PRICING SUPPLEMENT

PROHIBITION OF SALES TO EEA RETAIL INVESTORS: The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as may be amended or replaced from time to time, "**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the "**Prospectus Directive**" (as defined below). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as may be amended or replaced from time to time, the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. Notwithstanding the above, if the Issuer subsequently prepares and publishes a key information document under the PRIIPs Regulation in respect of the Securities, then the prohibition on the offering, sale or otherwise making available the Securities to a retail investor as described above shall no longer apply.

MiFID II PRODUCT GOVERNANCE: Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Securities has led to the conclusion that: (i) the target market for the Securities is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Securities to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Securities (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

Pricing Supplement dated 29 January 2019

J.P. Morgan Structured Products B.V.

Structured Products Programme for the issuance of Notes, Warrants and Certificates

Guaranteed by

JPMorgan Chase Bank, N.A.

U.S.\$10,000,000 Credit Linked Steepener Note linked to the USD 2-Year CMS Rate, the USD 30-Year CMS Rate, the 3-Month USD LIBOR and the credit of Singapore Telecommunications Ltd, due January 2029 (the "Note" or the "Security")

The offering circular dated 25 April 2018 and the Supplements to the offering circular listed in Annex C hereto (as so supplemented, the "**Offering Circular**") (as completed and (if applicable) amended by this Pricing Supplement) has been prepared on the basis that any offer of the Security in any Member State of the EEA which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Security. The expression "**Prospectus Directive**" means Directive 2003/71/EC (and the amendments thereto, including the amendments effected by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State. Accordingly, any person making or intending to make an offer in that Relevant Member State of the Security may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation

to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of the Security in any other circumstances.

The Security will not be offered, sold or otherwise distributed in or from Switzerland and neither this Pricing Supplement nor any other document relating to the Security may be distributed in or from Switzerland in connection with any such offering or distribution, except to individually selected qualified investors within the meaning of, and in accordance with the Swiss Federal Act on Collective Investment Schemes.

If you purchase the Security described in this Pricing Supplement after the date hereof, you should review the most recent restatement (if any) of the Offering Circular and each supplement thereafter up to (and including) the date of purchase to ensure that you have the most up to date information on the Issuer and (if applicable) the Guarantor on which to base your investment decision (note that the terms and conditions of the Security will remain as described in this Pricing Supplement and the version of the Offering Circular described above, subject to any amendments notified to the Holder). Each supplement and restatement (if any) to the Offering Circular can be found on (www.bourse.lu) and (www.ise.ie).

RISK FACTORS

Purchase of this Security involves substantial risks

Investors should ensure that they understand the nature of the risks posed by, and the extent of their exposure under, the Security. Investors should make all pertinent inquiries they deem necessary without relying on the Issuer, the Guarantor or the Dealer. Investors should consider the suitability of the Security as an investment in light of their own circumstances, investment objectives, tax position and financial condition. Investors should consider carefully all the information set forth in this Pricing Supplement along with all the information set forth in the Offering Circular. Investors should pay particular attention to the section entitled "Risk Factors" in the Offering Circular (pages 30 to 110 inclusive).

Unregulated Securities: The Security does not constitute a participation in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes and are not subject to supervision by the Swiss Financial Market Supervisory Authority ("FINMA")

The Security does not constitute a participation in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes and the Security is not subject to approval, registration or supervision by FINMA or any other regulatory authority in Switzerland. Accordingly, investors do not have the benefit of the specific investor protection provided under the Swiss Federal Act on Collective Investment Schemes and are exposed to the credit risk of the Issuer and the Guarantor.

1 Additional Risks

1.1 Interest rate risk

The mark-to-market value of the Security can decrease as USD interest rates increase during the life of the Security.

1.2 Variable Interest Amount Risk

In respect of the Variable Interest Amount, from the ninth Interest Period to and including the final Interest Period, if the Reference Spread is greater than or equal to the KI Barrier, the Variable Interest Amount for that Interest Period and any subsequent Interest Period will fluctuate depending on the level of the Reference Spread. If in any subsequent Interest Period, the Reference Spread is equal to or less than zero on the first day of that Interest Period, the Variable Interest Amount will be zero for such Interest Period.

1.3 Volatility risk

The mark-to-market value of the Security can decrease as USD interest rates volatility changes during the life of the Security.

2 Risk factors that are specific to credit linked Securities

2.1 Credit risk of the Reference Entity

The Security explicitly bears the credit risk of the Reference Entity and any Successor(s) thereto identified by the Calculation Agent or the Credit Derivatives Determinations Committee, in accordance with "Provisions for determining a Successor" in the Credit Annex. If an Event Determination Date occurs, the Security will be subject to redemption by way of physical settlement by delivery (subject to a fallback to partial cash settlement) of the Portfolio, the value of which may be significantly less than the principal amount outstanding and may be as low as zero, and interest on the Security will stop accruing on the Interest Payment Date immediately preceding the Event Determination Date. If a Potential Failure to Pay or Potential Repudiation/Moratorium occurs, interest will be suspended and if an Event Determination Date subsequently occurs, no interest will be payable following the Interest Payment Date immediately preceding the date on which such Potential Failure to Pay or Potential Repudiation/Moratorium occurs.

Occurrence of certain circumstances may delay physical settlement of the Security and/or result in any delivery obligation being replaced with an obligation to pay a cash amount, which in either case may affect the value of the Security and in the case of payment of a cash amount, such payment may be less than the recovery that could be realised by a holder of the relevant obligations of the Reference Entity or, in certain circumstances, the Auction Final Price.

The Holder should review which Credit Events apply to the Reference Entity and the circumstances in which such Credit Events may apply and the category and characteristics of the Obligations and/or Valuation Obligations which may affect the value of the Note and/or the Portfolio delivered. The Issuer, the Dealer and their affiliates will not provide any information and make no representation regarding the Reference Entity. The investor must make an independent investigation of the Reference Entity and shall not rely on the Issuer or the Guarantor (collectively, "**J.P. Morgan**") or their affiliates when making an investment decision.

2.2 Loss upon Credit Event

Where Physical Settlement applies, credit losses to the Holder will typically be determined on the basis of a market value of the Valuation Obligations delivered to the Holder. Occurrence of certain circumstances may delay Physical Settlement of the Security and/or result in the delivery obligation to be replaced with an obligation to pay a cash amount, which in either case may affect the value of the Security and in the case of payment of a cash amount, such payment may be less than the recovery that could be realised by a holder of the relevant obligations of the Reference Entity or, in certain circumstances, the Auction Final Price.

Moreover, investors should be aware that where the Security redeems by way of physical settlement, unlike a credit default swap entered into on market standard terms, the Holder will receive certain obligations of the Reference Entity and only in certain circumstances (including, without limitation, where such obligations cannot be delivered) will the Holder receive a cash amount. Under a credit default swap entered into on market standard terms, following the occurrence of a Credit Event, "Auction Settlement" is the settlement method by default and such credit default swap will be settled by payment of a cash amount calculated by reference to a price determined by way of a credit derivatives auction sponsored by ISDA and, only if an auction is not held, such credit default swap will be settled by way of physical delivery of certain obligations of the relevant reference entity.

2.3 **Successors with respect to the Reference Entity**

The determination of a Successor Reference Entity or Entities may expose you to new credit risks. The Calculation Agent may rely on any determinations of any Credit Derivatives Determinations Committee in determining any Successors.

Changes in the Reference Entity may change the probability of a Credit Event occurring and consequently may adversely affect the Security. You should read the section called "Provisions for Determining a Successor" in the Credit Annex (as amended by this Pricing Supplement) for more information on the effect of the determination of a Successor on the Security.

2.4 **The Holder (in its capacity as the holder of the Security) will not be able to refer questions to the Credit Derivatives Determinations Committees**

The Holder, in its capacity as holder of the Security, will not have the ability to refer questions to a Credit Derivatives Determinations Committee since the Security is not a credit default swap transaction. As a result, the Holder will be dependent on other market participants to refer specific questions to the Credit Derivatives Determinations Committees that may be relevant to the Holder. The Calculation Agent has no duty to the Holder to refer specific questions to the Credit Derivatives Determinations Committees.

2.5 **The Holder will have no role in the composition of the Credit Derivatives Determinations Committees**

Separate criteria apply with respect to the selection of dealer and non-dealer institutions to serve on the Credit Derivatives Determinations Committees and the Holder will have no role in establishing such criteria. In addition, the composition of the Credit Derivatives Determinations Committees will change from time to time in accordance with the Credit Derivatives Determinations Committees Rules, as published by ISDA and made available on the website of the Credit Derivatives Determinations Committee at <https://www.cdsdeterminationscommittees.org> (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof (the "**Rules**"), as the term of a member institution may expire or a member institution may be required to be replaced. The Holder will have no control over the process for selecting institutions to participate on the Credit Derivatives Determinations Committees and, to the extent provided for in the Security, will be subject to the determinations made by such selected institutions in accordance with the Rules.

2.6 **Potential conflicts of interest due to the involvement of the Calculation Agent with the Credit Derivatives Determinations Committees**

Since, as of the Issue Date, the Calculation Agent (or one of its affiliates) is a voting member on each of the Credit Derivatives Determinations Committees and is a party to transactions which incorporate, or are deemed to incorporate, the 2014 ISDA Credit Derivatives Definitions, it may take certain actions which may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees. See "Ability of the Calculation Agent or its Affiliates to influence the Credit Derivatives Determinations Committees" in Annex B. Such action may be adverse to the interests of the Holder and may result in an economic benefit accruing to the Calculation Agent. In taking any action relating to the Credit Derivatives Determinations Committees or performing any duty under the Rules, the Calculation Agent shall have no obligation to consider the interests of the Holder and may ignore any conflict of interest arising due to its responsibilities under the Security.

2.7 **The Holder will have no recourse against either the institutions serving on the Credit Derivatives Determinations Committees or the external reviewers**

Institutions serving on the Credit Derivatives Determinations Committees and the external reviewers,

among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the member institutions of the Credit Derivatives Determinations Committees from time to time will not owe any duty to the Holder and the Holder will be prevented from pursuing legal claims with respect to actions taken by such member institutions under the Rules.

The Holder should also be aware that member institutions of the Credit Derivatives Determinations Committees have no duty to research or verify the veracity of information on which a specific determination is based. In addition, the Credit Derivatives Determinations Committees are not obligated to follow previous determinations and, therefore, could reach a conflicting determination for a similar set of facts.

2.8 The Holder shall be responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committees

Notices of questions referred to the Credit Derivatives Determinations Committees, meetings convened to deliberate such questions and the results of binding votes of the Credit Derivatives Determinations Committees will be published on the ISDA website (www.isda.org) and none of the Issuer, the Calculation Agent or any of their respective affiliates shall be obliged to inform the Holder of such information (other than as expressly provided in the terms of the Security). Failure by the Holder to be aware of information relating to determinations of a Credit Derivatives Determinations Committee will have no effect under the Security and the Holder is solely responsible for obtaining any such information.

2.9 No rights of ownership in any Reference Obligation

An investor in the Security should be aware that no Reference Obligation will be held by the Issuer for the benefit of the investor in such Security, and as such, an investor will not obtain any rights of ownership, including, without limitation, any voting rights, any rights to receive dividends or other distributions or any other rights with respect to a Reference Obligation referenced by such Security. No J.P. Morgan affiliate is under any obligation whatsoever to acquire and hold any Reference Obligation.

2.10 The past performance of the Reference Entity is not indicative of future performance

Any information about the past performance of the Reference Entity at the time of the issuance of the Security should not be regarded as indicative of the range of, or trends in, fluctuations in the Reference Obligation that may occur in the future. Actual results will be different, and such differences may be material.

2.11 The Calculation Agent has discretion to make certain determinations and adjustments, and/or to cause early termination of the Security, any of which may be adverse to the Holder

The Calculation Agent may in certain circumstances adjust the terms and conditions of the Security (without the consent of the Holder) or may procure the early termination of such Security prior to its scheduled settlement date where particular adjustment events specified to be applicable to such Security occur, in each case, in accordance with such terms and conditions. In the event of such early termination the Issuer will repay such Security at the Early Payment Amount, which will be determined on the basis of an amount determined by the Calculation Agent as representing the fair market value of such Security immediately prior to such early termination, less any cost to the Issuer, or any affiliate of the Issuer which is hedging the Security on the Issuer's behalf, of unwinding such hedging transactions. An investor in the Security should be aware that it is likely that such Early Payment Amount will be less than the investor's initial investment. Following any such early termination of the Security, the investor in such Security may not be able to reinvest the termination proceeds at an effective interest rate as high as the yield on the Security being terminated and may only be able to do so at a significantly lower rate. An investor in

the Security should consider such reinvestment risk in light of other investments available at that time.

2.12 No Holder Rights with respect to the Reference Entity

Neither the Issuer nor the Guarantor has any ability to control or predict the actions of the Reference Entity, including actions that could affect the value of the Security. None of the proceeds of issue of the Security will go to the Reference Entity, the Reference Entity will not be involved in the offering of the Security in any way, and the Reference Entity will have no obligation to consider the interests of the Holder in taking any actions that might affect the value of the Security. The Holder will not have any voting rights, rights to receive distributions or any other rights with respect to the obligations of the Reference Entity.

2.13 No Replacement of the Reference Entity

Following the Trade Date, neither the Issuer nor the Guarantor will be able to replace the Reference Entity to avoid Credit Events or the determination of a Successor. Consequently, the occurrence of an Event Determination Date may result in a reduction in the value of the Security, a reduction, potentially to zero, in the outstanding principal amount of the Security and an early redemption of the Security. Similarly, any determination of a Successor with respect to the Reference Entity or its Successor on or after the Successor Backstop Date (which may be prior to the Trade Date) may change the probability of the occurrence of a Credit Event and the risk associated with an investment in the Security. Therefore, investors should not invest in the Security unless they are comfortable with the creditworthiness of the Reference Entity and the likelihood of the occurrence of a Credit Event and/or the determination of a Successor.

2.14 Limited Provision of Information about the Reference Entity

As the occurrence of an Event Determination Date will result in the redemption of the Security by delivery (subject to a fallback to partial cash settlement) of the Portfolio, the value of which may be significantly less than the principal amount outstanding and may be as low as zero, and a cessation of the accrual of Interest as of the Interest Payment Date immediately preceding the Event Determination Date or, if a Potential Failure to Pay or Potential Repudiation/Moratorium results in an Event Determination Date, cessation of the accrual of Interest as of the Interest Payment Date immediately preceding the date on which the Potential Failure to Pay or Potential Repudiation/Moratorium occurs, investors should conduct their own investigation and analysis with respect to the creditworthiness of the Reference Entity and the likelihood of the determination of a Successor or the occurrence of a Credit Event.

An Event Determination Date may result from a Credit Event occurring at any time from and including the Credit Event Backstop Date to and including the Credit Observation End Date (or the Extension Date, if a Potential Failure to Pay or Potential Repudiation/Moratorium occurs). Any Credit Event Notice will be delivered from the Calculation Agent to the Issuer but not the Holder. The Issuer and its affiliates will have no obligation to keep the Holder informed as to any matters with respect to the Reference Entity or any of its obligations, including the occurrence of a Credit Event or Event Determination Date and whether or not circumstances exist that give rise to the possibility of the occurrence of a Credit Event or the determination of a Successor with respect to the Reference Entity.

2.15 No right to inspect the records of the Issuer

The Holder will not have the right to inspect any of the Issuer's or the Guarantor's records or any records of their respective affiliates. Except for the information contained herein, neither the Issuer nor the Guarantor nor any of their respective affiliates will have any obligation to disclose any information or evidence regarding the existence or terms of any obligation of the Reference Entity or otherwise regarding the Reference Entity or any other person.

3 Additional Consideration relating to LIBOR

3.1 U.K. regulators will no longer persuade or compel banks to submit rates for calculation of LIBOR after 2021. As a result, LIBOR may be discontinued.

On 27 July 2017, the Chief Executive of the U.K. Financial Conduct Authority ("FCA"), which regulates LIBOR, announced that the FCA will no longer persuade or compel banks to submit rates for the calculation of LIBOR (which includes an Original Rate (as defined below) as applicable) after 2021. Such announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. Therefore, it appears highly likely that LIBOR may be discontinued or at least modified by 2021 and/or the market may move to a replacement rate. If the Calculation Agent determines that the relevant Original Rate has been discontinued or has otherwise ceased to exist, the Calculation Agent shall, in its sole and absolute discretion, select a substitute or successor interest rate that the Calculation Agent determines is comparable to such Original Rate to replace such relevant Original Rate, and shall replace such relevant Original Rate by such substitute or successor interest rate with effect from such date as determined by the Calculation Agent, and such substitute or successor interest rate will be deemed to be the relevant Original Rate with effect from such date. It is not possible to predict what substitute or successor interest rate or rates may be available if the relevant Original Rate has been discontinued or has otherwise ceased to exist. Any such substitute or successor interest rate may not be comparable or equivalent to the relevant Original Rate. The Calculation Agent may make such adjustments that it determines to be appropriate, if any, to any one or more of the terms of the Security, including without limitation, any variable or term relevant to the settlement or payment under the Security, as the Calculation Agent determines appropriate to account for such replacement. If the Calculation Agent has determined a substitute or successor interest rate and/or has implemented any changes or adjustments to any terms of the Security in accordance with the foregoing, it could have a material adverse impact on the value of the Security. If, in respect of an Original Rate (other than the Original LIBOR Rate), the Calculation Agent determines that it is unable to identify any successor rate that is comparable to the relevant Original Rate, the Calculation Agent may determine that the Securities shall be redeemed, in which case the Issuer will cause to be paid to each Holder in respect of each Security held by it an amount equal to the Early Payment Amount in redemption of the Securities. In such case you may receive back substantially less than your original investment.

THIS LIST OF RISKS IS NOT EXHAUSTIVE.

Risk Warnings

The risks outlined above, in the Offering Circular and in this Pricing Supplement should not be considered to be an exhaustive list of the risks which potential investors should consider before investing in the Security. No person should invest in the Security unless that person understands the nature of an investment and the extent of that person's exposure to potential loss. Each prospective investor should consider carefully whether an investment in the Security is suitable for them in the light of their circumstances and financial position. Potential investors should be aware that an investment in the Security may be exposed to other risks of an exceptional nature from time to time.

PART C – OTHER APPLICABLE TERMS

1. Interest Amount

The amount of interest (the "**Interest Amount**") payable in respect of each Security (of the Specified Denomination) shall be each Variable Interest Amount and the Contingent Interest Amount.

2. Variable Interest Amount

The Variable Interest Amount payable in respect of each Security (of the Specified Denomination) on each Variable Interest Payment Date shall be calculated by applying the Variable Rate of Interest for the Interest Period ending on (but excluding) the Interest Period End Date on which such Variable Interest Payment Date is scheduled to fall to the Specified Denomination, multiplying the product by the Day Count Fraction for such Interest Period and rounding the result in accordance with General Condition 23.

3. Determination of the Variable Rate of Interest

Subject to the Credit Annex and the General Conditions, in respect of each Security (of the Specified Denomination) and an Interest Period, the Variable Rate of Interest shall be the per annum rate (expressed as a percentage) equal to, for each Interest Period, an amount determined by the Calculation Agent in accordance with the following formula:

- (i) in respect of the first eight Interest Periods scheduled to end in April 2019, July 2019, October 2019, January 2020, April 2020, July 2020, October 2020 and January 2021, 5.00%; and
- (j) in respect of all Interest Periods except for the Interest Periods referred to in paragraph (i) above, 3-Month USD LIBOR in Advance, provided that if, on a KI Switch Date, the Reference Spread is greater than or equal to the KI Barrier, the Variable Rate of Interest for the relevant Interest Period and all subsequent Interest Periods shall be the per annum rate (expressed as a percentage) determined by the Calculation Agent to be equal to:

$(10.00 \times \text{Reference Spread on the first day of the relevant Interest Period}), \text{ subject to a maximum of } 7.00\% \text{ and a minimum of zero}$

4. Determination of the Contingent Interest Amount

The Contingent Interest Amount payable in respect of each Security (of the Specified Denomination) on the Contingent Interest Payment Date shall be an amount determined by the Calculation Agent in accordance with the following formula, subject to rounding in accordance with General Condition 23, but not subject to Day Count Fraction:

$1.00\% \times N1/N2 \times \text{Specified Denomination}$

5. Definitions

Defined terms used and not defined in this Part C shall have the meanings given to them in Part A, the Credit Annex, the General Conditions or the Specific Product Provisions (as applicable).

"**3-Month USD LIBOR**" means, in respect of each calendar day during the Contingent Interest Calculation Period (the "**Relevant Day 1**"), the rate (the "**Original 3-Month LIBOR Rate 1**") for deposits in USD for a period of three months, expressed as a percentage, which appears on the Reuters Screen LIBOR01 Page (or any successor or replacement page to such page, as determined by the

Calculation Agent) (the "**Relevant Screen Page 1**") at 11:00 a.m., London time (the "**Relevant Time 1**"), on such Relevant Day 1 (the "**Determination Date 1**").

If the Calculation Agent determines that such rate does not appear on the Relevant Screen Page 1 at the Relevant Time 1 on the Determination Date 1, the 3-Month USD LIBOR in respect of such Relevant Day 1 will be determined on the basis of the rates at which deposits in USD are offered by the relevant Reference Banks at approximately the Relevant Time 1 on the Determination Date 1 to prime banks in the London interbank market for a period of three months commencing on that Relevant Day 1 and in the relevant Representative Amount. The Calculation Agent will request the principal London office of each of the relevant Reference Banks to provide a quotation of its rate. If at least two quotations are provided, the rate for that Relevant Day 1 will be the arithmetic mean of the quotations. If fewer than two quotations are provided as requested, the rate for that Relevant Day 1 will be the arithmetic mean of the rates quoted by major banks in New York City, selected by the Calculation Agent, at approximately 11:00 a.m., New York City time, on the Determination Date 1 for loans in USD to leading European banks for a period of three months commencing on that Relevant Day 1 and in the relevant Representative Amount. If the 3-Month USD LIBOR for such Relevant Day 1 cannot be determined using the methodology set out in the preceding sentences or if the Calculation Agent determines that no suitable Reference Bank which is prepared to quote is available, the Calculation Agent will determine the 3-Month USD LIBOR for such Relevant Day 1 in good faith and in a commercially reasonable manner, provided that:

- (a) subject to paragraph (b) below, if the Relevant Day 1 is not a London Banking Day and U.S. Government Securities Business Day, the 3-Month USD LIBOR in respect of such Relevant Day 1 shall be deemed to be the 3-Month USD LIBOR in respect of the immediately preceding calendar day which is a London Banking Day and U.S. Government Securities Business Day; and.
- (b) the 3-Month USD LIBOR in respect of each calendar day from, and including, the fifth London Banking Day and U.S. Government Securities Business Day (such date being the "**Rate Cut-off Date**") prior to the Contingent Interest Calculation Period End Date scheduled to fall at the end of such Contingent Interest Calculation Period to, and including, the last calendar day of such Contingent Interest Calculation Period, shall be deemed to be the 3-Month USD LIBOR in respect of the Rate Cut-off Date.

"3-Month USD LIBOR in Advance" means, in respect of each Interest Period, the rate (the "**Original 3-Month LIBOR Rate 2**") for deposits in USD for a period of three months, expressed as a percentage, which appears on the Reuters Screen LIBOR01 Page (or any successor or replacement page to such page, as determined by the Calculation Agent) (the "**Relevant Screen Page 2**") at 11:00 a.m., London time (the "**Relevant Time 2**"), on the day that is two London Banking Days prior to the start of the relevant Interest Period (the "**Interest Determination Date**").

If the Calculation Agent determines that such rate does not appear on the Relevant Screen Page 2 at the Relevant Time 2 on the Interest Determination Date, the 3-Month USD LIBOR in Advance in respect of such calendar day will be determined on the basis of the rates at which deposits in USD are offered by the relevant Reference Banks at approximately the Relevant Time 2 on the Interest Determination Date to prime banks in the London interbank market for a period of three months commencing on the start of the relevant Interest Period and in the relevant Representative Amount. The Calculation Agent will request the principal London office of each of the relevant Reference Banks to provide a quotation of its rate. If at least two quotations are provided, the rate for the Interest Determination Date will be the arithmetic mean of the quotations. If fewer than two quotations are provided as requested, the rate for that Interest Determination Date will be the arithmetic mean of the

rates quoted by major banks in New York City, selected by the Calculation Agent, at approximately 11:00 a.m., New York City time, on that Interest Determination Date for loans in USD to leading European banks for a period of three months commencing on the day which is two London Banking Days after that Interest Determination Date and in the relevant Representative Amount. If the 3-Month USD LIBOR in Advance in respect of the Interest Determination Date cannot be determined using the methodology set out in the preceding sentences, the Calculation Agent will determine the 3-Month USD LIBOR in Advance for that Interest Determination Date in good faith and in a commercially reasonable manner.

- (b) the Reference Entity is an Affected Reference Entity,

then no amount of interest otherwise payable on such Interest Payment Date in the absence of the occurrence of any such Event Determination Date or the Reference Entity being an Affected Reference Entity shall be due. Where the Reference Entity is an Affected Reference Entity in respect of an Interest Payment Date, if a Determination Date occurs in respect of the Affected Reference Entity pursuant to either paragraph (i) or paragraph (ii)(b) of the definition of "Determination Date" in paragraph 63 of Part A above, the amount of interest that would have been payable on the Interest Payment Date in the absence of the Reference Entity being an Affected Reference Entity shall be payable on the Deferred Interest Payment Date and no additional amount shall be due in respect of any such postponement. No interest shall be payable if an Applicable Event Determination Date occurs in respect of the Affected Reference Entity (unless the Determination Date in respect of such Affected Reference Entity occurs pursuant to paragraph (ii)(b)(Y) of the definition of "Determination Date" in paragraph 63 of Part A above) and an Intended Physical Settlement Notice is given.

The final Interest Payment Date shall be the earliest to occur of (I) the Interest Payment Date (if any) immediately preceding the Event Determination Date (if any) (or, for the avoidance of doubt, if there is no such immediately preceding Interest Payment Date, then no amount of interest otherwise payable shall be due), and (II) the Interest Payment Date scheduled to fall on the Scheduled Maturity Date.

"USD Swap Rate" means, in respect of any relevant day (the **"Relevant Day 3"**), the rate (the **"Original Swap Rate"**) for USD swaps with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Reuters Screen ICESWAP1 Page (or any successor or replacement page to such page, as determined by the Calculation Agent) (the **"Relevant Screen Page 3"**) as of 11:00 a.m., New York City time (the **"Relevant Time 3"**) on the day that is 5 U.S. Government Securities Business Days prior to that Relevant Day 3 (the **"Interest Determination Date 1"**). If the Calculation Agent determines that such rate does not appear on the Relevant Screen Page 3 at the Relevant Time 3 on such Interest Determination Date 1, the USD Swap Rate for that Relevant Day 3 will be a percentage determined on the basis of the mid-market semi-annual swap rate quotations provided by the relevant Reference Banks at approximately the Relevant Time 3 on that Interest Determination Date 1, and, for this purpose, the semi-annual swap rate means the arithmetic mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating USD interest rate swap transaction with a term equal to the Designated Maturity commencing on that Relevant Day 3 and in the relevant Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to "USD-LIBOR (ICE Benchmark Administration) Rate". The Calculation Agent will request the principal New York City office of each of the Reference Banks to provide a quotation of its rate. If at least three quotations are provided, the rate for that Relevant Day 3 will be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If fewer than three quotations are provided, the USD Swap Rate for such Relevant Day 3 shall be such rate as is determined by the Calculation Agent in good faith and in a commercially reasonable manner.

6. **Substitute or Successor Rate**

If the Calculation Agent determines that an Original Rate has been (or will be) discontinued or has otherwise ceased to exist (or will cease to exist), the Calculation Agent shall (or where the Original Rate will be discontinued or otherwise cease to exist, may), in its sole and absolute discretion, select

a substitute or successor swap or interest rate that the Calculation Agent determines is appropriate to replace such Original Rate, and shall replace such Original Rate by such substitute or successor swap or interest rate with effect from such date as determined by the Calculation Agent, and such substitute or successor swap or interest rate will be deemed to be such Original Rate with effect from such date. The Calculation Agent may make such adjustments that it determines to be appropriate, if any, to the terms and conditions of the Note, including without limitation, any variable or term relevant to the settlement or payment under the Note, as the Calculation Agent determines appropriate to account for such replacement. If, in respect of an Original Swap Rate only, the Calculation Agent determines that it is unable to identify any successor swap that is comparable to the Original Swap Rate, the Calculation Agent may determine that the Securities shall be redeemed, in which case the Issuer will cause to be paid to each Holder in respect of each Security held by it an amount equal to the Early Payment Amount in redemption of the Securities.

Where "**Original Rate**" means any of the Original 3-Month LIBOR Rate 1, the Original 3-Month LIBOR Rate 2, the Original Swap Rate and the Original LIBOR Rate.

7. Inability to determine the relevant rate following application of all applicable fallbacks

In the event that, following the application of each of the fallbacks set out in the definitions of "3-Month USD LIBOR", "3-Month USD LIBOR in Advance", or "USD Swap Rate", respectively, and, if applicable, subject to the application of paragraph 6 (*Substitute or Successor Rate*) above, the Calculation Agent is unable to determine the 3-Month USD LIBOR, 3-Month USD LIBOR in Advance or USD Swap Rate (as applicable) for the relevant Determination Date, then the Calculation Agent may determine that the Securities shall be redeemed, in which case the Issuer will cause to be paid to each Holder in respect of each Security held by it an amount equal to the Early Payment Amount in redemption of the Securities.

8. Administrator/Benchmark Event

If the Calculation Agent determines that an Administrator/Benchmark Event has occurred or is existing on any day in respect of the Securities and a Relevant Benchmark, the Calculation Agent may determine that the Securities shall be redeemed, in which event the Issuer will cause to be paid to each Holder in respect of each Security held by it an amount equal to the Early Payment Amount.

9. Changes in a Relevant Benchmark

If the methodology or formula for a Relevant Benchmark in respect of the Securities or any other means of calculating the Relevant Benchmark, is changed (irrespective of the materiality of any such change or changes), then for the avoidance of doubt references to the Relevant Benchmark shall remain as the Relevant Benchmark notwithstanding such changes.

10. Non-compliant Fallbacks

Notwithstanding anything else in the Conditions, if, in respect of the Securities, it (a) is or would be unlawful at any time under any applicable law or regulation or (b) would contravene any applicable licensing requirements, in each case, for the Calculation Agent to determine the 3-Month USD LIBOR, 3-Month USD LIBOR in Advance or USD Swap Rate or make any other determination in respect of the Securities which it would otherwise be obliged to do so under the Conditions (or it would be unlawful or would contravene those licensing requirements were a determination to be made at such time), then (where no other applicable provision in the Conditions results in such determination being made) the Calculation Agent may determine that the Securities shall be redeemed, in which event the Issuer will cause to be paid to each Holder in respect of each Security held by it an amount equal to the

Early Payment Amount.

11. **Physical Settlement**

Subject as provided below and in section 1.33 (*Credit Event Notice after M(M)R Restructuring*) of the Credit Annex, if the Maturity Date has been determined pursuant to sub-paragraph (ii) of the definition of "Maturity Date" in Part A above, Physical Settlement shall apply and, for the purposes of General Condition 5.6(b) (*Final Redemption*) and paragraph 17 of the Pricing Supplement (subject to Partial Cash Settlement below), no Final Redemption Amount shall be paid in respect of the Security. Instead, the Issuer shall redeem the Security (of the Specified Denomination) by Delivery of the Portfolio to the Holder, such Delivery to be made during the period from (and including) the Physical Settlement Date to (and including) the Last Permissible Physical Settlement Date (which may, for the avoidance of doubt, be done in one or more deliveries).

For the purposes of the foregoing, Delivery by the Issuer shall be made in accordance with market practice applicable to the relevant Valuation Obligation on the applicable Delivery Date.

Failure to Deliver all or some of the Portfolio by the Last Permissible Physical Settlement Date shall not constitute an Event of Default.

12. **Intended Physical Settlement Notice**

In the period from (and including) the 10th Business Day following the Physical Settlement Entitlement Evidence Date to (and including) the 125th Business Day following the Physical Settlement Entitlement Evidence Date (or such later date as may be selected by the Calculation Agent following any Auction Cancellation Date or No Auction Announcement Date), the Calculation Agent (on behalf of the Issuer) will give 10 Business Days' notice of the intended Physical Settlement Date (an "**Intended Physical Settlement Notice**") to the Holder. The Calculation Agent (on behalf of the Issuer) may from time to time on or prior to the Physical Settlement Date give notice of any amendment to the Intended Physical Settlement Notice (or any amendment notice in respect thereof) to the Holder.

13. **Reference Asset Transfer Notice**

No later than the Physical Settlement Entitlement Evidence Date, the Holder shall provide to the Calculation Agent evidence of its entitlement to the Note and its contact details.

No later than the Reference Asset Transfer Notice Cut-Off Date, the Holder shall provide to the Calculation Agent (with a copy to the Issuer, Paying Agent, Relevant Programme Agent and Delivery Agent) a Reference Asset Transfer Notice (as defined in the General Conditions) (which notice shall include, without limitation, such Holder's contact details and account details for Delivery). If the evidence of entitlement to the Note is not received by the Calculation Agent by the Physical Settlement Entitlement Evidence Date or if the Reference Asset Transfer Notice is received later than the Reference Asset Transfer Notice Cut-Off Date (a "**Fallback Event**"), Partial Cash Settlement (as provided in paragraph 15 (*Partial Cash Settlement*) below) will apply.

14. **Issuer Affiliates**

Notwithstanding any provision requiring the Issuer to Deliver the Valuation Obligations to the Holder, the Issuer may designate any of its Affiliates to Deliver such Valuation Obligations and otherwise to perform its obligations in respect of the Security and any such designees may assume such obligations. The Holder need not be notified of such designation and if the Issuer's designee(s) shall have performed the obligations of the Issuer hereunder, then the Issuer shall be discharged from its obligations to the

Holder hereunder to the extent of such performance.

15. **Partial Cash Settlement**

- (a) Subject to sub-paragraph (b) below, if a Partial Cash Settlement Trigger Event occurs then (i) the Issuer will effect Delivery of any obligations in the Portfolio that are not Undeliverable Obligations in accordance with paragraph 11 (*Physical Settlement*) above, and (ii) the Issuer will pay to the Holder an amount equal to the Partial Cash Settlement Amount in respect of each Undeliverable Obligation on the applicable Partial Cash Settlement Date.
- (b) If the Calculation Agent determines in its sole discretion that any Valuation Obligation, as may be selected by the Issuer or the Calculation Agent (as the case may be) to form part of the Portfolio, has been converted, exchanged or otherwise transformed into any other type of property (including, without limitation, equity) (in each case, a "**Conversion Event**") prior to the Physical Settlement Date (assuming that an Intended Physical Settlement Notice has been given), and where such Valuation Obligation would have formed part of the Portfolio but for the occurrence of such Conversion Event (in such case, such Valuation Obligation will be an "**Undeliverable Obligation**"), then the Holder will receive the Partial Cash Settlement Amount (instead of the Undeliverable Obligations) on the Partial Cash Settlement Date.

16. **Additional Definitions**

"**Administrator/Benchmark Event**" means, in respect of any Securities and a Relevant Benchmark, the occurrence or existence, as determined by the Calculation Agent, of any of the following events in respect of such Relevant Benchmark:

- (a) a "**Non-Approval Event**", being any of the following:
 - (i) any authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark is not obtained;
 - (ii) (ii) the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark is not included in an official register; or
 - (iii) the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark does not fulfil any legal or regulatory requirement applicable to the Securities or the Relevant Benchmark,

in each case, as required under any applicable law or regulation in order for the Issuer (or, if applicable, the Guarantor) or the Calculation Agent to perform its or their respective obligations in respect of the Securities. For the avoidance of doubt, a Non-Approval Event shall not occur if the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark is not included in an official register because its authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended if, at the time of such suspension, the continued provision and use of the Relevant Benchmark is permitted in respect of the Securities under the applicable law or regulation during the period of such suspension;

- (b) a "**Rejection Event**", being the relevant competent authority or other relevant official body rejects or refuses any application for authorisation, registration, recognition, endorsement, an

equivalence decision, approval or inclusion in any official register which, in each case, is required in relation to the Relevant Benchmark or the administrator of the Relevant Benchmark under any applicable law or regulation for the Issuer or the Calculation Agent to perform its or their respective obligations in respect of the Securities; or

(c) a "**Suspension/Withdrawal Event**", being any of the following:

- (i) the relevant competent authority or other relevant official body suspends or withdraws any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark which is required under any applicable law or regulation in order for the Issuer (or, if applicable, the Guarantor) or the Calculation Agent to perform its or their respective obligations in respect of the Securities; or
- (ii) the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark is removed from any official register where inclusion in such register is required under any applicable law or regulation in order for the Issuer (or, if applicable, the Guarantor) or the Calculation Agent to perform its or their respective obligations in respect of the Securities.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or where inclusion in any official register is withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Relevant Benchmark is permitted in respect of the Securities under the applicable law or regulation during the period of such suspension or withdrawal.

"**Asset Package Delivery**" will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Event Determination Date, or (ii) no Package Observable Bond exists immediately prior to such Asset Package Credit Event.

"**Deliver**" for the purposes of these physical settlement provisions means deliver, novate, transfer (including, in the case of a Guarantee, transfer of the benefit of the Guarantee), assign or sell, as appropriate, in the manner customary for the settlement of the applicable Valuation Obligations (which shall include executing all necessary documentation and taking any other necessary actions), in order to convey all right, title (or, with respect to Valuation Obligations where only equitable title is customarily conveyed, all equitable title) and interest in the Valuation Obligations selected by the Calculation Agent, to the Holder free and clear of any and all liens, charges, claims or encumbrances (excluding any liens routinely imposed on all securities in a relevant clearance system, but including, without limitation, any counterclaim, defence (other than a counterclaim or defence based on the factors set forth in Section 4.1(a) to (d) (*Credit Event*) of the Credit Annex) or right of set-off by or of the Reference Entity or any applicable Underlying Obligor); provided that (i) if a Valuation Obligation is a Direct Loan Participation, "**Deliver**" means to create (or procure the creation of) a participation in favour of the Holder and (ii) if a Valuation Obligation is a Guarantee, "**Deliver**" means to Deliver both the Underlying Obligation and the Guarantee, provided further that if the Guarantee has a Fixed Cap, "Deliver" means to Deliver the Underlying Obligation, the Guarantee and all claims to any amounts which are subject to such Fixed Cap. "**Delivery**" and "**Delivered**" will be construed accordingly.

In the case of a Loan, Delivery shall be effected using documentation substantially in the form of

the documentation customarily used in the relevant market for Delivery of such Loan at that time, provided further that the Holder agrees to comply with the provisions of any documentation (which shall include any market advisory that the relevant Credit Derivatives Determinations Committee Resolves to approve for such purpose) that the relevant Credit Derivatives Determinations Committee Resolves constitutes documentation customarily used in the relevant market for Delivery of such Loan at that time, as such documentation may be amended to the extent the relevant Credit Derivatives Determinations Committee Resolves is appropriate, which is consistent with the delivery and payment obligations of the parties hereunder. The Holder further agrees that compliance by it with the provisions of any such documentation, shall be required for, and, without further action, constitute, Delivery for purposes of this definition (to the extent that such documentation contains provisions describing how Delivery should be effected) and neither the Holder shall be permitted to request that the Issuer take, nor shall the Issuer be required to take, any additional actions, unless otherwise contemplated by such documentation.

If Asset Package Delivery applies, (i) Delivery of a Prior Valuation Obligation or a Package Observable Bond, may be satisfied by Delivery of the related Asset Package, and such Asset Package shall be treated as having the same currency, Outstanding Principal Balance or Due and Payable Amount, as applicable, as the Prior Valuation Obligation or Package Observable Bond to which it corresponds had immediately prior to the Asset Package Credit Event, (ii) the first paragraph of this definition shall be deemed to apply to each Asset in the Asset Package provided that if any such Asset is not a Bond, it shall be treated as if it were a Loan for these purposes, (iii) if the Asset Package is zero, the Outstanding Amount of the Prior Valuation Obligation or Package Observable Bond shall be deemed to have been Delivered in full three Business Days following the date on which the Issuer has notified the Holder of the Asset Package that it intends to Deliver, (iv) the Issuer may satisfy its obligation to make Delivery of the Prior Valuation Obligation or Package Observable Bond in part by Delivery of each Asset in the Asset Package in the correct proportion, and (v) if the relevant Asset is a Non-Transferable Instrument or Non-Financial Instrument, the Asset shall be deemed to be an amount of cash equal to the Asset Market Value.

"Last Permissible Physical Settlement Date" means the date falling 30 calendar days following the Physical Settlement Date or, if the Calculation Agent determines in its sole discretion that the relevant impossibility, illegality or impracticability will not be remedied within such time or that it is not practicable to Deliver some or all of the Portfolio following receipt of the Reference Asset Transfer Notice, any earlier date occurring prior to, on or after the Physical Settlement Date as selected by the Calculation Agent in its sole discretion.

"Partial Cash Settlement Amount" means, in respect of an Undeliverable Obligation, an amount in USD equal to the greater of (i) the *product* of (a) the Outstanding Principal Balance or Due and Payable Amount, as applicable, of such Undeliverable Obligation (and where the relevant amount is in a currency other than USD, such amount shall be converted to USD at a rate determined by the Calculation Agent in its sole discretion), *multiplied* by (b) the applicable Relevant Final Price with respect to such Undeliverable Obligation (which shall be subject to a maximum of 100 per cent. of the Outstanding Principal Balance or Due and Payable Amount, as applicable, of such Undeliverable Obligation) and (ii) zero, provided that, where the Calculation Agent determines that a Conversion Event has occurred, the Calculation Agent will determine the Final Price of the relevant Undeliverable Obligation in accordance with the Cash Settlement method and modify such method to the extent necessary to make them compatible with the type and amount of property of such Undeliverable Obligation being so valued and such Undeliverable Obligation shall be treated as having the same currency, Outstanding Principal Balance or Due and Payable Amount, as

applicable, as the Valuation Obligation to which it corresponds immediately prior to the Conversion Event. For these purposes the **"Relevant Final Price"** means the Final Price (as defined in the Credit Annex) (provided that, for such purposes only, the Settlement Method shall be construed as Cash Settlement, the Valuation Date shall be construed as the relevant Partial Cash Settlement Valuation Date and the Valuation Obligation shall be construed as the relevant Undeliverable Obligation).

"Partial Cash Settlement Date" means, in respect of any Undeliverable Obligation, the date falling 5 Business Days following the Partial Cash Settlement Valuation Date (provided that, in the case of a Partial Cash Settlement Trigger Event under paragraph (iii) of the definition thereof, the Partial Cash Settlement Date shall be the later of the above date and the date falling on the 15th Business Day following the Event Determination Date).

"Partial Cash Settlement Trigger Event" means:

- (i) it is impossible or illegal to Deliver (or, due to an event beyond the control of the Holder, it is impossible or illegal for the Holder to accept Delivery of) all or some of the Portfolio (including, without limitation, as a result of failure of the relevant clearance system or due to any law, regulation or court order) on or before the Last Permissible Physical Settlement Date;
- (ii) the Calculation Agent determines in its sole discretion that it is not practicable to Deliver some or all of the Portfolio (whether by reason of the denomination of, or transfer restrictions on, the relevant Valuation Obligations, the nature and status of the Holder or relevant Valuation Obligations or any other reason) on or before the Last Permissible Physical Settlement Date; or
- (iii) the Calculation Agent determines that there is a material possibility that Valuation Obligations capable of being Delivered will no longer exist at the Physical Settlement Date; or
- (iv) a Fallback Event occurs.

"Partial Cash Settlement Valuation Date" means, in respect of an Undeliverable Obligation, the fifth Business Day following the Last Permissible Physical Settlement Date (provided that, in the case of a Partial Cash Settlement Trigger Event under paragraph (iii) of the definition thereof, the Partial Cash Settlement Valuation Date shall be any date selected by the Calculation Agent in its sole discretion).

"Physical Settlement Date" means the date (which may occur after the Scheduled Maturity Date) specified as such in the Intended Physical Settlement Notice falling 10 Business Days after the date of the Intended Physical Settlement Notice.

"Portfolio" means one or more Valuation Obligations (as selected by the Issuer or the Calculation Agent in its sole and absolute discretion) with an aggregate Due and Payable Amount or Outstanding Principal Balance (excluding accrued interest) (as applicable) (or, in either case, the equivalent in the Specified Currency converted at a spot rate as of or around the date of the Intended Physical Settlement Notice or any amendment notice in respect thereof or the date on which the Final Price is determined, as applicable, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner), as of each relevant Delivery Date, equal to the Specified Denomination.

The Calculation Agent shall determine whether an obligation is a Valuation Obligation but shall otherwise have no discretion in respect of, or liability arising from, the constitution of the Portfolio. Neither the Calculation Agent nor the Issuer shall give any consideration as to, or have any liability arising from, whether some or all of the Portfolio consists of Undeliverable Obligations.

The Issuer or Calculation Agent will endeavour to select the lowest priced obligations meeting the definition of Valuation Obligations, and will not be liable to account to the Holder or any other person for any profit or other benefit to it or any of its affiliates which may result directly or indirectly from any such selection.

In making any determination in its capacity as Calculation Agent, J.P. Morgan Securities plc may (but shall not be obliged to) have regard to decisions made by announcements, determinations and resolutions made by ISDA and/or the ISDA Credit Derivatives Determinations Committees.

"Relevant Benchmark" means, in respect of any Securities, 3-Month USD LIBOR, 3-Month USD LIBOR in Advance, USD Swap Rate, a Floating Rate Option, a Benchmark or any rate, level, value or other figure in respect of one or more Reference Assets utilised in order to determine the Rate of Interest, Floating Rate Coupon, Redemption Amount, Optional Redemption Amount, Instalment Amount, Reference Asset Amount or any other amount payable or asset deliverable under the Securities, in each case, which is a "benchmark" for the purposes of Regulation (EU) 2016/1011 of the European Parliament and the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending directives 2008/48/EC and 2014/17/EU and Regulation (EU) 596/2014 (as may be amended from time to time, the "EU Benchmark Regulation"), as determined by the Calculation Agent.

"DC No Credit Event Announcement" means, with respect to the Reference Entity, a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations Committee has Resolved that an event that is the subject of a DC Credit Event Question does not constitute a Credit Event.

"Credit Event Resolution Request Date" means, with respect to a DC Credit Event Question, the date as publicly announced by the DC Secretary that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which the DC Credit Event Question was effective and on which the relevant Credit Derivatives Determinations Committee was in possession of Publicly Available Information with respect to such DC Credit Event Question.

Section 1.31. M(M)R Restructuring. "M(M)R Restructuring" means a Restructuring Credit Event in respect of which either "Mod R" or "Mod Mod R" is specified as applicable in the Standard.

Section 1.32. Credit Event Notice. "Credit Event Notice" means, with respect to a Reference Entity, an irrevocable notice from the Calculation Agent to the Issuer that describes a Credit Event that occurred on or after the Credit Event Backstop Date applicable to the relevant Reference Entity and on or prior to the Extension Date with respect to that Reference Entity.

Any Credit Event Notice that describes a Credit Event with respect to a Reference Entity that occurred after the Credit Observation End Date must relate to the relevant Potential Failure to Pay, in the case of a Grace Period Extension Date, or the relevant Potential Repudiation/Moratorium, in the case of a Repudiation/Moratorium Evaluation Date.

A Credit Event Notice that describes a Credit Event other than an M(M)R Restructuring must be in respect of the full Credit Position.

A Credit Event Notice must contain a description in reasonable detail of the facts relevant to the determination that a Credit Event with respect to a Reference Entity has occurred. Other than where a DC Credit Event Announcement has been made with respect to the relevant Credit Event, the Calculation Agent shall only deliver a Credit Event Notice where it determines that Publicly Available Information exists confirming the existence or occurrence of the relevant Credit Event and, in that case, such Credit Event Notice shall contain a copy, or a description in reasonable detail, of the relevant Publicly Available Information. The Credit Event that is the subject of the Credit Event Notice need not be continuing on the date the Credit Event Notice is effective.

The Calculation Agent is under no obligation to issue a Credit Event Notice and may send any Credit Event Notice at any time after the occurrence of the Credit Event. In determining whether or not to deliver a Credit Event Notice, or the timing of such delivery, the Calculation Agent is not required to take into account the interests of any person (including any Holder) but can take into account the interests of the Issuer.

Section 1.33. Credit Event Notice after M(M)R Restructuring. Upon the occurrence of an M(M)R Restructuring with respect to a Reference Entity (other than where, following the associated Event Determination Date, the Remaining Credit Position of such Reference Entity is greater than zero) and subject as provided in Section 4.1, no further Event Determination Date, Potential Failure to Pay or Potential Repudiation/Moratorium may occur with respect to such Reference Entity.

The following provisions shall apply to Reference Entities in respect of which an Event Determination Date relating only to an M(M)R Restructuring has occurred:

The Calculation Agent may deliver multiple Credit Event Notices with respect to a Reference Entity that has been subject to an Event Determination Date relating only to an M(M)R Restructuring, each such Credit Event Notice that relates only to an M(M)R Restructuring specifying the relevant portion of the Credit Position of the Reference Entity to which such Credit Event Notice applies (the "**Exercise Amount**"). Where the Credit Event Notice does

not specify an Exercise Amount, the entire Credit Position (or, as the case may be, Remaining Credit Position (as defined below)) will be deemed to have been specified as the Exercise Amount. Such Reference Entity shall be treated as a separate Defaulted Credit in respect of each relevant Exercise Amount and all provisions related to the calculation of principal and interest payable under the Securities shall be construed accordingly.

Notwithstanding the provisions of the Conditions:

- (i) where the Securities provide that following the occurrence of an Event Determination Date (and satisfaction of any conditions related thereto) the Final Redemption Amount shall become due, the Final Redemption Amount shall not become due following the occurrence of an Event Determination Date relating only to an M(M)R Restructuring except for in respect of any Exercise Amount(s) specified; and
- (ii) once a Credit Event Notice relating only to an M(M)R Restructuring has been given, any determination relating to any change or potential change in the amount(s) or timing(s) of interest and/or principal payable in respect of the Securities, in relation to any Credit Event for which any Exercise Amount has been specified, shall only be in respect of any relevant Exercise Amount(s) specified as of the relevant date of determination, and otherwise shall be in respect of the entire Remaining Credit Position. For any Defaulted Credit in respect of which an Exercise Amount was not specified as of the relevant date of determination of such Defaulted Credit, after any relevant Exercise Amount is specified, the Remaining Credit Position shall be reduced accordingly and the provisions otherwise applicable in respect of such Defaulted Credit shall continue to apply to the extent of any Remaining Credit Position following such reduction.

Save as provided above, all references in the Conditions to the "Credit Position", insofar as it relates to a Reference Entity in respect of which an Event Determination Date relating only to an M(M)R Restructuring has occurred, shall be deemed to be references to the Remaining Credit Position of such Reference Entity except for calculation of the Final Price attributable to the relevant Exercise Amount where references to "Credit Position" shall be to such Exercise Amount. As used herein, "**Remaining Credit Position**" means, in respect of each Reference Entity in respect of which M(M)R Restructuring is specified as being applicable, at any time, the initial Credit Position of such Reference Entity, less the aggregate of all Exercise Amounts (if any) in respect of such Reference Entity. For all the purposes hereof, insofar as the Remaining Credit Position of any Reference Entity in respect of which M(M)R Restructuring is specified as being applicable is, at any time, greater than zero, such Reference Entity shall be treated as a non-Defaulted Credit.

Section 1.35. Publicly Available Information.

- (a) "**Publicly Available Information**" means information that in the sole discretion of the Calculation Agent reasonably confirms any of the facts relevant to the determination that the Credit Event or Potential Repudiation/Moratorium, as applicable, described in a Credit Event Notice or Repudiation/Moratorium Extension Notice have occurred and which:
 - (i) has been published in or on not less than two Public Sources (regardless of whether the reader or user thereof pays a fee to obtain such information);

- (b) In relation to any information of the type described in Sections 1.35(a)(ii) or (iii), the party receiving such information may assume that such information has been disclosed to it without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information and that the party delivering such information has not taken any action or entered into any agreement or understanding with the Reference Entity or any Affiliate of the Reference Entity that would be breached by, or would prevent, the disclosure of such information to the party receiving such information.
- (c) Without limitation, Publicly Available Information need not state (i) in relation to Section 3.28 (*Downstream Affiliate*), the percentage of Voting Shares owned by the Reference Entity and (ii) that the relevant occurrence (A) has met the Payment Requirement or Default Requirement, (B) is the result of exceeding any applicable Grace Period, or (C) has met the subjective criteria specified in certain Credit Events.
- (d) In relation to a Repudiation/Moratorium Credit Event, Publicly Available Information must relate to the events described in both Sections 4.6(a)(i) and (ii) (*Repudiation/Moratorium*).

- (c) For purposes of Section 1.38(b), a notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation of such notice will be executed and delivered confirming the substance of such notice within one Calculation Agent City Business Day of such notice. Failure to provide that written confirmation shall not affect the effectiveness of a notice given by telephone.

Section 1.39. Credit Event Backstop Date. "Credit Event Backstop Date" means, with respect to a Reference

Entity or an Obligation thereof:

- (a) for purposes of any event that constitutes a Credit Event (or with respect to a Repudiation/Moratorium, if applicable, the event described in Section 4.6(a)(ii) (*Repudiation/Moratorium*)), as determined by DC Resolution, the date that is sixty calendar days prior to the Credit Event Resolution Request Date, or
- (b) otherwise, the date that is sixty calendar days prior to the earlier of:

 - (i) if the DC Secretary publishes a Final List applicable to the Transaction Auction Settlement Terms and/or Parallel Auction Settlement Terms, the date that is five Relevant City Business Days following the date on which such Final List is published; or

If "Grace Period Extension" is not specified as applicable to that Reference Entity in the Standard, Grace Period Extension shall not apply.

Section 1.46. Grace Period. "Grace Period" means:

TERMS RELATING TO THE REFERENCE ENTITY AND THE REFERENCE OBLIGATION

Section 2.1. Reference Entity. "**Reference Entity**" means each of the entities specified in or determined in accordance with the Pricing Supplement and any Successors.

Section 2.2. Provisions for Determining a Successor.

- (a) "**Successor**" means, subject to Section 2.2(c), the entity or entities, if any, determined as follows:
- (i) subject to Section 2.2(a)(vii), if one entity succeeds, either directly or as a provider of a Relevant Guarantee, to seventy-five per cent or more of the Relevant Obligations of the Reference Entity, that entity will be the sole Successor;
 - (ii) if only one entity succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent (but less than seventy-five per cent) of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than twenty-five per cent of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than twenty-five per cent of the Relevant Obligations will each be a Successor and the Credit Position will be divided and the terms of the Securities will be amended in accordance with Section 2.2(n);
 - (iv) if one or more entities each succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent of the Relevant Obligations of the Reference Entity, and more than twenty-five per cent of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and the Credit Position will be divided and the terms of the Securities will be amended in accordance with Section 2.2(n);
 - (v) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity and the Credit Position will not be changed in any way as a result of such succession;
 - (vi) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and the Credit Position will be divided and the terms of the Securities will be amended in accordance with Section 2.2(n)); and
 - (vii) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has

not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the "**Universal Successor**") will be the sole Successor.

- (b) The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under Section 2.2(a); provided that the Calculation Agent will not make such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

If the DC Secretary publicly announces, on or following the Trade Date, that the relevant Credit Derivatives Determinations Committee has Resolved that one or more Successors exist with respect to a Reference Entity, each such successor entity will be treated as a Successor for purposes of Section 2.2(n).

The Calculation Agent will make all calculations and determinations required to be made under Section 2.2 on the basis of Eligible Information.

In calculating the percentages used to determine whether an entity qualifies as a Successor under Section 2.2(a), if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

- (c) An entity may only be a Successor if:
- (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after January 1, 2014;
 - (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.
- (d) For purposes of Section 2.2, "**succeed**" means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the "**Exchange Bonds or Loans**") that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of Section 2.2, "**succeeded**" and "**succession**" shall be construed accordingly.
- (e) "**Sovereign Succession Event**" means, with respect to a Reference Entity that is a Sovereign, an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other similar event.
- (f) "**Relevant Obligations**" means the Obligations of the Reference Entity which fall within the Obligation Category "**Bond or Loan**" and which are outstanding immediately prior to the Succession Date (or, if there is a Steps Plan, immediately prior to the legally effective date of the first succession), provided that:
- (i) any Bonds or Loans outstanding between the Reference Entity and any of its Affiliates, or held

by the Reference Entity, shall be excluded;

- (ii) if there is a Steps Plan, the Calculation Agent shall, for purposes of the determination required to be made under Section 2.2(a), make the appropriate adjustments required to take account of any Obligations of the Reference Entity which fall within the Obligation Category "**Bond or Loan**" that are issued, incurred, redeemed, repurchased or cancelled from and including the legally effective date of the first succession to and including the Succession Date;
 - (iii) if "**Financial Reference Entity Terms**" is specified as applicable with respect to the relevant Reference Entity in the Standard, and the associated Credit Position is a Senior Credit Position, then the Relevant Obligations shall only include the Senior Obligations of the Reference Entity which fall within the Obligation Category "**Bond or Loan**"; and
 - (iv) if "**Financial Reference Entity Terms**" is specified as applicable with respect to the relevant Reference Entity in the Standard, and the associated Credit Position is a Subordinated Credit Position, then the Relevant Obligations shall exclude Senior Obligations and any Further Subordinated Obligations of the Reference Entity which fall within the Obligation Category "**Bond or Loan**", provided that if no such Relevant Obligations exist, "**Relevant Obligations**" shall have the same meaning as it would if the Credit Position were a Senior Credit Position.
- (g) In the case of an exchange offer, the determination required pursuant to Section 2.2(a) shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.
- (h) If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

- (j) "**Succession Date**" means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the Reference Entity; provided that if at such time, there is a Steps Plan, the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (i) the date on which a determination pursuant to Section 2.2(a) would not be affected by any further related successions in respect of such Steps Plan, or (ii) the occurrence of an Event Determination Date in respect of the Reference Entity or any entity which would constitute a Successor.
- (k) "**Successor Backstop Date**" means for purposes of any Successor determination determined by DC Resolution, the date that is ninety calendar days prior to the Successor Resolution Request Date otherwise, the date that is ninety calendar days prior to the earlier of (i) the date on which the Successor Notice is effective and (ii) in circumstances where (A) a Successor Resolution Request Date has occurred, (B) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (C) the Successor Notice is delivered by the Calculation Agent to the Issuer not more than fourteen calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the

Successor Resolution Request Date. The Successor Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

- (l) **"Successor Resolution Request Date"** means, with respect to a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve one or more Successors to the Reference Entity, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.
- (m) **"Successor Notice"** means an irrevocable notice from the Calculation Agent to the Issuer that describes a succession (or, in relation to a Reference Entity that is a Sovereign, a Sovereign Succession Event) in respect of which a Succession Date has occurred and pursuant to which one or more Successors to the Reference Entity can be determined.
- (n) Where, pursuant to Section 2.2(a)(iii), (iv) or (vi), more than one Successor has been identified, the following terms will apply from the Succession Date in respect of the Securities:
 - (i) each Successor will be the Reference Entity for the purposes of the Conditions;
 - (ii) the Credit Position of each such Successor shall be equal to the Credit Position of the Reference Entity to which that Successor relates, divided by the number of Successors (including that Original Reference Entity if applicable) to that Reference Entity, provided that if any Successor was a Reference Entity immediately prior to the relevant succession, the Credit Position determined in accordance with the previous sentence shall be added to the existing Credit Position of that Reference Entity; and
 - (iii) if the Securities are linked to a single Reference Entity and there is more than one Successor to that Reference Entity:
 - (A) The Securities will not redeem in whole following the occurrence of an Event Determination Date in respect of a Successor but an Instalment Amount shall be payable following each occurrence of an Event Determination Date in respect of any such Successor which shall be calculated in the same way as the Final Redemption Amount payable following the occurrence of an Event Determination Date in respect of the Original Reference Entity except that the Credit Position shall be the Credit Position of the relevant Successor. The Instalment Date for any such Instalment Amount shall be determined in accordance with the provisions for determining the Maturity Date following an Event Determination Date. In addition, if no Event Determination Date occurs with respect to one or more Successors, unless otherwise specified in the Pricing Supplement, an Instalment Amount will be due in respect of each such Successor on the Scheduled Maturity Date or, if the Maturity Date is postponed beyond the Scheduled Maturity Date (assuming for this purpose that the provisions in the definition of "Maturity Date" referring to the Reference Entity instead refer to the Successor), the Maturity Date, equivalent to the Credit Position of the relevant Successor. More than one Instalment Amount may be payable on the same day in respect of different Successors.
 - (B) The amount of interest accruing and payable in respect of the Securities will be reduced with effect from the date on which it would have been reduced upon the occurrence of an Event Determination Date in respect of the Original Reference Entity but the balance on which interest is calculated shall only be reduced by the Credit Position of the Successor in respect of which the relevant Event Determination Date occurred.
 - (C) Subject as provided in Section 4.1, more than one Event Determination Date may occur

but not more than one Event Determination Date may occur with respect to a single Successor.

- (iv) Upon the identification of more than one Successor, the Calculation Agent acting in good faith may, where it determines it necessary, revise the Conditions to reflect the above provisions and preserve as far as possible the economic effects of the original Securities and the Issuer will cause such revised Conditions to be substituted for the original Conditions and such revised Conditions shall, in the absence of manifest error, be binding on the Issuer, the Holders and the Agents.
- (o) **Merger between Reference Entity and Issuer or Guarantor.** If the Calculation Agent determines that at any time during the period from (and including) the Trade Date to (but excluding) the Credit Observation End Date:
 - (i) the Issuer or a Reference Entity consolidates or amalgamates with, or merges into, or transfers all or substantially all of its assets to, a Reference Entity or the Issuer or the Guarantor, as applicable; or
 - (ii) the Issuer or the Guarantor (as applicable) and the Reference Entity become affiliates,then, in each case, the Calculation Agent may (in its sole and absolute discretion but shall not be obliged to) notify the Holders in accordance with Condition 25 that each Security (of the Specified Denomination) shall be redeemed by the Issuer at the Early Payment Amount on the third Business Day following the date of such notice.

 - (i) is a Borrowed Money obligation of the Reference Entity (either directly or as provider of a guarantee);
 - (ii) satisfies the "Not Subordinated" Valuation Obligation Characteristic as of the date it was issued or incurred (without reflecting any change to the priority of payment after such date) and on the Substitution Date; and

- (C) if the Non-Standard Reference Obligation was a Loan which was a Non-Conforming Reference Obligation when incurred and/or immediately prior to the Substitution Event Date:
 - (I) is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available,
 - (II) is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,

 - (IV) is a Loan (other than a Private-side Loan) which constitutes a Valuation Obligation determined in accordance with Section 3.2(a) (*Valuation Obligation*).
- (d) If more than one potential Substitute Reference Obligation is identified pursuant to the process described in Section 2.10(c), the Substitute Reference Obligation will be the potential Substitute Reference Obligation that most closely preserves the economic equivalent of the delivery and payment obligations under the Securities, as determined by the Calculation Agent (in its sole discretion).
- (e) If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines (in its sole discretion) that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation, then, subject to Section 2.10(a) and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with Section 2.10(b), the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation.

 - (iii) for any reason, other than due to the existence or occurrence of a Credit Event, the Non-Standard Reference Obligation is no longer an obligation of the Reference Entity (either directly or as provider of a guarantee).
- (b) For purposes of identification of the Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event.
- (c) If an event described in Sections 2.11(a)(i) or (ii) has occurred on or prior to the Trade Date, then a Substitution Event shall be deemed to have occurred pursuant to Sections 2.11(a)(i) or (ii), as the case may be, on the Trade Date.

 - (ii) second, by subtracting all or any portion of such amount which, pursuant to the terms of the obligation, (A) is subject to any Prohibited Action, or (B) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (I) payment or (II) a Permitted Contingency) (the amount determined in Section 3.8(a)(i) less any amounts subtracted in accordance with Section 3.8(a)(ii), the "**Non-Contingent Amount**"); and
 - (iii) third, by determining the Quantum of the Claim, which shall then constitute the Outstanding Principal Balance, in each case, determined:

- (A) unless otherwise specified, in accordance with the terms of the obligation in effect on the Valuation Date; and
 - (B) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).
- (b) **"Quantum of the Claim"** means the lowest amount of the claim which could be validly asserted against the Reference Entity in respect of the Non-Contingent Amount if the obligation had become redeemable, been accelerated, terminated or had otherwise become due and payable at the time of the relevant determination, provided that the Quantum of the Claim cannot exceed the Non-Contingent Amount.

 - (iv) "**Bond**" means any obligation of a type included in the "Borrowed Money" Obligation Category that is in the form of, or represented by, a bond, note (other than notes delivered pursuant to Loans), certificated debt security or other debt security and shall not include any other type of Borrowed Money;

 - (B) "**Subordination**" means, with respect to an obligation (the "**Second Obligation**") and another obligation of the Reference Entity to which such obligation is being compared (the "**First Obligation**"), a contractual, trust or similar arrangement providing that (I) upon the liquidation, dissolution, reorganization or winding-up of the Reference Entity, claims of the holders of the First Obligation are required to be satisfied prior to the claims of the holders of the Second Obligation, or (II) the holders of the Second Obligation will not be entitled to receive or retain principal payments in respect of their claims against the Reference Entity at any time that the Reference Entity is in payment arrears or is otherwise in default under the First Obligation. "**Subordinated**" will be construed accordingly. For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, (x) the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement or security arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the Reference Entity is a Sovereign and (y) in the case of the Reference Obligation or the Prior Reference Obligation, as

applicable, the ranking in priority of payment shall be determined as of the date as of which it was issued or incurred (or in circumstances where the Reference Obligation or a Prior Reference Obligation is the Standard Reference Obligation and "Standard Reference Obligation" is applicable, then the priority of payment of the Reference Obligation or the Prior Reference Obligation, as applicable, shall be determined as of the date of selection) and, in each case, shall not reflect any change to such ranking in priority of payment after such date; and

- (C) **"Prior Reference Obligation"** means, in circumstances where no Reference Obligation is applicable to a Reference Entity, (I) the Reference Obligation most recently applicable thereto, if any, and otherwise, (II) the obligation specified in the Pricing Supplement as the Reference Obligation, if any, if such Reference Obligation was redeemed on or prior to the Trade Date and otherwise, (III) any unsubordinated Borrowed Money obligation of the Reference Entity;

- (iii) **"Not Sovereign Lender"** means any obligation that is not primarily owed to (A) a Sovereign or (B) any entity or organization established by treaty or other arrangement between two or more Sovereigns including, without limiting the foregoing, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and European Bank for Reconstruction and Development, which shall include, without limitation, obligations generally referred to as "Paris Club debt";
- (iv) **"Not Domestic Currency"** means any obligation that is payable in any currency other than the applicable Domestic Currency, provided that a Standard Specified Currency shall not constitute a Domestic Currency;

 - (iv) **"Transferable"** means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction, provided that none of the following shall be considered contractual, statutory or regulatory restrictions:
 - (A) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation);

Section 3.15. Interpretation of Provisions.

- (a) If either of the Obligation Characteristics "Listed" or "Not Domestic Issuance" is specified as being applicable in the Standard or the Pricing Supplement, the Securities shall be construed as though the relevant Obligation Characteristic had been specified as an Obligation Characteristic only with respect to Bonds.
- (b) If (i) any of the Valuation Obligation Characteristics "Listed", "Not Domestic Issuance" or "Not Bearer" is specified as being applicable in the Standard or the Pricing Supplement, the Securities shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Bonds, (ii) the Valuation Obligation Characteristic "Transferable" is specified as being applicable in the Standard or the Pricing Supplement shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Valuation Obligations that are not Loans, or (iii) any of the Valuation Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified as being applicable in the Standard or the Pricing Supplement, the Securities shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Loans.
- (c) If more than one of "Assignable Loan", "Consent Required Loan" and "Direct Loan Participation" are specified as Valuation Obligation Characteristics in the Standard, the Valuation Obligations may include any Loan that satisfies any one of such Valuation Obligation Characteristics specified and need not satisfy all such Valuation Obligation Characteristics.
- (d) If an Obligation or a Valuation Obligation is a Relevant Guarantee, the following will apply:
 - (i) For purposes of the application of the "Obligation Category" or the "Valuation Obligation Category", the Relevant Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation;
 - (ii) For purposes of the application of the Obligation Characteristics or the Valuation Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or Valuation Obligation Characteristics, if any, specified in the Standard from the following list: "Not Subordinated", "Specified Currency", "Not Sovereign Lender", "Not Domestic Currency" and "Not Domestic Law";
 - (iii) For purposes of the application of the Obligation Characteristics or the Valuation Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or Valuation Obligation Characteristics, if any, specified in the Standard from the following list: "Listed", "Not Domestic Issuance", "Assignable Loan", "Consent Required Loan", "Direct Loan Participation", "Transferable", "Maximum Maturity", "Accelerated" or "Matured", and "Not Bearer"; and

- (iv) For purposes of the application of the Obligation Characteristics or the Valuation Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
- (e) For purposes of the application of the Valuation Obligation Characteristic "Maximum Maturity", remaining maturity shall be determined on the basis of the terms of the Valuation Obligation in effect at the time of making such determination and, in the case of a Valuation Obligation that is due and payable, the remaining maturity shall be zero.
- (f) If "Financial Reference Entity Terms" and "Governmental Intervention" are specified as being applicable in the Standard, if an obligation would otherwise satisfy a particular Obligation Characteristic or Valuation Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Obligation Characteristic or Valuation Obligation Characteristic.
- (g) For purposes of determining the applicability of Valuation Obligation Characteristics and the requirements specified in Sections 3.31(a) (*Mod R*) and 3.32(a) (*Mod Mod R*) to a Prior Valuation Obligation or a Package Observable Bond, any such determination shall be made by reference to the terms of the relevant obligation in effect immediately prior to the Asset Package Credit Event.
- (h) If "Subordinated European Insurance Terms" is specified as being applicable in the Standard, if an obligation would otherwise satisfy the "Maximum Maturity" Valuation Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Valuation Obligation Characteristic.

Section 3.16. Standard Specified Currency. "Standard Specified Currency" means each of the lawful currencies of Canada, Japan, Switzerland, France, Germany, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

Section 3.19. Solvency Capital Provisions. Section 3.20. Qualifying Participation Seller. "Qualifying Participation Seller" means any participation seller that meets the requirements specified in the Standard. If no such requirements are specified, there shall be no Qualifying Participation Seller.

A Qualifying Guarantee shall not include any guarantee:

- (a) which is structured as a surety bond, financial guarantee insurance policy or letter of credit (or any legal arrangement which is equivalent thereto in form); or
- (b) pursuant to the terms applicable thereto, the principal payment obligations of the Reference Entity can be discharged, released, reduced, assigned or otherwise altered as a result of the occurrence or non-occurrence of an event or circumstance, in each case, other than:

 - (A) provisions permitting or anticipating a Governmental Intervention, if "Financial Reference Entity Terms" is specified as applicable in the Standard; or
 - (B) any Solvency Capital Provisions, if "Subordinated European Insurance Terms" is specified as applicable in the Standard.

If the guarantee or Underlying Obligation contains provisions relating to the discharge, release, reduction, assignment or other alteration of the principal payment obligations of the Reference Entity and such provisions have ceased to apply or are suspended at the time of the relevant determination, in accordance with the terms of such guarantee or Underlying Obligation, due to or following the occurrence of (I) a non-payment in respect of the guarantee or the Underlying Obligation, or (II) an event of the type described in Section 4.2 (*Bankruptcy*) in respect of the Reference Entity or the Underlying Obligor, then it shall be deemed for these purposes that such cessation or suspension is permanent, notwithstanding the terms of the guarantee or Underlying Obligation.

In order for a guarantee to constitute a Qualifying Guarantee:

- (x) the benefit of such guarantee must be capable of being delivered together with the delivery of the Underlying Obligation; and
- (y) if a guarantee contains a Fixed Cap, all claims to any amounts which are subject to such Fixed Cap must be capable of being delivered together with the delivery of such guarantee.

Section 3.26. Fixed Cap. "**Fixed Cap**" means, with respect to a Guarantee, a specified numerical limit or cap on the liability of the Reference Entity in respect of some or all payments due under the Underlying Obligation, provided that a Fixed Cap shall exclude a limit or cap determined by reference to a formula with one or more variable inputs (and for these purposes, the outstanding principal or other amounts payable pursuant to the Underlying Obligation shall not be considered to be variable inputs).

- (b) "**Fully Transferable Obligation**" means a Valuation Obligation that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all Eligible Transferees without the consent of any person being required, in the case of any Valuation Obligation other than Bonds, in each case, as of the Valuation Date. Any requirement that notification of novation, assignment or transfer of a Valuation Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or paying agent for a Valuation Obligation shall not be considered to be a requirement for consent for purposes of Section 3.31.
- (c) "**Restructuring Maturity Limitation Date**" means, with respect to a Valuation Obligation, the Limitation Date occurring on or immediately following the Credit Observation End Date. Notwithstanding the foregoing, for purposes of Section 3.32(a), in

the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

- (b) **"Conditionally Transferable Obligation"** means a Valuation Obligation that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all Modified Eligible Transferees without the consent of any person being required, in the case of any Valuation Obligation other than Bonds, in each case, as of the Valuation Date, provided, however, that a Valuation Obligation other than Bonds will be a Conditionally Transferable Obligation notwithstanding that consent of the Reference Entity or the guarantor, if any, of a Valuation Obligation other than Bonds (or the consent of the relevant obligor if the Reference Entity is guaranteeing such Valuation Obligation) or any agent is required for such novation, assignment or transfer so long as the terms of such Valuation Obligation provide that such consent may not be unreasonably withheld or delayed. Any requirement that notification of novation, assignment or transfer of a Valuation Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or paying agent for a Valuation Obligation shall not be considered to be a requirement for consent for purposes of Section 3.32(b).

"**Obligation Acceleration**" means one or more Obligations in an aggregate amount of not less than the Default Requirement have become due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default or other similar condition or event (however described), other than a failure to make any required payment, in respect of the Reference Entity under one or more Obligations.

Section 4.4. Obligation Default. "**Obligation Default**" means one or more Obligations in an aggregate amount of not less than the Default Requirement have become capable of being declared due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default or other similar condition or event (however described), other than a failure to make any required payment, in respect of the Reference Entity under one or more Obligations.

Section 4.5. Failure to Pay. "**Failure to Pay**" means, after the expiration of any applicable Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations, in accordance with the terms of such Obligations at the time of such failure.

Section 4.6. Repudiation/Moratorium.

(a) "**Repudiation/Moratorium**" means the occurrence of both of the following events:

- (i) an authorized officer of the Reference Entity or a Governmental Authority (A) disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, one or more Obligations in an aggregate amount of not less than the Default Requirement or (B) declares or imposes a moratorium, standstill, roll-over or deferral, whether de facto or de jure, with respect to one or more Obligations in an aggregate amount of not less than the Default Requirement; and
- (ii) a Failure to Pay, determined without regard to the Payment Requirement, or a Restructuring, determined without regard to the Default Requirement, with respect to any such Obligation occurs on or prior to the Repudiation/Moratorium Evaluation Date.

(b) "**Repudiation/Moratorium Evaluation Date**" means, if a Potential Repudiation/Moratorium occurs on or prior to the Credit Observation End Date (i) if the Obligations to which such Potential Repudiation/Moratorium relates include Bonds, the date that is the later of (A) the date that is sixty days after the date of such Potential Repudiation/Moratorium and (B) the first payment date under any such Bond after the date of such Potential Repudiation/Moratorium (or, if later, the expiration date of any applicable Grace Period in respect of such payment date) and (ii) if the Obligations to which such Potential Repudiation/Moratorium relates do not include Bonds, the date that is sixty days after the date of such Potential Repudiation/Moratorium; provided that, in either case, the Repudiation/Moratorium Evaluation Date shall occur no later than the Credit Observation End Date unless the Repudiation/Moratorium Extension Condition is satisfied.

(d) The "**Repudiation/Moratorium Extension Condition**" is satisfied with respect to a Reference Entity (i) if the DC Secretary publicly announces, pursuant to a valid request that was delivered and effectively received on or prior to the date that is fourteen calendar days after the Credit Observation End Date, that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the Reference Entity and that such event occurred on or prior to the Credit Observation End Date, or (ii) otherwise, by the delivery by the Calculation Agent to the Issuer of a Repudiation/Moratorium Extension Notice that is effective on or prior to the date that is fourteen calendar days after the Credit Observation End Date. In all cases, the Repudiation/Moratorium Extension Condition will be deemed not to have been satisfied, or not capable of being satisfied, if, or to the extent that, the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved that either (A) an event does not constitute a Potential Repudiation/Moratorium with respect to an Obligation of the Reference Entity, or (B) an event

The Calculation Agent shall only deliver a Repudiation/Moratorium Extension Notice where it determines that Publicly Available Information exists confirming the existence or occurrence of the relevant Potential Repudiation/Moratorium. The Potential Repudiation/Moratorium that is the subject of the Repudiation/Moratorium Extension Notice need not be continuing on the date the Repudiation/Moratorium Extension Notice is effective. The Calculation Agent may deliver multiple Repudiation/Moratorium Extension Notices in respect of a Reference Entity. In particular, the Calculation Agent may deliver a Repudiation/Moratorium Extension Notice such that there is an Uncured Default in respect of one or more Specified Payment Dates.

- (b) Notwithstanding the provisions of Section 4.7(a), none of the following shall constitute a Restructuring:
- (i) the payment in euros of interest, principal or premium in relation to an Obligation denominated in a currency of a Member State of the European Union that adopts or has adopted the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union;
 - (ii) the redenomination from euros into another currency, if (A) the redenomination occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which

is of general application in the jurisdiction of such Governmental Authority and (B) a freely available market rate of conversion between euros and such other currency existed at the time of such redenomination and there is no reduction in the rate or amount of interest, principal or premium payable, as determined by reference to such freely available market rate of conversion;

- (iii) the occurrence of, agreement to or announcement of any of the events described in Section 4.7(a)(i) to (v) due to an administrative adjustment, accounting adjustment or tax adjustment or other technical adjustment occurring in the ordinary course of business; and
 - (iv) the occurrence of, agreement to or announcement of any of the events described in Sections 4.7(a)(i) to (v) in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity, provided that, in respect of Section 4.7(a)(v) only, no such deterioration in the creditworthiness or financial condition of the Reference Entity is required where the redenomination is from euros into another currency and occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.
- (c) For purposes of Sections 4.7(a), 4.7(b) and 4.10 (*Multiple Holder Obligation*), the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee. In the case of a Guarantee and an Underlying Obligation, references to the Reference Entity in Section 4.7(a) shall be deemed to refer to the Underlying Obligor and the reference to the Reference Entity in Section 4.7(b) shall continue to refer to the Reference Entity.
- (d) If an exchange has occurred, the determination as to whether one of the events described under Sections 4.7(a)(i) to (v) has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.

Section 4.8. Governmental Intervention.

- (a) "**Governmental Intervention**" means that, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, any one or more of the following events occurs as a result of action taken or an announcement made by a Governmental Authority pursuant to, or by means of, a restructuring and resolution law or regulation (or any other similar law or regulation), in each case, applicable to the Reference Entity in a form which is binding, irrespective of whether such event is expressly provided for under the terms of such Obligation:
- (i) any event which would affect creditors' rights so as to cause:
 - (A) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
 - (B) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
 - (C) a postponement or other deferral of a date or dates for either (I) the payment or accrual of interest, or (II) the payment of principal or premium; or
 - (D) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation;
 - (ii) an expropriation, transfer or other event which mandatorily changes the beneficial holder of the Obligation;

- (iii) a mandatory cancellation, conversion or exchange; or
 - (iv) any event which has an analogous effect to any of the events specified in Sections 4.8(a)(i) to (iii).
- (b) For purposes of Section 4.8(a), the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee.

Section 4.9. Certain Definitions Relating to Credit Events.

- (a) **"Default Requirement"** means the amount specified as being applicable to the Reference Entity in the Standard, or its equivalent in the relevant Obligation Currency (or, if no such amount is specified, U.S.\$ 10,000,000 or its equivalent in the relevant Obligation Currency) in either case, as of the occurrence of the relevant Credit Event.
- (b) **"Governmental Authority"** means:
 - (i) any de facto or de jure government (or any agency, instrumentality, ministry or department thereof);
 - (ii) any court, tribunal, administrative or other governmental, inter-governmental or supranational body;
 - (iii) any authority or any other entity (private or public) either designated as a resolution authority or charged with the regulation or supervision of the financial markets (including a central bank) of the Reference Entity or some or of all of its obligations; or
 - (iv) any other authority which is analogous to any of the entities specified in Sections 4.9(b)(i) to (iii).
- (c) **"Obligation Currency"** means the currency or currencies in which an Obligation is denominated.

Section 4.10. Multiple Holder Obligation.

- (a) Unless **"Multiple Holder Obligation"** is specified as not applicable to any Reference Entity in the Standard, then, notwithstanding anything to the contrary in Section 4.7 (*Restructuring*), the occurrence of, agreement to or announcement of any of the events described in Sections 4.7(a)(i) to (v) (*Restructuring*) shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.
- (b) **"Multiple Holder Obligation"** means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six-and-two-thirds is required to consent to the event which constitutes a Restructuring Credit Event provided that any Obligation that is a Bond shall be deemed to satisfy the requirement in Section 4.10(b)(ii).

Section 4.11. Redenomination. If an occurrence that would constitute a Failure to Pay (a) is a result of a redenomination that occurs as a result of action taken by a Governmental Authority which is of general application

in the jurisdiction of such Governmental Authority and (b) a freely available market rate of conversion existed at the time of the redenomination, then such occurrence will be deemed not to constitute a Failure to Pay unless the redenomination itself constituted a reduction in the rate or amount of interest, principal or premium payable (as determined by reference to such freely available market rate of conversion) at the time of such redenomination.

N/A

Section 7.2. Cash Settlement Date.

N/A

Section 7.3. Cash Settlement Amount.

N/A

Section 7.4. Final Price.

- (a) If "Auction Settlement" is specified as the Settlement Method in the Pricing Supplement, and an Event Determination Date has occurred on or prior to the Auction Final Price Determination Date and in accordance with Section 6.1 (*Auction Settlement*) the Fallback Settlement Method is not applicable, "**Final Price**" shall mean the Auction Final Price.
- (b) Subject to Section 7.4(a), if "Cash Settlement" is specified as the Settlement Method in the Pricing Supplement or in accordance with Section 6.1 (*Auction Settlement*) the Fallback Settlement Method is applicable, "**Final Price**" means the price of the Valuation Obligation, expressed as a percentage of its (i) Outstanding Principal Balance (in the case of a Valuation Obligation that is Borrowed Money) or (ii) Due and Payable Amount (in the case of a Valuation Obligation that is not Borrowed Money), determined in accordance with the Valuation Method.

For such purpose, the relevant Valuation Obligation shall be a Valuation Obligation selected by the Calculation Agent (in its sole discretion) on or before the relevant Valuation Date.

If Asset Package Valuation applies, (I) selection of a Prior Valuation Obligation or a Package Observable Bond may be substituted with the related Asset Package, and such Asset Package shall be treated as having the same currency, Outstanding Principal Balance or Due and Payable Amount, as applicable, as the Prior Valuation Obligation or Package Observable Bond to which it corresponds had immediately prior to the Asset Package Credit Event, (II) the Calculation Agent may substitute the Prior Valuation Obligation or Package Observable Bond in part for each Asset in the Asset Package in the correct proportion and (III) if the relevant Asset is a Non-Transferable Instrument or Non-Financial Instrument, the Asset shall be deemed to be an amount of cash equal to the Asset Market Value. For the avoidance of doubt, if the Asset Package is deemed to be zero, the Final Price shall be zero.

Section 7.5. Valuation Method. The Valuation Method shall be Market, where "**Market**" means the Market Value determined by the Calculation Agent.

Section 7.6. Market Value. "**Market Value**" means, with respect to the Valuation Obligation and a Valuation Date, (a) if more than three Full Quotations are obtained on the same Valuation Business Day in accordance with Section 7.7 (*Quotation*), the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded), (b) if exactly three Full Quotations are obtained on the same Valuation Business Day in accordance with Section 7.7 (*Quotation*), the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be

disregarded), (c) if exactly two Full Quotations are obtained on the same Valuation Business Day in accordance with Section 7.7 (*Quotation*), the arithmetic mean of such Full Quotations, (d) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained on the same Valuation Business Day in accordance with Section 7.7 (*Quotation*), such Weighted Average Quotation, (e) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained on the same Valuation Business Day in accordance with Section 7.7 (*Quotation*), an amount determined pursuant to the provisions of Section 7.7(b) (*Quotation*).

- (b) If the Calculation Agent is unable to obtain two or more Full Quotations or a Weighted Average Quotation on the same Valuation Business Day on or prior to the fifteenth Valuation Business Day following the applicable Valuation Date, then the Quotations shall be deemed to be any Full Quotation obtained from a Dealer at the Valuation Time on such fifteenth Valuation Business Day or, if no Full Quotation is obtained, then the weighted average of any firm quotations for the Valuation Obligation obtained from Dealers at the Valuation Time on such fifteenth Valuation Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

Section 7.8. Valuation Date. "**Valuation Date**" means, subject to Section 10.1 (*Settlement Suspension*), in respect of a Defaulted Credit, as selected by the Calculation Agent in its sole discretion, any Valuation Business Day falling in the period from and including the Valuation Event Date to and including the 125th Valuation Business Day following the Valuation Event Date. The Calculation Agent will select as the Valuation Date a day falling on or before the 72nd Valuation Business Day following the Valuation Event Date unless the Calculation Agent determines in good faith that material problems exist in the marketplace in delivering obligations of the relevant Reference Entity under credit default swap contracts, in which case it may select a Valuation Date falling after the 72nd Valuation Business Day, but not later than the 125th Valuation Business Day, following the Valuation Event Date.

"**Valuation Event Date**" means the Event Determination Date (or, if "Cash Settlement" is applicable pursuant to the Fallback Settlement Method in accordance with Section 6.1(a) or (b), the relevant Auction Cancellation Date, if any, or the relevant No Auction Announcement Date, if any, as applicable).

- (ii) the Calculation Agent may select a different Valuation Obligation in respect of each Valuation Date; and
- (iii) subject to the other provisions hereof, at any time following the occurrence of an M(M)R Restructuring in respect of any Reference Entity, the Calculation Agent may, by delivery to the Issuer of a Credit Event

Notice relating only to an M(M)R Restructuring, designate such Exercise Amount as it determines in its sole discretion to be subject to such Credit Event Notice, provided that the Exercise Amount shall be in an amount of at least the Minimum Exercise Amount; where, "**Minimum Exercise Amount**" means the amount (if any) specified as such in the Pricing Supplement.

"**Weighted Average Quotation**" means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Valuation Obligation with an Outstanding Principal Balance or Due and Payable Amount, as applicable, of as large a size as available but less than the Quotation Amount (but of a size at least equal to the Minimum Quotation Amount) that in aggregate are approximately equal to the Quotation Amount.

Section 7.12. Quotation Amount. "**Quotation Amount**" means an amount selected by the Calculation Agent in its sole discretion, subject to a minimum of the Minimum Quotation Amount and a maximum of the Maximum Quotation Amount.

Section 7.14. Valuation Time. "**Valuation Time**" means, the time specified in the Pricing Supplement, or if no such time is specified, as selected by the Calculation Agent in its sole discretion, any time at or after 11:00 a.m. in the principal trading market for the Reference Obligation.

Section 7.15. Dealer. "**Dealer**" means, as selected by the Calculation Agent in its sole discretion, dealers which are either (i) dealers in obligations of the type of obligations for which quotations are to be obtained (which may include any such dealer which is an Affiliate of the Calculation Agent) or (ii) named in the Pricing Supplement, including the respective successors of such named dealers.

EFFECT OF DC RESOLUTIONS

Section 10.1. Settlement Suspension. If, following the occurrence of an Event Determination Date but prior to a Valuation Date, there is a DC Credit Event Meeting Announcement, the timing requirements of Section 7.8 (*Valuation Date*), or any other Section of this Credit Annex that pertains to settlement, shall toll and remain suspended until the date of the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal. During such suspension period, the Calculation Agent is not obliged to, nor is it entitled to, take any action in connection with the settlement of any Defaulted Credit. Once the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal, as applicable, has occurred, the relevant timing requirements of Section 7.8 (*Valuation Date*), or any other Section of this Credit Annex that pertains to settlement that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary with the Calculation Agent having the benefit of the full day notwithstanding when the tolling or suspension began in accordance with Section 10.1.

Section 10.2. Effect of DC Resolutions. Any DC Resolution of the relevant Credit Derivatives Determinations Committee that is applicable to such Defaulted Credit, including a DC Resolution that reverses a previous DC Resolution, shall be binding on the Issuer and the Calculation Agent:

(a) provided that:

- (i) if the effect of a DC Resolution would be to reverse (A) a prior DC Resolution of the relevant Credit Derivatives Determinations Committee, (B) any determination made by the Calculation Agent that is effectively notified to the Issuer prior to the fifth Business Day which immediately precedes the Successor Resolution Request Date or a Substitute Reference Obligation Resolution Request Date, as applicable, or (C) the occurrence of an Event Determination Date, that, in any case, has resulted in:
 - (I) the identification of one or more Successors;
 - (II) the identification of a Substitute Reference Obligation; or
 - (III) the occurrence of an Auction Final Price Determination Date, a Valuation Date or the Maturity Date, in each case, on or prior to the date that the DC Secretary publicly announces such DC Resolution of the relevant Credit Derivatives Determinations Committee,

then such DC Resolution shall not be effective, or, in the case of a Valuation Date only, shall not be effective to the extent that a Valuation Date has occurred; and

(b) notwithstanding:

- (i) that the terms of this Credit Annex, as supplemented, or any provisions incorporated in the related Conditions, as applicable, may require such determination to be made by the Calculation Agent;
- (ii) that in order to reach such DC Resolution, the relevant Credit Derivatives Determinations Committee may be required to Resolve one or more factual matters before being able to reach such DC Resolution; and
- (iii) any actual or perceived conflict of interest on the part of a DC Party, legal counsel or other third-party professional hired by such DC Party in connection with such DC Party's performance of its duties under the DC Rules.

ARTICLE XI

ADDITIONAL REPRESENTATIONS AND AGREEMENTS OF THE PARTIES

Section 11.1. Additional Representations and Agreements of the Parties.

- (a) The Issuer and each Holder shall each be deemed to represent to the other on each Trade Date that, in connection with a Reference Entity, neither the other person nor any of the other person's Affiliates have made any representation whatsoever with respect to the Reference Entity, the Reference Obligation, any Obligation, any Valuation Obligation, any Underlying Obligor or any Underlying Obligation on which it is relying or is entitled to rely.
- (b) On each Trade Date, the Issuer and each Holder (each a "**relevant person**") shall each be deemed to agree with the other that, so long as the Securities remain outstanding:
 - (i) the relevant persons will be obligated to perform their respective obligations, irrespective of the existence or amount of the persons' credit exposure to the Reference Entity, and no person need suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event;
 - (ii) the Securities do not create any rights or impose any obligations in respect of any entity that is not the Issuer or a Holder;
 - (iii) each relevant person and its Affiliates and the Calculation Agent may deal in the Reference Obligation, each Obligation, each Valuation Obligation and each Underlying Obligation and may, where permitted, accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, the Reference Entity, any Underlying Obligor, any Affiliate of the Reference Entity or of the Underlying Obligor, or any other person or entity having obligations relating to the Reference Entity, any Underlying Obligor, or any Affiliate of the Reference Entity or of the Underlying Obligor, and may act (but is not obliged to act) with respect to such business in the same manner as each of them would if the Securities did not exist, regardless of whether any such action might have an adverse effect on the Reference Entity, any Underlying Obligor, any Affiliate of the Reference Entity or of the Underlying Obligor, or the position of the Holder(s) or otherwise (including, without limitation, any action which might constitute or give rise to a Credit Event);
 - (iv) each relevant person and its Affiliates and the Calculation Agent may, whether by virtue of the types of relationships described herein or otherwise, on any Trade Date or at any time thereafter, be in possession of information in relation to the Reference Entity, any Underlying Obligor or any Affiliate of the Reference Entity or of the Underlying Obligor, that is or may be material in the context of the Securities and that may or may not be publicly available or known to the other person, and the Securities do not create any obligation on the part of such person, its Affiliates or the Calculation Agent to disclose to the other person any such relationship or information (whether or not confidential);
 - (v) unless it is otherwise bound by or subject to a confidentiality obligation or agreement, a person receiving any information from the other person with respect to the Securities shall not become subject to any obligation of confidentiality in respect of that information;
 - (vi) each relevant person has determined to invest in the Securities notwithstanding any information described in Section 11.1(b)(iv) that the other person may have possession of, and notwithstanding that such person may be contractually prohibited from disclosing or offering to disclose such information to the other person by virtue of any credit agreement or other agreement with the Reference Entity, any Underlying Obligor, any Affiliate of the Reference

Entity or of the Underlying Obligor, or any other person or entity having obligations relating to the Reference Entity, any Underlying Obligor, any Affiliate of the Reference Entity or the Underlying Obligor or otherwise; and

- (vii) no relevant person shall have any liability to the other person (or its officers, directors, agents, partners, members, controlling entities or employees) and each party waives and releases any claims that it might have against the other party (or its officers, directors, agents, partners, members, controlling entities or employees) whether under applicable securities laws or otherwise, with respect to the non-disclosure of any information described in Section 11.1(b)(iv) in connection with the Securities; provided, however, that such information does not and shall not affect the truth or accuracy of any representation made or deemed to be made by such person herein or in the Securities.
- (c) On each Trade Date, the Issuer and each Holder shall each be deemed to agree with the other:
- (i) that no DC Party and no legal counsel or other third-party professional hired by a DC Party in connection with such DC Party's performance of its respective duties under the DC Rules and/or any Credit Derivatives Auction Settlement Terms, as applicable, shall be liable, whether for negligence or otherwise, to the Issuer or any Holder for any form of damages, whether direct, indirect, special, consequential or otherwise, that might arise in connection with such DC Party's performance of its duties, or any advice given by legal counsel or any other third party professional hired by such DC Party in connection with such DC Party's performance of its respective duties, under the DC Rules and/or any Credit Derivatives Auction Settlement Terms, as applicable, except in the case of fraud or willful misconduct on the part of such DC Party, legal counsel or other third-party professional, as applicable; provided that, notwithstanding the foregoing, legal counsel or any other third-party professional hired by a DC Party in connection with such DC Party's performance of its duties under the DC Rules and/or any Credit Derivatives Auction Settlement Terms, as applicable, may still be liable to such DC Party;
 - (ii) to waive any claim, whether for negligence or otherwise, that may arise against a DC Party and any legal counsel or other third-party professional hired by such DC Party in connection with such DC Party's performance of its duties under the DC Rules, except in the case of fraud or wilful misconduct on the part of such DC Party, legal counsel or other third-party professional, as applicable; provided that, notwithstanding the foregoing, legal counsel or any other third-party professional hired by a DC Party in connection with such DC Party's performance of its duties under the DC Rules and/or any Credit Derivatives Auction Settlement Terms, as applicable, may still be liable to such DC Party;
 - (iii) that no DC Party is (A) under any obligation to research, investigate, supplement, or verify the veracity of, any information on which the relevant Credit Derivatives Determinations Committee bases its decision and (B) acting as a fiduciary for, or as an advisor to, the Issuer or any Holder in connection with the Securities;
 - (iv) that, in reaching any DC Resolution that is applicable to the Securities, the relevant Credit Derivatives Determinations Committee shall be under no requirement to consult with, or individually notify, the Issuer or any Holder, notwithstanding any provision of this Credit Annex, the Credit Derivatives Definitions, as supplemented, or of any relevant additional provisions published by ISDA and that are applicable to the Securities to the contrary; and

- (v) that, with respect to any DC Resolution of the relevant Credit Derivatives Determinations Committee, if there is any inconsistency between (A) any provision of either (I) this Credit Annex, the Credit Derivatives Definitions, as supplemented, or (II) any provisions incorporated in the related Securities and (B) the DC Rules, the DC Rules will govern.
- (d) On each Trade Date, the Issuer and each Holder shall be deemed to acknowledge the Disclaimer by the DC Parties provision contained in the DC Rules.

"**Deferral Notice**" means, with respect to a Reference Entity and any Specified Payment Date, an irrevocable notice from the Calculation Agent to the Issuer which may only be delivered after the Cut-off Date relating to such Specified Payment Date and on or prior to such Specified Payment Date and which states that in the opinion of the Calculation Agent, acting in good faith:

- (a) a Credit Event has occurred or might occur in respect of such Reference Entity on or prior to the Specified Payment Extension Date relating to such Specified Payment Date and to the relevant Credit Event (in circumstances where no Event Determination Date has occurred with respect to such Credit Event on or prior to the Cut-off Date relating to such Specified Payment Date); or

"**Hypothetical Credit Derivative Transaction**" means, in respect of a Reference Entity, a transaction that incorporates the Credit Derivatives Definitions and in respect of which:

- (a) the "Reference Entity" (as such term is used in the Credit Derivatives Definitions) is deemed to be such Reference Entity;

- (b) the "Scheduled Termination Date" (as such term is used in the Credit Derivatives Definitions) is deemed to be the same as the Credit Observation End Date in respect of the Securities;
- (c) the "Trade Date" (as such term is used in the Credit Derivatives Definitions) is deemed to be the same as the Trade Date for such Reference Entity;
- (d) the "Deliverable Obligation Category" (as such term is used in the Credit Derivatives Definitions) is the same as the Valuation Obligation Category relating to such Reference Entity with respect to the Securities;

- (f) the provisions contained in the Credit Derivatives Physical Settlement Matrix applicable to the "Transaction Type" specified in the Pricing Supplement in relation to the relevant Reference Entity are deemed applicable,

and the term "Credit Derivative Transaction" as used in the relevant Credit Derivatives Auction Settlement Terms shall be deemed to refer to the relevant Hypothetical Triggered Credit Derivative Transaction.

For purposes of ascertaining whether the Hypothetical Triggered Credit Derivative Transaction would be an Auction Covered Transaction, the Hypothetical Triggered Credit Derivative Transaction shall not be considered: (1) to be a transaction linked to any index or to a portfolio of entities, (2) to provide for a fixed recovery or final settlement amount, and (3) to provide that the Credit Derivatives Auction Settlement Terms would not apply.

In determining whether a Hypothetical Triggered Credit Derivative Transaction would be an Auction Covered Transaction, the Calculation Agent may (in its sole discretion) interpret the above provisions and resolve any ambiguity, having regard to market practice and interpretation.

"Original Reference Entity" means, in relation to one or more Successors, the Reference Entity which has been subject to the succession.

"Specified Payment Date" means each Interest Payment Date (if any) and the Scheduled Maturity Date.

"Specified Payment Notice Delivery Period" means, in respect of a Specified Payment Date and a Reference Entity, the period from and including the Trade Date to and including the date that is fourteen calendar days after the related Specified Payment Extension Date.

"Uncured Default" means, with respect to a Reference Entity and any day falling on or prior to the Credit Observation End Date:

- (a) in respect of a Reference Entity for which Failure to Pay is applicable, (i) the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Failure to Pay has occurred with respect to an Obligation of the relevant Reference Entity on or prior to such day or (ii) the Calculation Agent reasonably determines that an event that constitutes a Potential Failure to Pay has occurred on or prior to such day, provided that such determination is not contrary to any determination of a Credit Derivatives Determinations Committee; or
- (b) (i) the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the relevant Reference Entity on or prior to such day or (ii) the Calculation Agent has delivered a Repudiation/Moratorium Extension Notice in respect of a Potential Repudiation/Moratorium which occurred on or prior to such day, provided that such notice is not contrary to any determination of a Credit Derivatives Determinations Committee,

and (x) no Event Determination Date as a result of a related Failure to Pay (in the case of a Potential Failure to Pay) or a related Repudiation/Moratorium (in the case of a Potential Repudiation/Moratorium) has occurred as at the time the relevant determination of whether an Uncured Default exists is being made and (y) the Calculation Agent reasonably determines that a related Failure to Pay (in the case of a Potential Failure to Pay) or a related Repudiation/Moratorium (in the case of a Potential Repudiation/Moratorium) might occur. Notwithstanding the above, where the above conditions are satisfied on any date and the relevant Reference Entity is, as a result, treated as being subject to an Uncured Default under the terms of the Securities and this leads to a reduction in payments due on a particular date, any subsequent announcement of the DC Secretary, that would cause such conditions to be deemed not satisfied, shall not invalidate the determination of there being an Uncured Default in respect of such Specified Payment Date and such reduction.

Section 15.2. General.

Certain determinations made by the Calculation Agent hereunder relate to the applicability of certain ISDA or committee determinations, announcements, resolutions or other actions (each a "**Relevant Determination**") to the Securities. Unless otherwise expressly stated herein, any dates and timings hereunder that are determined on the basis of the relevant dates and timings of any applicable Relevant Determination shall not be affected by any delay in the determination by the Calculation Agent that such Relevant Determination is applicable, but shall be determined on the basis of the relevant dates and timings of such applicable Relevant Determination without regard to any such delay. Unless the context otherwise requires, any capitalised term that is used and defined herein that is also defined for purposes of an applicable Relevant Determination shall, where used in connection with such Relevant Determination, have the meaning given to such term for purposes of such Relevant Determination but shall also relate to the corresponding term as defined herein.

All calculations and determinations made by the Calculation Agent in relation to the Securities shall (save in the case of manifest error at the time the relevant determination is made) be final and binding on the Issuer, the Agents and the Holders.

In selecting any Valuation Obligations hereunder, the Calculation Agent is under no obligation to the Holders or any other person and, provided that the obligation selected meets the criteria in the definition of "Valuation Obligation", is entitled, and indeed will endeavour, to select obligations with the lowest price of any obligations which meet such criteria, but will not be liable to any person if a lower price is obtained as a result of that selection than would have been obtained if a different selection had been made, or for any other consequence of the relevant selection. In making any selection, the Calculation Agent will not be liable to account to the Holders or any other person for any profit or other benefit to it or any of its Affiliates which may result directly or indirectly from any such selection.

The Calculation Agent shall not be liable to any person for any delay in or failure to deliver any notices hereunder (including, without limitation, any Credit Event Notice) or for any differences in the timing of any notices delivered hereunder from that under any other transactions in respect of which the Calculation Agent or its Affiliates perform a similar role or are counterparties thereto. It is explicitly acknowledged (and shall be taken into account in any determination of whether it has been grossly negligent) that the Calculation Agent will also be performing calculations and other functions with respect to transactions other than the Securities and that it may make the calculations required hereunder and other calculations and other functions required by such other transactions in such order as seems appropriate to it and shall not be liable for the order in which it elects to perform calculations or other functions or for any delay caused by electing to perform calculations and other functions for such other transactions prior to those required hereunder.

The rights and obligations of the Issuer and the Holders under the Securities are irrespective of the existence or amount of the Issuer's or the Holders' credit exposure to a Reference Entity and no party need suffer any loss or provide evidence of any loss as a result of the occurrence of a Credit Event.

When determining the existence or occurrence of any Potential Failure to Pay, Potential Repudiation/Moratorium or any Credit Event, the Calculation Agent shall make such determination based on the occurrence of an event whether or not the occurrence of the relevant event arises directly or indirectly from or is subject to a defence based upon (a) any lack or alleged lack of authority or capacity of the relevant Reference Entity to enter into any Obligation or, as applicable, an Underlying Obligor to enter into any Underlying Obligation, (b) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Obligation or, as applicable, any Underlying Obligation, however described, (c) any applicable law, order, regulation, decree or notice, however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent jurisdiction of any applicable law, order, regulation, decree or notice, however described, or (d) the imposition of or any change in any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority.

No person shall have any right to enforce any term or condition of the Securities under the Contracts (Rights of Third Parties) Act 1999.

ANNEX B: CREDIT DERIVATIVES DETERMINATIONS COMMITTEES

In making certain determinations with respect to the Securities, the Calculation Agent shall be obliged to follow the DC Resolutions of the Credit Derivatives Determinations Committees. This Annex sets forth a summary of the Credit Derivatives Determinations Committees Rules, as published by ISDA and made available on the website of the Credit Derivatives Determinations Committee at <https://www.cdsdeterminationscommittees.org> (or any successor website thereto) as of 28 September 2018 (the "**Rules**") and is subject to the rules as published by ISDA from time to time and as amended from time to time in accordance with the terms thereof. This summary is not intended to be exhaustive and prospective investors should also read the Credit Derivatives Determinations Committees Rules, as published by ISDA as of the Issue Date, and reach their own views prior to making any investment decisions. A copy of the Rules published by ISDA as of 28 September 2018 may be inspected at the offices of the Issuer and is available at: <https://www.cdsdeterminationscommittees.org/dc-rules/> (or any successor website).

Capitalised terms used but not defined in this summary have the meaning specified in the relevant Pricing Supplement or the Rules, as applicable.

Establishment of the Credit Derivatives Determinations Committees

In accordance with the Rules, a Credit Derivatives Determinations Committee has been formed for each of the regions of (a) the Americas, (b) Asia Ex-Japan, (c) Australia-New Zealand, (d) Europe, Middle East and Africa and (e) Japan. As of the Issue Date, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees. See "Risk Factors – Potential conflicts of interest due to the involvement of the Calculation Agent with the Credit Derivatives Determinations Committees" for additional information regarding conflicts of interest. The Credit Derivatives Determinations Committees will act in accordance with the Rules and will make determinations that are relevant for Credit Derivative Transactions that incorporate, or are deemed to incorporate, the 2014 ISDA Credit Derivatives Definitions (the "**2014 Definitions**") or the 2003 ISDA Credit Derivatives Definitions, as supplemented by the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on March 12, 2009) or the 2003 ISDA Credit Derivatives Definitions, as supplemented by the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement to the 2003 ISDA Credit Derivatives Definitions, as published by ISDA on 14 July 2009 (the "**Updated 2003 Definitions**"). Pursuant to the Rules, ISDA may serve as, or may, at any time and from time to time, appoint a third party to act as the secretary of each Credit Derivatives Determinations Committee (the "**DC Secretary**"). DC Administration Services, Inc. currently acts as DC Secretary and will perform the administrative duties and make certain determinations as provided under the Rules. The DC Secretary does not have a vote in relation to any question brought before a Credit Derivatives Determinations Committee.

Decision-making Process of the Credit Derivatives Determinations Committees

Each DC Resolution by a Credit Derivatives Determinations Committee will apply to Credit Derivative Transactions that incorporate, or are deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions (depending on the applicable "Coverage Election" and subsequent determinations of the Credit Derivatives Determinations Committee) and for which the relevant provisions are not materially inconsistent with the provisions with respect to which the Credit Derivatives Determinations Committee bases its determination. As a result, determinations by the Credit Derivatives Determinations Committees are not otherwise applicable to the Holders. Furthermore, the institutions on the Credit Derivatives Determinations Committees owe no duty to the Holders. Under the terms of the Securities, certain determinations by the Credit Derivatives Determinations Committees will be binding on the Holders. The Credit Derivatives Determinations Committees shall have no ability to amend the terms of the Securities. The Credit Derivatives Determinations Committees will be able to make determinations without action or knowledge by the Holders.

A Credit Derivatives Determinations Committee will be convened upon referral of (i) a question to the DC Secretary by an identified eligible market participant and the agreement of at least one of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question, or (ii) a question to the DC Secretary by an unidentified eligible market participant and the agreement of at least two of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question, or (iii) a question to ISDA by an eligible market participant which is an Eligible CCP (being an eligible clearing entity) and such question is not designated as a "General Interest Question" and relates to an eligible cleared Reference Entity with respect to such Eligible CCP and to certain specified matters such as a Credit Event, Potential Repudiation/Moratorium and/or Successor. The DC Secretary will convene the Credit Derivatives Determinations Committee for the region to which the referred question relates, as determined in accordance with the Rules. Any party to a transaction that incorporates, or is deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions may refer a question to the DC Secretary for a Credit Derivatives Determinations Committee to consider. Therefore, a binding determination may be made with respect to the Securities without any action by the Holders. See "Risk Factors – Holders (in their capacity as holders of the Securities) will not be able to refer questions to the Credit Derivatives Determinations Committees" for additional information regarding the lack of Holder involvement in determinations made by the Credit Derivatives Determinations Committees.

Once a question is referred to a Credit Derivatives Determinations Committee, a DC Resolution may result quickly, as a binding vote usually must occur within two business days of the first meeting held with respect to such question unless the timeframe is extended by agreement of at least 80 per cent. of the voting members participating in a vote held in accordance with the Rules. In addition, voting members of the Credit Derivatives Determinations Committees are required to participate in each binding vote, subject only to limited abstention rights. Notices of questions referred to the Credit Derivatives Determinations Committees, meetings held to deliberate such questions, meeting statements and the results of binding votes will be published on the website of the Credit Derivatives Determinations Committees and neither the Issuer, the Calculation Agent nor any of their respective Affiliates shall be obliged to inform the Holders of such information (other than as expressly provided in this Pricing Supplement). Holders shall therefore be responsible for obtaining such information. See "Risk Factors –Holders shall be responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committees" for additional information.

The Credit Derivatives Determinations Committees have the ability to make determinations that may materially affect the Holders. The Credit Derivatives Determinations Committees will be able to make a broad range of determinations in accordance with the Rules that may be relevant to the Securities and materially affect the Holders. For each of the general types of questions discussed below, the Credit Derivatives Determinations Committees may determine component questions that arise under the 2014 Definitions or the Updated 2003 Definitions, or the Rules and that are related to the initial question referred. Since the terms governing the credit-linked elements of the Securities are substantially similar to the 2014 Definitions or, as the case may be, the Updated 2003 Definitions, such determinations may affect the Holders, as further described below.

Credit Events

The Credit Derivatives Determinations Committees will be able to determine whether a Credit Event has occurred and the date of such Credit Event. Related questions that are also within the scope of the Credit Derivatives Determinations Committees are whether the Repudiation/Moratorium Extension Condition is satisfied or whether a Potential Failure to Pay or a Potential Repudiation/Moratorium has occurred. In addition, the Credit Derivatives Determinations Committees will also determine, where necessary, whether the required Publicly Available Information has been provided. Each of these determinations, other than whether the required Publicly Available Information has been provided, requires the agreement of at least 80 per cent. of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below. The determination of whether the required Publicly Available Information has been provided requires the agreement of at least a majority of the voting members participating

in a binding vote held in accordance with the Rules and is not eligible for external review. Each of these determinations may affect whether the Calculation Agent is entitled to deliver a Credit Event Notice and therefore whether an Event Determination Date will occur under the Securities. To the extent that the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred with respect to one of the Reference Entity(ies) on or after the Credit Event Backstop Date, the Calculation Agent shall deliver a Credit Event Notice in respect of the Securities. Notwithstanding the scope of the Credit Derivatives Determinations Committees, the Calculation Agent may still declare a Credit Event and deliver a Credit Event Notice even if a Credit Derivatives Determinations Committee has not Resolved that a Credit Event has occurred, provided that a Credit Derivatives Determinations Committee has not Resolved that a Credit Event has not occurred.

Successor Resolutions

The Credit Derivatives Determinations Committees will be able to determine whether there are any Successor or Successors to a Reference Entity and the relevant Succession Date. In addition, the Credit Derivatives Determinations Committees will also determine the identity of the Successor(s) in accordance with the Rules. For a Reference Entity that is not a Sovereign, the Credit Derivatives Determinations Committees will determine the Relevant Obligation(s) of the Reference Entity (including any adjustments required to be made if there is a Steps Plan), the proportion of the Relevant Obligation(s) to which each purported Successor succeeds and the Succession Date. For a Reference Entity that is a Sovereign, the Credit Derivatives Determinations Committees will determine the Relevant Obligation(s) of the Reference Entity (including any adjustments to be made if there is a Steps Plan), whether a Sovereign Succession Event has occurred, if so the proportion of the Relevant Obligation(s) to which each purported Successor succeeds, and the Succession Date. Each of these determinations requires the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below, except for the actual identification of the Successor(s) for a Reference Entity (which only requires a majority and is not eligible for external review). The Calculation Agent may use the relevant DC Resolutions of the Credit Derivatives Determinations Committees in order to determine Successor(s) to the Reference Entity(ies).

Other Questions

The Credit Derivatives Determinations Committees will be able to determine whether circumstances have occurred that require a Substitute Reference Obligation to be identified and, if so, the appropriate Substitute Reference Obligation. In addition, the Credit Derivatives Determinations Committees will be able to determine whether an entity that acts as seller of protection under one or more transactions (such entity, the "**Relevant Seller**") or a Reference Entity has consolidated or amalgamated with, or merged into, or transferred all or substantially all its assets to, the Reference Entity or the Relevant Seller, as applicable, or that the Relevant Seller and the Affected Reference Entity have become Affiliates. Each of these determinations requires the agreement of at least 80 per cent. of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below. The Calculation Agent may follow such DC Resolutions in making the equivalent determinations with respect to the Securities.

The Credit Derivatives Determinations Committees will be able to determine other referred questions that are relevant to the credit derivatives market as a whole and are not merely a matter of bilateral dispute. Such questions require the agreement of at least 80 per cent. of the voting members participating in a binding vote held in accordance with the Rules for each Credit Derivatives Determinations Committee implicated by the relevant question, as determined in accordance with the Rules, in order to avoid the possible referral of the question to the external review process, as described further below. Furthermore, the question relating to such DC Resolution may also be referred to the external review process if at least a majority of the voting members participating in a binding vote held in accordance with the Rules agree. Any guidance given by the Credit Derivatives Determinations Committees with respect to questions of interpretation of the 2014 Definitions or, as the case may

be, the Updated 2003 Definitions are likely to influence the Calculation Agent in interpreting equivalent provisions under the Notes.

Any such question can be submitted to the Credit Derivatives Determinations Committees by an unidentified eligible market participant for deliberation. The relevant Credit Derivatives Determinations Committee(s) will deliberate such question upon the agreement of at least two of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question. Once the deliberations on such question have commenced, the relevant Credit Derivatives Determinations Committee will proceed in accordance with the procedures described above with respect to the relevant question category, except that the identity of the eligible market participant who submitted the question will not be revealed to the members of the Credit Derivatives Determinations Committees or the general public.

Auction Resolutions

The Credit Derivatives Determinations Committees will be able to determine whether one or more auctions will be held to settle the relevant transactions in respect of which a Credit Event has occurred in accordance with the terms of the Credit Derivatives Auction Settlement Terms. Such determination requires the agreement of at least 50 per cent. of the voting members participating in a binding vote held in accordance with the Rules. In addition, the Credit Derivatives Determinations Committees will also determine the Final List of Deliverable Obligations in respect of a relevant Auction. Such determination requires the agreement of at least 80 per cent. of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of such matter to the external review process, as further described below.

External Review

As described immediately above, certain questions deliberated by the Credit Derivatives Determinations Committees are subject to an external review process if the required threshold is not met during the binding vote held with respect to such question. For such questions, if at least 80 per cent. of the voting members participating in a binding vote held in accordance with the Rules fail to agree, the question will be automatically referred to the external review process. Questions that are not eligible for external review often require only a simple majority of participating voting members to agree in order to reach a DC Resolution.

Questions referred to external review will be considered by a panel of three independent individuals who will be selected by either the relevant Credit Derivatives Determinations Committee or by the DC Secretary at random. The default duration of the external review process (which can be modified by the relevant Credit Derivatives Determinations Committee in accordance with the Rules) is twelve business days from the referral of the question and contemplates the receipt of both written submissions and oral argument. Any member of ISDA may provide written submissions to the external reviewers, which will be made available to the public on the website of the Credit Derivatives Determinations Committees, and the conclusion reached in accordance with the external review process will be binding on the Holders. In instances where the vote of the relevant Credit Derivatives Determinations Committee was less than or equal to 60 per cent., the decision of a majority of the external reviewers will be determinative. However, in instances where the vote of the relevant Credit Derivatives Determinations Committee was between 60 per cent. and 80 per cent., all three external reviewers must agree in order to overturn the vote of the Credit Derivatives Determinations Committee.

Holders should be aware that the external reviewers may not consider new information that was not available to the relevant Credit Derivatives Determinations Committee at the time of the binding vote and questions may be returned to the Credit Derivatives Determinations Committee for another vote if new information becomes available. In addition, if the external reviewers fail to arrive at a decision for any reason, the entire process will be repeated. As a result, the external review process may be elongated in certain situations, leaving questions that may materially affect the Holders unresolved for a period of time.

The Composition of the Credit Derivatives Determinations Committees

Each Credit Derivatives Determinations Committee is composed of fifteen voting members and three non-voting consultative members. Ten of the voting members are dealer institutions, with eight serving across all regions and two potentially varying by region. The other five voting members are non-dealer institutions that serve across all regions. The three non-voting consultative members consist of one dealer institution and one non-dealer institution that serve across all regions and one dealer institution that could potentially vary by region. For the first composition of the Credit Derivatives Determinations Committees only, an additional non-voting dealer institution has been selected to serve across all regions.

Holders will have no role in the composition of the Credit Derivatives Determinations Committees. Separate criteria applies with respect to the selection of dealer and non-dealer institutions to serve on the Credit Derivatives Determinations Committees and the Holders will have no role in establishing such criteria. In addition, the composition of the Credit Derivatives Determinations Committees will change from time to time in accordance with the Rules, as the term of an institution may expire or an institution may be required to be replaced. The Holders will have no control over the process for selecting institutions to participate on the Credit Derivatives Determinations Committees and, to the extent provided for in the Securities, will be subject to the determinations made by such selected institutions in accordance with the Rules.

Ability of the Calculation Agent or its Affiliates to influence the Credit Derivatives Determinations Committees

As of the Issue Date, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees. In such capacity, it may take certain actions that may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees, including (without limitation): (a) agreeing to deliberate a question referred to the DC Secretary, (b) voting on the resolution of any question being deliberated by a Credit Derivatives Determinations Committee and (c) advocating a certain position during the external review process. In addition, as a party to transactions which incorporate, or are deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions, the Calculation Agent may refer a question to the DC Secretary for a Credit Derivatives Determinations Committee to deliberate. In deciding whether to take any such action, the Calculation Agent (or its Affiliate) shall be under no obligation to consider the interests of any Holder. See "Potential conflicts of interest of the Calculation Agent" below for additional information.

Potential Conflicts of Interest of the Calculation Agent

Since, as of the Issue Date, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees and is a party to transactions which incorporate, or are deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions, it may take certain actions which may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees. See "Ability of the Calculation Agent or its Affiliates to influence the Credit Derivatives Determinations Committees" above for additional information. Such action may be adverse to the interests of the Holders and may result in an economic benefit accruing to the Calculation Agent. In taking any action relating to the Credit Derivatives Determinations Committees or performing any duty under the Rules, the Calculation Agent shall have no obligation to consider the interests of the Holders and may ignore any conflict of interest arising due to its responsibilities under the Securities.

Holders will have no recourse against either the institutions serving on the Credit Derivatives Determinations Committees or the external reviewers. Institutions serving on the Credit Derivatives Determinations Committees and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the institutions on the Credit Derivatives Determinations Committees do not owe

any duty to the Holders and the Holders will be prevented from pursuing claims with respect to actions taken by such institutions under the Rules.

Holders should also be aware that institutions serving on the Credit Derivatives Determinations Committees have no duty to research or verify the veracity of information on which a specific determination is based. In addition, the Credit Derivatives Determinations Committees are not obligated to follow previous determinations and, therefore, could reach a conflicting determination for a similar set of facts.

Holders shall be responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committees. Notices of questions referred to the Credit Derivatives Determinations Committees, meetings held to deliberate such questions and the results of binding votes will be published on the website of the Credit Derivatives Determinations Committees and neither the Issuer, the Calculation Agent nor any of their respective Affiliates shall be obliged to inform the Holders of such information (other than as expressly provided in this Pricing Supplement). Failure by the Holders to be aware of information relating to deliberations of a Credit Derivatives Determinations Committee will have no effect under this Pricing Supplement and Holders are solely responsible for obtaining any such information.

Amendments to the Rules

The Rules may be amended from time to time without the consent or input of the Holders and the powers of the Credit Derivatives Determinations Committees may be expanded or modified as a result.
