside Italy, if any.

Payments of Interest in respect of the Notes that qualify as bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) and have a maturity of eighteen months or more, are not subject to the 12.5 per cent substitute tax if made to beneficial owners who are Italian resident individuals holding the Notes not in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an authorised financial intermediary and have opted for the *risparmio gestito* regime – see under paragraph "Capital gains tax" below. Italian resident individuals holding the Notes not in connection with entrepreneurial activity who have opted for the *risparmio gestito* regime are subject to a 12.5 per cent annual substitute tax on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). Such 12.5 annual tax is applied on behalf of the taxpayer by the managing authorised intermediary.

Where an Italian resident Noteholder is a company or similar commercial entity or a permanent establishment in Italy, to which the Notes are effectively connected, of a non-Italian resident entity and the Notes are deposited with an authorised intermediary, interest (including the difference between the redemption amount and the issue price), premium and other income from the Notes will not be subject to substitute tax, but must be included in the relevant Noteholder's income tax return and are subject to ordinary Italian corporate taxation (and, in certain circumstances, depending on the "status" of the Noteholder, also to IRAP – the regional tax on productive activities).

Where an Italian resident Noteholder is an open-ended or a closed-ended investment fund or a SICAV (**Investment Funds**) and the Notes are deposited with an authorised intermediary, interest, premium and other income relating to the Notes and accrued during the holding period will not be subject to substitute tax, but to a 12.5 per cent annual substitute tax which is calculated on the net result of the portfolio accrued at the end of each tax period (and which includes interest accrued on the Notes).

Where an Italian resident Noteholder is a pension fund subject to the regime provided for by article 17 of Italian legislative decree No. 252 of 5 December 2005, as subsequently amended (the "**Pension Funds**") and the Notes are deposited with an authorised intermediary, interest, premium and other income relating to the Notes and accrued during the holding period will not be subject to substitute tax, but must be included in the result of the portfolio accrued at the end of the tax period, to be subject to an 11 per cent substitute tax.

Payments of interests, premiums or other proceeds in respect of the Notes, deposited with an authorised intermediary, made to Italian resident real estate investment funds established in compliance with the definition provided by art. 1, paragraph 1, let. j) of legislative decree No. 58 of 24 February 1998 as amended by law decree No. 78 of 31 May 2010 (converted into law with amendments by law No. 122 of 30 July 2010) and pursuant to article 37 of legislative decree No. 58 of 24 February 1998 or pursuant to article 14-bis of law No. 86 of 25 January 1994 set up starting from 26 September 2001, as well as real estate funds incorporated before 26 September 2001, the managing company of which has so requested by 25 November 2001 (the "**Real Estate Funds**"), are subject neither to substitute tax nor to any other income tax in the hands of the real estate investment fund.

To ensure payment of Interest in respect of the Notes without the application of 12.5 per cent substitute tax, gross recipients indicated above must (a) be the beneficial owners of payments of Interest on the Notes and (b) timely deposit the Notes with an Italian authorised financial intermediary (or permanent establishment in Italy of foreign intermediary).

Interest payments relating to Notes received by non-Italian resident beneficial owners are not subject to taxation in Italy. If the Notes beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of Interest on such Notes, to ensure payment of Interest without application of Italian taxation a non-Italian resident Noteholders may be required to produce to the Italian bank or other intermediary a declaration stating that he or she is not resident in Italy for tax purposes.

Early redemption

Without prejudice to the above provisions, in the event that the Notes with an original maturity of eighteen months or more are made subject to an early repayment within eighteen months from the date of issue, Italian resident Noteholders will be required to pay an additional amount equal to 20 per cent of Interest and other proceeds from the Notes accrued up to the time of the early redemption. Where Italian withholding agents intervene in the collection of Interest on the Notes or in the redemption of the Notes, this additional amount will be levied by such withholding agents by way of withholding. In accordance with one interpretation of Italian tax law, the above 20 per cent additional amount may also be due in the event of any purchase of Notes by the Issuer with subsequent cancellation thereof prior to eighteen months from the date of issue.

Notes not having 100 per cent capital protection guaranteed by the Issuer

In case Notes representing debt instruments implying a "use of capital" do not guarantee the total repayment of their principal amount at maturity, under Italian tax law they should qualify as "atypical securities" and payments in respect of such Notes would be subject to the following regime.

Where an Italian resident Noteholder is (i) an individual; (ii) partnerships (other than *società in nome collettivo*, *società in accomandita semplice* or similar partnerships), de facto partnerships not carrying out commercial activities and professional associations; (iii) public and private entities (other than companies) and trusts not carrying out commercial activities; (v) Italian Investment Funds; (vi) Italian Pension Funds; and (vii) Italian Real Estate Funds, proceeds distributed in relation to the Notes (including the difference between the amount paid upon redemption or repurchase of the Notes and their issue price) will be subject to a 27 per cent final withholding tax. The withholding tax is levied by the entrusted Italian resident bank or financial intermediary, if any, that intervenes in the payments of the proceeds on the Notes, their redemption or repurchase or their negotiation on behalf of the issuer.

The withholding tax would be levied on a provisional basis in the case of individuals engaged in an entrepreneurial activity to which the Notes are connected and credited against the ordinary personal income tax due on the income relating to such Notes.

If payments on the Notes are not received through an entrusted Italian resident bank or financial intermediary that intervenes in the collection of payments on the Notes, in the repurchase or in the negotiation thereof, and no withholding tax is levied, the individual beneficial owners will be required to declare the payments in their income tax return and subject them to a final substitute tax at a rate of 27 per cent. Italian individual Noteholders may elect instead to pay ordinary personal income tax at the progressive rates applicable to them in respect of the payments; if so, the Italian Noteholder should generally benefit from a tax credit for withholding taxes applied outside Italy, if any.

The 27 per cent withholding tax would not apply to any such income accrued by: (i) companies or similar commercial entities (including the Italian permanent establishment of foreign entities), (ii) commercial partnerships, or (iii) commercial private or public institutions. Income accrued on the Notes by taxpayers falling under (i) through (iii), above, is included in such entities' overall year-end taxable income (and, in certain circumstances, depending on the "status" of the Noteholder, also as part of the net value of production for IRAP purposes) and, as such, subject to their ordinary tax regime.

Interest payments relating to Notes received by non-Italian resident beneficial owners are not subject to taxation in Italy. If Notes beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of Interest on such Notes, to ensure payment of Interest without application of Italian taxation, a non-Italian resident Noteholders may be required to produce to the Italian bank or other intermediary a declaration stating that he or she is not resident in Italy for tax purposes.

Capital gains tax

Pursuant to Legislative Decree 21 November 1997 No. 461 (Decree No. 461), a 12.5 per cent capital gains tax (referred to as substitute tax) is applicable to capital gains realised on any sale or transfer for consideration of the Notes or redemption thereof, where an Italian resident Noteholder is (i) an individual not engaged in entrepreneurial activities to which the Notes are connected; (ii) partnerships (other than *società in nome collettivo*, *società in accomandita semplice* or similar partnerships), de facto partnerships not carrying out commercial activities and professional associations; or (iii) public and private entities (other than companies) and trusts not carrying out commercial activities.

In respect of the application of the substitute tax, taxpayers may opt for one of the three regimes described below:

1. under the so called *dichiarazione* regime, which is the standard regime for taxation of capital gains realised by Italian resident individuals not engaged in entrepreneurial activities, the 12.5 per cent substitute tax on capital gains will be chargeable, on a cumulative basis, on all capital gains net of any relevant incurred capital losses realised by Italian resident individuals not engaged in entrepreneurial activities pursuant to all investment transactions carried out during any given fiscal year. The capital gains realised in a year net of any relevant incurred capital losses must be detailed in the relevant annual tax return to be filed with Italian tax authorities and the substitute tax must be paid on such capital gains by Italian resident individuals together with any balance income tax due for the relevant tax year. Capital losses in excess of capital gains may be carried forward against capital gains of the same kind for up to the fourth subsequent fiscal year;
2. as an alternative to the *dichiarazione* regime, Italian resident individual Noteholders holding the Notes not in connection with an entrepreneurial activity may elect to pay the substitute tax separately on capital gains realised on each sale or redemption of the Notes (the *risparmio amministrato* regime). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (ii) an express election for the *risparmio amministrato* regime being made punctually in writing by the relevant Noteholder. The depository is responsible for accounting for the substitute tax in respect of capital gains realised on each sale or redemption of the Notes, net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same relationship, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Noteholder is not required to declare the capital gains in its annual tax return;
3. any capital gains realised by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for the so called *risparmio gestito* regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 12.5 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Noteholder is not required to declare the capital gains realised in its annual tax return.

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Noteholder, also as part of the net value of production for IRAP purposes) if realised by Italian resident companies or similar commercial entities or the permanent establishments in Italy of foreign corporations to which the Notes are effectively connected or Italian resident individuals carrying out a commercial activity, as to any capital gains realised within the scope of the commercial activity carried out.

Any capital gains realised by a Noteholder which is an Italian Investment Fund will be included in the result of the portfolio accrued at the end of the tax period, to be subject to Collective Investment Fund Tax.

Any capital gains realised by a Noteholder which is an Italian Pension Fund (subject to the regime provided for by article 17 of Italian legislative decree No. 252 of 5 December 2005, as subsequently amended) will be included in the result of the portfolio accrued at the end of the tax period, to be subject to the 11 per cent. substitute tax.

Any capital gains realised by a Noteholder which is an Italian Real Estate Fund concurs to the year-end appreciation of the managed assets, which is tax exempt from any income tax according to the real estate investment fund tax treatment described above.

Capital gains realised by Noteholders who are not resident in Italy for tax purposes from the sale or redemption of the Notes are not subject to Italian taxation, provided that the Notes are held outside of the Italian territory.

In case the Notes are held in Italy, in principle capital gains realised by non Italian resident Noteholders may be taxable in Italy and in case capital gains realised on disposal of Notes by non Italian resident Noteholders are taxable in Italy, taxation of such capital gains is subject to the same rules as those set out above, which apply to Italian resident individual Noteholders. The *risparmio amministrato* regime is the ordinary regime automatically applicable to non resident Noteholders relating to Notes deposited for safekeeping or administration at Italian banks, SIMs and other eligible persons or entities, but non resident Noteholders retain the right to waive this regime.

However, the 12.5% substitute tax does not apply on capital gains realized by Noteholders who are not resident in Italy for tax purposes, in respect of capital gains realized on sale or redemption of Notes listed on a regulated market, in Italy or abroad, even though the Notes are held in Italy and regardless of the provisions of any applicable double tax treaty. In relation to non Italian resident Noteholders who hold Notes in Italy with an Italian authorized financial intermediary and elect for the *risparmio gestito* regime or the *risparmio amministrato* regime, this exemption from Italian tax on capital gains applies upon condition that they promptly file with the Italian authorized financial intermediary a self declaration not to be resident in Italy for tax purposes.

In case the Notes are not listed on a regulated market in Italy or abroad, non-Italian resident Noteholders with no permanent establishment in Italy to which the Notes are effectively connected, are exempt from substitute tax in Italy on any capital gains realised upon the sale for consideration or redemption of the Notes, provided that they are (i) persons resident, for tax purposes, in a country which allows for a satisfactory exchange of information with Italy; or (ii) an international body or entity set up in accordance with international agreements which have entered into force in Italy; or (iii) a central bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or (iv) an institutional investor which is incorporated in a country which allows for a satisfactory exchange of information with Italy, even if it is not subject to income tax therein. In such case, if the Noteholders elect for the *risparmio gestito* regime or are subject to the *risparmio amministrato* regime, exemption from Italian taxation on capital gains will apply upon condition that they timely file with the authorised financial intermediary an appropriate self-declaration stating that they are resident for tax purposes in a country which recognises the Italian fiscal authorities' right to an adequate exchange of information.

In any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are effectively connected that may benefit from a double taxation treaty with Italy, providing that capital gains realised upon sale or redemption of Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to substitute tax in Italy on any capital gains realised upon sale for consideration or redemption of Notes.

(ii) Notes representing derivative financial instruments or bundles of derivative financial instruments

Payments in respect of Notes qualifying as securitized derivative financial instruments received by Italian Noteholders as well as capital gains realised by Italian Noteholders on any sale or transfer for

consideration of the Notes or redemption thereof are subject to a 12.5 per cent capital gain tax, which applies under the *dichiarazione* regime, *risparmio amministrato* regime or the *risparmio gestito* regime according to the same rules described above in paragraph i) under the title "Capital gains tax".

According to the interpretation of the Italian tax authorities (circular letter of 26 October 1999, No. 207/E), payments in respect of Notes qualifying as securitized derivative financial instruments received by Non-Italian Noteholders received by Noteholders that are not resident for tax purposes in Italy are not subject to Italian taxation, since the person paying the relevant income is not resident for tax purposes in Italy. In relation to non Italian resident Noteholders holding Notes in Italy with an Italian authorized financial intermediary and electing for the *risparmio gestito* regime or being subject to the *risparmio amministrato* regime, the said exemption from Italian tax applies upon condition that they promptly file with the Italian authorized financial intermediary a self declaration not to be resident in Italy for tax purposes.

(iii) Notes representing units of collective investment undertakings

Should the Notes be deemed to constitute units of foreign undertaking for collective investments, income from capital deriving from the Notes would be included in the taxable income of the Italian resident recipient subject to income tax at the ordinary income tax rates and municipal and regional sur-charges, where applicable, and may be subject to a 12.5 per cent. advance withholding tax applied by Italian resident entities, if any, which intervene in the payment of the relevant proceeds as well as in the repurchase or negotiation of the Notes.

(iv) Italian inheritance and gift tax

Under Law Decree No. 262 of 3 October 2006 (converted with amendments into Law No. 286 of 24 November 2006), as subsequently amended, transfers of the Notes by reason of death or gift or gratuities to

- (a) spouses, ascendants or descendants will be subject to inheritance and gift tax at the rate of 4 per cent. on the value of the inheritance or gift exceeding €1,000,000 per beneficiary,
- (b) relatives within the fourth degree, ascendants or descendants relatives in law or other relatives in law within the third degree will be subject to inheritance and gift tax at the rate of 6 per cent. (the inheritance and gift tax will apply only on the value of the inheritance or gift exceeding €100,000 per beneficiary, if the donee is a brother or sister of the donor),
- (c) persons other than the ones mentioned in (i) and (ii) above will be subject to inheritance and gift tax at the rate of 8 per cent.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value exceeding €1,500,000.

(v) Italian reporting obligations

Pursuant to Law Decree No. 167 of 28 June 1990, individuals, non-commercial entities and certain partnerships (in particular, non-commercial partnerships in accordance with Article 5 of Decree No. 917) resident in Italy are required to report in their yearly income tax return, for tax monitoring purposes:

- (a) the amount of securities (including the Notes) held abroad at the end of each tax year, if their acquisition price (together with that of any other foreign financial asset or asset held out of the Italian territory) exceeds, in aggregate, €10,000;
- (b) the amount of any transfers from abroad to Italy, from Italy to abroad and occurred abroad, related to such securities, occurred during each tax year, if exceeding, in aggregate,

€10,000. This fulfilment is required also in the case that at the end of the tax year the securities are no longer held by such mentioned investors.

The aforementioned persons are, however, not required to comply with the above reporting requirements in respect of Notes deposited for management with qualified Italian financial intermediaries and in respect of contracts entered into through their intervention, subject to the condition that the items of income deriving from such securities are collected with the intervention of the same intermediaries.

(vi) Transfer tax

Transfer tax has been repealed by Law Decree No. 248 of 31 December 2007, converted in law by Law No. 31 of 28 February 2008. The transfer deed may be subject to registration tax at a fix amount of Euro 168.00.

(vii) Implementation in Italy of the Directive

Italy has implemented the Directive through Legislative Decree No. 84 of 18 April 2005 ("**Decree No. 84**"). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid starting from 1 July 2005 to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian paying agents (i.e. banks, *società di intermediazione mobiliare* (SIM), fiduciary companies, *società di gestione del risparmio* (SGR) resident for tax purposes in Italy, Italian permanent establishments of non-Italian resident persons and any other Italian entities paying interest for professional or business reasons) shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

Italy has implemented the EU Savings Directive through Legislative Decree No. 84 of 18 April 2005. Under Decree 84, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

The Council of the European Union has adopted certain amendments to the EU Savings Directive which will, when implemented, amend or broaden the scope of the requirements described above.

Luxembourg

Prospective Noteholders are advised to consult their own tax advisers as to the consequences under the tax laws of the country of which they are residents of a purchase of the Notes, including, but not limited to, the consequences of the purchase, holding, redemption or sale of the Notes. The following is a general description of certain tax laws relating to the Notes as in effect and as applied by the relevant tax authorities on the date hereof and does not purport to be a comprehensive discussion of the tax treatment of the Notes.

Luxembourg tax residency of the Noteholders

A Noteholder will not become resident, or be deemed to be resident, in Luxembourg by reason only of the holding of the Notes or the execution, performance, delivery and/or enforcement of the Notes.

Luxembourg tax position of the Issuer

The Issuer is subject to the tax regime applicable in Luxembourg for securitisation vehicles as implemented by the Law of 22 March 2004 (the "**Law**").

The Issuer is subject to Luxembourg corporate income tax and municipal business tax at the ordinary tax rate (27.08% for Luxembourg City for the tax year 2017, to be decreased to 26.01% as

from 2018). Its taxable basis may however be reduced to nil or close to nil by way of deduction of interest paid to the Noteholders and other deductible expenses (including dividends, if any, paid or payable to its shareholders).

Withholding tax

Under Luxembourg tax law currently in effect and subject to the exception below, no Luxembourg withholding tax is due on payments of interest (including accrued but unpaid interest) or repayments of principal.

In accordance with the law of 23 December 2005, as amended, interest payments made by Luxembourg paying agents to Luxembourg individual residents are subject to a 20 per cent. withholding tax. Responsibility for withholding such tax will be assumed by the Luxembourg paying agent.

Taxation of Noteholders: Luxembourg non-residents

Noteholders who are non-residents of Luxembourg and who have neither a permanent establishment, a permanent representative nor a fixed base of business in Luxembourg with which the holding of the Notes is connected are not liable to any Luxembourg income tax, whether they receive payments of principal, payments of interest (including accrued but unpaid interest), payments received upon redemption or repurchase of the Notes, or realise capital gains on the sale of any Notes.

Taxation of Noteholders: Luxembourg residents

Noteholders who are residents of Luxembourg, or non-resident Noteholders who have a permanent establishment, a permanent representative or a fixed base of business in Luxembourg with which the holding of the Notes is connected, will not be liable to any Luxembourg income tax on repayment of principal.

Luxembourg resident individuals

Pursuant to the Luxembourg law of 23 December 2005, as amended, Luxembourg resident individuals, acting in the course of their private wealth, can opt to self-declare and pay a 20% tax on interest payments made by certain non-Luxembourg paying agents, located in an EU Member State other than Luxembourg, a Member State of the European Economic Area other than an EU Member State or certain dependent or associated territories of EU Member States.

The 20% Luxembourg withholding tax (see the above section "Withholding tax") or the above self-declared 20% tax represents the final tax liability on interest received for the Luxembourg resident individuals receiving the payment in the course of his/her private wealth. Individual Luxembourg resident Noteholders receiving the interest as business income must include interest income in their taxable basis. The 20% tax (either withheld or self-declared) levied will be credited against their final income tax liability.

Luxembourg resident individual Noteholders are not subject to taxation on capital gains upon the disposal of the Notes, unless the disposal of the Notes precedes the acquisition of the Notes or the Notes are disposed of within six months of the date of acquisition of the Notes. Upon the sale, redemption or exchange of the Notes, accrued but unpaid interest will be subject to the 20% withholding tax (either withheld or self-declared), if applicable. Individual Luxembourg resident Noteholders receiving the interest as business income must also include the portion of the price corresponding to this interest in their taxable income. The 20% withholding tax will be credited against their final income tax liability.

Luxembourg resident companies

Luxembourg resident corporate Noteholders (*société de capitaux*) or foreign entities of the same type which have a permanent establishment or a permanent representative in Luxembourg with which the holding of the Notes is connected, must include in their taxable income any interest (including accrued but unpaid interest) and the difference between the sale or redemption price (including accrued but unpaid interest) and the lower of the cost or book value of the Notes sold or redeemed.

Luxembourg resident companies benefiting from a special tax regime

Luxembourg resident corporate Noteholders which are companies benefiting from a special tax regime (such as family wealth management companies subject to the law of 11 May 2007, undertakings for collective investment subject to the law of 17 December 2010 or specialised investment funds subject to the law of 13 February 2007, or reserved alternative investment funds governed by the law of 23 July 2016, provided it is not foreseen in the incorporation documents that (i) the exclusive object is the investment in risk capital and that (ii) article 48 of the aforementioned law of 23 July 2016 applies) are tax exempt entities in Luxembourg, and are thus not subject to any Luxembourg tax (i.e., corporate income tax, municipal business tax and net wealth tax) other than the annual subscription tax calculated on their (paid up) share capital (and share premium) or net asset value and the minimum net wealth tax.

Net wealth tax

Luxembourg net wealth tax will not be levied on the Notes held by a Noteholder, unless (a) such Noteholder is a Luxembourg resident other than a Noteholder governed by (i) the laws of 17 December 2010 and 13 February 2007 on undertakings for collective investment; (ii) the law of 22 March 2004 on securitisation; (iii) the law of 15 June 2004 on the investment company in risk capital; (iv) the law of 11 May 2007 on family estate management companies; or (v) the law of 23 July 2016 on the reserved alternative investment funds, or (b) such Notes are attributable to an enterprise or part thereof which is carried on by a non-resident company in Luxembourg through a permanent establishment or permanent representative.

The Issuer is exempt from Luxembourg net wealth tax, save for the minimum net wealth tax ranging between € 535 and € 32,100. The Issuer will be subject to a minimum net wealth tax of € 4,815 if the sum of the financial assets, the amounts owed by affiliated undertakings and undertakings linked by virtue of participating interest, the transferable securities, the cash in postal cheque accounts, the cheques for collection, the bills for collection, the cash in hand and the cash at bank of the company exceeds 90 per cent. of its fiscal balance sheet total and € 350,000.

Other Taxes

There is no Luxembourg registration tax, stamp duty or any other similar tax or duty payable in Luxembourg by Noteholders as a consequence of the issuance of the Notes, nor will any of these taxes be payable as a consequence of a subsequent transfer, repurchase or redemption of the Notes, unless the documents relating to the Notes are voluntarily registered in Luxembourg or appended to a document that requires obligatory registration in Luxembourg. There is no Luxembourg value added tax payable in respect of payments in consideration for the issuance of the Notes or in respect of the payment of interest or principal under the Notes or the transfer of the Notes. Luxembourg value added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuer, if for Luxembourg value added tax purposes such services are rendered or are deemed to be rendered in Luxembourg and an exemption from Luxembourg value added tax does not apply with respect to such services. No Luxembourg inheritance tax is levied on the transfer of the Notes upon death of a Noteholder in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes. No Luxembourg gift tax will be levied on the transfer of the Notes by way of gift unless the gift is registered in Luxembourg.

The Netherlands

The following summary does not purport to be a comprehensive description of all Dutch tax considerations that could be relevant to holders of the Notes. This summary is intended for general information only. Each prospective holder should consult a professional tax adviser with respect to the tax consequences of an investment in the Notes. This summary is based on Dutch tax legislation and published case law in force as of the date of this document. It does not take into account any developments or amendments thereof after that date, whether or not such developments or amendments have retroactive effect. For the purposes of this section, "the Netherlands" shall mean that part of the Kingdom of the Netherlands that is in Europe.

Scope

Regardless of whether or not a holder of Notes is, or is treated as being, a resident of the Netherlands, this summary does not address the Dutch tax consequences for such a holder:

- (i) having a substantial interest (*aanmerkelijk belang*) in an Issuer (such a substantial interest is generally present if an equity stake of at least 5%, or a right to acquire such a stake, is held, directly or indirectly, in each case by reference to the Issuer's total issued share capital, or the issued capital of a certain class of shares);
- (ii) (who is a private individual and who may be taxed in box 1 for the purposes of Netherlands income tax (*inkomstenbelasting*) as an entrepreneur (*ondernemer*) having an enterprise (*onderneming*) to which the Notes are attributable, or who may otherwise be taxed in box 1 with respect to benefits derived from the Notes;
- (iii) which is a corporate entity and a taxpayer for the purposes of Netherlands corporate income tax (*vennootschapsbelasting*), having a participation (*deelneming*) in an Issuer (such a participation is generally present in the case of an interest of at least 5% of the Issuer's nominal paid-in capital);
- (iv) which is a corporate entity and an exempt investment institution (*vrijgestelde beleggingsinstelling*) or investment institution (*beleggingsinstelling*) for the purposes of Netherlands corporate income tax, a pension fund, or otherwise not a taxpayer or exempt for tax purposes;
- (v) which is a corporate entity and a resident of Aruba, Curaçao or Sint Maarten; or
- (vi) which is not considered the beneficial owner (*uiteindelijk gerechtigde*) of the Notes and/or the benefits derived from the Notes.

This summary does not describe the Netherlands tax consequences for a person to whom the Notes are attributed on the basis of the separated private assets provisions (*afgezonderd particulier vermogen*) in the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) and/or the Netherlands Gift and Inheritance Tax Act 1956 (*Successiewet 1956*).

Withholding tax

All payments made by the Issuer under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, provided that the Notes do not in fact function as equity of the Issuer within the meaning of art. 10, paragraph 1, letter d, the Netherlands Corporate Income Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*).

Income tax

Resident holders: A holder who is a private individual and a resident, or treated as being a resident of the Netherlands for the purposes of Netherlands income tax, must record Notes as assets that are held in box 3. Taxable income with regard to the Notes is then determined on the basis of a certain deemed return on the holder's yield basis (*rendementsgrondslag*) at the beginning of the calendar year insofar the yield basis exceeds a €25,000 threshold (*heffingvrij vermogen*), rather than on the basis of income actually received or gains actually realised. Such yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Notes, less the fair market value of certain qualifying liabilities at the beginning of the calendar year. The fair market value of the Notes will be included as an asset in the holder's yield basis. The holder's yield basis is allocated to up to three brackets for which different deemed returns apply. The first bracket includes amounts up to and including €75,000, which amount will be split into a 67% low-return part and a 33% high-return part. The second bracket includes amounts in excess of €75,000 and up to and including €975,000, which amount will be split into a 21% low-return part and a 79% high-return part. The third bracket includes amounts in excess of €975,000, which will be considered high-return in full. For 2017 the deemed return on the low-return parts is 1.63% and on the high-return parts is 5.39%. The deemed return percentages will be reassessed every year. The deemed return on the holder's yield basis is taxed at a rate of 30%..

Non-resident holders: A holder who is a private individual and neither a resident, nor treated as being a resident, of the Netherlands for the purposes of Netherlands income tax, will not be subject to such tax in respect of benefits derived from the Notes, unless such holder is entitled to a share in the

profits of an enterprise or a co-entitlement to the net worth of an enterprise which is effectively managed in the Netherlands, to which enterprise the Notes are attributable.

Corporate income tax

Resident holders: A holder which is a corporate entity, and, for the purposes of Netherlands corporate income tax, a resident, or treated as being a resident, of the Netherlands, is taxed in respect of benefits derived from the Notes at rates of up to 25%.

Non-resident holders: A holder which is a corporate entity and, for the purposes of Netherlands corporate income tax, is neither a resident, nor treated as being a resident, of the Netherlands, will not be subject to corporate income tax, unless such holder has an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands, a Netherlands Enterprise (*Nederlandse onderneming*), to which Netherlands Enterprise the Notes are attributable, or such holder is (other than by way of securities) entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Notes are attributable. Such holder is taxed in respect of benefits derived from the Notes at rates of up to 25%.

Gift and inheritance tax

Resident holders: Netherlands gift tax or inheritance tax (*schenk- of erfbelasting*) will arise in respect of an acquisition (or deemed acquisition) of Notes by way of a gift by, or on the death of, a holder of Notes who is a resident, or treated as being a resident, of the Netherlands for the purposes of Netherlands gift and inheritance tax.

Non-resident holders: No Netherlands gift tax or inheritance tax will arise in respect of an acquisition (or deemed acquisition) of Notes by way of a gift by, or on the death of, a holder of Notes who is neither a resident, nor treated as being a resident, of the Netherlands for the purposes of Netherlands gift and inheritance tax.

Other taxes

No Netherlands turnover tax (*omzetbelasting*) will arise in respect of any payment in consideration for the issue of Notes, with respect to any cash settlement of Notes or with respect to the delivery of Notes. Furthermore, no Netherlands registration tax, capital tax, transfer tax or stamp duty (nor any other similar tax or duty) will be payable in connection with the issue or acquisition of the Notes.

Residency

A holder will not become a resident, or a deemed resident, of the Netherlands for Netherlands tax purposes by reason only of holding the Notes.

Investors who are in any doubt as to their position should consult their professional advisers.

United Kingdom

The comments below are of a general nature based on current United Kingdom law and HM Revenue & Customs practice and are not intended to be exhaustive. They relate only to the position of persons who are the absolute beneficial owners of the Notes and may not apply to certain classes of persons such as dealers or certain professional investors. Any Noteholders who are in doubt as to their own tax position should consult their professional advisers.

Interest on the Notes

Payments of interest by an Issuer on the Notes may be made without withholding or deduction for or on account of United Kingdom tax unless the source of such interest is deemed to be the United Kingdom.

Subscription and Sale

*In relation to Notes issued by any Wholesale Issuer, this Base Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes issued by a Wholesale Issuer which are the subject of an offering contemplated in this Base Prospectus as completed by Additional Conditions in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a Prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such Prospectus specifies that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State, such offer is made in the period beginning and ending on the dates specified for such purpose in such Prospectus and the Wholesale Issuer has consented in writing to its use for the purpose of such offer. Except to the extent sub-paragraph (ii) above may apply, neither the Wholesale Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Wholesale Issuer or any Dealer to publish or supplement a prospectus for such offer. The expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.*

Subject to the terms and on the conditions contained in the Programme Deed, the Issuer may issue Notes to the Dealers from time to time. The Notes may be resold at such prices as the relevant Dealer may determine. The Programme Deed also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Programme Deed entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

 - (d) with respect to each affiliate that acquires from it Notes in bearer form for the purpose of offering or selling such Notes, it either (A) repeats and confirms the representations contained in (a), (b) and (c) above on behalf of such affiliate or (B) agrees that it shall obtain from such affiliate for the benefit of the Issuer the representations contained in (a), (b) and (c) above.

Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder, including U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**")) (the "**D Rules**").

- (iii) In addition, to the extent that the Offer Document relating to one or more Tranches of Bearer Notes specifies that the applicable TEFRA exemption is "C Rules", under U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code) (the "**C Rules**"), Notes in bearer form must be issued and delivered outside the United States and its possessions in connection with any issuance. In relation to each such Tranche, each Dealer represents and agrees that it has not offered, sold or delivered, and shall not offer, sell or deliver, directly or indirectly, Notes in bearer form within the United States or its possessions at any time. Further, in connection with any issuance of Notes in bearer form, it has not communicated, and shall not communicate, directly or indirectly,

 - (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the "**Insurance Mediation Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or

Public Offer Selling Restriction Under the Prospectus Directive

Prior to 1 January 2018, in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Additional Conditions in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) if the Additional Conditions in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a Prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such Prospectus contemplates such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such Prospectus and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (ii) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (iii) to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iv) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (ii) to (iv) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) and includes any relevant implementing measure in the Relevant Member State.

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Offer Document issued in respect of the issue of Notes to which it relates or in a supplement to the Authorised Offering Material.

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of any Authorised Offering Material or any other offering material, in any country or jurisdiction where action for that purpose is required.

Each Dealer agrees that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes any Authorised Offering Material or any other offering material and neither the Issuer nor any other Dealer will have responsibility therefor.
