The maximum aggregate nominal amount of all Covered Bonds from time to time outstanding under the Programme will not exceed Euro 5,000,000,000 (or its equivalent in other currencies calculated as described herein). UBI Finance CB 2 S.r.l. (the "**Guarantor**") has guaranteed payments of interest and principal under the Covered Bonds pursuant to a guarantee (the "**Covered Bond Guarantee**") which is collateralised by a pool of assets (the "**Cover Pool**") made up of a portfolio of mortgages assigned to the Guarantor by the Sellers and certain other assets held by the Guarantor, including funds generated by the portfolio and such assets. Recourse against the Guarantor under the Covered Bond Guarantee is limited to the Cover Pool.

This prospectus (the "**Prospectus**") has been approved as a base prospectus issued in compliance with Directive 2003/71/EC, which includes the amendments made by Directive 2010/73/EC (the "**Prospectus Directive**") by the Central Bank of Ireland (the "**Central Bank**"), as competent authority in Ireland under Prospectus Directive. The Central Bank only approves this Prospectus as meeting the requirements imposed under Irish and European law pursuant to the Prospectus Directive. Such approval relates only to the Covered Bonds which are to be admitted to trading on a regulated market for the purposes of the Prospectus Directive and/or which are to be offered to the public in any member state of the European Economic Area. Application has been made to the Irish Stock Exchange for Covered Bonds issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the Official List and trading on its regulated market, which is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC (MiFID). The Programme also permits Covered Bonds to be issued on the basis that (i) they will be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer or (ii) they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system. An investment in Covered Bonds issued under the Programme involves certain risks. See "**Risk Factors**" for a discussion of certain factors to be considered in connection with an investment in the Covered Bonds.

From their issue dates, the Covered Bonds will be held in dematerialised form. The Covered Bond issued in dematerialised form will be held on behalf of their ultimate owners by Monte Titoli S.p.A. ("**Monte Titoli**") for the account of the relevant Monte Titoli account holders. Monte Titoli will also act as depository for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream**"). The Covered Bonds issued in dematerialised form will at all times be evidenced by book-entries in accordance with the provisions of Article 83-bis of Italian Legislative Decree No. 58 of 24 February 1998 and with the joint regulation of the *Commissione Nazionale per le Società e la Borsa* ("**CONSOB**") and the Bank of Italy dated 22 February 2008 and published in the Official Gazette of the Republic of Italy (*Gazzetta Ufficiale della Repubblica Italiana*) No. 54 of 4 March 2008, as subsequently amended and supplemented. No physical document of title will be issued in respect of the Covered Bonds issued in dematerialised form.

Each Series or Tranche may, on or after the relevant issue, be assigned a rating specified in the relevant Final Terms by any rating agency which may be appointed from time to time by the Issuer in relation to any issuance of Covered Bonds or for the remaining duration of the Programme, to the extent that any of them at the relevant time provides ratings in respect of any Series of Covered Bonds. Whether or not each credit rating applied for in relation to relevant Series of Covered Bonds will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended, the "**CRA Regulation**") will be

disclosed in the Final Terms. The credit ratings included or referred to in this Prospectus have been issued by DBRS Ratings Ltd. (“**DBRS**” or the “**Rating Agency**”) which is established in the European Union and has been registered under the CRA Regulation. As such DBRS is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/list-registered-and-certified-CRAs>) in accordance with the CRA Regulation. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning rating agency.

In connection with any Tranche of Covered Bonds, one or more Dealers may act as a stabilising manager (the "Stabilising Manager"). The identity of the Stabilising Manager will be disclosed in the relevant Final Terms. In connection with the issue of any Tranche of Covered Bonds, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Covered Bonds or effect transactions with a view to supporting the market price of the Covered Bonds at a level higher than that which might otherwise prevail. The language of the Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

Market Share Information and Statistics

This Prospectus contains third party information and statistics on pages 113 under paragraph named "The UBI Banca Group" under Section headed "The Issuer", regarding the market share of the UBI Banca Group which are derived from, or are based upon, the Issuer's analysis of data obtained from the Bank of Italy. Such data have been reproduced accurately in this Prospectus and, as far as the Issuer is aware and is able to ascertain from information published by the Bank of Italy, no facts have been omitted which would render such reproduced information inaccurate or misleading.

Certain Definitions

UBI Banca is the surviving entity from the merger between Banche Popolari Unite S.c.p.a. ("**BPU**") and Banca Lombarda e Piemontese S.p.A. ("**Banca Lombarda**" or "**BL**"), which was completed with effect from 1 April 2007. Pursuant to the merger, Banca Lombarda e Piemontese S.p.A. merged by incorporation into Banche Popolari Unite S.c.p.a. which, upon completion of the merger, changed its name to Unione di Banche Italiane S.c.p.a. Accordingly, in this Prospectus:

- (a) references to "**UBI Banca**" are to Unione di Banche Italiane S.c.p.a. in respect of the period since 1 April 2007 to 12 October 2015 and to Unione di Banche Italiane S.p.A. in respect of the period since 12 October 2015 and references to the "**Group**" or to the "**UBI Banca Group**" are to UBI Banca and its subsidiaries in respect of the same period;
- (b) references to "**BPU**" are to Banche Popolari Unite S.c.p.a. in respect of the period prior to 1 April 2007 and references to the "**BPU Group**" are to BPU and its subsidiaries in respect of the same period;
- (c) references to the "**Issuer**" are to UBI Banca in respect of the period since 1 April 2007 and to BPU in the period prior to that date;
- (d) references to "**Banca Lombarda**" are to Banca Lombarda e Piemontese S.p.A. and references to the "**Banca Lombarda Group**" are to Banca Lombarda and its subsidiaries in the period prior to 1 April 2007; and
- (e) references to "**UBI Banca Private Investment S.p.A.**" are to IW Bank S.p.A. in respect of the period since 25 May 2015 and to UBI Banca Private Investment in the period prior to that date.

The Covered Bonds may not be a suitable investment for all investors

Each potential investor in the Covered Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- has sufficient knowledge and experience to make a meaningful evaluation of the Covered Bonds, the merits and risks of investing in the Covered Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Covered Bonds and the impact the Covered Bonds will have on its overall investment portfolio;
- has sufficient financial resources and liquidity to bear all of the risks of an investment in the Covered Bonds, including Covered Bonds with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understands thoroughly the terms of the Covered Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Covered Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Covered Bonds which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Covered Bonds will perform under changing conditions, the resulting effects on the value of the Covered Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) it can legally invest in Covered Bonds (ii) Covered Bonds can be used as collateral for various types of borrowing and "repurchase" arrangements and (iii) other restrictions apply to its purchase or pledge of any Covered Bonds. Financial institutions should consult their legal advisers or appropriate regulators to determine the appropriate treatment of Covered Bonds under any applicable risk-based capital or similar rules.

Programme size	The aggregate nominal amount of the Covered Bonds at any time outstanding will not exceed Euro 5,000,000,000 (or its equivalent in other currencies to be calculated as described in the Programme Agreement). The Issuer may however increase the aggregate nominal amount of the Programme in accordance with the Programme Agreement and with Article 2, letter (h), of Regulation (EU) No. 382 of 2014, by publishing a supplement to the Prospectus.

THE COVERED BONDS

Form of Covered Bonds	The Covered Bonds will be issued in dematerialised form. The Covered Bonds issued in dematerialised form are held on behalf of their ultimate owners by Monte Titoli for the account of Monte Titoli account holders. Monte Titoli will act as depository for Euroclear and Clearstream. The Covered Bonds issued in dematerialised form will at all times be in book entry form and title to the Covered Bonds will be evidenced by book entries. No physical document of title will be issued in respect of the covered bonds issued in dematerialised form.
Denomination of Covered Bonds	The Covered Bonds will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements and save that the minimum denomination of each Covered Bond admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive will be Euro 100,000 (or where the relevant Tranche is denominated in a currency other than Euro, the equivalent amount in such other currency).
Status of the Covered Bonds	The Covered Bonds will constitute direct, unconditional, unsecured and unsubordinated obligations of the Issuer and will rank <i>pari passu</i> without preference among themselves and (save for any applicable statutory provisions) at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer from time to time outstanding. In the event of a winding-up, liquidation, dissolution or bankruptcy of the Issuer, any funds realised and payable to the Covered Bondholders will be collected by the Guarantor in accordance with the Securitisation and

Covered Bond Law.

Specified Currency

Subject to any applicable legal or regulatory restrictions, such currency or currencies as may be agreed from time to time by the Issuer, the relevant Dealer(s), the Principal Paying Agent and the Representative of the Covered Bondholders (as set out in the applicable Final Terms).

Maturities

The Covered Bonds will have such Maturity Date as may be agreed between the Issuer and the relevant Dealer(s) and indicated in the applicable Final Terms, subject to such minimum or maximum maturities as may be allowed or required from time to time by any relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.

Redemption

The applicable Final Terms relating to each Series of Covered Bonds will indicate either (a) that the Covered Bonds of such Series of Covered Bonds cannot be redeemed prior to their stated maturity (other than in specified instalments if applicable, or for taxation reasons or if it becomes unlawful for any Covered Bond to remain outstanding or following an Issuer Event of Default or Guarantor Event of Default), (b) that such Covered Bonds will be redeemable at the option of the Issuer upon giving notice to the Covered Bondholders on a date or dates specified prior to the specified Maturity Date and at a price as may be agreed between the Issuer and the Dealer(s) as set out in the applicable Final Terms or (c) that such Covered Bonds will be redeemable at the option of the Covered Bondholders, as provided in Condition 9 (*Redemption and Purchase*), letter (f) (*Redemption at the option of Covered Bondholders*) and in the applicable Final Terms.

The applicable Final Terms may provide that the Covered Bonds may be redeemable in two or more instalments of such amounts and on such dates as indicated in the Final Terms.

Extended Maturity Date

The applicable Final Terms relating to each Series of Covered Bonds issued may indicate that the Guarantor's obligations under the Covered Bond Guarantee to pay Guaranteed Amounts equal to the Final Redemption Amount of the applicable Series of Covered Bonds on their Maturity Date may be deferred until the Extended Maturity Date. The deferral will occur automatically if the Issuer fails to pay the Final Redemption Amount on the Maturity Date for such Series of Covered Bonds and if the Guarantor does not pay the final redemption amount in respect of the relevant Series of Covered Bonds (for example, because the Guarantor has insufficient funds) by the Extension Determination Date. Interest will continue to accrue and be payable on the unpaid amount up to the Extended Maturity Date. If the duration of the Covered Bond is extended, the Extended Maturity Date shall be the date falling one calendar year after the relevant Maturity Date.

For further details, see Condition 9(b) (*Extension of maturity*).

Extended Instalment Date

If a Series of Covered Bonds is to be redeemed in instalments, the applicable Final Terms may indicate that the Guarantor's obligations under the Covered Bond Guarantee to pay a Covered Bond Instalment Amount and all subsequently payable Covered Bond Instalment Amounts may be deferred by one year until their relevant Extended Instalment Dates. The deferral will occur automatically if the Issuer fails to pay a Covered Bond Instalment Amount on its Covered Bond Instalment Date and if the Guarantor does not pay such Covered Bond Instalment Amount (for example, because the Guarantor has insufficient funds) by the Covered Bond Instalment Extension Determination Date. Interest will continue to accrue and be payable on the unpaid amount up to the relevant Extended Instalment Date, which shall be the date falling one calendar year after the

relevant Covered Bond Instalment Date.

Each Covered Bond Instalment Amount may be deferred when falling due no more than once. At such time, each subsequent but not yet due Covered Bond Instalment Amount will also be deferred, so it is possible that a Covered Bond Instalment Amount may be deferred more than once but it may never be deferred to a date falling after the Maturity Date for the relevant Series.

For further details, see Condition 9(j) (*Extension of principal instalments*).

Tests

The Programme provides that the assets of the Guarantor are subject to the statutory tests provided for under Article 3 of Decree No. 310 (the "**Statutory Tests**"), which are intended to ensure that the Guarantor can meet its obligations under the Covered Bond Guarantee. Accordingly, for so long as Covered Bonds remain outstanding, the Sellers and the Issuer must always ensure that the following tests are satisfied on each Calculation Date:

- (1) the Nominal Value Test;
- (2) the Net Present Value Test; and
- (3) the Interest Coverage Test.

Further to the Statutory Tests, the Amortisation Test is intended to ensure that if, following an Issuer Event of Default and service of an Issuer Default Notice on the Issuer and the Guarantor (but prior to service on the Guarantor of a Guarantor Default Notice), the assets of the Guarantor available to meet its obligations under the Covered Bond Guarantee fall to a level where Covered Bondholders may not be repaid, a Guarantor Event of Default will occur and all obligations owing under the Covered Bond Guarantee may be accelerated. Under the Cover Pool Management Agreement, the Guarantor must ensure that, on each Calculation Date following service of an Issuer Default Notice on the Issuer and the Guarantor but prior to a Guarantor Event of Default and service of a Guarantor Default Notice, the Amortisation Test Aggregate Loan Amount will be in an amount at least equal to the aggregate principal amount of the Covered Bonds as calculated on the relevant Calculation Date. For further details on the above, see "*Credit Structure*" below

Asset Monitoring

Pursuant to an engagement letter the Issuer will appoint the Asset Monitor in order to perform, subject to receipt of the relevant information from the Issuer, specific monitoring activities concerning, *inter alia*, (i) the compliance with the issuing criteria set out in Decree No. 310 in respect of the issuance of covered bonds; (ii) the fulfilment of the eligibility criteria set out under Decree No. 310 with respect to the Eligible Assets and Top-Up Assets included in the Cover Pool; (iii) the compliance with the limits on the transfer of the Eligible Assets and Top-Up Assets set out under Decree No. 310; (iv) the compliance with the limits set out in Decree No. 310 with respect to covered bonds issued and the Eligible Assets and Top-Up Assets included in the Portfolios as determined in the Statutory Tests; (iv) the effectiveness and adequacy of the risk protection provided by any Swap Agreement entered into in the context of the Programme, (v) the arithmetical accuracy of the calculations performed by the Calculation Agent in respect of the Mandatory Tests and (v) the completeness, truthfulness and the timely delivery of the information provided to investors pursuant to article 129, paragraph 7, of Regulation (EU) No. 575/2013 of the European Parliament and of the Council of the European Union of 26 June 2013. Furthermore, under the terms of the Asset Monitor Agreement to be entered between the Issuer, the Calculation Agent, the

Asset Monitor, the Guarantor and the Representative of the Covered Bondholders, the Asset Monitor has agreed with the Issuer and, upon delivery of an Issuer Default Notice, with the Guarantor, to verify, subject to due receipt of the information to be provided by the Calculation Agent to the Asset Monitor, the arithmetic accuracy of the calculations performed by the Calculation Agent under the Statutory Tests and the Amortisation Test carried out pursuant to the Cover Pool Management Agreement, with a view to confirming whether such calculations are accurate.

Issue Price

Covered Bonds may be issued at par or at a premium or discount to par.

Interest

Covered Bonds may be interest-bearing or non-interest-bearing. Interest (if any) may accrue at a fixed rate or a floating rate and the method of calculating interest may vary between the issue date and the maturity date of the relevant Series. Covered Bonds may also have a maximum rate of interest, a minimum rate of interest or both (as indicated in the applicable Final Terms). Interest on Covered Bonds in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer(s), will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, in each case as may be agreed between the Issuer and the relevant Dealer(s).

Fixed Rate Covered Bonds

Fixed Rate Covered Bonds will bear interest at a fixed rate, which will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer(s) and on redemption and will be calculated on the basis of such day count fraction as may be agreed between the Issuer and the relevant Dealer(s) (as set out in the applicable Final Terms).

Floating Rate Covered Bonds

Floating Rate Covered Bonds will bear interest at a rate determined:

- (a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the ISDA Definitions; or
- (b) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (c) on such other basis as may be agreed between the Issuer and the relevant Dealer(s),

in each case, as set out in the applicable Final Terms.

The Margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer(s) for each issue of Floating Rate Covered Bonds, as set out in the applicable Final Terms.

Taxation

All payments in relation to Covered Bonds will be made without tax deduction except where required by law. If any tax deduction is made, the Issuer shall be required to pay additional amounts in respect of the amounts so deducted or withheld, subject to a number of exceptions including deductions on account of Italian substitute tax pursuant to Decree No. 239.

Under the Covered Bond Guarantee, the Guarantor will not be liable to pay any such additional amounts.

For further detail, see Condition 11 (*Taxation*).

Issuer cross default

Each Series of Covered Bonds will cross-accelerate as against each other but will not otherwise contain a cross default provision. Accordingly, neither an event of default in respect of any other indebtedness of the Issuer (including other debt securities of the Issuer) nor acceleration of such indebtedness will of itself give rise to an Issuer Event of Default. In

addition, an Issuer Event of Default will not automatically give rise to a Guarantor Event of Default, *provided however that*, where a Guarantor Event of Default occurs and the Representative of the Covered Bondholders serves a Guarantor Default Notice upon the Guarantor, such Guarantor Default Notice will accelerate each Series of outstanding Covered Bonds issued under the Programme.

For further detail, see Condition 12(a) (*Issuer Events of Default*).

Listing and admission to trading

Application has been made to the Irish Stock Exchange for Covered Bonds issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the Official List and to trading on its regulated market.

Rating

Each Series of Covered Bonds issued under the Programme may be assigned a rating by the Rating Agency or may be unrated as specified in the relevant Final Terms.

Whether or not a rating in relation to any Series of Covered Bonds will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. The credit ratings included or referred to in this Prospectus have been issued by DBRS Ratings Ltd. which is established in the European Union and has been registered under the CRA Regulation as resulting from the list of registered credit rating agencies published by the European Securities and Markets Authority (ESMA) on its website (at <http://www.esma.europa.eu/page/list-registered-and-certified-CRAs>). In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation.

The Covered Bonds and any non-contractual obligations arising out of, or in connection, thereof will be governed by Italian law. The Transaction Documents and any non-contractual obligations arising out of, or in connection, thereof will be governed by Italian law, except for the Swap Agreements, if any, and the Deed of Charge, which will be governed by English law.

Governing Law

THE GUARANTOR AND THE COVERED BOND GUARANTEE

Covered Bond Guarantee

Payments of Guaranteed Amounts in respect of the Covered Bonds when due for payment will be unconditionally and irrevocably guaranteed by the Guarantor. The obligations of the Guarantor to make payments in respect of such Guaranteed Amounts when due for payment are subject to the conditions that an Issuer Event of Default has occurred, and an Issuer Default Notice has been served on the Issuer and on the Guarantor or, if earlier, a Guarantor Event of Default has occurred and a Guarantor Default Notice has been served on the Guarantor.

The obligations of the Guarantor will accelerate once the Guarantor Default Notice mentioned above has been delivered to the Guarantor. The obligations of the Guarantor under the Covered Bond Guarantee constitute direct, unconditional and unsubordinated obligations of the Guarantor collateralised by the Cover Pool and recourse against the Guarantor is limited to such assets.

For further detail, see "*Overview of the Transaction Documents – Covered*

Bond Guarantee".

Suspension of Payments

If a resolution pursuant to Article 74 of the Consolidated Banking Act is passed in respect of the Issuer (the "**Article 74 Event**"), the Guarantor, in accordance with Decree No. 310, shall be responsible for the payments of the Guaranteed Amounts due and payable within the entire period in which the suspension continues (the "**Suspension Period**").

Following an Article 74 Event:

- (i) the Representative of the Covered Bondholders will serve an Issuer Default Notice on the Issuer and the Guarantor, specifying that an Article 74 Event has occurred and that such event may be temporary; and
- (ii) in accordance with Decree No. 310, the Guarantor shall be responsible for payment of the amounts due and payable under the Covered Bonds during the Suspension Period at their relevant due dates, *provided that* it shall be entitled to claim any such amounts from the Issuer.

The Suspension Period shall end upon delivery by the Representative of the Covered Bondholders of a notice to the Issuer, the Guarantor and the Asset Monitor (the "**Article 74 Event Cure Notice**"), informing such parties that the Article 74 Event has been revoked.

Upon the termination of the Suspension Period the Issuer shall again be responsible for meeting the payment obligations under the Covered Bonds.

Issuer Events of Default

If any of the following events (each, an "**Issuer Event of Default**") occurs and is continuing:

- (a) *Non-payment*: the Issuer fails to pay any amount of interest and/or principal due and payable on any Series of Covered Bonds at their relevant Interest Payment Date and such breach is not remedied within the next 15 Business Days, in case of amounts of interest, or 20 Business Days, in case of amounts of principal, as the case may be; or
- (b) *Breach of other obligation*: a material breach of any obligation under the Transaction Documents by the Issuer occurs which is not remedied within 30 days after the Representative of the Covered Bondholders has given written notice thereof to the Issuer; or
- (c) *Cross-default*: any of the events described in paragraphs (a) to (b) above occurs in respect of any other Series of Covered Bonds; or
- (d) *Insolvency*: an Insolvency Event occurs with respect to the Issuer; or
- (e) *Article 74 resolution*: a resolution pursuant to article 74 of the Consolidated Banking Act is issued in respect of the Issuer; or
- (f) *Cessation of business*: the Issuer ceases to carry on its primary business; or
- (g) *Breach of Tests*: the Tests are breached and are not remedied within the Test Grace Period,

then the Representative of the Covered Bondholders shall serve an Issuer Default Notice on the Issuer and the Guarantor demanding payment under the Covered Bond Guarantee, and specifying, in case of the Issuer Event of Default referred to under item (v) (*Article 74 resolution*) above, that the Issuer Event of Default may be temporary.

Upon service of an Issuer Default Notice upon the Issuer and the Guarantor:

- (a) *No further Series of Covered Bonds*: the Issuer may not issue any further Series of Covered Bonds;
- (b) Covered Bond Guarantee:
- (c) interest and principal falling due on the Covered Bonds will be payable by the Guarantor at the time and in the manner provided under the Conditions, subject to and in accordance with the terms of the Covered Bond Guarantee and the Priority of Payments;
- (d) the Guarantor (or the Representative of the Covered Bondholders pursuant to the Intercreditor Agreement) shall be entitled to request from the Issuer an amount up to the Guaranteed Amounts and any sum so received or recovered from the Issuer will be used to make payments in accordance with the Covered Bond Guarantee;
- (e) if (i) the right of the Guarantor under letter (b) above is in any way challenged or revoked and (ii) a Programme Resolution of the Covered Bondholders has been passed to this effect, the Covered Bonds will become immediately due and payable by the Issuer, at their Early Termination Amount together with accrued interest thereon and the Guarantor will no longer be entitled to request from the Issuer the amount set out under letter (b) above;
- (f) Disposal of Assets: the Guarantor shall sell the Eligible Assets and Top-Up Assets included in the Cover Pool in accordance with the provisions of the Cover Pool Management Agreement,

provided that, in case of the Issuer Event of Default referred to under item (v) (*Article 74 resolution*) above, the effects listed in items (i) (*No further Series of Covered Bonds*), (ii) (*Covered Bond Guarantee*) and (iii) (*Disposal of Assets*) above will only apply for as long as the suspension of payments pursuant to Article 74 of the Consolidated Banking Act will be in force and effect (the "**Suspension Period**"). Accordingly (A) the Guarantor, in accordance with Decree No. 310, shall be responsible for the payments of the amounts due and payable under the Covered Bonds during the Suspension Period and (B) at the end of the Suspension Period, the Issuer shall be again responsible for meeting the payment obligations under the Covered Bonds.

For further detail, see Condition 12(a) (*Issuer Events of Default*).

Guarantor Events of Default

If any of the following events (each, a "**Guarantor Event of Default**") occurs and is continuing:

Non-payment: following delivery of an Issuer Default Notice, the Guarantor fails to pay any interest and/or principal due and payable under the Covered Bond Guarantee and such breach is not remedied within the next following 15 Business Days, in case of amounts of interests, or 20

Business Days, in case of amounts of principal, as the case may be; or

- *Insolvency*: an Insolvency Event occurs with respect to the Guarantor; or
- *Breach of other obligation*: a material breach of any obligation under the Transaction Documents by the Guarantor occurs (other than payment obligations referred to in letter (i) above) which is not remedied within 30 days after the Representative of the Covered Bondholders has given written notice thereof to the Guarantor; or
- *Breach of Amortisation Test*: following the service of an Issuer Default Notice (provided that, in case the Issuer Event of Default consists of an Article 74 Event, the Representative of the Covered Bondholders has not delivered an Article 74 event Cure Notice), the Amortisation Test is breached and is not remedied within the Test Grace Period; or
- *Invalidity of the Covered Bond Guarantee*: the Covered Bond Guarantee is not in full force and effect or it is claimed by the Guarantor not to be in full force and effect,

then the Representative of the Covered Bondholders shall or, in the case of the Guarantor Event of Default under letter (iii) (*Breach of other obligation*) above shall, if so directed by a Programme Resolution, serve a Guarantor Default Notice on the Guarantor.

Upon service of a Guarantor Default Notice upon the Guarantor:

- (A) *Acceleration of Covered Bonds*: the Covered Bonds shall become immediately due and payable at their Early Termination Amount together, if appropriate, with any accrued interest;
- (B) *Covered Bond Guarantee*: subject to and in accordance with the terms of the Covered Bond Guarantee, the Representative of the Covered Bondholders, on behalf of the Covered Bondholders, shall have a claim against the Guarantor for an amount equal to the Early Termination Amount, together with accrued interest and any other amount due under the Covered Bonds (other than additional amounts payable under Condition 11(a) (*Gross up by Issuer*) in accordance with the Priority of Payments;
- (C) *Disposal of assets*: the Guarantor shall immediately sell all assets included in the Cover Pool in accordance with the provisions of the Cover Pool Management Agreement; and
- (D) *Enforcement*: the Representative of the Covered Bondholders may, at its discretion and without further notice subject to having been indemnified and/or secured to its satisfaction, take such steps and/or institute such proceedings against the Issuer or the Guarantor (as the case may be) as it may think fit to enforce such payments, but it shall not be bound to take any such proceedings or steps unless requested or authorised by a Programme Resolution of the Covered Bondholders.

Guarantor Available Funds

Prior to service of an Issuer Default Notice on the Issuer and the Guarantor under the Covered Bond Guarantee the Guarantor will:

- apply Interest Available Funds to pay interest due on the Term Loans, but only after payment of certain items ranking higher in the Pre-Issuer Event of Default Interest Priority of Payments (including, but not limited to, the Reserve Fund Amount to be credited to the Reserve Fund Account). For further details of the Pre-Issuer Event of Default Interest Priority of Payments, see

"Cashflows" below; and

- apply Principal Available Funds towards (subject to compliance with the Tests and, in relation to the relevant Seller, of the Relevant Portfolio Test) repaying Term Loans but only after payment of certain items ranking higher in the relevant Pre-Issuer Event of Default Principal Priority of Payments. For further details of the Pre-Issuer Event of Default Principal Priority of Payments, see "Cashflows" below.

Following service on the Issuer and the Guarantor of an Issuer Default Notice (but prior to a Guarantor Event of Default and service of a Guarantor Default Notice on the Guarantor) the Guarantor will use all monies to pay Guaranteed Amounts in respect of the Covered Bonds and payments to the Other Issuer Creditors and Other Creditors when due for payment subject to paying certain higher ranking obligations of the Guarantor in the Guarantee Priority of Payments. In such circumstances, the Sellers will only be entitled to receive payment from the Guarantor of interest and repayment of principal under the Term Loans after all amounts due under the Covered Bond Guarantee in respect of the Covered Bonds, the Other Issuer Creditor and the Other Creditors have been paid in full (or sufficient funds have been set aside for such purpose).

Following the occurrence of a Guarantor Event of Default and service of a Guarantor Default Notice on the Guarantor, the Covered Bonds will become immediately due and repayable and Covered Bondholders will then have a claim against the Guarantor under the Covered Bond Guarantee for an amount equal to the Early Termination Amount in respect of each Covered Bond, together with accrued interest and any other amounts due under the Covered Bonds, and Guarantor Available Funds will be distributed according to the Post-Enforcement Priority of Payments, as to which see "Cashflows" below.

Cover Pool

The Covered Bond Guarantee will be collateralised by the Cover Pool constituted by (i) the Portfolio comprised of Mortgage Loans and related collateral assigned to the Guarantor by the Sellers in accordance with the terms of the relevant Master Loans Purchase Agreements and (ii) any other Eligible Assets and Top-Up Assets held by the Guarantor with respect to the Covered Bonds and the proceeds thereof which will, *inter alia*, comprise the funds generated by the Portfolio, the other Eligible Assets and the Top-Up Assets including, without limitation, funds generated by the sale of assets from the Cover Pool and funds paid in the context of a liquidation of the Issuer.

For further detail, see "*Description of the Cover Pool*".

Limited recourse

The obligations owed by the Guarantor to the Covered Bondholders and, in general, to each of the Sellers, the Other Issuer's Creditors and the Other Creditors are limited recourse obligations of the Guarantor, which will be paid in accordance with the applicable Priority of Payments. The Covered Bondholders, the Sellers, the Other Issuer Creditors and the Other Creditors will have a claim against the Guarantor only to the extent of the Guarantor Available Funds, including any amount realised with respect to the Cover Pool, in each case subject to and as provided in the Covered Bond Guarantee and the other Transaction Documents.

Term Loans

The Sellers, other than UBI Banca have granted to the Guarantor a Term Loan for the purpose of funding the purchase from the relevant Seller of the Eligible Assets included in the initial Cover Pool. Subsequently, each Seller will grant further Term Loans to the Guarantor for the purposes of funding the purchase from the relevant Seller of Eligible Assets and Top-Up Assets in order to remedy a breach of the Tests or to support the issue of Covered

Bonds. The Guarantor will pay interest in respect of each Term Loan but will have no liability to gross up for withholding. Payments from the Guarantor to the Sellers under the Term Loans will be limited recourse and subordinated and paid in accordance with the Priorities of Payments to the extent the Guarantor has sufficient Guarantor Available Funds.

For further detail, see "*Overview of the Transaction Documents – Subordinated Loan Agreement*".

Excess Receivables and support for further issues

To support the issue of further Series of Covered Bonds, (i) Excess Receivables may be retained in the Portfolio or (ii) Eligible Assets may be acquired from one or more Sellers with the proceeds of the relevant Subordinated Loan Agreements entered into by such Sellers in order to ensure that the Cover Pool both before and after the issue of the new Series of Covered Bonds complies with the Tests.

Segregation of Guarantor's rights and collateral

The Covered Bonds benefit from the provisions of Article 7-*bis* of the Securitisation and Covered Bond Law, pursuant to which the Cover Pool is segregated by operation of law from the Guarantor's other assets.

In accordance with Article 7-*bis* of the Securitisation and Covered Bond Law, prior to and following a winding-up of the Guarantor and an Issuer Event of Default or Guarantor Event of Default causing the Covered Bond Guarantee to be called, proceeds of the Cover Pool paid to the Guarantor will be exclusively available for the purpose of satisfying the obligations owed to the Covered Bondholders, to the Swap Providers under the Swap Agreements entered into in the context of the Programme, the Other Issuer Creditors and to the Other Creditors in satisfaction of the transaction costs.

The Cover Pool may not be seized or attached in any form by creditors of the Guarantor other than the entities referred to above, until full discharge by the Guarantor of its payment obligations under the Covered Bond Guarantee or cancellation thereof.

Cross-collateralisation

All Eligible Assets and Top-Up Assets transferred from the Sellers to the Guarantor from time to time or otherwise acquired by the Guarantor and the proceeds thereof form the collateral supporting the Covered Bond Guarantee in respect of all Series of Covered Bonds.

Claim under Covered Bonds

The Representative of the Covered Bondholders, for and on behalf of the Covered Bondholders, may submit a claim to the Guarantor and make a demand under the Covered Bond Guarantee in case of an Issuer Event of Default or Guarantor Event of Default.

Guarantor cross-default

Where a Guarantor Event of Default occurs, the Representative of the Covered Bondholders will serve upon the Guarantor a Guarantor Default Notice, thereby accelerating the Covered Bond Guarantee in respect of each Series of outstanding Covered Bonds issued under the Programme. However, an Issuer Event of Default will not automatically give rise to a Guarantor Event of Default.

For further detail, see Condition 12(c)(*Guarantor Events of Default*).

Disposal of assets included in the Cover Pool

After the service of an Issuer Default Notice on the Issuer and the Guarantor, the Guarantor will be obliged to sell Eligible Assets in the Cover Pool in accordance with the Cover Pool Management Agreement, subject to pre-emption and other rights of the Sellers in respect of the Eligible Assets pursuant to the relevant Master Loans Purchase Agreement. The proceeds from any such sale will be applied as set out in the applicable Priority of Payments.

For further detail, see Condition 12(c) (*Guarantor Events of Default*).

SALE AND DISTRIBUTION

Distribution

Covered Bonds may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis, subject to the restrictions to be set forth in the Programme Agreement.

Certain restrictions

Each Series of Covered Bonds issued will be denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply and will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time. There are restrictions on the offer, sale and transfer of Covered Bonds in the United States, the European Economic Area (including the United Kingdom and the Republic of Italy) and Japan. Other restrictions may apply in connection with the offering and sale of a particular Series of Covered Bonds, see “*Subscription and Sale*” below.

RISK FACTORS

This section describes the principal risk factors associated with an investment in the Covered Bonds and includes disclosure of all material risks in respect of the Covered Bonds. Prospective purchasers of Covered Bonds should consider carefully all the information contained in this document, including the considerations set out below, before making any investment decision. This section of the Prospectus is split into two main sections – General Investment Considerations and Investment Considerations relating to the Issuer and the Guarantor. Any of the risks described below, or additional risks not currently known to the Issuer or that the Issuer currently deems immaterial, could have a significant or material adverse effect on the business, financial condition, operations or prospects of the Issuer and result in a corresponding decline in the value of the Covered Bonds. As a result, investors could lose all or a substantial part of their investment.

General Investment Considerations

Issuer liable to make payments when due on the Covered Bonds

The Issuer is liable to make payments when due on the Covered Bonds. The obligations of the Issuer under the Covered Bonds are direct, unsecured, unconditional and unsubordinated obligations, ranking *pari passu* without any preference amongst themselves and equally with its other direct, unsecured, unconditional and unsubordinated obligations. Consequently, any claim directly against the Issuer in respect of the Covered Bonds will not benefit from any security or other preferential arrangement granted by the Issuer.

The Guarantor has no obligation to pay the Guaranteed Amounts payable under the Covered Bond Guarantee until the occurrence of an Issuer Event of Default and service by the Representative of the Covered Bondholders on the Issuer and on the Guarantor of an Issuer Default Notice or, if earlier, following the occurrence of a Guarantor Event of Default and service by the Representative of the Covered Bondholders of a Guarantor Default Notice. The occurrence of an Issuer Event of Default does not constitute a Guarantor Event of Default. However, failure by the Guarantor to pay amounts due under the Covered Bond Guarantee would constitute a Guarantor Event of Default which would entitle the Representative of the Covered Bondholders to accelerate the obligations of the Issuer under the Covered Bonds (if they have not already become due and payable) and the obligations of the Guarantor under the Covered Bond Guarantee. Although the mortgage receivables included in the Cover Pool are originated by the Issuer, they are transferred to the Guarantor on a true sale basis and an insolvency of the Issuer would not automatically result in the insolvency of the Guarantor.

Obligations under the Covered Bonds

The Covered Bonds will not represent an obligation or be the responsibility of any of the Arranger, the Dealers, the Representative of the Covered Bondholders or any other party to the Programme, their officers, members, directors, employees, security holders or incorporators, other than the Issuer and the Guarantor. The Issuer and the Guarantor will be liable solely in their corporate capacity for their obligations in respect of the Covered Bonds and such obligations will not be the obligations of their respective officers, members, directors, employees, security holders or incorporators.

Extraordinary Resolutions and the Representative of the Covered Bondholders

A meeting of Covered Bondholders may be called to consider matters which affect the rights and interests of Covered Bondholders. These include (but are not limited to): instructing the Representative of the Covered Bondholders to enforce the Covered Bond Guarantee against the Issuer and/or the Guarantor; waiving an Issuer Event of Default or a Guarantor Event of Default; cancelling, reducing or otherwise varying interest payments or repayment of principal or rescheduling payment dates; altering the priority of payments of interest and principal on the Covered Bonds; and any other amendments to the Transactions Documents. A Programme Resolution will bind all Covered Bondholders, irrespective of whether they attended the Meeting or voted in favour of the Programme Resolution. No Resolution, other than a Programme Resolution, passed by the holders of one Series of Covered Bonds will be effective in respect of another Series unless it is sanctioned by an Ordinary Resolution or an Extraordinary Resolution, as the case may require, of the holders of that other Series. Any Resolution

passed at a Meeting of the holders of the Covered Bonds of a Series shall bind all other holders of that Series, irrespective of whether they attended the Meeting and whether they voted in favour of the relevant Resolution.

In addition, the Representative of the Covered Bondholders may agree to the modification of the Transaction Documents without consulting Covered Bondholders to correct a manifest error or where such modification (i) is of a formal, minor, administrative or technical nature or an error established as such to the satisfaction of the Representative of the Covered Bondholders or (ii) in the opinion of the Representative of the Covered Bondholders, is not or will not be materially prejudicial to Covered Bondholders. It should also be noted that after the delivery of an Issuer Default Notice, the protection and exercise of the Covered Bondholders' rights against the Issuer will be exercised by the Guarantor (or the Representative of the Covered Bondholders on its behalf). The rights and powers of the Covered Bondholders may only be exercised in accordance with the Rules of the Organisation of the Covered Bondholders. In addition, after the delivery of a Guarantor Default Notice, the protection and exercise of the Covered Bondholders' rights against the Guarantor and the security under the Guarantee is one of the duties of the Representative of the Covered Bondholders. The Conditions limit the ability of each individual Covered Bondholder to commence proceedings against the Guarantor by conferring on the Meeting of the Covered Bondholders the power to determine in accordance with the Rules of Organisation of the Covered Bondholders, whether any Covered Bondholder may commence any such individual actions.

Representative of the Covered Bondholders' powers may affect the interests of the Covered Bondholders.

In the exercise of its powers, trusts, authorities and discretions the Representative of the Covered Bondholders shall only have regard to the interests of the Covered Bondholders and the Other Creditors, as applicable, but if, in the opinion of the Representative of the Covered Bondholders, there is a conflict between these interests, the Representative of the Covered Bondholders shall have regard solely to the interests of the Covered Bondholders. In the exercise of its powers, trusts, authorities and discretions, the Representative of the Covered Bondholders may not act on behalf of the Sellers.

If, in connection with the exercise of its powers, trusts, authorities or discretions, the Representative of the Covered Bondholders is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series would be materially prejudiced thereby, the Representative of the Covered Bondholders shall not exercise such power, trust, authority or discretion without the approval of such Covered Bondholders by Extraordinary Resolution or by a written resolution of such Covered Bondholders holding not less than 25 per cent. of the Outstanding Principal Amount of the Covered Bonds of the relevant Series then outstanding.

Extendable obligations under the Covered Bond Guarantee

Upon failure by the Issuer to pay the Final Redemption Amount of a Series of Covered Bonds on their relevant Maturity Date (subject to applicable grace periods) and if payment of the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such Series of the Covered Bonds is not made in full by the Guarantor on or before the Extension Determination Date, then payment of such Guaranteed Amounts shall be automatically deferred. This will occur if the Final Terms for a relevant Series of Covered Bonds provides that such Covered Bonds are subject to an extended maturity date (the "**Extended Maturity Date**") to which the payment of all or (as applicable) part of the Final Redemption Amount payable on the Maturity Date will be deferred in the event that the Final Redemption Amount is not paid in full on or before the Extension Determination Date.

To the extent that the Guarantor has received an Issuer Default Notice in sufficient time and has sufficient moneys available to pay in part the Guaranteed Amounts corresponding to the relevant Final Redemption Amount in respect of the relevant Series of Covered Bonds, the Guarantor shall make partial payment of the relevant Final Redemption Amount in accordance with the Guarantee Priority of Payments and as described in Condition 9(b) (*Extension of maturity*) and 12(b) (*Effect of an Issuer Default Notice*). Payment of all unpaid amounts shall be deferred automatically until the applicable Extended Maturity Date *provided that* any amount representing the Final Redemption Amount due and remaining unpaid on the Extension Determination Date may be paid by the Guarantor on any Interest Payment Date thereafter, up to (and including) the relevant Extended

Maturity Date. The Extended Maturity Date will fall one year after the Maturity Date. Interest will continue to accrue and be payable on the unpaid amount in accordance with Condition 9(b) (*Extension of maturity*) and the Guarantor will pay Guaranteed Amounts, constituting interest due on each Interest Payment Date and on the Extended Maturity Date. In these circumstances, Failure by the Issuer to pay the Covered Bond Instalment Amount on its Covered Bond Instalment Date will (subject to any applicable grace period) be an Issuer Event of Default. Failure by the Guarantor to pay the deferred Covered Bond Instalment Amount on the related Extended Instalment Date will (subject to any applicable grace period) be a Guarantor Event of Default.

Similarly, in respect of Covered Bonds that may be redeemed in instalments, if Extended Instalment Date is specified in the Final Terms and both (a) the Issuer on the Covered Bond Instalment Date and (b) the Guarantor on the relevant Covered Bond Instalment Extension Determination Date fail to pay a Covered Bond Instalment Amount, the requirement to pay such Covered Bond Instalment Amount and all subsequently due and payable Covered Bond Instalment Amounts shall be deferred by one year until their Extended Instalment Dates.

Each Covered Bond Instalment Amount may be deferred when due no more than once. At such time, each subsequent but not yet due Covered Bond Instalment Amount will also be deferred, so it is possible that a Covered Bond Instalment Amount may be deferred more than once but it may never be deferred to a date falling after the Maturity Date for the relevant Series.

Limited secondary market

There is, at present, a secondary market for the Covered Bonds but it is neither active nor liquid, and there can be no assurance that an active or liquid secondary market for the Covered Bonds will develop. The Covered Bonds have not been, and will not be, offered to any persons or entities in the United States of America or registered under any securities laws and are subject to certain restrictions on the resale and other transfers thereof as set forth under section entitled "*Subscription and Sale*". If an active or liquid secondary market develops, it may not continue for the life of the Covered Bonds or it may not provide Covered Bondholders with liquidity of investment with the result that a Covered Bondholder may not be able to find a buyer to buy its Covered Bonds readily or at prices that will enable the Covered Bondholder to realise a desired yield. Illiquidity may have a severely adverse effect on the market value of Covered Bonds. In addition, Covered Bonds issued under the Programme might not be listed on a stock exchange or regulated market and, in these circumstances, pricing information may be more difficult to obtain and the liquidity and market prices of such Covered Bonds may be adversely affected. In an illiquid market, an investor might not be able to sell its Covered Bonds at any time at fair market prices. The possibility to sell the Covered Bonds might additionally be restricted by country specific reasons.

Ratings of the Covered Bonds

There is no obligation of the Issuer to maintain any rating for itself or for the Covered Bonds. The ratings that may or may not be assigned to the Covered Bonds address the expectation of timely payment of interest and principal on the Covered Bonds on or before any payment date falling one year after the Maturity Date.

In cases where DBRS does not maintain a public rating of a specific third party institution, DBRS provides an internal assessment of the relevant institution (which will be monitored over the life of the transaction), and will notify the relevant institution if any such ongoing internal assessment results in a downgrade that breaches the applicable rating triggers, so that such institution can decide which of the applicable remedies to implement. In certain cases, DBRS may rely on public ratings assigned and monitored by other credit rating agencies. The ratings that may or may not be assigned to the Covered Bonds are set out in the relevant Final Terms for each Series of Covered Bonds. A Rating Agency which assigns a rating to the Covered Bonds may lower its rating or withdraw its rating if, in the sole judgment of the Rating Agency, the credit quality of the Covered Bonds has declined or is in question. If any rating assigned to the Covered Bonds is lowered or withdrawn, the market value of the Covered Bonds may reduce.

European regulated investors are generally restricted under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit

rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings referred to in this Prospectus and/or the Final Terms, is set out in relevant section of this Prospectus and will be disclosed in the Final Terms.

A credit rating is not a recommendation to buy, sell or hold Covered Bonds and may be subject to revision, suspension or withdrawal by the Rating Agencies at any time. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and other factors that may affect the value of the Covered Bonds.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Covered Bonds in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **"Investor's Currency"**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Covered Bonds, (2) the Investor's Currency equivalent value of the principal payable on the Covered Bonds and (3) the Investor's Currency equivalent market value of the Covered Bonds. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Controls over the transaction

The Bank of Italy Regulations require that certain controls be performed by the Issuer aimed at, inter alia, mitigating the risk that any obligation of the Issuer or the Guarantor under the Covered Bonds is not complied with. Whilst the Issuer believes it has implemented the appropriate policies and controls in compliance with the relevant requirements, investors should note that there is no assurance that such compliance ensures that the aforesaid controls are actually performed and that any failure to properly implement the respective policies and controls could have an adverse effect on the Issuers' or the Guarantor's ability to perform their obligations under the Covered Bonds.

EU Savings Tax Directive

On 3 June 2003, the Council of the European Union adopted the EU Directive No. 2003/48/EC regarding the taxation of savings income (the **"European Savings Directive"**). According to the European Savings Directive, each member State of the European Union (a **"Member State"**) is required to provide to the Tax Authorities of other States of the European Union details of the interest payments by a person within its jurisdiction to individuals resident in that other State. However, for a transitional period, Austria may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. In any case, the transitional period is to terminate at the end of the first full tax year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries, including Switzerland and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent within its jurisdiction to, or collected by such a paying agent for an individual resident or certain limited types of entity established in a Member State. In

addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a paying agent in a Member State to, or collected by such a paying agent for an individual resident or certain limited types of entity established in one of those territories.

However, on 10 November 2015, the Council of the European Union approved the Council Directive 2015/2060/EU (published in the Official Journal of the EU on 18 November 2015) which has repealed the EU Savings Directive with effect from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States. The repeal of the Savings Directive is needed in order to prevent overlap between the EU Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive No. 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive No. 2014/107/EU) and to save costs both for tax authorities and economic operators.

Investors who are in any doubt as to their position should consult their professional advisers.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Covered Bond as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the EU Savings Directive.

Changes of law

The structure of the issue of the Covered Bonds and the ratings which are to be assigned to them are based on Italian law (and, in the case of the Deed of Charge and the Swap Agreements, English law) in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to Italian or English law or administrative practice or to the law applicable to any Transaction Document and to administrative practices in the relevant jurisdiction. Except to the extent that any such changes represent a significant new factor or result in this Prospectus containing a material mistake or inaccuracy, in each case which is capable of affecting the assessment of the Covered Bonds, the Issuer and the Guarantor will be under no obligation to update this Prospectus to reflect such changes.

U.S. Foreign Account Tax Compliance Withholding

Pursuant to the provisions of law commonly known as U.S. Foreign Account Tax Compliance Act ("**FATCA**"), the Issuer and other non-U.S. financial institutions through which payments on the Covered Bonds are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments made on or after 1 January 2019 in respect of (i) any Covered Bonds issued or materially modified on or after the date that is six months after the date on which the final regulations applicable to "foreign passthru payments" are filed in the Federal Register and (ii) any Covered Bond that are treated as equity for U.S. federal tax purposes, whenever issued.

Under existing guidance, this withholding tax may be triggered on payments on the Covered Bonds if (i) the Issuer is a foreign financial institution ("**FFI**") (as defined in FATCA, including any accompanying U.S. regulations or guidance) which enters into and complies with an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide certain information on its account holders (making the Issuer a "Participating FFI"), (ii) the Issuer is required to withhold on "foreign passthru payments", and (iii)(a) an investor does not provide information sufficient for the relevant Participating FFI to determine whether the investor is subject to withholding under FATCA, or (b) any FFI to or through which payment on such Covered Bonds is made is not a Participating FFI or otherwise exempt from FATCA withholding.

In order to improve international tax compliance and to implement FATCA, Italy entered into an intergovernmental agreement with the United States on 10 January 2014, ratified by way of Law No. 95 on 18 June 2015 (the "**IGA**"), published in the Official Gazette – general series No. 155, on 7 July 2015. The Issuer is now required to report certain information in relation to its U.S. account holders to the Italian tax authorities in

order (i) to obtain an exemption from FATCA withholding on certain payments it receives and/or (ii) to comply with any applicable Italian law. However, it is not yet certain how the United States and Italy will address withholding on “foreign passthru payments” (which may include payments on the Covered Bonds) or if such withholding will be required at all.

If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Covered Bonds as a result of FATCA (including, without limitation, the intergovernmental agreement entered into by and between Italy and the United States, ratified by way of Law No. 95 on 18 June 2015, any regulations or agreements thereunder or official interpretations thereof), none of the Issuer, the Guarantor, any paying agent or any other person would be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive amounts that are less than expected.

Each Covered Bondholder should consult its own tax adviser to obtain a more detailed explanation of FATCA and to learn how FATCA might affect each holder in its particular circumstance.

Securitisation and Covered Bond Law

The Securitisation and Covered Bond Law was enacted in Italy in April 1999 and amended to allow for the issuance of covered bonds in 2005. The Securitisation and Covered Bond Law was further amended by Law Decree no. 145 of 23 December 2013 (the “**Destinazione Italia Decree**”) as converted into Law no. 9 of 21 February 2014 and by Law Decree no. 91 of 24 June 2014 (the “**Decree Competitività**”) as converted with amendments into Law No. 116 of 11 August 2014. As at the date of this Prospectus, no interpretation of the application of the Securitisation and Covered Bond Law as it relates to covered bonds has been issued by any Italian court or governmental or regulatory authority, except for (i) the Decree of the Italian Ministry for the Economy and Finance No. 310 of 14 December 2006 (“**Decree 310**”), setting out the technical requirements for the guarantee which may be given in respect of covered bonds and (ii) Part III, Chapter 3 of the “*Disposizioni di Vigilanza per le Banche*” (Circolare No. 285 of 17 December 2013) as amended and supplemented from time to time (the “**Bank of Italy Regulations**”) concerning guidelines on the valuation of assets, the procedure for purchasing top-up assets and controls required to ensure compliance with the legislation. Consequently, it is possible that such or different authorities may issue further regulations relating to the Securitisation and Covered Bond Law or the interpretation thereof, the impact of which cannot be predicted by the Issuer as at the date of this Prospectus.

The return on an investment in Covered Bonds will be affected by charges incurred by investors

An investor's total return on an investment in any Covered Bonds will be affected by the level of fees charged by the nominee service provider and/or clearing system used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Covered Bonds, custody services and on payments of interest, principal and other amounts. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Covered Bonds.

Priority of Payments

Recent English insolvency and U.S. bankruptcy court rulings may restrain parties from making or receiving payments in accordance with the order of priority agreed between them.

There is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, recent cases have focused on provisions involving the subordination of a swap counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called “flip clauses”).

The English Supreme Court has held that a flip clause as described above is valid under English law. Contrary to this, however, the U.S. Bankruptcy Court has held that such a subordination provision is unenforceable under

U.S. bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a U.S. bankruptcy of the counterparty. The implications of this conflicting judgment are not yet known, particularly as the U.S. Bankruptcy Court approved, in December 2010, the settlement of the case to which the judgment relates and subsequently the appeal was dismissed.

If a creditor of the Guarantor (such as the Swap Providers) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales, and it is owed a payment by the Guarantor, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the Italian law governed Transaction Documents. In particular, based on the decision of the U.S. Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy law. Such laws may be relevant in certain circumstances with respect to a range of entities which may act as Swap Counterparty, including U.S. established entities and certain non-U.S. established entities with assets or operations in the U.S. (although the scope of any such proceedings may be limited if the relevant non-U.S. entity is a bank with a licensed branch in a U.S. state). If a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, there can be no assurance that such actions would not adversely affect the rights of the Covered Bondholders, the market value of the Covered Bonds and/or the ability of the Guarantor to satisfy its obligations under the Covered Bonds.

Given the general relevance of the issues under discussion in the judgments referred to above, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Covered Bonds. If any rating assigned to the Covered Bonds is lowered, the market value of the Covered Bonds may reduce.

Risks related to the structure of a particular issue of Covered Bonds

A wide range of Covered Bonds may be issued under the Programme. A number of these Covered Bonds may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Covered Bonds subject to optional redemption by the Issuer

An optional redemption feature of Covered Bonds is likely to limit their market value. During any period when the Issuer may elect to redeem Covered Bonds, the market value of those Covered Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Covered Bonds when its cost of borrowing is lower than the interest rate on the Covered Bonds. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Covered Bonds being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time.

Fixed/Floating Rate Covered Bonds

Fixed/Floating Rate Covered Bonds may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Covered Bonds since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Covered Bonds may be less favourable than then prevailing spreads on comparable Floating Rate Covered Bonds tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Covered Bonds. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Covered Bonds.

Interest rate risks

Investments in Fixed Rate Covered Bonds involve the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Covered Bonds.

Floating rate risks

Investments in Floating Rate Covered Bonds involve the risk for the Covered Bondholders of fluctuating interest rate levels and uncertain interest earnings.

Covered Bonds issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Prospectus to be read together with applicable Final Terms

The terms and conditions of the Covered Bonds apply to the different types of Covered Bonds which may be issued under the Programme. The full terms and conditions applicable to each Series (or Tranche) of Covered Bonds can be reviewed by reading the Conditions of the Covered Bonds as set out in full in this Prospectus, which constitute the basis of all Covered Bonds to be offered under the Programme, together with the applicable Final Terms which complete the Conditions of the Covered Bonds in the manner required to reflect the particular terms and conditions applicable to the relevant Series of Covered Bonds (or Tranche).

Investment Considerations relating to the Issuer

Risks associated with general economic, financial and other business conditions

The results of the UBI Banca Group are affected by the global economic and financial conditions. During recessionary periods, there may be less demand for loan products and a greater number of the UBI Banca Group's customers may default on their loans or other obligations. Interest rate rises may also have an impact on the demand for mortgages and other loan products. Fluctuations in interest rates in the Eurozone influence its performance. These risks are exacerbated by concerns over the levels of the public debt of certain Euro-zone countries and their relative weaknesses. There can be no assurance that the European Union and International Monetary Fund initiatives aimed at stabilising the market in Greece, Portugal and Ireland will be sufficient to avert "contagion" to other countries. A rating downgrade might restrict the availability of funding or increase its cost for individuals and companies at a local level. This might have a material adverse effect on the Group's operating results, financial conditions and business outlook.

Furthermore, if sentiment towards the banks and/or other financial institutions operating in Italy were to deteriorate materially, or if the UBI Banca Group's ratings and/or the ratings of the sector were to be further adversely affected, this may have a materially adverse impact on the Group. In addition, such change in sentiment or reduction in ratings could result in an increase in the costs and a reduction in the availability of wholesale market funding across the financial sector which could have a material adverse effect on the liquidity and funding of all Italian financial services institutions, including the UBI Banca Group.

Pressures on sovereign bond prices, as a result of speculation, may directly affect the fair value of UBI Banca Group's exposures to sovereign debt securities and loans, resulting in losses, write-downs and impairment charges.

Furthermore, the concerns on sovereign perceived creditworthiness may also impact both the availability and the cost of funding. In fact, the deterioration of the sovereign perceived risk could affect the price or raise the collateral requirements (eligibility criteria) of securities used by banks to secure funding from private markets (for instance, repos) or from central banks, reducing the availability of funding or increasing its costs.

Finally, to face the sovereign debt crisis, the Italian Parliament has recently approved many austerity measures, including a tax treatment of securities issued by banks, which now render such securities less attractive to investors and which could increase the funding costs for UBI Banca Group.

Any further downgrade of the Italian sovereign credit rating or the perception that such a downgrade may occur could severely destabilise the markets and have a material adverse effect on the operating results, financial condition and prospects of UBI Banca Group as well as on the marketability of the Covered Bonds. This might also impact on UBI Banca Group's credit ratings, borrowing costs and access to liquidity. Any further Italian sovereign downgrade or the perception that such a downgrade may occur would likely have a material effect in depressing consumer confidence, restricting the availability, and increasing the cost, of funding for individuals and companies, depressing economic activity, increasing unemployment, reducing asset prices and consequently increasing the risk of a "double dip" recession. These risks are exacerbated by concerns over the level of the public debt of, and the weakness of the economy in, Ireland, Greece, Portugal, Spain and Italy in particular. Further instability within these countries or other countries within the Euro-zone might lead to contagion.

Impact of events which are difficult to anticipate

The UBI Banca Group's earnings and business are affected by general economic conditions, the performance of financial markets and of market participants, interest rate levels, currency exchange rates, changes in laws and regulation, changes in the policies of central banks, particularly the Bank of Italy and the European Central Bank, and competitive factors, at a regional, national and international level. Each of these factors can change the level of demand for the UBI Banca Group's products and services, the credit quality of Debtors and counterparties, the interest rate margin between lending and borrowing costs and the value of its investment and trading portfolios and can influence the Group's balance sheet and economic results.

Moreover, on 23 June 2016 the UK held a referendum to decide on the UK's membership of the European Union. The UK vote was to leave the European Union. There are a number of uncertainties in connection with the future of the UK and its relationship with the European Union. The negotiation of the UK's exit terms is likely to take a number of years. Until the terms and timing of the UK's exit from the European Union are clearer, it is not possible to determine the impact that the referendum, the UK's departure from the European Union and/or any related matters may have on the business of the Issuer or one or more of the other parties to the Transaction Documents. As such, no assurance can be given that such matters would not adversely affect the ability of the Issuer to satisfy its obligations under the Covered Bonds and/or the market value and/or the liquidity of the Covered Bonds in the secondary market.

Market declines and volatility

The results of the UBI Banca Group are affected by general economic, financial and other business conditions. During a recession, there may be less demand for loan products and a greater number of the UBI Banca Group's customers may default on their loans or other obligations. Interest rate rises may also have an impact on the demand for mortgages and other loan products. The risk arising from the impact of the economy and business climate on the credit quality of the UBI Banca Group's debtors and counterparties can affect the overall credit quality and the recoverability of loans and amounts due from counterparties.

The ongoing economic crisis may also negatively affect the real estate market and value of collateral securing loans with an adverse impact on the fair value of UBI Banca Group's secured loans and mortgages, entailing additional provisions or reserve requirements. Moreover, when a debtor defaults on his collateralised loans or obligations, the value of the collateral could not be sufficient to meet the claims of the creditors so that UBI Banca Group may not recover the full expected amount due.

Credit and market risk

To the extent that any of the instruments and strategies used by the UBI Banca Group to hedge or otherwise manage its exposure to credit or market risk are not effective, the UBI Banca Group may not be able to mitigate effectively its risk exposure in particular market environments or against particular types of risk. The UBI Banca

Group's trading revenues and interest rate risk are dependent upon its ability to identify properly, and mark to market, changes in the value of financial instruments caused by changes in market prices or interest rates. The UBI Banca Group's financial results also depend upon how effectively it determines and assesses the cost of credit and manages its own credit risk and market risk concentration.

Protracted market declines and reduced liquidity in the markets

In some of the UBI Banca Group's businesses, protracted adverse market movements, particularly the decline of asset prices, can reduce market activity and market liquidity. These developments can lead to material losses if the UBI Banca Group cannot close out deteriorating positions in a timely way. This may especially be the case for assets that did not enjoy a very liquid market to begin with. The value of assets that are not traded on stock exchanges or other public trading markets, such as derivatives contracts between banks, may be calculated by the UBI Banca Group using models other than publicly quoted prices. Monitoring the deterioration of the prices of assets like these is difficult and failure to do so effectively could lead to unanticipated losses. This in turn could adversely affect the UBI Banca Group's operating results and financial condition.

In addition, protracted or steep declines in the stock or bond markets in Italy and elsewhere may adversely affect the UBI Banca Group's securities trading activities and its asset management services, as well as its investments in and sales of products linked to the performance of financial assets.

The Issuer's business is subject to risks concerning liquidity

The Issuer's business is subject to risks concerning liquidity which are inherent in its banking operations, and could affect the Issuer's ability to meet its financial obligations as they fall due or to fulfil commitments to lend. In order to ensure that the Issuer continues to meet its funding obligations and to maintain or grow its business generally, it relies on customer savings and transmission balances, as well as ongoing access to the wholesale lending markets. The ability of the Issuer to access wholesale and retail funding sources on favourable economic terms is dependent on a variety of factors, including a number of factors outside of its control, such as liquidity constraints, general market conditions and confidence in the Italian banking system.

The global financial system still has to overcome some of the difficulties which began in August 2007 and which were intensified by the bankruptcy of Lehman Brothers in September 2008. Financial market conditions have remained challenging and, in certain respects, have deteriorated. In addition, the continued concern about sovereign credit risks in the Euro-zone and Italy in particular has progressively intensified, and International Monetary Fund and European Union financial support packages have been agreed for Greece, Ireland and Portugal.

Credit quality has generally declined, as reflected by the downgrades suffered by several countries in the Euro-zone, including Italy, since the start of the sovereign debt crisis. The large sovereign debts and/or fiscal deficits in certain European countries, including Italy, have raised concerns regarding the financial condition of Euro-zone financial institutions and their exposure to such countries.

There can be no assurance that the European Union and International Monetary Fund initiatives aimed at stabilising the market in Greece, Portugal and Ireland will be sufficient to avert "contagion" to other countries. If sentiment towards the banks and/or other financial institutions operating in Italy were to deteriorate materially, or if the Issuer's ratings and/or the ratings of the sector were to be further adversely affected, this may have a materially adverse impact on the Issuer. In addition, such change in sentiment or reduction in ratings could result in an increase in the costs and a reduction in the availability of wholesale market funding across the financial sector which could have a material adverse effect on the liquidity and funding of all Italian financial services institutions, including the Issuer.

Any further downgrade of the Italian sovereign credit rating or the perception that such a downgrade may occur may severely destabilise the markets and have a material adverse effect on the Issuer's operating results, financial condition and prospects as well as on the marketability of the Covered Bonds. This might also impact on the Issuer's credit ratings, borrowing costs and access to liquidity. A further Italian sovereign downgrade or

the perception that such a downgrade may occur would be likely to have a material effect in depressing consumer confidence, restricting the availability, and increasing the cost, of funding for individuals and companies, depressing economic activity, increasing unemployment, reducing asset prices and consequently increasing the risk of a “double dip” recession. These risks are exacerbated by concerns over the levels of the public debt of, and the weakness of the economies in, Ireland, Greece, Portugal, Spain and Italy in particular. Further instability within these countries or other countries within the Euro-zone might lead to contagion.

These concerns may impact the ability of Euro-zone banks to access the funding they need, or may increase the costs of such funding, which may cause such banks to suffer liquidity stress. If the current concerns over sovereign and bank solvency continue, there is a danger that inter-bank funding may become generally unavailable or available only at elevated interest rates, which might have an impact on the Issuer’s access to, and cost of, funding. Should the Issuer be unable to continue to source a sustainable funding profile, the Issuer’s ability to fund its financial obligations at a competitive cost, or at all, could be adversely impacted.

The Issuer’s financial performance is affected by “systemic risk”

In recent years, the global credit environment has been adversely affected by significant instances of default, and there can be no certainty that further such instances will not occur. Concerns about, or a default by, one institution could lead to significant liquidity problems, losses or defaults by other institutions because the commercial soundness of many financial institutions may be closely related as a result of credit, trading, clearing or other relationships between institutions. This risk is sometimes referred to as “systemic risk” and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges with which the Issuer interacts on a daily basis and therefore could adversely affect the Issuer.

The Issuer’s financial performance is affected by borrower credit quality and general economic conditions, in particular in Italy and Europe

The results of the Issuer may be affected by global economic and financial conditions. During recessionary periods, there may be less demand for loan products and a greater number of the Issuer’s customers may default on their loans or their obligations. Interest rates rises may also have an impact on the demand for mortgages and other loan products. Fluctuations in interest rates in Italy and in the Euro-zone and in the other markets in which the Issuer operates may influence its performance.

The Issuer monitors credit quality and manages the specific risk of each counterparty and the overall risk of the respective loan portfolios, and the Issuer will continue to do so, but there can be no assurance that such monitoring and risk management will suffice to keep the Issuer’s exposure to credit risk at acceptable levels. Any deterioration of the creditworthiness of significant individual customers or counterparties, or of the performance of loans and other receivables, as well as wrong assessments of creditworthiness or country risks may have a material adverse effect on the Issuer’s business, financial condition and results of operations.

As discussed in “The Issuer’s business is subject to risks concerning liquidity” above, these risks are exacerbated by concerns over the levels of the public debt of certain Euro-zone countries and their relative weaknesses. There can be no assurance that the European Union and International Monetary Fund initiatives aimed at stabilising the market in Greece, Portugal and Ireland will be sufficient to avert “contagion” to other countries. A rating downgrade in one of the countries in which the Issuer operates might restrict the availability of funding or increase its cost for individuals and companies at a local level. This might have a material adverse effect on the Issuer’s operating results, financial conditions and business outlook.

Risk management and exposure to unidentified or unanticipated risks

The UBI Banca Group has devoted significant resources to developing policies, procedures and assessment methods to manage market, credit, liquidity and operating risks and intends to continue to do so in the future. Nonetheless, the UBI Banca Group’s risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all economic market environments or against all types of risks, including risks that the UBI Banca Group fails to identify or anticipate. If existing or potential customers believe that the UBI Banca

Group's risk management policies and procedures are inadequate, its reputation as well as its revenues and profits may be negatively affected.

Changes in interest rates

Fluctuations in interest rates influence the UBI Banca Group's financial performance. The results of the UBI Banca Group's banking operations are affected by its management of interest rate sensitivity and, in particular, changes in market interest rates. A mismatch of interest-earning assets and interest-bearing liabilities in any given period, which tends to accompany changes in interest rates, may have a material effect on the UBI Banca Group's financial condition or results of operations. In addition, in recent years, the Italian banking sector has been characterised by increasing competition which, together with the low level of interest rates, has caused a sharp reduction in the difference between borrowing and lending rates, and has made it difficult for banks to maintain positive growth trends in interest rate margins. In particular, such competition has had two main effects:

- (i) a progressive reduction in the differential between lending and borrower interest rate, which may result in the Issuer facing difficulties in maintaining its actual rate of growth in interest rate margin; and
- (ii) a progressive reduction in commissions and fees, particularly from dealing on behalf of third parties and order collection, due to competition on prices.

Both of the above factors may adversely affect the Issuer's financial condition and results of operations. In addition, downturns in the Italian economy could cause pressure on the competition through, for example, increased price pressure and lower business volumes for which to compete.

Operational risk

The UBI Banca Group, like all financial institutions, is exposed to many types of operational risk, including the risk of fraud by employees and outsiders, unauthorised transactions by employees or operational errors, including errors resulting from faulty information technology or telecommunication systems. The UBI Banca Group's systems and processes are designed to ensure that the operational risks associated with its activities are appropriately monitored. Any failure or weakness in these systems, could however adversely affect its financial performance and business activities. Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that either the Issuer or the UBI Banca Group will be unable to comply with its obligations as a company with securities admitted to the Official List.

Reliance on primary geographic markets

Although the UBI Banca Group has a widespread geographic distribution in Italy consisting of 1.554 branches (as at 31 December 2015), over 67 per cent of its branches are located in northern Italy. The Issuer has strong territorial roots in certain regions where it has historically operated (particularly Lombardy, Piedmont, Marches, Apulia, etc.). The UBI Banca Group relies for its distribution system on local banks with long-standing, deep-rooted traditions in their respective territories.

A downgrade of any of the Issuer's credit ratings may impact the Issuer's funding ability and have an adverse effect on the Issuer's financial condition

A downgrade of any of the Issuer's ratings (for whatever reason) might result in higher funding and refinancing costs for the Issuer in the capital markets. In addition, a downgrade of any of the Issuer's ratings may limit the Issuer's opportunities to extend mortgage loans and may have a particularly adverse effect on the Issuer's image as a participant in the capital markets, as well as in the eyes of its clients. These factors may have an adverse effect on the Issuer's financial condition and/or results of operations.

Legal proceedings

The UBI Banca Group is involved in various legal proceedings. Management believes that such proceedings have been properly analysed by the Issuer and its subsidiaries in order to decide whether any increase in provisions for litigation is necessary or appropriate in all the circumstances and, with respect to some specific issues, whether to refer to them in the notes to its financial statements in accordance with the International Financial Reporting Standards (“IFRS”).

Catastrophic events, terrorist attacks and similar events could have a negative impact on the business and results of the Issuer

Catastrophic events, terrorist attacks and similar events, as well as the responses thereto, may create economic and political uncertainties, which could have a negative impact on economic conditions in the regions in which the Issuer operates and, more specifically, on the business and results of the Issuer in ways that cannot be predicted.

Changes in regulatory framework and accounting policies

The UBI Banca Group is subject to extensive regulation and supervision by the European Central Bank, the European System of Central Banks, the Bank of Italy and CONSOB (the Italian securities markets regulator). The banking laws to which the UBI Banca Group is subject govern the activities in which banks and banking foundations may engage and are designed to maintain the safety and soundness of banks, and limit their exposure to risk. In addition, the UBI Banca Group must comply with financial services laws that govern its marketing and selling practices. One particularly significant change in regulatory requirements affecting the UBI Banca Group will be the future implementation of the new regulatory framework known as Basel III aiming to strengthen global capital and liquidity rules with the goal of promoting a more resilient banking sector.

Any changes in how such regulations are applied or implemented for financial institutions may have a material effect on the Issuer's business and operations. As some of the laws and regulations affecting the UBI Banca Group have only recently come into force, the manner in which they are applied to the operations of financial institutions is still evolving and their implementation, enforcement and/or interpretation may have an adverse effect on the business, financial condition, cash flows and results of operations of the Issuer.

Adverse regulatory developments

The Issuer conducts its businesses subject to ongoing regulatory and associated risks, including the effects of changes in laws, regulations, and policies in Italy and at a European level. The Issuer's business can therefore be affected by regulatory factors connected with domestic Italian and European Union developments in financial and fiscal matters, including the reform of the “*banche popolari*” (cooperative banks) system in Italy (see further “*UBI Banca and the UBI Banca Group – Recent Developments*”). The timing and the form of future changes in regulation are unpredictable and beyond the control of the Issuer, and changes made could materially adversely affect the Issuer's business.

The Issuer is required to hold a licence for its operations and is subject to regulation and supervision by authorities in Italy and in all other jurisdictions in which it operates, and by the ECB. Extensive regulations are already in place and new regulations and guidelines are introduced relatively frequently. The rules applicable to banks and other entities in banking groups are mainly provided by implementation of measures consistent with the regulatory framework set out by the Basel Committee on Banking Supervision (the “**Basel Committee**”) and aim at preserving their stability and solidity and limiting their risk exposure (see below “**Basel III and the CRD IV Package**”).

In addition to the substantial changes in capital and liquidity requirements introduced by Basel III and the CRD IV Package, there are several other initiatives, in various stages of finalisation, which represent additional regulatory pressure over the medium term and will impact the EU's future regulatory direction. These initiatives include, amongst others, a revised Markets in Financial Instruments Directive and Markets in Financial

Instruments Regulation which is expected to apply as of 3 January 2018, subject to certain transitional arrangements and, as further described in *“The Bank Recovery and Resolution Directive is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially affect the value of any Notes”*, the Bank Recovery and Resolution Directive. The Basel Committee has also published certain proposed changes to the current securitisation framework which may be accepted and implemented in due course. In addition, as further detailed below under *“Basel III and the CRD IV Package”*, the European Commission intends to develop the net stable funding ratio with the aim of introducing it from 1 January 2018.

Moreover, the Basel Committee has embarked on a very significant risk weighted assets (RWA) variability agenda. This includes the Fundamental Review of the Trading Book, revised standardised approaches (credit, market, operational risk), constraints to the use of internal models as well as the introduction of a capital floor. The regulator’s primary aim is to eliminate unwarranted levels of RWA variance. The finalisation of the new framework is expected by 2016 year end for all relevant workstreams. The new framework will have a significant impact on risk modelling. From a credit risk perspective, an impact is expected both on capital held against those exposures assessed via the standardized approach, and those evaluated via an internal ratings based approach (IRB). In addition, significant changes are expected in relation to operational risk modelling, as the Basel Committee is proposing the elimination of the internal models some banks (including UBI Banca) are currently utilising and the introduction of a more standardised approach. Following the finalisation of the Basel framework, the new rules will need to be transposed into European regulation. Implementation of these new rules on risk models is not expected before end of 2018.

In addition, as mentioned below, the European Commission intends to develop the NSFR (as defined below) with the aim of introducing it from 1 January 2018. Regulators and supervisory authorities are taking an increasingly strict approach to regulations and their enforcement that may not be to the Issuer’s benefit. A breach of any regulations by the Issuer could lead to intervention by supervisory authorities and the Issuer could come under investigation and surveillance, and be involved in judicial or administrative proceedings. The Issuer may also become subject to new regulations and guidelines that may require additional investments in systems and people and compliance with which may place additional burdens or restrictions on the Issuer.

Changes in the regulatory framework and in how such regulations are interpreted and/or applied by the supervisory authorities may have a material effect on the Group’s business and operations. The manner in which the new framework of banking laws and regulations will be applied to the operations of financial institutions is still evolving. No assurance can be given that laws and regulations will be adopted, enforced or interpreted in a manner that will not have an adverse effect on the business, financial condition, cash flows and results of operations of the Group.

Basel III and the CRD IV Package

In December 2009, the Basel Committee proposed strengthening the global capital framework, and in December 2010, January 2011 and July 2011, the Basel Committee issued its final guidance on the proposed changes to capital adequacy and liquidity requirements (**“Basel III”**), which envisaged a substantial strengthening of capital rules existing at the time, including by, among other things, raising the quality of the Common Equity Tier 1 Capital base in a harmonised manner (including through changes to the items which give rise to adjustments to that capital base), introducing requirements for Additional Tier 1 and Tier 2 capital instruments to have a mechanism that requires them to be written off or converted into ordinary shares at the point of a bank’s non-viability, strengthening the risk coverage of the capital framework, promoting the build up of capital buffers and introducing a new leverage ratio and global minimum liquidity standards for the banking sector.

The Basel III framework has been implemented in the EU through new banking requirements: Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the **“CRD IV Directive”**) and Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the **“CRR Regulation”** and together with the CRD IV

Directive, the “**CRD IV Package**”). Full implementation began on 1 January 2014, with particular elements being phased in over a period of time (the requirements will be largely fully effective by 2019 and some minor transitional provisions provide for phase-in until 2024) but it is possible that in practice implementation under national laws may be delayed. Additionally, it is possible that EU Member States may introduce certain provisions at an earlier date than that set out in the CRD IV Package. National options and discretions that were so far exercised by national competent authorities will be exercised by the SSM (as defined below) in a largely harmonised manner throughout the European banking union. In this respect, on 14 March 2016 the ECB adopted Regulation (EU) 2016/445 on the exercise of options and discretions. Depending on the manner in which these options / discretions were so far exercised by the national competent authorities and on the manner in which the SSM will exercise them in the future, additional / lower capital requirements may result. In Italy, the Government approved a Legislative Decree on 12 May 2015 implementing the CRD IV Directive. Such legislative decree entered into force on 12 June 2015. The new regulation impacts, *inter alia*, on:

- proposed acquirers of holdings in credit institutions, requirements for shareholders and Members of the management body (Articles 23 and 91 of the CRD IV Directive);
- supervisory measures and powers (Articles 64, 65, 102 and 104 of the CRD IV Directive);
- reporting of potential or actual breaches of national provisions (so called whistleblowing, Article 71 of the CRD IV Directive); and
- administrative penalties and measures (Article 65 of the CRD IV Directive).

The Bank of Italy published new supervisory regulations on banks in December 2013 (Circular of the Bank of Italy No. 285 of 17 December 2013 (the “**Circular No. 285**”)) which came into force on 1 January 2014, implementing the CRD IV Package, and setting out additional local prudential rules. As from 1 January 2014 to 31 December 2014, Italian banks were required to comply with (i) a minimum Common Equity Tier 1 (“**CET1**”) Capital Ratio of 4.5 per cent., (ii) a minimum Tier I Capital Ratio of 5.5 per cent., and (iii) a Total Capital Ratio of 8 per cent. Upon the expiry of this transitional period, Italian banks must at all times satisfy the following own funds requirements: (i) a CET1 Capital Ratio of 4.5%; (ii) a Tier 1 Capital Ratio of 6%; and (iii) a Total Capital Ratio of 8%. These minimum ratios are complemented by the following capital buffers to be met with CET1 Capital:

- *Capital conservation buffer*: set at 2.5 per cent. of risk weighted assets and has applied to the Issuer since 1 January 2014 pursuant to Article 129 of the CRD IV Directive and Part I, Title II, Chapter I, Section II of Circular No. 285);
- *Counter-cyclical capital buffer*: set by the relevant competent authority between 0 per cent. - 2.5 per cent. (but may be set higher than 2.5 per cent. where the competent authority considers that the conditions in the Member State justify this), with gradual introduction from 1 January 2016 and applying temporarily in the periods when the relevant national authorities judge credit growth to be excessive (pursuant to Article 130 of the CRD IV Directive and Part I, Title II, Chapter I, Section III of Circular No. 285);
- *Capital buffers for global systemically important institutions (G-SIIs)*: set as an “additional loss absorbency” buffer ranging from 1.0 per cent. to 3.5 per cent. determined according to specific indicators (size, interconnectedness, substitutability of the services provided, global cross-border activity and complexity), to be phased in from 1 January 2016 (Article 131 of the CRD IV Directive and Part I, Title II, Chapter I, Section IV of Circular No. 285), becoming fully effective on 1 January 2019; and
- *Capital buffers for other systemically important institutions (O-SIIs)*: up to 2.0 per cent. as set by the relevant competent authority (and must be reviewed at least annually from 1 January 2016), to compensate for the higher risk that such banks represent to the domestic financial system (Article 131 of the CRD IV Directive and Part I, Title II, Chapter I, Section IV of Circular No. 285).

The Issuer is not currently included in the list of financial institutions of global systemic importance first published on 4 November 2011 and as most recently updated on 3 November 2015 by the Financial Stability

Board. The Bank of Italy, as competent authority, has not yet published a list of systemically important banks at a domestic level.

In addition to the above listed capital buffers, under Article 133 of the CRD IV Directive each Member State may introduce a Systemic Risk Buffer of Common Equity Tier 1 Capital for the financial sector or one or more subsets of that sector in order to prevent and mitigate long term non-cyclical systemic or macroprudential risks not covered by the CRD IV Package, in the sense of a risk of disruption in the financial system with the potential of having serious negative consequences on the financial system and the real economy in a specific Member State. At this stage no provision is included on the systemic risk buffer under Article 133 of the CRD IV Directive as the Italian level 1 rules for the CRD IV Directive implementation on this point have not yet been enacted.

Failure to comply with such combined buffer requirements triggers restrictions on distributions and the need for the bank to adopt a capital conservation plan on necessary remedial actions (Articles 140 and 141 of the CRD IV Directive and Part I, Title II, Chapter I, Section V of Circular No. 285).

As part of the CRD IV Package transitional arrangements, regulatory capital recognition of outstanding instruments which qualified as Tier I and Tier II capital instruments under the framework which the CRD IV Package has replaced EU Directive 2009/111/EC, which was part, together with Directives 2009/27/EC and 2009/83/EC, of the second legislative package aimed at ensuring the financial soundness of banks and investment firms, that no longer meet the minimum criteria under the CRD IV Package will be gradually phased out. Fixing the base at the nominal amount of such instruments outstanding on 31 December 2012, their recognition is capped at 80 per cent. in 2014, with this cap decreasing by 10 per cent. in each subsequent year.

The new liquidity requirements introduced under the CRD IV Package are the Liquidity Coverage Ratio and the Net Stable Funding Ratio (the “**NSFR**”). The Liquidity Coverage Ratio Delegated Regulation (EU) 2015/16 was adopted on 10 October 2014 and published in the Official Journal of the European Union in January 2015. It was applicable from 1 October 2015, under a phase-in approach before it becomes fully applicable from 1 January 2018. The Liquidity Coverage Ratio is subject to a gradual phase-in, beginning at 60 per cent. in 2015 and increasing by 10 per cent. each year in order to reach 100 per cent. in 2019. On 17 December 2015, the European Banking Authority (the “**EBA**”) published its report recommending the introduction of the NSFR in the EU to ensure stable funding structures and outlining its impact assessment and proposed calibration. This report from the EBA will be taken into account by the European Commission in proposing a legislative proposal by the end of 2016, with the aim to comply with NSFR implementation in 2018, as per the Basel rules.

The CRD IV Package also introduced a new leverage ratio with the aim of restricting the level of leverage that an institution can take on to ensure that an institution’s assets are in line with its capital. The Leverage Ratio Delegated Regulation (EU) 2015/62 was adopted on 10 October 2014 and was published in the Official Journal of the European Union in January 2015, amending the calculation of the leverage ratio compared to the current text of the CRR Regulation. Institutions have been required to disclose their leverage ratio from 1 January 2015. Full implementation of the leverage ratio as a Pillar 1 measure and European harmonisation, however, is not expected until 1 January 2018 following the European Commission’s review in 2016. The CRD IV Package contains specific mandates for the EBA to develop draft regulatory or implementing technical standards as well as guidelines and reports related to liquidity coverage ratio and leverage ratio in order to enhance regulatory harmonisation in Europe through the Single Rule Book.

Should the Issuer not be able to implement the approach to capital requirements it considers optimal in order to meet the capital requirements imposed by the CRD IV Package, it may be required to maintain levels of capital which could potentially impact its credit ratings, funding conditions and limit the Issuer’s growth opportunities.

In addition, the Issuer notes that it is subject to the Pillar 2 requirements for banks imposed under the CRD IV Package, which will be impacted, on an on-going basis, by the Supervisory Review and Evaluation Process (“**SREP**”). The SREP is aimed at ensuring that institutions have in place adequate arrangements, strategies, processes and mechanisms to maintain the amounts, types and distribution of internal capital commensurate to

their risk profile, as well as robust governance and internal control arrangements. The key purpose of the SREP is to ensure that institutions have adequate arrangements as well as capital and liquidity to ensure sound management and coverage of the risks to which they are or might be exposed, including those revealed by stress testing, as well as risks the institution may pose to the financial system.

ECB Single Supervisory Mechanism

In October 2013, the Council of the European Union adopted regulations establishing a single supervisory mechanism (the “**ECB Single Supervisory Mechanism**” or “**SSM**”) for all banks in the euro area which have, beginning in November 2014, given the ECB, in conjunction with the national competent authorities of the Euro-zone states, direct supervisory responsibility over “banks of systemic importance” in the European banking union as well as their subsidiaries in a participating non-euro area Member State. The SSM framework regulation (ECB/2014/17) setting out the practical arrangements for the SSM was published in April 2014 and entered into force in May 2014. Banks directly supervised by the ECB include, *inter alia*, any Euro-zone bank that has: (i) assets greater than €30 billion; (ii) assets constituting at least 20 per cent. of its home country’s gross domestic product; or (iii) requested or received direct public financial assistance from the European Financial Stability Facility or the European Stability Mechanism.

The ECB is also exclusively responsible for key tasks concerning the prudential supervision of credit institutions, which includes, *inter alia*, the power to: (i) authorise and withdraw the authorisation of all credit institutions in the Euro-zone; (ii) assess acquisition and disposal of holdings in other banks; (iii) ensure compliance with all prudential requirements laid down in general EU banking rules; (iv) set, where necessary, higher prudential requirements for certain banks to protect financial stability under the conditions provided by EU law; (v) ensure compliance with robust corporate governance practices and internal capital adequacy assessment controls; and (vi) intervene at the early stages when risks to the viability of a bank exist, in coordination with the relevant resolution authorities. The ECB also has the right to impose pecuniary sanctions.

National competent authorities will continue to be responsible for supervisory matters not conferred on the ECB, such as consumer protection, money laundering, payment services, and branches of third country banks, besides supporting ECB in day-to-day supervision. In order to foster consistency and efficiency of supervisory practices across the Euro-zone, the EBA is developing a single supervisory handbook applicable to EU Member States.

The Issuer is a “significant supervised entity” subject to direct supervision by the ECB for prudential supervisory purposes. On 25 February 2015, the specific capital requirements requested at consolidated level by the ECB for the Group were:

- a Common Equity Tier 1 ratio of 9.50%; and
- a Total Capital Ratio of 11.0%.

The Common Equity Tier 1 ratio requirement was reduced from 9.50% to 9.25% further to the updated specific capital requirements requested at consolidated level by the ECB for the Group as of 27 November 2015.

The ECB could introduce higher prudential requirements including higher requirements on the Group capital buffer, should the ECB consider the Group’s capital as inadequate.

The Group is also subject to stress tests carried out by regulators. As a consequence of such tests the Group could be required to increase its capital or to take other appropriate actions to address matters raised in the assessments.

The Bank Recovery and Resolution Directive is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially affect the value of the Covered Bonds.

On 2 July 2014, the Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the “**Banks Recovery and Resolution Directive**” or “**BRRD**”) entered into force.

The BRRD provides competent authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD provides that it will be applied by Member States from 1 January 2015, except for the General Bail-In Tool (as defined below) which is to be applied from 1 January 2016.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation - which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in - which grants resolution authorities the power to write down certain claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims to shares or other instruments of ownership (i.e. shares, other instruments that confer ownership, instruments that are convertible into or give the right to acquire shares or other instruments of ownership, and instruments representing interests in shares or other instruments of ownership) (the "**General Bail-In Tool**"), which equity could also be subject to any future application of the General Bail-In Tool.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools (including the General Bail-In Tool) to the maximum extent practicable whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilization tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the burden sharing requirements of the EU state aid framework and the BRRD. In particular, a single resolution fund financed by bank contributions at national level is being established and Regulation (EU) no. 806/2014 establishes the modalities for the use of the fund and the general criteria to determine contributions to the fund.

An institution will be considered as failing or likely to fail when: it is, or is likely in the near future to be, in breach of its requirements for continuing authorization; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts as they fall due; or it requires extraordinary public financial support (except in limited circumstances).

In addition to the General Bail-In Tool, the BRRD provides for resolution authorities to have the further power to permanently write-down or convert into equity capital instruments at the point of non-viability and before any other resolution action is taken ("**BRRD Non-Viability Loss Absorption**").

For the purposes of the application of any BRRD Non-Viability Loss Absorption measure, the point of non-viability under the BRRD is the point at which the relevant authority determines that the institution meets the conditions for resolution (but no resolution action has yet been taken) or that the institution will no longer be viable unless the relevant capital instruments are written-down or converted or extraordinary public support is to be provided and without such support the appropriate authority determines that the institution would no longer be viable.

The powers set out in the BRRD will impact on how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors.

Although the bail-in powers are not intended to apply to secured debt (such as the rights of Covered Bondholders in respect of the Covered Bond Guarantee), the determination that securities issued by the UBI Group will be subject to write-down, conversion or bail-in is likely to be inherently unpredictable and may depend on a number of factors which may be outside of the UBI Group's control. This determination will also be made by the relevant resolution authority and there may be many factors, including factors not directly related to the bank or the UBI Group, which could result in such a determination. Because of this inherent uncertainty, it is difficult to predict when, if at all, the exercise of a bail-in power may occur which would result in a principal write off or conversion to other securities, including equity. Moreover, as the criteria that the relevant resolution authority will be obliged to consider in exercising any bail-in power provide it with considerable discretion, holders of the securities issued by the UBI Group may not be able to refer to publicly available criteria in order to anticipate a potential exercise of any such power and consequently its potential effect on the UBI Group and the securities issued by the UBI Group. Potential investors in the securities issued by the UBI Group should consider the risk that a holder may lose all or part of its investment, including the principal amount plus any accrued interest, if such statutory loss absorption measures are acted upon.

With specific reference to the Covered Bonds, to the extent that claims in relation to the Covered Bonds are not met out of the assets of the Cover Pool or the proceeds arising from it (and the Covered Bonds subsequently rank *pari passu* with senior debt), the Covered Bonds may be subject to write-down or conversion into equity on any application of the General Bail-In Tool, which may result in Covered Bondholders losing some or all of their investment. In the limited circumstances described above, the exercise of any power under the BRRD or any suggestion of such exercise could, therefore, materially adversely affect the rights of Covered Bondholders, the price or value of their investment in any relevant Covered Bonds and/or the ability of the Issuer to satisfy its obligations under any relevant Covered Bonds.

On 31 July 2015, the "European Delegation Law 2014" – Law No. 114 of 9 July 2015 – was published on the Italian Official Gazette containing, inter alia, principles and criteria for the implementation by the Government of the BRRD in Italy. Subsequently, on 16 November 2015, the Italian Government issued Legislative Decrees No. 180 and 181 implementing the BRRD in Italy (the "**BRRD Implementing Decrees**"). The BRRD Implementing Decrees entered into force on the date of publication on the Italian Official Gazette (i.e. 16 November 2015), save that: (i) the bail-in tool applies from 1 January 2016; and (ii) a "depositor preference" granted for deposits other than those protected by the deposit guarantee scheme and excess deposits of individuals and SME's will apply from 1 January 2019.

In the context of these resolution tools, the resolution authorities have the power to amend or alter the maturity of debt instruments and other eligible liabilities issued by an institution under resolution or amend the amount of interest payable under such instruments and other eligible liabilities, or the date on which the interest becomes payable, including by suspending payment for a temporary period, except for those secured liabilities which are subject to Article 44(2) of the BRRD.

In addition, because (i) Article 44(2) of the BRRD excludes certain liabilities from the application of the general bail-in tool and (ii) the BRRD provides, at Article 44(3), that the resolution authority may partially or fully exclude certain further liabilities from the application of the general bail-in tool, the BRRD specifically contemplates that *pari passu* ranking liabilities may be treated unequally. With respect to the BRRD Implementing Decrees, Legislative Decree No. 180 of 16 November 2015 ("**Decree No. 180**") sets forth provisions concerning resolution plans, the commencement and closing of resolution procedures, the adoption of resolution measures, crisis management related to cross-border groups, powers and functions of the national resolution authority and also regulating the national resolution fund. On the other hand, Legislative Decree No. 181 of 16 November 2015 ("**Decree No. 181**") introduces certain amendments to the Consolidated Banking Act and the Financial Law Consolidation Act concerning recovery plans, intra-group financial support, early intervention measures and changes to creditor hierarchy. Decree No. 181 also amends certain provisions

regulating proceedings for extraordinary administration (“amministrazione straordinaria”) and compulsory administrative liquidation (“liquidazione coatta amministrativa”) in order to render the relevant proceedings compliant with the BRRD. .

It is important to note that, pursuant to article 49 of Decree No. 180, resolution authorities may not exercise the write down or conversion powers in relation to secured liabilities, including covered bonds or their related hedging instruments, save to the extent that these powers may be exercised in relation to any part of a secured liability (including covered bonds and their related hedging instruments) that exceeds the value of the assets, pledge, lien or collateral against which it is secured.

Furthermore, Article 108 of the BRRD requires that Member States modify their national insolvency regimes such that deposits of natural persons and micro, small and medium sized enterprises in excess of the coverage level contemplated by deposit guarantee schemes created pursuant to Directive 2014/49/EU have a ranking in normal insolvency proceedings which is higher than the ranking which applies to claims of ordinary, unsecured, non-preferred creditors. In addition, the BRRD does not prevent Member States, including Italy, from amending national insolvency regimes to provide other types of creditors, with rankings in insolvency higher than ordinary, unsecured, non-preferred creditors. Decree No. 181 has amended the creditor hierarchy in the case of admission of Italian banks and investment firms to resolution, by providing that, as from 1 January 2019, all deposits other than those protected by the deposit guarantee scheme and excess deposits of individuals and SME’s will benefit from a preference in respect of senior unsecured liabilities, though with a ranking which is lower than that provided for individual/SME deposits exceeding the coverage limit of the deposit guarantee scheme. This means that, as from 1 January 2019, significant amounts of liabilities in the form of large corporate and interbank deposits which under the national insolvency regime currently in force in Italy rank *pari passu* with any unsecured liability owed to the Covered Bondholders, will rank higher than such unsecured liabilities in normal insolvency proceedings and therefore that, on application of the general bail-in tool, such creditors will be written-down/converted into equity capital instruments only after Covered Bonds (for the portion, if any, that could be subject to bail-in in accordance with the above). Therefore, the safeguard set out in Article 75 of the BRRD would not provide any protection since, Article 75 of the BRRD only seeks to achieve compensation for losses incurred by creditors which are in excess of those which would have been incurred in a winding-up under normal insolvency proceedings.

Decree No. 181 has also introduced strict limitations on the exercise of the statutory rights of set-off normally available under Italian insolvency laws, in effect prohibiting set-off by any creditor in the absence of an express agreement to the contrary.

In addition to the above, to the extent that claims in relation to the relevant Covered Bonds are not met out of the assets of the Cover Pool or the proceeds arising from it (such that the unsecured claim due under the Covered Bonds rank *pari passu* with senior debt), the Covered Bonds may be subject to write-down or conversion into equity on any application of the general bail-in tool, which may result in Holders losing some or all of their investment. In the limited circumstances described above, the exercise of any power under the BRRD or any suggestion of such exercise could, therefore, materially adversely affect the rights of Covered Bondholders, the price or value of their investment in any relevant Covered Bonds and/or the ability of the Issuer to satisfy its obligations under any relevant Covered Bonds.

By the end of 2016, European banks also have to comply with a Minimum Requirement for Own Funds and Eligible Liabilities (the “**MREL**”). The BRRD does not foresee an absolute minimum, but attributes the competence to set a minimum amount for each bank to national resolution authorities (for banks not being part of the European banking union) or to the Single Resolution Board (the “**SRB**”) for banks being part of the European banking union. The SRB will fix the MREL for banks in the course of 2016. For 2016 the MREL requirement will be fixed at consolidated level only. On 23 May 2016, the European Commission adopted a

Delegated Regulation that specifies the criteria further define the way in which resolution authorities/the SRB shall calculate MREL, as described in article 45(6) of the BRRD. The draft regulation is now passed on to the Council and the European Parliament for their consideration and they are entitled to an objection period of three months. MREL decisions for subsidiaries will be made in a second stage, based on, among other things, their individual characteristics and the consolidated level which has been set for the relevant group. The draft regulation provides that the resolution authority may determine an appropriate transitional period for the purposes of meeting the full MREL requirement.

As from 1 January 2016, the resolution authority for the Issuer is the SRB and the Issuer will be subject to the authority of the SRB for the purposes of determination of its MREL requirement. The Group is subject to the provisions of the Regulation establishing the Single Resolution Mechanism

After having reached an agreement with the Council, in April 2014, the European Parliament adopted, Regulation (EU) No. 806/2014 establishing a Single Resolution Mechanism (the “SRM”). The SRM became fully operational on 1 January 2016. Certain provisions, including those concerning the preparation of resolution plans and provisions relating to the cooperation of the SRB with national resolution authorities entered into force on 1 January 2015.

The SRM, which complements the ECB Single Supervisory Mechanism, applies to all banks supervised by the ECB Single Supervisory Mechanism. It mainly consists of the SRB and a Single Resolution Fund (the “Fund”).

Decision-making is centralised with the SRB, and involves the European Commission and the Council (which will have the possibility to object to the SRB’s decisions) as well as the ECB and national resolution authorities.

The Fund, which will back resolution decisions mainly taken by the SRB, will be divided into national compartments during an eight year transition period. Banks were required to start paying contributions in 2015 to national resolution funds that will mutualise gradually into the Fund starting from 2016 (and on top of the contributions to the national deposit guarantee schemes).

The establishment of the SRM is designed to ensure that supervision and resolution is exercised at the same level for countries that share the supervision of banks within the ECB Single Supervisory Mechanism.

The participating banks are required to finance the Fund. The Issuer is therefore required to pay contributions to the SRM in addition to contributions to the national deposit guarantee scheme. The manner in which the SRM will operate is still evolving, so there remains some uncertainty as to how the SRM will affect the Group once implemented and fully operational.

The Group may be affected by new accounting standards

Following the entry into force and subsequent application of new accounting standards, regulatory rules and/or the amendment of existing standards and rules, the Group may have to revise the accounting and regulatory treatment of certain outstanding assets and liabilities (eg. deferred tax assets) and transactions (and the related income and expense). This may have potentially negative effects, also significant, on the estimates contained in the financial plans for future years and may cause the Group to have to restate previously published financials. In this regard a relevant change is expected in 2018 from the entry into force of IFRS 9:

- IFRS 9 has been issued on 24 July 2014. This standard will introduce significant changes with regard to classification, measurement, impairment and hedge accounting of instruments, including financial instruments, replacing IAS 39. International Accounting Standards Board (“IASB”) decided that the mandatory effective date of IFRS 9 will be 1 January 2018, following the endorsement by the European Union.

In addition, it should be noted that:

The European Commission endorsed the following accounting principles and interpretations that will be applicable starting from 2015 financial statements:

- Annual Improvements to IFRSs 2011-2013 Cycle (EU Regulation 1361/2014);

- Annual Improvements to IFRSs 2010-2012 Cycle (EU Regulation 28/2015);
- Defined Benefit Plans: Employee Contributions (Amendments to IAS 19) (EU Regulation 29/2015).

As of 31 December 2014, the IASB also issued the following standards, amendments, interpretations or revisions not yet endorsed by the European Commission:

- IFRS 14 Regulatory Deferral Accounts (issued in January 2014);
- IFRS 15 Revenue from Contracts with Customers (issued in May 2014);
- Amendments to IFRS 10, IFRS 12 and IAS 28: Investment Entities: Applying the Consolidation Exception (issued in December 2014)
- Amendments to IAS 1: Disclosure Initiative (issued in December 2014);
- Annual Improvements to IFRSs 2012–2014 Cycle (issued in September 2014);
- Amendments to IFRS 10 and IAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (issued in September 2014);
- Amendments to IAS 27: Equity Method in Separate Financial Statements (issued in August 2014);
- Amendments to IAS 16 and IAS 41: Agriculture: Bearer Plants (issued in June 2014);
- Amendments to IAS 16 and IAS 38: Clarification of Acceptable Methods of Depreciation and Amortisation (issued in May 2014);
- Amendments to IFRS 11: Accounting for Acquisitions of Interests in Joint Operations (issued in May 2014).

Governmental and central banks' actions intended to support liquidity may be insufficient or discontinued

In response to the financial markets crisis, the reduced liquidity available to market operators in the industry, the increase of risk premiums and the capital requirements demanded by investors, intervention with respect to the level of capitalisation of banking institutions has had to be further increased. In many countries, this has been achieved through support measures for the financial system and direct intervention by governments in the share capital of the banks in different forms. In order to technically permit such government support, financial institutions were required to pledge securities deemed appropriate by different central financial institutions as collateral.

The unavailability of liquidity through such measures, or the decrease or discontinuation of such measures by governments and central authorities could result in increased difficulties in procuring liquidity in the market and/or result in higher costs for the procurement of such liquidity, thereby adversely affecting the UBI Banca Group's business, financial condition and results of operations.

Investment Considerations relating to the Guarantor

Guarantor only obliged to pay Guaranteed Amounts when they are due for payment

Following service of an Issuer Default Notice on the Issuer and the Guarantor, under the terms of the Covered Bond Guarantee the Guarantor will only be obliged to pay Guaranteed Amounts as and when the same are due for payment on each Interest Payment Date, *provided that*, in the case of any amount representing the Final Redemption Amount due and remaining unpaid as at the original Maturity Date, the Guarantor may pay such amounts on any Interest Payment Date thereafter, up to (and including) the Extended Maturity Date and in the case of Covered Bonds whose principal is payable in instalments, the Guarantor may defer such instalments for a period of one year until the relevant Extended Instalment Date. Such Guaranteed Amounts will be paid subject to and in accordance with the Guarantee Priority of Payments or the Post-Enforcement Priority of Payments, as

applicable. In these circumstances the Guarantor will not be obliged to pay any other amounts in respect of the Covered Bonds which become payable for any other reason.

Subject to any grace period, if the Guarantor fails to make a payment when due for payment under the Covered Bond Guarantee or any other Guarantor Event of Default occurs, then the Representative of the Covered Bondholders will accelerate the obligations of the Guarantor under the Covered Bond Guarantee by service of a Guarantor Default Notice, whereupon the Representative of the Covered Bondholders will have a claim under the Covered Bond Guarantee for an amount equal to the Early Termination Amount of each Covered Bond, together with accrued interest and all other amounts then due under the Covered Bonds. Following service of a Guarantor Default Notice, the amounts due from the Guarantor shall be applied by the Representative of the Covered Bondholders in accordance with the Post-Enforcement Priority of Payments, and Covered Bondholders will receive amounts from the Guarantor on an accelerated basis. If a Guarantor Default Notice is served on the Guarantor then the Covered Bonds may be repaid sooner or later than expected or not at all.

Limited resources available to the Guarantor

Following the occurrence of an Issuer Event of Default and service of an Issuer Default Notice on the Issuer and on the Guarantor, the Guarantor will be under an obligation to pay the Covered Bondholders pursuant to the Covered Bond Guarantee. The Guarantor's ability to meet its obligations under the Covered Bond Guarantee will depend on (a) the amount of interest and principal generated by the Portfolio and the timing thereof and (b) amounts received from the Swap Providers. The Guarantor will not have any other source of funds available to meet its obligations under the Covered Bond Guarantee.

If a Guarantor Event of Default occurs and the Covered Bond Guarantee is enforced, the proceeds of enforcement may not be sufficient to meet the claims of all the secured creditors, including the Covered Bondholders. If, following enforcement and realisation of the assets in the Cover Pool, creditors have not received the full amount due to them pursuant to the terms of the Transaction Documents, then they may still have an unsecured claim against the Issuer for the shortfall. There is no guarantee that the Issuer will have sufficient funds to pay that shortfall.

Reliance of the Guarantor on third parties

The Guarantor has entered into agreements with a number of third parties, which have agreed to perform services for the Guarantor. In particular, but without limitation, the Master Servicer and, in relation to the Mortgage Loans comprising each relevant Portfolio, the Sub-Servicers have been appointed to service Portfolios sold to the Guarantor and the Calculation Agent has been appointed to calculate and monitor compliance with the Statutory Tests and the Amortisation Test. In the event that any of these parties fails to perform its obligations under the relevant agreement to which it is a party, the realisable value of the Cover Pool or any part thereof or pending such realisation (if the Cover Pool or any part thereof cannot be sold) the ability of the Guarantor to make payments under the Covered Bond Guarantee may be affected. For instance, if the Master Servicer or any Sub-Servicer has failed to administer the Mortgage Loans adequately, this may lead to higher incidences of non-payment or default by Debtors. The Guarantor is also reliant on the Swap Providers to provide it with the funds matching its obligations under the Covered Bond Guarantee, as described in the following two investment considerations.

If a Master Servicer Termination Event occurs pursuant to the terms of the Master Servicing Agreement, then the Guarantor and/or the Representative of the Covered Bondholders will be entitled to terminate the appointment of the Master Servicer and, automatically, of any Sub-Servicer and appoint a new master servicer in its place. There can be no assurance that a substitute master servicer with sufficient experience of administering mortgages of residential properties would be found who would be willing and able to service the Mortgage Loans on the terms of the Master Servicing Agreement. The ability of a substitute master servicer to perform fully the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a substitute master servicer may affect the realisable value of the

Cover Pool or any part thereof, and/or the ability of the Guarantor to make payments under the Covered Bond Guarantee.

Neither the Master Servicer nor any Sub-Servicer has any obligation to advance payments if the Debtors fail to make any payments in a timely fashion. Covered Bondholders will have no right to consent to or approve of any actions taken by the Master Servicer or any other Sub-Servicer under the Master Servicing Agreement.

The Representative of the Covered Bondholders is not obliged in any circumstances to act as the Master Servicer or any Sub-Servicer or to monitor the performance by the Master Servicer or any Sub-Servicer of their obligations.

Reliance on Swap Providers

To hedge against possible variations in the performance of the indexations in the Portfolio and EURIBOR with a certain designated maturity, the Guarantor may enter into one or more Asset Swap Agreements with one or more Asset Swap Providers. In addition, to mitigate against interest rate, basis risk, currency and/or other risks in respect of each Series of Covered Bonds issued under the Programme, the Guarantor is expected to enter into one or more Liability Swap Agreements with one or more Liability Swap Providers in respect of each Series.

If the Guarantor fails to make timely payments of amounts due under any Swap Agreement, then it will (unless otherwise stated in the relevant Swap Agreement) have defaulted under that Swap Agreement. A Swap Provider, unless otherwise stated in the relevant Swap Agreement, is only obliged to make payments to the Guarantor as long as the Guarantor complies with its payment obligations under the relevant Swap Agreement.

In circumstances where non-payment by the Guarantor under a Swap Agreement does not result in a default under that Swap Agreement, the Swap Provider may be obliged to make payments to the Guarantor pursuant to the Swap Agreement as if payment had been made by the Guarantor. Any amount not paid by the Guarantor to a Swap Provider may in such circumstances incur additional amounts of interest by the Guarantor.

If the Swap Provider is not obliged to make payments or if it defaults in its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the Guarantor on the payment date under the Swap Agreements, the Guarantor may be exposed to changes in the relevant currency exchange rates to Euro and to any changes in the relevant rates of interest. In addition, subject to the then current ratings of the Covered Bonds not being adversely affected, the Guarantor may hedge only part of the possible risk and, in such circumstances, may have insufficient funds to make payments under the Covered Bonds or the Covered Bond Guarantee.

If a Swap Agreement terminates, then the Guarantor may be obliged to make a termination payment to the relevant Swap Provider. There can be no assurance that the Guarantor will have sufficient funds available to make such termination payment, nor can there be any assurance that the Guarantor will be able to enter into a replacement swap agreement with an adequately rated counterparty, or if one is entered into, that the credit rating of such replacement swap provider will be sufficiently high to prevent a downgrade of the then current ratings of the Covered Bonds by the Rating Agency. In addition the Swap Agreements may provide that notwithstanding the downgrading of a Swap Provider and the failure by such Swap Provider to take the remedial action set out in the relevant Swap Agreement, the Guarantor may not terminate the Swap Agreement until a replacement swap provider has been found.

If the Guarantor is obliged to pay a termination payment under any Swap Agreement, such termination payment will, following the service of an Issuer Default Notice, rank pari passu and pro rata with amounts due to Covered Bondholders under the Covered Bond Guarantee.

Following the service of an Issuer Default Notice, payments by the Guarantor under the Liability Swap Agreements and Asset Swap Agreements (if any), including any termination payment due and payable by the Guarantor except where the relevant Swap Provider is the Defaulting party or the Affected Party, will rank pari passu and pro rata to amounts due on the Covered Bonds under the Covered Bond Guarantee. Accordingly, the

obligation to pay a termination payment may adversely affect the ability of the Guarantor to meet its respective obligations under the Covered Bonds or the Covered Bond Guarantee.

Differences in timings of obligations under the Liability Swaps

With respect to any Liability Swap Agreements, it is expected that the Guarantor will pay to the relevant Liability Swap Provider, on each Guarantor Payment Date a fixed rate or a floating rate option such as, for Series of Covered Bonds denominated in Euro, a floating rate linked to EURIBOR. A Liability Swap Provider is expected to make corresponding swap payments to the Guarantor on the Interest Payment Date of the relevant Series of Covered Bonds, which could be monthly, quarterly, semi-annual or annual.

Due to the mis-match in timing of payments under the Liability Swap Agreements, on any Guarantor Payment Date, the Guarantor will be required to make a payment to the Liability Swap Provider without reciprocal receipt of a payment from the Liability Swap Provider and therefore there can be no netting of payments except and to the extent the date on which the Liability Swap Provider is required to make a payment to the Guarantor is also a Guarantor Payment Date.

No gross up on withholding tax

In respect of payments made by the Guarantor under the Covered Bond Guarantee, to the extent that the Guarantor is required by law to withhold or deduct any present or future taxes of any kind imposed or levied by or on behalf of the Republic of Italy from such payments, the Guarantor will not be under an obligation to pay any additional amounts to Covered Bondholders, irrespective of whether such withholding or deduction arises from existing legislation or its application or interpretation as at the relevant Issue Date or from changes in such legislation, application or official interpretation after the Issue Date.

Limited description of the Cover Pool

Covered Bondholders will not receive detailed statistics or information in relation to the Mortgage Loans in the Cover Pool, because it is expected that the constitution of the Cover Pool will frequently change due to, for instance:

- the Sellers selling further Mortgage Loans (or types of loans, which are of a type that have not previously been comprised in the relevant Portfolio transferred to the Guarantor); and
- the Sellers repurchasing Mortgage Loans in accordance with the Master Loans Purchase Agreement.

However, each Mortgage Loan will be required to meet the Eligibility Criteria (see "*Description of the Cover Pool — Eligibility Criteria*") and will be subject to the representations and warranties set out in the Warranty and Indemnity Agreement – see "*Overview of the Transaction Documents – Warranty and Indemnity Agreement*". In addition, the Nominal Value Test is intended to ensure that the aggregate Outstanding Principal Balance of the Cover Pool is at least equal to the Outstanding Principal Amount of the Covered Bonds for so long as Covered Bonds remain outstanding and the Calculation Agent will provide monthly reports that will set out certain information in relation to the Statutory Tests.

Sale of Eligible Assets following the occurrence of an Issuer Event of Default

If an Issuer Default Notice is served on the Issuer and the Guarantor, then the Guarantor will be obliged to sell Eligible Assets (selected on a random basis) in order to make payments to the Guarantor's creditors including making payments under the Covered Bond Guarantee, see "*Overview of the Transaction Documents*" – "*Cover Pool Management Agreement*".

There is no guarantee that a buyer will be found to acquire Eligible Assets at the times required and there can be no guarantee or assurance as to the price which can be obtained for such Eligible Assets, which may affect payments under the Covered Bond Guarantee. However, the Eligible Assets may not be sold by the Guarantor for less than an amount equal to the Required Outstanding Principal Balance Amount for the relevant Series of

Covered Bonds until six months prior to the Maturity Date in respect of such Covered Bonds or (if the same is specified as applicable in the relevant Final Terms) the Extended Maturity Date under the Covered Bond Guarantee in respect of such Covered Bonds. In the six months prior to, as applicable, the Maturity Date or Extended Maturity Date, the Guarantor is obliged to sell the Selected Loans for the best price reasonably available notwithstanding that such price may be less than the Required Outstanding Principal Balance Amount.

Realisation of assets following the occurrence of a Guarantor Event of Default

If a Guarantor Event of Default occurs and a Guarantor Default Notice is served on the Guarantor, then the Representative of the Covered Bondholders will be entitled to enforce the Covered Bond Guarantee and to apply the proceeds deriving from the realisation of the Cover Pool towards payment of all secured obligations in accordance with the Post-Enforcement Priority of Payments, as described in the section entitled "*Cashflows*" below.

There is no guarantee that the proceeds of realisation of the Cover Pool will be in an amount sufficient to repay all amounts due to creditors (including the Covered Bondholders) under the Covered Bonds and the Transaction Documents. If a Guarantor Default Notice is served on the Guarantor then the Covered Bonds may be repaid sooner or later than expected or not at all.

Factors that may affect the realisable value of the Cover Pool or the ability of the Guarantor to make payments under the Covered Bond Guarantee

Following the occurrence of an Issuer Event of Default, the service of an Issuer Default Notice on the Issuer and on the Guarantor, the realisable value of Eligible Assets comprised in the Cover Pool may be reduced (which may affect the ability of the Guarantor to make payments under the Covered Bond Guarantee) by:

- default by Debtors of amounts due on their Mortgage Loans;
- changes to the lending criteria of the Sellers;
- set-off risks in relation to some types of Mortgage Loans in the Cover Pool;
- limited recourse to the Sellers;
- possible regulatory changes by the Bank of Italy, CONSOB or other regulatory authorities; and
- regulations in Italy that could lead to some terms of the Mortgage Loans being unenforceable.

Each of these factors is considered in more detail below. However, it should be noted that the Statutory Tests, the Amortisation Test and the Eligibility Criteria are intended to ensure that there will be an adequate amount of Mortgage Loans in the Cover Pool and moneys standing to the credit of the Accounts to enable the Guarantor to repay the Covered Bonds following an Issuer Event of Default, service of an Issuer Default Notice on the Issuer and on the Guarantor and accordingly it is expected (although there is no assurance) that Eligible Assets and Top-Up Assets could be realised for sufficient prices to enable the Guarantor to meet its obligations under the Covered Bond Guarantee.

Default by Debtors in paying amounts due on their Mortgage Loans

Debtors may default on their obligations due under the Mortgage Loans for a variety of reasons. The Mortgage Loans are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies. Other factors in Debtors' individual, personal or financial circumstances may affect the ability of Debtors to repay the Mortgage Loans. Loss of earnings, illness, divorce and other similar factors may lead to an increase in default by and bankruptcies of Debtors, and could ultimately have an

adverse impact on the ability of Debtors to repay the Mortgage Loans. In addition, the ability of a borrower to sell a property given as security for Mortgage Loan at a price sufficient to repay the amounts outstanding under that Mortgage Loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property and property values in general at the time.

Changes to the lending criteria of the Sellers

Each of the Mortgage Loans originated by the Sellers will have been originated in accordance with its lending criteria at the time of origination. Each of the Mortgage Loans sold to the Guarantor by the Sellers, but originated by a person other than a Seller (an "**Originator**"), will have been originated in accordance with the lending criteria of such Originator at the time of origination. It is expected that the relevant Seller's or the relevant Originator's, as the case may be, lending criteria will generally consider type of property, term of loan, age of applicant, the loan-to-value ratio, mortgage indemnity guarantee policies, high loan-to-value fees, status of applicants and credit history. In the event of the sale or transfer of any Mortgage Loans to the Guarantor, the Sellers will warrant that (a) such Mortgage Loans as were originated by it were originated in accordance with the Seller's lending criteria applicable at the time of origination and (b) such Mortgage Loans as were originated by an Originator, were originated in accordance with the relevant Originator's lending criteria applicable at the time of origination. The Sellers retain the right to revise their lending criteria from time to time subject to the terms of the Master Loans Purchase Agreement. An Originator may additionally revise its lending criteria at any time. However, if such lending criteria change in a manner that affects the creditworthiness of the Mortgage Loans, that may lead to increased defaults by Debtors and may affect the realisable value of the Cover Pool and the ability of the Guarantor to make payments under the Covered Bond Guarantee. However, it should be noted that Defaulted Loans in the Cover Pool will be given a reduced weighting for the purposes of the calculation of the Statutory Tests and the Amortisation Test.

Legal risks relating to the Mortgage Loans

The ability of the Guarantor to recover payments of interest and principal from the Mortgage Loans is subject to a number of legal risks. These include the risks set out below.

Set-off risks

The assignment of receivables under the Securitisation and Covered Bond Law is governed by article 58, paragraph 2, 3 and 4, of the Consolidated Banking Act. According to the prevailing interpretation of such provision, such assignment becomes enforceable against the relevant debtors as of the later of (i) the date of the publication of the notice of assignment in the Official Gazette of the Republic of Italy (*La Gazzetta Ufficiale della Repubblica Italiana*), and (ii) the date of registration of the notice of assignment in the local Companies' Registry. Consequently, the rights of the Guarantor may be subject to the direct rights of the Debtors against the Seller or, as applicable the relevant Originator, including rights of set-off on claims arising existing prior to notification in the Official Gazette and registration at the local Companies' Registry. In addition, the exercise of set-off rights by Debtors may adversely affect any sale proceeds of the Cover Pool and, ultimately, the ability of the Guarantor to make payments under the Covered Bond Guarantee. In this respect, it should be noted that the Issuer has undertaken, upon occurrence of an Issuer Downgrading Event, to notify on a quarterly basis the Rating Agency of the Potential Set-Off Amount.

Moreover, Destinazione Italia Decree introduced certain amendments to article 4 of Covered Bond Law. As a consequence of such amendments, it is now expressly provided by Covered Bond Law that the Debtors cannot exercise rights of set-off against the Covered Bonds Guarantor on claims arising *vis-à-vis* the Sellers after the publication of the notice of assignment in the Official Gazette of the Republic of Italy (*Gazzetta Ufficiale della Repubblica Italiana*).

Usury Law

Italian Law number 108 of 7 March 1996, as amended by law decree number 70 of 13 May 2011 (the "**Usury Law**") introduced legislation preventing lenders from applying interest rates equal to or higher than rates (the "**Usury Rates**") set every three months on the basis of a Decree issued by the Italian Treasury. In addition, even where the applicable Usury Rates are not exceeded, interest and other advantages and/or remuneration may be held to be usurious if: (i) they are disproportionate to the amount lent (taking into account the specific circumstances of the transaction and the average rate usually applied for similar transactions) and (ii) the person who paid or agreed to pay was in financial and economic difficulties. The provision of usurious interest, advantages or remuneration has the same consequences as non-compliance with the Usury Rates. In certain judgements issued during 2000, the Italian Supreme Court (*Corte di Cassazione*) ruled that the Usury Law applied both to loans advanced prior to and after the entry into force of the Usury Law.

On 29 December 2000, the Italian Government issued law decree No. 394 (the "**Decree 394**"), converted into law by the Italian Parliament on 28 February 2001, which clarified the uncertainty about the interpretation of the Usury Law and provided, *inter alia*, that interest will be deemed to be usurious only if the interest rate agreed by the parties exceeded the Usury Rates at the time when the loan agreement or any other credit facility was entered into or the interest rate was agreed. The Decree 394, as interpreted by the Italian Constitutional Court by decision No. 29 of 14 February 2002, also provided that as an extraordinary measure due to the exceptional fall in interest rates in 1998 and 1999, interest rates due on instalments payable after 31 December 2000 on fixed rate loans (other than subsidised loans) already entered into on the date such decree came into force (such date being 31 December 2000) are to be substituted, except where the parties have agreed to more favourable terms, with a lower interest rate set in accordance with parameters fixed by such decree by reference to the average gross yield of multiannual treasury bonds (*Buoni Tesoro Poliennali*) in the period from January 1986 to October 2000.

According to recent court precedents of the Italian Supreme Court (*Corte di Cassazione*), the remuneration of any given financing must be below the applicable Usury Rate from time to time applicable. Based on this recent evolution of case law on the matter, it will constitute a breach of the Usury Law if the remuneration of a financing is lower than the applicable Usury Rate at the time the terms of the financing were agreed but becomes higher than the applicable Usury Rate at any point in time thereafter. Furthermore, those court precedents have also stated that default interest rates are relevant and must be taken into account when calculating the aggregate remuneration of any given financing for the purposes of determining its compliance with the applicable Usury Rate. That interpretation is in contradiction with the current methodology for determining the Usury Rates, considering that the relevant surveys aimed at calculating the applicable average rate never took into account the default interest rates. On 3 July 2013, also the Bank of Italy has confirmed in an official document that default interest rates should be taken into account for the purposes of the Statutory Usury Rates and has acknowledged that there is a discrepancy between the methods utilised to determine the remuneration of any given financing (which must include default rates) and the applicable Statutory Usury Rates against which the former must be compared.

Compound interest

Pursuant to article 1283 of the Italian Civil Code, in respect of a monetary claim or receivable, accrued interest may be capitalised after a period of not less than six months or from the date when any legal proceedings are commenced in respect of that monetary claim or receivable. Article 1283 of the Italian Civil Code allows derogation from this provision in the event that there are recognised customary practices to the contrary. Banks and other financial institutions in the Republic of Italy have traditionally capitalised accrued interest on a quarterly basis on the grounds that such practice could be characterised as a customary practice. However, a number of recent judgements from Italian courts (including judgements from the Italian Supreme Court (*Corte di Cassazione*)) have held that such practices may not be defined as customary practices. Consequently if Debtors were to challenge this practice, it is possible that such interpretation of the Italian Civil Code would be upheld before other courts in the Republic of Italy and that the returns generated from the relevant Mortgage Loans may be prejudiced.

In this respect, it should be noted that Article 25, paragraph 3, of legislative decree No. 342 of 4 August 1999 (“**Decree No. 342**”), enacted by the Italian Government under a delegation granted pursuant to law No. 142 of 19 February 1992, has considered the capitalisation of accrued interest (*anatocismo*) made by banks prior to the date on which it came into force (19 October 1999) to be valid. After such date, the capitalisation of accrued interest is no longer possible upon the terms established by a resolution of the CICR issued on 22 February 2000. Law No. 342 has been challenged and decision No. 425 of 17 October 2000 of the Italian Constitutional Court has declared as unconstitutional under the provisions of Law No. 342 regarding the validity of the capitalisation of accrued interest made by banks prior to the date on which Law No. 342 came into force.

Recently, article 17 bis of law decree 18 of 14 February 2016 as converted into Law no. 49 of 8 April 2016 amended article 120, paragraph 2, of the Consolidated Banking Act, providing that the accrued interest shall not produce further interests, except for default interests, and are calculated exclusively on the principal amount. It should be noted that a new resolution of the CICR provided for by the article 120 of the Banking Law is still forthcoming. Given the novelty of this new legislation and the absence of any jurisprudential interpretation, the impact of such new legislation may not be predicted as at the date of this Base Prospectus.

Law no. 3 of 27 January 2012

Law no. 3 of 27 January 2012, published in the Official Gazette of the Republic of Italy no. 24 of 30 January 2012 (the “**Over Indebtedness Law**”) has become effective as of 29 February 2012 and introduced a new procedure, by means of which, *inter alia*, debtors who: (i) are in a state of over indebtedness (*sovraindebitamento*), and (ii) cannot be subject to bankruptcy proceedings or other insolvency proceedings pursuant to the Italian Bankruptcy Law, may request to enter into a debt restructuring agreement (*accordo di ristrutturazione*) with their respective creditors, provided that, in respect of future proceedings, the relevant debtor has not made recourse to the debt restructuring procedure enacted by the Over Indebtedness Law during the preceding 5 years.

The Over Indebtedness Law provides that the relevant debt restructuring agreement, subject to the relevant court approval, shall entail, *inter alia*: (i) the renegotiation of payments' terms with the relevant creditors; (ii) the full payment of the secured creditors; (iii) the full payment of any other creditors which are not part of the debt restructuring agreement (provided that the payments due to any creditors which have not approved the debt restructuring agreement, including any secured creditors, may be suspended for up to one year); and (iv) the possibility to appoint a trustee for the administration and liquidation of the debtor's assets and the distribution to the creditors of the proceeds of the liquidation.

Should the debtors under the Portfolio enter into such debt restructuring agreement (be it with the Issuer or with any other of its creditors), the Issuer could be subject to the risk of having the payments due by the relevant debtor suspended for up one year.

Mortgage borrower protection

Certain recent legislation enacted in Italy has given new rights and certain benefits to mortgage debtors and/or reinforced existing rights, including that described in the following paragraphs:

Article 120-ter of the Consolidated Banking Act

Article 120-ter of the Consolidated Banking Act provides that any provisions imposing a prepayments penalty in case of early redemption of mortgage loans is null and void with respect to loan agreements entered into, with an individual as borrower for the purpose of purchasing or restructuring real estate properties destined to residential purposes or to carry out the borrower's own professional or business activities.

The Italian banking association (“**ABI**”) and the main national consumer associations have reached an agreement (the “**Prepayment Penalty Agreement**”) regarding the equitable renegotiation of prepayment penalties with certain maximum limits calculated on the outstanding amount of the loans (the “**Substitutive Prepayment Penalty**”) containing the following main provisions: (i) with respect to variable rate loan agreements, the

Substitutive Prepayment Penalty should not exceed 0.50 per cent. and should be further reduced to (a) 0.20 per cent. in case of early redemption of the loan carried out within the third year from the final maturity date and (b) zero, in case of early redemption of the loan carried out within two years from the final maturity date, (ii) with respect to fixed rate loan agreements entered into before 1 January 2001, the Substitutive Prepayment Penalty should not exceed 0.50 per cent., and should be further reduced to: (a) 0.20 per cent., in case of early redemption of the loan carried out within the third year from the final maturity date; and (b) zero, in case of early redemption of the loan carried out within two years from the final maturity date, (iii) with respect to fixed rate loan agreements entered into after 31 December 2000, the Substitutive Prepayment Penalty should be equal to: (a) 1.90 per cent. if the relevant early redemption is carried out in the first half of loan's agreed duration; (b) 1.50 per cent. if the relevant early redemption is carried out following the first half of loan's agreed duration, provided however that the Substitutive Prepayment Penalty should be further reduced to: (x) 0.20 per cent., in case of early redemption of the loan carried out within three years from the final maturity date; and (y) zero, in case of early redemption of the loan carried out within two years from the final maturity date.

The Prepayment Penalty Agreement introduces a further protection for borrowers under a "safeguard" equitable clause (the "**Clausola di Salvaguardia**") in relation to those loan agreements which already provide for a prepayment penalty in an amount which is compliant with the thresholds described above. In respect of such loans, the Clausola di Salvaguardia provides that: (1) if the relevant loan is either: (x) a variable rate loan agreement; or (y) a fixed rate loan agreement entered into before 1 January 2001; the amount of the relevant prepayment penalty shall be reduced by 0.20 per cent.; (2) if the relevant loan is a fixed rate loan agreement entered into after 31 December 2000, the amount of the relevant prepayment penalty shall be reduced by (x) 0.25 per cent. if the agreed amount of the prepayment penalty was equal or higher than 1.25 per cent.; or (y) 0.15 per cent., if the agreed amount of the prepayment penalty was lower than 1.25 per cent.

Finally the Prepayment Penalty Agreement sets out specific solutions with respect to hybrid rate loans which are meant to apply to the hybrid rates the provisions, as more appropriate, relating respectively to fixed rate and variable rate loans.

Prospective investors' attention is drawn to the fact that, as a result of the entry into force of the Prepayment Penalty Agreement, the rate of prepayment in respect of Receivables can be higher than the one traditionally experienced by the Sellers for mortgage loans and that the Guarantor may not be able to recover the prepayment fees in the amount originally agreed with the borrowers.

Article 120-quater of the Consolidated Banking Act

Article 120-quater of the Consolidated Banking Act provides that any borrower may at any time prepay the relevant loan funding such prepayment by a loan granted by another lender which will be subrogated pursuant to article 1202 of the Italian civil code (*surrogato per volontà del debitore*) in the rights of the former lender, including the mortgages (without any formalities for the annotation of the transfer with the land registry, which shall be requested by enclosing a certified copy of the deed of subrogation (*atto di surrogazione*) to be made in the form of a public deed (*atto pubblico*) or of a deed certified by a notary public with respect to the signature (*scrittura privata autenticata*) without prejudice to any benefits of a fiscal nature.

In the event that the subrogation is not completed within thirty days from the relevant request from the succeeding lender to the former lender to start the relevant cooperation procedures, the original lender shall pay to the borrower an amount equal to 1 per cent. of the amount of the loan for each month or part thereof of delay, provided that if the delay is due to the succeeding lender, the latter shall repay to the former lender the delay penalty paid by it to the borrower.

As a consequence of the above and, as a result of the subrogation, the rate of prepayment of the Receivables might materially increase.

Borrower's right to suspend payments under a mortgage loan

Pursuant to Article 2, paragraph 475 and ff. of Italian law number 244 of 24 December 2007 (the "**2008 Budget Law**") any borrower under a mortgage loan agreement executed for the purposes of acquiring a "first home" real

estate property (*unità immobiliare da adibire ad abitazione principale*) giving evidence of its incapability to pay any instalments falling due under a mortgage loan is entitled to suspend payment of any such instalments for no more than two times during the life of the relevant mortgage loan and for a maximum duration of 18 months (the “**Borrower Payment Suspension Right**”). Upon exercise of the Borrower Payment Suspension Right the duration of the relevant mortgage loan will be extended to a period equal to the duration of the relevant suspension period.

The 2008 Budget Law also provided for the establishment of a fund (so called “*Fondo di solidarietà*”, the “**Fund**”) created for the purpose of bearing certain costs deriving from the suspension of payments and refers to implementing regulation to be issued for the determination of: (i) the requirements that the borrowers must comply with in order to have the right to the aforementioned suspension and the subsequent aid of the Fund; and (ii) the formalities and operating procedures of the Fund.

On 21 June 2010, the Ministry of Treasury and Finance (*Ministro dell’economia e delle finanze*) adopted ministerial decree No. 132, as further amended by the decree of the Ministry of Treasury and Finance No. 37 of 22 February 2013, (“**Decree 132/2010**”) detailing the requirements and formalities which any Borrower must comply with in order to exercise the Borrower Payment Suspension Right.

Pursuant to Decree 132/2010, the Ministry of Economy and Finance, on 27 October 2010, issued the guidelines (*Linee Guida*) (the “**Guidelines**”) – published on the website www.dt.tesoro.it (for the avoidance of doubt, such website does not constitute part of this Prospectus) which establish the procedures that borrowers must follow in order to exercise the Borrower Payment Suspension Right.

As specified in the Guidelines, pursuant to the provision of Decree 132, the Borrower Payment Suspension Right can be granted also in favour of mortgage loans which have been subject to covered bonds transactions pursuant to the Securitisation and Covered Bond Law.

In light of the above, pursuant to the Decree of the General Director of Treasury Department of the Ministry of Economy and Finance issued on 14 September 2010, CONSAP (*Concessionaria Servizi Assicurativi S.p.A.*), was selected as managing company of the Fund. The request to access to the aid granted by the Fund must be presented by borrowers starting from 15 November 2010, by using the relevant form of suspension-request duly prepared in compliance with the Guidelines and accompanied by the relevant documentation indicated therein.

Any borrower who complies with the requirements set out in Decree 132 and the Guidelines, has the right to suspend the payment of the instalments of its Receivables up to 18 months.

The agreement entered into on 18 December 2009 between the Italian Banking Association (*Associazione Bancaria Italiana - ABI*) and the Consumers Associations (*Associazioni dei Consumatori*) along with the relevant technical document attached therein adhered by the Issuer on 27 January 2010 (the “**Piano Famiglie**”) provides for a 12-month period suspension of payment of instalments relating to mortgage loans, where requested by the relevant Debtor during the period from 1 February 2010 to 31 January 2013. The suspension is allowed only where the following events have occurred: (i) termination of employment relationship; (ii) termination of employment relationships regulated under Article 409 No. 3 of the Italian civil procedure code; (iii) death or the occurrence of conditions pertaining to non-self sufficiency; and/or (iv) suspension from work or reduced working hours for a period of at least 30 days. The relevant events satisfying the subjective requirements must have occurred in respect of the relevant Debtor during the period from 1 January 2009 to 31 December 2012. The suspension can be requested on one occasion only, provided that the mortgage loans are granted for amounts not exceeding €150,000, granted for the purchase, construction or renovation of a primary residence (*mutui prima casa*), including: (i) mortgage loans assigned under securitisation or covered bond transactions pursuant to the Securitisation and Covered Bond Law, (ii) renegotiated mortgage loans and (iii) mortgage loans whereby the relevant lender was subrogated. Finally, in order to obtain such suspension of payments, the borrower shall have an income not exceeding €40,000 per year. The document clarifies that, in the context of a securitisation or covered bond transaction, the special purpose vehicle, or the Issuer acting on its behalf, can

adhere to the Piano Famiglie. The suspension can be limited to principal instalments only or can encompass both principal and interest instalments.

On 31 January 2012 ABI and the consumers' associations entered into a convention (*Nuovo Accordo*) that provides that the suspension of payment of instalments relating to mortgage loans may be applied for by 31 July 2012. Such convention amended the following conditions to be met in order to benefit from the suspension: (i) the conditions to benefit from the Piano Famiglie must be met by 30 June 2012; and (ii) the in payment delays of instalments cannot exceed 90 days (instead of 180 days).

On 31 July 2012 ABI and the consumers' associations entered into a *Protocollo d'intesa*, amending the "Nuovo Accordo" above mentioned as follows:

- 1) the final term to apply for the suspension of payment has been postponed to the earlier between (i) the date on which regulations implementing the Art. 2, paragraph 475 and followings of Law number 244 of 24 December 2007 relating to the Fund (as defined in the paragraph below) will be issued, and (ii) 31 January 2013.
- 2) the final term to meet the conditions necessary to benefit from the suspension of payment has been postponed to the earlier between (i) the date on which regulations implementing the Art. 2, paragraph 475 and followings of Law number 244 of 24 December 2007 relating to the Fund (as defined above) will be issued, and (ii) 31 December 2012.

Furthermore, on 30 January 2013 ABI and the consumers' associations entered into a new *Protocollo d'intesa* amending the aforementioned conventions, which provided that the suspension of payment of instalments relating to mortgage loans may be applied for no later than 31 March 2013 and, in order to benefit from the suspension, (i) the conditions must be met by 28 February 2013 and (ii) the payment delays of instalments cannot exceed 90 days.

Moreover, pursuant to Article 8, paragraph 6, of Law Decree No. 70 of 13 May 2011, converted into law by law No. 106 of 12 July 2011 (the "**Decreto Sviluppo**"), subject to certain conditions and up to 31 December 2012, certain borrowers may achieve (i) a renegotiation of mortgage loans which may result in the amendment of the interest calculation method from floating rate to fixed rate and (ii) the extension of the applicable amortisation plan of the relevant mortgage loan for a period not longer than five years, provided that, as a result of such extension, the residual duration of the relevant mortgage loan does not exceed a period equal to 25 years.

Finally, on 31 March 2015 ABI and the consumers' associations, in accordance with the provisions of the Finance Act 2015, as defined below, entered into an agreement pursuant to which, within 31 December 2017, consumers who are in a situation of economic difficulties, as further specified by the agreement, may ask for the suspension of payment of instalments relating to mortgage loans having a maturity of at least 24 months, in accordance with the previous agreements reached between ABI and consumers associations.

Prospective investors' attention is drawn to the fact that the potential effects of the suspension schemes and the impact thereof on the amortisation and prepayment profile of the Cover Pool cannot be predicted by the Issuer as at the date of this Prospectus.

Renegotiations of floating rate Mortgage Loans

Law Decree No. 93 of 27 May 2008 ("**Law Decree 93**"), converted into law No. 126 of 24 July 2008 ("**Law 126**") which came into force on 29 May 2008, regulates the renegotiation of floating rate mortgage loans granted for the purposes of purchasing, building or refurbishing real estate assets used as main houses.

According to Law 126, the *Ministero dell'Economia e delle Finanze* (Minister of Economy and Finance) and the ABI entered into a convention providing for the procedures for the renegotiation of such floating rate mortgage loans (the "**Convention**").

The Convention applies to floating rate mortgage loan agreements entered into or taken over (*accolati*), also further to the parcelling (*frazionamento*) of the relevant mortgages, before 29 May 2008. Pursuant to the

Convention, the instalments payable by a borrower under any of such mortgage loan agreements will be recalculated applying (a) a fixed interest rate (equal to the average of the floating rate interest rates applied under the relevant mortgage loan agreement during 2006) on the initial principal amount and for the original final maturity date of the relevant mortgage loan, or (b) if the mortgage loan has been entered into, renegotiated or taken over (*accollato*) after 31 December 2006, the parameters used for the calculation of the first instalment due after the date on which the mortgage loan has been entered into, renegotiated or taken over (*accollato*). The difference between the amount to be paid by the borrower as a result of such recalculation and the amount that the borrower would have paid on the basis of the original instalment plan will be (a) if negative, debited to a bank account on which interest will accrue in favour of the lender at the lower of (i) the rate equal to 10 (ten) IRS (interest rate swap) plus a spread of 0.50, and (ii) the rate applicable pursuant to the relevant mortgage loan, each of them calculated, in a fixed amount, on the renegotiation date, or (b) if positive, credited to such bank account. After the original final maturity date of the mortgage loan, the outstanding debt on the bank account will be repaid by the borrower through constant instalments equal to the ones resulting from the renegotiation, and the amortisation plan will be determined on the basis of the lower of (a) the rate applicable on the bank account, and (ii) the rate applicable pursuant to the relevant mortgage loan, as calculated, in a fixed amount, on the original final maturity date of the mortgage loan.

The legislation referred to in each subparagraph under section “*Mortgage borrower protection*” above constitutes an adverse effect on the Cover Pool and, in particular, on any cash flow projections concerning the Cover Pool as well as on the over-collateralisation required. However, as this legislation is relatively new, as at the date of this Prospectus, the Issuer is not in a position to predict its impact.

Mortgage Credit Directive

Directive 2014/17/EU of the European Parliament and of the Council of 4 February 2014 on credit agreements for consumers relating to residential immovable property and amending Directives 2008/48/EC and 2013/36/EU and Regulation (EU) No 1093/2010 (the “**Mortgage Credit Directive**”) sets out a common framework for certain aspects of the laws, regulations and administrative provisions of the Member States concerning agreements covering credit for consumers secured by a mortgage or otherwise relating to residential immovable property. The Mortgage Credit Directive provides for, amongst other things:

- standard information in advertising, and standard pre-contractual information;
- adequate explanations to the borrower on the proposed credit agreement and any ancillary service;
- calculation of the annual percentage rate of charge in accordance with a prescribed formula;
- assessment of creditworthiness of the borrower;
- a right of the borrower to make early repayment of the credit agreement; and
- prudential and supervisory requirements for credit intermediaries and non-bank lenders.

The Mortgage Credit Directive came into effect on 20 March 2014 and is required to be implemented in Member States by 21 March 2016.

On 1 June 2015, in accordance with Article 18, Article 20(1) and Article 28 of the Mortgage Credit Directive, the EBA published its final Guidelines on creditworthiness assessment, as well as its final Guidelines on arrears and foreclosure, that support the national implementation by Member States of the Mortgage Credit Directive.

In Italy the Government has approved the Legislative Decree no. 72 of 21 April 2016, implementing the Mortgage Credit Directive and published on the Official Gazette of the Republic of Italy on 20 May 2016 (the “**Mortgage Legislative Decree**”).

The Mortgage Legislative Decree clarifies that the new legal framework shall apply, inter alia, to (i) residential mortgage loans and (ii) loans relating to the purchase or preservation of the property rights on a residential immovable.

Moreover such decree sets forth certain rules of correctness, diligence and transparency and information undertakings applicable to the lenders and intermediaries which offer loans to the consumers and provides that the parties may agree under the loan agreements that in case of breach of the borrower’s payment obligations under the agreement (i.e. non-payment of at least eighteen loan instalments due and payable by the debtor) the transfer or the sale of the mortgaged assets has as a consequence that the entire debt is settled even if the value of the assets or the proceeds deriving from the sale of the assets is lower than the remaining amount due by the debtor in relation to the loan. Otherwise if the estimated value of the assets or the proceeds deriving from the sale of the assets is higher than the remaining amount due by the debtor, the excess amount shall be returned to the consumer. According to the Mortgage Legislative Decree the Bank of Italy and the Ministry of Economy and Finance will enact implementing provisions of such decree.

Given the novelty of this new legislation and the absence of any jurisprudential interpretation, the impact of such new legislation may not be predicted as at the date of this Base Prospectus.

No assurance can be given that the implementation of the Mortgage Legislative Decree will not adversely affect the ability of the Guarantor to make payments under the Covered Bond Guarantee.

(c) Screen Rate Determination

If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Covered Bonds for each Interest Period will be determined by the Covered Bond Calculation Agent on the following basis:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Covered Bond Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Covered Bond Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Covered Bond Calculation Agent will:
 - (C) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (D) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Covered Bond Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Covered Bond Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Covered Bond Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Covered Bond Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Covered Bonds during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Covered Bonds in respect of a preceding Interest Period.

(d) ISDA Determination

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Covered Bonds for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Covered Bond Calculation Agent under an interest rate swap transaction if the Covered Bond Calculation Agent were acting as Covered Bond Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London interbank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms.

(e) Maximum or Minimum Rate of Interest

If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

(f) Calculation of Interest Amount

The Covered Bond Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Covered Bond for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub unit of the Specified Currency (half a sub unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Covered Bond divided by the Calculation Amount. For this purpose a "sub unit" means, in the case of any currency other than Euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of Euro, means one cent.

(g) Calculation of other amounts

If the relevant Final Terms specifies that any other amount is to be calculated by the Covered Bond Calculation Agent, then the Covered Bond Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Covered Bond Calculation Agent in the manner specified in the relevant Final Terms.

(h) Publication

The Covered Bond Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Principal Paying Agent and each competent authority, stock exchange and/or quotation system (if any) by which the Covered Bonds have then been admitted to listing, trading and/ or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Covered Bondholders. The Covered Bond Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination, the Covered Bond Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Covered Bond having the minimum Specified Denomination.

(i) Notifications etc

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Covered Bond Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Guarantor, the Principal Paying Agent, the Covered Bondholders and (subject as aforesaid) no liability to any such Person will attach to

the Covered Bond Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

9. Redemption and Purchase

(a) Scheduled redemption

Unless previously redeemed or purchased and cancelled in accordance with the Conditions and the relevant Final Terms, the Covered Bonds will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in this Condition 9 (*Redemption and Purchase*) and Condition 10 (*Payments*).

(b) Extension of maturity

If an Extended Maturity Date is specified as applicable in the relevant Final Terms for a Series of Covered Bonds and the Issuer has failed to pay the Final Redemption Amount on the Maturity Date specified in the relevant Final Terms and the Guarantor or the Calculation Agent on its behalf determines that the Guarantor has insufficient moneys available under the relevant Priority of Payments to pay the Guaranteed Amounts corresponding to the Final Redemption Amount in full in respect of the relevant Series of Covered Bonds on the date falling on the Extension Determination Date, then (subject as provided below), payment of the unpaid amount by the Guarantor under the Covered Bond Guarantee shall be deferred until the Extended Maturity Date *provided that* any amount representing the Final Redemption Amount due and remaining after the Extension Determination Date may be paid by the Guarantor on any Interest Payment Date thereafter up to (and including) the relevant Extended Maturity Date.

The Issuer shall confirm to the Principal Paying Agent as soon as reasonably practicable and in any event at least four Business Days prior to the Maturity Date as to whether payment will or will not be made in full of the Final Redemption Amount in respect of the Covered Bonds on that Maturity Date. Any failure by the Issuer to notify the Principal Paying Agent shall not affect the validity or effectiveness of the extension.

The Guarantor shall notify the relevant holders of the Covered Bonds (in accordance with Condition 18 (*Notices*), any relevant Swap Provider(s), the Rating Agency, the Representative of the Covered Bondholders and the Principal Paying Agent as soon as reasonably practicable and in any event at least six Business Days prior to the Maturity Date of any inability of the Guarantor to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of the Covered Bonds pursuant to the Covered Bond Guarantee. Any failure by the Guarantor to notify such parties shall not affect the validity or effectiveness of the extension nor give rise to any rights in any such party.

In the circumstances outlined above, the Guarantor shall on the Extension Determination Date, pursuant to the Covered Bond Guarantee, apply the moneys (if any) available (after paying or providing for payment of higher ranking or *pari passu* amounts in accordance with the relevant Priority of Payments) *pro rata* in partial payment of an amount equal to the Final Redemption Amount in respect of the Covered Bonds and shall pay Guaranteed Amounts constituting interest in respect of each such Covered Bond on such date. The obligation of the Guarantor to pay any amount in respect of the balance of the Final Redemption Amount not so paid shall be deferred as described above.

Interest will continue to accrue on any unpaid amount and be payable on each Interest Payment Date during such extended period up to (and including) the Extended Maturity Date or, if earlier, the Interest Payment Date on which the Final Redemption Amount is paid in full.

(c) Redemption for tax reasons

The Covered Bonds may be redeemed at the option of the Issuer in whole, but not in part:

- (i) at any time (if the Floating Rate Provisions are specified in the relevant Final Terms as being applicable); or

- (ii) on any Interest Payment Date (if the Floating Rate Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Covered Bondholders (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 11 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of Italy or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Covered Bonds; and
- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Covered Bonds may be redeemed at any time, 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Covered Bonds were then due; or
- (2) where the Covered Bonds may be redeemed only on an Interest Payment Date, 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Covered Bonds were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Principal Paying Agent (A) a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred of and (B) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 9(c), the Issuer shall be bound to redeem the Covered Bonds in accordance with this Condition 9(c)

(d) Redemption at the option of the Issuer

If the Call Option is specified in the relevant Final Terms as being applicable, the Covered Bonds may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 15 nor more than 30 days' notice to the Covered Bondholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Covered Bonds on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

(e) Partial redemption and instalment redemption

If the Covered Bonds are to be redeemed in part only on any date in accordance with Condition 9(d) (*Redemption at the option of the Issuer*) or if they are redeemed in instalments pursuant to the relevant Final Terms and the Conditions, the Covered Bonds to be redeemed in part shall be redeemed in the principal amount specified by the Issuer and the Covered Bonds will be so redeemed in accordance with the rules and procedures of Monte Titoli and/or any other Relevant Clearing System (to be reflected in the records of such clearing systems as a pool factor or a reduction in principal amount, at their discretion), subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Covered Bonds have then been admitted to listing, trading and/or quotation. The notice to Covered Bondholders referred to in Condition 9(d) (*Redemption at the option of the Issuer*) shall specify the proportion of the Covered Bonds so to be redeemed. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the

relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.

(f) Redemption at the option of Covered Bondholders

If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of any Covered Bondholder redeem such Covered Bonds held by it on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 9(f), the Covered Bondholder must, not less than 15 nor more than 30 days before the relevant Optional Redemption Date (Put), deposit with the Principal Paying Agent a duly completed Put Option Notice (which notice shall be irrevocable) in the form obtainable from the Principal Paying Agent. The Principal Paying Agent shall deliver a duly completed Put Option Receipt to the depositing Covered Bondholder. Once deposited in accordance with this Condition 9(f), no duly completed Put Option Notice, may be withdrawn; *provided, however, that* if, prior to the relevant Optional Redemption Date (Put), any Covered Bonds become immediately due and payable or, upon due presentation of any such Covered Bonds on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the Principal Paying Agent shall mail notification thereof to the Covered Bondholder at such address as may have been given by such Covered Bondholder in the relevant Put Option Notice and shall hold such Covered Bond against surrender of the relevant Put Option Receipt. For so long as any outstanding Covered Bonds are held by the Principal Paying Agent in accordance with this Condition 9(f), the Covered Bondholder and not the Principal Paying Agent shall be deemed to be the holder of such Covered Bonds for all purposes.

(g) No other redemption

The Issuer shall not be entitled to redeem the Covered Bonds otherwise than as provided in this Condition 9 and as specified in the relevant Final Terms.

(h) Purchase

The Issuer or any of its Subsidiaries (other than the Guarantor) may at any time purchase Covered Bonds in the open market or otherwise and at any price and any Covered Bonds so purchased may be held or resold or may be surrendered in accordance with Condition 9(i) (Cancellation). The Guarantor shall not purchase any Covered Bonds at any time.

(i) Cancellation

All Covered Bonds so redeemed or purchased by the Issuer or any such Subsidiary and subsequently surrendered for cancellation shall be cancelled and may not be reissued or resold.

(j) Extension of principal instalments

If Extended Instalment Date is specified as applicable in the relevant Final Terms for a Series of Covered Bonds whose principal is payable in instalments and the Issuer has failed to pay a Covered Bond Instalment Amount on the applicable Covered Bond Instalment Date specified in the relevant Final Terms and the Guarantor or the Calculation Agent on its behalf determines that the Guarantor has insufficient moneys available under the relevant Priority of Payments to pay the Guaranteed Amounts corresponding to such Covered Bond Instalment Amount in full on the applicable Covered Bond Instalment Extension Determination Date, then (subject as provided below), payment by the Guarantor under the Covered Bond Guarantee of each of (a) such Covered Bond Instalment Amount and (b) all subsequently due and payable Covered Bond Instalment Amounts shall be deferred until the Interest Payment Date falling one year or the other period specified in the Final Terms after the date on which it was previously due *provided that* no Covered Bond Instalment Amount may be deferred to a date falling after the Extended Maturity Date for the relevant Series.

The Issuer shall confirm to the Principal Paying Agent as soon as reasonably practicable and in any event at least four Business Days prior to the applicable Covered Bond Instalment Date as to whether payment will or will not be made in full of the relevant Covered Bond Instalment Amount on its Covered Bond Instalment Date. Any failure by the Issuer to notify the Principal Paying Agent shall not affect the validity or effectiveness of the extension.

The Guarantor shall notify the relevant holders of the Covered Bonds (in accordance with Condition 18(*Notices*)), any relevant Swap Provider(s), the Rating Agency, the Representative of the Covered Bondholders and the Principal Paying Agent as soon as reasonably practicable and in any event at least six Business Days prior to a Covered Bond Instalment Date of any inability of the Guarantor to pay in full the Guaranteed Amounts corresponding to the relevant Covered Bond Instalment Amount pursuant to the Covered Bond Guarantee. Any failure by the Guarantor to notify such parties shall not affect the validity or effectiveness of the extension nor give rise to any rights in any such party.

In the circumstances outlined above, the Guarantor shall on each Interest Payment Date following the applicable Covered Bond Instalment Extension Determination Date until the applicable Extended Instalment Date, pursuant to the Covered Bond Guarantee, apply the moneys (if any) available (after paying or providing for payment of higher ranking or *pari passu* amounts in accordance with the relevant Priority of Payments) *pro rata* towards payment of an amount equal to the relevant Covered Bond Instalment Amount together with interest accrued thereon up to (and including) such date.

Interest will continue to accrue on any unpaid amount during such extended period and shall be payable on each Interest Payment Date from the relevant Covered Bond Instalment Date until the Extended Instalment Date or, if earlier, the date on which the deferred Covered Bond Instalment Amount is paid in full.

Failure by the Issuer to pay the Covered Bond Instalment Amount on its Covered Bond Instalment Date will (subject to any applicable grace period) be an Issuer Event of Default. Failure by the Guarantor to pay the deferred Covered Bond Instalment Amount on the related Extended Instalment Date will (subject to any applicable grace period) be a Guarantor Event of Default.

10. Payments

(a) Payments through clearing systems

Payment of interest and repayment of principal in respect of the Covered Bonds will be credited, in accordance with the instructions of Monte Titoli, by the Principal Paying Agent on behalf of the Issuer or the Guarantor (as the case may be) to the accounts of those banks and authorised brokers whose accounts with Monte Titoli are credited with those Covered Bonds and thereafter credited by such banks and authorised brokers from such aforementioned accounts to the accounts of the beneficial owners of those Covered Bonds or through the Relevant Clearing Systems to the accounts with the Relevant Clearing Systems of the beneficial owners of those Covered Bonds, in accordance with the rules and procedures of Monte Titoli and of the Relevant Clearing Systems, as the case may be.

(b) Payments subject to fiscal laws

All payments in respect of the Covered Bonds are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 11(*Taxation*). No commissions or expenses shall be charged to Covered Bondholders in respect of such payments.

(c) Payments on business days

If the due date for payment of any amount in respect of any Covered Bond is not a Payment Business Day in the Place of Payment, the Covered Bondholder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.

11. Taxation

(a) Gross up by Issuer

All payments of principal and interest in respect of the Covered Bonds by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed (i) by or on behalf of the Republic of Italy or any political subdivision therein or any authority therein or thereof having power to tax, or (ii) pursuant to an agreement described in Section

1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder or official interpretations thereof or pursuant to the provisions of the intergovernmental agreement entered into by and between Italy and the United States on 10 January 2014, ratified by way of Law No. 95 on 18 June 2015, published in the Official Gazette – general series No. 155, on 7 July 2015 (“**FATCA**”) unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law (including pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to FATCA). In that event, the Issuer shall pay such additional amounts as will result in receipt by the Covered Bondholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Covered Bond:

- (i) in respect of any payment or deduction of any interest or principal on account of *imposta sostitutiva* (at the then applicable rate of tax) pursuant to Decree 239 with respect to any Covered Bonds and in all circumstances in which the procedures set forth in Decree 239 have not been met or complied with except where such procedures have not been met or complied with due to the actions or omissions of the Issuer or its agents; or
- (ii) held by or on behalf of a Covered Bondholder which is liable to such taxes, duties, assessments or governmental charges in respect of such Covered Bonds by reason of its having some connection with the jurisdiction by which such taxes, duties, assessments or charges have been imposed, levied, collected, withheld or assessed other than the mere holding of the Covered Bonds; or
- (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law or agreement implementing or complying with, or introduced in order to conform to, such Directive; or
- (iv) presented for payment by or on behalf of a Covered Bondholder which would have been able to avoid such withholding or deduction by presenting the relevant Covered Bond to another Paying Agent in a Member State of the European Union; or
- (v) where such withholding is required by FATCA.

(b) Taxing jurisdiction

If the Issuer becomes subject at any time to any taxing jurisdiction other than the Republic of Italy, references in these Conditions to the Republic of Italy shall be construed as references to the Republic of Italy and/or such other jurisdiction. For the purposes of this paragraph (b), the Issuer will not be considered to become subject to the taxing jurisdiction of the United States should the Issuer be required to withhold amounts in respect any withholding tax imposed by the United States on any payments the Issuer makes.

(c) No Gross-up by the Guarantor

If withholding of, or deduction of any present or future taxes, duties, assessments or charges of whatever nature is imposed by or on behalf of Italy, any authority therein or thereof having power to tax, the Guarantor will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Covered Bondholders, as the case may be, and shall not be obliged to pay any additional amounts to the Covered Bondholders.

12. Events of Default

(a) Issuer Events of Default:

If any of the following events (each, an “**Issuer Event of Default**”) occurs and is continuing:

- (i) *Non-payment*: the Issuer fails to pay any amount of interest and/or principal due and payable on any Series of Covered Bonds at their relevant Interest Payment Date and such breach is not remedied within the next 15 Business Days, in case of amounts of interest, or 20 Business Days, in case of amounts of principal, as the case may be; or

- (ii) *Breach of other obligation*: a breach of any obligation under the Transaction Documents by the Issuer occurs which is not remedied within 30 days after the Representative of the Covered Bondholders has given written notice thereof to the Issuer; or

- (iv) *Insolvency*: an Insolvency Event occurs with respect to the Issuer; or
- (v) *Article 74 resolution*: a resolution pursuant to article 74 of the Consolidated Banking Act is issued in respect of the Issuer; or
- (vi) *Cessation of business*: the Issuer ceases to carry on its primary business; or
- (vii) *Breach of Tests*: the Tests are breached and are not remedied within the Test Grace Period,

then the Representative of the Covered Bondholders shall serve an Issuer Default Notice on the Issuer and the Guarantor demanding payment under the Covered Bond Guarantee, and specifying, in case of the Issuer Event of Default referred to under item (v) (*Article 74 resolution*) above, that the Issuer Event of Default may be temporary.

 - (c) if (i) the right of the Guarantor under Condition 12(b)(ii)(b) is in any way challenged or revoked and (ii) a Programme Resolution of the Covered Bondholders has been passed to this effect, the Covered Bonds will become immediately due and payable by the Issuer, at their Early Termination Amount together with accrued interest thereon and the Guarantor will no longer be entitled to request from the Issuer the amount set out under Condition 12(b)(ii)(b);
- (iii) *Disposal of Assets*: the Guarantor shall sell the Eligible Assets and Top-Up Assets included in the Cover Pool in accordance with the provisions of the Cover Pool Management Agreement,

provided that, in case of the Issuer Event of Default referred to under item (v) (*Article 74 resolution*) above, the effects listed in items (i) (*No further Series of Covered Bonds*), (ii) (*Covered Bond Guarantee*) and (iii) (*Disposal of Assets*) above will only apply for as long as the suspension of payments pursuant to Article 74 of the Consolidated Banking Act will be in force and effect (the "**Suspension Period**"). Accordingly (A) the Guarantor, in accordance with Decree 310, shall be responsible for the payments of the amounts due and payable under the Covered Bonds during the Suspension Period and (B) at the end of the Suspension Period, the Issuer shall be again responsible for meeting the payment obligations under the Covered Bonds.

(c) Guarantor Events of Default:

If any of the following events (each, a "**Guarantor Event of Default**") occurs and is continuing:

- (i) *Non-payment*: following delivery of an Issuer Default Notice, the Guarantor fails to pay any interest and/or principal due and payable under the Covered Bond Guarantee and such breach is not remedied within the next following 15 Business Days, in case of amounts of interests, or 20 Business Days, in case of amounts of principal, as the case may be; or

then the Representative of the Covered Bondholders shall or, in the case of the Guarantor Event of Default under Condition 12(c)(iii) (*Breach of other obligation*) shall, if so directed by a Programme Resolution, serve a Guarantor Default Notice on the Guarantor.

(d) Effect of a Guarantor Default Notice:

Upon service of a Guarantor Default Notice upon the Guarantor:

- (i) *Acceleration of Covered Bonds*: the Covered Bonds shall become immediately due and payable at their Early Termination Amount together, if appropriate, with any accrued interest;
- (ii) *Covered Bond Guarantee*: subject to and in accordance with the terms of the Covered Bond Guarantee, the Representative of the Covered Bondholders, on behalf of the Covered Bondholders, shall have a claim against the Guarantor for an amount equal to the Early Termination Amount, together with accrued interest and any other amount due under the Covered Bonds (other than additional amounts payable under Condition 11(a) (*Gross up by Issuer*)) in accordance with the Priority of Payments;
- (iii) *Disposal of assets*: the Guarantor shall immediately sell all assets included in the Cover Pool in accordance with the provisions of the Cover Pool Management Agreement; and
- (iv) *Enforcement*: the Representative of the Covered Bondholders may, at its discretion and without further notice subject to having been indemnified and/or secured to its satisfaction, take such steps and/or institute such proceedings against the Issuer or the Guarantor (as the case may be) as it may think fit to enforce such payments, but it shall not be bound to take any such proceedings or steps unless requested or authorised by a Programme Resolution of the Covered Bondholders.

(e) Determinations, etc

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 12 by the Representative of the Covered Bondholders shall (in the absence of fraud (*frode*), gross negligence (*colpa grave*) or wilful default (*dolo*)) be binding on the Issuer, the Guarantor and all Covered Bondholders and (in such absence as aforesaid) no liability to the Covered Bondholders, the Issuer or the Guarantor shall attach to the Representative of the Covered Bondholders in connection with the exercise or non-exercise by it of its powers, duties and discretions hereunder.

The Organisation of the Covered Bondholders shall be established upon, and by virtue of, the issuance of the first Series of Covered Bonds under the Programme and shall remain in force and in effect until repayment in full or cancellation of the Covered Bonds of any Series. Pursuant to the Rules of the Organisation of the Covered Bondholders, for as long as the Covered Bonds are outstanding, there shall at all times be a Representative of the Covered Bondholders. 15. Agents

In acting under the Cash Allocation Management and Payments Agreement and in connection with the Covered Bonds, the Principal Paying Agent acts solely as an agent of the Issuer and, following service of an Issuer Default Notice or a Guarantor Default Notice, as an agent of the Guarantor and does not assume any obligations towards or relationship of agency or trust for or with any of the Covered Bondholders.

The Principal Paying Agent and its initial Specified Offices are set out in these Conditions. 17. Limited Recourse and Non Petition

(a) Limited Recourse

The obligations of the Guarantor under the Covered Bond Guarantee constitute direct and unconditional, unsubordinated and limited recourse obligations of the Guarantor, collateralised by the Cover Pool as provided under the Securitisation and Covered Bond Law, Decree No. 310 and the Bank of Italy Regulations. (b) Other publication

The Representative of the Covered Bondholders shall be at liberty to sanction any other method of giving notice to Covered Bondholders if, in its sole opinion, such other method is reasonable having regard to market practice then prevailing and to the rules of the competent authority, stock exchange and/or quotation system by which the Covered Bonds are then admitted to trading and *provided that* notice of such other method is given to the holders of the Covered Bonds in such manner as the Representative of the Covered Bondholders shall require.

19. Rounding

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

All other Transaction Documents and any non-contractual obligations arising out of, or in connection, thereof are governed by Italian law, save for the Swap Agreements and the Deed of Charge, which are governed by English law.

(b) Jurisdiction

The courts of Milan have exclusive competence for the resolution of any dispute that may arise in relation to the Covered Bonds or their validity, interpretation or performance.

(c) Relevant legislation

19. **EFFECT OF RESOLUTIONS**

19.1 ***Binding nature***

Subject to Article 18.4 (*Other Series of Covered Bonds*), any resolution passed at a Meeting of the Covered Bondholders of any Series duly convened and held in accordance with these Rules shall be binding upon all Covered Bondholders of any such Series, whether or not present at such Meeting and or not voting. If Covered Bondholders representing 5 per cent. or more of the aggregate Outstanding Principal Amount of the Covered Bonds then outstanding object to such prospective individual actions and remedies, then the Claiming Covered Bondholder will be prevented from taking any individual action or remedy (without prejudice to the fact that, after a reasonable period of time, the same matter may be resubmitted to the Representative of the Covered Bondholders pursuant to the terms of this Article 23).

If the Issuer has issued and has outstanding Covered Bonds which are not denominated in Euro in the case of any Meeting or request in writing or Written Resolution of holders of Covered Bonds of more than one currency (whether in respect of the meeting or any adjourned such Meeting or any poll resulting therefrom or any such request or Written Resolution) the Outstanding Principal Amount of such Covered Bonds shall be the equivalent in Euro at the relevant Swap Rate. In such circumstances, on any poll each person present shall have one vote for each Euro 1.00 (or such other Euro amount as the Representative of the Covered Bondholders may in its absolute discretion stipulate) of the Outstanding Principal Amount of the Covered Bonds (converted as above) which he holds or represents.

UBI Banca and the UBI Banca Group recent developments

On 20 January 2015, the Italian Council of Ministers approved Law Decree No. 3 of 24 January 2015 entitled "*Urgent measures for the banking system and investment*" ("**Decree 3/2015**"). On 25 March 2015, Law No. 33 dated 24 March 2015 was published in the Official Gazette, which converted Decree 3/2015 into Italian law.

Article 1 of Decree 3/2015 provides for the reform of cooperative banks (*banche popolari*). In particular, Article 29 of Legislative Decree No. 385 of 1 September 1993 (the "**Banking Act**"), as amended by Decree 3/2015, has been amended to introduce a new paragraph 2 *bis*, which states that the total assets of a cooperative bank cannot

* Calculated according to the prudential rules for banks and investment companies contained in EU Regulation 575/2013 (the Capital Requirements Regulation, known as the CRR) and in the EU Directive 2013/36/EU (the Capital Requirements Directive, known as CRD IV), came into force on 1st January 2014. These transpose standards defined by the Basel Committee on Banking Supervision (known as the Basel 3 framework) into European Union regulations.

exceed €8 billion. New paragraph 2 *ter* of Article 29 of the Banking Act states that if the total assets of a cooperative bank exceed this threshold, the cooperative bank will be required to change its corporate form by converting into a joint-stock company.

In the event of conversion into a joint-stock company, Decree 3/2015 provides cooperative banks the option to amend their by-laws to include a ceiling on voting rights of shareholders at General Meetings, provided that the ceiling is not less than 5% of the bank's share capital with voting rights, for a maximum period of 24 months from the date of entry into force of the Law No. 33 of 24 March 2015.

Cooperative banks with assets which exceed €8 billion will have 18 months from 12 June 2015, being the date on which the Bank of Italy's implementing provisions of Law No. 33 of 24 March 2015 entered into force, to convert into joint-stock companies.

On 16 June 2015, the Supervisory Board of UBI Banca confirmed that its consolidated assets exceed €8 billion and resolved to convert UBI Banca into a joint stock company and to amend the Articles of Association of UBI Banca accordingly.

Additionally, the Supervisory Board, upon recommendation from the Management Board, identified additional amendments to the Articles of Association of UBI Banca, which had to be made prior to the relevant Shareholders' Meeting and the conversion of UBI Banca into a joint stock company. Amendments included (i) increasing the maximum number of proxies that could be granted to a registered shareholder for participation in Shareholders' Meetings to ten; (ii) amending the decision-making powers of the Supervisory Board concerning the limitation or the postponement, in full or in part, of the redemption of shares subject to withdrawal from UBI Banca; and (iii) repealing the provision concerning the status of a registered shareholder in order to be eligible to fulfil a board member position. Application for such amendments to the Articles of Association were submitted to the Bank of Italy for approval.

The key steps in the transformation process were completed during the third quarter of the 2015 when:

- the Bank of Italy issued authorizations to (i) amend the articles of association of the co-operative company in compliance with regulatory provisions (ii) authorized the new text of the articles of association of the joint stock company drawn up by the Supervisory Board in a meeting on 16th June;
- a Shareholders' Meeting was convened by notice on 9 th September to resolve (i) in an extraordinary session, with first call on 9th October and in second all on 10th October, UBI Banca's proposal to transform itself into a joint stock company with the consequent adoption of new articles of association and (ii) in the ordinary session, on amendments to the Regulations for Shareholders' Meetings to comply with the aforementioned provisions of the articles of association as a consequence of the change in the legal form of the Bank.

On the 10th October 2015 the Shareholders' Meeting met in extraordinary session and approved the proposal to transform UBI Banca into a joint stock company and consequently adopted new Articles of Association. Subsequently an ordinary session of the Shareholders' Meeting approved related amendments to the Regulations for Shareholders' Meetings in compliance with the new provisions of the Article of Association as a consequence of the transformation into a joint stock company.

Registered shareholders of UBI Banca who did not approve the resolution and other holders of UBI Banca shares were able to exercise their right of withdrawal within the time limits and according to the procedures laid down by article 2437 bis of the Italian Civil Code.

The transformation of UBI Banca into a joint stock company took effect on 12th October 2015.

On 18 April 2016 the Issuer announced that the Management Board had decided in favour of the adhesion of the UBI Banca Group to the "Fondo Atlante" for an amount up to Euro 200 million. The "Fondo Atlante", whose launch has recently been promoted by the Italian Government, is an alternative investment fund managed by Quaestio Capital Management SGR S.p.A., a regulated asset management company, aimed at providing support for the recapitalisation of certain Italian banks and at contributing to the solution of the problem of bad loans in

Italian banks. The major Italian banks, insurance companies, foundations and Cassa Depositi e Prestiti (a company whose capital is mainly held by the Italian Ministry of Economy and Finance and by banking foundations) have adhered to the “Fondo Atlante”.

On 28 April 2016 UBI Banca signed a contract for the sale of 100% of the share capital of its foreign bank UBI Banca International S.A. to EFG International AG. The transaction is expected to be completed during the first half of 2017.

On 27 June 2016 the Issuer announced that the Supervisory Board of UBI Banca approved the Group’s 2019/2020 Business Plan (the “**Business Plan**”) proposed by the Management Board containing strategic guidelines and economic, financial and capital objectives for the period 2015-2019/2020. The new Business Plan involves the adoption of a simpler and more efficient “Single Bank” baseline operating structure, a one-off re-absorption of the shortfall with a consequent increase in coverage for non performing exposures, a revision of the commercial range of products and services based on the new postcrisis fundamental needs of individual customers and a greater ability to recognise changes in industrial sectors and in the virtual supply chains in which firms operate.

More in particular, in order to achieve the strategic objectives of a further simplification of the decision-making and management processes within the Group and significant savings on costs, the Supervisory Board of UBI Banca and the Boards of Directors of the Network Banks passed resolutions for the merger by incorporation of Banca Popolare di Bergamo, Banco di Brescia, Banca Popolare Commercio e Industria, Banca Regionale Europea, Banca Popolare di Ancona, Banca Carime and Banca di Valle Camonica into UBI Banca.

In order to make this merger possible, UBI Banca will proceed to the purchase of stakes held by minority shareholders in the Network Banks - to be completed primarily by means of the exchange of the shares they hold with newly issued UBI Banca shares - and in particular, within end 2016, of those minority stakes held by the Fondazione Cassa di Risparmio di Cuneo in Banca Regionale Europea and by the Fondazione Banca del Monte di Lombardia in Banca Popolare Commercio e Industria.

The purchase of all the minority stakes, including the marginal stakes, will involve the issue of a maximum of €75.8 million shares with a maximum dilution of UBI Banca’s share capital of 7.8% against a more than proportional recovery in profitability. The benefit in terms of CET1 fully loaded ratio is estimated at approximately 30 basis points.

The Single Bank will allow optimisation of the operating structure, enabling the freeing up of approximately 600 staff and the closure of approximately 130 points of sale. The gross benefits in terms of operating costs fully phased-in are estimated at approximately €80 million – added to by the tax benefits on the transfer of intragroup dividends – against one-off project expenses (redundancy fund and other project costs) of approximately €198 million.

The corporate use of brands will cease, with recognition of €40 million of net impairment losses (approx. €60 million gross). The brands will continue to be used in an opportunistic way on the Network.

The transaction is subject to the necessary authorisations and is expected to be fully completed, inclusive of IT migrations, within the first half of 2017.

In addition to the above, the Group has decided, as part of the process to simplify and optimise credit management, to increase the coverage ratio for non performing exposures as the base-line for the Business Plan, with partial (€850 million) reabsorption of the provision shortfall, already deducted from the fully loaded CET1. This initiative, which reduces the amount of net problem loans, implies the recognition of higher impairment losses and thus an increase in coverage and it will bring benefits both in terms of capital ratios and in terms of credit recovery capacity.

All costs enabling the Business Plan will be up-fronted in 2016 (increase in coverage ratio, costs related to the redundancy fund, write off of brands, costs for the Single Bank project, etc..) for a total of approx. 895 million euro net of tax, most of it in 1H2016. The up-fronting of all costs will set the fundamentals for a smoother

development of the Business Plan, which aims at significantly improving the Group's efficiency and profitability to be reflected in EVA creation and higher ROTE.

Defaulted and problem loans

The classification of the problem loan portfolio complies with the official regulations and can be summarized as follows:

- "unlikely to pay" loans (*inadempienze probabili, previously termed "impaired" and "restructured" loans*);
- bad loans (*crediti in sofferenza, previously termed "non performing loans"*);

- loans past due and/or continuously in arrears (*esposizioni scadute e/o sconfinanti*) and
- unguaranteed loans to countries at risk (*crediti soggetti a rischio paese*).

“Unlikely to pay” loans

This portfolio of loans includes both positions for which it is considered that the temporary situation of objective difficulty can be overcome in a very short period of time and positions for which, on the contrary, it is felt best to disengage from the account with credit recovery out of court over a longer period of time.

Bad loans

Bad loans are loans in relation to which the relevant borrower is in a state of insolvency (whether or not insolvency proceedings have been commenced). A subjective test is used by the relevant lending bank to determine whether the borrower is in a state of insolvency.

Past due Loans

A debtor should be reported as past-due if both of the following conditions apply:

- Overdue or overdraft credit has last for over 90 days in consecutive terms.
- The higher of the following two values is at least equal to the threshold of 5 per cent.:
 - Average amount of overdue and/or overdrafts over the entire amount on a daily basis on the last preceding quarter.
 - Amount of overdue and/or overdrafts over the entire amount at the date of the report.

Loans secured by real estate overdue for more than 90 consecutive days are classified as "past due" without any reference to the threshold stated above.

Loans subject to country risk

"Country risk" relates to problems of solvency in countries where there are difficulties surrounding the service of debt. There are seven categories of risk. Italian banks must monitor the percentage of devaluation (0–15–20–25–30–40–60 per cent.) which has to be applied to loans in each of these categories which are not specifically guaranteed against political or economic risk. Italian banks must report monthly to the Bank of Italy on their positions for each country.

OVERVIEW OF THE TRANSACTION DOCUMENTS

Covered Bond Guarantee

On 2 April 2012, the Guarantor, the Issuer and the Representative of the Covered Bondholders entered into the Covered Bond Guarantee pursuant to which the Guarantor agreed to issue, for the benefit of the Covered Bondholders and the Other Issuer Creditors, a first demand, unconditional, irrevocable and autonomous guarantee to support payments of interest and principal under the Covered Bonds issued by the Issuer under the Programme and other payments due to the Other Issuer Creditors. Under the Covered Bond Guarantee the Guarantor has agreed to pay an amount equal to the Guaranteed Amounts when the same shall become due and payable but which would otherwise be unpaid by the Issuer. The obligations of the Guarantor under the Covered Bond Guarantee constitute direct and unconditional, unsubordinated and limited recourse obligations of the Guarantor, collateralised by the Cover Pool as provided under the Securitisation and Covered Bond Law, Decree 310 and the Bank of Italy Regulations.

The Representative of the Covered Bondholders will enforce the Covered Bond Guarantee: (i) following the occurrence of an Issuer Event of Default and subject to any applicable grace periods, by serving an Issuer Default Notice on the Issuer and the Guarantor; and (ii) following the occurrence of a Guarantor Event of Default and subject to any applicable grace periods, by serving a Guarantor Default Notice on the Guarantor.

Following the service of an Issuer Default Notice by the Representative of the Covered Bondholders, payment of the Guaranteed Amounts shall be made by the Guarantor on the dates scheduled and for the amounts determined in accordance with the Guarantee Priority of Payments.

Under the Covered Bond Guarantee, the parties have agreed that, should a resolution pursuant to article 74 of the Consolidated Banking Act be issued in respect of the Issuer, although such event constitutes an Issuer Event of Default, the consequences thereof will only apply during the Suspension Period. Following an Article 74 Event:

- (i) the Representative of the Covered Bondholders will serve an Issuer Default Notice on the Issuer and the Guarantor, specifying that an Article 74 Event has occurred and that such event may be temporary; and
- (ii) in accordance with Decree 310, the Guarantor shall be responsible for the payments of the amounts due and payable under the Covered Bonds within the Suspension Period at their relevant due date *provided that* it shall be entitled to claim any such amounts from the Issuer.

The Suspension Period shall end upon delivery by the Representative of the Covered Bondholders to the Issuer, the Guarantor and the Asset Monitor of an Article 74 Event Cure Notice, informing such parties that the Article 74 Event has been revoked.

Upon the termination of the Suspension Period the Issuer shall again be responsible for meeting the payment obligations under the Covered Bonds.

Under the Covered Bond Guarantee, the parties thereto have also agreed that, upon enforcement of the Covered Bond Guarantee, the Guarantor shall be entitled to request from the Issuer — also prior to any payments are effected by the Guarantor under the Covered Bond Guarantee — an amount up to the Guaranteed Amounts, in order to secure the Issuer obligations to the subrogation right of the Guarantor. Any sum so received or recovered from the Issuer will be used to make payments in accordance with the Covered Bond Guarantee. The parties have also agreed that the Guarantor shall no longer be entitled request to the Issuer payment of such amounts if a Guarantor Default Notice is delivered by the Representative of the Covered Bondholders or the Covered Bonds have been otherwise accelerated pursuant to the Conditions.

The service of a Guarantor Default Notice by the Representative of the Covered Bondholders will result in the acceleration of the right of the Covered Bondholders of each Series of Covered Bonds issued to receive payment of the Guaranteed Amounts and the Representative of the Covered Bondholders will demand the immediate payment by the Guarantor of all Guaranteed Amounts. Payments made by the Guarantor following the service of a Guarantor Event of Default shall be made *pari passu* and on a *pro-rata* basis to the Covered Bondholders of all outstanding Series of Covered Bonds, in accordance with the Post-Enforcement Priority of Payments.

Pursuant to the terms of the Covered Bond Guarantee, the recourse of the Covered Bondholders and the Other Issuer Creditors to the Guarantor under the Covered Bond Guarantee will be limited to the Guarantor Available Funds.

Furthermore, under the Covered Bond Guarantee, the parties have agreed that as of the date of administrative liquidation (*liquidazione coatta amministrativa*) of the Issuer or following the delivery of an Issuer Default Notice to the Issuer and the Guarantor, the Guarantor (or the Representative of the Covered Bondholders pursuant to the Intercreditor Agreement) shall exercise, on an exclusive basis and in compliance with the provisions of article 4 of the Decree No. 310, the rights of the Covered Bondholders against the Issuer and any amount recovered from the Issuer will be part of the Guarantor Available Funds.

To the extent that the Guarantor makes, or there is made on its behalf, a payment of any amount under the Covered Bond Guarantee, the Guarantor will be fully and automatically subrogated to the Covered Bondholders' and Other Issuer Creditors' rights against the Issuer pursuant to article 2900 *et seq.* of the Italian Civil Code.

Governing law

The Covered Bond Guarantee is governed by Italian law.

Subordinated Loan Agreements

On 29 February 2012, each Seller and the Guarantor entered into a Subordinated Loan Agreement pursuant to article 7-bis of the Securitisation and Covered Bond Law under which each Seller granted or will grant to the Guarantor a term loan facility in an aggregate amount equal to the relevant Total Commitment, for the purposes of funding the purchase by the Guarantor of (i) Eligible Assets from the relevant Seller pursuant to the terms of the relevant Master Loans Purchase Agreement and (ii) Eligible Asset and/or Top-Up Assets from the relevant Seller pursuant to the terms of the Cover Pool Management Agreement.

Pursuant to the relevant Subordinated Loan Agreement, each Subordinated Lender has acknowledged its undertakings (i) pursuant to the Cover Pool Management Agreement, to transfer further Eligible Assets and/or Top-Up Assets to the Guarantor and to make available to the Guarantor further Term Loans in order to fund the purchase of such assets, and (ii) pursuant to the Master Loans Purchase Agreement, to make available to the Guarantor further Term Loans in order to fund any settlement amounts of the purchase price of the Initial Portfolio or any New Portfolio which may be due by the Guarantor under the relevant Master Loans Purchase Agreement.

The obligation of each Seller (in its capacity as Subordinated Lender) to advance a Term Loan to the Guarantor under the relevant Subordinated Loan Agreement will be off-set against the obligation of the Guarantor to pay to the relevant Seller the purchase price for the Eligible Assets and Top-Up Assets funded by means of the relevant Term Loan.

On each Guarantor Payment Date and subject to the relevant Subordinated Lender having paid to the Guarantor any shortfall amount, the Guarantor will pay to the Subordinated Lender the amount of the Premium, if any, payable to such Subordinated Lender on the relevant Guarantor Payment Date in accordance with the applicable Priority of Payments and the terms of the relevant Subordinated Loan Agreement.

Interest and Premium, if any, payable in respect of a Term Loan shall be payable on each Guarantor Payment Date following the Drawdown Date (as defined under each Subordinated Loan Agreement) of that Term Loan, subject to the relevant Priority of Payments.

Prior to the delivery of an Issuer Default Notice, each Term Loan shall be repaid on each Guarantor Payment Date subject to the written request of the relevant Subordinated Lender and the Issuer, according to the Pre Issuer Event of Default Principal Priority of Payments and within the limits of the then Guarantor Available Funds, provided that such repayment does not result in a breach of any of the Tests or the Relevant Portfolio Test.

Following the service of an Issuer Default Notice, the Term Loans shall be repaid within the limits of the Guarantor Available Funds subject to the repayment in full (or, prior to the service of a Guarantor Default Notice, the accumulation of funds sufficient for the purpose of such repayment) of all Covered Bonds.

Governing law

Each Subordinated Loan Agreement is governed by Italian law.

Master Loans Purchase Agreements

On 29 February 2012 each Seller and the Guarantor entered into the Master Loans Purchase Agreements, as amended from time to time, pursuant to which, each Seller will assign and transfer to the Guarantor, and the Guarantor will purchase, without recourse (*pro soluto*) from the relevant Seller, an Initial Portfolio and New Portfolios of Eligible Assets and Top-Up Assets that shall form part of the Cover Pool, in accordance with articles 4 and 7-*bis* of the Securitisation and Covered Bond Law and article 2 of Decree 310.

Under each Master Loans Purchase Agreement, upon satisfaction of certain conditions set out therein, the relevant Seller (i) may or shall, as the case may be, assign and transfer, without recourse (*pro soluto*), to the Guarantor and the Guarantor shall purchase, without recourse (*pro soluto*) from the relevant Seller, New Portfolios which shall form part of the Cover Pool held by the Guarantor, if such transfer is required under the terms of the Cover Pool Management Agreement in order to ensure the compliance of the Cover Pool with the Tests or with the 15 per cent threshold limit with respect to Top-Up Assets provided for by Decree 310 and the Bank of Italy Regulations; and (ii) may transfer New Portfolios to the Guarantor, and the Guarantor shall purchase from each Seller such New Portfolios, in order to supplement the Cover Pool in connection with the issuance of further Series of Covered Bonds under the Programme in accordance with the Programme Agreement.

In addition to (i) and (ii) above, under the terms and subject to the conditions of the Master Loans Purchase Agreement, prior to the delivery to the Issuer and the Guarantor of an Issuer Default Notice, each Seller may transfer New Portfolios to the Guarantor, which will fund the purchase price thereof through the principal collections then standing to the credit of the relevant English Principal Collection Account.

The Purchase Price payable for the Initial Portfolio has been determined pursuant to each Master Loans Purchase Agreement. Under each Master Loans Purchase Agreement the relevant parties thereto have acknowledged that the Purchase Price for the Initial Portfolio shall be funded through the proceeds of the first Term Loan under the relevant Subordinated Loan Agreement. The Purchase Price for each New Portfolio will be equal to the aggregate amount of the Individual Purchase Price of all Receivables comprised in such New Portfolio as at the relevant Transfer Date.

In case the Purchase Price is paid with the principal collections then standing to the credit of the relevant English Principal Collection Account and, upon the settlement procedure set out above, the Guarantor is required to pay amounts to the Seller in excess of the Purchase Price already paid, such amounts will be deducted from the amounts due to the relevant Seller as repayment of the outstanding Term Loans and, to the extent no such amounts are available, through the proceeds of an appropriate Term Loan to be made available by the relevant Seller as Subordinated Lender pursuant to the relevant Subordinated Loan Agreement.

Each initial Seller has sold to the Guarantor, and the Guarantor has purchased from such Seller, the Receivables comprised in the Initial Portfolio, which meet the Common Criteria (as described in detail in the section headed "*Description of the Cover Pool*") and the relevant specific criteria (as described in detail under each relevant Master Loans Purchase Agreement). Receivables comprised in any New Portfolio to be transferred under the relevant Master Loans Purchase Agreement shall meet, in addition to the Common Criteria, the relevant specific criteria and/or any further criteria.

Pursuant to each Master Loans Purchase Agreement, prior to the occurrence of an Issuer Event of Default, the relevant Seller will have the right to repurchase individual Receivables (including Defaulted Receivables) transferred to the Guarantor under the Master Loans Purchase Agreement.

After the service of an Issuer Default Notice, the Guarantor will, prior to disposing of the Eligible Assets or Top-Up Assets pursuant to the terms of the Cover Pool Management Agreement, offer to sell the Eligible Assets to the relevant Seller at a price equal to the minimum purchase price of the relevant Eligible Assets as determined pursuant to the Cover Pool Management Agreement. If the Guarantor should subsequently propose to transfer such assets for a price lower than the minimum purchase price as determined pursuant to the Cover Pool Management Agreement, it shall again offer such assets to the relevant Seller on the same terms and conditions offered by such third parties before entering into a transfer agreement with the latter.

Governing law

Each Master Loan Purchase Agreement is governed by Italian law.

Warranty and Indemnity Agreement

On 29 February 2012, each Seller and the Guarantor entered into a Warranty and Indemnity Agreement pursuant to which each Seller has given certain representations and warranties in favour of the Guarantor in respect of, *inter alia*, itself, the Portfolio transferred and to be transferred by it pursuant to the relevant Master Loans Purchase Agreement, the Real Estate Assets over which the relevant Mortgages are established and certain other matters in relation to the issue of the Covered Bonds and has agreed to indemnify the Guarantor in respect of certain liabilities of the Guarantor that may be incurred, *inter alia*, in connection with the purchase and ownership of the relevant Portfolio.

Each Warranty and Indemnity Agreement contains representations and warranties given by the relevant Seller as to matters of law and fact affecting the relevant Seller including, without limitation, that the relevant Seller validly exists as a legal entity, has the corporate authority and power to enter into the Transaction Documents to which it is party and assume the obligations contemplated therein and has all the necessary authorisations for such purpose.

Each Warranty and Indemnity Agreement sets out certain representations and warranties in respect of the Portfolio to which it relates, including, *inter alia*, that, as of the date of execution of each Warranty and Indemnity Agreement, the Receivables comprised in the Initial Portfolio (i) are valid, in existence and in compliance with the criteria set forth under the relevant Master Loans Purchase Agreement, and (ii) relate to Mortgage Loan Agreements which have been entered into, executed and performed by the relevant Seller in compliance with all applicable laws, rules and regulations.

Pursuant to each Warranty and Indemnity Agreement, the relevant Seller has agreed to indemnify and hold harmless the Guarantor, its officers or agents or any of its permitted assigns from and against any and all damages, losses, claims, costs and expenses awarded against, or incurred by such parties which arise out of or result from, *inter alia*, any representation and warranty given by the Seller under or pursuant to the relevant Warranty and Indemnity Agreement being false, incomplete or incorrect.

Governing law

Each Warranty and Indemnity Agreement is governed by Italian law.

Master Servicing Agreement

On 29 February 2012, the Master Servicer, each Seller (in its capacity as Sub-Servicer) and the Guarantor entered into the Master Servicing Agreement, as amended from time to time pursuant to which the Guarantor has appointed Unione di Banche Italiane S.p.A. as Master Servicer of the Receivables. The Master Servicer will act as the "*soggetto incaricato della riscossione dei crediti ceduti e dei servizi di cassa e di pagamento*" pursuant to the Securitisation and Covered Bond Law and will be responsible for the receipt of the Collections acting as agent (*mandatario con obbligo di rendiconto*) of the Guarantor. In such capacity, the Master Servicer shall also be responsible for ensuring that such operations comply with the provisions of articles 2.3, letter (c), and 2.6 of the Securitisation and Covered Bond Law.

Pursuant to the Master Servicing Agreement the Master Servicer will transfer the interest and principal collections with respect to the Receivables credited to the Italian Collection Account pertaining to each Seller to, as appropriate, the relevant English Interest Collection Account and English Principal Collection Account held with the English Account Bank within the immediately following Business Day.

Under the Master Servicing Agreement the Master Servicer has delegated each Seller (other than UBI), in its capacity as Sub-Servicer, to carry out on behalf of the Guarantor and in accordance with the Master Servicing Agreement and the Credit and Collection Policy the management, administration, collection, recovery, monitoring and reporting activities with respect to the Receivables transferred by the relevant Seller to the Guarantor, except from the Receivables arising from UBI Portfolio and with the exception of the activities aimed at recovering any Defaulted Receivables and Delinquent Receivables, provided that in any case the activity of assignment of Defaulted Receivables to third parties cannot be delegated to the Sub-Servicers in accordance with the Master Servicing Agreement.

The Master Servicer will not be responsible for the actions undertaken by the Sub-Servicers which will be responsible for the fulfilment of the obligations undertaken by them under the Master Servicing Agreement on an individual basis and without joint liability.

Each Sub-Servicer has confirmed, in relation to its undertakings pursuant to the Master Servicing Agreement, its willingness to be the autonomous holder (*titolare autonomo del trattamento dei dati personali*) for the processing of personal data in relation to the Receivables, pursuant to the Privacy Law.

The Master Servicer has undertaken to deliver to, *inter alios*, the Guarantor, the Asset Monitor, the Representative of the Covered Bondholders, the Principal Paying Agent and the Corporate Servicer, the Monthly Master Servicer's Report and the Quarterly Master Servicer's Report prepared on the basis of the information reported by each Seller as Sub-Servicer.

The Master Servicer and each Sub-Servicer have represented to the Guarantor that each has all skills, software, hardware, information technology and human resources necessary to comply with the efficiency standards required by the Master Servicing Agreement in relation to the respective responsibilities.

The Guarantor has undertaken, also in accordance with the terms of the Intercreditor Agreement, to use reasonable endeavours to appoint a back-up Master Servicer within 45 days from the date on which the Master Servicer's long-term rating calculated, as long as the role of Master Servicer is covered by UBI Banca, taking into account the higher of (a) the long term unsecured, unsubordinated and unguaranteed rating by the Issuer and (b) the DBRS Covered Bonds Attachment Point of UBI Banca, has been downgraded below "BB(low)" from DBRS (provided that the rating of DBRS is (a) the public rating assigned by DBRS or, if there is no public DBRS rating, (b) the private rating assigned by DBRS or, in absence of a private rating or a public rating from DBRS, then (c) the DBRS Rating).

In the event the long-term unsecured and unsubordinated debt obligations of the Master Servicer calculated, as long as the role of Master Servicer is covered by UBI Banca, taking into account the higher of (a) the long term unsecured, unsubordinated and unguaranteed rating by the Issuer and (b) the DBRS Covered Bonds Attachment Point of UBI Banca, falls below "BBB(low)" from DBRS (provided that a rating by DBRS is (a) the public rating assigned by DBRS or, if there is no public DBRS rating, (b) the private rating assigned by DBRS or, in absence of a private rating or a public rating from DBRS, then (c) the DBRS Rating), the Master Servicer shall alternatively: (i) notify in writing to the Debtors the details of the new account opened in name and on behalf of the Guarantor with an Eligible Institution where any payments in respect of the Receivables shall be made and ensure that, starting from the date in which such downgrading has occurred, the daily balance of the Italian Collection Accounts is equal to zero as set out in the relevant account statements (*estratti conto*); or (ii) procure and maintain a first demand guarantee issued by an Eligible Institution, so to guarantee the obligations of the Master Servicer and/or the Sub-Servicer to transfer the Collections pursuant to the Master Servicing Agreement, provided that, in the event the Commingling Amount is considered for the calculation of the Nominal Value Test in accordance with the provisions of Clause 2.3 of the Cover Pool Management Agreement, and in case such test is satisfied, the Master Servicer shall not be obliged to realise any of the activities referred to in points (i) and (ii) above. The Guarantor may terminate the Master Servicer's and each Sub-Servicer's appointment and appoint a successor master servicer or sub-servicer if certain events occur, namely, with respect to the Master Servicer (each, a "**Master Servicer Termination Event**"):

- (i) failure (not attributable to *force majeure*) to deposit or pay any amount required to be paid or deposited which failure continues for a period of 10 Business Days following receipt of a written notice from the Guarantor requiring the relevant amount to be paid or deposited;
- (ii) failure to observe or perform duties under specified clauses of the Master Servicing Agreement and the continuation of such failure for a period of 10 Business Days following receipt of written notice from the Guarantor (*provided that* a failure ascribable to any Sub-Servicers delegated by the Master Servicer shall not constitute a Master Servicer Termination Event);
- (iii) an Insolvency Event occurs with respect to the Master Servicer;
- (iv) it becomes unlawful for the Master Servicer to perform or comply with any of its obligations under the Master Servicing Agreement;
- (v) the Master Servicer is or will be unable to meet the current or future legal requirements and the Bank of Italy's Regulations for entities acting as servicers in the context of a covered bonds transaction;

Governing law

The Master Servicing Agreement is governed by Italian law.

Programme Agreement

Intercreditor Agreement

On 2 April 2012, the Guarantor and the Other Creditors entered into the Intercreditor Agreement, as amended from time to time. Under the Intercreditor Agreement provision is made as to the application of the proceeds from Collections in respect of the Cover Pool and as to the circumstances in which the Representative of the Covered Bondholders will be entitled, in the interest of the Covered Bondholders, to exercise certain of the Guarantor's rights in respect of the Cover Pool and the Transaction Documents.

In the Intercreditor Agreement the Other Creditors have agreed, *inter alia*: to the order of priority of payments to be made out of the Guarantor Available Funds; that the obligations owed by the Guarantor to the Covered Bondholders and, in general, to the Other Creditors are limited recourse obligations of the Guarantor; and that the Covered Bondholders and the Other Creditors have a claim against the Guarantor only to the extent of the Guarantor Available Funds.

Under the terms of the Intercreditor Agreement, the Guarantor has undertaken, following the service of a Guarantor Default Notice, to comply with all directions of the Representative of the Covered Bondholders, acting pursuant to the Conditions, in relation to the management and administration of the Cover Pool.

Governing law

The Intercreditor Agreement is governed by Italian law.

Asset Monitor Agreement

On 2 April 2012, the Issuer, the Guarantor, the Asset Monitor, the Calculation Agent and the Representative of the Covered Bondholders entered into the Asset Monitor Agreement, whereby each of the Issuer and the Guarantor has appointed the Asset Monitor to perform the services set out therein — please see "*The Asset Monitor*" below.

The appointment by the Guarantor will become effective only subject to, and with effect from, the delivery of an Issuer Default Notice, *provided that*, in case the Issuer Event of Default consists of an Article 74 Event, the Asset Monitor will provide the services to the Guarantor up to the date on which the Representative of the Covered Bondholder will have delivered an Article 74 Event Cure Notice.

Pursuant to the Asset Monitor Agreement, the Asset Monitor has agreed to the Issuer and, upon delivery of an Issuer Default Notice, to the Guarantor, to verify, subject to due receipt of the information to be provided by the Calculation Agent to the Asset Monitor, the arithmetic accuracy of the calculations performed by the Calculation Agent in relation to the Statutory Tests and the Amortisation Test carried out pursuant to the Cover Pool Management Agreement, with a view to confirming whether such calculations are accurate.

In the Asset Monitor Agreement, the Asset Monitor has acknowledged to perform its services also for the benefit and in the interests of the Guarantor (to the extent it will carry out the services under the appointment of the Issuer) and the Covered Bondholders and accepted that upon delivery of an Issuer Default Notice, it will receive instructions from, provide its services to, and be liable *vis-à-vis* the Guarantor or the Representative of the Covered Bondholders on its behalf.

In addition, on or prior to each relevant date as set out in the Asset Monitor Agreement, the Asset Monitor has undertaken to deliver to the Guarantor, the Calculation Agent, the Representative of the Covered Bondholders and the Issuer the Asset Monitor Report (as defined under the Asset Monitor Agreement). The Asset Monitor shall also send the Asset Monitor Report to the Rating Agency, subject to the Rating Agency having sent to the Asset Monitor, prior to the first delivery of the Asset Monitor Report to the Rating Agency, a release letter confirming that the Rating Agency will not be able to rely on any such reports received under the Programme.

The Issuer or the Guarantor (as the case may be) may, until the occurrence of an Issuer Event of Default without any prior approval of the Representative of the Covered Bondholders and following the occurrence of an Issuer Event of Default with the prior approval of the Representative of the Covered Bondholders, revoke the appointment of the Asset Monitor, in either case by giving not less than three months' (or earlier, in the event of a breach of warranties and covenants) written notice to the Asset Monitor (with a copy to the Representative of the Covered Bondholders and the Calculation Agent). The Asset Monitor may resign from its appointment under the Asset Monitor Agreement, upon giving not less than three months' (or such shorter period as the Representative of the Covered Bondholders may agree) prior written notice of termination to the Issuer, the Guarantor, the Calculation Agent and the Representative of the Covered Bondholders subject to and conditional upon certain conditions set out in the Asset Monitor Agreement.

Governing law

The Asset Monitor Agreement is governed by Italian law.

On 2 April 2012, the Guarantor, the Issuer, the Sellers (also in their capacity as Sub-Servicers), the Master Servicer, the Italian Account Bank, the English Account Bank, the Calculation Agent, the Principal Paying Agent, the Guarantor Corporate Servicer and the Representative of the Covered Bondholders entered into the Cash Allocation, Management and Payments Agreement, as amended from time to time.

Under the terms of the Cash Allocation, Management and Payments Agreement:

- (i) the Italian Account Bank has agreed to establish and maintain, in the name and on behalf of the Guarantor, the Italian Collection Accounts, the Quota Capital Account and the Expenses Account and to provide the Guarantor with certain reporting services together with account handling services in relation to monies from time to time standing to the credit of such Accounts;
- (ii) the English Account Bank has agreed to establish and maintain, in the name and on behalf of the Guarantor, the English Principal Collection Accounts, the English Interest Collection Accounts and the Reserve Fund Account and to provide the Guarantor with certain reporting services together with account handling services in relation to monies from time to time standing to the credit of such accounts. In addition the English Account Bank has agreed to provide the Guarantor with certain payment services pursuant to the terms of the Cash Allocation, Management and Payments Agreement;
- (iii) the Principal Paying Agent has agreed to provide the Guarantor (and, prior to the delivery of an Issuer Default Notice, the Issuer) with certain payment services together with certain calculation services pursuant to the terms of the Cash Allocation, Management and Payments Agreement; and
- (iv) the Calculation Agent has agreed to provide the Guarantor with calculation services.

The English Account Bank shall comply with any instruction of the Calculation Agent to invest, on behalf of the Guarantor, amounts standing to the credit of the English Principal Collection Accounts and the Reserve Fund Account in Eligible Investments, as from time to time selected by the Calculation Agent in accordance with the provisions of the Cash Allocation, Management and Payments Agreement.

The Guarantor may (with the prior approval of the Representative of the Covered Bondholders) revoke its appointment of any Agent under the Cash Allocation, Management and Payment Agreement by giving not less than three months' (or earlier, in the event of a breach of warranties and covenants by the relevant Agent) written notice to the relevant Agent (with a copy to the Representative of the Covered Bondholders), regardless of whether an Issuer Event of Default or a Guarantor Event of Default has occurred. Any Agent may resign from its appointment under the Cash Allocation, Management and Payments Agreement, upon giving not less than three months' (or such shorter period as the Representative of the Covered Bondholders may agree) prior written notice of termination to the Guarantor and the Representative of the Covered Bondholders and the Issuer subject to and conditional upon certain conditions set out in the Cash Allocation, Management and Payments Agreement.

Governing law

The Cash Allocation, Management and Payments Agreement is governed by Italian law.

Cover Pool Management Agreement

On 2 April 2012, the Issuer, the Guarantor, the Asset Monitor, the Calculation Agent, the Sellers and the Representative of the Covered Bondholders entered into the Cover Pool Management Agreement, as amended from time to time, pursuant to which they have agreed certain terms regulating, *inter alia*, the performance of the Tests with respect to the Cover Pool and the purchase and sale by the Guarantor of assets included in the Cover Pool.

Under the Cover Pool Management Agreement, starting from the Issue Date of the first Series of Covered Bonds and until the date on which all Series of Covered Bonds issued in the context of the Programme have been cancelled or redeemed in full in accordance with their Final Terms, each Seller (and failing the Seller to do so, the Issuer and, failing the Issuer, the other Seller(s)) has undertaken to procure that on any Calculation Date each of the Statutory Tests is met with respect to the Cover Pool. In addition, on each Calculation Date following the occurrence of an Issuer Event of Default and service of an Issuer Default Notice (but prior to service of a Guarantor Default Notice) the Calculation Agent shall verify that the Amortisation Test is met with respect to the Cover Pool.

The Calculation Agent has agreed to prepare and deliver to Issuer, the Sellers, the Guarantor, the Representative of the Covered Bondholders, the Asset Monitor and the Rating Agency a report setting out the calculations carried out by it in respect to the Statutory Tests, the Amortisation Test and other information such as, *inter alia*, the Top-up Assets Limits (the "**Test Performance Report**"). Such Test Performance Report shall specify the amount of Top-Up Assets in relation to each Seller, the occurrence of a breach of the Statutory Tests and/or of the Amortisation Test and the Portfolio with respect to which a shortfall has occurred, identified on the basis of the Seller (or Sellers) which transferred it to the Guarantor (each, a "**Relevant Seller**").

If the Calculation Agent notifies the breach of any Test during the Test Grace Period, the Guarantor will purchase Eligible Assets and/or Top-Up Assets, to be transferred by (a) the Relevant Seller(s); and/or (b) upon the occurrence of the circumstances set out below, the Issuer; and/or (c) upon the occurrence of the circumstances set out below, the other Sellers, in an aggregate amount sufficient to ensure, also taking into account the information provided by the Calculation Agent in the Test Performance Report notifying the relevant breach, that as of the Calculation Date falling at the end of the Test Grace Period, all Tests are satisfied with respect to the Cover Pool.

Each Seller has undertaken, to the extent it is identified as a Relevant Seller, to promptly deliver a written notice to the Guarantor, the Issuer and the other Seller(s) informing them of any circumstance which may prevent it from complying (in part or in full) with its obligation to transfer the required amount of Eligible Assets and/or Top-Up Assets to the Guarantor (the "**Relevant Seller Notice**"). To the extent that the Relevant Seller deems that the circumstances above will only prevent it from transferring to the Guarantor a part of the Eligible Assets and/or Top-Up Assets required, for the purpose of allowing the Issuer or, as appropriate, the other Seller(s) to determine the amount of Eligible Assets and Top-Up Assets to be transferred to remedy the breach of Tests, the Relevant Seller Notice shall specify the amount of Eligible Assets and Top-Up Assets that the Relevant Seller will not be able to transfer.

To the extent that, within the 1st (first) Calculation Date following the date on which the breach of the Tests has occurred, the Issuer has received a Relevant Seller Notice from the Relevant Seller(s) or the Guarantor has not received an offer by the Relevant Seller in accordance with the relevant Master Loans Purchase Agreement in respect of such Eligible Assets and/or Top-Up Assets to be transferred to remedy the Tests, the Issuer has undertaken to (a) transfer to the Guarantor Eligible Assets and/or Top-Up Assets, in the aggregate amount sufficient to ensure that, as of the Calculation Date falling at the end of the Test Grace Period, all Tests are satisfied with respect to the Cover Pool and (b) accordingly to promptly deliver a written notice, substantially in the form of the Relevant Seller Notice, to the Guarantor and the other Seller(s) informing them of any circumstance which may prevent it from complying (in part or in full) with its obligation to transfer the required amount of Eligible Assets and/or Top-Up Assets to the Guarantor.

To the extent that, within the 2nd (second) Calculation Date following the date on which the breach of the Tests has occurred, (a) the Issuer has received a Relevant Seller Notice from the Relevant Seller(s); or (b) the Guarantor has not received an offer by the Relevant Seller in accordance with the relevant Master Loans Purchase Agreement in respect of such Eligible Assets and/or Top-Up Assets; and (i) the other Seller(s) have

received a notice substantially in the form of a Relevant Seller Notice from the Issuer; or (ii) the Guarantor has not received a contractual proposal by the Issuer in respect of such Eligible Assets and/or Top-Up Assets, the other Seller(s), jointly and severally, have undertaken to transfer to the Guarantor Eligible Assets and/or Top-Up Assets, in the aggregate amount sufficient to ensure that, as of the Calculation Date falling at the end of the Test Grace Period, all Tests are satisfied with respect to the Cover Pool. The undertakings described above, assumed by each of the Seller, are conditional upon transfer of the relevant Initial Portfolio by each of them to the Guarantor.

The parties to the Cover Pool Management Agreement have acknowledged that, at any time prior to the delivery of an Issuer Default Notice, the aggregate amount of Top-Up Assets included in the Cover Pool may not exceed 15 per cent. of the aggregate Outstanding Principal Balance of the Eligible Cover Pool, pursuant to the combined provisions of Decree 310 and the Bank of Italy Regulations. In this respect, the Calculation Agent has undertaken to determine, on each Calculation Date, the amount of Top-Up Assets (including any Collections and Recoveries and other cash flows deriving from the Eligible Assets and/or Top-Up Assets already transferred to the Guarantor) forming part of the Cover Pool and to report such calculation in each Test Performance Report.

Should it result from any Test Performance Report that the aggregate amount of Top-Up Assets included in the Cover Pool is in excess of 15 per cent. of the aggregate Outstanding Principal Balance of the Eligible Cover Pool, then the Seller(s) in relation to which the aggregate amount of (i) Top-Up Assets transferred by such Seller(s) to the Guarantor and (ii) the Collections and Recoveries on the relevant Portfolio is in excess of 15 per cent. of the Outstanding Principal Balance of the relevant Portfolio (the "**Relevant Top-Up Assets Excess**") shall, during the 3rd (third) following Calculation Period, transfer to the Guarantor New Portfolio(s) of Eligible Assets in an aggregate amount at least equal to the Relevant Top-Up Asset Excess; provided however that such transfer will not be necessary if the Relevant Top-Up Assets Excess has been cured in full on or prior to the 3rd (third) Guarantor Payment Date immediately following the Calculation Date in which any such Test Performance Report has been delivered, upon repayment by the Guarantor of any Term Loan outstanding under the relevant Subordinated Loan Agreement in accordance with the Pre-Issuer Event of Default Principal Priority of Payments.

The purchase price of New Portfolio(s) of Eligible Assets so transferred will be financed (i) through the principal collections standing to the credit of the relevant English Principal Collection Accounts, pursuant to Clause 3.4 of the relevant Master Loans Purchase Agreement or (ii) if the sums standing to the credit of the relevant English Principal Collection Accounts are not sufficient to fund the purchase price of such New Portfolio(s) of Eligible Assets, through the proceeds of Term Loan(s) advanced by such Seller(s) to the Guarantor pursuant to the relevant Subordinated Loan Agreement.

The parties have also acknowledged and agreed that, if notwithstanding one or more Seller(s) having pursued the remedies set out in above, the aggregate amount of Top-Up Assets included in the Cover Pool is still in excess of 15 per cent. of the aggregate Outstanding Principal Balance of the Eligible Cover Pool, (a) the obligations to transfer New Portfolio(s) of Eligible Assets will be undertaken by the Issuer and/or the other Seller(s) (which for such purpose are deemed to be Relevant Seller(s)) in the circumstances set out above and (b) the obligations to fund the purchase price of such New Portfolio(s) of Eligible Assets will be funded as described below. It is understood that, until the Relevant Top-Up Assets Excess is cured pursuant to the provisions of the Cover Pool Management Agreement, the Relevant Top-Up Assets Excess would not be computed for the purposes of the calculation of the Statutory Tests.

Following the delivery of an Issuer Default Notice on the Issuer and the Guarantor, any Collections and Recoveries and other cash flows deriving from the Eligible Assets and/or Top-Up Assets transferred to the Guarantor may then exceed the 15 per cent. limit of the aggregate Outstanding Principal Balance of the Eligible Cover Pool and the above provisions shall cease to apply, provided however that, should the Issuer Default Notice consist of an Article 74 Event, such provisions will again apply upon delivery of an Article 74 Cure Notice.

For the purpose of allowing the Guarantor to fund the purchases referred to above:

- (a) each Relevant Seller, in its capacity as Subordinated Lender, has undertaken to advance to the Guarantor a Term Loan in accordance with the relevant Subordinated Loan Agreement in an amount equal to the purchase price to be paid by the Guarantor for the Eligible Assets and/or Top-Up Assets to be transferred by such Relevant Seller, also acknowledging that the Total Commitment set out from time to time under the relevant Subordinated Loan Agreement shall not be a limitation with respect to the Relevant Seller's

obligation to advance the Term Loans to the Guarantor in order to fund the purchase price for the relevant Eligible Assets and Top-Up Assets;

- (b) the Issuer has undertaken to advance a subordinated loan to the Guarantor on substantially the same terms as provided for under the Subordinated Loan Agreements in an amount equal to the purchase price to be paid by the Guarantor for the Eligible Assets and/or Top-Up Assets to be transferred by the Issuer; and
- (c) each other Seller, in its capacity as Subordinated Lender, has undertaken to advance to the Guarantor a Term Loan in accordance with the relevant Subordinated Loan Agreement in an amount equal to the purchase price to be paid by the Guarantor for the Eligible Assets and/or Top-Up Assets to be transferred by such other Seller.

The Guarantor will not be allowed under the Cover Pool Management Agreement to purchase Eligible Assets and/or Top-Up Assets from any other entities that are not part of the UBI Banca Group.

If, within the Test Grace Period, the relevant breach of the Tests is not remedied in accordance with the terms of the Cover Pool Management Agreement, the Representative of the Covered Bondholders will deliver:

- 1. an Issuer Default Notice to the Issuer and the Guarantor; or
- 2. a Guarantor Default Notice, if an Issuer Default Notice has already been served (*provided that*, should such Issuer Default Notice consist of an Article 74 Event, it has not served an Article 74 Event Cure Notice).

Upon receipt of an Issuer Default Notice or a Guarantor Default Notice, the Guarantor shall dispose of the assets included in the Cover Pool.

After the service of an Issuer Default Notice on the Issuer and the Guarantor, but prior to service of a Guarantor Default Notice, the Guarantor will sell, refinance or otherwise liquidate the Eligible Assets and Top-Up Assets included in the Cover Pool, subject to the rights of pre-emption in favour of the Sellers to buy such Eligible Assets and, if applicable, Top-Up Assets pursuant to the relevant Master Loans Purchase Agreements, *provided that*, in case the Issuer Event of Default consists of an Article 74 Event, such provisions will only apply for as long as the Representative of the Covered Bondholders will have delivered an Article 74 Event Cure Notice.

The Eligible Assets to be sold or liquidated will be selected from the Cover Pool by the Master Servicer on behalf of the Guarantor (any such Eligible Assets, together with any relevant Top-Up Assets, the "**Selected Assets**") and the proceeds from any sale of Selected Assets shall be credited to the Reserve Fund Account and applied as part of the Guarantor Available Funds in accordance with the applicable Priority of Payments. The Selected Assets shall be selected on a random basis and so to ensure that the ratio between the aggregate Outstanding Principal Balance of the Cover Pool and the Outstanding Principal Amount of all Series of Covered Bonds remains unaltered both prior to and following the sale or liquidation of the relevant Selected Assets and repayment of the Earliest Maturing Covered Bonds.

Before offering Selected Assets for sale or liquidating them, the Guarantor shall ensure that the Selected Assets have an aggregate Outstanding Principal Balance in an amount which is as close as possible to:

- 1. the Outstanding Principal Amount in respect of the Earliest Maturing Covered Bonds, multiplied by $1 + \text{Negative Carry Factor} \times (\text{days to maturity of the relevant Series of Covered Bonds}/365)$; *minus*
- 2. amounts standing to the credit of the English Principal Collection Accounts; *minus*
- 3. the principal amount of any Top-Up Assets consisting of deposits,

excluding, with respect to items 1 and 2 above, all amounts to be applied on the next following Guarantor Payment Date to repay higher ranking amounts in the applicable Priority of Payments (the "**Required Outstanding Principal Balance**").

The Guarantor will offer the Selected Assets for sale or liquidate them for the best price or proceeds reasonably available but in any event for an amount not less than the Required Outstanding Principal Balance (the "**Required Outstanding Principal Balance Amount**").

If the Selected Assets have not been sold or otherwise liquidated in an amount equal to the Required Outstanding Principal Balance Amount by the date which is six months prior to, as applicable, the Maturity Date (if the relevant Series of Covered Bonds is not subject to an Extended Maturity Date) or the Extended Maturity Date (if the relevant Series of Covered Bonds is subject to an Extended Maturity Date) of the Earliest Maturing Covered Bonds, and the Guarantor does not have sufficient other funds standing to the credit of the Accounts available to repay the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits to be made in priority thereto), then the Guarantor will offer the Selected Assets for sale or liquidate them for the best price reasonably available notwithstanding that such amount may be less than the Required Outstanding Principal Balance Amount.

With respect to any sale or liquidation to be carried out, the Guarantor shall instruct the Portfolio Manager (as defined below) — to the extent possible taking into account the time left before the Maturity Date or Extended Maturity Date (if applicable) of the Earliest Maturing Covered Bonds — to sell or liquidate any Top-Up Assets included in the Cover Pool before any Eligible Assets are sold in accordance herewith.

The Guarantor may offer for sale or otherwise liquidate part of any portfolio of Selected Assets (a "**Partial Portfolio**"). Except in certain circumstances described in the Cover Pool Management Agreement, the sale price or liquidation proceeds of the Partial Portfolio (as a proportion of the Required Outstanding Principal Balance Amount) shall be at least equal to the proportion that the Partial Portfolio bears to the relevant portfolio of Selected Assets.

Upon the occurrence of an Issuer Event of Default, the Guarantor will through a tender process (to be carried out by the Guarantor Corporate Servicer on behalf of the Guarantor) appoint a portfolio manager (the "**Portfolio Manager**") of recognised standing on a basis intended to incentivise the Portfolio Manager to achieve the best proceeds for the sale or liquidation of the Selected Assets (if such terms are commercially available in the market) and to advise it in relation to the sale to purchasers (except where a Seller is buying the Selected Assets in accordance with its right of pre-emption under the Master Loans Purchase Agreement) or liquidation of the Selected Assets. The terms of the agreement giving effect to the appointment in accordance with such tender, as well as the terms and conditions of the sale of the Selected Assets, shall be approved by the Representative of the Covered Bondholders.

Following the delivery of an Issuer Default Notice consisting of an Article 74 Event, the obligation of the Guarantor to sell or liquidate Selected Assets, as described above, shall cease to apply starting from the date on which the Representative of the Covered Bondholders delivers to the Issuer, the Sellers, the Guarantor and the Asset Monitor an Article 74 Event Cure Notice in accordance with the provisions of the Covered Bond Guarantee.

Following the delivery by the Representative of the Covered Bondholders of a Guarantor Default Notice, the Guarantor shall immediately sell or liquidate all assets included in the Cover Pool in accordance with the procedures described above and the proceeds thereof will be applied as Guarantor Available Funds, *provided that* the Guarantor (or, in the absence, the Representative of the Covered Bondholders) will instruct the Portfolio Manager to use all reasonable endeavours to procure that such sale or liquidation is carried out as quickly as reasonably practicable taking into account the market conditions at that time.

Governing law

The Cover Pool Management Agreement is governed by Italian law.

The Swap Agreements

Liability Swap Agreements

The Guarantor may enter into one or more Liability Swap Agreements on each Issue Date with one or more Liability Swap Providers to hedge certain interest rate, currency and other risks in respect of amounts payable by the Guarantor in respect of the Series of Covered Bonds issued on that Issue Date. The aggregate notional amount of the Liability Swap Agreements entered into on each Issue Date shall be linked to the Outstanding Principal Amount of the relevant Series of Covered Bonds.

Asset Swap Agreements

Some of the Mortgage Loans in the portfolio purchased by the Guarantor from each Seller from time to time will pay a variable rate of interest and other Mortgage Loans will pay a fixed rate of interest. The Guarantor may

enter into an Asset Swap Agreement with each Seller in its capacity as Asset Swap Provider to ensure that it has sufficient funds to meet its monthly payment obligations and hedge variations between the rate of interest payable on Mortgage Loans in the portfolio purchased from that Asset Swap Provider as Seller and EURIBOR.

Mandate Agreement

On 2 April 2012, the Guarantor and the Representative of the Covered Bondholders entered into a mandate agreement (the "**Mandate Agreement**"), pursuant to which the Representative of the Covered Bondholders shall be authorised, subject to a Guarantor Default Notice being delivered to the Guarantor or upon failure by the Guarantor to exercise its rights under the Transaction Documents and, subject to certain conditions, to exercise, in the name and on behalf of the Guarantor, in the interest of the Covered Bondholders and for the benefit of the Other Creditors all the Guarantor's right with reference to certain Transaction Documents.

Governing law

The Mandate Agreement is governed by Italian law.

Deed of Pledge

Deed of Pledge

On 2 April 2012, the Guarantor, the Representative of the Covered Bondholders and the Other Creditors entered into the Deed of Pledge under which, without prejudice and in addition to any security, guarantee and other right provided by the Securitisation and Covered Bond Law and the Deed of Charge, securing the discharge of the Guarantor's obligations to the Covered Bondholders and the Other Creditors, the Guarantor has pledged in favour of the Covered Bondholders and the Other Creditors all monetary claims and rights and all the amount arising (including payment for claims, indemnities, damages, penalties, credits and guarantees) to which the Guarantor is or will be entitled to from time to time pursuant to certain Transaction Documents, with the exclusion of the Cover Pool and the Collections. The security created pursuant to the Deed of Pledge will become enforceable upon the service of a Guarantor Default Notice.

Governing law

The Deed of Pledge is governed by Italian law.

Deed of Charge

On 2 April 2012, the Guarantor entered into the Deed of Charge with the Representative of the Covered Bondholders pursuant to which, without prejudice and in addition to any security, guarantees and other rights provided by the Securitisation and Covered Bond Law and the Deed of Pledge securing the discharge of the Guarantor's obligations to the Covered Bondholders and the Other Creditors, the Guarantor will assign in favour of the Representative of the Covered Bondholders as trustee for the Covered Bondholders and the Other Creditors all of its right, title, benefit and interest under the English Accounts as at that date and agree to create security over other swap agreements (excluding those entered into by Italian counterparties which will be subject to the Deed of Pledge) entered into by it from time to time thereafter.

Governing law

The Deed of Charge is governed by English law.

Corporate Services Agreement

The Guarantor Corporate Servicer and the Guarantor have entered into a corporate services agreement with the Guarantor Corporate Servicer on 29 February 2012 (the "**Corporate Services Agreement**"), pursuant to which the Guarantor Corporate Servicer has agreed to provide certain corporate and administrative services to the Guarantor

Quotaholders' Agreement

For a description of the Quotaholders' Agreement, see "*The Guarantor*".

CREDIT STRUCTURE

The Covered Bonds will be direct, unsecured, unconditional obligations of the Issuer. The Guarantor has no obligation to pay the Guaranteed Amounts under the Covered Bond Guarantee until the occurrence of an Issuer Event of Default, service by the Representative of the Covered Bondholders of an Issuer Default Notice on the Issuer and on the Guarantor or, if earlier, following the occurrence of a Guarantor Event of Default, service by the Representative of the Covered Bondholders of a Guarantor Default Notice on the Guarantor.

There are a number of features of the Programme which enhance the likelihood of timely and, as applicable, ultimate payments to Covered Bondholders, as follows:

- the Covered Bond Guarantee provides credit support;
- the Statutory Tests are periodically performed with the intention of ensuring that the Cover Pool is at all times sufficient to repay the Covered Bonds;
- the Amortisation Test is periodically performed, following the occurrence of an Issuer Event of Default and service of an Issuer Default Notice on the Issuer and the Guarantor, for the purpose of testing the asset coverage of the Guarantor's assets in respect of the Covered Bonds;
- a Reserve Fund Account will be established which will build up over time using excess cash flow from Interest Available Funds and Principal Available Funds, in order to ensure that the Guarantor will have sufficient funds set aside to fulfil its obligation to pay interest accruing with respect to the Covered Bonds; and
- the swap agreements that may be entered into in order to hedge certain interest rate, currency or other risks, in respect of amounts received and amounts payable by the Guarantor.

Certain of these factors are considered more fully in the remainder of this section.

Guarantee

The Covered Bond Guarantee provided by the Guarantor guarantees payment of Guaranteed Amounts when they become due for payment in respect of all Covered Bonds issued under the Programme.

See "*Overview of the Transaction Documents — Covered Bond Guarantee*" above, as regards the terms of the Covered Bond Guarantee. See "*Cashflows — Guarantee Priority of Payments*" further, as regards the payment of amounts payable by the Guarantor to Covered Bondholders and the Other Issuer Creditors following the occurrence of an Issuer Event of Default.

Compliance with the Tests

Under the terms of the Cover Pool Management Agreement, each Relevant Seller (as defined under the Cover Pool Management Agreement) (and failing which, the Issuer, failing which, the other Seller(s)) must ensure that, on each Calculation Date prior to service of an Issuer Default Notice, the Cover Pool is in compliance with the Tests described below. If on any Calculation Date the Cover Pool is not in compliance with the Tests, then the Relevant Seller (and failing which, the Issuer, failing which, the other Seller(s)) will sell Eligible Assets or Top-Up Assets to the Guarantor for an amount sufficient to allow the Tests to be met on the next following Calculation Date, in accordance with the relevant Master Loans Purchase Agreements and the Cover Pool Management Agreement, to be financed through the proceeds of Term Loans to be granted by the Relevant Seller(s), and/or the Issuer and/or the other Seller(s) (each only in respect of the Eligible Assets and/or Top-Up Assets transferred by it).

Statutory Tests

The Statutory Tests are intended to ensure that the Guarantor can meet its obligations under the Covered Bond Guarantee. In order to ensure that the statutory tests provided for under Article 3 of Decree No. 310 (the "**Statutory Tests**") are satisfied and that the Cover Pool is at all times sufficient to repay the Covered Bonds, each Seller (and failing the Seller to do so, the Issuer) must ensure that the three tests set out below are satisfied on each Calculation Date.

Nominal Value Test

The Calculation Agent shall verify that on each Calculation Date, the aggregate Outstanding Principal Balance of the Eligible Cover Pool shall be higher than or equal to the Outstanding Principal Amount of all Series of Covered Bonds issued under the Programme and not cancelled or redeemed in full in accordance with their Final Terms at the relevant Calculation Date.

For the purpose of the above, the Calculation Agent shall consider the Outstanding Principal Balance of the Eligible Cover Pool as an amount equal to the "**Nominal Value**", which will be calculated on each Calculation Date, by applying the following formula:

$$A + B + C - Y - W - Z$$

where,

"A" stands for the "**Adjusted Outstanding Principal Balance**" of each Mortgage Loan, in the Cover Pool as at the relevant Calculation Date, defined as the lower of:

- (i) the actual Outstanding Principal Balance of the relevant Mortgage Loan as calculated on the relevant Calculation Date; and
- (ii) the Latest Valuation relating to that Mortgage Loan multiplied by M,

where

- (a) for all Residential Mortgage Loans that are not Defaulted Loans, $M = 0.80$;
- (b) for all Commercial Mortgage Loans that are not Defaulted Loans, $M = 0.60$; and
- (c) for all Mortgage Loans that are Defaulted Loans $M = 0$;

minus

the aggregate sum of the following deemed reductions to the aggregate Adjusted Outstanding Principal Balance of the Mortgage Loans in the Cover Pool, if any of the following occurred during the previous Calculation Period:

1. a Mortgage Loan (or any security granted in relation thereto, the "**Related Security**") was, in the immediately preceding Calculation Period, in breach of the representations and warranties contained in the Warranty and Indemnity Agreement or was subject to any other obligation of the relevant Seller to repurchase the relevant Mortgage Loan and its Related Security, and in each case the Seller has not repurchased the Mortgage Loan or Mortgage Loans of the relevant Debtor to the extent required by the terms of the Master Loans Purchase Agreement (each such loan being an "**Affected Loan**"). In this event, the aggregate Adjusted Outstanding Principal Balance of the Mortgage Loans in the Cover Pool (as calculated on the relevant Calculation Date) will be deemed to be reduced by an amount equal to the Adjusted Outstanding Principal Balance of the relevant Affected Loan or Affected Loans (as calculated on the relevant Calculation Date); and/or
2. the Issuer (in its capacity as Seller) or any other Seller, in the preceding Calculation Period, was in breach of any other material warranty under the relevant Master Loans Purchase Agreement and/or the Master Servicer or any Sub-Servicer was, in the preceding Calculation Period, in breach of a material term of the Master Servicing Agreement. In this event, the aggregate Adjusted Outstanding Principal Balance of the Mortgage Loans in the Cover Pool (as calculated on the relevant Calculation Date) will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Guarantor or on its behalf without double counting and to be reduced by any amount paid (in cash or in kind) to the Guarantor by the Issuer, the relevant Seller and/or the Master Servicer or the relevant Sub-Servicer to indemnify the Guarantor for such financial loss);

multiplied by the Asset Percentage;

- "B" stands for the aggregate amount standing to the credit of the English Principal Collection Accounts, the principal amount standing to the credit of the Italian Collection Accounts and the principal amount of any Eligible Assets and Top-Up Assets qualifying as Eligible Investment;
- "C" stands for the aggregate Outstanding Principal Balance of any Eligible Assets other than Mortgage Loans, provided that any such Eligible Assets (other than Mortgage Loans and Eligible Investments) will be weighted according to the then applicable Rating Agency's criteria;
- "Y" is equal to the Potential Set-Off Amount;
- "W" is equal to (i) nil, if any of the remedies under Clause 8-bis of the Master Servicing Agreement have been implemented; or (ii) otherwise, the Commingling Amount; and
- "Z" stands for the sum of the minimum between (a) the monthly outstanding aggregate Principal Amount of the Covered Bonds and (b) the monthly cash balance on the Collection Accounts, multiplied by the monthly Negative Carry Factor.

The "**Asset Percentage**" means the lower of (i) 100.00 per cent and (ii) such other percentage figure as may be determined by the Issuer and notified to the Guarantor, the Calculation Agent, the Representative of the Covered Bondholders and the Rating Agency. Such new figure of the Asset Percentage shall be set out in the Investors Report and shall thus form part of the calculation of the Nominal Value Test.

Net Present Value Test

The Calculation Agent shall verify on each Calculation Date that the Net Present Value Test is met with respect to the Eligible Cover Pool. The Net Present Value Test will be considered met if, on the relevant Calculation Date, the Net Present Value of the Eligible Cover Pool, net of the transaction costs to be borne by the Guarantor (including the payments of any nature expected to be borne or due with respect to any Swap Agreement) shall be higher than or equal to the net present value of all Series of Covered Bonds issued under the Programme and not cancelled or redeemed in full in accordance with their Final Terms at the relevant Calculation Date.

The "**Net Present Value of the Cover Pool**" is an amount equal to:

$$A + B$$

where:

"A" stands for the net present value of all Eligible Assets and Top Up Assets comprised in the Eligible Cover Pool minus the payments to be made in priority to or *pari passu* with the amounts to be paid in relation to the Covered Bonds in accordance with the relevant Priority of Payments; and

"B" stands for the net present value of any and each Asset Swap Agreement and Liability Swap Agreement.

The "**Net Present Value of the Covered Bonds**" is an amount equal to the value resulting from discounting at a given discount rate a series of future payments or incomes (as the case may be) of the Covered Bonds issued under the Programme and not cancelled or redeemed in full in accordance with their Final Terms.

Interest Coverage Test

The Issuer and the Sellers must ensure that on each Calculation Date the amount of interest and other revenues generated by the assets included in the Eligible Cover Pool, net of the costs borne by the Guarantor (including the payments of any nature expected to be borne or due with respect to any Swap Agreement), shall be higher than the amount of interest due on all Series of Covered Bonds issued under the Programme and not cancelled or redeemed in full in accordance with their Final Terms at the relevant Calculation Date, taking into account the Swap Agreements entered into in connection with the Programme.

The Interest Coverage Test will be considered met if, on the relevant Calculation Date, the Expected Revenue Income (as defined below) is in an amount equal to or greater than the Expected Revenue Liability (as defined below), both as calculated on the relevant Calculation Date.

The "**Expected Revenue Income**" will be an amount calculated on each Calculation Date by applying the following formula:

$$A+B+C+Y$$

where,

- "A" stands for the aggregate amount standing to the credit of the English Interest Collection Accounts and the Reserve Fund Account and the interest amount standing to the credit of the Italian Collection Accounts as of the relevant Calculation Date;
- "B" stands for any payments that the Guarantor is expected to receive under any Swap Agreement as at the end of the relevant Collection Period;
- "C" stands for the interest component of all the Instalments – relating to the Eligible Assets and Top Up Assets comprised in the Eligible Cover Pool – falling due from the relevant Calculation Date to the date falling 12-months thereafter (such interest payments to be calculated with respect to the applicable interest rates as of the relevant Calculation Date); and
- "Y" stands for any amount in respect of interest expected to be received from the Eligible Investments existing as of such date.

The "**Expected Revenue Liability**" will be an amount calculated on each Calculation Date by applying the following formula:

$$D+E+F$$

where,

- "D" stands for the aggregate amount of all interest payments due under all outstanding Series of Covered Bonds on the Interest Payment Dates falling in the period starting from the relevant Calculation Date and ending on the date falling 12-months thereafter (such interest payments to be calculated with respect to the applicable interest rates as of the relevant Calculation Date);
- "E" stands for any Senior Liabilities (net of any amounts credited to the Reserve Fund Account and payments made under any and all Swap Agreements) expected to be borne by the Guarantor during the period starting from the relevant Calculation Date and ending on the date falling 12-months thereafter; and
- "F" stands for any payments expected to be borne or due by the Guarantor under any Swap Agreement as at the end of the relevant Collection Period.

The Interest Coverage Test will:

- (i) be met if $A+B+C+Y \geq D+E+F$; or
- (ii) not be met if $A+B+C+Y < D+E+F$.

Amortisation Test

The Amortisation Test is intended to ensure that, following an Issuer Event of Default, the service of an Issuer Default Notice on the Issuer and on the Guarantor (but prior to service on the Guarantor of a Guarantor Default Notice), the Cover Pool contains sufficient assets to enable the Guarantor to meet its obligations under the Covered Bond Guarantee. The Amortisation Test will be considered met if, on the relevant Calculation Date, the Amortisation Test Aggregate Loan Amount is an amount at least equal to the Outstanding Principal Amount of the issued Covered Bonds as calculated on the relevant Calculation Date. If the Amortisation Test Aggregate Loan Amount is less than the Outstanding Principal Amount of the issued Covered Bonds, then the Amortisation Test will be deemed to be breached and if such breach is not remedied by the Relevant Seller(s) (or failing which, the Issuer or, failing the Issuer, the other Seller(s)) by the 3rd (third) following Calculation Date, a Guarantor Default Notice will be served by the Representative of the Covered Bondholders on the Guarantor causing the acceleration of the Covered Bonds and a demand for enforcement of the Covered Bond Guarantee. The Calculation Agent, whilst Covered Bonds are outstanding, will immediately notify the Representative of the

Covered Bondholders of any breach of the Amortisation Test. Following a Guarantor Default Notice, the Guarantor will be required to make payments in accordance with the Post-Enforcement Priority of Payments.

The "**Amortisation Test Aggregate Loan Amount**" will be calculated on each Calculation Date as follows:

$$A + B + C - Z$$

where,

"**A**" stands for the aggregate "**Adjusted Outstanding Principal Balance**" of each Mortgage Loan in the Cover Pool as at the relevant Calculation Date, which shall be the lower of:

- (i) the actual Outstanding Principal Balance of the relevant Mortgage Loan as calculated on the relevant Calculation Date; and
- (ii) the Latest Valuation relating to that Mortgage Loan multiplied by M,

where

- (a) for all Residential Mortgage Loans that are not Defaulted Loans, $M = 0.80$;
- (b) for all Commercial Mortgage Loans that are not Defaulted Loans, $M = 0.60$; and
- (c) for all Mortgage Loans that are Defaulted Loans $M = 0$;

"**B**" stands for the aggregate amount standing to the credit of the English Principal Collection Accounts and the principal amount of any Top-Up Assets or Eligible Assets qualifying as Eligible Investment;

"**C**" stands for the aggregate Outstanding Principal Balance of any Eligible Assets other than Mortgage Loans; and

"**Z**" stands for the sum of the minimum between (a) the monthly outstanding aggregate Principal Amount of the Covered Bonds and (b) the monthly cash balance on the Collection Accounts, multiplied by the monthly Negative Carry Factor.

Reserve Fund Account

The Reserve Fund Account is held in the name of the Guarantor for the purpose of setting aside, on each Guarantor Payment Date, the relevant Reserve Fund Amount. Such Reserve Fund Amount will be determined on each Calculation Date in an amount sufficient to ensure that, in the event that a payment is required to the Guarantor under the Covered Bond Guarantee, the Guarantor would have sufficient funds set aside and readily available to pay (i) (A) interest accruing in respect of all outstanding Series of Covered Bonds during the immediately following Calculation Period (such that, if Liability Swap Agreements are in place for a Series of Covered Bonds, such interest amounts accruing will be the higher of the amount due to the Liability Swap Provider or the amount due to the Covered Bondholders of such Series, and if Liability Swap Agreements are not in place for a Series of Covered Bonds, such interest amounts accruing will be the amount due the Covered Bondholders of such Series) as calculated by the Calculation Agent on or prior to each Calculation Date, *plus* (B) prior to the service of an Issuer Default Notice, the aggregate amount to be paid by the Guarantor on the second Guarantor Payment Date following the relevant Calculation Date in respect of the items (*First*) to (*Third*) of the Pre- Issuer Event of Default Interest Priority of Payments, as calculated by the Calculation Agent; *plus* (ii) any additional amount that the Issuer has voluntarily resolved to accumulate as reserve in order to create an additional stock to procure that the Statutory Tests are met with respect to the Cover Pool. The required Reserve Fund Amount will be credited by the Guarantor to the Reserve Fund Account on each Guarantor Payment Date in accordance with the Pre-Issuer Event of Default Interest Priority of Payments and the Pre-Issuer Event of Default Principal Priority of Payments.

CASHFLOWS

As described above under "*Credit Structure*", until an Issuer Default Notice is served on the Issuer and the Guarantor, the Covered Bonds will be obligations of the Issuer only. The Issuer is liable to make payments when due on the Covered Bonds, whether or not it has received any corresponding payment from the Guarantor.

This section summarises the cashflows of the Guarantor only, as to the allocation and distribution of amounts standing to the credit of the Accounts and their order of priority (all such orders of priority, the "**Priority of Payments**") (a) prior to an Issuer Event of Default and a Guarantor Event of Default, (b) following an Issuer Event of Default (but prior to a Guarantor Event of Default) and (c) following a Guarantor Event of Default.

"Principal Available Funds" means, in respect of any Calculation Date, the aggregate of:

- (b) *Second*, to transfer any amount to the Reserve Fund Account necessary in order to make up any shortfall in the Reserve Fund Amount;

DESCRIPTION OF CERTAIN RELEVANT LEGISLATION IN ITALY

The following is a general description of the Italian Securitisation and Covered Bond Law (as defined below) and other legislation that may be relevant to investors in assessing the Covered Bonds, including recent legislation affecting the rights of mortgage borrowers. It does not purport to be a complete analysis of the legislation described below or of the other considerations relating to the Covered Bonds arising from Italian laws and regulations. Furthermore, this overview is based on Italian Legislation as in effect on the date of this Prospectus, which may be subject to change, potentially with retroactive effect. This description will not be updated to reflect changes in laws. Accordingly, prospective Covered Bondholders should consult their own advisers as to the risks arising from Italian legislations that may affect any assessment by them of the Covered Bonds.

The Securitisation and Covered Bond Law

The legal and regulatory framework with respect to the issue of covered bonds in Italy comprises the following:

- Article 7-bis and article 7-ter of the Law No. 130 of 30 April 1999 (as amended and supplemented from time to time, the "**Italian Securitisation and Covered Bond Law**");
- the regulations issued by the Italian Ministry for the Economy and Finance on 14 December 2006 under Decree No. 310 (the "**MEF Regulation**");
- the C.I.C.R. Decree dated 12 April 2007; and
- Part III, Chapter 3 of the "*Disposizioni di Vigilanza per le Banche*" (*Circolare* No. 285 of 17 December 2013), as amended and supplemented from time to time (the "**Bank of Italy Instructions**").

Law Decree No. 35 of 14 March 2005, converted by Law No. 80 of 14 May 2005, amended the Italian Securitisation and Covered Bond Law by adding two new articles, Articles 7-bis and 7-ter, which enable banks to issue covered bonds. Articles 7-bis and 7-ter, however, required both the Italian Ministry of Economy and Finance and the Bank of Italy to issue specific regulations before the relevant structures could be implemented.

The Italian Securitisation and Covered Bond Law was further amended by Law Decree no. 145 of 23 December 2013 (the "**Destinazione Italia Decree**") as converted with amendments into Law n. 9 of 21 February 2014 and by Law Decree no. 91 of 24 June 2014 (the "**Decreto Competitività**") as converted with amendments into Law No. 116 of 11 August 2014.

The Bank of Italy published new supervisory regulations on banks in December 2013 (*Circolare* of the Bank of Italy No. 285 of 17 December 2013) which came into force on 1 January 2014, implementing CRD IV Package and setting out additional local prudential rules concerning matters not harmonised on EU level. Following the publication on 24 June 2014 of the 5th update to Circular of the Bank of Italy No. 285 of 17 December 2013, which added a new Chapter 3 ("*Obbligazioni bancarie garantite*") in Part III contained therein, the provisions set forth under Title V, Chapter 3 of *Circolare* No. 263 of 27 December 2006 have been abrogated.

The Bank of Italy Instructions introduced provisions, among other things, regulating:

- the capital adequacy requirements that issuing banks must satisfy in order to issue covered bonds and the ability of issuing banks to manage risks;
- limitations on the total value of eligible assets that banks, individually or as part of a group, may transfer as cover pools in the context of covered bond transactions;
- criteria to be adopted in the integration of the assets constituting the cover pools;
- the identification of the cases in which the integration is permitted and its limits; and
- monitoring and surveillance requirements applicable with respect to covered bond transactions and the provision of information relating to the transaction.

Basic structure of a covered bond issue

The structure provided under Article 7-bis with respect to the issue of covered bonds may be summarised as follows:

- a bank transfers a pool of eligible assets (i.e. the cover pool) to an Article 7-bis special purpose vehicle (the "SPV");
- the bank grants the SPV a subordinated loan in order to fund the payment by the SPV of the purchase price due for the cover pool;
- the bank issues the covered bonds which are supported by a first demand, unconditional and irrevocable guarantee issued by the SPV for the exclusive benefit of the holders of the covered bonds and the hedging counterparties involved in the transaction. The Guarantee is backed by the entire cover pool held by the SPV.

Article 7-bis however also allows for structures which contemplate different entities acting respectively as cover pool provider, subordinated loan provider and covered bonds issuer.

The SPV

The Italian legislator chose to implement the new legislation on covered bonds by supplementing the Italian Securitisation Law, thus basing the new structure on a well established platform and applying to covered bonds many provisions with which the market is already familiar in relation to Italian securitisations. Accordingly, as is the case with the special purpose entities which act as issuers in Italian securitisation transactions, the SPV is required to be established with an exclusive corporate object that, in the case of covered bonds, must be the purchaser of assets eligible for cover pools and the person giving guarantees in the context of covered bond transactions.

The guarantee

The MEF Regulation provides that the guarantee issued by the SPV for the benefit of the bondholders must be irrevocable, first-demand, unconditional and independent from the obligations of the issuer of the covered bonds. Furthermore, upon the occurrence of a default by the issuer in respect of its payment obligations under the covered bonds, the SPV must provide for the payment of the amounts due under the covered bonds, in accordance with their original terms and with limited recourse to the amounts available to the SPV from the cover pool. The acceleration of the issuer's payment obligations under the covered bonds will not therefore result in a corresponding acceleration of the SPV's payment obligations under the guarantee (thereby preserving the maturity profile of the covered bonds).

Upon an insolvency of the issuer, the SPV will be solely responsible for the payment obligations of the issuer owed to the covered bond holders, in accordance with their original terms and with limited recourse to the amounts available to the SPV from the cover pool. In addition, the SPV will be exclusively entitled to exercise the rights of the covered bond holders vis à vis the issuer's bankruptcy in accordance with the applicable bankruptcy law. Any amount recovered by the SPV from the bankruptcy of the issuer become part of the cover pool.

Finally, if a moratorium is imposed on the issuer's payments, the SPV will fulfil the issuer's payment obligations, with respect to amounts which are due and payable and with limited recourse to the cover pool. The SPV will then have recourse against the issuer for any such payments.

Segregation and subordination

Article 7-bis provides that the assets comprised in the cover pool and the amounts paid by the debtors with respect to the receivables and/or debt securities included in the cover pool are exclusively designated and segregated by law for the benefit of the holders of the covered bonds and the hedging counterparties involved in the transaction.

In addition, Article 7-bis expressly provides that the claim for reimbursement of the loan granted to the SPV to fund the purchase of assets in the cover pool is subordinated to the rights of the covered bond holders and of the hedging counterparties involved in the transaction.

Exemption from claw-back

Article 7-bis provides that the guarantee and the subordinated loan granted to fund the payment by the SPV of the purchase price due for the cover pool are exempt from the bankruptcy claw-back provisions set out in Article 67 of the Italian Bankruptcy Law (Royal Decree No. 267 of 16 March 1942).

In addition to the above, any payments made by an assigned debtor to the SPV may not be subject to any claw-back action according to Article 65 of the Italian Bankruptcy Law.

The issuing bank

The Bank of Italy Instructions provide that covered bonds may only be issued by banks which individually satisfy, or which belong to banking groups which, on a consolidated basis:

- have own funds of at least Euro 250,000,000; and
- have a minimum total capital ratio of not less than 9 per cent.

The Bank of Italy Instructions specify that the requirements above also apply to the bank acting as cover pool provider (in the case of structures in which separate entities act respectively as issuing bank and as cover pool provider).

The Bank of Italy Instructions furthermore provide that the total amount of eligible assets that a bank may transfer to cover pools in the context of covered bond transactions is subject to limitations linked to the tier 1 ratio and common equity tier 1 ratio of the individual bank (or of the relevant banking group, if applicable) as follows:

Ratios		Transfer Limitations
"A" range	– Tier 1 ratio \geq 9%	No limitation
	– Common Equity Tier 1 ratio \geq 8%	
"B" range	– Tier 1 ratio \geq 8%	Up to 60% of eligible assets may be transferred
	– Common Equity Tier 1 ratio \geq 7%	
"C" range	– Tier 1 ratio \geq 7%	Up to 25% of eligible assets may be transferred
	– Common Equity Tier 1 ratio \geq 6%	

The Bank of Italy Instructions clarify that the ratios provided with respect to each range above must be satisfied jointly: if a bank does not satisfy both ratios with respect to a specific range, the range applicable to it will be the following, more restrictive, range. Accordingly, if a bank (or the relevant banking group) satisfies the "b" range tier 1 ratio but falls within the "c" range with respect to its common equity tier 1 ratio, the relevant bank will be subject to the transfer limitations applicable to the "c" range.

In addition to the above, certain further amendments have been introduced in respect of the monitoring activities to be performed by the asset monitor.

The Cover Pool

For a description of the assets which are considered eligible for inclusion in a cover pool under Article 7-bis, see "*Description of the Cover Pool – Eligibility Criteria*".

Ratio between cover pool value and covered bond outstanding amount

The MEF Regulation provides that the cover pool provider and the issuer must continually ensure that, throughout the transaction:

- the aggregate nominal value of the cover pool is at least equal to the nominal amount of the relevant outstanding covered bonds;
- the net present value of the cover pool (net of all the transaction costs borne by the SPV, including in relation to hedging arrangements) is at least equal to the net present value of the relevant outstanding covered bonds;
- the interest and other revenues deriving from the cover pool (net of all the transaction costs borne by the SPV) are sufficient to cover interest and costs due by the issuer with respect to the relevant outstanding covered bonds, taking into account any hedging agreements entered into in connection with the transaction.

In respect of the above, under the Bank of Italy Instructions, strict monitoring procedures are imposed on banks for the monitoring of the transaction and of the adequacy of the guarantee on the cover pool. Such activities must be carried out both by the relevant bank and by an asset monitor, to be appointed by the bank, which is an independent accounting firm. The asset monitor must prepare and deliver to the issuing bank's board of auditors, on an annual basis, a report detailing its monitoring activity and the relevant findings.

The Bank of Italy Instructions require banks to carry out the monitoring activities described above at least every 6 months with respect to each covered bond transaction. Furthermore, the internal auditors of banks must comprehensively review every 12-months the monitoring activity carried out with respect to each covered bond transaction, basing such review, among other things, on the evaluations supplied by the asset monitor.

In addition to the above, pursuant to the Bank of Italy Instructions provide that the management body of the issuing bank must ensure that the internal structures delegated to the risk management verify at least every six months and for each transaction completeness, accuracy and timeliness of information available to investors pursuant to art. 129, paragraph 7, of Regulation (EU) No. 575/2013 of the European Parliament and of the Council of the European Union of 26 June 2013.

In order to ensure that the monitoring activities above may be appropriately implemented, the Bank of Italy Instructions require that the entities participating in covered bond transactions be bound by appropriate contractual undertakings to communicate to the issuing bank, the cover pool provider and the entity acting as servicer in relation to the cover pool assets all the necessary information with respect to the cover pool assets and their performance.

Substitution of assets

The MEF Regulation and the Bank of Italy Instructions provide that, following the initial transfer to the cover pool, the eligible assets comprised in the cover pool may only be substituted or supplemented in order to ensure that the requirements described under "*Ratio between cover pool value and covered bond outstanding amount*", or the higher over-collateralisation provided for under the relevant covered bond transaction documents, are satisfied at all times during the transaction.

The eligible assets comprised in the cover pool may only be substituted or supplemented by means of:

- the transfer of further assets (eligible to be included in the cover pool in accordance with the criteria described above);
- the establishment of deposits held with banks ("**Qualified Banks**") which have their registered office in a member state of the European Economic Area or in Switzerland or in a state for which a 0 per cent. risk weight is applicable in accordance with the prudential regulations' standardised approach; and
- the transfer of debt securities, having a residual life of less than one year, issued by the Qualified Banks.

The MEF Regulation and the Bank of Italy Instructions, however, provide that the assets described in the last two paragraphs above, cannot exceed 15 per cent. of the aggregate nominal value of the cover pool. This 15 per cent. limitation must be satisfied throughout the transaction and, accordingly, the substitution of cover pool assets may also be carried out in order to ensure that the composition of the assets comprised in the cover pool continues to comply with the relevant threshold.

The Bank of Italy Instructions clarify that the limitations to the overall amount of eligible assets that may be transferred to cover pools described under "*The Issuing Bank*" above do not apply to the subsequent transfer of supplemental assets for the purposes described under this paragraph.

Taxation

Article 7-*bis*, sub-paragraph 7, provides that any tax is due as if the granting of the subordinated loan and the transfer of the cover pool had not taken place and as if the assets constituting the cover pool were registered as on-balance sheet assets of the cover pool provider, *provided that*:

- the purchase price paid for the transfer of the cover pool is equal to the most recent book value of the assets constituting the cover pool; and
- the subordinated loan is granted by the same bank acting as cover pool provider.

The provision described above would imply, as a main consequence, that banks issuing covered bonds will be entitled to include the receivables transferred to the cover pool as on-balance receivables for the purpose of tax deductions applicable to reserves for the depreciation on receivables in accordance with Article 106 of Presidential Decree No. 917 of 22 December 1986.

.

TAXATION

The statements herein regarding taxation are based on the laws in force as at the date of this Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Covered Bonds and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

*Law Decree No. 66 of 24 April 2014, as converted with amendments by Law No. 89 of 23 June 2014 published in the Official Gazette No. 143 of 23 June 2014 ("**Law No. 89**") has increased from 20 per cent. to 26 per cent the rate of withholding and substitute taxes of interest accrued, and capital gains realised, as of 1 July 2014 on financial instruments (including the Covered Bonds) other than government bonds.*

Prospective purchasers of the Covered Bonds are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Covered Bonds.

Republic of Italy

Tax treatment of Covered Bonds issued by the Issuer

Decree No. 239 sets out the applicable regime regarding the tax treatment of interest, premium and other income from certain securities issued, *inter alia*, by Italian resident banks (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "**Interest**"). The provisions of Decree No. 239 only apply to Covered Bonds issued by the Issuer which qualify as obbligazioni (bonds) or titoli similari alle obbligazioni (securities similar to bonds) pursuant to Article 44 of Presidential Decree No. 917 of 22 December 1986, as amended and supplemented ("**Decree No. 917**"). Pursuant to Article 44 of Decree No. 917, for securities to qualify as titoli similari alle obbligazioni (securities similar to bonds), they must (i) incorporate an unconditional obligation to pay at maturity an amount not less than that therein indicated and (ii) attribute to the holders no direct or indirect right to control or participate in the management of the Issuer.

Italian resident Covered Bondholders

Where an Italian resident Covered Bondholders is:

- (a) an individual not engaged in an entrepreneurial activity to which the Covered Bonds are connected (unless he has opted for the application of the risparmio gestito regime – see under "Capital gains tax" below);
- (b) a non-commercial partnership;
- (c) a private or public institution other than companies, and trusts not carrying out mainly or exclusively commercial activities, the Italian State and public and territorial entities; or
- (d) an investor exempt from Italian corporate income taxation,

Interest relating to the Covered Bonds, accrued during the relevant holding period, are subject to a withholding tax, referred to as "imposta sostitutiva", levied at the rate of 26 per cent.. In the event that the Covered Bondholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Covered Bonds are connected, the imposta sostitutiva applies as a provisional tax and may be deducted from the taxation on income due.

Where an Italian resident Covered Bondholder is a company or similar commercial entity, or a permanent establishment in Italy of a foreign company to which the Covered Bonds are effectively connected, and the Covered Bonds are deposited with an authorised intermediary, Interest from the Covered Bonds will not be

subject to imposta sostitutiva. It must, however, be included in the relevant Covered Bondholder's income tax return and is therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the "status" of the Covered Bondholder, also to IRAP (the regional tax on productive activities)).

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001 ("**Decree No. 351**"), as clarified by the Italian Revenue Agency (Agenzia delle Entrate) through Circular No. 47/E of 8 August 2003 and Circular No. 11/E of 28 March 2012, payments of Interest in respect of the Covered Bonds made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and Article 14-bis of Law No. 86 of 25 January 1994, and to Italian Real Estate SICAFs ("Società di investimento a capitale fisso") ("**Italian Real Estate SICAFs**") to which the provisions of Decree No. 351 apply are subject neither to imposta sostitutiva nor to any other income tax in the hands of a real estate investment fund or Italian Real Estate SICAFs. However, a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders/shareholders of the real investment fund or the Italian Real Estate SICAF.

If the investor is resident in Italy and is an open-ended or closed-ended investment fund, a SICAF or a SICAV ("Società di investimento a capital variabile") established in Italy and either (i) the fund, the SICAF or the SICAV or (ii) their manager is subject to the supervision of a regulatory authority (the "**Fund**"), and the relevant Covered Bonds are held by an authorised intermediary, Interest accrued during the holding period on the Covered Bonds will not be subject to imposta sostitutiva, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the "**Collective Investment Fund Tax**").

Where an Italian resident Covered Bondholders is a pension fund (subject to the regime provided for by article 17 of the Italian Legislative Decree No. 252 of 5 December 2005) and the Covered Bonds are deposited with an authorised intermediary, Interest relating to the Covered Bonds and accrued during the holding period will not be subject to imposta sostitutiva, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax.

As of 1 January 2015, Italian pension funds benefit from a tax credit equal to 9% of the result of the relevant portfolio accrued at the end of the tax period, provided that such pension funds invest in certain medium long term financial assets as identified by the Ministerial Decree of 19 June 2015 published in the Official Gazette – general series No. 175, on 30 July 2015.

Pursuant to Decree No. 239, imposta sostitutiva is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Finance (each an "**Intermediary**").

An Intermediary must (a) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary, and (b) intervene, in any way, in the collection of Interest or in the transfer of the Covered Bonds. For the purpose of the application of the imposta sostitutiva, a transfer of Covered Bonds includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Covered Bonds or in a change of the Intermediary with which the Covered Bonds are deposited.

Where the Covered Bonds are not deposited with an Intermediary, the imposta sostitutiva is applied and withheld by any Italian financial intermediary paying Interest to a Covered Bondholders or, absent that, by the Issuer.

Non-Italian resident Covered Bondholders

Where the Covered Bondholder is a non-Italian resident, without a permanent establishment in Italy to which the Covered Bonds are effectively connected, an exemption from the imposta sostitutiva applies provided that the non-Italian resident beneficial owner is:

- (e) resident, for tax purposes, in a country which allows for a satisfactory exchange of information with Italy and listed in a Ministerial Decree to be issued under Article 11, par. 4, let. c) of Decree no. 239 (the "**White List**"). The White List will be updated every six months period. In absence of the issuance of the White List, reference has to be made to the list set out by the Italian Ministerial Decree dated 4 September 1996, as amended from time to time; or
- (f) an international body or entity set up in accordance with international agreements which have entered into force in Italy; or
- (g) a Central Bank or an entity which manages, inter alia, the official reserves of a foreign State; or
- (h) an "institutional investor", whether or not subject to tax, which is established in a State included in the White List. In absence of the issuance of the White List, reference has to be made to the Italian Ministerial Decree dated 4 September 1996, as amended from time to time.

In order to ensure gross payment, non-Italian resident Covered Bondholders without a permanent establishment in Italy to which the Covered Bonds are effectively connected must be the beneficial owners of the payments of Interest and must:

- (i) deposit, directly or indirectly, the Covered Bonds with a resident bank or SIM or a permanent establishment in Italy of a non-Italian resident bank or SIM or with a non-Italian resident entity or company participating in a centralised securities management system which is in contact, via computer, with the Ministry of Economy and Finance; and
- (j) file with the relevant depository, prior to or concurrently with the deposit of the Covered Bonds, a statement of the relevant Covered Bondholder, which remains valid until withdrawn or revoked, in which the Covered Bondholder declares to be eligible to benefit from the applicable exemption from imposta sostitutiva. This statement, which is not requested for international bodies or entities set up in accordance with international agreements which have entered into force in Italy nor in the case of foreign Central Banks or entities which manage, inter alia, the official reserves of a foreign State, must comply with the requirements set forth by Ministerial Decree of 12 December 2001.

The imposta sostitutiva will be applicable at the rate of 26 per cent. to Interest paid to Covered Bondholders who do not qualify for the exemption.

Covered Bondholders who are subject to the substitute tax might, nevertheless, be eligible for a total or partial relief under an applicable tax treaty between the Republic of Italy and the country of residence of the relevant Covered Bondholder.

Payment made by an Italian resident guarantor

There is no authority directly on point regarding the Italian tax regime of payments made by an Italian resident guarantor under the Guarantee. Accordingly, there can be no assurance that the Italian revenue authorities will not assert an alternative treatment of such payments than that set forth herein or that the Italian court would not sustain such an alternative treatment.

With respect to payments on the Covered Bonds made to certain Italian resident Covered Bondholders by an Italian resident guarantor, in accordance with one interpretation of Italian tax law, any payment of liabilities equal to interest and other proceeds from the Covered Bonds may be treated, in certain circumstances, as a payment by the relevant Issuer and will thus be subject to the tax regime described in the previous paragraphs of this section.

In accordance with another interpretation, any such payment made by the Italian resident Guarantor may be subject to an advance or final withholding tax at a rate of 26 per cent. pursuant to Presidential Decree No. 600 of 29 September 1973, as subsequently amended. In the case of payments to non-Italian resident Covered

Bondholders, double taxation treaties entered into by Italy may apply allowing for a lower (or, in certain cases, nil) rate of withholding tax.

Capital gains tax

Any gain obtained from the sale or redemption of the Covered Bonds would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Covered Bondholder, also as part of the net value of the production for IRAP purposes) if realised by an Italian company, a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Covered Bonds are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Covered Bonds are connected.

Where an Italian resident Covered Bondholder is an individual not engaged in an entrepreneurial activity to which the Covered Bonds are connected, any capital gain realised by such Covered Bondholder from the sale or redemption of the Covered Bonds would be subject to an imposta sostitutiva, levied at the rate of 26 per cent.. The Covered Bondholders may set off any losses with their gains.

In respect of the application of imposta sostitutiva, taxpayers may opt for one of the three regimes described below:

- (a) Under the tax declaration regime (regime della dichiarazione), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Covered Bonds are connected, the imposta sostitutiva on capital gains will be chargeable, on a cumulative basis, on all capital gains (net of any incurred capital loss) realised by the Italian resident individual Covered Bondholders holding the Covered Bonds. In this instance, "capital gains" means any capital gain not connected with an entrepreneurial activity pursuant to all sales or redemptions of the Covered Bonds carried out during any given tax year. Italian resident individuals holding the Covered Bonds not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay the imposta sostitutiva on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. However, according to Law No. 89, capital losses realized up to 30 June 2014 may be offset against capital gains realized after that date with the following limitations: (i) for an amount equal to 48.08%, for capital losses realized up to 31 December 2011; and (ii) for an amount equal to 76.92%, for capital losses realized from 1 January 2012 to 30 June 2014
- (b) As an alternative to the tax declaration regime, Italian resident individual Covered Bondholders holding the Covered Bonds not in connection with an entrepreneurial activity, resident partnerships not carrying out commercial activities and Italian private or public institutions not carrying out mainly or exclusively commercial activities may elect to pay the imposta sostitutiva separately on capital gains realised on each sale or redemption of the Covered Bonds (the risparmio amministrato regime). Such separate taxation of capital gains is allowed subject to:
 - (i) the Covered Bonds being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and
 - (ii) an express election for the risparmio amministrato regime being timely made in writing by the relevant Covered Bondholder.

The depository must account for the imposta sostitutiva in respect of capital gains realised on each sale or redemption of the Covered Bonds (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss. The depository must also pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Covered Bondholders or using funds provided by the Covered Bondholders for this purpose. Under the risparmio amministrato regime, any possible capital loss resulting from a sale or redemption or certain other transfer of the Covered Bonds may be deducted from capital gains

subsequently realized, within the same securities management, in the same tax year or in the following tax years up to the fourth. However, according to Law No. 89, capital losses realized up to 30 June 2014 may be offset against capital gains realized after that date with the following limitations: (i) for an amount equal to 48.08%, for capital losses realized up to 31 December 2011; and (ii) for an amount equal to 76.92%, for capital losses realized from 1 January 2012 to 30 June 2014. Under the *risparmio amministrato* regime, the Covered Bondholders are not required to declare the capital gains in the annual tax return.

- (c) In the "*risparmio gestito*" regime, any capital gains realised by Italian resident individuals holding the Covered Bonds not in connection with an entrepreneurial activity, resident partnerships not carrying out commercial activities and Italian private or public institutions not carrying out mainly or exclusively commercial activities who have entrusted the management of their financial assets (including the Covered Bonds) to an authorised intermediary, will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Any depreciation of the managed assets accrued at the year-end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Pursuant to Law No. 89, depreciations of the managed assets may be carried forward to be offset against any subsequent increase in value accrued as of 1 July 2014 for an overall amount of: (i) 48.08 per cent. of the relevant depreciations in value registered before 1 January 2012; (ii) 76.92 per cent. of the depreciations in value registered from 1 January 2012 to 30 June 2014. The Covered Bondholders are not required to declare the capital gains realised in the annual tax return.

Any capital gains realised by a Covered Bondholder who is a Fund will neither be subject to *imposta sostitutiva* on capital gains, nor to any other income tax in the hands of the relevant Covered Bondholders; the Collective Investment Fund Tax will be levied on proceeds distributed by the Fund or received by certain categories of unitholders upon redemption or disposal of the units.

Italian real estate funds created under Article 37 of Italian Legislative Decree No. 58 of 24 February 1998 and Article 14 bis of Italian Law No. 86 of 25 January 1994, and Italian Real Estate SICAFs are not subject to any substitute tax at the fund level nor to any other income tax in the hands of the fund or Italian Real Estate SICAF. However, a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders/shareholders of the real estate investment fund or the Italian Real Estate SICAF.

Any capital gains realised by a Covered Bondholder who is an Italian pension fund (subject to the regime provided for by article 17 of the Italian Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax.

As of 1 January 2015, Italian pension funds benefit from a tax credit equal to 9% of the result of the relevant portfolio accrued at the end of the tax period, provided that such pension funds invest in certain medium long term financial assets as identified by the Ministerial Decree of 19 June 2015 published in the Official Gazette – general series No. 175, on 30 July 2015.

Capital gains realised by non-Italian resident Covered Bondholders without a permanent establishment in Italy to which the Covered Bonds are effectively connected, from the sale or redemption of Covered Bonds traded on regulated markets are not subject to the *imposta sostitutiva*. The exemption applies provided that the non-Italian resident Covered Bondholders file in due course with the authorised financial intermediary an appropriate affidavit (*autocertificazione*) stating that the Covered Bondholder is not resident in Italy for tax purposes.

Capital gains realised by non-Italian resident Covered Bondholders, without a permanent establishment in Italy to which the Covered Bonds are effectively connected, from the sale or redemption of Covered Bonds not traded on regulated markets are not subject to the *imposta sostitutiva*, provided that the effective beneficiary is:

- (a) resident in a State included in the White List or, absent that, in the list set out by Italian Ministerial Decree dated 4 September 1996, as amended from time to time;

- (b) an international entity or body set up in accordance with international agreements which have entered into force in Italy;
- (c) a Central Bank or an entity which manages, inter alia, the official reserves of a foreign State; or
- (d) an "institutional investor", whether or not subject to tax, which is established in a State included in the White List. In absence of the issuance of the White List, reference has to be made to the Italian Ministerial Decree dated 4 September 1996, as amended from time to time.

If none of the conditions above is met, capital gains realised by non-Italian resident Covered Bondholders, without a permanent establishment in Italy to which the Covered Bonds are effectively connected, from the sale or redemption of Covered Bonds issued by an Italian resident issuer and not traded on regulated markets are subject to the imposta sostitutiva at the current rate of 26 per cent.. However, Covered Bondholders may benefit from an applicable tax treaty with Italy providing that capital gains realised upon the sale or redemption of the Covered Bonds are to be taxed only in the resident tax country of the recipient.

Inheritance and gift taxes

Transfers of any valuable asset (including shares, Covered Bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or gift exceeding, for each beneficiary, Euro 1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or gift exceeding, for each beneficiary, Euro 100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or gift.

If the transfer is made in favour of persons with severe disabilities, the tax is levied at the rate mentioned above in (a), (b) and (c) on the value exceeding, for each beneficiary, Euro 1,500,000.

Transfer tax

Contracts relating to the transfer of securities are subject to a Euro 200.00 registration tax as follows: (i) public deeds and notarised deeds are subject to mandatory registration; (ii) private deeds are subject to registration only in the case of voluntary registration.

Stamp Duty

Pursuant to Article 13 of the tariff attached to Presidential Decree No. 642 of 26 October 1972 ("Decree No. 642"), a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by a financial intermediary to a Covered Bondholder in respect of any Covered Bonds which may be deposited with such financial intermediary. The stamp duty applies at a rate of 0.20 per cent.; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the Covered Bonds held. The stamp duty cannot exceed € 14,000.00 if the Covered Bondholder is not an individual.

The statement is deemed to be sent at least once a year, even for instruments for which is not mandatory nor the deposit nor the release nor the drafting of the statement. In case of reporting periods less than 12 months, the stamp duty is payable on a pro-rata basis.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy and Finance on 24 May 2012, the stamp duty applies to any investor who is a client - regardless of the fiscal residence of the investor - (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

Wealth Tax on securities deposited abroad

According to the provisions set forth by Law No. 214 of 22 December 2011, as amended and supplemented, Italian resident individuals holding the Covered Bonds outside the Italian territory are required to pay an additional tax at a rate of 0.20 per cent. In this case the above mentioned stamp duty provided for by Article 13 of the tariff attached to Decree No. 642 does not apply.

This tax is calculated on the market value of the Covered Bonds at the end of the relevant year or – if no market value is available – the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

Financial assets held abroad are excluded from the scope of the wealth tax if they are administered by Italian financial intermediaries pursuant to an administration agreement. In this case, the above mentioned stamp duty provided for by Article 13 of the tariff attached to Decree No. 642 does apply.

Tax Monitoring

According to the Law Decree No. 167 of 28 June 1990, converted with amendments into Law No. 227 of 4 August 1990, as amended from time to time, individuals, non-profit entities and certain partnerships (*società semplici* or similar partnerships in accordance with Article 5 of Presidential Decree No. 917 of 22 December 1986) resident in Italy for tax purposes, under certain conditions, are required to report for tax monitoring purposes in their yearly income tax the amount of investments (including the Covered Bonds) directly or indirectly held abroad.

The requirement applies also where the persons above, being not the direct holder of the financial instruments, are the actual owner of the instrument.

Furthermore, the above reporting requirement is not required to comply with respect to: (i) Covered Bonds deposited for management with qualified Italian financial intermediaries; (ii) contracts entered into through the intervention of qualified Italian financial intermediaries, upon condition that the items of income derived from the Covered Bonds have been subject to tax by the same intermediaries; or (iii) if the foreign investments are only composed by deposits and/or bank accounts and their aggregate value does not exceed a €15,000 threshold throughout the year.

EU Savings Directive

On 3 June 2003, the Council of the European Union adopted the EU Directive No. 2003/48/EC regarding the taxation of savings income (the “**European Savings Directive**”). According to the European Savings Directive, each member State of the European Union (a “**Member State**”) is required to provide to the Tax Authorities of other States of the European Union details of the interest payments by a person within its jurisdiction to individuals resident in that other State. However, for a transitional period, Austria may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. In any case, the transitional period is to terminate at the end of the first full tax year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries, including Switzerland and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent within its jurisdiction to, or collected by such a paying agent for an individual resident or certain limited types of entity established in a Member State. In

addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a paying agent in a Member State to, or collected by such a paying agent for an individual resident or certain limited types of entity established in one of those territories.

However, on 10 November 2015, the Council of the European Union approved the Council Directive 2015/2060/EU (published in the Official Journal of the EU on 18 November 2015) which has repealed the EU Savings Directive with effect from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States. The repeal of the Savings Directive is needed in order to prevent overlap between the EU Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive No. 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive No. 2014/107/EU) and to save costs both for tax authorities and economic operators. Investors who are in any doubt as to their position should consult their professional advisers.

Implementation in Italy of the Savings Directive

Italy has implemented the Savings Directive through Legislative Decree No. 84 of 18 April 2005 (“**Decree No. 84**”). Under Decree No. 84, subject to a number of important conditions being met, for interest paid from 1 July 2005 to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner and shall not apply the withholding tax. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax Authorities of the State of residence of the beneficial owner.

Either payments of interest on the covered bonds or the realisation of the accrued interest through the sale of the covered bonds would constitute "payments of interest" under article 6 of the directive and, as far as Italy is concerned, article 2 of Decree 84. Accordingly, such payments of interest arising out of the covered bonds would fall within the scope of the directive.

With Law No. 114 of 9 July 2015, the Italian Parliament delegated the Government to implement Council Directive 2014/107/EU into domestic legislation (Council Directive 2011/16/EU has already been implemented in Italy through Legislative Decree No. 29 of 4 March 2014). The Minister of Economy and Finance issued the Decree of 28 December 2015 (published in the Official Gazette No. 303 of 31 December 2015) to implement Directive 2014/107/EU. However, the obligations of Member States, economic operators and paying agents under the EU Savings Directive shall continue to apply until 5 October 2016 (31 December 2016, with respect to the obligations under Article 13(2) of the EU Savings Directive) or until those obligations have been fulfilled.

SUBSCRIPTION AND SALE

Covered Bonds may be sold from time to time by the Issuer to any one or more of the Dealers. The arrangements under which Covered Bonds may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in the Programme Agreement. Under the Programme Agreement, the Issuer and the Dealer(s) have agreed that any Covered Bonds of any Series which may from time to time be agreed between the Issuer and any Dealer(s) to be issued by the Issuer and subscribed for by such Dealer(s) shall be issued and subscribed for on the basis of, and in reliance upon, the representations, warranties, undertakings and indemnities made or given or provided to be made or given pursuant to the terms of the Programme Agreement. Any such agreement will, *inter alia*, make provision for the terms and conditions of the relevant Covered Bonds, the price at which such Covered Bonds will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Programme Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Covered Bonds.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Covered Bonds which are the subject of the offering contemplated by the Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Covered Bonds to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Covered Bonds referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, (i) the expression an “offer of Covered Bonds to the public” in relation to any Covered Bonds in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Covered Bonds, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, (ii) the expression “**Prospectus Directive**” means Directive 2003/71/EC (and the amendments thereto, including Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, it will not offer, sell or deliver Covered Bonds, (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in case of an issue of the Covered Bonds on a syndicated basis, the relevant lead manager, of all Covered Bonds of the Tranche of which such Covered Bonds are a part within the United States of America or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed and each further Dealer appointed under the Programme will be required to agree, that it will send to each Dealer to which it sells Covered Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Covered Bonds within the United States of America or to, or for the

account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Covered Bonds an offer or sale of such Covered Bonds within the United States of America by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Japan

The Covered Bonds have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the “FIEA”) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer or sell any Covered Bonds, directly or indirectly, in Japan or to, or for the benefit of, resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.
