**€38,100,000 Class B-1 Senior Secured Floating Rate Notes due 2030**  
**€9,000,000 Class B-2 Senior Secured Fixed Rate Notes due 2030**  
**€23,100,000 Class C Senior Secured Deferrable Floating Rate Notes due 2030**  
**€17,300,000 Class D Senior Secured Deferrable Floating Rate Notes due 2030**  
**€21,700,000 Class E Senior Secured Deferrable Floating Rate Notes due 2030**  
**€12,500,000 Class F Senior Secured Deferrable Floating Rate Notes due 2030**  
**€41,400,000 Subordinated Notes due 2030**

The assets securing the Notes (as defined below) will consist of a portfolio of primarily Senior Loans, Second Lien Loans, Secured Senior Bonds and High Yield Bonds managed by Accunia Fondsmæglerselskab A/S (the “**Collateral Manager**”).

Accunia European CLO II B.V. (the “**Issuer**”) will issue the Class A Notes, the Class B-1 Notes, the Class B-2 Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes (each as defined herein).

The Class A Notes, the Class B-1 Notes, the Class B-2 Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes (such Classes, the “**Rated Notes**”) together with the Subordinated Notes are collectively referred to herein as the “**Notes**”. The Notes will be issued and secured pursuant to a trust deed (the “**Trust Deed**”) dated on or about 24 October 2017 (the “**Issue Date**”), made between (amongst others) the Issuer and BNY Mellon Corporate Trustee Services Limited, in its capacity as trustee (the “**Trustee**”).

Interest on the Notes will be payable (i) quarterly in arrear on 15 January, 15 April, 15 July and 15 October at any time other than following the occurrence of a Frequency Switch Event (as defined herein); and (ii) semi-annually in arrear following the occurrence of a Frequency Switch Event on (A) 15 January and 15 July (where the Payment Date immediately prior to the occurrence of the relevant Frequency Switch Event is April or October), or (B) 15 April and 15 October (where the Payment Date immediately prior to the occurrence of the relevant Frequency Switch Event is January or July) (or, if such day is not a Business Day (as defined herein), then on the next succeeding Business Day (unless it would fall in the following month, in which case it shall be moved to the immediately preceding Business Day)) in each year, commencing in April 2018 and ending on the Maturity Date (as defined below) in accordance with the Priorities of Payments described herein.

The Notes will be subject to Optional Redemption, Mandatory Redemption and Special Redemption, each as described herein. See Condition 7 (*Redemption and Purchase*).

SEE THE SECTION ENTITLED “RISK FACTORS” HEREIN FOR A DISCUSSION OF CERTAIN FACTORS TO BE CONSIDERED IN CONNECTION WITH AN INVESTMENT IN THE NOTES.

Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List (the “**Official List**”) and trading on the Global Exchange Market (the “**Global Exchange Market**”) which is the exchange regulated market of the Irish Stock Exchange. The Global Exchange Market is not a regulated market for the purposes of Directive 2004/39/EC. There can be no assurance that such listing will be maintained. This Offering Circular comprises listing particulars for the purposes of the application and has been approved by the Irish Stock Exchange p.l.c. (the “**Irish Stock Exchange**”).

The Notes are limited recourse obligations of the Issuer which are payable solely out of amounts received by or on behalf of the Issuer in respect of the Collateral (as defined herein). The net proceeds of the realisation of the security over the Collateral upon acceleration of the Notes following an Event of Default (as defined herein) may be insufficient to pay all amounts due on the Notes after making payments to other creditors of the Issuer ranking prior thereto or *pari passu* therewith. In the event of a shortfall in such proceeds, the Issuer will not be obliged to pay, and the other assets (including the Issuer Dutch Account and the rights of the Issuer under the Issuer Management Agreement and the Letter of Undertaking (each as defined herein)) of the Issuer will not be available for payment of such shortfall, all claims in respect of which shall be extinguished. See Condition 4 (*Security*).

The Notes have not been registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) and will be offered only: (a) outside the United States to non-U.S. Persons (where “**U.S. Persons**” shall have the meaning given to it in Regulation S under the Securities Act (“**Regulation S**”)); and (b) within the United States to persons and outside the United States to U.S. Persons, in each case, who are both qualified institutional buyers (as defined in Rule 144A under the Securities Act (“**Rule 144A**”)) in reliance on Rule 144A and qualified purchasers for the purposes of Section 3(c)(7) of the United States Investment Company Act of 1940, as amended (the “**Investment Company Act**”). The Issuer will not be registered under the Investment Company Act. Interests in the Notes will be subject to certain restrictions on transfer, and each purchaser of Notes offered hereby in making its purchase will be deemed to have made certain acknowledgements, representations and agreements. See “*Plan of Distribution*” and “*Transfer Restrictions*”.

The Notes are being offered by the Issuer through Deutsche Bank AG, London Branch or an affiliate thereof in its capacity as initial purchaser of the Notes (the “**Initial Purchaser**” and, in its separate capacity as sole arranger, the “**Sole Arranger**”) subject to prior sale, when, as and if delivered to and accepted by the Initial Purchaser, and to certain conditions. It is expected that delivery of the Notes will be made on or about the Issue Date. The Initial Purchaser may offer the Notes at prices as may be negotiated at the time of sale which may vary among different purchasers.

Deutsche Bank AG, London Branch

**Sole Arranger and Initial Purchaser**

The date of this Offering Circular is 24 October 2017

The Issuer accepts responsibility for the information contained in this document (save for the information contained in the sections of this document headed “*Risk Factors – Certain Conflicts of Interest – Collateral Manager*”, “*The Collateral Manager*”, “*The Retention Holder and EU Retention Requirements – Description of the Retention Holder*” and “*Description of the Collateral Administrator*”) and to the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case), the information included in this document is in accordance with the facts and does not omit anything likely to affect the import of such information. The Collateral Manager accepts responsibility for the information contained in the sections of this document headed “*Risk Factors – Certain Conflicts of Interest – Collateral Manager*” and “*The Collateral Manager*”. To the best of the knowledge and belief of the Collateral Manager (which has taken all reasonable care to ensure that such is the case) such information is in accordance with the facts and does not omit anything likely to affect the import of such information. The Retention Holder accepts responsibility for the information contained in the section of this document headed “*The Retention Holder and EU Retention Requirements – Description of the Retention Holder*”. To the best of the knowledge and belief of the Retention Holder (which has taken all reasonable care to ensure that such is the case), such information is in accordance with the facts and does not omit anything likely to affect the import of such information. The Collateral Administrator accepts responsibility for the information contained in the section of this document headed “*Description of the Collateral Administrator*”. To the best of the knowledge and belief of the Collateral Administrator (which has taken all reasonable care to ensure that such is the case), such information is in accordance with the facts and does not omit anything likely to affect the import of such information. Except for the sections of this document headed “*Risk Factors – Certain Conflicts of Interest – Collateral Manager*” and “*The Collateral Manager*” in the case of the Collateral Manager, “*The Retention Holder and EU Retention Requirements – Description of the Retention Holder*” in the case of the Retention Holder and “*Description of the Collateral Administrator*” in the case of the Collateral Administrator, none of the Collateral Manager, the Sole Arranger, the Initial Purchaser, the Retention Holder or the Collateral Administrator accepts any responsibility for the accuracy and completeness of any information contained in this Offering Circular. The delivery of this Offering Circular at any time does not imply that the information herein is correct at any time subsequent to the date of this Offering Circular.

None of the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Manager (save in respect of the sections headed “*Risk Factors – Certain Conflicts of Interest – Collateral Manager*” and “*The Collateral Manager*”), the Retention Holder (save in respect of the section headed “*The Retention Holder and EU Retention Requirements – Description of the Retention Holder*”), the Collateral Administrator (save in respect of the section headed “*Description of the Collateral Administrator*”), any Agent, any Hedge Counterparty, or any other party has separately verified the information contained in this Offering Circular and, accordingly, none of the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Manager (save as specified above), the Retention Holder (save as specified above), the Collateral Administrator (save as specified above), any Agent, any Hedge Counterparty, or any other party (save for the Issuer as specified above) makes any representation, recommendation or warranty, express or implied, regarding the accuracy, adequacy, reasonableness or completeness of the information contained in this Offering Circular or in any further notice or other document which may at any time be supplied in connection with the Notes or their distribution or accepts any responsibility or liability therefor. None of the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Manager, the Retention Holder, the Collateral Administrator, any Agent, any Hedge Counterparty, or any other party undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Offering Circular nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the aforementioned parties which is not included in this Offering Circular. None of the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Manager (save as specified above), the Retention Holder (save as specified above), the Collateral Administrator (save as specified above), any Agent, any Hedge Counterparty, or any other party (save for the Issuer as specified above) accepts any responsibility for the accuracy or completeness of any information contained in this Offering Circular.

This Offering Circular does not constitute an offer of, or an invitation by or on behalf of, the Issuer, the Sole Arranger, the Initial Purchaser, the Collateral Manager, the Collateral Administrator, any of their respective Affiliates or any other person to subscribe for or purchase any of the Notes. The distribution of this Offering Circular and the offering of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Offering Circular comes are required by the Issuer and the Initial Purchaser to inform themselves about and to observe any such restrictions. In particular, the communication constituted by this Offering Circular is directed only at persons who (i) are persons in member states of the European Economic Area who are “qualified investors” within the meaning of Article 2(1)(e) of Directive 2003/71/EC (“**Qualified Investors**”), (ii) are persons in the United Kingdom who are Qualified Investors of the kind described in Article 49(2)(a) to (d) (*High net worth companies, unincorporated associations etc.*) of the Financial Services

and Markets Act 2000 (Financial Promotion) Order 2005 or who otherwise fall within an exemption set forth in such Order so that Section 21(1) of the Financial Services and Markets Act 2000 does not apply to the Issuer; or (iii) are persons to whom this document can be sent lawfully in accordance with all other applicable securities laws (all such persons together being referred to as “**relevant persons**”). This communication must not be distributed to, acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which this communication relates is available only to relevant persons and will be engaged in only with relevant persons. For a description of certain further restrictions on offers and sales of Notes and distribution of this Offering Circular, see “*Plan of Distribution*” and “*Transfer Restrictions*” below.

In connection with the issue and sale of the Notes, no person is authorised to give any information or to make any representation not contained in this Offering Circular and, if given or made, such information or representation must not be relied upon as having been authorised by or on behalf of the Issuer, the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Manager, the Collateral Administrator or any other person. The delivery of this Offering Circular at any time does not imply that the information contained in it is correct as at any time subsequent to its date.

In this Offering Circular, unless otherwise specified or the context otherwise requires, all references to “**Euro**”, “**euro**”, “**€**” and “**EUR**” are to the lawful currency of the member states of the European Union that have adopted and retain the single currency in accordance with the Treaty establishing the European Community, as amended from time to time; provided that if any member state or states ceases to have such single currency as its lawful currency (such member state(s) being the “**Exiting State(s)**”), the euro shall, for the avoidance of doubt, mean for all purposes the single currency adopted and retained as the lawful currency of the remaining member states and shall not include any successor currency introduced by the Exiting State(s) and references to “**Sterling**”, “**GBP**” and “**£**” shall mean the lawful currency of the United Kingdom and any references to “**U.S. Dollar**”, “**U.S. dollar**”, “**USD**”, “**U.S. Dollar**” or “**\$**” shall mean the lawful currency of the United States of America.

The Issuer is not and will not be regulated by the Central Bank of Ireland (the “**Central Bank**”) as a result of issuing the Notes. Any investment in the Notes does not have the status of a bank deposit and is not within the scope of the deposit protection scheme operated by the Central Bank.

In connection with the issue of the Notes, no stabilisation will take place and Deutsche Bank AG, London Branch will not be acting as stabilising manager in respect of the Notes.

Websites referred to in this Offering Circular do not form part of, and are not incorporated into, this Offering Circular.

## EU RETENTION REQUIREMENTS

Each prospective investor in the Notes is required to independently assess and determine whether the information provided herein and in any reports provided to investors in relation to this transaction are sufficient to comply with the EU Retention Requirements or any other regulatory requirement. None of the Issuer, the Collateral Manager, the Sole Arranger, the Initial Purchaser, the Collateral Administrator, the Trustee, the Agents, their respective Affiliates or any other Person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose and no such Person shall have any liability to any prospective investor or any other Person with respect to the insufficiency of such information or any failure of the transactions contemplated hereby to satisfy the EU Retention Requirements or any other applicable legal, regulatory or other requirements. Each prospective investor in the Notes which is subject to the EU Retention Requirements or any other regulatory requirement should consult with its own legal, accounting and other advisors and/or its national regulator to determine whether, and to what extent, such information is sufficient for such purposes and any other requirements of which it is uncertain. See “*Risk Factors – Regulatory Initiatives – EU Risk Retention and Due Diligence Requirements*” and “*The Retention Holder and EU Retention Requirements*” below.

## U.S. CREDIT RISK RETENTION REQUIREMENTS

PURSUANT TO THE U.S. RISK RETENTION RULES, THE PERCENTAGE THAT THE SPONSOR IS REQUIRED TO ACQUIRE AS A VERTICAL INTEREST DESCRIBED UNDER “*CREDIT RISK RETENTION*” MUST BE DISCLOSED TO INVESTORS. IN ADOPTING THE U.S. RISK RETENTION RULES, THE RELEVANT REGULATORY AUTHORITIES INDICATED THAT THE PURPOSE OF THE FOREGOING DISCLOSURES IS TO ALLOW INVESTORS TO ANALYSE THE AMOUNT OF THE SPONSOR’S ECONOMIC INTEREST (“*SKIN IN THE GAME*”) IN THE TRANSACTIONS DESCRIBED HEREIN. AS SUCH, THE VERTICAL INTEREST DISCLOSURES SET FORTH HEREIN SHOULD NOT BE USED FOR ANY OTHER PURPOSE, INCLUDING, WITHOUT LIMITATION, IN MAKING AN INVESTMENT DECISION WITH RESPECT TO ANY OF THE NOTES.

Each recipient of this Offering Circular, to the extent it considers the U.S. Risk Retention Rules to be relevant to its decision to invest, should independently assess and determine the sufficiency, for the purposes of complying with the U.S. Risk Retention Rules, of the information set forth in this Offering Circular, and should consult with its own legal, accounting and other advisors or its national regulator to determine whether, and to what extent, such information is sufficient for such purposes and with respect to any other related requirements of which it is uncertain. See “*Credit Risk Retention*.”

None of the Issuer, the Collateral Manager, the Retention Holder, the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Administrator or any of their respective Affiliates or any other Person makes any representation, warranty or guarantee that the Collateral Manager, the Retention Holder, their respective Affiliates or the transaction contemplated by this Offering Circular will be in compliance with the U.S. Risk Retention Rules, and no such person assumes any liability to any prospective investor or any other person with respect to any failure by the Collateral Manager, the Retention Holder or of the transaction contemplated by this Offering Circular to satisfy the U.S. Risk Retention Rules or any other applicable legal, regulatory or other requirements. See “*Risk Factors – Regulatory Initiatives – U.S. Dodd-Frank Act*” and “*Risk Factors – Regulatory Initiatives – U.S. Risk Retention Rules*”.

## VOLCKER RULE

Section 619 of the Dodd-Frank Act (the “**Volcker Rule**”) prevents “banking entities” (a term which includes affiliates of a U.S. banking organisation as well as affiliates of a foreign banking organisation that have a branch or agency office in the U.S., regardless where such affiliates are located) from (i) engaging in proprietary trading in certain financial instruments, or (ii) acquiring or retaining any “ownership interest” in, or in sponsoring, a “covered fund,” subject to certain exemptions.

An “ownership interest” is defined widely and may arise through a holder’s exposure to the profit and losses of the covered fund, as well as through any right of the holder to participate in the selection or removal of an investment advisor, manager, or general partner, trustee, or member of the board of directors of the covered fund. A “covered fund” is also defined widely, and includes any issuer which would be an investment company under the Investment Company Act 1940 (the “**ICA**”) but is exempt from registration solely in reliance on section 3(c)(1) or 3(c)(7) of that Act, subject to certain exemptions found in the Volcker Rule’s implementing regulations.

It should be noted that a commodity pool as defined in the U.S. Commodity Exchange Act of 1936, as amended (the “CEA”) will also fall within the definition of a “covered fund”.

The holders of any of the Class A Notes, the Class B-1 Notes, the Class B-2 Notes, the Class C Notes or the Class D Notes in the form of CM Non-Voting Exchangeable Notes or CM Non-Voting Notes are disenfranchised in respect of any CM Removal Resolution or CM Replacement Resolution. However, there can be no assurance that these features will be effective in resulting in such investments in the Issuer by banking entities subject to the Volcker Rule not being characterised as an “ownership interest” in the Issuer.

If the Issuer is deemed to be a covered fund, then in the absence of regulatory relief, the provisions of the Volcker Rule and its related regulatory provisions, will severely limit the ability of “banking entities” to hold an ownership interest in the Issuer or enter financial transactions with the Issuer. Any entity that is a “banking entity” as defined under the Volcker Rule and is considering an investment in ownership interests of the Issuer should consult its own legal advisors and consider the potential impact of the Volcker Rule in respect of such investment. If investment by banking entities in the Notes of any Class is prohibited or restricted by the Volcker Rule, this could impair the marketability and liquidity of such Notes.

No assurance can be made as to the effect of the Volcker Rule on the ability of certain investors subject thereto to acquire or retain an interest in the Notes. Each prospective investor in the Notes is required to independently consider the potential impact of the Volcker Rule in respect of any investment in the Notes. See “*Risk Factors – Regulatory Initiatives - Volcker Rule*” below.

### **Information as to placement within the United States**

The Notes of each Class offered pursuant to an exemption from registration under Rule 144A under the Securities Act (“**Rule 144A**”) (the “**Rule 144A Notes**”) will be sold only to “qualified institutional buyers” (as defined in Rule 144A) (“**QIBs**”) that are also “qualified purchasers” for purposes of Section 3(c)(7) of the Investment Company Act (“**QPs**”). Rule 144A Notes of each Class will each be represented on issue by beneficial interests in one or more permanent global certificates of such Class (each, a “**Rule 144A Global Certificate**” and together, the “**Rule 144A Global Certificates**”) in each case in fully registered form, without interest coupons or principal receipts, which will be deposited on or about the Issue Date with, and registered in the name of, a nominee of a common depository for Euroclear Bank SA/NV, as operator of the Euroclear system (“**Euroclear**”) and Clearstream Banking, *société anonyme* (“**Clearstream, Luxembourg**”). The Notes of each Class sold outside the United States to non-U.S. Persons in “offshore transactions” in reliance on Regulation S (“**Regulation S**”) under the Securities Act (the “**Regulation S Notes**”) will each be represented on issue by beneficial interests in one or more permanent global certificates of such Class (each, a “**Regulation S Global Certificate**” and together, the “**Regulation S Global Certificates**”), in fully registered form, without interest coupons or principal receipts, which will be deposited on or about the Issue Date with, and registered in the name of, a nominee of a common depository for Euroclear and Clearstream, Luxembourg. Neither U.S. Persons nor U.S. residents (as determined for the purposes of the Investment Company Act) (“**U.S. Residents**”) may hold an interest in a Regulation S Global Certificate or a Regulation S Definitive Certificate. Ownership interests in the Regulation S Global Certificates and the Rule 144A Global Certificates (together, the “**Global Certificates**”) will be shown on, and transfers thereof will only be effected through, records maintained by Euroclear and Clearstream, Luxembourg and their respective participants. Notes in definitive certificated form will be issued only in limited circumstances. In each case, purchasers and transferees of Notes will be deemed and in certain circumstances will be required to have made certain representations and agreements. See “*Form of the Notes*”, “*Book Entry Clearance Procedures*”, “*Plan of Distribution*” and “*Transfer Restrictions*” below.

The Issuer has not been registered under the Investment Company Act. Each purchaser of an interest in the Notes (other than a non-U.S. Person outside the U.S.) will be deemed to have represented and agreed that it is a QIB that is also a QP and will also be deemed to have made the representations set out in “*Transfer Restrictions*” herein. The purchaser of any Note, by such purchase, agrees that such Note is being acquired for its own account and not with a view to distribution and may be resold, pledged or otherwise transferred only (1) to the Issuer (upon redemption thereof or otherwise), (2) to a person the purchaser reasonably believes is a QIB which is also a QP, in a transaction meeting the requirements of Rule 144A, or (3) outside the United States to a non-U.S. Person in an offshore transaction in reliance on Regulation S, in each case, in compliance with the Trust Deed and all applicable securities laws of any state of the United States or any other jurisdiction. See “*Transfer Restrictions*” below.

In making an investment decision, investors must rely on their own examination of the Issuer and the terms of the Notes and the offering thereof described herein, including the merits and risks involved.

THE NOTES OFFERED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED WITH, OR APPROVED BY, ANY UNITED STATES FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT PASSED UPON OR ENDORSED THE MERITS OF THIS OFFERING OR THE ACCURACY OR ADEQUACY OF THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE.

This Offering Circular has been prepared by the Issuer solely for use in connection with the offering of the Notes described herein (the “**Offering**”). Each of the Issuer and the Initial Purchaser reserves the right to reject any offer to purchase Notes in whole or in part for any reason, or to sell less than the stated initial principal amount of any Class of Notes offered hereby. This Offering Circular is personal to each offeree to whom it has been delivered by the Issuer, the Initial Purchaser or any Affiliate thereof and does not constitute an offer to any other person or to the public generally to subscribe for or otherwise acquire the Notes. Distribution of this Offering Circular to any persons other than the offeree and those persons, if any, retained to advise such offeree with respect thereto is unauthorised and any disclosure of any of its contents, without the prior written consent of the Issuer, is prohibited. Any reproduction or distribution of this Offering Circular in whole or in part and any disclosure of its contents or use of any information herein for any purpose other than considering an investment in the securities offered herein is prohibited.

NOTWITHSTANDING ANYTHING HEREIN TO THE CONTRARY, EACH PROSPECTIVE INVESTOR (AND EACH EMPLOYEE, REPRESENTATIVE, OR OTHER AGENT OF SUCH PROSPECTIVE INVESTOR) MAY DISCLOSE TO ANY AND ALL PERSONS, WITHOUT LIMITATION OF ANY KIND, THE U.S. FEDERAL, STATE, AND LOCAL TAX TREATMENT OF THE ISSUER, THE NOTES, OR THE TRANSACTIONS REFERENCED HEREIN AND ALL MATERIALS OF ANY KIND (INCLUDING OPINIONS OR OTHER U.S. TAX ANALYSES) RELATING TO SUCH U.S. FEDERAL, STATE, AND LOCAL TAX TREATMENT AND THAT MAY BE RELEVANT TO UNDERSTANDING SUCH U.S. FEDERAL, STATE, AND LOCAL TAX TREATMENT.

#### **Available Information**

To permit compliance with the Securities Act in connection with the sale of the Notes in reliance on Rule 144A, the Issuer will be required under the Trust Deed to furnish upon request to a holder or beneficial owner who is a QIB of a Note sold in reliance on Rule 144A or a prospective investor who is a QIB designated by such holder or beneficial owner the information required to be delivered under Rule 144A(d)(4) under the Securities Act if at the time of the request the Issuer is neither a reporting company under Section 13 or Section 15(d) of the United States Securities Exchange Act of 1934, as amended, nor exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act. All information made available by the Issuer pursuant to the terms of this paragraph may also be obtained during usual business hours free of charge at the office of the Principal Paying Agent.

#### **General Notice**

EACH PURCHASER OF THE NOTES MUST COMPLY WITH ALL APPLICABLE LAWS AND REGULATIONS IN FORCE IN EACH JURISDICTION IN WHICH IT PURCHASES, OFFERS OR SELLS SUCH NOTES OR POSSESSES OR DISTRIBUTES THIS OFFERING CIRCULAR AND MUST OBTAIN ANY CONSENT, APPROVAL OR PERMISSION REQUIRED FOR THE PURCHASE, OFFER OR SALE BY IT OF SUCH NOTES UNDER THE LAWS AND REGULATIONS IN FORCE IN ANY JURISDICTIONS TO WHICH IT IS SUBJECT OR IN WHICH IT MAKES SUCH PURCHASES, OFFERS OR SALES, AND NONE OF THE ISSUER, THE INITIAL PURCHASER, THE COLLATERAL MANAGER (OR ANY OF THEIR AFFILIATES), THE TRUSTEE (OR ANY OF ITS OR THEIR AFFILIATES), OR THE COLLATERAL ADMINISTRATOR SPECIFIED HEREIN SHALL HAVE ANY RESPONSIBILITY THEREFOR.

THE NOTES ARE SUBJECT TO RESTRICTIONS ON TRANSFERABILITY AND RESALE AND MAY NOT BE TRANSFERRED OR RESOLD EXCEPT AS PERMITTED UNDER THE SECURITIES ACT 1933, AS AMENDED, AND THE APPLICABLE STATE SECURITIES LAWS, PURSUANT TO REGISTRATION OR EXEMPTION THEREFROM. INVESTORS SHOULD BE AWARE THAT THEY MAY BE REQUIRED TO BEAR THE FINANCIAL RISKS OF THIS INVESTMENT FOR AN INDEFINITE PERIOD OF TIME.

### **Commodity Pool Regulation**

BASED UPON INTERPRETIVE GUIDANCE PROVIDED FROM A DIVISION OF THE U.S. COMMODITY FUTURES TRADING COMMISSION (THE “**CFTC**”), THE ISSUER IS NOT EXPECTED TO BE TREATED AS A COMMODITY POOL AND AS SUCH, THE ISSUER (OR THE COLLATERAL MANAGER ON THE ISSUER’S BEHALF) MAY ENTER INTO ONE OR MORE HEDGE AGREEMENTS (OR ANY OTHER AGREEMENT THAT WOULD FALL WITHIN THE DEFINITION OF “SWAP” AS SET OUT IN THE CEA (AS DEFINED BELOW)) FOLLOWING RECEIPT OF LEGAL ADVICE FROM REPUTABLE LEGAL COUNSEL TO THE EFFECT THAT THE ENTRY INTO SUCH ARRANGEMENTS SHALL NOT REQUIRE ANY OF THE ISSUER, THE MANAGING DIRECTORS OR OFFICERS OR THE COLLATERAL MANAGER TO REGISTER WITH THE CFTC AS A “COMMODITY POOL OPERATOR” OR A “COMMODITY TRADING ADVISOR” (AS SUCH TERMS ARE DEFINED IN THE U.S. COMMODITY EXCHANGE ACT OF 1936, AS AMENDED (THE “**CEA**”) AND THE “**CFTC REGULATION**”) IN RESPECT OF THE ISSUER. IN THE EVENT THAT TRADING OR ENTERING INTO ONE OR MORE HEDGE AGREEMENTS WOULD RESULT IN THE ISSUER’S ACTIVITIES FALLING WITHIN THE DEFINITION OF A “COMMODITY POOL” AS DEFINED IN THE CEA, THE COLLATERAL MANAGER WOULD EITHER SEEK TO UTILIZE ANY AVAILABLE EXEMPTIONS FROM REGISTRATION AS A COMMODITY POOL OPERATOR (A “**CPO**”) OR A COMMODITY TRADING ADVISOR (A “**CTA**”) OR REGISTER AS A CPO OR A CTA. UTILIZING ANY SUCH EXEMPTION FROM REGISTRATION MAY IMPOSE ADDITIONAL COSTS ON THE COLLATERAL MANAGER, AND MAY SIGNIFICANTLY LIMIT ITS ABILITY TO ENGAGE IN HEDGING ACTIVITIES ON BEHALF OF THE ISSUER. IF THE COLLATERAL MANAGER IS REQUIRED TO REGISTER AS A CPO OR A CTA, IT WILL BECOME SUBJECT TO NUMEROUS REPORTING AND OTHER REQUIREMENTS AND IT IS EXPECTED THAT IT WILL INCUR SIGNIFICANT ADDITIONAL COSTS IN COMPLYING WITH ITS OBLIGATIONS AS A REGISTERED CPO OR CTA, WHICH COSTS ARE EXPECTED TO BE PASSED ON TO THE ISSUER AND MAY ADVERSELY AFFECT THE ISSUER’S ABILITY TO MAKE PAYMENT ON THE NOTES.

### **PRIIPs Regulation**

The Notes are not intended to be offered or transferred to, or held by, “retail investors” for the purposes of Regulation (EU) No. 1286/2014 of 26 November 2014 on key information documents for packaged retail and insurance-based investment products (the “**PRIIPs Regulation**”). Accordingly, none of the Issuer, the Collateral Manager, the Sole Arranger or the Initial Purchaser expects to be required to prepare, and none of them has prepared, or will prepare, a “key information document” in respect of the Notes for the purposes of the PRIIPs Regulation.

- 1 The rate of interest of the Rated Notes (other than the Class B-2 Notes) for the period from, and including, the Issue Date to, but excluding, the first Payment Date will be determined by reference to a straight line interpolation of 3 month EURIBOR and 6 month EURIBOR.
- 2 Applicable at all times following the occurrence of a Frequency Switch Event; *provided that* the rate of interest of the Rated Notes of each Class (other than the Class B-2 Notes) for the period from, and including, the final Payment Date before the Maturity Date to, but excluding, the Maturity Date will, if such first mentioned Payment Date falls in April 2018 be determined by reference to three month EURIBOR.
- 3 The ratings assigned to the Class A Notes, the Class B-1 Notes and the Class B-2 Notes by S&P address the timely payment of interest and the ultimate payment of principal. The ratings assigned to the Class C Notes, Class D Notes, Class E Notes and Class F Notes by S&P address the ultimate payment of principal and interest. The ratings assigned to the Rated Notes by Moody's address the expected loss posed to investors by the legal final maturity on the Maturity Date. A security rating is not a recommendation to buy, sell or hold the Notes and may be subject to revision, suspension or withdrawal at any time by the applicable Rating Agency.
- 4 The Maturity Date of each Class of Notes will in each case be subject to adjustment for non-Business Days in accordance with the Conditions.
- 5 The Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes will not be treated as a single Class in respect of any vote or determination of quorum under the Trust Deed in connection with any removal or replacement of the Collateral Manager as further described in this Offering Circular.
- 6 Each of the Issuer and the Initial Purchaser may offer the Notes at prices as may be negotiated at the time of such sale which may vary among different purchasers and which may be different to the issue price of the Notes.

Eligible Purchasers ..... The Notes of each Class will be offered:

- (a) outside of the United States to non-U.S. Persons in “offshore transactions” in reliance on Regulation S; and
- (b) within the United States to persons and outside the United States to U.S. Persons, in each case, who are QIB/QPs.

**Distributions on the Notes**

Payment Dates ..... (a) Following the occurrence of a Frequency Switch Event on (A) 15 April and 15 October (where the Payment Date immediately prior to the occurrence of the relevant Frequency Switch Event is either January or July), or (B) 15 January and 15 July (where the Payment Date immediately prior to the occurrence of the relevant Frequency Switch Event is either April or October); and

(b) 15 January, 15 April, 15 July and 15 October of each year at all other times,

commencing on 15 April 2018 and ending on the Maturity Date (subject to any earlier redemption of the Notes and in each case to adjustment for non-Business Days in accordance with the Conditions).

Frequency Switch Event ..... Occurs if, on any Frequency Switch Measurement Date:

- (a) (i) the Aggregate Principal Balance (determined in accordance with the definition thereof, excluding Defaulted Obligations) of all Collateral Obligations which have become Semi-Annual Obligations in the Due Period ending on such Frequency Switch Measurement Date as a result of the change in the frequency of interest payment on such Collateral Obligations is equal to or greater than 20 per cent. of the Collateral Principal Amount (the Collateral Principal Amount being determined in accordance with the definition thereof, excluding Defaulted Obligations); (ii) for so long as any of the Class A Notes or the Class B Notes remain outstanding, the Frequency Switch Ratio is less than 120.0 per cent.; and (iii) for so long as any of the Class A Notes and the Class B Notes remain outstanding, the Frequency Switch Amount is equal to or greater than the

	<p>amount determined pursuant to paragraph (b) of the definition of Frequency Switch Ratio; or</p> <p>(b) the Collateral Manager declares in its sole discretion that a Frequency Switch Event shall have occurred (provided that for so long as any of the Class A Notes or the Class B Notes remain outstanding, the requirements of paragraph (a)(iii) above are satisfied).</p>
Stated Note Interest .....	<p>Interest in respect of the Notes of each Class will be payable semi-annually in arrear in respect of each six month Accrual Period and quarterly in arrear in respect of each three month Accrual Period on each Payment Date (with the first Payment Date occurring in April 2018) in accordance with the Interest Proceeds Priority of Payments.</p>
Deferral of Interest.....	<p>Failure on the part of the Issuer to pay the Interest Amounts on any Class of Notes pursuant to Condition 6 (<i>Interest</i>) in accordance with the Priorities of Payments by reason solely that there are insufficient funds standing to the credit of the Payment Account shall not be an Event of Default unless and until:</p> <p>(a) such failure continues for a period of at least five Business Days (as described in Condition 10(a)(i) (<i>Non-payment of interest</i>)); and</p> <p>(b) in respect of the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes, such non-payment of interest is in respect of a Payment Date on or after the Payment Date (the “<b>Relevant Payment Date</b>”) immediately following a Frequency Switch Event and:</p> <p>(i) in the case of non-payment of interest due and payable on the Class C Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes and the Class B Notes have been redeemed in full;</p> <p>(ii) in the case of non-payment of interest due and payable on the Class D Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes, the Class B Notes and the Class C Notes have been redeemed in full;</p> <p>(iii) in the case of non-payment of interest due and payable on the Class E Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes have been redeemed in full;</p> <p>(iv) in the case of non-payment of interest due and payable on the Class F Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes have been redeemed in full,</p> <p>save in each case as the result of any deduction therefrom or the imposition of withholding thereon as set forth in Condition 9 (<i>Taxation</i>).</p> <p>Unless a Frequency Switch Event has occurred and the relevant Class of Notes is the Controlling Class at such time, the Issuer shall, and shall only be obliged to, pay any Interest Amount</p>

payable in respect of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes in full on any Payment Date, in each case to the extent that there are Interest Proceeds or Principal Proceeds available for payment thereof in accordance with the Priorities of Payments.

Unless a Frequency Switch Event has occurred and the relevant Class of Notes is the Controlling Class at such time, in the case of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, an amount of interest equal to any shortfall in payment of the Interest Amount which would, but for the first paragraph of Condition 6(c) (*Deferral of Interest*) otherwise be due and payable in respect of such Class on any Payment Date (each such amount being referred to as “**Deferred Interest**”) will not be payable on such Payment Date, but will be added to the principal amount of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, as applicable, and thereafter will accrue interest at the rate of interest applicable to that Class, and the failure to pay such Deferred Interest to the holders of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, as applicable, will not be an Event of Default until the Maturity Date or any earlier date on which such Class of Notes is to be redeemed in full.

Non-payment of amounts due and payable on the Subordinated Notes as a result of the insufficiency of available Interest Proceeds will not constitute an Event of Default.

Redemption of the Notes ..... Principal payments on the Notes may be made in the following circumstances:

- (a) on the Maturity Date;
- (b) in whole (with respect to all Classes of Rated Notes) but not in part on any Business Day on or after the expiry of the Non-Call Period from Sale Proceeds or Refinancing Proceeds (or any combination thereof) if either (x) the Issuer (as directed by the Subordinated Noteholders (acting by way of Ordinary Resolution)) directs, by a written notice to the Collateral Manager, an optional redemption of the Rated Notes, or (y) a written notice to the Issuer directing an optional redemption of the Rated Notes is sent by the Collateral Manager (see Condition 7(b)(i) (*Optional Redemption in Whole – Subordinated Noteholders/Collateral Manager*));
- (c) in whole (with respect to all Classes of Rated Notes) but not in part on any Business Day following the occurrence of a Collateral Tax Event at the option of the Subordinated Noteholders acting by way of Ordinary Resolution (see Condition 7(b)(i) (*Optional Redemption in Whole – Subordinated Noteholders/Collateral Manager*));
- (d) in part by the redemption in whole of one or more Classes of Rated Notes from Refinancing Proceeds on any Business Day on or after the expiry of the Non-Call Period if directed by the Subordinated Noteholders (acting by Ordinary Resolution) or in writing by the Collateral Manager, as long as the Class of Rated Notes to be redeemed represents not less than the entire Class of such Rated Notes (see Condition 7(b)(ii) (*Optional Redemption in Part – Subordinated Noteholders/Collateral Manager*));

- (e) in whole (with respect to all Classes of Rated Notes) but not in part on any Business Day falling on or after expiry of the Non-Call Period if, upon or at any time following the expiry of the Non-Call Period, the Aggregate Principal Balance is less than 20 per cent. of the Target Par Amount at the written direction of the Collateral Manager provided that the Subordinated Noteholders shall not have objected to such redemption by way of Ordinary Resolution within 25 days of the Issuer giving notice thereof to the Noteholders in accordance with Condition 16 (*Notices*) (see Condition 7(b)(iii) (*Optional Redemption in Whole – Clean-up Call*));
- (f) the Subordinated Notes may be redeemed in whole at the direction of the Subordinated Noteholders (acting by way of Ordinary Resolution) or at the direction of the Collateral Manager, in each case following the redemption in full of all Classes of Rated Notes (see Condition 7(b)(viii) (*Optional Redemption of Subordinated Notes*));
- (g) on any Payment Date in accordance with the Note Payment Sequence following a Determination Date on which a Coverage Test is not satisfied (to the extent such test is required to be satisfied on such Determination Date) (see Condition 7(c) (*Mandatory Redemption upon Breach of Coverage Tests*));
- (h) on any Payment Date during the Reinvestment Period at the discretion of the Collateral Manager (acting on behalf of the Issuer) following written notification by the Collateral Manager to the Trustee that it has been unable, for a period of at least 20 consecutive Business Days, to identify additional Collateral Obligations or Substitute Collateral Obligations that are deemed appropriate by the Collateral Manager in its sole discretion in sufficient amounts to permit the investment of all or a portion of the funds then available for reinvestment and the Collateral Manager elects, in its sole discretion, to designate all or a portion of those funds as a Special Redemption Amount (see Condition 7(d) (*Special Redemption*));
- (i) if, as at the Business Day prior to the Payment Date following the Effective Date, an Effective Date Rating Event has occurred and is continuing, the Rated Notes shall be redeemed in accordance with the Note Payment Sequence on such Payment Date and thereafter on each subsequent Payment Date (to the extent required) out of Interest Proceeds in each case and, thereafter, out of Principal Proceeds subject to the Priorities of Payments until redeemed in full or, if earlier, until such Effective Date Rating Event is no longer continuing (see Condition 7(e) (*Redemption upon Effective Date Rating Event*));
- (j) following the expiry of the Reinvestment Period, on each Payment Date out of Principal Proceeds transferred to the Payment Account immediately prior to the related Payment Date in redemption of the Notes at their applicable Redemption Prices in accordance with the Priorities of Payments (see Condition 7(f) (*Redemption following Expiry of the Reinvestment Period*));

	<p>(k) in whole (with respect to all Classes of Notes) but not in part on any Business Day at the option of the Controlling Class or the Subordinated Noteholders, in each case acting by way of Extraordinary Resolution, following the occurrence of a Note Tax Event, subject to (i) the Issuer having failed to change the territory in which it is resident for tax purposes and (ii) certain minimum time periods (see Condition 7(g) (<i>Redemption following Note Tax Event</i>)); and</p> <p>(l) at any time following an acceleration of the Notes (see Condition 10(b) (<i>Acceleration</i>)).</p>
Non-Call Period.....	<p>During the period from the Issue Date up to, but excluding, the Payment Date falling in October 2019 (the “<b>Non-Call Period</b>”), the Notes are not subject to Optional Redemption (save for upon a Collateral Tax Event, a Note Tax Event or a Special Redemption). See Condition 7(b) (<i>Optional Redemption</i>), Condition 7(d) (<i>Special Redemption</i>) and Condition 7(g) (<i>Redemption following Note Tax Event</i>).</p>
Redemption Prices.....	<p>The Redemption Price of each Class of Rated Notes will be (a) 100 per cent. of the Principal Amount Outstanding of the Notes to be redeemed (including, in the case of the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes, any accrued and unpaid Deferred Interest on such Notes) (subject, in the case of an Optional Redemption of the Rated Notes in whole, to the right of Noteholders of 100 per cent. of the aggregate Principal Amount Outstanding of any Class of Rated Notes to elect to receive less than 100 per cent. of the Redemption Price that would otherwise be payable to the Noteholders of such Class of Rated Notes exercisable in accordance with Condition 7(b)(iv)(B) (<i>Terms and Conditions of an Optional Redemption</i>)) together with (i) any accrued and unpaid interest in respect thereof to the relevant day of redemption; and (ii) in respect of the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes, any Deferred Interest.</p> <p>The Redemption Price for each Subordinated Note will be its <i>pro rata</i> share (calculated in accordance with paragraph (CC) of the Interest Proceeds Priority of Payments, paragraph (T) of the Principal Proceeds Priority of Payments or paragraph (AA) of the Post-Acceleration Priority of Payments (as applicable)) of the aggregate proceeds of liquidation of the Collateral, or realisation of the security thereover in such circumstances, remaining following application thereof in accordance with the Priorities of Payments.</p>
Priorities of Payments.....	<p>Prior to the delivery of an Acceleration Notice in accordance with Condition 10(b) (<i>Acceleration</i>), the automatic acceleration of the Notes or following the delivery of an Acceleration Notice which has subsequently been rescinded and annulled in accordance with Condition 10(c) (<i>Curing of Default</i>), and other than in connection with an Optional Redemption in whole pursuant to Condition 7(b) (<i>Optional Redemption</i>) or Condition 7(g) (<i>Redemption following Note Tax Event</i>), Interest Proceeds will be applied in accordance with the Interest Proceeds Priority of Payments and Principal Proceeds will be applied in accordance with the Principal Proceeds Priority of Payments. Upon any redemption in whole of the Notes in accordance with Condition 7(b) (<i>Optional Redemption</i>) or in accordance with Condition 7(g) (<i>Redemption following Note Tax Event</i>) or following the delivery of an Acceleration Notice in accordance with Condition 10(b) (<i>Acceleration</i>) which has not</p>

been rescinded and annulled in accordance with Condition 10(c) (*Curing of Default*) or following the automatic acceleration of the Notes, Interest Proceeds and Principal Proceeds will be applied in accordance with the Post-Acceleration Priority of Payments, in each case as described in the Conditions.

**Collateral Management Fees**

Senior Collateral Management Fee..... 0.15 per cent. per annum (exclusive of any VAT) of the Collateral Principal Amount payable by the Issuer to the Collateral Manager (the “**Senior Collateral Management Fee**”).

Subordinated Collateral Management Fee..... 0.35 per cent. per annum (exclusive of any VAT) of the Collateral Principal Amount payable by the Issuer to the Collateral Manager (the “**Subordinated Collateral Management Fee**”).

Incentive Fee ..... After having met or exceeded the Incentive Management Fee IRR Threshold of 12 per cent., 20 per cent. (exclusive of any VAT) of any Interest Proceeds and Principal Proceeds that would otherwise be available to distribute to the Subordinated Noteholders, in accordance with the Priorities of Payments.

See “*Description of the Collateral Management and Administration Agreement – Compensation of the Collateral Manager*”.

**Security for the Rated Notes**

General ..... The Notes will be secured in favour of the Trustee for the benefit of the Secured Parties by security over a portfolio of Collateral Obligations. The Notes will also be secured by an assignment by way of security of various of the Issuer’s other rights, including its rights under certain of the agreements described herein but excluding its rights in respect of the Issuer Dutch Account and the Issuer Management Agreement.

**Hedge Arrangements**

General ..... The Issuer will not be permitted to enter into a Hedge Agreement to hedge interest rate risk and/or currency risk around or after the Issue Date unless (a) the Issuer (or the Collateral Manager on behalf of the Issuer) obtains legal advice from reputable legal counsel to the effect that the entry into such arrangements should not require any of the Issuer, its directors or officers or the Collateral Manager to register with the United States Commodity Futures Trading Commission as a commodity pool operator or a commodity trading advisor pursuant to the United States Commodity Exchange Act of 1936, as amended or (b) the Hedge Agreement Eligibility Criteria are satisfied (the “**Hedging Condition**”).

The ability of the Issuer or the Collateral Manager on its behalf to enter into Currency Hedge Transactions and therefore the ability of the Issuer or the Collateral Manager on its behalf to acquire Non-Euro Obligations, is subject to satisfaction of the Hedging Condition.

The Issuer will obtain Rating Agency Confirmation prior to entering into any hedging arrangements after the Issue Date unless

it is in a form previously approved by the Rating Agencies (a “**Form Approved Hedge**”).

**Collateral Manager**

General ..... Pursuant to the collateral management and administration agreement entered into between, among others, the Issuer, the Collateral Manager and the Collateral Administrator on or prior to the Issue Date (the “**Collateral Management and Administration Agreement**”), the Collateral Manager is required to act as the Issuer’s collateral manager with respect to the Portfolio and any Hedge Agreements, to act in specific circumstances in relation to the Portfolio and any Hedge Agreements on behalf of the Issuer and to carry out the duties and functions described therein. Pursuant to the Collateral Management and Administration Agreement, the Issuer delegates authority to the Collateral Manager to carry out certain functions in relation to the Portfolio and any Hedge Agreements without the requirement for specific approval by the Issuer, the Collateral Administrator or the Trustee. See “*Description of the Collateral Management and Administration Agreement*” and “*The Portfolio*”.

**Purchase of Collateral Obligations**

As of the Issue Date ..... The Issuer has committed to purchase Collateral Obligations the Aggregate Principal Balance of which equals approximately €265,000,000 (representing approximately 70 per cent. of the Target Par Amount).

Initial Investment Period ..... During the period from and including the Issue Date to but excluding the earlier of:

- (a) the date designated for such purpose by the Collateral Manager, subject to the Effective Date Determination Requirements having been satisfied; and
- (b) 29 March 2018,

(such earlier date, the “**Effective Date**” and, such period, the “**Initial Investment Period**”),

the Collateral Manager on behalf of the Issuer intends to purchase additional Collateral Obligations, subject to the Eligibility Criteria and certain other restrictions in order that the Aggregate Principal Balance thereof is at least equal to the Target Par Amount (provided that for the purposes of determining such Aggregate Principal Balance, any repayments or prepayments of Collateral Obligations subsequent to the Issue Date may be disregarded and the Principal Balance of a Collateral Obligation which is a Defaulted Obligation will be the lower of its S&P Collateral Value and its Moody’s Collateral Value).

Reinvestment in Collateral Obligations ..... Subject to the limits described in the Priorities of Payments and Principal Proceeds available from time to time, the Collateral Manager may at its discretion purchase Substitute Collateral Obligations meeting the Eligibility Criteria in accordance with the Reinvestment Criteria during the Reinvestment Period.

Following the expiry of the Reinvestment Period, only Unscheduled Principal Proceeds and Sale Proceeds from the sale of

	<p>Credit Risk Obligations and Credit Improved Obligations may be reinvested by the Issuer or the Collateral Manager, on behalf of the Issuer, in Substitute Collateral Obligations meeting the Eligibility Criteria and in accordance with the Reinvestment Criteria. See <i>“The Portfolio – Management of the Portfolio – Reinvestment of Collateral Obligations”</i>.</p>
Eligibility Criteria.....	<p>In order to qualify as a Collateral Obligation, an obligation must satisfy certain specified Eligibility Criteria. Each obligation shall only be required to satisfy the Eligibility Criteria at the time the Issuer (or the Collateral Manager, acting on behalf of the Issuer) enters into a binding commitment to purchase such obligation save for an Issue Date Collateral Obligation which must also satisfy the Eligibility Criteria on the Issue Date. See <i>“The Portfolio – Eligibility Criteria”</i>.</p>
Restructured Obligations .....	<p>In order for a Collateral Obligation which is the subject of a restructuring to qualify as a Restructured Obligation, such Collateral Obligation must satisfy the Restructured Obligation Criteria as at the applicable Restructuring Date. See <i>“The Portfolio – Restructured Obligations”</i>.</p>
Collateral Quality Tests .....	<p>The Collateral Quality Tests will comprise the following:</p> <p>For so long as any of the Rated Notes are rated by S&amp;P and are Outstanding:</p> <ul style="list-style-type: none"> <li>(a) (as of the Effective Date and until the expiry of the Reinvestment Period only) the S&amp;P CDO Monitor Test; and</li> <li>(b) the S&amp;P Minimum Weighted Average Recovery Rate Test.</li> </ul> <p>For so long as any of the Rated Notes are rated by Moody’s and are Outstanding</p> <ul style="list-style-type: none"> <li>(a) the Moody’s Minimum Diversity Test;</li> <li>(b) the Moody’s Maximum Weighted Average Rating Factor Test; and</li> <li>(c) the Moody’s Minimum Weighted Average Recovery Rate Test.</li> </ul> <p>For so long as any of the Rated Notes are Outstanding:</p> <ul style="list-style-type: none"> <li>(a) the Minimum Weighted Average Floating Spread Test;</li> <li>(b) the Minimum Weighted Average Coupon Test; and</li> <li>(c) the Weighted Average Life Test.</li> </ul>
Portfolio Profile Tests.....	<p>In summary, the Portfolio Profile Tests will consist of each of the following (the percentage requirements applicable to different types of Collateral Obligations specified in the Portfolio Profile Tests and summarily displayed in the table below shall be determined by reference to the Collateral Principal Amount):</p>

	<u>Minimum</u>	<u>Maximum</u>
(a) Secured Senior Loans or Secured Senior Bonds in aggregate (which shall include the Balance of the Principal Account and the Unused Proceeds Account (and Eligible Investments that represent Principal Proceeds in the Principal Account and the Unused Proceeds Account))	90 per cent.	N/A

(m) PIK Securities	N/A	5 per cent.

	<u>Minimum</u>	<u>Maximum</u>
(n) Cov-Lite Loans	N/A	25 per cent.
(o) Industry Classification	N/A	not more than 10.0 per cent. of the Collateral Principal Amount shall be obligations with Obligor that belong to any single S&P Industry Classification provided that one S&P Industry Classification may comprise up to 15.0 per cent. of the Collateral Principal Amount and two further S&P Industry Classifications may each comprise up to 12.0 per cent. of the Collateral Principal Amount
(p) Moody's Rating derived from an S&P rating	N/A	10 per cent.
(q) S&P Rating derived from a Moody's Rating	N/A	10 per cent.
(r) Domicile of Obligor 1	N/A	10 per cent. Domiciled in Non-Emerging Market Countries the local currency country risk ceiling rating by Moody's of which is below "Aa3" and no lower than "A3" unless Rating Agency Confirmation from Moody's is obtained
(s) Domicile of Obligor 2	N/A	10 per cent. Domiciled in Non-Emerging Market Countries rated below "A-" by S&P unless Rating Agency Confirmation from S&P is obtained
(t) Total Indebtedness of Obligor between €150,000,000 and €250,000,000	N/A	5 per cent.

For the purposes of the Portfolio Profile Tests, the Collateral Quality Tests, the Coverage Tests and the Reinvestment Overcollateralisation Test: (a) Collateral Obligations in respect of which a binding commitment has been made by the Issuer (or the Collateral Manager acting on behalf of the Issuer) to purchase such Collateral Obligations but such purchase has not been settled shall nonetheless be deemed to have been purchased; and (b) Collateral Obligations in respect of which a binding commitment has been made by the Issuer (or the Collateral Manager acting on behalf of the Issuer) to sell such Collateral Obligations but such sale has not yet been settled shall nonetheless be deemed to have been sold, provided however, that there shall also be deemed to have been made such debits and/or credits to the Accounts representing the purchase price to be paid and/or the Sale Proceeds to be received in respect of such deemed purchase and/or sale.

Coverage Tests ..... Each of the Par Value Tests and Interest Coverage Tests shall be satisfied on a Measurement Date in the case of (i) the Par Value Tests, on and after the Effective Date; and (ii) the Interest Coverage Tests on and after the Determination Date immediately preceding the second Payment Date, if the corresponding Par Value Ratio or Interest Coverage Ratio (as the case may be) is at least equal to the percentage specified in the table below in relation to that Coverage Test.

Class	Required Par Value
A/B	129.58 per cent.
C	120.68 per cent.
D	114.58 per cent.
E	107.71 per cent.
F	104.63 per cent.

  

Class	Required Interest Coverage Ratio
A/B	120.0 per cent.
C	110.0 per cent.
D	105.0 per cent.
E	101.0 per cent.

Reinvestment  
Overcollateralisation Test..... If, following the Effective Date and during the Reinvestment Period only, the Class F Par Value Ratio is less than 105.13 per cent. on the relevant Measurement Date, Interest Proceeds shall be applied to the payment to the Principal Account as Principal Proceeds for the acquisition of additional Collateral Obligations, in an amount equal to the lesser of (x) 50 per cent. of all remaining Interest Proceeds available for payment pursuant to paragraph (W) of the Interest Proceeds Priority of Payments and (y) the amount which, after giving effect to such payment, would be sufficient to cause the Reinvestment Overcollateralisation Test to be satisfied if recalculated immediately following such payment.

Authorised Denominations ..... The Rule 144A Notes of each Class will be issued in minimum denominations of €250,000 and integral multiples of €1,000 in excess thereof.

Form, Registration and

Transfer of the Notes .....

The Regulation S Notes of each Class will be issued in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof.

The Regulation S Notes of each Class will be represented on issue by beneficial interests in one or more Regulation S Global Certificates in fully registered form, without interest coupons or principal receipts, which will be deposited on or about the Issue Date with, and registered in the name of, a nominee of a common depository for Euroclear and Clearstream, Luxembourg. Beneficial interests in a Regulation S Global Certificate may at any time be held only through, and transfers thereof will only be effected through, records maintained by Euroclear or Clearstream, Luxembourg. See “*Form of the Notes*” and “*Book Entry Clearance Procedures*”. Interests in any Regulation S Note may not at any time be held by any U.S. Person or U.S. Resident.

The Rule 144A Notes of each Class sold in reliance on Rule 144A within the United States to persons and outside the United States to U.S. Persons, in each case, who are QIB/QPs may be represented on issue by beneficial interests in one or more Rule 144A Global Certificates in fully registered form, without interest coupons or principal receipts, which Rule 144A Global Certificates will be deposited on or about the Issue Date with, and registered in the name of, a nominee of a common depository for Euroclear and Clearstream, Luxembourg. Beneficial interests in a Rule 144A Global Certificate may at any time only be held through, and transfers thereof will only be effected through, records maintained by Euroclear or Clearstream, Luxembourg. See “*Form of the Notes*” and “*Book Entry Clearance Procedures*”.

The Rule 144A Global Certificates and Regulation S Global Certificates will bear a legend and such Rule 144A Global Certificates and Regulation S Global Certificates, or any interest therein, may not be transferred except in compliance with the transfer restrictions set out in such legend. See “*Transfer Restrictions*”.

No beneficial interest in a Rule 144A Global Certificate may be transferred to a person who takes delivery thereof through a Regulation S Global Certificate unless the transferor provides the Registrar with a written certification substantially in the form set out in the Trust Deed regarding compliance with certain of such transfer restrictions. Any transfer of a beneficial interest in a Regulation S Global Certificate to a person who takes delivery through an interest in a Rule 144A Global Certificate is also subject to certification requirements substantially in the form set out in the Trust Deed and each purchaser thereof shall be deemed to represent that such purchaser is a QIB/QP. In addition, interests in any of the Regulation S Notes may not at any time be held by any U.S. Person or U.S. Resident. See “*Form of the Notes*” and “*Book Entry Clearance Procedures*”.

Except in the limited circumstances described herein, Notes in definitive, certificated, fully registered form (“**Definitive Certificates**”) will not be issued in exchange for beneficial interests in either the Regulation S Global Certificates or the Rule 144A Global Certificates. See “*Form of the Notes – Exchange for Definitive Certificates*”.

	<p>Transfers of interests in the Notes are subject to certain restrictions and must be made in accordance with the procedures set forth in the Trust Deed. See “<i>Form of the Notes</i>”, “<i>Book Entry Clearance Procedures</i>” and “<i>Transfer Restrictions</i>”. Each purchaser of Notes in making its purchase will be required to make, or will be deemed to have made, certain acknowledgements, representations and agreements. See “<i>Transfer Restrictions</i>”. The transfer of Notes in breach of certain of such representations and agreements will result in affected Notes becoming subject to certain forced transfer provisions. See Condition 2(h) (<i>Forced Transfer of Rule 144A Notes</i>).</p>
<p>CM Voting Notes, CM Non-Voting Exchangeable Notes and CM Non-Voting Notes.....</p>	<p>The Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes may be in the form of CM Voting Notes, CM Non-Voting Exchangeable Notes or CM Non-Voting Notes.</p> <p>CM Voting Notes shall be exchangeable at any time upon request by the relevant Noteholder into CM Non-Voting Exchangeable Notes or CM Non-Voting Notes. CM Non-Voting Exchangeable Notes shall be exchangeable (a) upon request by the relevant Noteholder at any time into CM Non-Voting Notes or (b) into CM Voting Notes only in connection with the transfer of such Notes to an entity that is not an Affiliate of the transferor upon request of the relevant transferee or transferor and in no other circumstance. CM Non-Voting Notes shall not be exchangeable at any time into CM Voting Notes or CM Non-Voting Exchangeable Notes.</p> <p>The Registrar, in processing such transfers, shall have no liability to any Noteholder as to the compliance by such Noteholder with any legal or regulatory requirements applicable to such Noteholder.</p> <p>Notes held in the form of CM Non-Voting Exchangeable Notes or CM Non-Voting Notes shall not constitute or form part of the Controlling Class, shall not have any voting rights with respect to, and shall not be counted for the purposes of determining a quorum and the results of voting: (i) on any CM Removal Resolution; (ii) on any CM Replacement Resolution; or (iii) in respect of any assignment or delegation of any of the Collateral Manager’s rights or obligations under the Collateral Management and Administration Agreement. No Collateral Manager Notes shall be entitled to vote or be counted for the purposes of determining a quorum and the results of voting: (i) on any CM Removal Resolution or (ii) in respect of any assignment or delegation of any of the Collateral Manager’s rights or obligations under the Collateral Management and Administration Agreement. No Collateral Manager Notes shall be entitled to vote in respect of any CM Replacement for Cause Resolution or be counted for the purposes of determining a quorum or the result of voting in respect of such CM Replacement for Cause Resolution.</p>
<p>Governing Law .....</p>	<p>The Notes, the Trust Deed, the Collateral Management and Administration Agreement, the Agency Agreement and all other Transaction Documents (save for the Issuer Management Agreement and the Letter of Undertaking which are governed by the laws of The Netherlands) will be governed by English law.</p>

Retention Holder and U.S. Risk Retention Rules .....	The Retention Holder has informed the Issuer that it will purchase on the Issue Date 5 per cent. of the aggregate principal amount of each Class of Notes as an “eligible vertical interest” under the U.S. Risk Retention Rules. See “ <i>Credit Risk Retention</i> ”.

## RISK FACTORS

*An investment in the Notes of any Class involves certain risks, including risks relating to the Collateral securing such Notes and risks relating to the structure and rights of such Notes and the related arrangements. There can be no assurance that the Issuer will not incur losses or that investors will receive a return on their investments. Prospective investors should carefully consider the following factors, in addition to the matters set forth elsewhere in this Offering Circular, prior to investing in any Notes. Terms not defined in this section and not otherwise defined above have the meanings set out in Condition 1 (Definitions) of the “Terms and Conditions”.*

### 1. GENERAL

#### 1.1 General

It is intended that the Issuer will invest in loans, bonds and other financial assets with certain risk characteristics as described below and subject to the investment policies, restrictions and guidelines described in “*The Portfolio*”. There can be no assurance that the Issuer’s investments will be successful, that its investment objectives will be achieved, that the Noteholders will receive the full amounts payable by the Issuer under the Notes or that they will receive any return on their investment in the Notes. Prospective investors are therefore advised to review this entire Offering Circular carefully and should consider, among other things, the risk factors set out in this section before deciding whether to invest in the Notes. Except as is otherwise stated below, such risk factors are generally applicable to all Classes of Notes, although the degree of risk associated with each Class of Notes will vary in accordance with the position of such Class of Notes in the Priorities of Payments. See Condition 3(c) (*Priorities of Payments*). In particular, payments in respect of the Class A Notes are generally higher in the Priorities of Payments than those of the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes. None of the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Administrator, the Agents or the Collateral Manager undertakes to review the financial condition or affairs of the Issuer (or, in relation to the Sole Arranger, the Initial Purchaser and the Trustee or the Collateral Manager) during the life of the arrangements contemplated by this Offering Circular nor to advise any investor or potential investor in the Notes of any information coming to the attention of the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Manager, the Collateral Administrator or the other Agents which is not included in this Offering Circular.

#### 1.2 Suitability

Prospective purchasers of the Notes of any Class should ensure that they understand the nature of such Notes and the extent of their exposure to risk, that they have sufficient knowledge, experience and access to professional advisers to make their own legal, tax, regulatory, accounting and financial evaluation of the merits and risks of investment in such Notes and that they consider the suitability of such Notes as an investment in light of their own circumstances and financial condition and that of any accounts for which they are acting.

#### 1.3 Limited Resources of Funds to Pay Expenses of the Issuer

The funds available to the Issuer to pay its expenses on any Payment Date are limited as provided in the Priorities of Payments. In the event that such funds are not sufficient to pay the expenses incurred by the Issuer, the ability of the Issuer to operate effectively may be impaired, and it may not be able to defend or prosecute legal proceedings brought against it or which it might otherwise bring to protect its interests or be able to pay the expenses of legal proceedings against persons it has indemnified.

#### 1.4 Business and Regulatory Risks for Vehicles with Investment Strategies such as the Issuer’s

Legal, tax and regulatory changes could occur over the course of the life of the Notes that may adversely affect the Issuer. The regulatory environment for vehicles of the nature of the Issuer is evolving, and changes in regulation may adversely affect the value of investments held by the Issuer and the ability of the Issuer to obtain the leverage it might otherwise obtain or to pursue its investment and trading strategies. In addition, the securities and derivatives markets are subject to comprehensive statutory, regulatory and margin requirements. Certain regulators and self-regulatory organisations and exchanges are authorised to take extraordinary actions in the event of market emergencies. The regulation of transactions of a type similar to this transaction and derivative transactions and vehicles that engage in such transactions is an evolving area of law and is subject to modification by government and judicial action. The effect of any future regulatory change on the Issuer could be substantial and adverse.

## 1.5 Events in the CLO and Leveraged Finance Markets

Over the past several years, European financial markets have experienced volatility and have been adversely affected by concerns over economic contraction in certain EU member states (the “**Member States**”), rising government debt levels, credit rating downgrades and risk of default or restructuring of government debt. These events could cause bond yields and credit spreads to increase.

Many European economies continue to suffer from high rates of unemployment. This economic climate may have an adverse effect on the ability of consumers and businesses to repay or refinance their existing debt.

As discussed further in “*European Union and Euro Zone Risk*” below, it is possible that countries that have adopted the Euro could return to a national currency. The effect on a national economy as a result of it leaving the Euro is impossible to predict, but is likely to be negative. The exit of one or more countries from the Euro zone could have a destabilising effect on all European economies and possibly the global economy as well.

Significant risks for the Issuer and investors exist as a result of current economic conditions. These risks include, among others, (i) the likelihood that the Issuer will find it more difficult to sell any of its assets or to purchase new assets in the secondary market, (ii) the possibility that, on or after the Issue Date, the price at which assets can be sold by the Issuer will have deteriorated from their effective purchase price and (iii) the illiquidity of the Notes. These additional risks may affect the returns on the Notes to investors and/or the ability of investors to realise their investment in the Notes prior to their Maturity Date, if at all. In addition, the primary market for a number of financial products including leveraged loans has not fully recovered from the effects of the global credit crisis. As well as reducing opportunities for the Issuer to purchase assets in the primary market, this is likely to increase the refinancing risk in respect of maturing assets. Although there have recently been signs that the primary market for certain financial products is recovering, particularly in the United States of America, the impact of the economic crisis on the primary market may adversely affect the flexibility of the Collateral Manager to invest and, ultimately, reduce the returns on the Notes to investors.

Difficult macro-economic conditions may adversely affect the rating, performance and the realisation value of the Collateral. Default rates on loans and other investments may continue to fluctuate and accordingly the performance of many collateralised loan obligation (“**CLO**”) transactions and other types of investment vehicles may suffer as a result. It is also possible that the Collateral will experience higher default rates than anticipated and that performance will suffer.

The ability of the Issuer to make payments on the Notes can depend on the general economic climate and the state of the global economy. The business, financial condition or results of operations of the Obligor of the Collateral Obligations may be adversely affected by a deterioration of economic and business conditions. To the extent that economic and business conditions deteriorate or fail to improve, non-performing assets are likely to increase, and the value and collectability of the Collateral Obligations are likely to decrease. A decrease in market value of the Collateral Obligations would also adversely affect the Sale Proceeds that could be obtained upon the sale of the Collateral Obligations and could ultimately affect the ability of the Issuer to pay in full or redeem the Rated Notes, as well as the ability to make any distributions in respect of the Subordinated Notes.

Many financial institutions, including banks, continue to suffer from capitalisation issues in a regulatory environment which may increase the capital requirement for certain businesses. The bankruptcy or insolvency of a major financial institution may have an adverse effect on the Issuer, particularly if such financial institution is a grantor of a participation in an asset or is a hedge counterparty to a swap or hedge involving the Issuer, or a counterparty to a buy or sell trade that has not settled with respect to an asset. The bankruptcy or insolvency of another financial institution may result in the disruption of payments to the Issuer. In addition, the bankruptcy or insolvency of one or more additional financial institutions may trigger additional crises in the global credit markets and overall economy which could have a significant adverse effect on the Issuer, the Collateral and the Notes.

The global credit crisis and its consequences together with the perceived failure of the preceding financial regulatory regime, continue to drive legislation and regulators towards a restrictive regulatory environment, including the implementation of further regulation which affects financial institutions, markets, instruments and the bond market. Such additional rules and regulations could, among other things, adversely affect Noteholders as well as the flexibility of the Collateral Manager in managing and administering the Collateral. Increasing capital requirements and changing regulations may also result in some financial institutions exiting, curtailing or otherwise adjusting some trading, hedging or investment activities which may have effects on the liquidity of investments such as the Notes as well as the Collateral.

While it is possible that current conditions may improve for certain sectors of the global economy, there can be no assurance that the CLO, leveraged finance or structured finance markets will recover from an economic downturn at the same time or to the same degree as such other recovering sectors.

#### 1.6 Illiquidity in the collateralised debt obligation, leveraged finance and fixed income markets may affect the Noteholders

In previous years, events in the collateralised debt obligation (including CLO), leveraged finance and fixed income markets have resulted in substantial fluctuations in prices for leveraged loans and high-yield debt securities and limited liquidity for such instruments. No assurance can be made that conditions giving rise to similar price fluctuations and limited liquidity may not emerge following the Issue Date. During periods of limited liquidity and higher price volatility, the Issuer's ability to acquire or dispose of Collateral Obligations at a price and time that the Issuer deems advantageous may be severely impaired. As a result, in periods of rising market prices, the Issuer may be unable to participate in price increases fully to the extent that it is unable to acquire desired positions quickly; and the Issuer's inability to dispose fully and promptly of positions in declining markets may exacerbate losses suffered by the Issuer when Collateral Obligations are sold. Furthermore, significant additional risks for the Issuer and investors in the Notes may exist. Such risks include, among others, (i) the possibility that, after the Issue Date, the prices at which Collateral Obligations can be sold by the Issuer may deteriorate from their purchase price, (ii) the possibility that opportunities for the Issuer to sell its Collateral Obligations in the secondary market, including Credit Risk Obligations, Credit Improved Obligations, and Defaulted Obligations, may be impaired, and (iii) increased illiquidity of the Notes because of reduced secondary trading in CLO securities. These additional risks may affect the returns on the Notes to investors or otherwise adversely affect Noteholders.

#### 1.7 European Union and Euro Zone Risk

Investors should carefully consider how changes to the Euro zone may affect their investment in the Notes. Since the global economic crisis, the deterioration of the sovereign debt of several countries, together with the risk of contagion to other, more stable, countries, has continued to pose risks. This situation has also raised uncertainties regarding the stability and overall standing of the European Economic and Monetary Union and may result in changes to the composition of the Euro zone.

As a confidence building measure, the European Commission created the European Financial Stability Facility (the "EFSF") and the European Financial Stability Mechanism (the "EFSM") to provide funding to Eurozone countries in financial difficulties that seek such support. Subsequently, the European Council agreed that Euro zone countries would establish a permanent stability mechanism, the European Stability Mechanism (the "ESM"), to assume the role of the EFSF and the EFSM in providing external financial assistance to Euro zone countries which has been active since July 2013.

Despite these measures, concerns persist regarding the growing risk that other Euro zone countries could be subject to an increase in borrowing costs and could face an economic crisis similar to that of Cyprus, Greece, Italy, Ireland, Spain and Portugal, together with the risk that some countries could leave the Euro zone (either voluntarily or involuntarily, including as a result of an electoral decision to leave the European Union), and that the impact of these events on Europe and the global financial system could be severe which could have a negative impact on the Collateral.

Furthermore, concerns that the Euro zone sovereign debt crisis could worsen may lead to the reintroduction of national currencies in one or more Euro zone countries or, in more extreme circumstances, the possible dissolution of the Euro entirely. The departure or risk of departure from the Euro by one or more Euro zone countries and/or the abandonment of the Euro as a currency could have major negative effects on the Collateral (including the risks of currency losses arising out of redenomination and related haircuts on any affected assets), the Issuer and/or the Notes. Should the Euro dissolve entirely, the legal and contractual consequences for holders of Euro-denominated obligations would be determined by laws in effect at such time. These potential developments, or market perceptions concerning these and related issues, could adversely affect the value of the Notes.

#### 1.8 Referendum on the UK's EU Membership

On 23 June 2016, the UK held an advisory referendum with respect to its continued membership of the EU (the "Referendum"). The result of the Referendum was a vote in favour of leaving the EU. Whilst the result of the Referendum itself is clear, the next steps of the UK executive and UK Parliament and the reaction of the other

Member States to these steps is not. In particular, the format of the negotiation, negotiation positions of the participants and timeframe are uncertain, with any limited public statements subject to change.

Article 50 of the Treaty on European Union (“**Article 50**”) provides that a Member State which decides to withdraw from the EU is required to notify the European Council of its intention to do so.

The UK government gave notice of the UK’s intention to withdraw from the EU pursuant to Article 50 on 29 March 2017 (the “**Article 50 Notice**”), which has triggered the commencement of a negotiation process between the UK and the EU in respect of the arrangements for the UK’s withdrawal from the EU. Article 50 provides for a two year period for such negotiations to take place.

#### *Applicability of EU law in the UK*

Upon any withdrawal from the EU by the UK, and subject to agreement on (and the terms of) any future EU-UK relationship, EU laws (other than those EU laws transposed into English law (see below)) will cease to apply within the UK pursuant to the terms and timing of a future withdrawal agreement. This would be achieved by the UK ceasing to be party to the Treaty on European Union and the Treaty on the Functioning of the European Union, and by the parallel repeal of the European Communities Act 1972. The UK will cease to be a member of the EU from the date of entry into force of a withdrawal agreement or, if a withdrawal agreement has not been concluded, two years after the notification under Article 50 was served (such date being 29 March 2017), unless the European Council, in agreement with the UK, unanimously decides to extend this period. At this time it is not possible to state with any certainty what might be the terms and effective date of any withdrawal agreement or whether there would be any extension of the two year period. Until such date, EU law will remain in force in the UK.

It is at present unclear what type of relationship between the UK and the EU will be established, or at what date (whether by the time when, or after, the UK ceases to be a member of the EU), or what would be the content of such a relationship. It is possible that a new relationship would preserve the applicability of certain EU rules (or equivalent rules) in the UK. At this time it is not possible to state with any certainty to what extent that might be so.

Upon any withdrawal from the EU by the UK, and subject to agreement on (and the terms of) any future UK-EU relationship, EU law will cease to apply in the UK. However, many EU laws have been transposed into English law and these transposed laws will continue to apply until such time that they are repealed, replaced or amended. Over the years, English law has been devised to function in conjunction with EU law (in particular, laws relating to financial markets, financial services, prudential and conduct regulation of financial institutions, financial collateral, settlement finality and market infrastructure). As a result, depending on the terms of the UK’s exit from the EU, substantial amendments to English law may occur. Consequently, English law may change and it is impossible at this time to predict the consequences on the Portfolio or the Issuer’s business, financial condition, results of operations or prospects. Such changes could be materially detrimental to Noteholders.

#### *Regulatory Risk*

Currently, under the EU single market directives, mutual access rights to markets and market infrastructure exist across the EU and the mutual recognition of insolvency, bank recovery and resolution regimes applies. In addition, regulated entities licensed or authorised in one EEA jurisdiction may operate on a cross-border basis in other EEA countries without the need for a separate licence or authorisation. There is uncertainty as to how, following a UK exit from the EU or the EEA (whatever the form thereof), the existing passporting regime will apply (if at all). Depending on the terms of the UK’s exit and the terms of any replacement relationship, it is likely that, UK regulated entities may, on the UK’s withdrawal from the EU, lose the right to passport their services to EEA countries, and EEA entities may lose the right to reciprocal passporting into the UK. Also, UK entities may no longer have access rights to market infrastructure across the EU and the recognition of insolvency, bank recovery and resolution regimes across the EU may no longer be mutual.

There can be no assurance that the terms of the UK’s exit from the EU will include arrangements for the continuation of the existing passporting regime or mutual access rights to market infrastructure and recognition of insolvency, bank recovery and resolution regimes. Such uncertainty could adversely impact the Issuer and, in particular, the ability of third parties to provide services to the Issuer, and could be materially detrimental to Noteholders.

### *Market Risk*

Investors should be aware that the delivery of the Article 50 Notice and any subsequent negotiations, notifications, withdrawal and changes to legislation may introduce potentially significant new uncertainties and instabilities in the financial markets. These uncertainties and instabilities could have an adverse impact on the business, financial condition, results of operations and prospects of the Issuer, the Obligors, the Portfolio, the Collateral Manager and the other parties to the transaction and could therefore also be materially detrimental to Noteholders.

### *Exposure to Counterparties*

The Issuer will be exposed to a number of counterparties (including in relation to any Assignments, Participations and Hedge Transactions and also each of the Agents) throughout the life of the Notes. Investors should note that if the UK does withdraw from the EU, such counterparties may be unable to perform their obligations due to changes in regulation, including the loss of, or changes to, existing regulatory rights to do cross-border business in the EU or the costs of such transactions with such counterparties may increase. In addition, counterparties may be adversely affected by rating actions or volatile and illiquid markets (including currency markets and bank funding markets) arising from the result of the Referendum, thereby increasing the risk that such counterparties may become unable to fulfil their obligations. Such inability could adversely impact the Issuer and could be materially detrimental to Noteholders. For further information on counterparties, see “*Counterparty Risk*” below.

### *Ratings actions*

Following the result of the Referendum, S&P and Fitch have each downgraded the UK’s sovereign credit rating and each of S&P, Fitch and Moody’s has placed such rating on negative outlook, suggesting possible further negative rating action.

The credit rating of a country affects the ratings of entities operating in its territory, and in particular the ratings of financial institutions. Accordingly, the recent downgrades of the UK’s sovereign credit rating and any further downgrade action may trigger downgrades in respect of parties to the Transaction Documents. If a counterparty no longer satisfies the relevant Rating Requirement, the Transaction Documents may require that such counterparty be replaced with an entity that satisfies the relevant Rating Requirement. If rating downgrades are widespread, it may become difficult or impossible to replace counterparties with entities that satisfy the relevant Rating Requirement.

While the extent and impact of these issues are unknown, investors should be aware that they could have an adverse impact on the Issuer, its service providers, the payment of interest and repayment of principal on the Notes and therefore, the Noteholders. For further information, see “*Counterparty Risk*” below.

### 1.9 Third Party Litigation; Limited Funds Available

Investment activities such as the purchase, selling, holding and participation in voting or the restructuring of Collateral Obligations may subject the Issuer to the risks of becoming involved in litigation by third parties. This risk may be greater where the Issuer exercises control or significant influence over a company’s direction. The expense of defending claims against the Issuer by third parties (including bankruptcy or insolvency proceedings) and paying any amounts pursuant to settlements or judgments would, except in the unlikely event that that Issuer is indemnified for such amounts, be borne by the Issuer and would reduce the funds available for distribution and the Issuer’s net assets. The funds available to the Issuer to pay certain fees and expenses of the Trustee, the Collateral Administrator and for payment of the Issuer’s other accrued and unpaid Administrative Expenses are limited amounts available in accordance with the Priorities of Payments. If such funds are not sufficient to pay the expenses incurred by the Issuer, the ability of the Issuer to operate effectively may be impaired, and the Issuer may not be able to defend or prosecute legal proceedings that may be brought against it or that the Issuer might otherwise bring to protect its interests.

Additionally, if an investor in the Notes were to commence litigation relating to the disclosure in this Offering Circular under “*Credit Risk Retention*” below, such litigation would likely be instituted against the Issuer and any liability of the Issuer related thereto would be payable solely from the assets of the Issuer. Further, any award or recourse related thereto would be payable as “Administrative Expenses” solely from the Collateral Obligations and all other assets over which the Issuer has granted security to the Trustee for the benefit of the Noteholders and the other Secured Parties pursuant to the Trust Deed. If distributions on such assets are

insufficient to make payments on the Notes and such awards or recourse, no other assets (in particular, no assets of the Collateral Manager, the Retention Holder, the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Administrator or any affiliates of any of the foregoing) will be available for payment of the deficiency. Administrative Expenses of the Issuer are senior to other amounts owing by the Issuer. If the Issuer were required to pay any such amounts, it could reduce or eliminate the ability of the Issuer to make payments to the holders of the Notes.

## 2. REGULATORY INITIATIVES

In Europe, the U.S. and elsewhere there has been, and there continues to be is increased political and regulatory scrutiny of banks, financial institutions, “shadow banking entities” and the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold or trade asset-backed securities, and may thereby affect the liquidity of such securities.

This uncertainty is further compounded by the numerous regulatory efforts underway in Europe, the U.S. and globally. Certain of these efforts overlap. In addition, even where these regulatory efforts overlap, they generally have not been undertaken on a coordinated basis.

None of the Issuer, the Initial Purchaser, the Collateral Manager, the Trustee nor any of their respective affiliates makes any representation as to the proper characterisation of the Notes for legal investment, financial institution regulatory, financial reporting or other purposes, as to the ability of particular investors to invest in the Notes under applicable legal investment or other restrictions or as to the consequences of an investment in the Notes for such purposes or under such restrictions. All prospective investors in the Notes whose investment activities are subject to legal investment laws and regulations, regulatory capital requirements, or review by regulatory authorities should consult with their own legal, accounting and other advisors in determining whether, and to what extent, the Notes will constitute legal investments for them or are subject to investment or other regulatory restrictions, unfavourable accounting treatment, capital charges, reserve requirements or other consequences.

### 2.1 Basel III

The Basel Committee on Banking Supervision (“**BCBS**”) has approved significant changes to the Basel regulatory capital and liquidity framework (such changes being commonly referred to as “**Basel III**”) and has proposed certain revisions to the securitisation framework. Basel III provides for a substantial strengthening of existing prudential rules, including new requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio “backstop” for financial institutions and certain minimum liquidity standards (referred to as the Liquidity Coverage Ratio (“**LCR**”) and the Net Stable Funding Ratio (“**NSFR**”). BCBS member countries agreed to implement Basel III from 1 January 2013, subject to transitional and phase-in arrangements for certain requirements (for example, the LCR requirements referred to implementation from the start of 2015, with full implementation by January 2019, and the NSFR requirements referred to implementation from January 2018). As implementation of any changes to the Basel framework (including those made via Basel III) requires legislation in each jurisdiction, the final rules and the timetable for its implementation in each jurisdiction, as well as the treatment of asset-backed securities (for example, as LCR eligible assets or not), may be subject to some level of variation between jurisdictions. It should also be noted that changes to regulatory capital requirements have been introduced for insurance and reinsurance undertakings through jurisdiction specific initiatives, such as the Solvency II framework in the European Union.

Prospective investors should therefore make themselves aware of the changes and requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. The matters described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

### 2.2 EU Risk Retention and Due Diligence Requirements

Investors should be aware and in some cases are required to be aware of the risk retention and due diligence requirements in Europe (the “**EU Risk Retention and Due Diligence Requirements**”) which currently apply, or are expected to apply in the future, in respect of various types of EU regulated investors including institutions

for occupational retirement, credit institutions, authorised alternative investment fund managers, investment firms, insurance and reinsurance undertakings and UCITS funds. Amongst other things, such requirements restrict an investor who is subject to the EU Risk Retention and Due Diligence Requirements from investing in securitisations unless: (i) the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed that it will retain, on an on-going basis, a net economic interest of not less than five per cent. in respect of certain specified credit risk tranches or securitised exposures; and (ii) such investor is able to demonstrate that they have undertaken certain due diligence in respect of various matters including but not limited to its note position, the underlying assets and (in the case of certain types of investors) the relevant sponsor or originator. Failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital requirements, the imposition of a punitive capital charge on the Notes acquired by the relevant investor.

Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear. Though some aspects of the detail and effect of all of these requirements remain unclear, these requirements and any other changes to the regulation or regulatory treatment of securitisations or of the Notes for investors may negatively impact the regulatory position of individual holders. In addition such regulations could have a negative impact on the price and liquidity of the Notes in the secondary market.

Each investor should consult with its own legal, accounting, regulatory and other advisors and/or its regulator before committing to acquire any Notes to determine whether, and to what extent, the information set out in this Offering Circular and in any investor report provided in relation to the transaction is sufficient for the purpose of satisfying such requirements. Investors are required to independently assess and determine the sufficiency of such information. None of the Issuer, the Collateral Manager, the Sole Arranger, the Initial Purchaser, the Trustee, the Collateral Administrator, the other Agents, the Retention Holder, their respective Affiliates or any other Person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose or that the structure of the Notes and the transactions described herein are compliant with the EU Risk Retention and Due Diligence Requirements or any other applicable legal regulatory or other requirements and no such person shall have any liability to any prospective investor or any other person with respect to any deficiency in such information or any failure of the transactions contemplated hereby to comply with or otherwise satisfy such requirements. If a regulator determines that the transaction did not comply or is no longer in compliance with the EU Risk Retention and Due Diligence Requirements or any applicable legal, regulatory or other requirement, then investors may be required by their regulator to set aside additional capital against their investment in the Notes or take other remedial measures in respect of their investment in the Notes. In addition, such regulations could have a negative impact on the price and liquidity of the Notes in the secondary market.

On 30 September 2015, the European Commission (the “**Commission**”) published a proposal to amend the CRR (the “**CRR Amendment Regulation**”) and a proposed regulation relating to a European framework for simple, transparent and standardised securitisation (the “**STS Securitisation Regulation**”) which would, amongst other things, re-cast the EU risk retention rules as part of wider changes to establish a “Capital Markets Union” in Europe (together with the CRR Amendment Regulation, the “**Securitisation Regulations**”). The Council of the European Union (the “**Council**”) and the European Parliament proposed amendments to the Securitisation Regulations. The subsequent trilogue discussions between representatives of the Commission, the Council and the European Parliament, have resulted in a compromise agreement being reached on the contents of the Securitisation Regulations. The Council published the compromise texts of the Securitisation Regulations in communications dated 26 June 2017. However, the final forms of the Securitisation Regulations have not yet been published and so their final contents are not yet known. The current intention is that the Securitisation Regulations will only apply from 1 January 2019. Investors should be aware that there are likely to be material differences between the current EU Risk Retention and Due Diligence Requirements and those in the Securitisation Regulations. If any changes to the Conditions or the Transaction Documents are required as a result of the implementation of the Securitisation Regulations, the Issuer shall be required to bear the costs of making such changes. It should be noted that any Refinancing of the Notes or additional issuance of Notes in accordance with Condition 17 (*Additional Issuances*) may, if undertaken after the entry into force of the Securitisation Regulations, bring the transaction described herein within the scope of the Securitisation Regulations.

There can therefore be no assurances as to whether the transactions described herein will be affected by a change in law or regulation relating to the EU Risk Retention and Due Diligence Requirements (including the Securitisation Regulations), including as a result of any changes recommended in future reports or reviews. Investors should therefore make themselves aware of the EU Risk Retention and Due Diligence Requirements, the proposed Securitisation Regulations (and any corresponding implementing rules of their regulator), in

addition to any other regulatory requirements that are (or may become) applicable to them and/or with respect to their investment in the Notes.

With respect to the commitment of the Retention Holder to retain a material net economic interest in the securitisation, please see the statements set out in “*The Retention Holder and EU Retention Requirements*” below.

### 2.3 U.S. Risk Retention Rules

The final rules implementing the credit risk retention requirements of Section 941 of the Dodd-Frank Act (the “**U.S. Risk Retention Rules**”) generally apply to CLOs, unless an exemption is available. Pursuant to the U.S. Risk Retention Rules, the “sponsor” of a securitisation transaction (or majority-owned affiliate of the sponsor) is required, unless an exemption exists, to retain five per cent. of the credit risk of the assets collateralising the asset-backed securities (the “**Minimum Risk Retention Requirement**”). Under the U.S. Risk Retention Rules, a “sponsor” means a person who organises and initiates a securitisation transaction by selling or transferring assets, either directly or indirectly, including through an affiliate, to the issuing entity. The sponsor (or its “**majority-owned affiliate**”) is generally prohibited from directly or indirectly eliminating or reducing such credit risk by hedging or otherwise transferring the retained credit risk.

The U.S. Risk Retention Rules provide several permissible forms through which a sponsor can satisfy the Minimum Risk Retention Requirement, including retaining an eligible vertical interest consisting of not less than 5 per cent. of the principal amount of each class of asset-backed securities (“**ABS**”) issued in a securitisation transaction.

The Retention Holder will purchase an “eligible vertical interest” (as defined in the U.S. Risk Retention Rules) on the Issue Date and will retain the “eligible vertical interest” as long as required by the U.S. Risk Retention Rules. See “*Credit Risk Retention*” below.

The failure by the Collateral Manager and/or the Retention Holder to comply with the U.S. Risk Retention Rules may result in regulatory actions and other proceedings being brought against the Collateral Manager and/or the Retention Holder, which could result in the Collateral Manager and/or the Retention Holder being required, among other things, to pay damages, transfer interests and/or acquire additional Notes (which may or may not be available at such time for acquisition) or be subject to cease and desist orders or other regulatory action. As a result of any of the foregoing, the failure of the Collateral Manager and/or Retention Holder to comply with the U.S. Risk Retention Rules may have a material and adverse effect on the market value and/or liquidity of the Notes as well as on the business, condition (financial or otherwise), assets, operations or prospects of the Issuer and/or the Collateral Manager.

The U.S. Risk Retention Rules would apply to any additional Notes issued after the Issue Date or any Refinancing. In addition, the SEC has indicated in contexts separate from the U.S. Risk Retention Rules that an “offer” and “sale” of securities may arise when amendments to securities are so material as to require holders to make an “investment decision” with respect to such securities. Thus, if the SEC were to take a similar position with respect to the U.S. Risk Retention Rules, they could apply to material amendments to the Trust Deed and the Notes, to the extent such amendments require investors to make a new investment decision with respect to the Notes, including a re-pricing. There is no assurance that the Notes purchased by the Retention Holder on the Issue Date will be sufficient to satisfy the U.S. Risk Retention Rules in connection with any such additional issuance, Refinancing or re-pricing. As a result, the U.S. Risk Retention Rules may adversely affect the Issuer (and the performance and market value of the Notes) if the Issuer is unable to undertake any such additional issuance, Refinancing or other material amendment and may affect the liquidity of the Notes. Furthermore, no assurance can be given as to whether the U.S. Risk Retention Rules will have any material adverse effect on the business, financial condition or prospects of the Collateral Manager, the Issuer or the Noteholders.

The impact of the U.S. Risk Retention Rules on the loan securitisation market and the leveraged loan market generally continues to be uncertain, and any negative impact on secondary market liquidity for the Notes may be experienced immediately, due to effects of the rule on market expectations or uncertainty, the relative appeal of alternative investments not impacted by the rule or other factors. In addition, it is possible that the rule may reduce the number of collateral managers active in the market, which may result in fewer new issue CLOs and reduce the liquidity provided by CLOs to the leveraged loan market generally. A contraction or reduced liquidity in the loan market could reduce opportunities for the Collateral Manager to sell Collateral Obligations or to invest in Collateral Obligations when it believes it is in the interest of the Issuer to do so, which in turn could negatively impact the return on the Collateral and reduce the market value or liquidity of the Notes. Any

reduction in the volume and liquidity provided by CLOs in the leveraged loan market could also reduce opportunities to redeem or refinance the Notes.

The statements contained herein regarding the U.S. Risk Retention Rules are based on publicly available information solely as of the date of this Offering Circular. The ultimate interpretation as to whether any action taken by an entity complies with the U.S. Risk Retention Rules will be a matter of interpretation by the applicable governmental authorities or regulators. No assurance can be given that the U.S. Risk Retention Rules will not change or be superseded by changes in law. There is no established line of authority, precedent or market practice that provides guidance with respect to compliance with the U.S. Risk Retention Rules in connection with any actions of the Issuer after the rule becomes effective. Moreover, any applicable governmental authority or regulator could provide guidance or state views on compliance with the U.S. Risk Retention Rules that materially alter current interpretations or views with respect to the U.S. Risk Retention Rules. Any changes or further guidance may result in the Collateral Manager failing to comply with the U.S. Risk Retention Rules and have a material adverse effect on the Issuer and the Notes.

#### 2.4 Retention Financing

The Retention Holder intends to enter into financing arrangements in respect of the Retention Notes that it is required to acquire in order to comply with the EU Retention Requirements and/or the U.S. Risk Retention Rules (any such arrangements, the “**Retention Financing Arrangements**”) and in respect of any Retention Financing Arrangements, will either grant security over, or transfer title to, the Retention Notes in connection with such financing. If the collateral arrangements in respect of such Retention Financing Arrangements are by way of title transfer, the Retention Holder would retain the economic risk in the Retention Notes but not legal ownership of them. None of the Collateral Manager, the Retention Holder, any Agent, the Issuer, the Trustee, the Sole Arranger, the Initial Purchaser or any of their respective Affiliates makes any representation, warranty or guarantee that such Retention Financing Arrangements will comply with the EU Retention Requirements and/or the U.S. Risk Retention Rules. In particular, should the Retention Holder default in the performance of its obligations under the Retention Financing Arrangements, the lender or lenders thereunder would have the right to enforce the security granted by the Retention Holder, including effecting the sale or appropriation of some or all of the Retention Notes or, if the collateral arrangements in respect of such Retention Financing Arrangements are by way of title transfer, the Retention Holder would not be entitled to have the Retention Notes (or equivalent securities) returned to it. In exercising its rights pursuant to any Retention Financing Arrangements, any lender would not be required to have regard to the EU Retention Requirements and/or the U.S. Risk Retention Rules and any such sale or appropriation may therefore cause the transaction described in this Offering Circular to be non-compliant with the EU Retention Requirements and/or the U.S. Risk Retention Rules. See “*Certain Conflicts of Interest – Collateral Manager*”. Such Retention Financing Arrangements may involve the provision of financing by a third party lender.

The term of any Retention Financing Arrangements may be considerably shorter than the effective term of the Notes and separately, or as a result of other terms of the Retention Financing Arrangements may require the Retention Holder to repay or refinance the Retention Financing Arrangements whilst some or all Classes of Notes are Outstanding. If refinancing opportunities were limited at such time and the Retention Holder was unable to repay the retention financing from its own resources, the Retention Holder could be forced to sell some or all of the Retention Notes in order to obtain funds to repay the retention financing without regard to the EU Retention Requirements and/or the U.S. Risk Retention Rules, and such sales may therefore cause the transaction described in this Offering Circular to be non-compliant with the EU Retention Requirements and/or the U.S. Risk Retention Rules.

#### 2.5 European Market Infrastructure Regulation (EMIR)

The European Market Infrastructure Regulation EU 648/2012 (“**EMIR**”) and its various delegated regulations and technical standards impose a range of obligations on parties to “over-the-counter” (“**OTC**”) derivative contracts according to whether they are “financial counterparties” such as investment firms, alternative investment funds (see “*Alternative Investment Fund Managers Directive*” below), credit institutions and insurance companies, or other entities which are “non-financial counterparties” (or third country entities equivalent to “financial counterparties” or “non-financial counterparties”).

Financial counterparties (as defined in EMIR) will, depending on the identity of their counterparty, be subject to a general obligation to clear through a duly authorised or recognised central counterparty (the “**clearing obligation**”) all “eligible” OTC derivative contracts entered into with other counterparties subject to the clearing obligation. They must also report the details of all derivative contracts to a trade repository (the “**reporting**”).

**obligation**”), and undertake certain risk-mitigation techniques in respect of OTC derivative contracts which are not cleared by a central counterparty such as timely confirmation of terms, portfolio reconciliation and compression and the implementation of dispute resolution procedures (the “**risk mitigation obligations**”). Non-cleared OTC derivatives entered into by financial counterparties must also be marked to market and collateral must be exchanged (the “**margin requirement**”). To the extent that the Issuer becomes a financial counterparty, this may lead to a termination of the Hedge Agreements or restricting of their terms.

Non-financial counterparties (as defined in EMIR) are exempted from the clearing obligation and certain additional risk mitigation obligations (such as the posting of collateral) provided the gross notional value of all derivative contracts entered into by the non-financial counterparty and other non-financial entities within its “group”, excluding eligible hedging transactions, does not exceed certain thresholds (set per asset class of OTC derivatives). If the Issuer is considered to be a member of a “group” (as defined in EMIR) (which may, for example, potentially be the case if the Issuer is consolidated by a Noteholder as a result of such Noteholder’s holding of a significant proportion of the Subordinated Notes) and if the aggregate notional value of OTC derivative contracts entered into by the Issuer and any non-financial entities within such group exceeds the applicable thresholds, the Issuer would be subject to the clearing obligation, or if the relevant contract is not a type required to be cleared, to the risk mitigation obligations, including the margin requirement. If the Issuer exceeds the applicable thresholds and its swaps become subject to mandatory clearing, this may also lead to a termination of the Hedge Agreements.

Key details in respect of the clearing obligation and the margin requirement and their applicability to certain classes of OTC derivative contracts are to be provided through corresponding regulatory technical standards. Whilst regulatory technical standards have been published in respect of certain classes of OTC derivative contracts, others are yet to be proposed.

#### *Clearing obligation*

The regulatory technical standards governing the mandatory clearing obligation for certain classes of OTC derivative contracts which entered into force on 21 December 2015 specify that the clearing obligation in respect of interest rate OTC derivative contracts that are (i) basis swaps and fixed-to floating swaps denominated in euro, GBP, USD and Japanese Yen and (ii) forward rate agreements and overnight swaps denominated in euro, GBP and USD, in each case, would take effect on dates ranging from 21 June 2016 (for major market participants grouped under “Category 1”) to 21 December 2018 (for non-financial counterparties that are not AIFs grouped under “Category 4”).

#### *Margin requirements*

On 4 October 2016, the European Commission adopted regulatory technical standards on risk-mitigation techniques for OTC derivative contracts not cleared by a central clearing counterparty to the European Commission (the “**RTS**”). The RTS were published in the Official Journal on 15 December 2016 and entered into force on 4 January 2017.

The RTS detail the risk mitigation obligations and margin requirements in respect of non-cleared OTC derivatives as well as specify the criteria regarding intragroup exemptions and provide that the margin requirement will take effect on dates ranging, originally, from one month after the RTS enter into force (for certain entities with a non-cleared OTC derivative portfolio above €3 trillion) to 1 September 2020 (for certain entities with a non-cleared OTC derivative portfolio above €8 billion). The margin requirements apply to financial counterparties and non-financial counterparties above the clearing threshold and, depending on the counterparty, will require collection and posting of variation margin and, for the largest counterparties/groups, initial margin.

If the Issuer becomes subject to the clearing obligation or to the margin requirement, it is unlikely that it would be able to comply with such requirements, which would adversely affect the Issuer’s ability to enter into Hedge Transactions or significantly increase the cost thereof, negatively affecting the Issuer’s ability to acquire Non-Euro Obligations and/or hedge its interest rate risk. As a result of such increased costs, additional regulatory requirements and limitations on ability of the Issuer to hedge interest rate and currency risk, the amounts payable to Noteholders may be negatively affected as the Collateral Manager may be precluded from executing its investment strategy in full.

The Hedge Agreements may also contain early termination events which are based on the application of EMIR and which may allow the relevant Hedge Counterparty to terminate a Hedge Transaction upon the occurrence of

an adverse EMIR-related event. The termination of a Hedge Transaction in these circumstances may result in a termination payment being payable by the Issuer. See “*Hedging Arrangements*”.

The Conditions of the Notes allow the Issuer and oblige the Trustee without the consent of any of the Noteholders, to amend the Transaction Documents and/or the Conditions of the Notes to comply with the requirements of EMIR which may become applicable in future.

Prospective investors should be aware that the regulatory changes arising from EMIR may in due course significantly increase the cost of entering into derivative contracts (including the potential for non-financial counterparties such as the Issuer to become subject to marking to market and collateral posting requirements in respect of non-cleared OTC derivatives such as Currency Hedge Transactions and Interest Rate Hedge Transactions). These changes may adversely affect the Issuer’s ability to enter the currency hedge swaps and therefore the Issuer’s ability to acquire Non-Euro Obligations and/or manage interest rate risk. As a result of such increased costs and/or additional regulatory requirements, investors may receive significantly less or no interest or return, as the case may be as the Collateral Manager may not be able to execute its investment strategy as anticipated. Investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR in making any investment decision in respect of the Notes.

Prospective investors should also be aware that on 4 May 2017, the European Commission published its proposal for a Regulation amending EMIR as regards the clearing obligation, the suspension of the clearing obligation, the reporting requirements, the risk-mitigation techniques for OTC derivatives contracts not cleared by a central counterparty, the registration and supervision of trade repositories and the requirements for trade repositories (the “**Proposal**”). While the Proposal has to be approved by the Council and the Parliament, and its effective date is not yet certain, it contains several features which, if not modified, may impact the Issuer’s ability to enter into currency hedge swaps and/or its ability to acquire Non-Euro Obligations and/or manage interest rate risk as relating to the Notes. Under the Proposal, securitisation special purpose entities such as the Issuer will be classified as financial counterparties (“**FCs**”). FCs, (to be subject to a newly introduced clearing threshold per asset class for FCs), are subject to the clearing obligation under EMIR. While the clearing threshold is unlikely to be exceeded by the Issuer, an FC is subject to the margin rules for uncleared swaps as summarised under “*Margin requirements*” above. A requirement on the Issuer to post margin, as highlighted above, will adversely affect its ability to enter currency hedge swaps and its ability to acquire Non-Euro Obligations and/or manage interest rate risk.

## 2.6 Alternative Investment Fund Managers Directive

EU Directive 2011/61/EU on Alternative Investment Fund Managers (“**AIFMD**”) introduced authorisation and regulatory requirements for managers of alternative investment funds (“**AIFs**”). If the Issuer were to be considered to be an AIF within the meaning in AIFMD, it would need to be managed by a manager authorised under AIFMD (an “**AIFM**”). The Collateral Manager is not authorised under AIFMD but is authorised under EU Directive 2004/39/EC on Markets in Financial Instruments (“**MiFID**”). As the Collateral Manager is not permitted to be authorised under both AIFMD and MiFID, it will not be able to apply for an authorisation under AIFMD unless it gives up its authorisation under MiFID (in which case it may not be able to hold the retention as a “sponsor” as required under the EU Retention Requirements (see “*EU Risk Retention and Due Diligence Requirements*” above). If considered to be an AIF managed by an authorised AIFM, the Issuer would also be classified as an FC under EMIR and may be required to comply with clearing obligations and/or other risk mitigation techniques (including obligations to post margin to any central clearing counterparty or market counterparty) with respect to Hedge Transactions (under the Proposal, all AIFs will be FCs whether or not managed by an authorised AIFM). See also “*European Market Infrastructure Regulation (EMIR)*” above.

There is an exemption from the definition of AIF in AIFMD for “securitisation special purpose entities” (the “**SSPE Exemption**”). The European Securities and Markets Authority (“**ESMA**”) has not yet given any formal guidance on the application of the SSPE Exemption or whether a vehicle such as the Issuer would fall within it.

If the SSPE Exemption does not apply and the Issuer is considered to be an AIF, the Collateral Manager may not be able to continue to manage the Issuer’s assets, or its ability to do so may be impaired. As a result, implementation of the AIFMD may affect the return investors receive from their investment.

The Conditions of the Notes allow the Issuer and oblige the Trustee, without the consent of any of the Noteholders, to concur with the Issuer in the making of modifications to the Transaction Documents and/or the Conditions of the Notes to comply with the requirements of AIFMD which may become applicable at a future date.

## 2.7 U.S. Dodd-Frank Act

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “**Dodd-Frank Act**”) was signed into law on 21 July 2010. The Dodd-Frank Act represents a comprehensive change to financial regulation in the United States, and affects virtually every area of the capital markets. Implementation of the Dodd-Frank Act has required, and will continue to require, many lengthy rulemaking processes resulting in the adoption of a multitude of new regulations applicable to entities which transact business in the U.S. or with U.S. persons outside the U.S. The Dodd-Frank Act affects many aspects, in the U.S. and internationally, of the business of the Collateral Manager, including securitisation, proprietary trading, investing, creation and management of investment funds, OTC derivatives and other activities. While many regulations implementing various provisions of the Dodd-Frank Act have been finalised and adopted, some implementing regulations currently exist only in draft form and are subject to comment and revision, and still other implementing regulations have not yet been proposed. It is therefore difficult to predict whether and to what extent the businesses of the Collateral Manager and its subsidiaries and affiliates and the Issuer, will be affected by the Dodd-Frank Act as implementing regulations are finalised over time and come into effect.

The Securities and Exchange Commission (the “**SEC**”) proposed changes to Regulation AB (as defined under the Securities Act) under the Securities Act which would have had the potential to impose new disclosure requirements on securities offerings pursuant to Rule 144A under the Securities Act or pursuant to other SEC regulatory exemptions from registration. Such rules, if adopted, could have restricted the use of this Offering Circular or require the publication of a new offering circular in connection with the issuance and sale of any additional Notes or any Refinancing. On 27 August 2014, however, the SEC adopted final rules amending Regulation AB that did not implement these proposals, the SEC has indicated that it is continuing to consider amendments that were proposed with respect to Regulation AB but not adopted, and that further amendments may be forthcoming in the future. If such amendments are made to Regulation AB in the future, they may place additional requirements and expenses on the Issuer in the event of the issuance and sale of any additional notes, which expenses may reduce the amounts available for distribution to the Noteholders.

As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by the Dodd-Frank Act and the rules to be promulgated thereunder in making any investment decision in respect of the Notes. None of the Issuer, the Collateral Manager, the Initial Purchaser, the Trustee or the Sole Arranger makes any representation as to such matters.

## 2.8 CFTC Regulations

Pursuant to the Dodd-Frank Act regulators in the United States have promulgated and continue to promulgate a range of new regulatory requirements that may affect the pricing, terms and compliance costs associated with the entry into any Hedge Transaction by the Issuer and the availability of such Hedge Transactions. Some or all of the Hedge Transactions that the Issuer may enter into may be affected by (i) the requirement that certain swaps be centrally cleared and traded on a designated contract market or swap execution facility, (ii) initial or variation margin requirements of any central clearing organisation (with respect to cleared swaps) or initial or variation margin requirements with respect to uncleared swaps, (iii) swap reporting and recordkeeping obligations, and other matters. These new requirements may (x) significantly increase the cost to the Issuer and/or the Collateral Manager of entering into Hedge Transactions such that the Issuer may be unable to purchase certain types of Collateral Obligations, (y) have unforeseen legal consequences on the Issuer or the Collateral Manager or (z) have other material adverse effects on the Issuer or the Noteholders. Furthermore, regulations requiring the posting of variation margin on uncleared swaps entered into by entities such as the Issuer entered into effect in the United States on 1 March 2017. Hedge Transactions may be subject to such requirements, depending on the identity of the Hedge Counterparty. The Trust Deed does not permit the Issuer to post variation margin. Accordingly, the application of United States regulations to a Hedge Transaction or a proposed Hedge Transaction could have a material adverse effect on the Issuer’s ability to hedge its interest or currency rate exposure, or on the cost of such hedging.

## 2.9 Commodity Pool Regulation

The Issuer’s ability to enter into Hedge Transactions may cause the Issuer to be a “commodity pool” as defined in the United States Commodity Exchange Act, as amended (“**CEA**”) and the Collateral Manager to be a “commodity pool operator” (“**CPO**”) and/or a “commodity trading advisor” (a “**CTA**”), each as defined in the CEA in respect of the Issuer. The CEA, as amended by the Dodd-Frank Act, defines a “commodity pool” to include certain investment vehicles operated for the purpose of trading in “commodity interests” which includes swaps. CPOs and CTAs are subject to regulation by the CFTC and must register with the CFTC unless an

exemption from registration is available. Based on applicable CFTC interpretive guidance, the Issuer is not expected to fall within the definition of a “commodity pool” under the CEA and as such, the Issuer (or the Collateral Manager on the Issuer’s behalf) may enter into Hedge Agreements.

In the event that trading or entering into one or more Hedge Agreements would result in the Issuer’s activities falling within the definition of a “commodity pool”, the Collateral Manager may cause the Issuer to be operated in compliance with the exemption set forth in CFTC Rule 4.13(a)(3) for CPOs to pools whose interests are sold to qualifying investors pursuant to an exemption from registration under the Securities Act, and that limit transactions in commodity interests to the trading thresholds set forth in the Rule. Specifically, under CFTC Rule 4.13(a)(3), the Issuer would be required to limit transactions in commodity interests so that either (i) no more than 5 per cent. of the liquidation value of the Issuer’s assets is used as margin, premiums and required minimum security deposits to establish such positions, or (ii) the aggregate net notional value of the Issuer’s positions in commodity interests does not exceed 100 per cent. of the Issuer’s liquidation value. If the Collateral Manager elects to file for a registration exemption under CFTC Rule 4.13(a)(3), then unlike a CFTC-registered CPO, the Collateral Manager would not be required to deliver a CFTC-mandated disclosure document or a certified annual report to investors, or otherwise comply with the requirements applicable to CFTC-registered CPOs and CTAs. Utilising any such exemption from registration may impose additional costs on the Collateral Manager and the Issuer and may significantly limit the Collateral Manager’s ability to engage in hedging activities on behalf of the Issuer.

Notwithstanding the above, in the event that the CFTC guidance referred to above changes or the Issuer engages in one or more activities that might cause it to fall within the definition of a “commodity pool” under the CEA and no exemption from registration is available, registration of the Collateral Manager as a CPO or a CTA may be required before the Issuer (or the Collateral Manager on the Issuer’s behalf) may enter into any Hedge Agreement. Registration of the Collateral Manager as a CPO and/or a CTA could cause the Collateral Manager to be subject to extensive compliance and reporting requirements that would involve material costs which may be passed on to the Issuer. The scope of such compliance costs is uncertain but could adversely affect the amount of funds available to make payments on the Notes.

Further, if the Collateral Manager determines that additional Hedge Transactions should be entered into by the Issuer in excess of the trading limitations set forth in any applicable exemption from registration as a CPO and/or a CTA, the Collateral Manager may elect to withdraw its exemption from registration and instead register with the CFTC as the Issuer’s CPO and/or CTA. The costs of obtaining and maintaining these registrations and the related compliance obligations may be paid by the Issuer as Administrative Expenses. Such costs would reduce the amount of funds available to make payments on the Notes. These costs are uncertain and could be materially greater than the Collateral Manager anticipated when deciding to enter into the transaction and register as a CPO and/or a CTA. In addition, it may not be possible or advisable for the Collateral Manager to withdraw from registration as a CPO and/or a CTA after any relevant swap transactions terminate or expire. The costs of CPO and/or CTA registration and the ongoing CPO and/or CTA compliance obligations of the Collateral Manager could exceed, perhaps significantly, the financial risks that are being hedged pursuant to any Hedge Transaction.

Neither the CFTC nor the National Futures Association (the “NFA”) pass upon the merits of participating in a pool or upon the adequacy or accuracy of offering memoranda. Consequently, neither the CFTC nor the NFA has reviewed or approved this Offering Circular or any related subscription agreement.

## 2.10 Volcker Rule

Section 619 of the Dodd-Frank Act (the “**Volcker Rule**”) prevents “banking entities” (a term which includes affiliates of a U.S. banking organisation as well as affiliates of a foreign banking organisation that has a branch or agency office in the U.S., regardless of where such affiliates are located) from (i) engaging in proprietary trading in financial instruments, or (ii) acquiring or retaining any “ownership interest” in, or in sponsoring, a “covered fund,” subject to certain exemptions.

An “ownership interest” is defined widely and may arise through a holder’s exposure to the profits and losses of the “covered fund”, as well as through certain rights of the holder to participate in the selection or removal of an investment advisor, investment manager, or general partner, trustee, or member of the board of directors of the “covered fund”. A “covered fund” is also defined widely, and includes any issuer which would be an investment company under the Investment Company Act 1940 (the “ICA”) but is exempt from registration solely in reliance on section 3(c)(1) or 3(c)(7) of that Act, subject to certain exemptions found in the Volcker Rule’s implementing regulations.

It should be noted that a commodity pool as defined in the CEA (see “*Commodity Pool Regulation*” above) could, depending on which CEA exemption is used by such commodity pool or its commodity pool operator, also fall within the definition of a covered fund as described above.

The holders of any of the Class A Notes, the Class B-1 Notes, the Class B-2 Notes, the Class C Notes or the Class D Notes in the form of CM Non-Voting Exchangeable Notes or CM Non-Voting Notes are disenfranchised in respect of any CM Removal Resolution or CM Replacement Resolution. However, there can be no assurance that these features will be effective in resulting in instruments issued by the Issuer not being characterised as “ownership interests” in the Issuer.

If the Issuer is deemed to be a “covered fund”, the provisions of the Volcker Rule and its related regulatory provisions, will severely limit the ability of “banking entities” to hold an “ownership interest” in the Issuer or enter into certain credit related financial transactions with the Issuer. Any entity that is a “banking entity” as defined under the Volcker Rule and is considering an investment in “ownership interests” of the Issuer should consult its own legal advisors and consider the potential impact of the Volcker Rule in respect of such investment. If investment by “banking entities” in the Notes of any Class is prohibited or restricted by the Volcker Rule, this could impair the marketability and liquidity of such Notes.

No assurance can be made as to the effect of the Volcker Rule on the ability of certain investors subject thereto to acquire or retain an interest in the Notes. Each prospective investor in the Notes should independently consider the potential impact of the Volcker Rule in respect of any investment in the Notes. Investors should conduct their own analysis to determine whether the Issuer is a “covered fund” for their purposes.

None of the Issuer, the Collateral Manager, the Initial Purchaser, the Trustee or the Sole Arranger makes any representation regarding (i) the status of the Issuer under the Volcker Rule or (ii) the ability of any purchaser to acquire or hold the Notes, now or at any time in the future.

#### 2.11 Reliance on Rating Agency Ratings

The Dodd-Frank Act requires that federal banking agencies amend their regulations to remove reference to or reliance on credit agency ratings, including but not limited to those found in the federal banking agencies’ risk-based capital regulations. New regulations have been proposed but have not yet been fully implemented in all respects. When such regulations are fully implemented, investments in asset-backed securities like the Notes by such institutions may result in greater capital charges to financial institutions that own such securities, or otherwise adversely affect the treatment of such securities for regulatory capital purposes. Furthermore, all prospective investors in the Notes whose investment activities are subject to legal investment laws and regulations, regulatory capital requirements, or review by regulatory authorities should consult with their own legal, accounting and other advisors in determining whether, and to what extent, the Notes will constitute legal investments for them or are subject to investment or other regulatory restrictions, unfavourable accounting treatment, capital charges or reserve requirements.

#### 2.12 Flip Clauses

The validity and enforceability of certain provisions in contractual priorities of payments which purport to alter the priority in which a particular secured creditor is paid as a result of the occurrence of one or more specified trigger events, including the insolvency of such creditor (“**flip clauses**”), have been challenged recently in the English and U.S. courts on the basis that the operation of a flip clause as a result of such creditor’s insolvency breaches the “anti-deprivation” principles of English and U.S. insolvency law. This principle prevents a party from agreeing to a provision that deprives its creditors of an asset upon its insolvency.

The English Supreme Court has, in *Belmont Park Investments Pty Limited v BNY Corporate Trustee Services Limited and Lehman Brothers Special Financing Inc.* [2011] UKSC 38, upheld the validity of a flip clause contained in an English-law governed security document, stating that the anti-deprivation principle was not breached by such provisions.

In the U.S. courts, the U.S. Bankruptcy Court for the Southern District of New York in *Lehman Brothers Special Financing Inc. v. BNY Corporate Trustee Services Limited. (In re Lehman Brothers Holdings Inc.)*, Adv. Pro. No. 09-1242-JMP (Bankr S.D.N.Y. May 20, 2009) examined a flip clause contained in an indenture related to a swap agreement and held that such a provision, which seeks to modify one creditor’s position in a priority of payments when that creditor files for bankruptcy, is unenforceable under the U.S. Bankruptcy Code. Judge Peck also found that the Code’s safe harbour provisions, which protect certain contractual rights under swap

agreements, did not apply to the flip clause because the flip clause provisions were contained in the indenture, and not in the swap agreement itself. Judge Peck acknowledged that this has resulted in the U.S. courts coming to a decision “directly at odds with the judgement of the English Courts”. While BNY Corporate Trustee Services Ltd filed a motion for and was granted leave to appeal with the U.S. Bankruptcy Court, the case was settled before the appeal was heard.

On 28 June 2016, the U.S. Bankruptcy Court issued a decision in *Lehman Brothers Special Financing Inc. v. Bank of America National Association, et al. Case No. 10-3547 (In re Lehman Brothers Holdings Inc.)*, Chapter 11 Case No. 10-03547 (Bankr S.D.N.Y. June 208, 2016). In this decision, the court held that not all priority of payment provisions would be unenforceable ipso facto clauses under the U.S. Bankruptcy Code. Instead, the court identified two materially distinct approaches to such provisions. Where a counterparty’s automatic right to payment priority ahead of the noteholders is “flipped” or modified upon, for example, such counterparty’s default under the swap document, the court confirmed that such priority provisions were unenforceable ipso facto clauses. Conversely, the court held that priority provisions where no right of priority is established until after a termination event under the swap documents has occurred were not ipso facto clauses, and, therefore, fully enforceable. Moreover, even where the provisions at issue were ipso facto clauses, the Court found that they were nonetheless enforceable under the Code’s safe harbour provisions. Specifically, the Court concluded that priority of distribution was a necessary part of liquidation of a swap agreement, which the safe harbour provisions expressly protect. The Court effectively limited the analysis in the *BNY* case to instances where the flip provisions are only in an indenture, and do not constitute part of the swap agreement. This judgment highlights the difference in approach taken between U.S. and English law on this subject, although it significantly reduces the practical differences in outcome. Lehman filed a notice of appeal with regards to this decision on 6 February 2017. In addition, there remain several actions in the U.S. commenced by debtors of Lehman Brothers concerning the enforceability of flip clauses and this is likely to be an area of continued judicial focus particularly in respect of multi-jurisdictional insolvencies.

The flip clause examined in the *Belmont* case is similar in substance to the relevant provisions in the Priorities of Payments, however the context and manner of subordination which may be applied to a Hedge Counterparty in accordance with such provisions will not be identical; and the judgments in Belmont and subsequent litigation in which the same rule has been applied have noted that English law questions relating to the anti-deprivation principle will be determined on the basis of the particular terms at hand and their commercial context. As such, it is not necessarily settled that the particular flip clauses contained in the Priorities of Payments would certainly be enforceable as a matter of English law, in the case of insolvency of a Hedge Counterparty.

Moreover, if the Priorities of Payments are the subject of litigation in any jurisdiction outside England and Wales, in particular in the United States of America, and such litigation results in a conflicting judgment in respect of the binding nature of the Priorities of Payments, it is possible that termination payments due to the Hedge Counterparties would not be subordinated as envisaged by the Priorities of Payments and as a result, the Issuer’s ability to repay the Noteholders in full may be adversely affected. There is a particular risk of such conflicting judgments where a Hedge Counterparty is the subject of bankruptcy or insolvency proceedings outside England and Wales.

### 2.13 LIBOR and EURIBOR Reform

The London Interbank Offered Rate (“**LIBOR**”) has been reformed, with developments including:

- (a) the activities of administering a specified benchmark and of providing information in relation to a specified benchmark becoming regulated activities in the United Kingdom (LIBOR has been a specified benchmark since April 2013);
- (b) ICE Benchmark Administration Limited becoming the LIBOR administrator in place of the British Bankers’ Association in February 2014;
- (c) a reduction in the number of currencies and tenors for which LIBOR is calculated; and
- (d) the introduction of a LIBOR code of conduct for contributing banks.

ICE Benchmark Administration Limited intends to make further reforms to the submission methodology for LIBOR panel banks.

In a speech on 27 July 2017, Andrew Bailey, the Chief Executive of the FCA, announced the FCA’s intention to cease sustaining LIBOR from the end of 2021.

The FCA has statutory powers to compel panel banks to contribute to LIBOR where necessary. The FCA has decided not to ask, or to require, that panel banks continue to submit contributions to LIBOR beyond the end of 2021. The FCA has indicated that the current panel banks will voluntarily sustain LIBOR until the end of 2021. The FCA's intention is that after 2021, it will no longer be necessary for the FCA to persuade, or to compel, banks to submit to LIBOR. The FCA does not intend to sustain LIBOR through using its influence or legal powers beyond that date.

It is possible that the LIBOR administrator, ICE Benchmark Administration, and the panel banks could continue to produce LIBOR on the current basis after 2021, if they are willing and able to do so. However, the survival of LIBOR in its current form, or at all, is not guaranteed after 2021. If LIBOR does not survive in its current form or at all, this could adversely affect the value of, and amounts payable under, any Collateral Obligations which pay interest calculated with reference to LIBOR and therefore reduce amounts which may be available to the Issuer to pay Noteholders. Furthermore, the uncertainty as to whether LIBOR will survive in its current form or at all may lead to adverse market conditions, which may have an adverse effect on the amounts available to the Issuer to pay to Noteholders.

The Euro Interbank Offered Rate (for the purposes of this risk factor, "**EURIBOR**"), together with LIBOR, and other so-called "benchmarks" are the subject of reform measures by a number of international authorities and other bodies.

In the EU, in September 2013, the European Commission published a proposal for a regulation (the "**Benchmark Regulation**") on indices used as benchmarks in financial instruments and financial contracts. The Benchmark Regulation was published in the Official Journal of the EU on 29 June 2016 and entered into force on 30 June 2016. It is directly applicable law across the EU. The majority of its provisions will not, however, apply until 1 January 2018.

The Benchmark Regulation applies principally to "administrators" and also, in some respects, to "contributors" and certain "users" of "benchmarks", and will, among other things, (i) require benchmark administrators to be authorised (or, if non-EU-based, to be subject to an equivalent regulatory regime) and make significant changes to the way in which benchmarks falling within the scope of the Benchmark Regulation are governed (including reforms of governance and control arrangements, obligations in relation to input data, certain transparency and record-keeping requirements and detailed codes of conduct for contributors) and (ii) prevent certain uses of "benchmarks" provided by unauthorised administrators by supervised entities in the EU. The scope of the Benchmark Regulation is wide and, in addition to so-called "critical benchmark" indices, could also potentially apply to many interest rate and foreign exchange rate indices, equity indices and other indices (including "proprietary" indices or strategies) where used to determine the amount payable under or the value or performance of certain financial instruments traded on a trading venue, financial contracts and investment funds. By way of a European Commission Implementing Regulation published on 12 August 2016, EURIBOR was identified as a "critical benchmark" for the purposes of the Benchmark Regulation.

Benchmarks such as LIBOR or EURIBOR may be discontinued if they do not comply with the requirements of the Benchmark Regulation, or if the administrator of the benchmark either fails to apply for authorisation or is refused authorisation by its home regulator.

Potential effects of the Benchmark Regulation include (among other things):

- (a) an index which is a "benchmark" could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or, if based in a non-EU jurisdiction, the administrator is not otherwise recognised as equivalent; and
- (b) the methodology or other terms of the "benchmark" could be changed in order to comply with the terms of the Benchmark Regulation, and such changes could (among other things) have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level of the benchmark.

Investors should be aware that:

- (a) any of the international, national or other measures or proposals for reform or general increased regulatory scrutiny of "benchmarks" could have a material adverse effect on the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from

continuing to administer or participate in certain “benchmarks”, trigger changes in the rules or methodologies used in certain “benchmarks” or lead to the disappearance of certain “benchmarks”;

- (b) any of these changes or any other changes could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be;
- (c) if the applicable rate of interest on any Collateral Obligation is calculated with reference to a benchmark (or currency or tenor) which is discontinued:
  - (i) such rate of interest will then be determined by the provisions of the affected Collateral Obligation, which may include determination by the relevant calculation agent in its discretion; and
  - (ii) there may be a mismatch between the replacement rate of interest applicable to the affected Collateral Obligation and the replacement rate of interest the Issuer must pay under any applicable Hedge Agreement. This could lead to the Issuer receiving amounts from affected Collateral Obligations which are insufficient to make the due payment under the Hedge Agreement, and potential termination of the Hedge Agreement;
- (d) if any of the relevant EURIBOR benchmarks referenced in paragraph (A) of Condition 6(e)(i) (*Floating Rate of Interest*) is discontinued, interest on the Floating Rate Notes will be calculated under paragraph (B) of Condition 6(e)(i) (*Floating Rate of Interest*); and
- (e) the administrator of a relevant benchmark will not have any involvement in the Collateral Obligations or the Notes and may take any actions in respect of such benchmark without regard to the effect of such actions on the Collateral Obligations or the Notes (other than the Class B-2 Notes).

Any of the above or any other significant changes to EURIBOR or any other benchmark could have a material adverse effect on the value of, and the amount payable under (i) any Collateral Obligations which pay interest linked to a EURIBOR rate or other benchmark (as applicable), and (ii) the Notes (other than the Class B-2 Notes).

#### 2.14 Financial Transaction Tax

In February 2013 the European Commission published a proposal for a Council Directive implementing enhanced cooperation for a financial transaction tax (“**FTT**”) requested by Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain (the “**Participating Member States**”). However, on 16 March 2016, Estonia completed the formalities required to cease participation in the enhanced cooperation on FTT.

Under the Commission Proposal, the proposed FTT would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State or the financial instrument in which the parties are dealing is issued in a Participating Member State. The FTT may apply to both transaction parties where one of these circumstances applies. The FTT may also apply to dealings in the Collateral to the extent the Collateral constitutes financial instruments within its scope, such as bonds. In such circumstances, it is not possible to predict with certainty what effect the proposed FTT might have on the business of the Issuer, there will be no gross-up by any party to the transaction and amounts due to Noteholders may be adversely affected.

Certain aspects of the Commission Proposal are controversial and, while the Commission Proposal initially identified the date of introduction of the FTT across the Participating Member States as being 1 January 2014, this anticipated introduction date has been extended on several occasions due to disagreement among the Participating Member States regarding a number of key issues concerning the scope and application of the FTT.

On 10 October 2016, following a meeting of the Finance Ministers of the ten remaining Participating Member States, it was reported that an agreement in principle had been reached on certain key aspects of the FTT and that the EU Commission had consequently been asked to prepare draft FTT legislation on the basis of that agreement. However, the details of the FTT remain to be agreed. A written answer given by Pierre Moscovici in the European Parliament, speaking on behalf of the Commission on 28 April 2017, confirmed that negotiations between Participating Member States on the Commission’s proposal are continuing with a number of key areas still open for discussion, although the Commission’s intention was to assist Participating Member States

reaching a compromise agreement during the course of 2017. Accordingly, the date of implementation of the FTT remains uncertain.

Additional Member States may also decide to participate in the FTT. Prospective holders of the Notes are advised to seek their own professional advice in relation to any FTT and its potential impact on their dealings in the Notes before investing.

## 2.15 EU Bank Recovery and Resolution Directive

The EU Bank Recovery and Resolution Directive (2014/59/EU) (collectively with secondary and implementing EU rules, and national implementing legislation, the “**BRRD**”) equips national authorities in Member States (the “**Resolution Authorities**”) with tools and powers for preparatory and preventive measures, early supervisory intervention and resolution of credit institutions and significant investment firms (collectively, “**relevant institutions**”). If a relevant institution enters into an arrangement with the Issuer and is deemed likely to fail in the circumstances identified in the BRRD, the relevant Resolution Authority may employ such tools and powers in order to intervene in the relevant institution’s failure (including in the case of derivatives transactions, powers to close-out such transactions or suspend any rights to close-out such transactions). In particular, liabilities of relevant institutions arising out of the Transaction Documents or Underlying Instruments (for example, liabilities arising under Participations or provisions in Underlying Instruments requiring lenders to share amounts) not otherwise subject to an exception, could be subject to the exercise of “bail-in” powers of the relevant Resolution Authorities. It should be noted that certain secured liabilities of relevant institutions are excepted. If the relevant Resolution Authority decides to “bail-in” the liabilities of a relevant institution, then subject to certain exceptions set out in the BRRD, the liabilities of such relevant institution could, among other things, be reduced, converted or extinguished in full. As a result, the Issuer and ultimately, the Noteholders may not be able to recover any liabilities owed by such an entity to the Issuer. In addition, a relevant Resolution Authority may exercise its discretions in a manner that produces different outcomes amongst institutions resolved in different EU Member States. It should also be noted that similar powers and provisions are being considered in the context of financial institutions of other jurisdictions.

The European Commission adopted a set of draft regulatory technical standards in respect of the valuation of derivatives for the purposes of the BRRD on 23 May 2016. They were published in the Official Journal on 8 July 2016 and entered into force on 28 July 2016 and provide, among other things, that the relevant Resolution Authorities will have the power to terminate swap agreements (as part of the bail-in process) and to value the position thereunder. This will therefore limit any control the Issuer or the Trustee may have in respect of the valuation process, which may be detrimental to the Issuer and consequently, the Noteholders.

Resolution Authorities also have the right to amend certain agreements, under applicable laws, regulations and guidance (“**Stay Regulations**”), to ensure stays or overrides of certain termination rights. Such special resolution regimes (“**SRRs**”) vary from jurisdiction to jurisdiction, including differences in their respective implementation dates. In the UK, the Prudential Regulation Authority (“**PRA**”) has implemented rules (Appendix 1 to the PRA’s policy statement 25/15) which requires relevant institutions to ensure that the discretion of the PRA to temporarily suspend termination and security interests under the relevant SRR is respected by counterparties. Any applicable Stay Regulations may result in the Issuer not being able to immediately enforce liabilities owed by relevant institutions that are subject to “stays” under SRRs.

The resolution mechanisms under the BRRD correspond closely to those available to the Single Resolution Board (the “**SRB**”) and the European Commission under the single resolution mechanism provided for in Regulation (EU) No 806/2014 (the “**SRM Regulation**”). The SRM Regulation applies to participating Member States (including Member States outside the Eurozone that voluntarily participate through a close co-operation agreement). In such jurisdictions, the SRB will take on many of the functions that would otherwise be assigned to national Resolution Authorities by the BRRD. If a Member State outside the Eurozone (such as the UK) has chosen not to participate in the bank single supervisory mechanism, relevant institutions established in such Member State will not be subject to the SRM Regulation, but to the application of the BRRD by the Resolution Authorities. It is possible, on the specific facts of a case, that resolution plans and resolution decisions made by the SRB may differ from the resolution schemes that would have been applied by the Resolution Authorities. Therefore, the way in which a relevant institution is resolved and ultimately, the effect of any such resolution on the Issuer and the Noteholders may vary depending on the authority applying the resolution framework.

## 2.16 Anti-Money Laundering, Anti-Terrorism, Anti-Corruption, Bribery and Similar Laws May Require Certain Actions or Disclosures

Many jurisdictions have adopted wide-ranging anti-money laundering, economic and trade sanctions, and anti-corruption and anti-bribery laws, and regulations (collectively, the “**AML Requirements**”). Any of the Issuer, the Initial Purchaser, the Collateral Manager, the Trustee or the Agents could be requested or required to obtain certain assurances from prospective investors intending to purchase Notes and to retain such information or to disclose information pertaining to them to governmental, regulatory or other authorities or to financial intermediaries or engage in due diligence or take other related actions in the future. It is expected that the Issuer, the Initial Purchaser, the Collateral Manager and the Trustee will comply with AML Requirements to which they are or may become subject and to interpret such AML Requirements broadly in favour of disclosure. In addition, it is expected that each of the Issuer, the Initial Purchaser, the Collateral Manager and the Trustee intends to comply with applicable anti-money laundering and anti-terrorism, economic and trade sanctions, and anti-corruption or anti-bribery laws, and regulations of the United States and other countries, and will disclose any information required or requested by authorities in connection therewith. A Noteholder may also be obliged to provide information they may have previously identified or regarded as confidential to satisfy the Issuer AML Requirements.

## 2.17 CRA

### *CRA Regulation in Europe*

Regulation (EU) 462/2013 of the European Parliament and of the European Council amending Regulation EC 1060/2009 on credit rating agencies (“**CRA3**”) came into force on 20 June 2013. Article 8(b) of CRA3 requires issuers, sponsors and originators of structured finance instruments such as the Notes to make detailed disclosures of information relating to those structured finance instruments. The European Commission has adopted a delegated regulation, detailing the scope and nature of the required disclosure which disclosure reporting requirements became effective on 1 January 2017. Such disclosures are to be made via a website to be set up by ESMA. As yet, this website has not been set up, so issuers, originators and sponsors are currently unable to comply with Article 8(b). In their current form, the regulatory technical standards only apply to structured finance instruments for which a reporting template has been specified. Currently there is no template for CLO transactions but if a template for CLO transactions were to be published and the website for disclosure were to be set up by ESMA, the Issuer may incur additional costs and expenses to comply with such disclosure obligations. Such costs and expenses would be payable by the Issuer as Administrative Expenses. In accordance with the published compromise text of the proposed STS Securitisation Regulation, it is intended that Article 8(b) of CRA3 will be repealed, and that disclosure requirements will be governed thereafter by the requirements under the STS Securitisation Regulation. However, the final form of the STS Securitisation Regulation has not yet been published and so its final contents are not yet known.

Additionally, Article 8(c) of CRA3 has introduced a requirement that where an issuer or a related third party intends to solicit a credit rating of a structured finance instruments, it shall obtain two independent ratings for such instruments. Article 8(d) of CRA3 has introduced a requirement that where an issuer or a related third party intends to appoint at least two credit rating agencies to rate the same instrument, the issuer or a related third party shall consider appointing at least one rating agency having less than a 10 per cent. market share among agencies capable of rating that instrument. The Issuer intends to have two rating agencies appointed and in a board meeting held on 20 October 2017, the Managing Directors considered the need to appoint such rating agencies in accordance with CRA3. The Issuer does not make any representation as to market share of either agency, and any consequences for the Issuer, related third parties and investors if an agency does not have a less than 10 per cent. market share are not specified. Investors should consult their legal advisors as to the applicability of CRA3 and any consequence of non-compliance in respect of their investment in the Notes.

## 2.18 Action Plan on Base Erosion and Profit Shifting

At a meeting in Paris on 29 May 2013, the Organisation for Economic Co-operation and Development (“**OECD**”) Council at Ministerial Level adopted a declaration on base erosion and profit shifting urging the OECD’s Committee on Fiscal Affairs to develop an action plan to address base erosion and profit shifting in a comprehensive manner. In July 2013, the OECD launched an Action Plan on Base Erosion and Profit Shifting (“**BEPS**”), identifying fifteen specific actions to achieve this. Subsequently, the OECD published discussion papers and held public consultations in relation to those actions, also publishing interim reports, analyses and sets of recommendations in September 2014 for seven of the actions. On 5 October 2015, the OECD published final reports, analyses and sets of recommendations for all of the fifteen actions it identified as part of its Action

Plan, which G20 finance ministers then endorsed during a meeting on 8 October 2015 in Lima, Peru (the “**Final Report**”). The Final Report was endorsed by G20 Leaders during their annual summit on 15-16 November 2015 in Antalya, Turkey.

#### *Action 4*

In the Final Report relating to Action 4, the OECD recommends as a best practice that countries introduce a general limitation on tax deductions for net interest and economically equivalent payments under which, broadly speaking, a company would be denied those deductions to the extent they exceeded a particular percentage of the company’s EBITDA ranging from 10 to 30 per cent.

The OECD recommends that, as a minimum, countries would apply this restriction to companies that form part of domestic and multinational groups only, or to companies that form part of multinational groups. However, the OECD acknowledges that countries may also apply such restriction more broadly to include companies in a domestic group and standalone companies which are not part of a domestic group.

However, the restriction recommended would only apply to tax deductions for net interest and economically equivalent payments. As a result, since the Issuer will generally fund interest payments it makes under the Notes from interest payments to which it is entitled under Collateral Obligations (that is, such that Issuer pays limited or no net interest), the restriction may be of limited relevance to the Issuer even if The Netherlands chose to apply such a restriction to companies such as the Issuer.

#### *Action 6*

The focus of one of the actions (Action 6) is the prevention of treaty abuse by developing model treaty provisions to prevent the granting of treaty benefits in inappropriate circumstances. The Final Report recommends, as a minimum, that countries should include in their tax treaties: (i) an express statement that the common intention of each contracting state which is party to such treaties is to eliminate double taxation without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance; and one, or both, of (ii) a “limitation-on-benefits” (“**LOB**”) rule; and (iii) a “principal purposes test” (“**PPT**”) rule.

The PPT rule could deny a treaty benefit (such as a reduced rate of withholding tax) if it is reasonable to conclude, having regard to all facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in those circumstances would be in accordance with the object and purpose of the relevant provisions of the treaty. It is unclear how a PPT, if adopted, would be applied by the tax authorities of those jurisdictions from which payments are made to the Issuer.

In contrast, the LOB rule has a more objective focus. More particularly, the OECD has included both a detailed and simplified version of the LOB rule in its Final Report relating to Action 6, albeit recommending in the related commentary to the LOB rule that the simplified version of the LOB rule should be included in a double tax treaty in combination with a PPT rule. The more detailed version of the LOB provision would limit the benefits of treaties, in the case of companies and in broad terms, to: (i) certain publicly listed companies and their affiliates; (ii) certain not-for-profit organisations and companies which carry on a pensions business; (iii) companies owned by a majority of persons who would be eligible for treaty benefits provided that the majority of the company’s gross income is not paid to a third country in a tax deductible form; (iv) companies engaged in the active conduct of a trade or business (other than of making or managing investments); (v) companies which were not established in a particular jurisdiction with a principal purpose of obtaining treaty benefits; and (vi) certain collective investment vehicles (“**CIVs**”). The simplified version of the LOB provision would limit these benefits to companies in similar but, generally speaking, less prescriptive circumstances. The ability to claim treaty benefits under (v) above, however, would be included in both versions, albeit that it would require a company to apply to the tax authorities of the other contracting state for the granting of that benefit.

Whilst the Final Report makes provision for the inclusion of a CIV as a “qualified person” for the purposes of the LOB rule, the Final Report does not include specific provision for non-CIVs, such as the Issuer. In the Final Report, the OECD acknowledges the economic importance of non-CIV funds and the need to grant such vehicles treaty benefits where appropriate. Further work on the treaty benefits to be afforded to non-CIV funds has continued to be undertaken including the publication on 24 March 2016 by OECD of a public discussion draft document on the entitlement of non-CIV funds to treaty benefits and the publication on 6 January 2017 of a further discussion document detailing examples of transactions featuring non-CIVs.

The Multilateral Instrument (see further below) presents the PPT rule as the default option for countries wishing to modify their tax treaties to comply with the minimum standard of Action 6, while also permitting countries to supplement the PPT rule by choosing to apply a simplified LOB rule. The Multilateral Instrument does not include a detailed LOB rule but rather allows relevant countries who wish to incorporate a detailed LOB rule to opt out of the PPT rule and instead agree to endeavour to reach a bilateral agreement on such a detailed LOB rule. The Multilateral Instrument does not, however, address non-CIV funds and their access to treaty benefits in the context of a LOB rule.

#### *Action 7*

The focus of another action point (Action 7) was to develop changes to the treaty definition of a permanent establishment and the scope of the exemption for an “agent of independent status” to prevent the artificial avoidance of having a permanent establishment in a particular jurisdiction. The Final Report on Action 7 sets out the changes that will be made to the definition of a “permanent establishment” in Article 5 of the OECD Model Convention and the OECD Model Commentary. Among other recommendations, the Final Report on Action 7 recommended two specific changes to the OECD Model Convention: (i) the expansion of the circumstances in which a “permanent establishment” is created to include the negotiation of contracts where certain conditions are satisfied; and (ii) narrowing the exemption for agents of independent status where contracts are concluded by an “independent agent” and that agent is connected to the foreign enterprise on behalf of which it is acting.

As noted below, whether the Issuer will be subject to UK corporation tax may depend on, among other things, whether the Collateral Manager is regarded as an agent of independent status acting in the ordinary course of its business for the purpose of Article 5(6) of the UK/The Netherlands double tax treaty. As at the date of this Offering Circular, it is expected that, taking into account the nature of the Collateral Manager’s business and the terms of its appointment and its role under the Collateral Management and Administration Agreement, the Collateral Manager will be regarded as an agent of independent status, acting in the ordinary course of its business, or be able to rely on the UK’s investment manager exemption for these purposes. However, it is not clear what impact the Final Report relating to Action 7 will have on the UK/The Netherlands double tax treaty and the above analysis, principally because it is not clear to what extent (and on what timeframe) particular jurisdictions (such as the UK and The Netherlands) will decide to adopt any of the Final Report’s recommendations. The recommendations of the Final Report on Action 7 described above do not represent a BEPS “minimum standard” and, accordingly, even where countries do sign the Multilateral Instrument (see further below), they will not be required, but may opt, to amend their existing tax treaties to include the recommendations of the Final Report.

#### *Implementation of the recommendations in the Final Report*

The OECD Action Plan noted the need for a swift implementation of any measures which are finally decided upon and suggested that Actions 6 and 7, among others, could be implemented by way of multilateral instrument, rather than by way of negotiation and amendment of individual tax treaties.

Subsequently, therefore, on 24 November 2016, the OECD published the text and explanatory statement of the “Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting”, developed by an ad hoc group of 99 countries which included Ireland and the UK (the “**Multilateral Instrument**”). The Multilateral Instrument is to be applied alongside existing tax treaties (rather than amending them directly), modifying the application of those existing treaties in order to implement BEPS measures. The first high-level signing ceremony for the Multilateral Instrument took place on 7 June 2017. The United Kingdom and The Netherlands signed the Multilateral Instrument with both countries indicating that the double tax treaty entered into between the United Kingdom and The Netherlands is to be designated as a Covered Tax Agreement (“CTA”), being a tax treaty that is to be modified by the Multilateral Instrument. The United Kingdom and The Netherlands have submitted their preliminary lists of reservations and notifications. However, the definitive positions of the United Kingdom and The Netherlands will be provided upon the deposit of its instrument of ratification, acceptance or approval of the Multilateral Instrument. The OECD Frequently Asked Question on the Multilateral Instrument dated June 2017 notes that the PPT is expected to apply to all treaties covered by the Multilateral Instrument.

Accordingly, at least some of the recommendations of the Final Reports on Actions 6 and 7 may be applied to existing tax treaties in a relatively short time. However, the Multilateral Instrument generally allows participating countries to opt in or out of various measures which are not a BEPS “minimum standard”. It remains to be seen, therefore, precisely which options participating countries will choose and, as the Final

Report on Action 6 observed, there are various reasons why countries may not implement the proposed amendments in an identical manner and/or to the same extent.

In particular it remains to be seen what specific changes will be made to the UK/The Netherlands double tax treaty and any other double tax treaty on which the Issuer may rely (for example, in receiving interest from an overseas borrower at a potentially reduced rate of withholding tax under an applicable double tax treaty). A change in the application or interpretation of these double tax treaties (as a result of the adoption of the recommendations of the Final Report by way of the Multilateral Instrument or otherwise) might result in the Issuer being treated as having a taxable permanent establishment outside of The Netherlands, in denying the Issuer the benefit of The Netherlands' network of double tax treaties or in other tax consequences for the Issuer. In each case, this could have a material adverse effect on the Issuer's business, tax and financial position.

## 2.19 EU Anti-Tax Avoidance Directive and EU Anti-Tax Avoidance Directive 2

As part of its anti-tax avoidance package the EU Commission published a draft Anti-Tax Avoidance Directive on 28 January 2016, which was formally adopted by the EC Council on 12 July 2016 in Council Directive (EU) 2016/1164 (the "**Anti-Tax Avoidance Directive**"). The Anti-Tax Avoidance Directive must be implemented by each Member State by 2019, subject to derogations for Member States which have equivalent measures in their domestic law. Amongst the measures contained in the Anti-Tax Avoidance Directive is an interest deductibility limitation rule similar to the recommendation contained in the BEPS Action 4 proposals. The Anti-Tax Avoidance Directive provides that interest costs in excess of the higher of (a) EUR 3,000,000 or (b) 30% of an entity's earnings before interest, tax, depreciation and amortisation will not be deductible in the year in which they are incurred but would remain available for carry forward. However, the restriction on interest deductibility would only be in respect of the amount by which the borrowing costs exceed "interest revenues and other equivalent taxable revenues from financial assets". Accordingly, as the Issuer will generally fund interest payments it makes under the Notes from interest payments to which it is entitled under Collateral Obligations (that is such that the Issuer pays limited or no net interest), the restriction may be of limited relevance to the Issuer even if the Anti-Tax Avoidance Directive were implemented as originally published. There is also a carve out in the Anti-Tax Avoidance Directive for financial undertakings, although as currently drafted the Issuer would not be treated as a financial undertaking. The European Commission is also pursuing other initiatives, such as the introduction of a common corporate tax base, the impact of which, if implemented, is uncertain. On 21 February 2017, the Economic and Financial Affairs Council of the European Union agreed an amendment to the Anti-Tax Avoidance Directive to provide for minimum standards for counteracting hybrid mismatches involving EU Member States and third countries ("**Anti-Tax Avoidance Directive 2**"). Anti-Tax Avoidance Directive 2 requires EU Member States to either delay deduction of payments, expenses or losses or include payments as taxable income, in case of hybrid mismatches. Anti-Tax Avoidance Directive 2 needs to be implemented in the EU Member States' national laws and regulations by 31 December 2019 and will have to apply as of 1 January 2020, except for the provision on reverse hybrid mismatches for which implementation can be postponed to 31 December 2021, and will apply as of 1 January 2022.

## 2.20 Taxation Implications of Contributions

A Subordinated Noteholder may, in certain circumstances, provide the Issuer with cash by way of a Reinvestment Amount in accordance with Condition 7(k) (*Reinvesting Noteholders*). Subordinated Noteholders may become subject to taxation in relation to the making of a Reinvestment Amount. Subordinated Noteholders are responsible for any and all taxation liabilities that may be applicable in such circumstances. Subordinated Noteholders should consult their own tax advisers as to the tax treatment to them of making a Reinvestment Amount in accordance with Condition 7(k) (*Reinvesting Noteholders*).

## 2.21 Diverted Profits Tax

The Finance Act 2015 introduced a new tax in the United Kingdom called the "diverted profits tax" which is charged at 25 per cent. of any "taxable diverted profits". The tax has effect from 1 April 2015 and may apply in circumstances including where arrangements are designed to ensure that a non-UK resident company does not carry on a trade in the United Kingdom through a permanent establishment, the non-resident company supplies goods, services or other property in the course of that non-resident company's trade and it is reasonable to assume that arrangements are in place the main purpose or one of the main purposes of which is to avoid United Kingdom corporation tax.

The basis upon which HM Revenue & Customs will apply the diverted profits tax in practice remains uncertain, although it should be noted that there are specific exemptions for United Kingdom investment managers who

enter into transactions on behalf of certain overseas persons and in respect of which the investment manager exemption would apply and a general exemption where the activities of the non-UK resident company in the United Kingdom are carried out by an agent of independent status which is not connected to such non-UK resident company.

## 2.22 Imposition of unanticipated Taxes on Issuer

No Danish VAT should be payable on the Collateral Management Fees on the basis of article 44 of Council Directive 2006/112/EC on the Common System of Value Added Tax (the “**VAT Directive**”), which provides that the place of supply of services to a taxable person acting as such shall be the place where that person has established his business. Provided the Issuer has no fixed establishment in Denmark, the place of supply from a VAT perspective is presumed to be The Netherlands.

The Issuer has been advised that under current Dutch law, the Collateral Management Fees should be exempt from VAT in The Netherlands provided that this fee is paid as a consideration for collective portfolio management services rendered to a “special investment fund” for the purposes of article 11(1)(i)(3) of the Dutch VAT act. This exemption is based upon Article 135(1)(g) of the VAT Directive, which provides that Member States shall exempt the management of “special investment funds” as defined by Member States.

On 9 December 2015, the ECJ handed down its judgment in the case of *Staatssecretaris van Financiën v Fiscale Eenheid X NV cs C 595/13* (the “**Fiscale Eenheid Case**”) which concerned whether a Dutch real estate fund qualified as a “special investment fund” under the VAT Directive. The Court decided that the power accorded to Member States to define the meaning of “special investment funds” must be exercised consistently with the objectives pursued by the VAT Directive and with the principle of “fiscal neutrality”, and accordingly that the following are “special investment funds”: (i) funds which constitute undertakings for collective investment in transferable securities within the meaning of the UCITS Directive and (ii) funds which, without being collective investment undertakings within the meaning of the UCITS Directive, display features that are sufficiently comparable for them to be in competition with such undertakings—in particular that they are subject to specific State supervision under national law (as opposed to under the UCITS Directive). The Court did not answer the question of whether the fund the subject of its decision constituted a “special investment fund”, including the question of whether the fund was subject to “specific State supervision”, leaving this to the national court to determine. On 25 November 2016, the Dutch Supreme Court referred the *Fiscale Eenheid Case* to a Dutch court of appeal to decide on this concept of “specific state supervision”.

Accordingly, there is a risk that the Issuer may not qualify as a “special investment fund” under the VAT Directive and/or the Dutch VAT act. Generally, Dutch collateralised loan obligation vehicles have the benefit of a tax ruling from the Dutch tax authorities (which pre-dates the *Fiscale Eenheid Case*), confirming that the relevant VAT exemption can be applied for collateral management services to Dutch collateralised loan obligation vehicles. The Issuer has filed registration, as required to benefit from this tax ruling, with the Dutch tax authorities. There is a risk that following the *Fiscale Eenheid Case*, the registration may be refused by the designated tax inspector, the tax ruling may be revoked or otherwise terminated and as a result thereof cease to be applicable.

The Issuer is not presently aware of any notification that, in light of the *Fiscale Eenheid Case*, the Dutch tax authorities intend to change their interpretation of the scope of the relevant VAT exemption in the Dutch VAT act or change their practice in respect of the application of this exemption in the context of collateralised loan obligation structures, but there is a risk that the Dutch tax authorities may seek to change their position in the future and Dutch VAT may be imposed on the Collateral Management Fees.

## 2.23 The Common Reporting Standard

The common reporting standard framework was first released by the OECD in February 2014 as a result of the G20 members endorsing a global model of automatic exchange of information in order to increase international tax transparency. On 21 July 2014, the Standard for Automatic Exchange of Financial Account Information in Tax Matters was published by the OECD and this includes the Common Reporting Standard (the “**CRS**”). The goal of the CRS is to provide for the annual automatic exchange between governments of financial account information reported to them by local reporting financial institutions (as defined) (“**FIs**”) relating to account holders who are tax resident in other participating jurisdictions.

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation (“**DAC II**”) implements CRS in a European context and creates a mandatory obligation for all EU Member States to exchange financial account

information in respect of residents in other EU Member States on an annual basis commencing in 2017 in respect of the 2016 calendar year (or from 2018 in the case of Austria).

The Netherlands is a signatory jurisdiction to a Multilateral Competent Authority Agreement on the automatic exchange of financial account information in respect of CRS while the Finance Act 2014 and Finance Act 2015 contain measures necessary to implement the CRS internationally and across the European Union, respectively.

Over 95 jurisdictions have committed to exchanging information under the CRS and a group of 50 countries, including The Netherlands, have committed to the early adoption of the CRS from 1 January 2016 (known as the “**Early Adopter Group**”), with the first data exchanges expected to take place in September 2017. All EU Member States are members of the Early Adopter Group.

The Netherlands has enacted legislation to implement the requirements of the CRS and DAC II into Dutch law under which Dutch FIs (such as the Issuer) will be obliged to make a single return in respect of CRS and DAC II. For the purposes of complying with its obligations under CRS and DAC II, a Dutch FI (such as the Issuer) shall be entitled to require Noteholders to provide any information regarding their and, in certain circumstances, their controlling persons’ tax status, identity or residence in order to satisfy any reporting requirements which the Issuer may have as a result of CRS and DAC II and Noteholders will be deemed, by their holding to have authorised the automatic disclosure of such information by the Issuer (or any nominated service provider) or any other person to The Netherlands Tax Administration. The information will be provided to The Netherlands Tax Administration who will exchange the information with the tax authorities of other participating jurisdictions, as applicable. Failure by a Dutch FI such as the Issuer to comply with its CRS and DAC II obligations may result in the Issuer being deemed to be non-compliant in respect of its CRS obligations and monetary penalties may be imposed on a non-compliant FI under Dutch legislation.

The Issuer (or any nominated service provider) will agree that information (including the identity of any Noteholder) supplied for the purposes of CRS and DAC II compliance is intended for the Issuer’s (or any nominated service provider’s) use for the purposes of satisfying CRS and DAC II requirements and the Issuer (or any nominated service provider) will agree, to the extent permitted by applicable law, that it will take reasonable steps to treat such information in a confidential manner, except that the Issuer may disclose such information (i) to its officers, directors, agents and advisors, (ii) to the extent reasonably necessary or advisable in connection with tax matters, including achieving CRS and DAC II compliance, (iii) to any person with the consent of the applicable Noteholder, or (iv) as otherwise required by law or court order or on the advice of its advisors.

## 2.24 Regulated Banking Activity

While non-bank lending is currently being promoted within the EU, in many jurisdictions, especially in continental Europe, engaging in lending activities “in” certain jurisdictions particularly via the original extension of credit granting a loan and in some cases including purchases of receivables, discounting of invoices, guarantee transactions or otherwise (collectively, “**Regulated Banking Activities**”) is generally considered a regulated financial activity and, accordingly, must be conducted in compliance with applicable local banking laws (or the AIFMD, in the case of European long-term investment funds). Although a number of jurisdictions have consulted and published guidance on non-bank lending, in many such jurisdictions, there is comparatively little statutory, regulatory or interpretive guidance issued by the competent authorities or other authoritative guidance as to what constitutes the conduct of Regulated Banking Activities in such jurisdictions.

Collateral Obligations subject to these local law requirements may restrict the Issuer’s ability to purchase the relevant Collateral Obligation or may require it to obtain exposure via a Participation. Moreover, these regulatory considerations may differ depending on the country in which each Obligor is located or domiciled, on the type of Obligor and other considerations. Therefore, at the time when Collateral Obligations are acquired by the Issuer, there can be no assurance that, as a result of the application of regulatory law, rule or regulation or interpretation thereof by the relevant governmental body or agency, or change in such application or interpretation thereof by such governmental body or agency, payments on the Collateral Obligations might not in the future be adversely affected as a result of such application of regulatory law or that the Issuer might become subject to proceedings or action by the relevant governmental body or agency, which if determined adversely to the Issuer, may adversely affect its ability to make payments in respect of the Notes.

## 2.25 Centre of Main Interests

Pursuant to Regulation (EU) 2015/848 on insolvency proceedings (recast), which came into force on 26 June 2017, the centre of main interests (“COMI”) shall be the place where the debtor conducts the administration of its interests on a regular basis and which is ascertainable by third parties. In the case of a company or legal person, the place of the registered office shall be presumed to be the centre of main interests in the absence of proof to the contrary. That presumption shall only apply if the registered office has not been moved to another Member State within the 3-month period prior to the request for the opening of insolvency proceedings.

The Issuer has its registered office in The Netherlands. As a result there is a rebuttable presumption that its COMI is in The Netherlands and consequently that any main insolvency proceedings applicable to it would be governed by Dutch law. In the decision by the European Court of Justice (“ECJ”) in relation to Eurofood IFSC Limited, the ECJ restated the presumption in Council Regulation (EC) No. 1346/2000 of 29 May 2000 on Insolvency Proceedings, that the place of a company’s registered office is presumed to be the company’s COMI and stated that the presumption can only be rebutted if “factors which are both objective and ascertainable by third parties enable it to be established that an actual situation exists which is different from that which locating it at the registered office is deemed to reflect”. As the Issuer has its registered office in The Netherlands has Dutch directors and is registered for tax in The Netherlands, the Issuer does not believe that factors exist that would rebut this presumption, although this would ultimately be a matter for the relevant court to decide, based on the circumstances existing at the time when it was asked to make that decision. If the Issuer’s COMI is not located in The Netherlands and is held to be in a different jurisdiction within the European Union, Dutch insolvency proceedings would not be applicable to the Issuer.

## 3. RELATING TO THE NOTES

### 3.1 Limited Liquidity and Restrictions on Transfer

Neither the Sole Arranger nor the Initial Purchaser (or any of their affiliates) is under any obligation to make a market for the Notes. The Notes are illiquid investments. There can be no assurance that any secondary market for any of the Notes will develop or, if a secondary market does develop, that it will provide the Noteholders with liquidity of investment or that it will continue for the life of such Notes. Consequently, a purchaser must be prepared to hold such Notes for an indefinite period of time or until the Maturity Date. In addition, no sale, assignment, participation, pledge or transfer of the Notes may be effected if, among other things, it would require any of the Issuer or any of their officers or directors to register under, or otherwise be subject to the provisions of, the Investment Company Act or any other similar legislation or regulatory action. Furthermore, the Notes will not be registered under the Securities Act or any U.S. state securities laws, and the Issuer has no plans, and is under no obligation, to register the Notes under the Securities Act. The Notes are subject to certain transfer restrictions and can be transferred only to certain transferees. See “*Plan of Distribution*” and “*Transfer Restrictions*”. Such restrictions on the transfer of the Notes may further limit their liquidity.

In addition, CM Non-Voting Notes may not be exchanged at any time into CM Voting Notes or CM Non-Voting Exchangeable Notes and there are restrictions as to the circumstances in which CM Non-Voting Exchangeable Notes may be exchanged for CM Voting Notes. Such restrictions on exchange may limit the liquidity of the CM Non-Voting Notes and the CM Non-Voting Exchangeable Notes.

### 3.2 Optional Redemption and Market Volatility

The market value of the Collateral Obligations may fluctuate, with, among other things, changes in prevailing interest rates, foreign exchange rates, general economic conditions, the conditions of financial markets (particularly the markets for senior and mezzanine loans, secured senior bonds and high yield bonds), European and international political events, events in the home countries of the issuers of the Collateral Obligations or the countries in which their assets and operations are based, developments or trends in any particular industry and the financial condition of such issuers. The secondary market for senior and mezzanine loans, secured senior bonds and high yield bonds is still limited. A decrease in the market value of the Portfolio would adversely affect the amount of proceeds which could be realised upon liquidation of the Portfolio and ultimately the ability of the Issuer to redeem the Notes.

A form of liquidity for the Subordinated Notes is the optional redemption provision set out in Condition 7(b) (*Optional Redemption*). There can be no assurance, however, that such optional redemption provision will be capable of being exercised in accordance with the conditions set out in Condition 7(b) (*Optional Redemption*) which may in some cases require a determination that the amount realisable from the Portfolio in such

circumstances is greater than the aggregate of all amounts which would be due and payable on redemption of the Rated Notes and to the other creditors of the Issuer pursuant to Condition 11(b) (*Enforcement*) which rank in priority to payments in respect of the Subordinated Notes in accordance with the Priorities of Payments.

### 3.3 The Notes are Subject to Optional Redemption in Whole or in Part by Class

The Rated Notes may be redeemed in whole from Sale Proceeds and/or Refinancing Proceeds:

- (a) on any Business Day on or after the expiry of the Non-Call Period, either (x) at the direction of the Subordinated Noteholders acting by way of Ordinary Resolution or (y) at the direction in writing of the Collateral Manager;
- (b) on any Business Day following the occurrence of a Collateral Tax Event at the direction of the Subordinated Noteholders acting by Ordinary Resolution; or
- (c) on any Payment Date in whole but not in part at the written direction of (x) the Controlling Class or (y) the Subordinated Noteholders, in each case acting by way of Extraordinary Resolution, following the occurrence of a Note Tax Event,

in each case subject to certain requirements and conditions set out herein. See Condition 7(b) (*Optional Redemption*). Investors should carefully review the circumstances and requirements set out in Condition 7(b) (*Optional Redemption*).

In addition, subject to certain conditions set out herein, Refinancing Proceeds may be used to redeem all Classes of Rated Notes in whole or in part by Class on any Business Day falling on or after the expiry of the Non-Call Period at the written direction of the Collateral Manager or the Subordinated Noteholders acting by Ordinary Resolution. See Condition 7(b)(ii) (*Optional Redemption in Part—Subordinated Noteholders/Collateral Manager*). The U.S. Risk Retention Rules would apply to a Refinancing. As such, the ability of the Issuer and the Noteholders to issue additional notes or enter into a Refinancing may be impacted. See “U.S. Risk Retention Rules” above.

The Trust Deed provides that the Subordinated Noteholders will not have any cause of action against any of the Issuer, the Collateral Manager, the Collateral Administrator, the other Agents or the Trustee for any failure to obtain a Refinancing. If a Refinancing is obtained meeting the requirements of the Trust Deed, the Issuer and, at the direction of the Collateral Manager, the Trustee shall amend the Trust Deed to the extent necessary to reflect the terms of the Refinancing and no further consent for such amendments shall be required from the holders of the Notes (other than the consent of the Subordinated Noteholders, acting by way of an Ordinary Resolution). No assurance can be given that any such amendments to the Trust Deed or the terms of any Refinancing will not adversely affect the holders of any Class or Classes of Notes not subject to redemption (or, in the case of the Subordinated Notes, the Subordinated Noteholders who do not direct such redemption).

The Subordinated Notes may also be redeemed at their Redemption Price, in whole but not in part, on any Business Day on or after the redemption or repayment in full of the Rated Notes, at the direction of either of (x) the Subordinated Noteholders (acting by Ordinary Resolution) or (y) the Collateral Manager.

The Rated Notes may also be redeemed in whole but not in part by the Issuer if directed in writing by the Collateral Manager, at the applicable Redemption Prices, on any Business Day falling on or after the expiry of the Non-Call Period if, upon or at any time following the expiry of the Non-Call Period, the Aggregate Principal Balance is less than 20 per cent. of the Target Par Amount provided that the Subordinated Noteholders shall not have objected to such redemption by way of Ordinary Resolution within 25 days of the Issuer giving notice thereof to the Noteholders in accordance with Condition 16 (*Notices*).

In the event of an early redemption, the holders of the Notes will be repaid prior to the Maturity Date. Where the Notes are to be redeemed by liquidation, there can be no assurance that the Sale Proceeds realised and other available funds would permit any distribution on the Subordinated Notes after all required payments are made to the holders of the Rated Notes or, in certain circumstances, that losses would not be incurred on Rated Notes. In addition, an Optional Redemption could require the Collateral Manager to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the realised value of the Collateral Obligations sold.

Where the Rated Notes are redeemable at the discretion of a transaction party or a particular Class of Noteholders, there is no obligation to consider the interests of any other party or Class of Noteholders when exercising such discretion. Furthermore, where one or more Classes of Rated Notes are redeemed through a

Refinancing, Noteholders should be aware that any such redemption would occur outside of the Note Payment Sequence and the Priorities of Payments. In addition Noteholders of a Class of Rated Notes that are redeemed through a Refinancing should be aware that the Applicable Margin of any new notes will be equal to or lower than the Applicable Margin of such Rated Notes immediately prior to such Refinancing. In addition, a Refinancing may result in a Class of Rated Notes having a shorter maturity date than other Classes of Rated Notes.

### 3.4 The Notes are Subject to Special Redemption at the Option of the Collateral Manager

The Notes will be subject to redemption in part by the Issuer on any Payment Date during the Reinvestment Period if the Collateral Manager in its sole discretion notifies the Trustee that it has been unable, for a period of at least 20 consecutive Business Days, to identify additional Collateral Obligations that are deemed appropriate by the Collateral Manager in its sole discretion and which would meet the Eligibility Criteria and where acquisition by the Issuer would be in compliance with, to the extent applicable, the Reinvestment Criteria in sufficient amounts to permit the investment or reinvestment of all or a portion of the funds then in the Principal Account to be invested in additional Collateral Obligations. On the Special Redemption Date, the Special Redemption Amount will be applied in accordance with the Priorities of Payments. See Condition 7(d) (*Special Redemption*). The application of funds in that manner could result in an elimination, deferral or reduction of amounts available to make payments with respect to the Subordinated Notes.

### 3.5 Mandatory Redemption of the Notes

Certain mandatory redemption arrangements may result in an elimination, deferral or reduction in the interest payments or principal repayments made to the Noteholders of the Rated Notes or the level of the returns to the Subordinated Noteholders, including an Effective Date Rating Event, the breach of any of the Coverage Tests and a Special Redemption. See Condition 7(c) (*Mandatory Redemption upon Breach of Coverage Tests*), Condition 7(d) (*Special Redemption*) and Condition 7(e) (*Redemption upon Effective Date Rating Event*).

### 3.6 The Reinvestment Period may Terminate Early

The Reinvestment Period may terminate early if any of the following occur: (a) acceleration following an Event of Default or (b) the Collateral Manager notifies the Issuer that it is unable to invest in additional Collateral Obligations in accordance with the Collateral Management and Administration Agreement. Early termination of the Reinvestment Period could adversely affect returns to the Subordinated Noteholders and may also cause the holders of Rated Notes to receive principal payments earlier than anticipated.

### 3.7 The Collateral Manager May Reinvest After the End of the Reinvestment Period

After the end of the Reinvestment Period, the Collateral Manager may continue to reinvest *Unscheduled Principal Proceeds* received in respect of Collateral Obligations and the *Sale Proceeds* from the sale of Credit Risk Obligations and Credit Improved Obligations, subject to certain conditions set forth in the Collateral Management and Administration Agreement. See “*The Portfolio – Management of the Portfolio – Following the Expiry of the Reinvestment Period*” below. Reinvestment of *Unscheduled Principal Proceeds* and *Sale Proceeds* from the sale of Credit Risk Obligations and Credit Improved Obligations will likely have the effect of extending the *Weighted Average Life* of the Collateral Obligations and the average lives of the Notes.

### 3.8 Actions May Prevent the Failure of Coverage Tests and an Event of Default

#### (a) Additional Issuances

At any time, subject to certain conditions set out in Condition 17 (*Additional Issuances*) including but not limited to the prior approval of the Retention Holder, the Issuer may issue and sell additional Notes and use the net proceeds to acquire Collateral Obligations and, if applicable, enter into additional Hedge Transactions in connection with the Issuer’s issuance of, and making payments on, the Notes and ownership of and disposition of the Collateral Obligations or (solely in the case of an issuance of additional Subordinated Notes) to be credited to the Supplemental Reserve Account and applied for a Permitted Use. See Condition 17 (*Additional Issuances*).

(b) Redirection of funds to reinvestment

The Collateral Manager may, pursuant to the Priorities of Payments, redirect funds (including by deferring or waiving payment of some or all of its Collateral Management Fees) to be applied toward the acquisition of additional Collateral Obligations or other Permitted Uses.

(c) Reinvestment Amounts

At any time during the Reinvestment Period, Subordinated Noteholders may elect to make a Reinvestment Amount in accordance with Condition 7(k) (*Reinvesting Noteholders*) by making a cash contribution to the Issuer. The Collateral Manager will decide (in consultation with the relevant Subordinated Noteholder but at the discretion of the Collateral Manager) whether such Reinvestment Amount is accepted and, if so accepted, the Permitted Use to which such Reinvestment Amount would be applied.

Any of the above actions could result in satisfaction of a Coverage Test that would otherwise be failing and therefore potentially decrease the occurrence of principal prepayments of the highest ranking Class of Notes. Likewise, any such action could prevent an Event of Default which would otherwise have occurred and therefore potentially result in the Notes continuing to be outstanding in circumstances where the Controlling Class may otherwise have had the right to direct the Trustee to accelerate the Notes. Consequentially, the average life of the Notes may be longer than it would otherwise be (see “*Average Life and Prepayment Considerations*” below).

### 3.9 Limited Recourse Obligations

The Notes are limited recourse obligations of the Issuer and are payable solely from amounts received in respect of the Collateral securing the Notes. Payments on the Notes both prior to and following enforcement of the security over the Collateral are subordinated to the prior payment of certain fees and expenses of, or payable by, the Issuer and to payment of principal and interest on prior ranking Classes of Notes. See Condition 4(c) (*Limited Recourse and Non-Petition*). None of the Collateral Manager, the Noteholders of any Class, the Initial Purchaser, the Retention Holder, the Trustee, the Collateral Administrator, the Custodian, any other Agent, any Hedge Counterparty or any Affiliates of any of the foregoing or the Issuer’s Affiliates or any other person or entity (other than the Issuer) will be obliged to make payments on the Notes of any Class. Consequently, Noteholders must rely solely on distributions on the Collateral Obligations and other Collateral securing the Notes for the payment of principal, discount, interest and premium, if any, thereon. There can be no assurance that the distributions on the Collateral Obligations and other Collateral securing the Notes will be sufficient to make payments on any Class of Notes after making payments on more senior Classes of Notes and certain other required amounts to other creditors ranking senior to or *pari passu* with such Class pursuant to the Priorities of Payments. If distributions on the Collateral are insufficient to make payments on the Notes, no other assets (and, in particular, no assets of the Collateral Manager, the Noteholders, the Initial Purchaser, the Retention Holder, the Trustee, the Collateral Administrator, the Custodian, any other Agent, any Hedge Counterparty or any Affiliates of any of the foregoing) will be available for payment of the deficiency and following realisation of the Collateral and the application of the proceeds thereof in accordance with the Priorities of Payments, the obligations of the Issuer to pay such deficiency shall be extinguished. Such shortfall will be borne (as amongst the Noteholders) by (a) firstly, the Subordinated Noteholders; (b) secondly, the Class F Noteholders; (c) thirdly, the Class E Noteholders; (d) fourthly, the Class D Noteholders; (e) fifthly, the Class C Noteholders; (f) sixthly, the Class B Noteholders and (g) lastly, the Class A Noteholders, in each case in accordance with the Priorities of Payments.

In addition, at any time while the Notes are Outstanding, none of the Noteholders nor the Trustee nor any other Secured Party (nor any other person acting on behalf of any of them) shall be entitled at any time to institute against the Issuer, or join in any institution against the Issuer of any bankruptcy, reorganisation, arrangement, insolvency, winding up or liquidation proceedings or other proceedings under any applicable bankruptcy or similar law in connection with any obligations of the Issuer relating to the Notes, the Trust Deed or otherwise owed to the Noteholders, save for lodging a claim in the liquidation of the Issuer which is initiated by another party (which is not an Affiliate of such party) or taking proceedings to obtain a declaration as to the obligations of the Issuer nor shall any of them have a claim arising in respect of the share capital of the Issuer.

### 3.10 Failure of a Court to Enforce Non-Petition Obligations will Adversely Affect Noteholders

Each Noteholder will agree, and each beneficial owner of Notes will be deemed to agree, pursuant to the Trust Deed, that it will be subject to non-petition covenants. If such provision failed to be enforceable under applicable bankruptcy laws, and a winding-up (or similar) position was presented in respect of the Issuer, then the presentation of such a petition could (subject to certain Conditions) result in one or more payments on the Notes made during the period prior to such presentation being deemed to be preferential transfers subject to avoidance by the bankruptcy trustee or similar official exercising authority with respect to the Issuer's bankruptcy estate. It could also result in the bankruptcy court, trustee or receiver liquidating the assets of the Issuer without regard to any votes or directions required for such liquidation pursuant to the Trust Deed and could result in any payments under the Notes made during the period prior to such presentation being deemed to be a fraudulent or improper disposition of the Issuer's assets.

### 3.11 Subordination of the Notes

Except as described below, the Class B Notes are fully subordinated to the Class A Notes, the Class C Notes are fully subordinated to the Class A Notes and the Class B Notes, the Class D Notes are fully subordinated to the Class A Notes, the Class B Notes and the Class C Notes, the Class E Notes are fully subordinated to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, the Class F Notes are fully subordinated to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes, and the Subordinated Notes are fully subordinated to the Rated Notes.

Except as described below, the payment of principal and interest on any other Classes of Notes may not be made until all payments of principal and interest due and payable on any Classes of Notes ranking in priority thereto pursuant to the Priorities of Payments have been made in full. Payments on the Subordinated Notes will be made by the Issuer to the extent of available funds and no payments thereon will be made until the payment of certain fees and expenses have been made and until interest on the Rated Notes has been paid and, subject always to the right of the Collateral Manager on behalf of the Issuer to transfer amounts which would have been payable on the Subordinated Notes to the Supplemental Reserve Account and the requirement to transfer amounts to the Principal Account in the event that the Reinvestment Overcollateralisation Test is not met during the Reinvestment Period.

Non-payment of any Interest Amount due and payable in respect of the Class A Notes or the Class B Notes on any Payment Date will constitute an Event of Default (where such non-payment continues for a period of at least five Business Days). Failure to pay Interest Amounts on any other Class of Notes shall not constitute an Event of Default, unless, following the occurrence of a Frequency Switch Event, such Class of Notes is the Controlling Class. In such circumstances, the Controlling Class, which in these circumstances will be the Class A Noteholders (or, following redemption and repayment of the Class A Notes in full, the Class B Noteholders), acting by Extraordinary Resolution, may request the Trustee to accelerate the Notes pursuant to Condition 10 (*Events of Default*).

In the event of any acceleration of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes, such Notes will be subject to automatic acceleration and the Collateral will, in each case subject to the terms of Condition 11 (*Enforcement*), be liquidated. Liquidation of the Collateral at such time or remedies pursued by the Trustee upon enforcement of the security over the Collateral could be adverse to the interests of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders or the Subordinated Noteholders, as the case may be. To the extent that any losses are incurred by the Issuer in respect of any Collateral, such losses will be borne first by the Subordinated Noteholders, then by the Class F Noteholders, then by the Class E Noteholders, then by the Class D Noteholders, then by the Class C Noteholders, then by the Class B Noteholders and, finally, by the Class A Noteholders. Remedies pursued on behalf of the Class A Noteholders could be adverse to the interests of the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders. Remedies pursued on behalf of the Class B Noteholders could be adverse to the interests of the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders. Remedies pursued on behalf of the Class C Noteholders could be adverse to the interests of the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders. Remedies pursued on behalf of the Class D Noteholders could be adverse to the interests of the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders. Remedies pursued on behalf of the Class E Noteholders could be adverse to the interests of the Class F Noteholders and the Subordinated

Noteholders. Remedies pursued on behalf of the Class F Noteholders could be adverse to the interests of the Subordinated Noteholders.

The Trust Deed provides that, other than any provision thereof which specifies that the Trustee must consider the interests of the Noteholders of each Class of Notes or whether any act, matter or thing is materially prejudicial to the interests of the Noteholders of any Class, in the event of any conflict of interest between or among the holders of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes, the Trustee shall give priority to the interests of (i) the Class A Noteholders over the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders, (ii) the Class B Noteholders over the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders, (iii) the Class C Noteholders over the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders, (iv) the Class D Noteholders over the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders, (v) the Class E Noteholders over the Class F Noteholders and the Subordinated Noteholders, and (vi) the Class F Noteholders over the Subordinated Noteholders. If the Trustee receives conflicting or inconsistent requests from two or more groups of holders of a Class, given priority as described in this paragraph, each representing less than the majority by principal amount of Notes Outstanding of such Class, the Trustee shall give priority to the group which holds the greater amount of Notes Outstanding of such Class. The Trust Deed provides further that, except as expressly provided otherwise in any applicable Transaction Document or these Conditions, the Trustee will act upon the directions of the holders of the Controlling Class (or other Class where the Noteholders of the Class or Classes having priority over such other Class do not, in the opinion of the Trustee, have an interest in the subject matter of such directions) (acting by Extraordinary Resolution) subject to being indemnified and/or secured and/or prefunded to its satisfaction, and shall not be obliged to consider the interests of and is exempted from any liability to the holders of any other Class of Notes. In addition, the Trust Deed provides that, so long as any Note is Outstanding, the Trustee shall have no regard to the interests of any Secured Party other than the Noteholders or, at any time, to the interests of any other person. See Condition 14(e) (*Entitlement of the Trustee and Conflicts of Interest*).

### 3.12 Amount and Timing of Payments

Failure on the part of the Issuer to pay the Interest Amounts on any Class of Notes pursuant to Condition 6 (*Interest*) in accordance with the Priorities of Payments by reason solely that there are insufficient funds standing to the credit of the Payment Account shall not be an Event of Default unless and until: (a) such failure continues for a period of at least five Business Days (as described in Condition 10(a)(i) (*Non-payment of interest*)); and (b) in respect of the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes, such non-payment of interest is in respect of a Payment Date on or after the Payment Date (the “**Relevant Payment Date**”) immediately following a Frequency Switch Event and: (i) in the case of non-payment of interest due and payable on the Class C Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes and the Class B Notes have been redeemed in full; (ii) in the case of non-payment of interest due and payable on the Class D Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes, the Class B Notes and the Class C Notes have been redeemed in full; (iii) in the case of non-payment of interest due and payable on the Class E Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes have been redeemed in full; and (iv) in the case of non-payment of interest due and payable on the Class F Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes have been redeemed in full, save in each case as the result of any deduction therefrom or the imposition of withholding thereon as set forth in Condition 9 (*Taxation*).

Unless a Frequency Switch Event has occurred and the relevant Class of Notes is the Controlling Class at such time, the Issuer shall, and shall only be obliged to, pay any Interest Amount payable in respect of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes in full on any Payment Date, in each case to the extent that there are Interest Proceeds or Principal Proceeds available for payment thereof in accordance with the Priorities of Payments.

Unless a Frequency Switch Event has occurred and the relevant Class of Notes is the Controlling Class at such time, in the case of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, an amount of interest equal to any shortfall in payment of the Interest Amount which would, but for the first paragraph of Condition 6(c) (*Deferral of Interest*) otherwise be due and payable in respect of such Class on any Payment Date will not be payable on such Payment Date, but will be added to the principal amount of the Class C Notes,

the Class D Notes, the Class E Notes or the Class F Notes, as applicable, and thereafter will accrue interest at the rate of interest applicable to that Class, and the failure to pay such Deferred Interest to the holders of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, as applicable, will not be an Event of Default until the Maturity Date or any earlier date on which such Class of Notes is to be redeemed in full.

Non-payment of interest and principal due and payable on the Subordinated Notes as a result of the insufficiency of available Interest Proceeds and/or Principal Proceeds for such purpose in accordance with the Priorities of Payments will not constitute an Event of Default. No interest or principal may therefore be payable on the Subordinated Notes for an unlimited period of time, to maturity or at all.

Investment in the Notes of any Class involves a degree of risk arising from fluctuations in the amount and timing of receipt of the principal and interest on the Collateral Obligations by or on behalf of the Issuer and the amounts of the claims of creditors of the Issuer ranking in priority to the holders of each Class of the Notes. In particular, prospective purchasers of such Notes should be aware that the amount and timing of payment of the principal and interest on the Collateral Obligations will depend upon the detailed terms of the documentation relating to each of the Collateral Obligations and on whether or not any Obligor thereunder defaults in its obligations.

### 3.13 Reports Provided by the Collateral Administrator Will Not Be Audited

The Monthly Reports and Payment Date Reports made available to Noteholders will be compiled by the Collateral Administrator, on behalf of the Issuer, based on certain information provided to it by the Collateral Manager. Information in the reports will not be audited nor will reports include a review or opinion by a public accounting firm.

### 3.14 Calculation of Floating Rate of Interest

If the relevant EURIBOR screen rate does not appear, or the relevant page is unavailable, in the manner described in Condition 6(e)(i) (*Floating Rate of Interest*) there can be no guarantee that the Issuer (or the Collateral Manager on behalf of the Issuer) will be able to select four Reference Banks to provide quotations, in order to determine any Floating Rate of Interest in respect of the Floating Rate Notes. Certain financial institutions that have historically acted as Reference Banks have indicated that they will not currently provide quotations and there can be no assurance that they will agree to do so in the future. No Reference Banks have been selected as at the date of this Offering Circular.

If a EURIBOR screen rate does not appear, or the relevant page is unavailable, and the Issuer (or the Collateral Manager on behalf of the Issuer) is unable to select Reference Banks to provide quotations in the manner described in Condition 6(e)(i)(B) (*Floating Rate of Interest*), the relevant Floating Rate of Interest in respect of such Payment Date shall be determined, pursuant to Condition 6(e)(i)(C) (*Floating Rate of Interest*), as the Floating Rate of Interest in effect as at the immediately preceding Accrual Period; *provided that*, in respect of any Accrual Period during which a Frequency Switch Event occurs, the relevant Floating Rate of Interest shall be calculated using the offered rate for six month Euro deposits using the rate available as at the previous Interest Determination Date. To the extent interest amounts in respect of the Floating Rate Notes are determined by reference to a previously calculated rate, relevant Noteholders may be adversely affected. In such circumstances, neither the Calculation Agent nor the Trustee shall have any obligation to determine the Floating Rate of Interest on any other basis.

### 3.15 Ratings of the Notes Not Assured and Limited in Scope

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal by any Rating Agency at any time. Credit ratings represent a rating agency's opinion regarding the credit quality of an asset but are not a guarantee of such quality. There is no assurance that a rating accorded to any of the Notes will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by a Rating Agency if, in its judgement, circumstances in the future so warrant. If a rating initially assigned to any of the Notes is subsequently lowered for any reason, no person or entity is required to provide any additional support or credit enhancement with respect to any such Notes and the market value of such Notes is likely to be adversely affected.

Prospective investors in the Notes should be aware that as a result of the recent economic events, Rating Agencies have undertaken extensive reviews of their rating methodology and criteria used to rate notes issued as

part of CLO transactions. This could impact on the ratings assigned to the Notes after the Issue Date and potentially result in the downgrade or withdrawal thereof following the Issue Date.

The Rating Agencies may change their published ratings criteria or methodologies for securities such as the Rated Notes at any time in the future. Further, the Rating Agencies may retroactively apply any new standards to the ratings of the Rated Notes. Any such action could result in a substantial lowering (or even withdrawal) of any rating assigned to any Rated Note, despite the fact that such Rated Note might still be performing fully to the specifications set forth for such Rated Note in this Offering Circular and the Transaction Documents. The rating assigned to any Rated Note may also be lowered following the occurrence of an event or circumstance despite the fact that the related Rating Agency previously provided confirmation that such occurrence would not result in the rating of such Rated Note being lowered. Additionally, any Rating Agency may, at any time and without any change in its published ratings criteria or methodology, lower or withdraw any rating assigned by it to any Class of Rated Notes. If any rating initially assigned to any Note is subsequently lowered or withdrawn for any reason, holders of the Notes may not be able to resell their Notes without a substantial discount. Any reduction or withdrawal to the ratings on any Class of Rated Notes may significantly reduce the liquidity of the Notes and may adversely affect the Issuer's ability to make certain changes to the composition of the Collateral.

As at the date of this Offering Circular, each of the Rating Agencies is established in the European Union and is registered under CRA3. As such each Rating Agency is included in the list of credit rating agencies published by ESMA on its website in accordance with CRA3. ESMA may determine that one or both of the Rating Agencies no longer qualifies for registration under CRA3 and that determination may also have an adverse effect on the market prices and liquidity of the Rated Notes.

*Rating Agencies may refuse to give rating agency confirmations*

Historically, many actions by issuers of collateralised loan obligation vehicles (including but not limited to issuing additional securities and amending relevant agreements) have been conditioned on receipt of confirmation from the applicable rating agencies that such action would not cause the ratings on the applicable securities to be reduced or withdrawn. Recently, certain rating agencies have changed the manner and the circumstances under which they are willing to provide such confirmation and have indicated reluctance to provide confirmation in the future, regardless of the requirements of the Trust Deed and the other Transaction Documents. If the Transaction Documents require that written confirmation from a Rating Agency be obtained before certain actions may be taken and an applicable Rating Agency is unwilling to provide the required confirmation, it may be impossible to effect such action, which could result in losses being realised by the Issuer and, indirectly, by holders of the Notes.

If a Rating Agency announces or informs the Trustee, the Collateral Manager or the Issuer that confirmation from such Rating Agency is not required for a certain action or that its practice is to not give such confirmations for certain types of actions, the requirement for confirmation from such Rating Agency will not apply. Further, in connection with the Effective Date, if an Effective Date Rating Event shall have occurred, the applicable Rated Notes will be subject to redemption in part in an amount and in the manner described under Condition 7(e) (*Redemption upon Effective Date Rating Event*). There can be no assurance that a Rating Agency will provide such rating confirmations upon request, regardless of the terms agreed to among transaction participants, or not subsequently withdraw or downgrade its ratings on one or more Classes of Rated Notes, which could materially adversely affect the value or liquidity of the Notes.

*Requirements imposed on Rating Agencies could result in withdrawal of ratings if certain actions are not taken by the Sole Arranger*

On 2 June 2010, certain amendments to Rule 17g-5 under the Exchange Act promulgated by the SEC became effective. Amended Rule 17g-5 requires each rating agency providing a rating of a structured finance product (such as this transaction) paid for by the "arranger" (defined as the issuer, the underwriter or the sponsor) to obtain an undertaking from the arranger to (i) create a password protected website, (ii) post on that website all information provided to the rating agency in connection with the initial rating of any Class of Rated Notes and all information provided to the rating agency in connection with the surveillance of such rating, in each case, contemporaneous with the provision of such information to the applicable rating agency and (iii) provide access to such website to other rating agencies that have made certain certifications to the arranger regarding their use of the information. In this transaction, the "arranger" is the Issuer.

Each Rating Agency must be able to reasonably rely on the arranger's certifications. If the arranger does not comply with its undertakings to any Rating Agency with respect to this transaction, such Rating Agency may

withdraw its ratings of the Rated Notes. In such case, the withdrawal of ratings by any Rating Agency may adversely affect the price or transferability of the Rated Notes and may adversely affect any beneficial owner that relies on ratings of securities for regulatory or other compliance purposes.

Under Rule 17g-5, rating agencies providing the requisite certifications described above may issue unsolicited ratings of the Rated Notes (the “**Unsolicited Ratings**”) which may be lower and, in some cases, significantly lower than the ratings provided by the Rating Agencies. The Unsolicited Ratings may be issued prior to, on or after the Issue Date and will not be reflected herein. Issuance of any Unsolicited Rating will not affect the issuance of the Notes. A rating agency that has reviewed the transaction may have a fundamentally different methodology or approach to or opinion of the structure or the nature or quality of all or some of the underlying Collateral Obligations which may result in a view or rating which differs significantly from the ratings assigned by the Rating Agencies. Issuance of an Unsolicited Rating lower than the ratings assigned by the Rating Agencies on the applicable Rated Notes might adversely affect the liquidity and market value of the Rated Notes and, for regulated entities, could adversely affect the value of the Rated Notes as an investment or the capital treatment of the Rated Notes.

The SEC may determine that one or both of the Rating Agencies no longer qualifies as a nationally recognised statistical rating organisation for purposes of the federal securities laws and that determination may also have an adverse effect on the market prices and liquidity of the Rated Notes.

#### *Actions of any Rating Agency can adversely affect the market value or liquidity of the Notes*

The SEC adopted Rule 15Ga-2 and Rule 17g-10 to the United States Securities Exchange Act of 1934, on 27 August 2014, which require certain filings or certifications to be made in connection with the performance of “due diligence services” for rated asset-backed securities on or after 15 June 2015. Under Rule 17g-10, a provider of third-party due diligence services must provide to each nationally recognised statistical rating organisation that is rating the applicable transaction, a written certification in a prescribed form (which obligation may be satisfied if the Issuer posts such certification in the required form to the Rule 17g-5 website referred to above, maintained in connection with the transaction). In connection with the Effective Date, the Collateral Management and Administration Agreement requires an accountant’s agreed upon procedures report to be delivered to the Issuer and the Collateral Manager, and portions of this report may constitute “due diligence services” under Rule 17g-10. Although the Issuer has agreed to post any certification in the required form that it receives in respect of such portion of such report to the Rule 17g-5 website, it is presently unclear what, if any, services provided or to be provided by third parties to the Issuer in connection with the transaction described in this Offering Circular, would constitute “due diligence services” under Rule 17g-10. Consequently, no assurance can be given as to whether any certification will be posted by the Issuer or delivered by any applicable third party service provider to the Rating Agencies in circumstances where such certification is deemed to have been required under the rules. If the Issuer or any third party that provides due diligence services to the Issuer does not comply with its obligations under Rule 17g-10, the Rating Agencies may withdraw (or fail to confirm) their ratings of the Rated Notes. In such case, the price or transferability of the Notes (and any beneficial owner of Rated Notes that relies on ratings of securities for regulatory or other compliance purposes) may be adversely affected.

#### 3.16 Average Life and Prepayment Considerations

The Maturity Date of the Notes is the Payment Date falling on 15 October 2030 (subject to adjustment for non-Business Days); however, the principal of the Notes of each Class is expected to be repaid in full prior to the Maturity Date. Average life refers to the average amount of time that will elapse from the date of delivery of a Note until each Euro of the principal of such Note will be paid to the investor. The average lives of the Notes will be determined by the amount and frequency of principal payments, which are dependent upon, among other things, the amount of payments received at or in advance of the scheduled maturity of the Collateral Obligations (whether through sale, maturity, redemption, default or other liquidation or disposition). The actual average lives and actual maturities of the Notes will be affected by the financial condition of the obligors of the underlying Collateral Obligations and the characteristics of such assets, including the existence and frequency of exercise of any optional or mandatory redemption features, the prevailing level of interest rates, the redemption price, any prepayment fees, the actual default rate, the actual level of recoveries on any Defaulted Obligations and the timing of defaults and recoveries, and the frequency of tender or exchange offers for such Collateral Obligations. Collateral Obligations may be subject to optional prepayment by the Obligor of such loans. Any disposition of a Collateral Obligation may change the composition and characteristics of the remaining Portfolio and the rate of payment thereon and, accordingly, may affect the actual average lives of the Notes. The rate of

and timing of future defaults and the amount and timing of any cash realisation from Defaulted Obligations also will affect the maturity and average lives of the Notes.

*Projections, forecasts and estimates are forward looking statements and are inherently uncertain*

Estimates of the average lives of the Notes, together with any projections, forecasts and estimates provided to prospective purchasers of the Notes, are forward-looking statements. Projections are necessarily speculative in nature, and it should be expected that some or all of the assumptions underlying the projections will not materialise or will vary significantly from actual results. Accordingly, actual results will vary from the projections, and such variations may be material. Some important factors that could cause actual results to differ materially from those in any forward-looking statements include changes in interest rates, exchange rates and default and recovery rates; market, financial or legal uncertainties; the timing of acquisitions of Collateral Obligations; differences in the actual allocation of Collateral Obligations among asset categories from those assumed; mismatches between the time of accrual and receipt of Interest Proceeds from the Collateral Obligations. None of the Issuer, the Collateral Manager, the Trustee, the Initial Purchaser, the Collateral Administrator, the other Agents or any other party to this transaction or any of their respective Affiliates has any obligation to update or otherwise revise any projections, forecasts or estimates, including any revisions to reflect changes in economic conditions or other circumstances arising after the date of this Offering Circular or to reflect the occurrence of unanticipated events.

### 3.17 Volatility of the Subordinated Notes

The Subordinated Notes represent a leveraged investment in the underlying Collateral Obligations. Accordingly, it is expected that changes in the market value of the Subordinated Notes will be greater than changes in the market value of the underlying Collateral Obligations, which themselves are subject to credit, liquidity, interest rate and other risks. Utilisation of leverage is a speculative investment technique and involves certain risks to investors and will generally magnify the Subordinated Noteholders' opportunities for gain and risk of loss. In certain scenarios, the Notes may not be paid in full, and the Subordinated Notes and one or more Classes of Rated Notes may be subject to a partial or a complete loss of invested capital. The Subordinated Notes represent the most junior securities in a leveraged capital structure. As a result, any deterioration in performance of the asset portfolio, including defaults and losses, a reduction of realised yield or other factors, will be borne first by Subordinated Noteholders, and then by the holders of the Rated Notes in reverse order of seniority.

In addition, the failure to meet certain Coverage Tests will result in cash flow that may have been otherwise available for distribution to the Subordinated Notes, to pay interest on one or more subordinate Classes of Rated Notes or for reinvestment in Collateral Obligations being applied on the next Payment Date to make principal payments on the more senior classes of Rated Notes until such Coverage Tests have been satisfied. This feature will likely reduce the return on the Subordinated Notes and/or one or more subordinate Classes of Rated Notes and cause temporary or permanent suspension of distributions to the Subordinated Notes and/or one or more subordinate Classes of Rated Notes. See "*Mandatory Redemption of the Notes*" above.

Issuer expenses (including management fees) are generally based on a percentage of the total asset portfolio of the Issuer, including the assets obtained through the use of leverage. Given the leveraged capital structure of the Issuer, expenses attributable to the Subordinated Notes will be higher because such expenses will be based on total assets of the Issuer.

### 3.18 Net Proceeds less than Aggregate Amount of the Notes

It is anticipated that the net proceeds received by the Issuer on the Issue Date from the issuance of the Notes will be less than the aggregate Principal Amount Outstanding of the Notes in full. Consequently, it is anticipated that on the Issue Date the Collateral would be insufficient to redeem the Notes in full upon the occurrence of an Event of Default on or about that date.

### 3.19 Withholding Tax on the Notes

Although no withholding tax is currently imposed on payments of principal or interest on the Notes, there can be no assurance that the law will not change. In addition, as described under Condition 2(j) (*Forced Transfer pursuant to FATCA*) and Condition 9 (*Taxation*), the Issuer is authorised to withhold amounts otherwise distributable to a holder if the holder fails to provide the Issuer or its agents with any appropriate tax forms and other documentation reasonably requested by the Issuer to comply with FATCA and to prevent the imposition

of U.S. federal withholding tax under FATCA on payments to or for the benefit of the Issuer, or if the holder's ownership of any Notes would otherwise cause the Issuer to be subject to tax under FATCA.

If any withholding tax or deduction for tax is imposed on payments of principal or interest on the Notes (including the FATCA), the holders of the Notes will not be entitled to receive grossed-up amounts to compensate for such withholding tax and no Event of Default shall occur as a result of any such withholding or deduction.

In the event of the occurrence of a Note Tax Event pursuant to which any payment on the Notes of any Class becomes properly subject to any withholding tax or deduction on account of tax (other than in the circumstances set out in the definition thereof, including without limitation, withholding tax in respect of FATCA), the Notes may be redeemed in whole but not in part at the direction of the holders of each of the Controlling Class or the Subordinated Notes, in each case acting by way of Extraordinary Resolution, subject to certain conditions including a threshold test pursuant to which determination is made as to whether the anticipated proceeds of liquidation of the security over the Collateral would be sufficient to pay all amounts due and payable on the Rated Notes in such circumstances in accordance with the Priorities of Payments.

### 3.20 Security

*Clearing Systems:* Collateral Obligations or other assets forming part of the Collateral which are in the form of securities (if any) will be held by the Custodian on behalf of the Issuer pursuant to the Agency Agreement. The Custodian will hold such assets which can be cleared through Euroclear in an account with Euroclear unless the Trustee otherwise consents and will hold the other securities comprising the Portfolio which cannot be so cleared (i) through its accounts with Clearstream, Luxembourg and The Depository Trust Company (“DTC”), as appropriate, and (ii) through its sub-custodians who will in turn hold such assets which are securities both directly and through any appropriate clearing system. Those assets held in clearing systems will not be held in special purpose accounts and will be fungible with other securities from the same issue held in the same accounts on behalf of the other customers of the Custodian or its sub custodian, as the case may be. A first fixed charge over the Portfolio will be created under English law pursuant to the Trust Deed on the Issue Date which will, in relation to the Collateral Obligations that are held through the Custodian, take effect as a security interest over (i) the beneficial interest of the Issuer in its share of the pool of securities fungible with the relevant Collateral Obligations held in the accounts of the Custodian for the benefit of the Issuer and (ii) the Issuer's ancillary contractual rights against the Custodian in accordance with the terms of the Agency Agreement (as defined in the Conditions) which may expose the Secured Parties to the risk of loss in the case of a shortfall of such securities in the event of insolvency of the Custodian or its sub-custodian.

In addition, custody and clearance risks may be associated with Collateral Obligations or other assets comprising the Portfolio which are securities that do not clear through DTC, Euroclear or Clearstream, Luxembourg. There is a risk, for example, that such securities could be counterfeit, or subject to a defect in title or claims to ownership by other parties, including custody liens imposed by standard custody terms at various stages in the chain of intermediary ownership of such Collateral Obligations.

Any risk of loss arising from any insufficiency or ineffectiveness of the security for the Notes or the custody and clearance risks which may be associated with assets comprising the Portfolio will be borne by the Noteholders without recourse to the Issuer, the Initial Purchaser, the Trustee, the Collateral Manager, the Collateral Administrator, the Custodian, the other Agents, the Hedge Counterparties or any other party.

*Fixed Security:* Although the security constituted by the Trust Deed over the Collateral held from time to time, including the security over the Accounts, is expressed to take effect as a fixed charge, it may (as a result of, among other things, the substitutions of Collateral Obligations or Eligible Investments contemplated by the Collateral Management and Administration Agreement and the payments to be made from the Accounts in accordance with the Conditions and the Trust Deed) take effect as a floating charge which, in particular, would rank after a subsequently created fixed charge. However, the Issuer has covenanted in the Trust Deed not to create any such subsequent security interests (other than those permitted under the Trust Deed) without the consent of the Trustee.

### 3.21 Resolutions, Amendments and Waivers

The Conditions and the Trust Deed contain detailed provisions governing modification of the Conditions and the Transaction Documents and the convening of meetings and passing of Resolutions by the Noteholders. Certain key risks relating to these provisions are summarised below.

Decisions may be taken by Noteholders by way of Ordinary Resolution or Extraordinary Resolution, in each case, either acting together or, to the extent specified in any applicable Transaction Document, as a Class of Noteholders acting independently. Such Resolutions can be effected (i) at a duly convened meeting of the applicable Noteholders, (ii) by the applicable Noteholders resolving in writing or (iii) by electronic consent in accordance with the operating procedures of the Clearing Systems and the provisions of the Trust Deed. Meetings of the Noteholders may be convened by the Issuer, the Trustee (subject to being indemnified and/or secured and/or prefunded to its satisfaction) or by one or more Noteholders holding not less than 10 per cent. of the aggregate Principal Amount Outstanding of the Notes of a particular Class, subject to certain conditions including minimum notice periods.

The Trustee may, in its discretion, determine that any proposed Ordinary Resolution or Extraordinary Resolution affects only the holders of one or more Classes of Notes, in which event the required quorum and minimum percentage voting requirements of such Ordinary Resolution or Extraordinary Resolution may be determined by reference only to the holders of that Class or Classes of Notes.

If a meeting of Noteholders is called to consider a Resolution, determination as to whether the requisite number of Notes has been voted in favour of such Resolution will be determined by reference to the percentage which the Notes voted in favour represent of the total amount of Notes voted in respect of such Resolution and not the aggregate Principal Amount Outstanding of all such Notes held or represented by any person or persons entitled to vote at such meeting. This means that a lower percentage of Noteholders may pass a Resolution which is put to a meeting of Noteholders than would be required for a Written Resolution in respect of the same matter. There are however quorum provisions which provide that a minimum number of Noteholders representing a minimum amount of the aggregate Principal Amount Outstanding of the applicable Class or Classes of Notes be present at any meeting to consider an Extraordinary Resolution or Ordinary Resolution. In the case of an Extraordinary Resolution, this is one or more persons holding or representing not less than  $66\frac{2}{3}$  per cent. of the aggregate Principal Amount Outstanding of each Class of Notes (or the relevant Class or Classes only, if applicable) and in the case of an Ordinary Resolution this is one or more persons holding or representing more than 50 per cent. of the aggregate Principal Amount Outstanding of each Class of Notes (or the relevant Class or Classes only, if applicable). Such quorum provisions still, however, require considerably lower thresholds than would be required for a Written Resolution. In addition, in the event that a quorum requirement is not satisfied at any meeting to consider an Ordinary Resolution, lower quorum thresholds will apply at any meeting previously adjourned for want of quorum as set out in Condition 14 (*Meetings of Noteholders, Modification, Waiver and Substitution*) and in the Trust Deed.

Notes held in the form of CM Non-Voting Exchangeable Notes or CM Non-Voting Notes will not constitute or form part of the Controlling Class, will not have any voting rights with respect to, and will not be counted for the purposes of determining a quorum and the results of voting: (i) on any CM Removal Resolution; (ii) on any CM Replacement Resolution; or (iii) in respect of any assignment or delegation of any of the Collateral Manager's rights or obligations under the Collateral Management and Administration Agreement. No Collateral Manager Notes shall be entitled to vote or be counted for the purposes of determining a quorum and the results of voting: (i) on any CM Removal Resolution or (ii) in respect of any assignment or delegation of any of the Collateral Manager's rights or obligations under the Collateral Management and Administration Agreement. No Collateral Manager Notes will be entitled to vote in respect of any CM Replacement for Cause Resolution or be counted for the purposes of determining a quorum or the result of voting in respect of such CM Replacement for Cause Resolution.

Class A Notes, Class B-1 Notes, Class B-2 Notes, Class C Notes and Class D Notes in the form of CM Voting Notes may form a small percentage of the Controlling Class (or other relevant Class or Classes) and/or be held by a concentrated group of Noteholders. Investors should be aware that such CM Voting Notes will be entitled to vote to pass a CM Removal Resolution and a CM Replacement Resolution and the remaining percentage of the Controlling Class (or other relevant Class or Classes) held in the form of CM Non-Voting Notes and/or CM Non-Voting Exchangeable Notes will be bound by such resolution. Holders of the CM Voting Notes may have interests that differ from other holders of Class A Notes, Class B-1 Notes, Class B-2 Notes, Class C Notes and Class D Notes and may seek to profit or seek direct benefits from their voting rights. The entire Class of Subordinated Notes may also be held by a concentrated group of Noteholders. Investors should also be aware that such group of Noteholders would in such circumstances exercise effective control over the exercise of rights granted to Subordinated Noteholders as a Class pursuant to the Conditions and the Trust Deed and may have interests that differ from other Noteholders and may seek to profit or seek direct benefits from their effective control over the exercise of such rights.

Investors in Class A Notes should be aware that for so long as Class A Notes have not been redeemed and paid in full, if no Class A Notes are held in the form of CM Voting Notes, the Class A Notes will not be entitled to vote in respect of such CM Removal Resolution or CM Replacement Resolution and such right shall pass to a more junior Class of Notes in accordance with the definition of Controlling Class.

Similarly, investors in the other Classes of Notes should be aware that if there are no Notes in their Class that would be entitled to vote and be counted in respect of a CM Removal Resolution or CM Replacement Resolution such right shall pass to a more junior Class of Notes.

Certain amendments, modifications, supplements, waivers and authorisations of the relevant provisions of the Trust Deed and/or the Collateral Management and Administration Agreement and/or any other Transaction Document may be made without the consent of the Noteholders (other than any such amendment, modification, supplement, waiver and/or authorisation that has the effect of sanctioning a Basic Terms Modification). Without limitation to the foregoing, potential investors should note that the Issuer may amend the Transaction Documents to modify or amend the components of the Portfolio Profile Tests, the Eligibility Criteria, the Reinvestment Overcollateralisation Test, the Collateral Quality Tests, the S&P Matrix, the S&P CDO SDR or the Moody's Test Matrix and the related definitions, provided that (each to the extent provided in Condition 14(c) (*Modification, Waiver and Authorisation*)) an officer of the Collateral Manager has certified to the Trustee that such modification or amendment would not materially adversely affect the interests of Noteholders of any Class of Notes, Rating Agency Confirmation has been obtained, the consent of the Noteholders of each Class of Rated Notes (voting separately) acting by Ordinary Resolution has been obtained and the consent of the Subordinated Noteholders acting by Ordinary Resolution has been obtained.

Certain entrenched rights relating to the Conditions, including the currency thereof, Payment Dates applicable thereto, the Priorities of Payments, the provisions relating to quorums and the percentages of votes required for the passing of an Extraordinary Resolution, cannot be amended or waived by Ordinary Resolution but require an Extraordinary Resolution. It should however be noted that amendments may still be effected and waivers may still be granted in respect of such provisions in circumstances where not all Noteholders agree with the terms thereof and any amendments or waivers once passed in accordance with the Conditions and the provisions of the Trust Deed will be binding on all such dissenting Noteholders.

In addition to the Trustee's right to agree to changes to the Transaction Documents which, in its opinion, are of a formal, minor or technical nature, are made to correct a manifest error, or are not materially prejudicial to the interests of the Noteholders of any Class, without the consent of the Noteholders, the Trustee shall be obliged to consent to modifications and waivers granted in respect of certain other matters, subject to prior notice thereof being given to the Trustee (and subject to certain other conditions being satisfied), without the consent of the Noteholders as set out in Condition 14(c) (*Modification, Waiver and Authorisation*).

Each Hedge Counterparty may also need to be notified and its consent may be required to the extent provided for in the applicable Hedge Agreement in respect of a modification, amendment or supplement to any provision of the Transaction Documents. The Hedge Agreements may allow a certain period for the relevant Hedge Counterparty to consider and respond to such a consent request. During such period and pending a response from the relevant Hedge Counterparty, the Issuer may not be able to make such modification, amendment or supplement and therefore implementation thereof may be delayed. Any such consent, if withheld, may prevent a modification of the Transaction Documents which would otherwise have been beneficial to, or in the best interests of, certain of the Noteholders.

### 3.22 Concentrated Ownership of One or More Classes of Notes

If at any time one or more investors that are affiliated hold a majority of any Class of Notes, it may be more difficult for other investors to take certain actions that require consent of any such Classes of Notes without their consent. For example, optional redemption and the removal of the Collateral Manager for cause and the appointment of a successor Collateral Manager are at the direction of holders of specified percentages of Subordinated Notes.

### 3.23 Enforcement Rights Following an Event of Default

If an Event of Default occurs and is continuing, the Trustee may, at its discretion, and shall, at the request of the Controlling Class acting by way of Extraordinary Resolution (subject, in each case, to the Trustee being indemnified and/or secured and/or prefunded to its satisfaction), give notice to the Issuer and the Collateral Manager that all the Notes are immediately due and repayable, provided that following the occurrence of an

Event of Default described in Condition 10(a)(vi) (*Insolvency Proceedings*) such notice shall be deemed to have been given and all the Notes shall automatically become immediately due and payable.

At any time after the Notes become due and repayable and the security under the Trust Deed becomes enforceable, the Trustee may, at its discretion, and shall, if so directed by the Controlling Class acting by Ordinary Resolution (subject, in each case, to the Trustee being indemnified and/or secured and/or prefunded to its satisfaction), take Enforcement Action (as defined in the Conditions) in respect of the security over the Collateral provided that no such Enforcement Action may be taken by the Trustee unless: (A) it (or an agent or Appointee appointed by it, which may be the Collateral Manager) determines, subject to consultation by the Trustee or such agent or Appointee with the Collateral Manager (unless the Collateral Manager is the Appointee), determines that the anticipated proceeds realised from such Enforcement Action (after deducting any expenses properly incurred in connection therewith) would be sufficient to discharge in full all amounts due and payable in respect of all Classes of Notes other than the Subordinated Notes (including, without limitation, Deferred Interest on the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes) and all amounts payable in priority to the Subordinated Notes pursuant to the Priorities of Payments; or otherwise (B) in the case of an Event of Default specified in sub-paragraphs (i), (ii) or (iv) of Condition 10 (*Events of Default*) the Controlling Class acting by way of Extraordinary Resolution (and no other Class of Notes) may direct the Trustee to take Enforcement Action without regard to any other Event of Default which has occurred prior to, contemporaneously or subsequent to such Event of Default.

The requirements described above could result in the Controlling Class being unable to procure enforcement of the security over the Collateral in circumstances in which they desire such enforcement and may also result in enforcement of such security in circumstances where the proceeds of liquidation thereof would be insufficient to ensure payment in full of all amounts due and payable in respect of the Notes in accordance with the Post-Acceleration Priority of Payments and/or at a time when enforcement thereof may be adverse to the interests of certain Classes of Notes and, in particular, the Subordinated Notes.

### 3.24 Certain ERISA Considerations

Under a regulation of the U.S. Department of Labor, as modified by Section 3(42) of ERISA, if certain employee benefit plans or other retirement arrangements subject to the fiduciary responsibility provisions of Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended, (“**ERISA**”) or Section 4975 of the U.S. Internal Revenue Code of 1986, as amended, (the “**Code**”) or entities whose underlying assets are treated as assets of such plans or arrangements (collectively, “**Plans**”) invest in a Class of Notes that is treated as equity under the regulation (which could include the Class E Notes or the Class F Notes and which likely includes the Subordinated Notes), the assets of the Issuer could be considered to be assets of such Plans and certain of the transactions contemplated under such Notes could be considered “prohibited transactions” under Section 406 of ERISA or Section 4975 of the Code. See the section entitled “*Certain ERISA Considerations*” below.

### 3.25 Forced Transfer

Each initial purchaser of an interest in a Rule 144A Note and each transferee of an interest in a Rule 144A Note will be deemed to represent at the time of purchase that, amongst other things, the purchaser is both a QIB and a QP. In addition each Noteholder will be deemed or in some cases required to make certain representations in respect of ERISA and laws and regulations applicable to other plans.

The Trust Deed provides that if, notwithstanding the restrictions on transfer contained therein, the Issuer determines that any holder of an interest in a Rule 144A Note is a U.S. person as defined under Regulation S under the Securities Act (a “**U.S. Person**”) and is not both a QIB and a QP at the time it acquires an interest in a Rule 144A Note (any such person, a “**Non-Permitted Noteholder**”), the Issuer shall, promptly after determination that such person is a Non-Permitted Noteholder by the Issuer, send notice to such Non-Permitted Noteholder demanding that such holder transfer its interest outside the United States to a non-U.S. Person or to a person that is not a Non-Permitted Noteholder within 30 days of the date of such notice. If such holder fails to effect the transfer required within such 30-day period, (a) the Issuer or the Collateral Manager on its behalf and at the expense of the Issuer, shall cause such beneficial interest to be transferred in a commercially reasonable sale to a person or entity that certifies to the Issuer, in connection with such transfer, that such person or entity either is not a U.S. Person or is a QIB/QP and (b) pending such transfer, no further payments will be made in respect of such beneficial interest.

In addition, the Trust Deed provides that:

- (a) if any Noteholder is determined by the Issuer to be a Non-Permitted ERISA Noteholder, such Non-Permitted ERISA Noteholder may be required by the Issuer, within 10 days of receipt of notice from the Issuer, to sell or otherwise transfer its Notes to an eligible purchaser (selected by the Issuer) at a price to be agreed between the Issuer (exercising its sole discretion) and such eligible purchaser at the time of sale, subject to the transfer restrictions set out in the Trust Deed. None of the Issuer, the Trustee and the Registrar shall be liable to any Noteholder having an interest in the Notes sold or otherwise transferred as a result of any such sale or transfer. The Issuer shall be entitled to deduct from the sale or transfer price an amount equal to all the expenses and costs incurred and any loss suffered by the Issuer as a result of such forced transfer. The Non-Permitted ERISA Noteholder will receive the balance, if any; and
- (b) if any Noteholder fails to provide the Issuer or its agents with any correct, complete and accurate information that may be required for the Issuer to comply with FATCA and to prevent the imposition of U.S. federal withholding tax under FATCA on payments to or for the benefit of the Issuer, or if the holder's ownership of any Notes would otherwise cause the Issuer to be subject to tax under FATCA, the Issuer is authorised to withhold amounts otherwise distributable to the holder as compensation for any taxes to which the Issuer is subject under FATCA as a result of such failure or such holder's ownership of Notes, to compel the holder to sell its Notes, and, if the holder does not sell its Notes within 10 Business Days after notice from the Issuer, to sell the holder's Notes on behalf of the holder.

### 3.26 U.S. Tax Risks

#### *Changes in tax law; imposition of tax on Non-U.S. Noteholders*

Distributions on the Notes to a Non-U.S. Noteholder (as defined in “*Tax Considerations – Certain U.S. Federal Income Tax Considerations*”) that provides appropriate tax certifications to the Issuer and gain recognised on the sale, exchange or retirement of the Notes by the Non-U.S. Noteholder will not be subject to U.S. federal income tax unless the payments or gain are effectively connected with a trade or business conducted by the Non-U.S. Noteholder in the United States or, in the case of gain, the Non-U.S. Noteholder is a non-resident alien individual who holds the Notes as a capital asset and is present in the United States for more than 182 days in the taxable year of the sale, and certain other conditions are satisfied. However, no assurance can be given that Non-U.S. Noteholders will not in the future be subject to tax imposed by the United States.

#### *U.S. trade or business*

Although the Issuer intends to operate so as not to be subject to U.S. federal income tax on its net income, if the Issuer were to breach certain of its covenants and acquire certain assets (for example, a “United States real property interest” or an equity interest in an entity that is treated as a partnership for U.S. federal income tax purposes and that is itself engaged in a trade or business in the United States), including upon a foreclosure, or breach certain of its other covenants, the Issuer could be treated as engaged in a U.S. trade or business for U.S. federal income tax purposes. Moreover, a breach of certain of these covenants may not give rise to an Event of Default and may not give rise to a claim against the Issuer or the Collateral Manager. A change in law or its interpretation also could result in the Issuer being treated as engaged in a trade or business in the United States for U.S. federal income tax purposes, or otherwise subject to U.S. federal income tax on a net income basis. If it is determined that the Issuer is treated as engaged in a trade or business in the United States for U.S. federal income tax purposes, and the Issuer has taxable income that is effectively connected with such U.S. trade or business, the Issuer will be subject under the Code to the regular U.S. corporate income tax on its effectively connected taxable income, which may be imposed on a gross basis, and possibly to a 30 per cent. branch profits tax and state and local taxes as well. The imposition of such a tax could materially adversely affect the Issuer's ability to make payments on the Notes.

#### *FATCA*

Under FATCA, the Issuer may be subject to a 30 per cent. withholding tax on certain income, and on the gross proceeds from the sale, maturity, or other disposition of certain of its assets. Under an intergovernmental agreement entered into between the United States and The Netherlands, the Issuer will not be subject to withholding under FATCA if it complies with Dutch implementing legislation that requires the Issuer to provide the name, address, and taxpayer identification number of, and certain other information with respect to, certain Noteholders to the Dutch Tax Authorities (*Belastingdienst*), which would then provide this information to the

IRS. The Issuer shall use reasonable best efforts to comply with the intergovernmental agreement and the legislation. However, there can be no assurance that the Issuer will be able to do so. Moreover, the intergovernmental agreement or the Dutch implementing legislation could be amended to require the Issuer to withhold on “passthru” payments to holders that fail to provide certain information to the Issuer or are certain “foreign financial institutions” that do not comply with FATCA.

If a Noteholder fails to provide the Issuer or its agents with any correct, complete and accurate information or documentation that may be required for the Issuer to comply with FATCA and to prevent the imposition of U.S. federal withholding tax under FATCA on payments to or for the benefit of the Issuer, or if the Noteholder’s ownership of any Notes would otherwise cause the Issuer to be subject to tax under FATCA, the Issuer is authorised to withhold amounts otherwise distributable to the Noteholder, to compel the Noteholder to sell its Notes, and, if the Noteholder does not sell its Notes within 10 business days after notice from the Issuer, to sell the Noteholder’s Notes on behalf of the Noteholder.

*Possible treatment of the Class E Notes and Class F Notes as equity in the Issuer for U.S. federal income tax purposes*

The Class E Notes and Class F Notes could be treated as representing equity in the Issuer for U.S. federal income tax purposes. If the Class E Notes or Class F Notes are so treated, gain on the sale of a Class E Note or Class F Note could be treated as ordinary income and subject to an additional tax in the nature of interest, and certain interest on the Class E Notes or Class F Notes could be subject to the additional tax. U.S. Noteholders (as defined in “*Tax Considerations – Certain U.S. Federal Income Tax Considerations*”) may be able to avoid these adverse consequences by filing a protective “qualified electing fund” election with respect to their Class E Notes and Class F Notes. See “*Tax Considerations – Certain U.S. Federal Income Tax Considerations – U.S. Federal Tax Treatment of U.S. Noteholders of Rated Notes – Possible Treatment of Class E Notes and Class F Notes as Equity for U.S. Federal Income Tax Purposes.*”

*U.S. federal income tax consequences of an investment in the Notes are uncertain*

The U.S. federal income tax consequences of an investment in the Notes are uncertain, as to both the timing and character of any inclusion in income in respect of the Notes. Because of this uncertainty, prospective investors are urged to consult their tax advisors as to the tax consequences of an investment in a Note. For a more complete discussion of the U.S. federal income tax consequences of an investment in a Note, please see the summary under “*Tax Considerations – Certain U.S. Federal Income Tax Considerations*” below.

#### 4. RELATING TO THE COLLATERAL

##### 4.1 The Portfolio

The decision by any prospective holder of Notes to invest in such Notes should be based, among other things (including, without limitation, the identity of the Collateral Manager), on the Eligibility Criteria (and the Reinvestment Criteria, when applicable) which each Collateral Obligation is required to satisfy, as disclosed in this Offering Circular, and on the Portfolio Profile Tests, Collateral Quality Tests, Coverage Tests and Target Par Amount that the Portfolio is required to satisfy as at the Effective Date (other than in respect of the Interest Coverage Tests, which are required to be satisfied on any Measurement Date falling on and after the Determination Date immediately preceding the second Payment Date) and in each case (save as described herein) thereafter. This Offering Circular does not contain any information regarding the individual Collateral Obligations on which the Notes will be secured from time to time. Purchasers of any of the Notes will not have an opportunity to evaluate for themselves the relevant economic, financial and other information regarding the investments to be made by the Issuer and, accordingly, will be dependent upon the judgment and ability of the Collateral Manager in acquiring investments for purchase on behalf of the Issuer over time. No assurance can be given that the Issuer will be successful in obtaining suitable investments or that, if such investments are made, the objectives of the Issuer will be achieved.

Neither the Issuer nor the Initial Purchaser have made any investigation into the Obligors of the Collateral Obligations. The value of the Portfolio may fluctuate from time to time (as a result of substitution or otherwise) and none of the Issuer, the Trustee, the Initial Purchaser, the Custodian, the Collateral Manager, the Collateral Administrator, any other Agent, any Hedge Counterparty or any of their respective Affiliates are under any obligation to maintain the value of the Collateral Obligations at any particular level. None of the Issuer, the Trustee, the Custodian, the Collateral Manager, the Collateral Administrator, any other Agent, any Hedge

Counterparty, the Initial Purchaser or any of their respective Affiliates has any liability to the Noteholders as to the amount or value of, or any decrease in the value of, the Collateral Obligations from time to time.

Furthermore, pursuant to the Collateral Management and Administration Agreement, the Collateral Manager is required to carry out due diligence in accordance with the Standard of Care specified in the Collateral Management and Administration Agreement, to ensure the Eligibility Criteria will be satisfied prior to the entry by the Issuer (or the Collateral Manager (acting on behalf of the Issuer)) into a commitment to purchase an asset intended to constitute a Collateral Obligation and that the Issuer will, upon the settlement of such purchase, become the legal and beneficial holder of such Collateral Obligations in accordance with the terms of the relevant Underlying Instrument and all applicable laws. Noteholders are reliant on the Collateral Manager conducting such due diligence in a manner which ensures that the Collateral Obligations are properly and effectively transferred and satisfy each of the Eligibility Criteria.

#### 4.2 Nature of Collateral; Defaults

The Collateral on which the Notes and the claims of the other Secured Parties are secured will be subject to credit, liquidity, interest rate and exchange rate risks. The Portfolio of Collateral Obligations which will secure the Notes will be predominantly comprised of Secured Senior Loans, Secured Senior Bonds, Unsecured Senior Loans, Second Lien Loans and High Yield Bonds lent to or issued by a variety of Obligor with a principal place of business in a Non-Emerging Market Country which are primarily rated below investment grade.

The lower rating of below investment grade collateral reflects a greater possibility that adverse changes in the financial condition of an issuer or borrower or in general economic conditions or both may impair the ability of the relevant issuer or borrower, as the case may be, to make payments of principal or interest. Such investments may be speculative. See “*The Portfolio*” section of this Offering Circular.

An investment in the Notes of any Class involves a degree of risk arising from fluctuations in the amount and timing of receipt of the principal and interest on the Collateral Obligations by or on behalf of the Issuer and the amounts of the claims of creditors of the Issuer ranking in priority to the holders of each Class of Notes. In particular, prospective purchasers of such Notes should be aware that the amount and timing of payment of the principal and interest on the Collateral Obligations will depend upon the detailed terms of the documentation relating to each of the Collateral Obligations and on whether or not any Obligor thereunder defaults in its obligations.

The subordination levels of each Class of Notes will be established to withstand certain assumed deficiencies in payment caused by defaults on the related Collateral Obligations. If, however, actual payment deficiencies exceed such assumed levels, payments on the relevant Class of Notes could be adversely affected. Whether and by how much defaults on the Collateral Obligations adversely affect each Class of Notes will be directly related to the level of subordination thereof pursuant to the Priorities of Payments. The risk that payments on the Notes could be adversely affected by defaults on the related Collateral Obligations is likely to be increased to the extent that the Portfolio of Collateral Obligations is concentrated in any one issuer, industry, region or country as a result of the increased potential for correlated defaults in respect of a single issuer or within a single industry, region or country as a result of downturns relating generally to such industry, region or country. Subject to any confidentiality obligations binding on the Issuer, Noteholders will receive information through the Reports from time to time of the identity of Collateral Obligations which are Defaulted Obligations.

To the extent that a default occurs with respect to any Collateral Obligation and the Issuer or Trustee sells or otherwise disposes of such Collateral Obligation, the proceeds of such sale or disposition are likely to be less than the unpaid principal and interest thereon. Even in the absence of a default with respect to any of the Collateral Obligations, the potential volatility and illiquidity of the sub-investment grade high yield and leveraged loan markets means that the market value of such Collateral Obligations at any time will vary, and may vary substantially, from the price at which such Collateral Obligations were initially purchased and from the principal amount of such Collateral Obligations. Accordingly, no assurance can be given as to the amount of proceeds of any sale or disposition of such Collateral Obligations at any time, or that the proceeds of any such sale or disposition would be sufficient to repay a corresponding par amount of principal of and interest on the Notes after, in each case, paying all amounts payable prior thereto pursuant to the Priorities of Payments. Moreover, there can be no assurance as to the amount or timing of any recoveries received in respect of Defaulted Obligations.

### 4.3 Acquisition of Collateral Obligations Prior to the Issue Date

On behalf of the Issuer, the Collateral Manager has acquired, and will continue to enter into binding commitments to acquire, Collateral Obligations prior to the Issue Date pursuant to a financing arrangement (the “**Warehouse Arrangements**”). The Warehouse Arrangements were provided by a senior lender, a senior noteholder and a junior noteholder (the “**Warehouse Providers**”) which include the Initial Purchaser and the Collateral Manager or affiliates thereof. Some of the Collateral Obligations may have been acquired from the Warehouse Providers. The Warehouse Arrangements must be terminated in all respects on the Issue Date, and all amounts owing to the Warehouse Providers in connection with such arrangements must be repaid on or prior to the Issue Date, including from the proceeds of the issuance of the Notes.

The Issuer (or the Collateral Manager on behalf of the Issuer) has purchased or entered into certain agreements to purchase a substantial portion of the Portfolio on or prior to the Issue Date and will use the proceeds of the issuance of the Notes to settle any outstanding trades on the Issue Date and to repay the Warehouse Providers in respect of the Warehouse Arrangements which were used to finance the purchase of such Collateral Obligations prior to the Issue Date.

The prices paid for such Collateral Obligations will be the market value thereof on the date the Issuer entered into the commitment to purchase, which may be greater or less than the market value thereof on the Issue Date. Events occurring between the date of the Issuer first acquiring a Collateral Obligation and on or prior to the Issue Date, including changes in prevailing interest rates, prepayments of principal, developments or trends in any particular industry, changes in the financial condition of the Obligors of Collateral Obligations, the timing of purchases prior to the Issue Date and a number of other factors beyond the Issuer’s control, including the condition of certain financial markets, general economic conditions and international political events, could adversely affect the market value of the Collateral Obligations acquired prior to the Issue Date.

In addition, any interest or other amounts paid or accrued on such Collateral Obligations during the period prior to the Issue Date will be paid to the Warehouse Providers on the Issue Date. Investors in the Notes will be assuming the risk of market value and credit quality changes in the Collateral Obligations from the date such Collateral Obligations are acquired during the period prior to the Issue Date but will not receive the benefit of interest earned on the Collateral Obligations during such period provided that any risk in relation to any Collateral Obligations which are ineligible collateral as at the Issue Date or which do not satisfy the Eligibility Criteria as at the Issue Date shall be borne by the Warehouse Providers.

For reasons not necessarily attributable to any of the risks set forth herein (for example, supply/demand imbalances or other market forces), the prices of the Collateral Obligations in which the Issuer invests may decline substantially. In particular, purchasing assets at what may appear to be “undervalued” levels is no guarantee that these assets will not be trading at even lower levels at a time of valuation or at the time of sale. It may not be possible to predict, or to hedge against, such risk.

The requirement that the Eligibility Criteria be satisfied applies only (i) other than in respect of any Issue Date Collateral Obligation, at the time that any commitment to purchase a Collateral Obligation is entered into and (ii) in respect of Issue Date Collateral Obligations, on the Issue Date and, in each case in respect of certain of the Eligibility Criteria that comprise the Restructured Obligation Criteria, in relation to any Restructured Obligation, on the applicable Restructuring Date. Any failure by such Collateral Obligation to satisfy the relevant Eligibility Criteria at a later stage will not result in any requirement to sell it or take any other action.

#### *Considerations Relating to the Initial Investment Period*

During the Initial Investment Period, the Collateral Manager on behalf of the Issuer, will seek to acquire additional Collateral Obligations in order to satisfy, as at the Effective Date, each of the Coverage Tests (other than in respect of the Interest Coverage Tests, which are required to be satisfied on any Measurement Date falling on and after the Determination Date immediately preceding the second Payment Date), Collateral Quality Tests, Portfolio Profile Tests and Target Par Amount requirement. See “*The Portfolio*”. The ability to satisfy such tests and requirement will depend on a number of factors beyond the control of the Issuer and the Collateral Manager, including the availability of obligations that satisfy the Eligibility Criteria and other Portfolio related requirements in the primary and secondary loan markets, the condition of the financial markets, general economic conditions and international political events. Therefore, there can be no assurance that such tests and requirements will be met. In addition, the ability of the Issuer to enter into Currency Hedge Transactions upon the acquisition of Non-Euro Obligations will depend upon a number of factors outside the control of the Collateral Manager, including its ability to identify a suitable Currency Hedge Counterparty with

whom the Issuer may enter into Currency Hedge Transactions. See also “*European Market Infrastructure Regulation (EMIR)*” above. To the extent it is not possible to purchase such additional Collateral Obligations, the level of income receivable by the Issuer on the Collateral, and therefore its ability to meet its interest payment obligations under the Notes, may be adversely affected. Such inability to invest may also shorten the weighted average lives of the Notes as it may lead to early redemption of the Notes. To the extent such additional Collateral Obligations are not purchased, the level of income receivable by the Issuer on the Collateral and therefore its ability to meet its interest payment obligations under the Notes, together with the weighted average lives of the Notes, may be adversely affected. Any failure by the Collateral Manager (on behalf of the Issuer) to acquire such additional Collateral Obligations and/or enter into required Currency Hedge Transactions during such period could result in the non-confirmation or downgrade or withdrawal by any Rating Agency of its Initial Rating of any Class of Notes. Such non-confirmation, downgrade or withdrawal may result in the redemption of the Notes, shortening their weighted average life and reducing the leverage ratio of the Subordinated Notes to the other Classes of Notes which could adversely affect the level of returns to the Subordinated Noteholders. Any such redemption of the Notes may also adversely affect the risk profile of Classes of Notes in addition to the Subordinated Notes to the extent that the amount of excess spread capable of being generated in the transaction reduces as the result of redemption of the most senior ranking Classes of Notes in accordance with the Note Payment Sequence which bear a lower rate of interest than the remaining Classes of Rated Notes.

Investors should note that, at any time prior to the Determination Date related to the first Payment Date, the Collateral Manager may, at its discretion, transfer some or all amounts standing to the credit of the First Period Reserve Account to the Unused Proceeds Account. Such transfer may affect the amounts which would otherwise have been payable to Noteholders and, in particular, may reduce amounts available for distribution to the Subordinated Noteholders on the first Payment Date.

#### 4.4 Prepayment Risk

Loans are generally prepayable in whole or in part at any time at the option of the obligor thereof at par plus accrued and unpaid interest thereon. Secured Senior Bonds may include obligor call or prepayment features, with or without a premium or makewhole. Prepayments on loans and bonds may be caused by a variety of factors, which are difficult to predict. Accordingly, there exists a risk that loans or bonds purchased at a price greater than par may experience a capital loss as a result of such a prepayment. In addition, Principal Proceeds received upon such a prepayment are subject to reinvestment risk. Any inability of the Issuer to reinvest payments or other proceeds in Collateral Obligations with comparable interest rates in compliance with the Reinvestment Criteria may adversely affect the timing and amount of payments and distributions received by the Noteholders and the yield to maturity of the Notes. There can be no assurance that the Issuer will be able to reinvest proceeds in Collateral Obligations with comparable interest rates in compliance with the Reinvestment Criteria or (if it is able to make such reinvestments) as to the length of any delays before such investments are made.

#### 4.5 Defaults and Recoveries

There is limited historical data available as to the levels of defaults and/or recoveries that may be experienced on Senior Obligations, Second Lien Loans or High Yield Bonds and no assurance can be given as to the levels of default and/or recoveries that may apply to any Senior Obligations, Second Lien Loans and High Yield Bonds purchased by the Issuer. As referred to above, although any particular Senior Obligations, Second Lien Loans or High Yield Bonds often will share many similar features with other loans and obligations of its type, the actual terms of any particular Senior Obligations, Second Lien Loans and High Yield Bonds will have been a matter of negotiation and will thus be unique. The types of protection afforded to creditors will therefore vary from investment to investment. Recoveries on both Senior Obligations, Second Lien Loans and High Yield Bonds may also be affected by the different bankruptcy regimes applicable in different jurisdictions, the availability of comprehensive security packages in different jurisdictions and the enforceability of claims against the Obligors thereunder.

The effect of an economic downturn on default rates and the ability of finance providers to protect their investment in a default situation is uncertain. Furthermore, the holders of Senior Obligations and Second Lien Loans are more diverse than ever before, including not only banks and specialist finance providers but also alternative collateral managers, specialist debt and distressed debt investors and other financial institutions. The increasing diversification of the investor base has also been accompanied by an increase in the use of hedges, swaps and other derivative instruments to protect against or spread the economic risk of defaults. All of these developments may further increase the risk that historic recovery levels will not be realised. The returns on

Senior Obligations, Second Lien Loans and/or High Yield Bonds therefore may not adequately reflect the risk of future defaults and the ultimate recovery rates.

A non-investment grade loan or debt obligation or an interest in a non-investment grade loan is generally considered speculative in nature and may become a Defaulted Obligation for a variety of reasons. Upon any Collateral Obligation becoming a Defaulted Obligation, such Defaulted Obligation may become subject to either substantial workout negotiations or restructuring, which may entail, among other things, a substantial change in the interest rate, a substantial write-down of principal, a conversion of some or all of the principal debt into equity, and a substantial change in the terms, conditions and covenants with respect to such Defaulted Obligation. Junior creditors may find that a restructuring leads to the total eradication of their debt whilst the borrower continues to service more senior tranches of debt on improved terms for the senior lenders. In addition, such negotiations or restructuring may be quite extensive and protracted over time, and therefore may result in uncertainty with respect to the ultimate recovery on such Defaulted Obligation. Forum shopping for a favourable legal regime for a restructuring is not uncommon, English law schemes of arrangement having become a popular tool for European incorporated companies, even for borrowers with little connection to the UK. In such instance, a lender may be forced by a court to accept restructuring terms. The liquidity for Defaulted Obligations may be limited, and to the extent that Defaulted Obligations are sold, it is highly unlikely that the proceeds from such sale will be equal to the amount of unpaid principal and interest thereon. Furthermore, there can be no assurance that the ultimate recovery on any Defaulted Obligation will be at least equal either to the minimum recovery rate assumed by the Rating Agencies in rating the Notes or any recovery rate used in the analysis of the Notes by investors in determining whether to purchase the Notes.

Recoveries on Senior Obligations and Second Lien Loans will also be affected by the different bankruptcy regimes applicable in different European jurisdictions and the enforceability of claims against the Obligors thereunder. See “*Insolvency Considerations relating to Collateral Obligations*” below.

For the purpose of the foregoing “**Senior Obligations**” means Secured Senior Loans, Secured Senior Bonds and Unsecured Senior Loans.

#### 4.6 Underlying Portfolio

##### *Characteristics of Secured Senior Loans, Secured Senior Bonds, Second Lien Loans and High Yield Bonds*

The Portfolio Profile Tests provide that as of the Effective Date, the Collateral Principal Amount, must consist of either “not less than” or “not more than” certain specified percentages of particular categories of Collateral Obligations including Secured Senior Loans, Secured Senior Bonds, Second Lien Loans and High Yield Bonds. Secured Senior Loans, Secured Senior Bonds, Second Lien Loans and High Yield Bonds are of a type generally incurred by the Obligors thereunder in connection with highly leveraged transactions, often (although not exclusively) to finance internal growth, pay dividends or other distributions to the equity holders in the Obligor, or finance acquisitions, mergers, and/or share purchases. As a result of the additional debt incurred by the Obligor in the course of such a transaction, the Obligor’s creditworthiness is typically judged by the rating agencies to be below investment grade. Secured Senior Loans and Secured Senior Bonds are typically at the most senior level of the capital structure with Second Lien Loans being subordinated thereto. Secured Senior Loans and Secured Senior Bonds are often secured by specific collateral, including but not limited to, trademarks, patents, accounts receivable, inventory, equipment, buildings, real estate, franchises and common and preferred stock of the Obligor and its subsidiaries and any applicable associated liens relating thereto. In continental Europe, security is often limited to shares in certain group companies, accounts receivable, bank account balances and intellectual property rights. Second Lien Loans may have the benefit of a second priority charge over such assets. Unsecured Senior Loans do not have the benefit of such security. High Yield Bonds are also generally unsecured. Secured Senior Loans usually have shorter terms than more junior obligations and often require mandatory prepayments from excess cash flows, asset dispositions and offerings of debt and/or equity securities.

Secured Senior Bonds and High Yield Bonds typically contain bondholder collective action clauses permitting specified majorities of bondholders to approve matters which, in a typical Secured Senior Loan, would require unanimous lender consent. The Obligor under a Secured Senior Bond or a High Yield Bond may therefore be able to amend the terms of the bond, including terms as to the amount and timing of payments, with the consent of a specified majority of bondholders, either voting by written resolution or as a majority of those attending and voting at a meeting, and the Issuer is unlikely to have a blocking minority position in respect of any such resolution. The Issuer may further be restricted by the Collateral Management and Administration Agreement from voting on certain matters, particularly extensions of maturity, which may be considered at a bondholder

meeting. Consequently, material terms of a Secured Senior Bond or High Yield Bond may be varied without the consent of the Issuer.

Some Collateral Obligations may bear interest at a fixed rate, for example, High Yield Bonds. Risks associated with fixed rate obligations are discussed at “*Interest Rate Risk*” below.

The majority of Senior Loans and Second Lien Loans bear interest based on a floating rate index, for example EURIBOR, a certificate of deposit rate, a prime or base rate (each as defined in the applicable loan agreement) or other index, which may reset daily (as most prime or base rate indices do) or offer the borrower a choice of one, two, three, six, nine or twelve month interest and rate reset periods. The purchaser of an interest in a Secured Senior Loan or Second Lien Loan may receive certain syndication or participation fees in connection with its purchase. Other fees payable in respect of a Secured Senior Loan or Second Lien Loan, which are separate from interest payments on such loan, may include facility, commitment, amendment and prepayment fees.

Secured Senior Loans, Secured Senior Bonds and High Yield Bonds also generally provide for restrictive covenants designed to limit the activities of the Obligor thereunder in an effort to protect the rights of lenders to receive timely payments of interest on, and repayment of, principal of the loans. Such covenants may include restrictions on dividend payments, specific mandatory minimum financial ratios, limits on total debt and other financial tests. A breach of covenant (after giving effect to any cure period) under a Secured Senior Loan or Unsecured Senior Loan which is not waived by the lending syndicate normally is an event of acceleration which allows the syndicate to demand immediate repayment in full of the outstanding loan. A breach of covenant (after giving effect to any cure period) under a Secured Senior Bond or a High Yield Bond which is not waived by the requisite majority of the holders thereof is normally an event of default which may trigger the acceleration of the bonds or loans. Although any particular Senior Loan, Secured Senior Bond or High Yield Bond may share many similar features with other loans and obligations of its type, the actual term of any Senior Loan, Secured Senior Bond or High Yield Bond will have been a matter of negotiation and will be unique. Any such particular loan may contain non-standard terms and may provide less protection for creditors than may be expected generally, including in respect of covenants, events of default, security or guarantees.

#### *Limited Liquidity, Prepayment and Default Risk in relation to Secured Senior Loans, Secured Senior Bonds, High Yield Bonds and Unsecured Senior Loans*

In order to induce banks and institutional investors to invest in a Secured Senior Loan or an Unsecured Senior Loan, and to obtain a favourable rate of interest, an Obligor under such an obligation often provides the investors therein with extensive information about its business, which is not generally available to the public. Because of the provision of confidential information, the unique and customised nature of the loan agreement relating to such Secured Senior Loan or Unsecured Senior Loan, and the private syndication thereof, such Secured Senior Loans and Unsecured Senior Loans are not as easily purchased or sold as a publicly traded security, and historically the trading volume in the loan market has been small relative to, for example, the high yield bond market. Historically, investors in or lenders under European Secured Senior Loans and Unsecured Senior Loans have been predominantly commercial banks and investment banks. The range of investors for such loans has broadened significantly to include money managers, insurance companies, arbitrageurs, bankruptcy investors and mutual funds seeking increased potential total returns and collateral managers of trusts or special purpose companies issuing collateralised bond and loan obligations. As secondary market trading volumes increase, new loans are frequently adopting more standardised documentation to facilitate loan trading which should improve market liquidity. There can be no assurance, however, that future levels of supply and demand in loan trading will provide the degree of liquidity which currently exists in the market. This means that such assets will be subject to greater disposal risk if such assets are sold following enforcement of the security over the Collateral or otherwise. The European market for Unsecured Senior Loans is also generally less liquid than that for Secured Senior Loans, resulting in increased disposal risk for such obligations.

Secured Senior Bonds and High Yield Bonds are generally freely transferrable negotiable instruments (subject to standard selling and transfer restrictions to ensure compliance with applicable law, and subject to minimum denominations) and may be listed and admitted to trading on a regulated or an exchange regulated market; however there is currently no liquid market for them to any materially greater extent than there is for Secured Senior Loans. Additionally, as a consequence of the disclosure and transparency requirements associated with such listing, the information supplied by the Obligor to its debtholders may typically be less than would be provided on a Secured Senior Loan.

### *Investing in Cov-Lite Loans involves certain risks*

The Issuer or the Collateral Manager acting on its behalf may purchase Collateral Obligations which are Cov-Lite Loans. Cov-Lite Loans typically do not have maintenance covenants. Ownership of Cov-Lite Loans may expose the Issuer to different risks, including with respect to liquidity, price volatility and ability to restructure loans, than is the case with loans that have maintenance covenants. In addition, the lack of maintenance covenants may make it more difficult for lenders to trigger a default in respect of such obligations. This may make it more likely that any default arising under a Cov-Lite Loan will arise at a time when the relevant Obligor is in a greater degree of financial stress. Such a delay may make a successful restructuring more difficult to achieve and/or result in a greater reduction in the value of the Cov-Lite Loans as a consequence of any restructuring effected in such circumstances.

### *Characteristics of High Yield Bonds*

High Yield Bonds are generally unsecured, may be subordinated to other obligations of the applicable obligor and generally involve greater credit and liquidity risks than those associated with investment grade corporate obligations. They are often issued in connection with leveraged acquisitions or recapitalisations in which the obligors thereunder incur a substantially higher amount of indebtedness than the level at which they previously operated.

High Yield Bonds have historically experienced greater default rates than investment grade securities. Although several studies have been made of historical default rates in the U.S. high yield market, such studies do not necessarily provide a basis for drawing definitive conclusions with respect to default rates and, in any event, do not necessarily provide a basis for predicting future default rates in either the European or the U.S. high yield markets which may exceed the hypothetical default rates assumed by investors in determining whether to purchase the Notes or by the Rating Agencies in rating the Notes.

The lower rating of securities in the high yield sector reflects a greater possibility that adverse changes in the financial condition of an issuer thereof, or in general economic conditions (including a sustained period of rising interest rates or an economic downturn), or both, may affect the ability of such issuer to make payments of principal and interest on its debt. Many issuers of High Yield Bonds are highly leveraged, and specific developments affecting such issuers, including reduced cash flow from operations or inability to refinance debt at maturity, may also adversely affect such issuers' ability to meet their debt service obligations. There can be no assurance as to the levels of defaults and/or recoveries that may be experienced on the High Yield Bonds in the Portfolio.

European High Yield Bonds are generally subordinated structurally, as opposed to contractually, to senior secured debtholders. Structural subordination is when a high yield security investor lends to a holding company whose primary asset is ownership of a cash-generating operating company or companies. The debt investment of the high yield investor is serviced by passing the revenues and tangible assets from the operating companies upstream through the holding company (which typically has no revenue-generating capacity of its own) to the security holders. In the absence of upstream guarantees from operating or asset owning companies in the group, such a process leaves the High Yield Bond investors deeply subordinated to secured and unsecured creditors of the operating companies and means that investors therein will not necessarily have access to the same security package as the senior lenders (even on a second priority charge basis) or be able to participate directly in insolvency proceedings or pre-insolvency discussions relating to the operating companies within the group. This facet of the European high yield market differs from the U.S. high yield market, where structural subordination is markedly less prevalent.

In the case of High Yield Bonds issued by issuers with their principal place of business in Europe, structural subordination of High Yield Bonds, coupled with the relatively shallow depth of the European high yield market, leads European high yield defaults to realise lower average recoveries than their U.S. counterparts. Another factor affecting recovery rates for European high yield bonds is the bankruptcy regimes applicable in different European jurisdictions and the enforceability of claims against the high yield bond issuer. See "*Insolvency Considerations relating to Collateral Obligations*" below. It must be noted, however, that the overall probability of default (based on credit rating) remains similar for both U.S. and European credits; it is the severity of the effect of any default that differs between the two markets as a result of the aforementioned factors.

In addition to the characteristics described above, high yield securities frequently have call or redemption features that permit the issuer to redeem such obligations prior to their final maturity date. If such a call or

redemption were exercised by an issuer during a period of declining interest rates, the Collateral Manager, acting on behalf of the Issuer, may only be able to replace such called obligation with a lower yielding obligation, thus decreasing the net investment income from the Portfolio.

#### *Investing in Second Lien Loans involves certain risks*

The Collateral Obligations may include Second Lien Loans, each of which will be secured by a collateral, but which is subordinated (with respect to liquidation preferences with respect to pledged collateral) to other secured obligations of the Obligors secured by all or a portion of the collateral securing such secured loan. Second Lien Loans are typically subject to intercreditor arrangements, the provisions of which may prohibit or restrict the ability of the holder of a Second Lien Loan to (i) exercise remedies against the collateral with respect to their second liens; (ii) challenge any exercise of remedies against the collateral by the first lien lenders with respect to their first liens; (iii) challenge the enforceability or priority of the first liens on the collateral; and (iv) exercise certain other secured creditor rights, both before and during a bankruptcy of the borrower. In addition, during a bankruptcy of the Obligor, the holder of a Second Lien Loan may be required to give advance consent to (a) any use of cash collateral approved by the first lien creditors; (b) sales of collateral approved by the first lien lenders and the bankruptcy court, so long as the second liens continue to attach to the sale proceeds; and (c) “debtor-in-possession” financings.

Liens arising by operation of law may take priority over the Issuer’s liens on an Obligor’s underlying collateral and impair the Issuer’s recovery on a Collateral Obligation if a default or foreclosure on that Collateral Obligation occurs.

Liens on the collateral (if any) securing a Collateral Obligation may arise at law that have priority over the Issuer’s interest. An example of a lien arising under law is a tax or other government lien on property of an Obligor. A tax lien may have priority over the Issuer’s lien on such collateral. To the extent a lien having priority over the Issuer’s lien exists with respect to the collateral related to any Collateral Obligation, the Issuer’s interest in the asset will be subordinate to such lien. If the creditor holding such lien exercises its remedies, it is possible that, after such creditor is repaid, sufficient cash proceeds from the underlying collateral will not be available to pay the outstanding principal amount of such Collateral Obligation.

#### *Investing in Unsecured Senior Loans involves certain risks*

Unsecured Senior Loans are unsecured obligations of the applicable obligor, may be subordinated to other obligations of the obligor and generally have greater credit, insolvency and liquidity risk than is typically associated with investment grade obligations and secured obligations. Unsecured Senior Loans will generally have lower rates of recovery than secured obligations following a default. Also, if the insolvency of an obligor of any Unsecured Senior Loan occurs, the holders of such Unsecured Senior Loan will be considered general, unsecured creditors of the obligor and will have fewer rights than secured creditors of the obligor.

#### 4.7 Corporate Rescue Loans

Corporate Rescue Loans are made to companies that have experienced, or are experiencing, significant financial or business difficulties such that they have become subject to bankruptcy or other reorganisation and liquidation proceedings and thus involve additional risks. The level of analytical sophistication, both financial and legal, necessary for successful investment in companies experiencing significant business and financial difficulties is unusually high. There is no assurance that the Issuer will correctly evaluate the value of the assets securing the Corporate Rescue Loan or the prospects for a successful reorganisation or similar action and accordingly the Issuer could suffer significant losses on its investments in such Corporate Rescue Loan. In any reorganisation or liquidation case relating to a company in which the Issuer invests, the Issuer may lose its entire investment, may be required to accept cash or securities with a value less than the Issuer’s original investment and/or may be required to accept payment over an extended period of time.

Distressed company and other asset-based investments require active monitoring and may, at times, require participation by the Issuer in business strategy or bankruptcy proceedings. To the extent that the Issuer becomes involved in such proceedings, the Issuer’s more active participation in the affairs of the bankruptcy debtor could result in the imposition of restrictions limiting the Issuer’s ability to liquidate its position in the debtor.

Although a Corporate Rescue Loan is secured, where the Obligor is subject to U.S. bankruptcy law, it has a priority permitted by section 364(c) or section 364(d) under the United States Bankruptcy Code and at the time that it is acquired by the Issuer is required to be current with respect to scheduled payments of interest and

principal (if any). This will not typically be the case for Obligor who are not subject to U.S. bankruptcy proceedings.

#### 4.8 Collateral Enhancement Obligations

All funds required in respect of the purchase price of any Collateral Enhancement Obligations and all funds required in respect of the exercise price of any rights or options thereunder, may only be paid out of the Balance standing to the credit of the Supplemental Reserve Account at the relevant time. Such Balance shall be comprised of (i) all sums deposited therein from time to time which will comprise interest payable in respect of the Subordinated Notes which the Collateral Manager, acting on behalf of the Issuer, determines shall be paid into the Supplemental Reserve Account pursuant to the Priorities of Payments rather than being paid to the Subordinated Noteholders; (ii) the amount of any Reinvestment Amounts contributed by a Reinvesting Noteholder and deposited into the Supplemental Reserve Account during the Reinvestment Period in accordance with the Conditions and the Trust Deed and (iii) the proceeds from any issue of additional Subordinated Notes in accordance with Condition 17(b) (*Additional Subordinated Notes*).

The Collateral Manager is under no obligation whatsoever to exercise its discretion (acting on behalf of the Issuer) to take any of the actions described above and there can be no assurance that the Balance standing to the credit of the Supplemental Reserve Account will be sufficient to fund the exercise of any right or option under any Collateral Enhancement Obligation at any time. The ability of the Collateral Manager (acting on behalf of the Issuer) to exercise any rights or options under any Collateral Enhancement Obligation will be dependent upon there being sufficient amounts standing to the credit of the Supplemental Reserve Account to pay the costs of any such exercise. Failure to exercise any such right or option may result in a reduction of the returns to the Subordinated Noteholders (and, potentially, Noteholders of other Classes).

Collateral Enhancement Obligations and any income or return generated thereby are not taken into account for the purposes of determining satisfaction of, or required to satisfy, any of the Coverage Tests, the Portfolio Profile Tests, the Collateral Quality Tests or the Reinvestment Overcollateralisation Test.

#### 4.9 Limited Control of Administration and Amendment of Collateral Obligations

As a holder of an interest in a syndicated loan, the Issuer will have limited consent and control rights and such rights may not be effective in view of the expected proportion of such obligations held by the Issuer. The Collateral Manager will exercise or enforce, or refrain from exercising or enforcing, any or all of the Issuer's rights in connection with the Collateral Obligations or any related documents or will refuse amendments or waivers of the terms of any underlying asset and related documents in accordance with its portfolio management practices and the standard of care specified in the Collateral Management and Administration Agreement. The Noteholders will not have any right to compel the Collateral Manager to take or refrain from taking any actions other than in accordance with its portfolio management practices and the standard of care specified in the Collateral Management and Administration Agreement.

The Collateral Manager may, in accordance with its portfolio management practices and subject to the Trust Deed and the Collateral Management and Administration Agreement, agree on behalf of the Issuer to extend or defer the maturity, or adjust the outstanding balance of any underlying asset, or otherwise amend, modify or waive the terms of any related loan agreement, including the payment terms thereunder. Any amendment, waiver or modification of an underlying asset could postpone the expected maturity of the Notes and/or reduce the likelihood of timely and complete payment of interest on or principal of the Notes.

#### 4.10 Participations, Novations and Assignments

The Collateral Manager, acting on behalf of the Issuer may acquire interests in Collateral Obligations which are loans either directly (by way of novation or assignment) or indirectly (by way of sub participation). Each institution from which such an interest is taken by way of participation or acquired by way of assignment is referred to herein as a "**Selling Institution**". Interests in loans acquired directly by way of novation or assignment are referred to herein as "**Assignments**". Interests in loans taken indirectly by way of sub participation are referred to herein as "**Participations**".

The purchaser of an Assignment typically succeeds to all the rights of the assigning Selling Institution and becomes entitled to the benefit of the loans and the other rights of the lender under the loan agreement. The Issuer, as an assignee, will generally have the right to receive directly from the borrower all payments of principal and interest to which it is entitled, provided that notice of such Assignment has been given to the

borrower. As a purchaser of an Assignment, the Issuer typically will have the same voting rights as other lenders under the applicable loan agreement and will have the right to vote to waive enforcement of breaches of covenants. The Issuer will generally also have the same rights as other lenders to enforce compliance by the borrower with the terms of the loan agreement, to set off claims against the borrower and to have recourse to collateral supporting the loan. As a result, the Issuer will generally not bear the credit risk of the Selling Institution and the insolvency of the Selling Institution should have no effect on the ability of the Issuer to continue to receive payment of principal or interest from the borrower once the novation or assignment is complete. The Issuer will, however, assume the credit risk of the borrower. The purchaser of an Assignment also typically succeeds to and becomes entitled to the benefit of any other rights of the Selling Institution in respect of the loan agreement including the right to the benefit of any security granted in respect of the loan interest transferred. The loan agreement usually contains mechanisms for the transfer of the benefit of the loan and the security relating thereto. The efficacy of these mechanisms is rarely tested, if ever, and there is debate amongst counsel in continental jurisdictions over their effectiveness. With regard to some of the loan agreements, security will have been granted over assets in different jurisdictions. Some of the jurisdictions will require registrations, filings and/or other formalities to be carried out not only in relation to the transfer of the loan but, depending on the mechanism for transfer, also with respect to the transfer of the benefit of the security.

Participations by the Issuer in a Selling Institution's portion of the loan typically results in a contractual relationship only with such Selling Institution and not with the borrower under such loan. The Issuer would, in such case, only be entitled to receive payments of principal and interest to the extent that the Selling Institution has received such payments from the borrower. In purchasing Participations, the Issuer generally will have no right to enforce compliance by the borrower with the terms of the applicable loan agreement and the Issuer may not directly benefit from the collateral supporting the loan in respect of which it has purchased a Participation. As a result, the Issuer will assume the credit risk of both the borrower and the Selling Institution selling the Participation. In the event of the insolvency of the Selling Institution selling a Participation, the Issuer may be treated as a general creditor of the Selling Institution and may not benefit from any set off between the Selling Institution and the borrower and the Issuer may suffer a loss to the extent that the borrower sets off claims against the Selling Institution. The Issuer may purchase a Participation from a Selling Institution that does not itself retain any economic interest of the loan, and therefore, may have limited interest in monitoring the terms of the loan agreement and the continuing creditworthiness of the borrower. When the Issuer holds a Participation in a loan it generally will not have the right to participate directly in any vote to waive enforcement of any covenants breached by a borrower. A Selling Institution voting in connection with a potential waiver of a restrictive covenant may have interests which are different from those of the Issuer and such Selling Institutions may not be required to consider the interest of the Issuer in connection with the exercise of its votes. Whilst the Issuer may have a right to elevate a Participation to a direct interest in the participated loan, such right may be limited by a number of factors.

In addition, Participations may be subject to the exercise of the "bail-in" powers attributed to Resolution Authorities under the BRRD or similar resolution mechanisms provided for in the SRM Regulation. See "*EU Bank Recovery and Resolution Directive*" above.

Additional risks are therefore associated with the purchase of Participations by the Issuer as opposed to Assignments. The Portfolio Profile Tests including the Bivariate Risk Table impose limits on the amount of Collateral Obligations that may comprise Participations as a proportion of the Collateral Principal Amount.

#### 4.11 Voting Restrictions on Syndicated Loans for Minority Holders

The Issuer will generally purchase each underlying asset in the form of an assignment of, or participation interest in, a note or other obligation issued under a loan facility to which more than one lender is a party. These loan facilities are administered for the lenders by a lender or other agent acting as the lead administrator. The terms and conditions of these loan facilities may be amended, modified or waived only by the agreement of the lenders. Generally, any such agreement requires the consent of a majority or a super-majority (measured by outstanding loans or commitments) or, in certain circumstances, a unanimous vote of the lenders, and the Issuer may have a minority interest in such loan facilities. Consequently, the terms and conditions of an underlying asset issued or sold in connection with a loan facility could be modified, amended or waived in a manner contrary to the preferences of the Issuer if the amendment, modification or waiver of such term or condition does not require the unanimous vote of the lenders and a sufficient number of the other lenders concur with such modification, amendment or waiver. There can be no assurance that any Collateral Obligations issued or sold in connection with any loan facility will maintain the terms and conditions to which the Issuer or a predecessor in interest to the Issuer originally agreed.

#### 4.12 Counterparty Risk

Assignments, Participations and Hedge Transactions involve the Issuer entering into contracts with counterparties. Pursuant to such contracts, the counterparties agree to make payments to the Issuer under certain circumstances as described therein. The Issuer will be exposed to the credit risk of the counterparty with respect to any such payments. Counterparties in respect of Participations and Hedge Transactions are required to satisfy the applicable Rating Requirement, upon entry into the applicable contract or instrument.

If a Hedge Counterparty is subject to a rating withdrawal or downgrade by the Rating Agencies to below the applicable Rating Requirement, there will be a termination event under the applicable Hedge Agreement unless, within the applicable grace period following such rating withdrawal or downgrade, such Hedge Counterparty either transfers its obligations under the applicable Hedge Agreement to a replacement counterparty with the requisite ratings, obtains a guarantee of its obligations by a guarantor with the requisite ratings, collateralises its obligations in a manner satisfactory to the Rating Agencies or employs some other such strategy as may be approved by the Rating Agencies. There can be no assurance that the applicable Hedge Counterparty will be able to transfer its obligations to a suitable replacement counterparty or exercise any of the other aforementioned remedies within the specified remedy period. If the Hedge Counterparty is unable to do so and/or the Issuer is unable to enter into a Replacement Hedge Transaction, this may result in interest rate or currency mismatches, which could adversely affect the ability to make payments on the Notes as the Issuer may not receive payments it would otherwise be entitled to from such Hedge Counterparty to cover its interest rate risk exposure as relating to the Notes or its currency risk exposure in respect of Non-Euro Obligations. For further information, see “*Hedging Arrangements*” below.

Similarly, the Issuer will be exposed to the credit risk of the Account Bank and the Custodian to the extent of, respectively, all cash of the Issuer held in the Accounts and all Collateral of the Issuer held by the Custodian. If the Account Bank or the Custodian is subject to a rating withdrawal or downgrade by the Rating Agencies to below the applicable Rating Requirement, the Issuer shall use its reasonable endeavours to procure the appointment of a replacement Account Bank or Custodian, as the case may be, with the applicable Rating Requirement and within the time limits prescribed for such action in the applicable Transaction Documents.

Transactions with counterparties that are relevant institutions for the purposes of the BRRD may be subject to the exercise of the “bail-in” powers attributed to Resolution Authorities under the BRRD or similar resolution mechanisms provided for in the SRM Regulation. See “*EU Bank Recovery and Resolution Directive*” above.

#### 4.13 Concentration Risk

Although no significant concentration with respect to any particular Obligor, industry or country is expected to exist at the Effective Date, the concentration of the Portfolio in any one Obligor would subject the Notes to a greater degree of risk with respect to defaults by such Obligor, and the concentration of the Portfolio in any one industry would subject the Notes to a greater degree of risk with respect to economic downturns relating to such industry. The Portfolio Profile Tests and Collateral Quality Tests attempt to mitigate any concentration risk in the Portfolio. See “*The Portfolio – Portfolio Profile Tests and Collateral Quality Tests*”.

#### 4.14 Credit Risk

Risks applicable to Collateral Obligations also include the possibility that earnings of the Obligor may be insufficient to meet its debt service obligations thereunder and the declining creditworthiness and potential for insolvency of the Obligor of such Collateral Obligations during period of rising interest rates and economic downturn. An economic downturn could severely disrupt the market for leveraged loans and adversely affect the value thereof and the ability of the Obligor thereunder to repay principal and interest.

#### 4.15 Interest Rate Risk

It is possible that Collateral Obligations (in particular High Yield Bonds) may bear interest at fixed rates and there is no requirement that the amount or portion of Collateral Obligations securing the Notes must bear interest on a particular basis, save for the Portfolio Profile Test which requires that not more than 7.5 per cent. of the Collateral Principal Amount may comprise Fixed Rate Collateral Obligations.

In addition, any payments of principal or interest received in respect of Collateral Obligations and not otherwise reinvested during the Reinvestment Period in Substitute Collateral Obligations will generally be invested in Eligible Investments until shortly before the next Payment Date. There is no requirement that such Eligible Investments bear interest on a particular basis, and the interest rates available for such Eligible Investments are

inherently uncertain. As a result of these factors, it is expected that there will be a fixed/floating rate mismatch and/or a floating rate basis mismatch between the Notes and the underlying Collateral Obligations and Eligible Investments. Such mismatch may be material and may change from time to time as the composition of the related Collateral Obligations and Eligible Investments change and as the liabilities of the Issuer accrue or are repaid. As a result of such mismatches, changes in the level of EURIBOR could adversely affect the ability to make payments on the Notes. In addition, pursuant to the Collateral Management and Administration Agreement, the Collateral Manager, acting on behalf of the Issuer, is authorised to enter into the Hedge Transactions in order to mitigate such interest rate mismatch from time to time, subject to receipt in each case of Rating Agency Confirmation in respect thereof (other than in the case of a Form Approved Hedge) and subject to certain regulatory considerations in relation to swaps, discussed in “*Commodity Pool Regulation*”, “*CFTC Regulations*” and “*European Market Infrastructure Regulation (EMIR)*” above and provided that the relevant Hedge Counterparty has the regulatory capacity to enter into derivative transactions with Dutch residents. However, the Issuer will depend on each Hedge Counterparty to perform its obligations under any Hedge Transaction to which it is a party and if any Hedge Counterparty defaults or becomes unable to perform due to insolvency or otherwise, the Issuer may not receive payments it would otherwise be entitled to from such Hedge Counterparty to cover its interest rate risk exposure.

In addition, some Collateral Obligations permit the Obligor to re-set the interest period applicable to it from quarterly to semi-annual and vice versa. Interest Amounts are due and payable in respect of the Notes on a semi-annual basis following the occurrence of a Frequency Switch Event and on a quarterly basis at all other times. If a significant number of Collateral Obligations re-set to semi-annual interest payments there may be insufficient interest received to make quarterly interest payments on the Notes. In order to mitigate the effects of any such timing mis-match, the Issuer will hold back a portion of the interest received on Collateral Obligations which pay interest less frequently than quarterly in order to make quarterly payments of interest on the Notes (“**Interest Smoothing**”) (at all times other than following the occurrence of a Frequency Switch Event when interest on the Notes will switch to semi-annual pay). In addition, to mitigate re-set risk, a Frequency Switch Event shall occur if (amongst other things) a sufficient portion of the Collateral Obligations re-set from quarterly to semi-annual pay, as more particularly described in the definition of “Frequency Switch Event”. There can be no assurance that Interest Smoothing and the occurrence of a Frequency Switch Event shall be sufficient to mitigate any timing mismatch.

In the case of the Notes which will bear interest at a rate based on EURIBOR for the period from one Payment Date (or, in the case of the first Payment Date, the Issue Date) to the next Payment Date (the “**Floating Rate Notes**”), there may be a timing mismatch between the Floating Rate Notes and the Floating Rate Collateral Obligations as the interest rate on such Floating Rate Collateral Obligations may adjust more frequently or less frequently, on different dates and based on different indices as compared to the interest rates on the Floating Rate Notes. As a result of such mismatches, an increase in the level of EURIBOR could adversely impact the ability of the Issuer to make payments on the Floating Rate Notes. There can be no assurance that the Collateral Obligations and the Eligible Investments will in all circumstances generate sufficient Interest Proceeds to make timely payments of interest on the Notes.

There can be no assurance that the Collateral Obligations and Eligible Investments securing the Notes will in all circumstances generate sufficient Interest Proceeds to make timely payments of interest on the Notes or that any particular levels of return will be generated on the Subordinated Notes.

On 5 June 2014, the European Central Bank announced that it would charge a negative rate of interest on bank deposits with the European Central Bank. To the extent the European Central Bank’s or other central bank’s deposit rate from time to time results in the Account Bank incurring negative deposit rates as a result of maintaining any accounts on the Issuer’s behalf, the Issuer will be required to reimburse the Account Bank in an amount equal to the chargeable interest incurred on such accounts as a result of such negative deposit rates. Prospective investors should note that given recent levels of, and moves in respect of, deposit rates, it appears likely the Issuer will be required to make such payments in reimbursement of the Account Bank. Any such payments shall be paid as Administrative Expenses, subject to and in accordance with the Priorities of Payments and may, accordingly, have a negative impact on the amounts available to the Issuer to apply as payments on the Notes.

#### 4.16 Non-Euro Obligations and Currency Hedge Transactions

##### *Currency Risk*

The Notes are denominated in Euro and the Rated Notes (other than the Class B-2 Notes) bear interest at a floating rate based on EURIBOR. The Class B-2 Notes bear interest at a fixed rate of interest. The Portfolio Profile Tests provide that up to 10 per cent. of the Collateral Principal Amount may comprise Non-Euro Obligations. The percentage of the Portfolio that is comprised of these types of obligations may increase or decrease over the life of the Notes within the limits set by the Portfolio Profile Tests. The Issuer is required to enter into a Currency Hedge Transaction in respect of each Non-Euro Obligation.

Notwithstanding that Non-Euro Obligations are required to be subject to Currency Hedge Transactions, fluctuations in the currency exchange rates for currencies in which Collateral Obligations are denominated may lead to the proceeds of the Portfolio being insufficient to pay all amounts due to the respective Classes of Noteholders. In addition, fluctuations in euro exchange rates may result in a decrease in value of the Portfolio for the purposes of sale thereof (including but not limited to a Non-Euro Obligation upon enforcement of the security over it). Any termination in the case of a Currency Hedge Transaction would result in the Issuer being exposed to currency risk in respect of the related Non-Euro Obligations for so long as the Issuer has not entered into a replacement Currency Hedge Transaction and may result in the Issuer being required to pay a termination amount to the relevant Hedge Counterparty. The Collateral Manager may also be limited at the time of investment in its choice of Collateral Obligations because of the cost of entry into such Currency Hedge Transactions and due to restrictions in the Collateral Management and Administration Agreement with respect thereto. The Collateral Manager may also be unable to find suitable Currency Hedge Counterparties willing to provide Currency Hedge Transactions. There are also currently a number of regulatory initiatives which may make it difficult or impossible for the Issuer to enter into Currency Hedge Transactions or Interest Rate Hedge Transactions. See “*European Market Infrastructure Regulation (EMIR)*”, “*CFTC Regulations*” and “*Commodity Pool Regulation*” above.

The Issuer’s ongoing payment obligations under such Currency Hedge Transactions (including termination payments) may be significant. The payments associated with such hedging arrangements generally rank senior to payments on the Notes.

Defaults, prepayments, trading and other events may increase the risk of a mismatch between the foreign exchange hedges and Collateral Obligations. This may cause losses.

The Issuer will depend upon the Currency Hedge Counterparty to perform its obligations under any hedges. If the Currency Hedge Counterparty defaults or becomes unable to perform due to insolvency or otherwise, the Issuer may not receive payments it would otherwise be entitled to from the Currency Hedge Counterparty to cover its foreign exchange exposure.

#### 4.17 Reinvestment Risk/Uninvested Cash Balances

To the extent the Collateral Manager maintains cash balances invested in short-term investments instead of higher yielding loans or bonds, portfolio income will be reduced which will result in reduced amounts available for payment on the Notes. In some circumstances the cash balances invested in short-term investments may accrue negative interest so that the Issuer is obliged to make payments to the institution with which such short-term investments are made. In general, the larger the amount and the longer the time period during which cash balances remain uninvested the greater the adverse impact on portfolio income which will reduce amounts available for payment on the Notes, especially the Subordinated Notes. The extent to which cash balances remain uninvested will be subject to a variety of factors, including future market conditions and is difficult to predict.

During the Reinvestment Period, subject to compliance with certain criteria and limitations described herein, the Collateral Manager will have discretion to dispose of certain Collateral Obligations and to reinvest the proceeds thereof in Substitute Collateral Obligations in compliance with the Reinvestment Criteria. In addition, during the Reinvestment Period, to the extent that any Collateral Obligations prepay or mature prior to the Maturity Date, the Collateral Manager will seek to invest the proceeds thereof in Substitute Collateral Obligations, subject to the Reinvestment Criteria. In addition, following the expiry of the Reinvestment Period, the Collateral Manager may reinvest Unscheduled Principal Proceeds received in respect of Collateral Obligations and the Sale Proceeds from the sale of Credit Risk Obligations and Credit Improved Obligations (see “*The Collateral Manager May Reinvest After the End of the Reinvestment Period*” above). The yield with respect to such Substitute Collateral Obligations will depend, among other factors, on reinvestment rates available at the time, on the availability of investments which satisfy the Reinvestment Criteria and are acceptable to the Collateral Manager, and on market conditions related to high yield securities and bank loans in general. The need to satisfy such Reinvestment Criteria and identify acceptable investments may require the purchase of Collateral

Obligations with a lower yield than those replaced, with different characteristics than those replaced (including, but not limited to, coupon, maturity, call features and/or credit quality) or require that such funds be maintained in cash or Eligible Investments pending reinvestment in Substitute Collateral Obligations, which will further reduce the Adjusted Collateral Principal Amount. Any decrease in the Adjusted Collateral Principal Amount will have the effect of reducing the amounts available to make distributions of interest on the Notes which will adversely affect cash flows available to make payments on the Notes, especially the most junior Class or Classes of Notes. There can be no assurance that in the event Collateral Obligations are sold, prepaid, or mature, yields on Collateral Obligations that are eligible for purchase will be at the same levels as those replaced and there can be no assurance that the characteristics of any Substitute Collateral Obligations purchased will be the same as those replaced and there can be no assurance as to the timing of the purchase of any Substitute Collateral Obligations.

The timing of the initial investment of the net proceeds of issue of the Notes remaining after the payment of certain fees and expenses due and payable by the Issuer on the Issue Date and reinvestment of Sale Proceeds, Scheduled Principal Proceeds and Unscheduled Principal Proceeds, can affect the return to holders of and cash flows available to make payments on, the Notes, especially the most junior Class or Classes of Notes. Loans and privately placed high yield securities are not as easily (or as quickly) purchased or sold as publicly traded securities for a variety of reasons, including confidentiality requirements with respect to Obligor information, the customised nature of loan agreements and private syndication. The reduced liquidity and lower volume of trading in loans, in addition to restrictions on investment represented by the Reinvestment Criteria, could result in periods of time during which the Issuer is not able to fully invest its cash in Collateral Obligations. The longer the period between reinvestment of cash in Collateral Obligations, the greater the adverse impact may be on the aggregate amount of the Interest Proceeds collected and distributed by the Issuer, including on the Notes, especially the most junior Class or Classes of Notes, thereby resulting in lower yields than could have been obtained if Principal Proceeds were immediately reinvested. In addition, loans are often prepayable by the borrowers thereof with no, or limited, penalty or premium. As a result, loans generally prepay more frequently than other corporate debt obligations of the issuers thereof. Senior loans usually have shorter terms than more junior obligations and often require mandatory repayments from excess cash flow, asset dispositions and offerings of debt and/or equity securities. The increased levels of prepayments and amortisation of loans increase the associated reinvestment risk on the Collateral Obligations which risk will first be borne by Subordinated Noteholders and then by holders of the Rated Notes, beginning with the most junior Class.

In addition, the amount of Collateral Obligations owned by the Issuer on the Issue Date, the timing of purchases of additional Collateral Obligations on and after the Issue Date and the scheduled interest payment dates of those Collateral Obligations may have a material impact on collections of Interest Proceeds during the first Due Period, which could affect interest payments on the Rated Notes and the payment of distributions to the Subordinated Notes on the first Payment Date.

#### 4.18 Ratings on Collateral Obligations

The Collateral Quality Tests, the Portfolio Profile Tests and the Coverage Tests and the Reinvestment Overcollateralisation Test are sensitive to variations in the ratings applicable to the underlying Collateral Obligations. Generally, deteriorations in the business environment or increases in the business risks facing any particular Obligor may result in downgrade of its obligations, which may result in such obligation becoming a Credit Risk Obligation, a CCC Obligation, a Caa Obligation or a Defaulted Obligation (and therefore potentially subject to haircuts in the determination of the Coverage Tests and the Reinvestment Overcollateralisation Test and restrictions in the Portfolio Profile Tests). The Collateral Management and Administration Agreement contains detailed provisions for determining the S&P Rating and the Moody's Rating of Collateral Obligations. In some instances, the S&P Rating and the Moody's Rating will not be based on or derived from a public rating of the Obligor or the actual Collateral Obligation but may be based on either a private rating of the Obligor or Collateral Obligation or, in certain cases, on a confidential credit estimate determined separately by Moody's and S&P. Such private ratings and confidential credit estimates are private and therefore not capable of being disclosed to Noteholders. In addition, some ratings will be derived by the Collateral Manager based on, among other things, Obligor group or affiliate ratings, comparable ratings provided by a different rating agency and, in certain circumstances, temporary ratings applied by the Collateral Manager. The Portfolio Profile Tests contain limitations on the proportions of the Collateral Principal Amount that may be made up of Collateral Obligations where the S&P Rating or Moody's Rating is derived from the rating of another rating agency and *vice versa*. Furthermore, such derived ratings will not reflect detailed credit analysis of the particular Collateral Obligation and may reflect a more or less conservative view of the actual credit risk of such Collateral Obligation than any such fundamental credit analysis might, if conducted, warrant; and model-derived variations in such ratings may occur (and have consequential effects on the Collateral Quality Tests, the Portfolio Profile Tests and the

Coverage Tests) without necessarily reflecting comparable variation in the actual credit quality of the Collateral Obligation in question. Please see “*Ratings of the Notes*” and “*The Portfolio*”.

There can be no assurance that rating agencies will continue to assign such ratings utilising the same methods and standards utilised today despite the fact that such Collateral Obligation might still be performing fully to the specifications set forth in its Underlying Instrument. Any change in such methods and standards could result in a significant rise in the number of CCC Obligations, Caa Obligations or Defaulted Obligations in the Portfolio, which could cause the Issuer to fail to satisfy (i) the Coverage Tests on subsequent Determination Dates, which failure could lead to the early amortisation of some or all of one or more Classes of the Notes or restrict the Issuer (or the Collateral Manager on its behalf) from reinvesting in substitute Collateral Obligations (see Condition 7(c) (*Mandatory Redemption upon Breach of Coverage Tests*)) or (ii) the Reinvestment Overcollateralisation Test, which failure could cause a reduction in the amounts available for distribution to the Subordinated Noteholders.

#### 4.19 Insolvency Considerations relating to Collateral Obligations

Collateral Obligations may be subject to various laws enacted for the protection of creditors in the countries of the jurisdictions of incorporation of Obligors and, if different, in which the Obligors conduct business and in which they hold the assets, which may adversely affect such Obligors’ abilities to make payment on a full or timely basis. These insolvency considerations will differ depending on the country in which each Obligor is located or domiciled and may differ depending on whether the Obligor is a non-sovereign or a sovereign entity. In *particular*, it should be noted that a number of continental European jurisdictions operate “debtor friendly” insolvency regimes which would result in delays in payments under Collateral Obligations where obligations thereunder are subject to such regimes, in the event of the insolvency of the relevant Obligor.

The different insolvency regimes applicable in the different European jurisdictions result in a corresponding variability of recovery rates for different types of Collateral Obligations entered into by Obligors in such jurisdictions. No reliable historical data is available.

#### 4.20 Lender Liability Considerations; Equitable Subordination

In recent years, a number of judicial decisions in the United States and other jurisdictions have upheld the right of borrowers to sue lenders or bondholders on the basis of various evolving legal theories (collectively, termed “**lender liability**”). Generally, lender liability is founded upon the premise that an institutional lender or bondholder has violated a duty (whether implied or contractual) of good faith and fair dealing owed to the borrower or issuer or has assumed a degree of control over the borrower or issuer resulting in the creation of a fiduciary duty owed to the borrower or issuer or its other creditors or shareholders. Although it would be a novel application of the lender liability theories, the Issuer may be subject to allegations of lender liability. However, the Issuer does not intend to engage in, and the Collateral Manager does not intend to advise the Issuer with respect to any, conduct that would form the basis for a successful cause of action based upon lender liability.

In addition, under common law principles that in some cases form the basis for lender liability claims, if a lender or bondholder (a) intentionally takes an action that results in the under capitalisation of a borrower to the detriment of other creditors of such borrower, (b) engages in other inequitable conduct to the detriment of such other creditors, (c) engages in fraud with respect to, or makes misrepresentations to, such other creditors or (d) uses its influence as a stockholder to dominate or control a borrower to the detriment of other creditors of such borrower, a court may elect to subordinate the claim of the offending lender or bondholder to the claims of the disadvantaged creditor or creditors, a remedy called “equitable subordination”. Because of the nature of the Collateral Obligations, the Issuer may be subject to claims from creditors of an Obligor that Collateral Obligations issued by such Obligor that are held by the Issuer should be equitably subordinated. However, the Issuer does not intend to engage in, and the Collateral Manager does not intend to advise the Issuer with respect to, any conduct that would form the basis for a successful cause of action based upon the equitable subordination doctrine.

The preceding discussion is based upon principles of United States federal and state laws. Insofar as Collateral Obligations that are obligations of non-United States Obligors are concerned, the laws of certain foreign jurisdictions may impose liability upon lenders or bondholders under factual circumstances similar to those described above, with consequences that may or may not be analogous to those described above under United States federal and state laws.

#### 4.21 Loan Repricing

Leveraged loans may experience volatility in the spread that is paid on such leveraged loans. Such spreads will vary based on a variety of factors, including, but not limited to, the level of supply and demand in the leveraged loan market, general economic conditions, levels of relative liquidity for leveraged loans, the actual and perceived level of credit risk in the leveraged loan market, regulatory changes, changes in credit ratings, and the methodology used by credit rating agencies in assigning credit ratings, and such other factors that may affect pricing in the leveraged loan market. Since leveraged loans may generally be prepaid at any time without penalty, the obligors of such leveraged loans would be expected to prepay or refinance such leveraged loans if alternative financing were available at a lower cost. For example, if the credit ratings of an obligor were upgraded, the obligor were recapitalised or if credit spreads were declining for leveraged loans, such obligor would likely seek to refinance at a lower credit spread. Declining credit spreads in the leveraged loan market and increasing rates of prepayments and refinancings will likely result in a reduction of portfolio yield and interest collection on the Collateral Obligations, which would have an adverse effect on the amount available for distributions on Notes, beginning with the subordinated Notes as the most junior Class.

#### 4.22 Changes in Tax Law; No Gross Up; General

The Eligibility Criteria require that following the acquisition of an obligation, payments of interest thereon either will not be reduced by any withholding tax imposed by any jurisdiction (other than U.S. withholding taxes on commitment fees, amendment fees, waiver fees, consent fees, letter of credit fees, extension fees, or similar fees) or, if and to the extent that any such withholding tax does apply, either (i) such withholding tax can, upon the completion of the relevant procedural formalities, be sheltered by application of an applicable double tax treaty or otherwise or (ii) the relevant Obligor will be obliged to make gross up payments to the Issuer that cover the full amount of such withholding tax on an after-tax basis. However, there can be no assurance that, as a result of any change in any applicable law, rule or regulation or interpretation thereof, the payments on the Collateral Obligations (including payments by Selling Institutions in the case of Participations) might not in the future become subject to withholding tax or increased withholding rates in respect of which the relevant Obligor (or, in the case of Participations, the Selling Institutions) will not be obliged to gross up to the Issuer. In such circumstances, the Issuer may be able, but will not be obliged, to take advantage of (a) a double taxation treaty between The Netherlands and the jurisdiction from which the relevant payment is made, (b) the current applicable law in the jurisdiction of the relevant Obligor or (c) the fact that the Issuer has taken a Participation in such Collateral Obligations from a Selling Institution which is able to pay interest payable under such Participation gross. In the event that the Issuer receives any interest payments on any Collateral Obligation net of any applicable withholding tax, the Coverage Tests and Collateral Quality Tests will be determined by reference to such net receipts. Such tax (if no corresponding gross up payment is received) would also reduce the amounts available to make payments on the Notes. There can be no assurance that remaining payments on the Collateral Obligations would be sufficient to make timely payments of interest, principal on the Maturity Date and other amounts payable in respect of the Notes of each Class. If payments in respect of Collateral Obligations to the Issuer become subject to withholding tax, this may also trigger a Collateral Tax Event and result in an optional redemption of the Rated Notes in accordance with Condition 7(b)(i)(B) (*Optional Redemption in Whole – Subordinated Noteholders/Collateral Manager*).

#### 4.23 Danish Taxation of the Issuer

In the context of the activities to be carried out under the Transaction Documents, the Issuer will be subject to Danish corporation tax if it is (i) tax resident in Denmark or (ii) carries on trade in Denmark through a permanent establishment.

The Issuer will not be treated as being tax resident in Denmark provided the effective management and control of the Issuer does not take place in Denmark and thus provided the Collateral Manager does not conduct any management decisions on behalf of the Issuer. The Managing Directors intend to conduct the affairs of the Issuer in such a manner so that it does not become resident in Denmark for taxation purposes.

The Issuer will be regarded as having a permanent establishment in Denmark if it has a fixed place of business in Denmark or it has an agent in Denmark who has and habitually exercises authority in Denmark to do business on the Issuer's behalf. The Issuer does not intend to have a fixed place of business in Denmark. The Collateral Manager will, however, have and is expected to exercise authority to do business on behalf of the Issuer.

The Issuer should not be subject to Danish corporation tax as a consequence of the activities which the Collateral Manager carries out on its behalf provided the Issuer has no premises available for business purposes

in Denmark inclusive through the offices of the Collateral Manager. Furthermore, the Issuer should not be subject to Danish corporation tax as a consequence of the activities which the Collateral Manager carries out in its capacity of independent portfolio manager.

Even if the Issuer is regarded as having a permanent establishment in Denmark it will most likely not be subject to Danish tax other than in respect of dividends from Danish companies, if the Issuer qualifies as an “investment company” in accordance with Article 3(1) (19) of the Danish Corporation Tax Act.

#### 4.24 Collateral Manager

The Collateral Manager is given authority by the Issuer in the Collateral Management and Administration Agreement to act as collateral manager to the Issuer in respect of the Portfolio pursuant to and in accordance with the parameters and criteria set out in the Collateral Management and Administration Agreement. See “*The Portfolio*” and “*Description of the Collateral Management and Administration Agreement*”. The powers and duties of the Collateral Manager in relation to the Portfolio include effecting, on behalf of the Issuer, in accordance with the provisions of the Collateral Management and Administration Agreement: (a) the acquisition of Collateral Obligations during the Reinvestment Period; (b) the sale of Collateral Obligations during the Reinvestment Period (subject to certain limits) and, at any time, upon the occurrence of certain events (including a Collateral Obligation becoming a Defaulted Obligation, a Credit Improved Obligation or a Credit Risk Obligation); and (c) the participation in restructuring and work-outs of Collateral Obligations on behalf of the Issuer. See “*The Portfolio*”. Any analysis by the Collateral Manager (on behalf of the Issuer) of Obligors under Collateral Obligations which it is purchasing (on behalf of the Issuer) or which are held in the Portfolio from time to time will, in respect of Collateral Obligations which are publicly listed bonds, be limited to a review of readily available public information and in respect of Collateral Obligations which are bonds which are not publicly listed, any analysis by the Collateral Manager (on behalf of the Issuer) will be in accordance with standard review procedures for such type of bonds and, in respect of Collateral Obligations which are Assignments or Participations of Senior Loans and in relation to which the Collateral Manager has non-public information, such analysis will include due diligence of the kind common in relation to loans of such kind. Any analysis by the Collateral Manager (on behalf of the Issuer) in respect of Collateral Enhancement Obligations will be in accordance with standard review procedures for such type of assets.

In addition, the Collateral Management and Administration Agreement places significant restrictions on the Collateral Manager’s ability to buy and sell Collateral Obligations. Accordingly, during certain periods or in certain specified circumstances, the Collateral Manager may be unable to buy or sell Collateral Obligations or to take other actions which it might consider in the best interest of the Issuer and the Noteholders, as a result of such restrictions.

The Issuer is a newly formed entity and has no operating history or performance record of its own other than entry into the Warehouse Arrangements. The actual performance of the Issuer will depend on numerous factors which are difficult to predict and may be beyond the control of the Collateral Manager. The nature of, and risks associated with, the Issuer’s future investments may differ substantially from those investments and strategies undertaken historically by the Collateral Manager and such persons. There can be no assurance that the Issuer’s investments will perform as well as the past investments of any such persons or entities.

The performance of other collateralised debt obligation vehicles (“**CLO Vehicles**”) or other similar investment funds (“**Other Funds**”) managed or advised by the Collateral Manager or Affiliates of the Collateral Manager should not be relied upon as an indication or prediction of the performance of the Issuer. Such other CLO Vehicles and Other Funds may have significantly different characteristics, including but not limited to their structures, composition of the collateral pool, investment objectives, leverage, financing costs, fees and expenses, management personnel and other terms when compared to the Issuer and may have been formed and managed under significantly different market conditions than those which apply to the Issuer and its Portfolio.

The Collateral Manager’s duties and obligations under the Collateral Management and Administration Agreement will be owed solely to the Issuer (and, to the extent of the Issuer’s security assignment of its rights under the Collateral Management and Administration Agreement, the Trustee). The Collateral Manager will not be in contractual privity with, and will owe no separate duties or obligations to, any of the Noteholders under the Collateral Management and Administration Agreement. Actions taken by the Collateral Manager may differentially affect the interests of the various Classes of Notes (whose Noteholders may themselves have different interests), and except as provided in the Collateral Management and Administration Agreement or the other Transaction Documents, the Collateral Manager will have no obligation to consider such differential effects or different interests.

The Issuer will be highly dependent on the financial and managerial experience of certain individuals associated with the Collateral Manager in analysing, selecting and managing the Collateral Obligations. There can be no assurance that such key personnel currently associated with the Collateral Manager or any of its Affiliates will remain in such position throughout the life of the transaction. The loss of one or more of such individuals could have a material adverse effect on the performance of the Issuer.

The Collateral Manager may resign or be removed in certain circumstances as described herein under “*Description of the Collateral Management and Administration Agreement*”. There can be no assurance that any successor collateral manager would have the same level of skill in performing the obligations of the Collateral Manager, in which event payments on the Notes could be reduced or delayed.

The Collateral Manager is not required to devote all of its time to the performance of the Collateral Management and Administration Agreement and will continue to advise and manage other investment funds in the future.

The Collateral Manager’s information and technology systems may be vulnerable to damage or interruption from computer viruses, network failures, computer and telecommunications failures, infiltration by unauthorised persons and security breaches, usage errors by their respective professionals, power outages and catastrophic events such as fires, tornadoes, floods, hurricanes and earthquakes. Although the Collateral Manager may have implemented various measures to manage risks relating to these types of events, the failure of these systems and/or of disaster recovery plans for any reason could cause significant interruptions in the Collateral Manager’s operations and result in a failure to maintain the security, confidentiality or privacy or sensitive data. Such a failure could impede the ability of the Collateral Manager to perform its duties under the Transaction Documents.

#### 4.25 No Initial Purchaser Role Post-Closing

The Initial Purchaser takes no responsibility for, and has no obligations in respect of, the Issuer and will have no obligation to monitor the performance of the Portfolio or the actions of the Collateral Manager or the Issuer and no authority to advise the Collateral Manager or the Issuer or to direct their actions, which will be solely the responsibility of the Collateral Manager and the Issuer. If the Initial Purchaser or its Affiliates owns Notes, they will have no responsibility to consider the interests of any other owner of Notes with respect to actions they take or refrain from taking in such capacity.

#### 4.26 Acquisition and Disposition of Collateral Obligations

The estimated net proceeds of the issue of the Notes after payment of fees and expenses payable on or about the Issue Date (including, without duplication amounts deposited into the Expense Reserve Account) will be used by the Issuer for the repayment of any amounts borrowed by the Issuer under the Warehouse Arrangements (together with any interest thereon) and all other amounts due in order to finance the acquisition of warehoused Collateral Obligations purchased by the Issuer prior to the Issue Date and to fund the First Period Reserve Account. The remaining proceeds shall be retained in the Unused Proceeds Account and used to purchase (or enter into agreements to purchase) additional Collateral Obligations during the Initial Investment Period. The Collateral Manager’s decisions concerning purchases of Collateral Obligations will be influenced by a number of factors, including market conditions and the availability of securities and loans satisfying the Eligibility Criteria, Reinvestment Criteria and the other requirements of the Collateral Management and Administration Agreement. The failure or inability of the Collateral Manager to acquire Collateral Obligations with the proceeds of the offering or to reinvest Sale Proceeds or payments and prepayments of principal in Substitute Collateral Obligations in a timely manner will adversely affect the returns on the Notes, in particular with respect to the most junior Class or Classes.

Under the Collateral Management and Administration Agreement and as described herein, the Collateral Manager may only, on behalf of the Issuer, dispose of a limited percentage of Collateral Obligations in any successive rolling 12-month period as well as any Exchanged Equity Security, Equity Security and, subject to the satisfaction of certain conditions, a Defaulted Obligation, a Credit Risk Obligation or a Credit Improved Obligation. Notwithstanding such restrictions and subject to the satisfaction of the conditions set forth in the Collateral Management and Administration Agreement, sales and purchases by the Collateral Manager of Collateral Obligations could result in losses by the Issuer, which will be borne in the first instance by the Subordinated Noteholders and then by holders of the Rated Notes, beginning with the most junior Class.

In addition, circumstances may exist under which the Collateral Manager may believe that it is in the best interests of the Issuer to dispose of a Collateral Obligation, but will not be permitted to do so under the terms of the Collateral Management and Administration Agreement.

#### 4.27 Valuation Information; Limited Information

None of the Initial Purchaser, the Collateral Manager, the Trustee, the Collateral Administrator or any other transaction party will be required to provide periodic pricing or valuation information to investors. Investors will receive limited information with regard to the Collateral Obligations and none of the transaction parties (including the Issuer, the Trustee, the Collateral Administrator or the Collateral Manager) will be required to provide any information other than what is required in the Trust Deed, the Agency Agreement or the Collateral Management and Administration Agreement. Furthermore, if any information is provided to the Noteholders (including required reports under the Trust Deed), such information may not be audited. Finally, the Collateral Manager may be in possession of material, non-public information with regard to the Collateral Obligations and will not be required to disclose such information to the Noteholders.

### 5. CERTAIN CONFLICTS OF INTEREST

The Initial Purchaser and its Affiliates and the Collateral Manager and its Affiliates, are acting in a number of capacities in connection with the transaction described herein, which may give rise to certain conflicts of interest. The following briefly summarises some of these conflicts, but is not intended to be an exhaustive list of all such conflicts.

#### *Collateral Manager*

Various potential and actual conflicts of interest may arise from the overall investment and other activities of the Collateral Manager and/or a Collateral Manager Related Person, from their investing for their own accounts or for the accounts of others and from the Collateral Manager participating in the structuring of the transaction and from it acting as a Warehouse Provider.

The Collateral Manager and its Affiliates may at certain times seek to purchase or sell investments from or to the Issuer as principal. The Collateral Manager, at its option and sole discretion, may effect principal transactions between such entities. The Collateral Manager may (on behalf of the Issuer), subject to compliance with applicable laws and regulations and subject to the terms of the Collateral Management and Administration Agreement, acquire a Collateral Obligation from, or sell a Collateral Obligation, Equity Security or Eligible Investment to, the Collateral Manager, any of its Affiliates or any account or portfolio for which the Collateral Manager or any of its Affiliates serve as investment advisor for fair market value (an “**Affiliate Transaction**”). At the written request of the Collateral Manager, the Issuer shall establish a conflicts review board or appoint an independent third party to act on behalf of the Issuer (such board or party, an “**Independent Review Party**”) with respect to Affiliate Transactions. Decisions of any Independent Review Party shall be binding on the Collateral Manager, the Issuer and the Noteholders. Any Independent Review Party (a) shall either: (i) be the Issuer’s board of Managing Directors; (ii) be an established financial institution or other financial company with experience in assessing the merits of transactions similar to the Affiliate Transactions; or (iii) be a review board comprised of one or more individuals selected by the Issuer (or at the request of the Issuer, selected by the Collateral Manager); (b) shall be required to assess the merits of the Affiliate Transaction and either grant or withhold consent to such transaction in its sole judgement; and (c) shall not be: (i) affiliated with the Collateral Manager (other than as a Noteholder or as a passive investor in the Issuer or an Affiliate of the Issuer); or (ii) (other than the Issuer’s board of Managing Directors) involved in the daily management and control of the Issuer.

The Issuer (i) shall be responsible for any reasonable fees relating to the services provided by any Independent Review Party and shall reimburse members of any Independent Review Party for their out-of-pocket expenses and (ii) may indemnify members of such Independent Review Party to the maximum extent permitted by law, subject to terms and conditions satisfactory to the Collateral Manager.

The Collateral Manager and/or a Collateral Manager Related Person may invest in securities or obligations that would be appropriate as Collateral Obligations and may be buyers or sellers of credit protection that reference Collateral Obligations owned by the Issuer. The Collateral Manager and/or Collateral Manager Related Persons also either currently serve as or expect to serve as collateral manager or investment advisor for, act as a general partner to, or invest in or are or expect to be affiliated with other entities which invest in, underwrite or originate high yield bonds and loans, including those organised to issue collateral debt obligations similar to those issued

by the Issuer. In providing services to other clients, the Collateral Manager and/or Collateral Manager Related Persons may recommend activities that would compete with or otherwise adversely affect the Issuer. In the course of managing the Collateral Obligations held by the Issuer, the Collateral Manager may consider its relationships with other clients (including companies the securities of which are pledged to secure the Notes) and Collateral Manager Related Persons and its own interests as a Warehouse Provider to the Issuer in the period prior to the Issue Date. The Collateral Manager may decline to make a particular investment for the Issuer in view of such relationships. The Collateral Manager and/or Collateral Manager Related Persons may make investment decisions for its clients and Collateral Manager Related Persons that may be different from those made by such persons on behalf of the Issuer, even where the investment objectives are the same or similar to those of the Issuer. The Collateral Manager and/or Collateral Manager Related Persons may at certain times be simultaneously seeking to purchase or sell the same or similar investments for the Issuer and another client for which the Collateral Manager or any of them serves as investment adviser or collateral manager, or for themselves. Likewise, the Collateral Manager may on behalf of the Issuer make an investment in an issuer or obligor in which another account, client, the Collateral Manager and/or a Collateral Manager Related Person is already invested or has co-invested. The Collateral Manager and/or a Collateral Manager Related Person may purchase Notes, creating potential conflicts of interest between the Collateral Manager and/or a Collateral Manager Related Person that holds Notes, on the one hand, and other investors in Notes, on the other hand. The Collateral Manager may, in its discretion, give priority over the Issuer in the allocation of investment opportunities to certain accounts or clients designated by the Collateral Manager in its discretion and to other accounts or clients of the Collateral Manager and/or Collateral Manager Related Persons to the extent obligated or permitted by the application of regulatory requirements, internal policies and client guidelines and/or principles of fiduciary duty. The Collateral Manager does not owe any fiduciary duty to the Issuer, the Noteholders or any other Secured Party. Neither the Collateral Manager nor any Collateral Manager Related Person has any obligation to obtain for the Issuer any particular investment opportunity, and the Collateral Manager may be precluded from offering to the Issuer particular investment opportunities in certain situations including, without limitation, where the Collateral Manager and/or Collateral Manager Related Persons may have a prior contractual commitment with other accounts or clients or as to which the Collateral Manager and/or a Collateral Manager Related Person possesses material, non-public information, or may be limited in its ability to effect transactions for or on behalf of the Issuer. There is no assurance that the Issuer will hold the same investments or perform in a substantially similar manner as other funds with similar strategies under the management of the Collateral Manager. There is also a possibility that the Issuer will invest in opportunities declined by the Collateral Manager and/or Collateral Manager Related Persons for the accounts of others or for their own accounts. In making investments on behalf of accounts or clients that the Collateral Manager and/or Collateral Manager Related Persons manage or advise either now or in the future, the Collateral Manager in its discretion may, but is not required to, aggregate orders for the Issuer with orders for such other accounts, notwithstanding that depending upon market conditions, aggregated orders can result in a higher or lower average price.

Although the Collateral Manager and certain of its officers and employees will devote such time and effort as may be reasonably required to enable the Collateral Manager to discharge its duties to the Issuer under the Collateral Management and Administration Agreement, they will not devote all of their working time to the affairs of the Issuer. As part of their regular business, the Collateral Manager and/or the Collateral Manager Related Persons may hold, purchase, sell, trade or take other related actions both for their respective accounts and for the accounts of their respective clients, in a principal or agency basis, with respect to loans, securities and other investments and financial instruments of all types. No provision in the Collateral Management and Administration Agreement prevents the Collateral Manager and/or Collateral Manager Related Persons from rendering services of any kind to any person or entity, including the issuer of any obligation included in the Collateral Obligations and their respective Affiliates, the Trustee, the holders of the Notes and the Hedge Counterparties. Without limiting the generality of the foregoing, the Collateral Manager and/or Collateral Manager Related Persons and the directors, officers, employees and agents of the Collateral Manager and/or the Collateral Manager Related Persons may, among other things: (a) serve as directors, partners, officers, employees, agents, nominees or signatories for any issuer of any obligation included in the Collateral Obligations; (b) receive and retain fees for services rendered to the issuer of any obligation included in the Collateral Obligations or any Affiliate thereof; (c) be retained to provide services unrelated to the Collateral Management and Administration Agreement to the Issuer and be paid therefor; (d) be a secured or unsecured creditor of, or hold an equity interest in, any issuer of any obligation included in the Collateral Obligations; (e) sell or terminate any Collateral Obligations or Eligible Investments to, or purchase or enter into any Collateral Obligations from, the Issuer while acting in the capacity of principal or agent; (f) serve as a member of any "creditors' board" with respect to any obligation included in the Collateral Obligations which has become or may become a Defaulted Obligation; (g) underwrite, act as distributor of, or make a market in any Collateral

Obligation, provided that with respect to such market, the Collateral Manager is not acting as agent for the Issuer; (h) provide investment advisory services to their clients; and (i) maintain other relationships with any issuer or obligor or Affiliate of any issuer or obligor of any obligations included in the Collateral. Services of this kind may lead to securities laws restrictions on transactions in such securities by the Issuer and otherwise create conflicts of interest for the Issuer and may lead individual officers or employees of the Collateral Manager to act in a manner adverse to the Issuer. In such instances, the Collateral Manager, and/or Collateral Manager Related Persons and their respective officers and employees may in their discretion make investment recommendations and effect investment decisions that may be the same as or different from those made with respect to the Issuer's investments. In connection with any such activities described above, the Collateral Manager and/or the Collateral Manager Related Persons and their respective officers and employees may hold, purchase, sell, trade or take other related actions in securities or investments of a type that may be suitable to be included as Collateral Obligations. The Collateral Manager and the Collateral Manager Related Persons and their respective officers and employees will not be required to offer such securities or investments to the Issuer or provide notice of such activities to the Issuer. The Collateral Manager is also entitled to retain fees and commissions in connection with work-out, restructuring, arrangement and underwriting fees.

The Collateral Manager's ability to buy obligations (on behalf of the Issuer) for inclusion in the Portfolio or sell obligations which are part of the Portfolio may be restricted by limitations contained in the Collateral Management and Administration Agreement and the Trust Deed. Accordingly, during certain periods or in certain specified circumstances, the Collateral Manager (on behalf of the Issuer) may be unable to buy or sell obligations or to take other actions that the Collateral Manager might consider in the best interest of the Issuer and the Noteholders. The Collateral Manager and/or the Collateral Manager Related Persons may engage in any other business and furnish investment management and advisory services to others, which may include, without limitation, serving as investment manager for, investing in, lending to, or being Affiliated with, other entities organised to issue collateralised bond or debt obligations secured by securities such as the Notes and other trusts and pooled investment vehicles that acquire interests in, provide financing to, or otherwise deal with securities issued by, issuers that would be suitable investments for the Issuer. The Collateral Manager will be free, in its sole discretion, to make recommendations to others, or effect transactions on behalf of itself or for others, that may be the same as or different from those effected on behalf of the Issuer and the Collateral Manager may furnish investment management and advisory services to others who may have investment policies similar to those followed by the Collateral Manager with respect to the Issuer and who may own securities which are the same type as the Collateral Obligations.

The Collateral Manager and/or a Collateral Manager Related Person may also have ongoing relationships with the issuers of Collateral and they or their clients may own equity or other securities or obligations issued by issuers of Collateral. In addition, the Collateral Manager and/or a Collateral Manager Related Person either for its own accounts or for the accounts of others, may invest in securities or obligations that are senior to, junior to, or have interests different from or adverse to, the securities or obligations that are acquired on behalf of the Issuer.

The Collateral Manager shall act as Retention Holder and shall undertake to hold the Retention Notes. There is no restriction on the ability of the Collateral Manager and/or a Collateral Manager Related Person to acquire additional Notes of any Class at any time. It is possible that the Collateral Manager and/or one or more Collateral Manager Related Persons may, from time to time, acquire Notes in addition to the Retention Notes held by the Retention Holder. The interests and incentives of the Collateral Manager and/or a Collateral Manager Related Person that is a Noteholder may conflict with or be adverse to the interests and incentives of the holders of other Classes of Notes. In addition, if a Collateral Manager Related Person owns any Notes, the Collateral Manager or an Affiliate of the Collateral Manager, to the extent they act as investment adviser of the relevant Collateral Manager Related Person, will exercise the rights thereof as holder of such Notes in accordance with any duty of care to such Collateral Manager Related Person, which may conflict with or be adverse to the interests and incentives of other Noteholders. Such purchases of Notes, on the Issue Date or subsequently (as applicable), may create potential and/or actual conflicts of interest between the Collateral Manager and/or a Collateral Manager Related Person and other investors in the Notes. Resulting conflicts of interest could include (a) divergent economic interests between the Collateral Manager and/or a Collateral Manager Related Person, on the one hand, and other investors in the Notes, on the other hand, and (b) voting of Notes by the Collateral Manager and/or Collateral Manager Related Persons, or a recommendation to vote by the same, to cause, among other things, an early redemption of the Notes and/or an amendment of the transaction documents relating to the Notes.

The Collateral Manager may enter into agreements with one or more holders of the Notes pursuant to which the Collateral Manager may agree, subject to its obligations under the Trust Deed, the Collateral Management and

Administration Agreement and applicable law, to take actions with respect to such holders of the Notes that it will not take with respect to other holders of the Notes.

Clients of the Collateral Manager or its Affiliates may act as counterparty with respect to Hedge Transactions and Participations or as party to or in connection with the investment of any funds in Eligible Investments.

The Collateral Manager and/or a Collateral Manager Related Person may also have ongoing relationships with, render services to or engage in transactions with, companies whose securities are pledged to secure the Notes and may own equity or debt securities issued by issuers of and other Obligors on Collateral Obligations. As a result, a Collateral Manager Related Person may possess information relating to issuers of Collateral Obligations which is not known to the individuals at the Collateral Manager responsible for monitoring the Collateral Obligations and performing the other obligations under the Collateral Management and Administration Agreement. In addition, a Collateral Manager Related Person may invest in loans and securities that are senior to, or have interests different from or adverse to, the Collateral Obligations that are purchased to secure the Notes. It is intended that all Collateral Obligations will be purchased and sold by the Issuer on terms prevailing in the market. Neither the Collateral Manager nor any Collateral Manager Related Person is under any obligation to offer investment opportunities of which they have become aware to the Issuer or to account to the Issuer (or share with the Issuer or inform the Issuer of) any such transaction or any benefit received by them from any such transaction.

Furthermore, the Collateral Manager and/or Collateral Manager Related Persons may make an investment on behalf of any account that they manage or advise without offering the investment opportunity to or making any investment on behalf of the Issuer. The Collateral Manager and/or Collateral Manager Related Persons have no affirmative obligation to offer any investments to the Issuer or to inform the Issuer of any investments before offering any investments to other funds or accounts that the Collateral Manager and/or Collateral Manager Related Persons manage or advise. Furthermore, Affiliates of the Collateral Manager may make an investment on their own behalf without offering the investment opportunity to, or the Collateral Manager making any investment on behalf of, the Issuer. Affirmative obligations may exist or may arise in the future, whereby Affiliates of the Collateral Manager are obliged to offer certain investments to funds or accounts that such Affiliates manage or advise before or without the Collateral Manager offering those investments to the Issuer. The Collateral Manager will endeavour to resolve conflicts with respect to investment opportunities in a manner which it deems equitable to the extent possible under the prevailing facts and circumstances. Although the professional staff of the Collateral Manager will devote as much time to the Issuer as the Collateral Manager deems appropriate to perform its duties in accordance with the Collateral Management and Administration Agreement, those staff may have conflicts in allocating their time and services among the Issuer and the Collateral Manager's other accounts.

The Collateral Manager, acting on behalf of the Issuer, may effect transactions between the Issuer and other entities (including other CLO issuers) in respect of which the Collateral Manager or an Affiliate of the Collateral Manager acts as collateral manager. The Collateral Manager, on behalf of the Issuer, may conduct principal trades with itself and/or Collateral Manager Related Persons, subject to applicable law. The Collateral Manager may also effect client cross transactions where the Collateral Manager causes a transaction to be effected between the Issuer and a Collateral Manager Related Person. Client cross transactions enable the Collateral Manager to purchase or sell a block of securities for the Issuer at a set price and possibly avoid an unfavourable price movement that may be created through entrance into the market with such purchase or sell order. In addition, the Issuer has agreed to permit cross transactions subject to and in accordance with the terms of the Collateral Management and Administration Agreement. Accordingly, subject as provided above, the Collateral Manager may enter into agency cross transactions where any Collateral Manager Related Person acts as investment manager or adviser or broker for, and may receive commissions or other compensation from both the Issuer and the other party to the cross transaction, and will have a potentially conflicting division of loyalties and responsibilities with respect to both parties to the transaction.

The Collateral Manager may make recommendations and effect transactions on behalf of a Collateral Manager Related Person which differ from those effected with respect to the Collateral Obligations. The Collateral Manager may often be seeking simultaneously to purchase or sell investments for the Issuer, itself and similar entities or other investment accounts for which it serves as investment manager or for Collateral Manager Related Persons, and the Collateral Manager will have the discretion to apportion such purchases or sales among such entities. Prior to the Issue Date, the Collateral Manager may effect acquisitions of Collateral Obligations or enter into binding commitments to purchase Collateral Obligations on behalf of the Issuer, from funds or other CLOs in relation to which Accunia Fondsmæglerselskab A/S, or any of its Affiliates, may be the investment manager or may exercise investment discretion in relation thereto. The Collateral Manager cannot assure equal

treatment across its investment clients. When the Collateral Manager determines that it would be appropriate for the Issuer and one or more Collateral Manager Related Persons to participate in an investment opportunity or sell an investment, the Collateral Manager will seek to execute orders for all of the participating investment accounts, including the Issuer and its own account, on an equitable basis. If the Collateral Manager has determined to invest or sell at the same time for more than one of the Collateral Manager Related Persons, the Collateral Manager will generally place combined orders for all such Collateral Manager Related Persons simultaneously and if all such orders are not filled at the same price, it will use reasonable efforts to allocate such purchases and sales in an equitable manner and in accordance with applicable law. Similarly, if an order on behalf of more than one Collateral Manager Related Person cannot be fully executed under prevailing market conditions, the Collateral Manager will allocate the investments traded among the Issuer and Collateral Manager Related Persons on a basis that it considers equitable. Situations may occur where the Issuer could be disadvantaged because of the investment activities conducted by the Collateral Manager for the Collateral Manager Related Persons.

The Collateral Manager may participate in creditors' committees with respect to the bankruptcy, restructuring or work out of issuers of Collateral Obligations. In such circumstances, the Collateral Manager may take positions on behalf of itself or Collateral Manager Related Persons that are adverse to the interests of the Issuer in the Collateral Obligations. The Collateral Manager will be entitled to receive any steering committee fees associated with a bankruptcy, restructuring or work out (except any fees received in connection with the extension of the maturity of a Defaulted Obligation or a reduction in the outstanding principal balance of a Defaulted Obligation) received in connection with the work out or restructuring of any Defaulted Obligations or Collateral Obligations.

In addition, the Collateral Manager and/or any Collateral Manager Related Person may own equity or other securities of Obligors of Collateral Obligations and may have provided investment advice, collateral management and other services to issuers of Collateral Obligations. From time to time, the Collateral Manager may, on behalf of the Issuer, purchase or sell Collateral Obligations through the Initial Purchaser or its Affiliates. In connection with the foregoing activities, the Collateral Manager may from time to time come into possession of material non-public information that limits its ability to effect a transaction for the Issuer, and the Issuer's investments may be constrained as a consequence of the Collateral Manager's inability to use such information for advisory purposes or otherwise to effect transactions that otherwise may have been initiated on behalf of its clients, including the Issuer. The Collateral Manager and/or Collateral Manager Related Persons shall have no general obligation to seek to obtain any material non-public information about any issuer of obligations. The Issuer may invest in the securities of companies Affiliated with the Collateral Manager and/or a Collateral Manager Related Person or companies in which the Collateral Manager and/or a Collateral Manager Related Person has an equity or participation interest. The purchase, holding and sale of such investments by the Issuer may enhance the profitability of the Collateral Manager and/or a Collateral Manager Related Person's own investments in such companies. It is possible that one or more Collateral Manager Related Person may also act as counterparty with respect to one or more Participations.

The Collateral Manager may from time to time consult with, receive input from and provide information to third parties (who may or may not be or become direct and indirect owners of the Notes) in respect of obligations being considered for acquisition by the Issuer. Some of those same third parties may have interests adverse to those of the Noteholders and may take a short position (for example, by buying protection under a credit default swap) relating to any such obligations or securities. The Collateral Manager may also have discussions with investors from time to time. The views expressed in such discussions may influence the composition of the Portfolio and there can be no assurance that (i) a holder of any Notes would agree with any views expressed by other investors in such discussions; (ii) the views expressed by some investors will not be more influential than the views of other investors; or (iii) any modifications made to the Portfolio as a result of such discussions will not adversely affect the performance of a holder's Notes. The Collateral Manager will have sole authority to select, and sole responsibility for selecting, the Collateral Obligations. This Offering Circular does not contain any information relating to the individual Collateral Obligations that will comprise the initial portfolio or that may secure the Notes from time to time.

There is no limitation or restriction on the Collateral Manager and/or any of its Affiliates with regard to acting as collateral manager (or in a similar role) to other parties or persons. This and other future activities of the Collateral Manager and/or its Affiliates may give rise to additional conflicts of interest.

In certain circumstances, the Collateral Manager and/or its Affiliates may receive compensation in connection with the investment of assets in certain Eligible Investments from the managers of such Eligible Investments. In

addition, the Issuer may from time to time invest in Eligible Investments issued by, arranged by or underwritten by the Collateral Manager or its Affiliates.

The Collateral Manager is entitled to the Senior Collateral Management Fee, the Subordinated Collateral Management Fee and in certain circumstances, the Incentive Management Fee, subject to the Priorities of Payments as described herein and the availability of funds therefor. By reason of the Incentive Management Fee, the Collateral Manager may have a conflict between its obligation to manage the Portfolio prudently and the financial incentive created by such fees for the Collateral Manager to make investments that are riskier or more aggressive than would be the case in the absence of such fees.

#### *Rating Agencies*

S&P and Moody's have been engaged by the Issuer to provide their ratings on the Rated Notes. Either Rating Agency may have a conflict of interest where the issuer of a security pays the fee charged by the Rating Agency for its rating services, as the case with the rating of the Rated Notes (with the exception of unsolicited ratings).

#### *Certain Conflicts of Interest Involving or Relating to the Initial Purchaser and its Affiliates*

Deutsche Bank AG, London Branch and its Affiliates (the "**Deutsche Bank Parties**") will play various roles in relation to the offering, including acting as the structurer of the transaction and in other roles described below.

The Deutsche Bank Parties have formulated and developed the Portfolio Profile Tests, the Coverage Tests, the Collateral Quality Tests, the Priorities of Payments and other criteria in and provisions of the Trust Deed, the Collateral Management and Administration Agreement and the Risk Retention Letter. These may be influenced by discussions that the Initial Purchaser may have or have had with investors and there is no assurance that investors would agree with the views of one another or that the resulting modifications will not adversely affect the performance of the Notes or any particular Class of Notes.

Deutsche Bank AG, London Branch will purchase the Notes from the Issuer on the Issue Date and resell them in individually negotiated transactions at varying prices, which may result in the Initial Purchaser receiving a lower net fee in respect of those Notes. Deutsche Bank AG, London Branch may assist clients and counterparties in transactions related to the Notes (including assisting clients in future purchases and sales of the Notes and hedging transactions). Deutsche Bank AG, London Branch expects to earn fees and other revenues from these transactions. Deutsche Bank AG, London Branch may also be entitled to receive certain fees such as those discussed in "*Certain Conflicts of Interest- Collateral Manager*" above.

The Deutsche Bank Parties are part of a global investment banking and securities and investment management firm that provides a wide range of financial services to a substantial and diversified client base that includes corporations, financial institutions, governments and high-net-worth individuals. As such, they actively make markets in and trade financial instruments for their own account and for the accounts of customers in the ordinary course of their business. In carrying out its obligations as Initial Purchaser or any other transaction party, the Deutsche Bank Parties shall not be under a duty to disclose to the Collateral Manager, the Issuer, the Trustee, any Noteholders, prospective investor or any other person, any non-public information acquired in the course of carrying on any business for, or in connection with, the provision of services to any other party. The Deutsche Bank Parties may have positions in and will likely have placed or underwritten certain of the Collateral Obligations (or other obligations of the obligors of Collateral Obligations) when they were originally issued and may have provided or may be providing investment banking services and other services to obligors of certain Collateral Obligations. In addition, the Deutsche Bank Parties and their clients may invest in debt obligations and securities that are senior to, or have interests different from or adverse to, Collateral Obligations. Each of the Deutsche Bank Parties will act in its own commercial interest in its various capacities without regard to whether its interests conflict with those of the holders of the Notes or any other party. Moreover, the Issuer may invest in loans of obligors affiliated with the Deutsche Bank Parties or in which one or more Deutsche Bank Parties hold an equity or participation interest. The purchase, holding or sale of such Collateral Obligations by the Issuer may increase the profitability of the Deutsche Bank Party's own investments in such obligors.

As of the date of this Offering Circular, Deutsche Bank AG and/or its Affiliates hold a shareholding of approximately 6.1 per cent. in Accunia A/S which in turn holds a shareholding of approximately 100 per cent. in the Collateral Manager.

From time to time the Collateral Manager will purchase from or sell Collateral Obligations through or to the Deutsche Bank Parties (including a portion of the Collateral Obligations to be purchased on or prior to the Issue Date) and that one or more Deutsche Bank Parties may act as the selling institution with respect to participation interests and/or a counterparty under a Hedge Agreement. The Deutsche Bank Parties may act as placement agent and/or initial purchaser or Collateral Manager in other transactions involving issues of collateralised debt obligations or other investment funds with assets similar to those of the Issuer, which may have an adverse effect on the availability of collateral for the Issuer and/or on the price of the Notes.

The Deutsche Bank Parties do not disclose specific trading positions or their hedging strategies, including whether they are in long or short positions in any Notes or obligations referred to in this Offering Circular except where required in accordance with the applicable law. Nonetheless, in the ordinary course of business, Deutsche Bank Parties and employees or customers of the Deutsche Bank Parties may actively trade in and/or otherwise hold long or short positions in the Notes, Collateral Obligations and Eligible Investments or enter into transactions similar to or referencing the Notes, Collateral Obligations and Eligible Investments or the obligors thereof for their own accounts and for the accounts of their customers. If a Deutsche Bank Party becomes an owner of any of the Notes, through market-making activity or otherwise, any actions that it takes in its capacity as owner, including voting, providing consents or otherwise will not necessarily be aligned with the interests of other owners of the same Class or other Classes of the Notes. To the extent a Deutsche Bank Party makes a market in the Notes (which it is under no obligation to do), it would expect to receive income from the spreads between its bid and offer prices for the Notes. In connection with any such activity, it will have no obligation to take, refrain from taking or cease taking any action with respect to these transactions and activities based on the potential effect on an investor in the Notes. The price at which a Deutsche Bank Party may be willing to purchase Notes, if it makes a market, will depend on market conditions and other relevant factors and may be significantly lower than the issue price for the Notes and significantly lower than the price at which it may be willing to sell the Notes.

## 6. INVESTMENT COMPANY ACT

The Issuer has not registered with the United States Securities and Exchange Commission (the “SEC”) as an investment company pursuant to the Investment Company Act, in reliance on an exclusion under Section 3(c)(7) of the Investment Company Act for securities issuers (a) whose outstanding securities are beneficially owned only by “qualified purchasers” (within the meaning given to such term in the Investment Company Act and the regulations of the SEC thereunder) and certain transferees thereof identified in Rule 3c 6 under the Investment Company Act and (b) which do not make a public offering of their securities in the United States.

If the SEC or a court of competent jurisdiction were to find that the Issuer is required, but in violation of the Investment Company Act had failed, to register as an investment company, possible consequences include, but are not limited to, the following: (i) the SEC could apply to a district court to enjoin the violation; (ii) investors in the Issuer could sue the Issuer and seek recovery of any damages caused by the violation; and (iii) any contract to which the Issuer is party could be declared unenforceable unless a court were to find that under the circumstances enforcement would produce a more equitable result than non-enforcement and would not be inconsistent with the purposes of the Investment Company Act. Should the Issuer be subjected to any or all of the foregoing, the Issuer would be materially and adversely affected.

Each initial purchaser of an interest in a Rule 144A Note and each transferee of an interest in a Rule 144A Note will be deemed to represent at the time of purchase that, amongst other things, the purchaser is a QIB/QP.

The Trust Deed provides that if, notwithstanding the restrictions on transfer contained therein, the Issuer determines that any holder of an interest in a Rule 144A Note is a Non-Permitted Noteholder, the Issuer shall require the sale of the relevant Notes subject to and in accordance with the Conditions. See paragraph “*Forced transfer*” above.

## TERMS AND CONDITIONS

The following are the terms and conditions of each of the Class A Notes, the Class B-1 Notes, the Class B-2 Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes, substantially in the form in which they will be endorsed on such Notes if issued in definitive certificated form, which will be incorporated by reference into the Global Certificates of each Class representing the Notes, subject to the provisions of such Global Certificates, some of which will modify the effect of these terms and conditions. See “*Form of the Notes- Amendments to Terms and Conditions*”.

The issue of €223,500,000 Class A Senior Secured Floating Rate Notes due 2030 (the “**Class A Notes**”), €38,100,000 Class B-1 Senior Secured Floating Rate Notes due 2030 (the “**Class B-1 Notes**”), €9,000,000 Class B-2 Senior Secured Fixed Rate Notes due 2030 (the “**Class B-2 Notes**”, and together with the Class B-1 Notes, the “**Class B Notes**”), €23,100,000 Class C Senior Secured Deferrable Floating Rate Notes due 2030 (the “**Class C Notes**”), €17,300,000 Class D Senior Secured Deferrable Floating Rate Notes due 2030 (the “**Class D Notes**”), €21,700,000 Class E Senior Secured Deferrable Floating Rate Notes due 2030 (the “**Class E Notes**”), €12,500,000 Class F Senior Secured Deferrable Floating Rate Notes due 2030 (the “**Class F Notes**”, and together with the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes, the “**Rated Notes**”), and €41,400,000 Subordinated Notes due 2030 (the “**Subordinated Notes**”, and together with the Rated Notes, the “**Notes**”) of Accunia European CLO II B.V. (the “**Issuer**”) was authorised by resolution of the board of Managing Directors of the Issuer dated 20 October 2017. The Notes are constituted by, secured by, subject to, and have the benefit of, a trust deed (together with any other security document entered into in respect of the Notes, the “**Trust Deed**”) dated on or about the Issue Date between (amongst others) the Issuer and BNY Mellon Corporate Trustee Services Limited in its capacity as trustee for the Noteholders and security trustee for the Secured Parties (the “**Trustee**”, which expression shall include all persons for the time being the trustee or trustees under the Trust Deed).

These terms and conditions of the Notes (the “**Conditions**”) include summaries of, and are subject to, the detailed provisions of the Trust Deed (which includes the forms of the certificates representing the Notes). The following agreements have been entered into in relation to the Notes: (a) an agency agreement dated on or about the Issue Date (the “**Agency Agreement**”) between, amongst others, the Issuer, The Bank of New York Mellon, London Branch as principal paying agent and calculation agent (respectively, the “**Principal Paying Agent**” and the “**Calculation Agent**” which terms shall include any successor or substitute principal paying agent or calculation agent, respectively, appointed pursuant to the terms of the Agency Agreement), The Bank of New York Mellon, London Branch, as account bank and custodian (respectively, the “**Account Bank**” and the “**Custodian**” which terms shall include any successor or substitute account bank or custodian, respectively, appointed pursuant to the terms of the Agency Agreement), The Bank of New York Mellon SA/NV, Luxembourg Branch as registrar (the “**Registrar**” which term shall include any successor or substitute registrar appointed pursuant to the terms of the Agency Agreement), the Trustee and any other paying agent appointed under the terms thereof (a “**Paying Agent**”, and together with the Principal Paying Agent, the “**Paying Agents**”); (b) a collateral management and administration agreement dated on or about the Issue Date (the “**Collateral Management and Administration Agreement**”) between the Issuer, Accunia Fondsmæglerselskab A/S, as collateral manager in respect of the Portfolio (the “**Collateral Manager**”, which term shall include any successor or substitute collateral manager appointed pursuant to the terms of the Collateral Management and Administration Agreement), The Bank of New York Mellon SA/NV, Dublin Branch as collateral administrator (the “**Collateral Administrator**” which term shall include any successor or substitute collateral administrator appointed pursuant to the terms of the Collateral Management and Administration Agreement), The Bank of New York Mellon SA/NV, Dublin Branch as information agent (the “**Information Agent**” which term shall include any successor or substitute information agent appointed pursuant to the terms of the Collateral Management and Administration Agreement), the Custodian and the Trustee; and (c) a management agreement between the Issuer and the Managing Directors entered into on 24 October 2017 (the “**Issuer Management Agreement**”). Copies of the Trust Deed, the Agency Agreement, the Collateral Management and Administration Agreement, the Issuer Management Agreement and the Risk Retention Letter are available for inspection by prior appointment during usual business hours at the registered office of the Issuer (presently at Luna ArenA, Herikerbergweg 238, 1101 CM Amsterdam, The Netherlands) and at the specified offices of the Registrar for the time being. The holders of each Class of Notes are entitled to the benefit of, are bound by and are deemed to have notice of, all of the provisions of each of the Transaction Documents.

### 1. Definitions

“**Acceleration Notice**” has the meaning given to it in Condition 10(b) (*Acceleration*).

“**Accounts**” means the Principal Account, the Interest Account, the Unused Proceeds Account, the Payment Account, the Custody Account, the Expense Reserve Account, the Supplemental Reserve Account, the First Period Reserve Account, each Counterparty Downgrade Collateral Account, the Currency Accounts, the Hedge Account, the Interest Smoothing Account and the Unfunded Revolver Reserve Account.

“**Accrual Period**” means, in respect of each Class of Notes, the period from and including the Issue Date (or in the case of a Class issued in connection with a Refinancing, the Business Day upon which such Refinancing occurs) to, but excluding, the first Payment Date (or in the case of a Class issued in connection with a Refinancing, the first Payment Date following such Refinancing) and each successive period from and including each Payment Date to, but excluding, the following Payment Date (or, if earlier, the Business Day upon which the relevant Class is subject to a Refinancing); *provided that* for the purpose of calculating the interest payable in accordance with Condition 6(e)(iii) (*Interest on the Fixed Rate Notes*), the Payment Date shall not be adjusted if the relevant Payment Date falls on a day other than a Business Day.

“**Adjusted Collateral Principal Amount**” means, as of any date of determination, an amount equal to:

- (a) the Aggregate Principal Balance of the Collateral Obligations (other than Defaulted Obligations, Discount Obligations and Deferring Securities); *plus*
- (b) without duplication, the amounts on deposit in the Principal Account (including Eligible Investments therein which represent Principal Proceeds) and the Unused Proceeds Account (to the extent such amounts have not been designated for transfer to the Interest Account by the Collateral Manager in accordance with paragraph (4) of Condition 3(j)(iii) (*Unused Proceeds Account*)) (including Eligible Investments therein representing such amounts); *plus*
- (c) the aggregate of, in relation to each Deferring Security, the lesser of: (i) its S&P Collateral Value; and (ii) its Moody’s Collateral Value; *plus*
- (d) the aggregate of, in relation to each Defaulted Obligation, the lesser of: (i) its S&P Collateral Value; and (ii) its Moody’s Collateral Value, provided that in the case of a Defaulted Obligation, the Adjusted Collateral Principal Amount of a Defaulted Obligation that has been a Defaulted Obligation for more than three years after the date on which it became a Defaulted Obligation and continues to be a Defaulted Obligation on such date shall be zero; *plus*
- (e) the aggregate of, in relation to each Discount Obligation, the product of the (x) the purchase price of such Discount Obligation (excluding accrued interest) (expressed as a percentage of par) and (y) the Principal Balance of such Discount Obligation; *minus*
- (f) the Excess CCC/Caa Adjustment Amount,

*provided* that, with respect to any Collateral Obligation that satisfies more than one of the definitions of Defaulted Obligation, Discount Obligation and Deferring Security and/or that falls into the Excess CCC/Caa Adjustment Amount, such Collateral Obligation shall, for the purposes of this definition, be treated as belonging to the category of Collateral Obligations which results in the lowest Adjusted Collateral Principal Amount on any date of determination.

“**Administrative Expenses**” means amounts due and payable by the Issuer in the following order of priority including, other than where expressly set out below, any VAT thereon (or in the case of any costs or expenses, such VAT to be limited to irrecoverable VAT) (whether payable to that party or to the relevant tax authority):

- (a) on a *pro rata* basis and *pari passu*, to:
  - (i) the Agents pursuant to the Agency Agreement including amounts by way of indemnity and, to the extent that interest is chargeable on any Account, to the payment of any additional fee by the Issuer to the Account Bank and/or the Custodian, as applicable, in accordance with the Agency Agreement and in an amount equal to the interest payable;
  - (ii) the Collateral Administrator and the Information Agent pursuant to the Collateral Management and Administration Agreement; and
  - (iii) the Managing Directors pursuant to the Issuer Management Agreement;

(in each case including, for the avoidance of doubt, any amounts payable by way of indemnity);

(b) on a *pro rata* and *pari passu* basis:

- (i) to any Rating Agency which may from time to time be requested to assign (i) a rating to each of the Rated Notes, or (ii) a confidential credit estimate to any of the Collateral Obligations, for fees and expenses (including surveillance fees) in connection with any such rating or confidential credit estimate including, in each case, the ongoing monitoring thereof and any other amounts due and payable to any Rating Agency under the terms of the Issuer's engagement with such Rating Agency;
- (ii) to each Reporting Delegate pursuant to any Reporting Delegation Agreement (including, for the avoidance of doubt, any amounts payable by way of indemnity);
- (iii) to the STS Designated Person pursuant to the Collateral Management and Administration Agreement;
- (iv) to the independent certified public accountants, auditors, agents and counsel of the Issuer, (other than amounts payable pursuant to (a) above);
- (v) to the Collateral Manager pursuant to the Collateral Management and Administration Agreement (including, but not limited to indemnities provided for therein and all ordinary expenses, costs, fees, out-of-pocket expenses and/or brokerage fees incurred by the Collateral Manager), but excluding any Collateral Management Fees or any VAT payable thereon;
- (vi) to any other Person in respect of any governmental fee or charge (for the avoidance of doubt excluding any taxes) or any statutory indemnity;
- (vii) to the Irish Stock Exchange, or such other stock exchange or exchanges upon which any of the Notes are listed from time to time;
- (viii) to any other Person in respect of any other fees or expenses contemplated in the Conditions and in the Transaction Documents or any other documents delivered pursuant to or in connection with the issue and sale of the Notes which are not provided for elsewhere in this definition or in the Priorities of Payments, including, without limitation, an amount up to €10,000 per annum in respect of fees and expenses incurred by the Issuer (in its sole and absolute discretion) in assisting in the preparation, provision or validation of data for purposes of Noteholder tax jurisdictions;
- (ix) to the Initial Purchaser and the Sole Arranger pursuant to the Subscription Agreement in respect of any indemnity payable to it thereunder;
- (x) to the payment of any fees, expenses or indemnity payments in relation to the restructuring of a Collateral Obligation, including but not limited to a steering committee relating thereto;
- (xi) to any Selling Institution pursuant to any Participation Agreement after the date of entry into any Participation (excluding, for avoidance of doubt, any payments on account of any Unfunded Amounts);
- (xii) to any Hedge Counterparty (if any) in relation to costs incurred in relation to the transfer of any collateral to or from the relevant Counterparty Downgrade Collateral Account;
- (xiii) to the payment of any amounts necessary to provide for the orderly solvent dissolution of the Issuer;
- (xiv) to any other Person (including the Collateral Manager) in connection with satisfying the requirements of Rule 17g-5, EMIR, CRA3, AIFMD, the Dodd-Frank Act or the Securitisation Regulation;
- (xv) to any other Person (including the Collateral Manager) in connection with satisfying the EU Retention Requirements, in each case as applicable to the Issuer only, including any costs or fees related to additional due diligence or reporting requirements;

- (xvi) costs of complying with FATCA or the CRS; and
  - (xvii) reasonable fees, costs and expenses of the Issuer and the Collateral Manager including reasonable attorney's fees of compliance by the Issuer and the Collateral Manager with the United States Commodity Exchange Act of 1936, as amended (including rules and regulations promulgated thereunder);
- (c) on a *pro rata* basis, any Refinancing Costs; and
- (d) except to the extent already provided for above, on a *pro rata* basis payment of any indemnities payable to any Person as contemplated in these Conditions or the Transaction Documents,

*provided that:*

- (x) the Collateral Manager may direct the payment of any invoiced Rating Agency fees set out in (b)(i) above other than in the order required by paragraph (b) above (but not in priority to the amounts referred to in paragraph (a) above) if the Collateral Manager, the Trustee or the Issuer has been advised by a Rating Agency that non-payment of its fees will immediately result in the withdrawal of any ratings on any Class of Rated Notes;
- (y) the Collateral Manager may direct a payment of any invoiced amount other than in the order required by paragraph (b) above (but not in priority to the amounts referred to in paragraph (a) above) if in its reasonable judgement, it determines that such payment is required to ensure the delivery of certain accounting services and reports; and
- (z) the Collateral Manager may, if it considers it in the interests of the Issuer, direct payment of one or more of the invoiced amounts referred to in paragraph (b) above in priority to the other amounts referred to in paragraph (b) above (but not in priority to the amounts referred to in paragraph (a) above),

provided that in each case no such direction of the Collateral Manager may be made without the prior written consent of the Initial Purchaser where the direction contemplated would affect payments to be made to the Initial Purchaser.

**“Affiliate”** or **“Affiliated”** means with respect to a Person:

- (a) any other Person who, directly or indirectly, is in control of, or controlled by, or is under common control with, such Person; or
- (b) any other Person who is a director, officer or employee:
  - (i) of such Person;
  - (ii) of any subsidiary or parent company of such Person; or
  - (iii) of any Person described in paragraph (a) above.

For the purposes of this definition:

- (A) control of a Person shall mean the power, direct or indirect, (A) to vote more than 50 per cent. of the securities having ordinary voting power for the election of directors of such Person, or (B) to direct or cause the direction of the management and policies of such Person whether by contract or otherwise; and
- (B) the Issuer shall not be deemed to be an “Affiliate” of the Collateral Manager.

For the avoidance of doubt, “Affiliate” or “Affiliates” in relation to the Issuer or the Collateral Manager shall not include portfolio companies an interest in which is held by a fund managed or advised by the Collateral Manager or any of its Affiliates.

**“Agent”** means each of the Registrar, the Principal Paying Agent, the Calculation Agent, the Account Bank, the Collateral Administrator, the Information Agent and the Custodian, and each of their permitted successors or

assigns appointed as agents of the Issuer pursuant to the Agency Agreement or, as the case may be, the Collateral Management and Administration Agreement and “**Agents**” shall be construed accordingly.

“**Aggregate Principal Balance**” means the aggregate of the Principal Balances of all the Collateral Obligations and when used with respect to some portion of the Collateral Obligations, means the aggregate of the Principal Balances of such portion of the Collateral Obligations, in each case, as at the date of determination.

“**AIFMD**” means EU Directive 2011/61/EU on Alternative Investment Fund Managers.

“**AIFMD Retention Requirements**” means Article 17 of the AIFMD, as implemented by Section 5 of the European Union Commission Delegated Regulation (EU) No 231/2013 of 19 December 2012 supplementing the AIFMD, including any guidance published in relation thereto and any implementing laws or regulations in force in any member state of the European Union, provided that any reference to the AIFMD Retention Requirements shall be deemed to include any successor or replacement provisions of Section 5 included in any European Union directive or regulation subsequent to the AIFMD or the European Union Commission Delegated Regulation (EU) No 231/2013 of 19 December 2012 supplementing the AIFMD.

“**Annual Obligations**” means Collateral Obligations which, at the relevant date of measurement, pay interest less frequently than semi-annually.

“**Applicable Margin**” has the meaning given to it in Condition 6 (*Interest*).

“**Appointee**” means any attorney, manager, agent, delegate or other person properly appointed by the Trustee under the terms of the Trust Deed to discharge any of its functions or to advise it in relation thereto.

“**Assignment**” means an interest in a loan acquired directly by way of novation or assignment.

“**Authorised Denomination**” means, in respect of any Note, the Minimum Denomination thereof and any denomination equal to a multiple of the Authorised Integral Amount in excess of the Minimum Denomination thereof.

“**Authorised Integral Amount**” means for each Class of Notes, €1,000.

“**Authorised Officer**” means with respect to the Issuer, any Managing Director or other person as notified by or on behalf of the Issuer to the Trustee who is authorised to act for the Issuer in matters relating to, and binding upon, the Issuer.

“**Balance**” means on any date, with respect to any cash or Eligible Investments standing to the credit of an Account (or any subaccount thereof), the aggregate of the:

- (a) current balance of cash, demand deposits, time deposits, government guaranteed funds and other investment funds;
- (b) outstanding principal amount of interest bearing corporate and government obligations and money market accounts and repurchase obligations; and

- (d) such Collateral Obligation has been upgraded or put on a watch list for possible upgrade by either of the Rating Agencies since the date on which such Collateral Obligation was acquired by the Issuer; or
- (e) if such Collateral Obligation is a loan obligation, the spread over the applicable reference rate for such Collateral Obligation has been decreased in accordance with the underlying Collateral Obligation since the date the Issuer or the Collateral Manager acting on behalf of the Issuer entered into a binding commitment to purchase such obligation by (1) 0.25 per cent. or more (in the case of a loan obligation with a spread (prior to such decrease) less than or equal to 2.0 per cent.), (2) 0.375 per cent. or more (in the case of a loan obligation with a spread (prior to such decrease) greater than 2.0 per cent. but less than or equal to 4.0 per cent.) or (3) 0.5 per cent. or more (in the case of a loan obligation with a spread (prior to such decrease) greater than 4.0 per cent.) due, in each case, to an improvement in the Obligor’s financial ratios or financial results;

“**Credit Improved Obligation**” means any Collateral Obligation which, in the Collateral Manager’s judgment exercised in accordance with the Collateral Management and Administration Agreement (which judgment shall not be called into question by subsequent events), has significantly improved in credit quality after it was acquired by the Issuer, which improvement may (but need not) be evidenced by one of the following: (a) such Collateral Obligation has been upgraded by Moody’s or S&P at least one rating sub-category or has been placed and remains on a credit watch with positive implication by Moody’s or S&P since it was acquired by the Issuer, or (b) such Collateral Obligation satisfies the Credit Improved Criteria, provided, that during a Restricted Trading Period or following the expiry of the Reinvestment Period, in addition to the foregoing, a Collateral Obligation will qualify as a Credit Improved Obligation only if (i) (x) such Collateral Obligation has been upgraded by Moody’s or S&P at least one rating sub-category or has been placed and remains on a credit watch with positive implication by Moody’s or S&P since it was acquired by the Issuer and (y) the Credit Improved Criteria are satisfied with respect to such Collateral Obligation or (ii) the Controlling Class acting by Ordinary Resolution agrees to treat such Collateral Obligation as a Credit Improved Obligation.

“**Credit Risk Criteria**” means the criteria that will be met in respect of a Collateral Obligation if any of the following apply to such Collateral Obligation, as determined by the Collateral Manager in its reasonable discretion:

- (a) with respect to any Collateral Obligation, the change in price of such Collateral Obligation during the period from the date on which it was acquired by the Issuer to the date of determination by a percentage which is either more negative, or less positive, as the case may be, than the percentage change in the average price of the applicable Eligible Bond Index or Eligible Loan Index (as applicable) selected by the Collateral Manager less 0.25 per cent. over the same period;
- (b) with respect to a Fixed Rate Collateral Obligation, there has been an increase in the difference between its yield compared to the yield on the German government Bund security of the same duration of more than 7.5 per cent. since the date of purchase;
- (c) the Market Value of such Collateral Obligation has decreased by at least 1.0 per cent. of the price paid by the Issuer for such Collateral Obligation due to a deterioration in the related Obligor’s financial ratios or financial results in accordance with the Underlying Instruments relating to such Collateral Obligation; or
- (d) such Collateral Obligation has been downgraded or put on a watch list for possible downgrade or on negative outlook by either of the Rating Agencies since the date on which such Collateral Obligation was acquired by the Issuer.

“**Credit Risk Obligation**” means any Collateral Obligation that, in the Collateral Manager’s judgment exercised in accordance with the Collateral Management and Administration Agreement (which judgment shall not be called into question by subsequent events), has a significant risk of declining in credit quality or price; *provided that*, during a Restricted Trading Period or following the expiry of the Reinvestment Period, a Collateral Obligation will qualify as a Credit Risk Obligation for purposes of sales of Collateral Obligations in addition to the foregoing, only if (i) (x) such Collateral Obligation has been downgraded by Moody’s or S&P at least one rating sub-category or has been placed and remains on a credit watch with negative implication by Moody’s or S&P since it was acquired by the Issuer and (y) the Credit Risk Criteria are satisfied with respect to such Collateral Obligation or (ii) the Controlling Class acting by Ordinary Resolution agrees to treat such Collateral Obligation as a Credit Risk Obligation.

“**CRR**” means Regulation (EU) No. 575/2013 of the European Parliament and of the Council (as the same may be amended from time to time).

“**CRR Investment Firm**” means an “investment firm” for the purposes of the CRR.

“**CRR Retention Requirement**” means Articles 404-410 (inclusive) of the CRR (as amended from time to time), together with any guidance published in relation thereto by the EBA including any regulatory and/or implementing technical standards, provided that any reference to the CRR Retention Requirements shall be deemed to include any successor or replacement provisions of Articles 404-410 included in any European Union directive or regulation.

“**Currency Accounts**” means the accounts in the name of the Issuer held with the Account Bank which shall comprise separate accounts denominated in the relevant currencies of Non-Euro Obligations, into which amounts received in respect of Non-Euro Obligations shall be paid and out of which amounts payable to a Currency Hedge Counterparty pursuant to any Currency Hedge Transaction shall be paid.

“**Currency Hedge Agreement**” means each 1992 ISDA Master Agreement (Multicurrency-Cross Border) or 2002 ISDA Master Agreement (as applicable) (or such other ISDA pro forma Master Agreement as may be published by ISDA from time to time) and the schedule relating thereto which is entered into between the Issuer and a Currency Hedge Counterparty in order to hedge the Issuer’s exchange rate risk arising in connection with any Non-Euro Obligation, including any guarantee thereof and any credit support annex entered into pursuant to the terms thereof and together with each confirmation entered into thereunder from time to time in respect of a Currency Hedge Transaction, as amended or supplemented from time to time, and including any Replacement Currency Hedge Agreement entered into in replacement thereof.

**“Currency Hedge Counterparty”** means any financial institution with which the Issuer has (pursuant to, and in accordance with, the terms of the Collateral Management and Administration Agreement) entered into a Currency Hedge Agreement or any permitted successor or assignee thereof pursuant to the terms of such Currency Hedge Agreement which, upon the date of entry into such agreement, in each case, is required to satisfy the applicable Rating Requirement or whose obligations are guaranteed by a guarantor which is required to satisfy the applicable Rating Requirement (or in respect of which Rating Agency Confirmation has been obtained on such date) and which is required to have the regulatory capacity (including, as a matter of Dutch law) to enter into derivatives transactions with Dutch residents.

**“Currency Hedge Issuer Termination Payment”** means any amount payable by the Issuer to a Currency Hedge Counterparty upon termination or modification of the applicable Currency Hedge Agreement in whole or one or more Currency Hedge Transactions thereunder, in whole or part and excluding for all purposes other than determining the amount payable by the Issuer to the Currency Hedge Counterparty thereto upon such termination or modification and the payment thereof pursuant to the Priorities of Payment, any due and unpaid Scheduled Periodic Hedge Issuer Payments payable thereunder.

**“Currency Hedge Transaction”** means, in respect of each Non-Euro Obligation, the cross-currency transaction entered into in respect thereof under a Currency Hedge Agreement.

**“Currency Hedge Transaction Exchange Rate”** means the rate of exchange set out in the relevant Currency Hedge Agreement.

**“Current Pay Obligation”** means any Collateral Obligation (other than a Corporate Rescue Loan) that would otherwise be treated as a Defaulted Obligation but as to which no payments are due and payable that are unpaid and with respect to which the Collateral Manager believes, in its reasonable business judgment, that:

- (a) the Obligor of such Collateral Obligation will continue to make scheduled payments of interest thereon in cash and will pay the principal thereof in cash by maturity or as otherwise contractually due;
- (b) if the Obligor is subject to a bankruptcy or insolvency proceedings, a bankruptcy court has authorised the payment of interest and principal payments when due thereunder;
- (c) the Collateral Obligation has a Market Value of at least 80 per cent. of its current Principal Balance; and
- (d) so long as any of the Rated Notes rated by Moody’s are Outstanding, satisfies the Moody’s Additional Current Pay Criteria.

**“Custody Account”** means the custody account or accounts in the name of the Issuer established on the books of the Custodian in accordance with the provisions of the Agency Agreement, which term shall include each securities account relating to each such custody account (if any).

**“Defaulted Currency Hedge Termination Payment”** means any amount payable, including any due and unpaid scheduled amounts thereunder, by the Issuer to a Currency Hedge Counterparty upon termination of a Currency Hedge Transaction in respect of which the Currency Hedge Counterparty was either:

- (a) the Defaulting Party (as defined in the applicable Currency Hedge Agreement); or
- (b) the sole Affected Party (as defined in the applicable Currency Hedge Agreement) in respect of:
  - (i) any termination event, howsoever described, in each case resulting from a ratings downgrade of the Currency Hedge Counterparty and/or its failure or inability to take any specified curative action within any specified period within the applicable Currency Hedge Agreement; or
  - (ii) a termination event that is a Tax Event Upon Merger (as defined in the applicable Currency Hedge Agreement).

**“Defaulted Hedge Termination Payment”** means a Defaulted Currency Hedge Termination Payment or a Defaulted Interest Rate Hedge Termination Payment.

**“Defaulted Interest Rate Hedge Termination Payment”** means any amount payable, including any due and unpaid scheduled amounts thereunder, by the Issuer to an Interest Rate Hedge Counterparty upon termination of an Interest Rate Hedge Transaction in respect of which the Interest Rate Hedge Counterparty was either:

- (a) the Defaulting Party (as defined in the applicable Interest Rate Hedge Agreement); or
- (b) the sole Affected Party (as defined in the applicable Interest Rate Hedge Agreement) in respect of:
  - (i) any termination event, howsoever described, in each case, resulting from a ratings downgrade of the Interest Rate Hedge Counterparty and/or its failure or inability to take any specified curative action within any specified period within the applicable Interest Rate Hedge Agreement; or
  - (ii) a termination event that is a Tax Event Upon Merger (as defined in the applicable Interest Rate Hedge Agreement).

**“Defaulted Obligation”** means a Collateral Obligation as determined by the Collateral Manager:

- (a) in respect of which there has occurred and is continuing a default with respect to the payment of interest or principal, disregarding any grace periods applicable thereto or waiver or forbearance thereof, provided that in the case of any Collateral Obligation in respect of which the Collateral Manager has confirmed to the Issuer and the Collateral Administrator in writing that, to the knowledge of the Collateral Manager, such default has resulted from non-credit related causes, such Collateral Obligation shall not constitute a “Defaulted Obligation” for the greater of five Business Days or seven calendar days (but in no case beyond the passage of any grace period applicable thereto), in each case which default entitles the holders thereof, with notice or passage of time or both, to accelerate the maturity of all or a portion of the principal amount of such obligation, but only until such default has been cured;
- (b) in respect of which any bankruptcy, insolvency or receivership proceeding has been initiated in connection with the Obligor of such Collateral Obligation and such proceedings have not been stayed or dismissed (provided that a Collateral Obligation shall not constitute a Defaulted Obligation under this paragraph (b) if it is a Current Pay Obligation);
- (c) in respect of which a Responsible Officer of the Collateral Manager has actual knowledge that the Obligor thereunder is in default as to payment of principal and/or interest on another obligation, save for obligations constituting trade debts which the applicable Obligor is disputing in good faith, (and such default has not been cured), but only if both such other obligation and the Collateral Obligation are full recourse, unsecured obligations, the other obligation is senior to, or *pari passu* with, the Collateral Obligation in right of payment without regard to any grace period applicable thereto, or waiver or forbearance thereof, after the passage (in the case of a default that in the Collateral Manager’s judgment, as certified to the Issuer and the Collateral Administrator in writing, is not due to credit-related causes) of five Business Days or seven calendar days, whichever is greater, but in no case beyond the passage of any grace period applicable thereto and the holders of such obligation have accelerated the maturity of all or a portion of such obligation, except that a Collateral Obligation shall not constitute a “Defaulted Obligation” under paragraph (b) or this paragraph (c) if the Collateral Manager has notified the Rating Agencies in writing of its decision not to treat the Collateral Obligation as a Defaulted Obligation and Rating Agency Confirmation has been received from Moody’s, provided further that the Collateral Obligation shall constitute a Defaulted Obligation under this clause (c) only until such acceleration has been rescinded;
- (d) which has (i) an S&P Rating of “D”, “CC” or “SD” (or below), or (ii) a Moody’s Rating of “Ca” or “C” (or below), or, in each case, had such rating immediately prior to the withdrawal of its rating by Moody’s or S&P, as applicable;
- (e) which the Collateral Manager, acting on behalf of the Issuer, determines in its reasonable business judgment should be treated as a Defaulted Obligation;
- (f) if the Obligor thereof offers holders of such Collateral Obligation a new security, obligation or package of securities or obligations that amount to a diminished financial obligation (such as preferred or common stock, or debt with a lower coupon or par amount) of such Obligor and in the reasonable business judgement of the Collateral Manager, such offer has the apparent purpose of helping the Obligor avoid default; provided, however, such obligation will cease to be a Defaulted Obligation

under this paragraph if such new obligation is (i) a Restructured Obligation; and (ii) such Restructured Obligation does not otherwise constitute a Defaulted Obligation pursuant to any other paragraph of the definition hereof;

- (g) which the Collateral Manager has received notice or has knowledge that a default has occurred under the underlying instruments and any applicable grace period has expired and the holders of such Collateral Obligation have accelerated the repayment of the Collateral Obligation (but only until such acceleration has been rescinded) in the manner provided in the underlying instrument;
- (h) which would be treated as a Current Pay Obligation; provided that to the extent that the Aggregate Principal Balance of all Collateral Obligations that would otherwise be Current Pay Obligations exceeds 5.0 per cent. of the Collateral Principal Amount (in calculating the Collateral Principal Balance for this purpose a Defaulted Obligation shall be deemed to have a Principal Balance equal to the lesser of its Moody's Collateral Value and S&P Collateral Value) such excess over 5.0 per cent. will constitute Defaulted Obligations; provided further that in determining which of the Collateral Obligations will be included in such excess, the Collateral Obligations with the lowest Market Value expressed as a percentage will be deemed to constitute such excess; provided further that each such Collateral Obligation included in such excess will be treated as a Defaulted Obligation for all purposes until such time as the Aggregate Principal Balance of Collateral Obligations that would otherwise be Current Pay Obligations would not exceed, on a pro forma basis including such Defaulted Obligation, 5.0 per cent. of the Collateral Principal Amount; and provided even further, that each such Collateral Obligation for which the Market Value thereof is not determined in accordance with the provisions of paragraph (a) or (b) of the definition of "Market Value" shall not be a Current Pay Obligation; or
- (i) in respect of a Collateral Obligation that is a Participation:
  - (i) the Selling Institution has defaulted in respect of any of its payment obligations under the terms of such Participation;
  - (ii) the obligation which is the subject of such Participation would constitute a Defaulted Obligation; or
  - (iii) the Selling Institution has (x) a Moody's rating of "C" or "Ca" (or below) or had such rating prior to the withdrawal of its Moody's rating or (y) an S&P rating of "CC" (or below), "D" (or below) or "SD" (or below) or had such rating prior to the withdrawal of its S&P rating,

provided that:

- (A) any Collateral Obligation shall cease to be a Defaulted Obligation on the date such obligation no longer satisfies this definition of "Defaulted Obligation";
- (B) a Collateral Obligation which is a Corporate Rescue Loan shall only constitute a Defaulted Obligation if: (1) such Corporate Rescue Loan satisfies this definition of "Defaulted Obligation" other than paragraphs (b) and (f) thereof; or (2) the Aggregate Principal Balance of Corporate Rescue Loans exceeds 5 per cent. of the Collateral Principal Amount (in calculating the Collateral Principal Amount for this purpose a Defaulted Obligation shall be deemed to have a Principal Balance equal to the lesser of its S&P Collateral Value and Moody's Collateral Value), in respect of each Corporate Rescue Loan whose Principal Balance is in excess of such 5 per cent. For the purposes of determining which Corporate Rescue Loans represent the excess, the Collateral Obligations with the lowest Market Values shall constitute Defaulted Obligations; and
- (C) a Collateral Obligation which is a Current Pay Obligation shall not constitute a Defaulted Obligation (other than as provided in sub-paragraph (h) above).

**"Defaulted Obligation Excess Amounts"** means in respect of a Defaulted Obligation, the greater of (i) zero and (ii) the aggregate of all amounts paid into the Principal Account in respect of such Defaulted Obligation for so long as it is a Defaulted Obligation, minus the sum of the Principal Balance of such Defaulted Obligation (including Purchased Accrued Interest) outstanding immediately prior to receipt of such amounts.

“**Effective Date**” means the earlier of:

- (a) the date designated for such purpose by the Collateral Manager by written notice to the Trustee, the Issuer, the Rating Agencies and the Collateral Administrator pursuant to the Collateral Management and Administration Agreement, subject to the Effective Date Determination Requirements having been satisfied; and
- (b) 29 March 2018 (or if such day is not a Business Day, the next following Business Day).

“**Effective Date Determination Requirements**” means, as at the Effective Date, each of the Portfolio Profile Tests, the Collateral Quality Tests, the Coverage Tests (save for the Interest Coverage Tests) and the

Reinvestment Overcollateralisation Test being satisfied on such date, and the Issuer having acquired or having entered into binding commitments to acquire Collateral Obligations the Aggregate Principal Balance of which equals or exceeds the Target Par Amount by such date (provided that, for the purposes of determining the Aggregate Principal Balance as provided above, any repayments or prepayments of any Collateral Obligations subsequent to the Issue Date shall be disregarded and the Principal Balance of a Collateral Obligation which is a Defaulted Obligation will be the lower of its S&P Collateral Value and its Moody's Collateral Value).

“**Effective Date Moody's Condition**” means a condition that will be satisfied if:

- (a) the Issuer is provided with an accountant's certificate recalculating and comparing each element of the Effective Date Report; and
- (b) Moody's is provided with the Effective Date Report.

“**Effective Date Rating Event**” means:

- (a) the Effective Date Determination Requirements not having been satisfied as at the Effective Date (unless Rating Agency Confirmation is received in respect of such failure to satisfy any of the Effective Date Determination Requirements) and either:
  - (i) the failure by the Collateral Manager (acting on behalf of the Issuer) to present a Rating Confirmation Plan to Moody's; or
  - (ii) the Collateral Manager (acting on behalf of the Issuer) does present a Rating Confirmation Plan to Moody's but Rating Agency Confirmation from Moody's is not received for the Rating Confirmation Plan; or
- (b) the Effective Date Moody's Condition not being satisfied and following a request therefor from the Collateral Manager after the Effective Date, Rating Agency Confirmation from Moody's not having been received; or
- (c) the Effective Date S&P Condition not being satisfied and following a request therefor from the Collateral Manager after the Effective Date, Rating Agency Confirmation from S&P not having been received,

*provided that* any downgrade or withdrawal of any of the Initial Ratings of the Rated Notes which is not directly related to a request for confirmation thereof or which occurs after confirmation thereof by the Rating Agencies shall not constitute an Effective Date Rating Event.

“**Effective Date Report**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**Effective Date S&P Condition**” means a condition that will be satisfied if, on or after the Effective Date, S&P has provided Rating Agency Confirmation to the Issuer or the Collateral Manager and provided that S&P will be deemed to have given such Rating Agency Confirmation where the Issuer (or the Collateral Manager on its behalf) has confirmed to S&P that the Effective Date Determination Requirements have been met and the Effective Date Report has been provided in accordance with the Collateral Management and Administration Agreement and confirms the satisfaction of the S&P CDO Monitor Test as of the Effective Date, and *provided further that* the Effective Date S&P Condition will be deemed to be satisfied if S&P makes a public announcement or informs the Issuer, the Collateral Manager and the Trustee in writing (including by means of email notification or a press release) that (i) it believes satisfaction of the Effective Date S&P Rating Condition is not required or (ii) its practice is not to give such confirmation.

“**Electronic Resolution**” means any Resolution of the Noteholders passed by way of consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee), as described in Condition 14 (*Meetings of Noteholders, Modification, Waiver and Substitution*) and as further described in, and as defined in, the Trust Deed.

“**Eligibility Criteria**” means the Eligibility Criteria specified in the Collateral Management and Administration Agreement which are required to be satisfied in respect of each Collateral Obligation acquired by the Collateral Manager (on behalf of the Issuer) at the time of entering into a binding commitment to acquire such obligation and in the case of Issue Date Collateral Obligations, the Issue Date.

## **2. Form and Denomination, Title, Transfer and Exchange**

### (a) Form and Denomination

The Notes of each Class will be issued in definitive, certificated, fully registered form, without interest coupons, talons and principal receipts attached, in the applicable Minimum Denomination and integral multiples of any Authorised Integral Amount in excess thereof. A Definitive Certificate will be issued to each Noteholder in respect of its registered holding of Notes. Each Definitive Certificate will be numbered serially with an identifying number which will be recorded in the Register which the Issuer shall procure to be kept by the Registrar.

### (b) Title to the Registered Notes

Title to the Notes passes upon registration of transfers in the Register in accordance with the provisions of the Agency Agreement and the Trust Deed. Notes will be transferable only on the books of the Issuer and its agents. The registered holder of any Notes will (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on it, or its theft or loss) and no person will be liable for so treating the holder.

(c) Transfer

One or more Notes may be transferred in whole or in part in nominal amounts of the applicable Authorised Denomination only upon the surrender, at the specified office of the Registrar, of the Definitive Certificate representing such Notes to be transferred, with the form of transfer endorsed on such Definitive Certificate duly completed and executed and together with such other evidence as the Registrar may reasonably require. In the case of a transfer of part only of a holding of Notes represented by one Definitive Certificate, a new Definitive Certificate will be issued to the transferee in respect of the part transferred and a further new Definitive Certificate in respect of the balance of the holding not transferred will be issued to the transferor. The Issuer shall procure that at all times the Register is kept and maintained outside the United Kingdom and no entire copy of the Register is created, kept or maintained in the United Kingdom.

(d) Delivery of New Certificates

Each new Definitive Certificate to be issued pursuant to Condition 2(c) (*Transfer*) will be available for delivery within five Business Days of receipt of such form of transfer or of surrender of an existing certificate upon partial redemption. Delivery of new Definitive Certificate(s) shall be made at the specified office of the Registrar or at the option of the holder making such delivery or surrender as aforesaid and as specified in the form of transfer or otherwise in writing, shall be sent by pre-paid first class post, at the risk of the holder entitled to the new Definitive Certificate, to such address as may be so specified. In this Condition 2(d) (*Delivery of New Certificates*), “**Business Day**” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the Registrar.

(e) Transfer Free of Charge

Transfer of Notes and Definitive Certificates representing such Notes in accordance with these Conditions on registration or transfer will be effected without charge by or on behalf of the Issuer or the Registrar, but upon payment (or the giving of such indemnity as the Registrar may require in respect thereof) of any tax or other governmental charges which may be imposed in relation to it.

(f) Closed Periods

No Noteholder may require the transfer of a Note to be registered (i) during the period of 15 calendar days ending on the due date for redemption (in full) of that Note or (ii) during the period of seven calendar days ending on (and including) any Record Date.

(g) Regulations Concerning Transfer and Registration

All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning the transfer of Notes scheduled to the Trust Deed, including without limitation, that a transfer of Notes in breach of certain of such regulations will result in such transfer being void *ab initio*. The regulations may be changed by the Issuer in any manner which is reasonably required by the Issuer (after consultation with the Trustee) to reflect changes in legal or regulatory requirements or in any other manner which, in the opinion of the Issuer (after consultation with the Trustee and subject to not less than 60 days’ notice of any such change having been given to the Noteholders in accordance with Condition 16 (*Notices*)), is not prejudicial to the interests of the holders of the relevant Class of Notes. A copy of the current regulations may be inspected at the offices of the Registrar during usual business hours on any weekday (Saturdays, Sundays and public holidays excepted) for the term of the Notes and will be sent by the Registrar to any Noteholder who so requests.

(h) Forced Transfer of Rule 144A Notes

If the Issuer determines at any time that a holder of Rule 144A Notes is a U.S. Person and is not a QIB/QP (any such person, a “**Non-Permitted Noteholder**”), the Issuer shall, promptly after determination that such person is a Non-Permitted Noteholder by the Issuer, send notice to such Non-Permitted Noteholder demanding that such Non-Permitted Noteholder transfer its Notes outside the United States to a non-U.S. Person or within the United States to a U.S. Person that is a QIB/QP within 30 days of the date of such notice. If such holder fails to sell or transfer its Rule 144A Notes within such period, such holder may be required by the Issuer to sell such Rule 144A Notes to a purchaser selected by the Issuer on such terms as the Issuer may choose, subject to the transfer restrictions set out

herein. The Issuer may select the purchaser by soliciting one or more bids from one or more brokers or other market professionals that regularly deal in securities similar to the Rule 144A Notes and selling such Rule 144A Notes to the highest such bidder. However, the Issuer may select a purchaser by any other means determined by it in its sole discretion. Each Noteholder and each other person in the chain of title from the permitted Noteholder to the Non-Permitted Noteholder by its acceptance of an interest in the Rule 144A Notes agrees to co-operate with the Issuer to effect such transfers. The proceeds of such sale, net of any commissions, expenses and taxes due in connection with such sale shall be remitted to the selling Noteholder. The terms and conditions of any sale hereunder shall be determined in the sole discretion of the Issuer, subject to the transfer restrictions set out herein, and none of the Issuer, the Trustee or the Registrar shall be liable to any person having an interest in the Notes sold as a result of any such sale or the exercise of such discretion. The Issuer reserves the right to require any holder of Notes to submit a written certification substantiating that it is a QIB/QP or a non-U.S. Person. If such holder fails to submit any such requested written certification on a timely basis, the Issuer has the right to assume that the holder of the Notes from whom such a certification is requested is not a QIB/QP or a non-U.S. Person. Furthermore, the Issuer reserves the right to refuse to honour a transfer of beneficial interests in a Rule 144A Note to any Person who is not either a non-U.S. Person or a U.S. Person that is a QIB/QP.

(i) Forced Transfer pursuant to ERISA

If any Noteholder is determined by the Issuer to be a Noteholder who has made or is deemed to have made, as applicable, a prohibited transaction, Benefit Plan Investor, Controlling Person, Other Plan Law, Similar Law or other ERISA representation that is subsequently shown to be false or misleading, or whose beneficial ownership otherwise causes a violation of the 25 per cent. limitation set out in the Plan Asset Regulation (any such Noteholder a “**Non-Permitted ERISA Noteholder**”), the Non-Permitted ERISA Noteholder may be required by the Issuer to sell or otherwise transfer its Notes to an eligible purchaser (selected by the Issuer) at a price to be agreed between the Issuer (exercising its sole discretion) and such eligible purchaser at the time of sale, subject to the transfer restrictions set out in the Trust Deed. Each Noteholder and each other Person in the chain of title from the Noteholder, by its acceptance of an interest in such Notes, agrees to cooperate with the Issuer, to the extent required to effect such transfers. Neither the Issuer, the Trustee nor the Registrar shall be liable to any Noteholder having an interest in the Notes sold or otherwise transferred as a result of any such sale or transfer. The Issuer shall be entitled to deduct from the sale or transfer price an amount equal to all the expenses and costs incurred and any loss suffered by the Issuer as a result of such forced transfer. The Non-Permitted ERISA Noteholder will receive the balance, if any.

(j) Forced Transfer pursuant to FATCA

Each Noteholder (which, for the purposes of this Condition 2(j) (*Forced Transfer pursuant to FATCA*) may include a nominee or beneficial owner of a Note) will agree to provide the Issuer and its agents with any correct, complete and accurate information or documentation that may be required for the Issuer to comply with FATCA and to prevent the imposition of tax under FATCA on payments to or for the benefit of the Issuer. In the event the Noteholder fails to provide such information or documentation, or to the extent that its ownership of the Notes would otherwise cause the Issuer to be subject to tax under FATCA, (A) the Issuer and its agents are authorised to withhold amounts otherwise distributable to the Noteholder as compensation for any taxes to which the Issuer is subject under FATCA as a result of such failure or the Noteholder’s ownership of Notes, and (B) to the extent necessary to avoid an adverse effect on the Issuer as a result of such failure or the Noteholder’s ownership of Notes, the Issuer will have the right to compel the Noteholder to sell its Notes, and, if the Noteholder does not sell its Notes within 10 Business Days after notice from the Issuer or any agent of the Issuer, the Issuer will have the right to sell such Notes at a public or private sale called and conducted in any manner permitted by law, and to remit the net proceeds of such sale (taking into account any costs, charges, and any taxes incurred by the Issuer in connection with such sale) to the Noteholder as payment in full for such Notes. The Issuer may also assign each such Note or procure that each such Note is assigned a separate securities identifier in the Issuer’s sole discretion. The Issuer shall have the right to sell a beneficial owner’s interest in a Note in its entirety notwithstanding that the sale of a portion of such an interest would permit the Issuer to comply with FATCA.

(k) Forced Transfer mechanics

In order to effect the forced transfer provisions set out in Conditions 2(h) (*Forced Transfer of Rule 144A Notes*), 2(i) (*Forced Transfer pursuant to ERISA*) and 2(j) (*Forced Transfer pursuant to FATCA*), the Issuer may, in the event that any Noteholder objects to or otherwise prevents such transfer, repay any affected Notes of such Noteholder at par value together with accrued interest and issue replacement Notes to the relevant transferee.

(l) Exchange of Voting/Non-Voting Notes

The Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes may be in the form of CM Voting Notes, CM Non-Voting Exchangeable Notes or CM Non-Voting Notes.

Notes held in the form of CM Non-Voting Exchangeable Notes or CM Non-Voting Notes shall not constitute or form part of the Controlling Class, shall not have any voting rights with respect to, and shall not be counted for the purposes of determining a quorum and the results of voting: (i) on any CM Removal Resolution; (ii) on any CM Replacement Resolution; or (iii) in respect of any assignment or delegation of any of the Collateral Manager's rights or obligations under the Collateral Management and Administration Agreement.

CM Voting Notes shall be exchangeable at any time upon request by the relevant Noteholder into CM Non-Voting Exchangeable Notes or CM Non-Voting Notes. CM Non-Voting Exchangeable Notes shall be exchangeable (a) upon request by the relevant Noteholder at any time into CM Non-Voting Notes or (b) into CM Voting Notes only in connection with the transfer of such Notes to an entity that is not an Affiliate of the transferor upon request of the relevant transferee or transferor and in no other circumstance. CM Non-Voting Notes shall not be exchangeable at any time into CM Voting Notes or CM Non-Voting Exchangeable Notes.

Any such right to exchange a Note, as described and subject to the limitations set out in the immediately prior paragraph, may be exercised by a Noteholder holding a Definitive Certificate or a beneficial interest in a Global Certificate delivering to the Registrar a duly completed exchange request substantially in the form provided in the Trust Deed.

### 3. Status

(a) Status

The Notes of each Class constitute direct, general, secured, unconditional obligations of the Issuer, recourse in respect of which is limited in the manner described in Condition 4(c) (*Limited Recourse and Non-Petition*). The Notes of each Class are secured in the manner described in Condition 4(a) (*Security*) and, within each Class, shall at all times rank *pari passu* and without any preference amongst themselves.

(b) Relationship Among the Classes

The Notes of each Class are constituted by the Trust Deed and the Notes are secured on the Collateral as further described in the Trust Deed. Except to the extent described below, payments of interest on the Class A Notes will rank senior to payments of interest on each Payment Date in respect of each other Class; payment of interest on the Class B Notes will be subordinated in right of payment to payments of interest in respect of the Class A Notes, but senior in right of payment to payments of interest in respect of the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes; payment of interest on the Class C Notes will be subordinated in right of payment to payments of interest in respect of the Class A Notes and the Class B Notes, but senior in right of payment to payments of interest on the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes; payment of interest on the Class D Notes will be subordinated in right of payment to payments of interest in respect of the Class A Notes, the Class B Notes and the Class C Notes, but senior in right of payment to payments of interest on the Class E Notes, the Class F Notes and the Subordinated Notes; payment of interest on the Class E Notes will be subordinated in right of payment to payments of interest in respect of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, but senior in right of payment to payments of interest on the Class F Notes and the Subordinated Notes; payment of interest on the Class F Notes will be subordinated in right of payment to payments of interest in respect of the Class A Notes, the Class B Notes, the Class C Notes, the

Class D Notes and the Class E Notes, but senior in right of payment to payments of interest on the Subordinated Notes; and payment of interest on the Subordinated Notes will be subordinated in right of payment to payment of interest in respect of the Rated Notes. Payments of interest on the Class B-1 Notes and the Class B-2 Notes shall be paid *pari passu* and without any preference amongst themselves. Interest on the Subordinated Notes shall be paid *pari passu* and without any preference amongst themselves.

No amount of principal in respect of the Class B Notes shall become due and payable until redemption and payment in full of the Class A Notes. No amount of principal in respect of the Class C Notes shall become due and payable until redemption and payment in full of the Class A Notes and the Class B Notes. No amount of principal in respect of the Class D Notes shall become due and payable until redemption and payment in full of the Class A Notes, the Class B Notes and the Class C Notes. No amount of principal in respect of the Class E Notes shall become due and payable until redemption and payment in full of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes. No amount of principal in respect of the Class F Notes shall become due and payable until redemption and payment in full of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes. No amount of principal on the Subordinated Notes shall become due and payable until redemption and payment in full of the Rated Notes. Subject to the applicability of the Post-Acceleration Priority of Payments, the Subordinated Notes will be entitled to receive, out of Principal Proceeds, the amounts described under the Principal Proceeds Priority of Payments on a *pari passu* basis. Payments on the Subordinated Notes are subordinated to payments on the Rated Notes and other amounts described in the Priorities of Payments and no payments out of Principal Proceeds will be made on the Subordinated Notes until the Rated Notes and other payments ranking prior to the Subordinated Notes in accordance with the Priorities of Payments are paid in full. Repayment of principal on the Class B-1 Notes and the Class B-2 Notes shall be paid *pari passu* and without any preference amongst themselves, except as otherwise provided in connection with a Refinancing.

(c) Priorities of Payments

The Collateral Administrator shall (on the basis of the Payment Date Report prepared by the Collateral Administrator in consultation with the Collateral Manager pursuant to the terms of the Collateral Management and Administration Agreement on each Determination Date), on behalf of the Issuer (i) on each Payment Date prior to the delivery of an Acceleration Notice in accordance with Condition 10(b) (*Acceleration*) or an automatic acceleration of the maturity of the Notes in accordance with the Conditions; (ii) following delivery of an Acceleration Notice (deemed or otherwise) which has subsequently been rescinded and annulled in accordance with Condition 10(c) (*Curing of Default*); and (iii) other than in connection with an optional redemption in whole under Condition 7(b) (*Optional Redemption*) or in accordance with Condition 7(g) (*Redemption following Note Tax Event*) (in which event the Post-Acceleration Priority of Payments shall apply), cause the Account Bank to disburse Interest Proceeds and Principal Proceeds transferred to the Payment Account on the Business Day prior thereto, in each case, in accordance with the following Priorities of Payments. For the avoidance of doubt, Interest Proceeds are to be distributed first, followed by Principal Proceeds.

(i) Application of Interest Proceeds

Subject as further provided below, Interest Proceeds in respect of a Due Period shall be paid on the Payment Date immediately following such Due Period in the following order of priority:

- (A) to the payment of: (i) *firstly*, taxes owing by the Issuer accrued in respect of the related Due Period (other than any Dutch corporate income tax payable in relation to the Issuer Profit Amount referred to in (ii) below) as certified by an Authorised Officer of the Issuer to the Collateral Administrator, if any (save for any VAT or any other tax payable in relation to any Collateral Management Fee or any other tax payable in relation to any amount payable to the Secured Parties (or any other persons) in accordance with the following paragraphs); and (ii) *secondly*, the Issuer Profit Amount to be retained by the Issuer, for deposit into the Issuer Dutch Account from time to time;
- (B) to the payment of accrued and unpaid Trustee Fees and Expenses, up to an amount equal to the Senior Expenses Cap in respect of the related Due Period provided that following the occurrence of an Event of Default, the Senior Expenses Cap shall not apply;

- (C) to the payment of Administrative Expenses in the order of priority stated in the definition thereof, up to an amount equal to the Senior Expenses Cap in respect of the related Due Period less any amounts paid pursuant to paragraph (B) above provided that following the occurrence of an Event of Default, the Senior Expenses Cap shall not apply;
- (D) to the Expense Reserve Account, at the Collateral Manager's discretion, up to an amount equal to the Senior Expenses Cap in respect of the related Due Period less (i) any amounts paid pursuant to paragraph (B) and (C) above and (ii) any amounts paid out of the Expense Reserve Account in respect of the related Due Period;
- (E) to the payment:
- (1) *firstly*, to the Collateral Manager of the Senior Collateral Management Fee due and payable on such Payment Date and any VAT in respect thereof (whether payable to the Collateral Manager or directly to the relevant taxing authority) (save for any Deferred Senior Collateral Management Amounts) except that the Collateral Manager may, in its sole discretion, elect to (x) designate for reinvestment or (y) defer payment of some or all of the amounts that would have been payable to the Collateral Manager under this paragraph (E) (any such amounts, being “**Deferred Senior Collateral Management Amounts**”) on any Payment Date, provided that any such amount in the case of (x) shall (a)(i) be used to purchase Substitute Collateral Obligations or (ii) be deposited in the Principal Account pending reinvestment in Substitute Collateral Obligations and (b) not be treated as unpaid for the purposes of this paragraph (E) or paragraph (X) below or in the case of (y), shall be applied to the payment of amounts in accordance with paragraphs (F) through (W) and (Y) through (CC) below, subject to the Collateral Manager having notified the Collateral Administrator in writing not later than one Business Day prior to the relevant Determination Date of any amounts to be so applied; and
  - (2) *secondly*, to the Collateral Manager, any previously due and unpaid Senior Collateral Management Fees and any VAT in respect thereof (whether payable to the Collateral Manager or directly to the relevant taxing authority);
- (F) to the payment
- (1) on a *pro rata* basis, of any Scheduled Periodic Interest Rate Hedge Issuer Payments (to the extent not paid out of the Interest Account) and Scheduled Periodic Currency Hedge Issuer Payments (to the extent not paid from funds available in the applicable Currency Accounts) in each case due and payable to a Hedge Counterparty, and any Hedge Issuer Termination Payments (to the extent not paid out of the Hedge Account, the relevant Counterparty Downgrade Collateral Account or the Currency Accounts and other than Defaulted Hedge Termination Payments);
  - (2) of any Hedge Replacement Payments in respect of Replacement Hedge Transactions (to the extent not paid out of the relevant Hedge Account);
- (G) to the payment on a *pro rata* and *pari passu* basis of the Interest Amounts due and payable on the Class A Notes in respect of the Accrual Period ending on such Payment Date and all other Interest Amounts due and payable on such Class A Notes;
- (H) to the payment on a *pro rata* and *pari passu* basis of the Interest Amounts due and payable on the Class B Notes (where the Class B-1 Notes and the Class B-2 Notes shall be treated as a single Class) in respect of the Accrual Period ending on such Payment Date and all other Interest Amounts due and payable on such Class B Notes;
- (I) if (i) the Class A/B Par Value Test is not satisfied on any Determination Date on or after the Effective Date, or (ii) the Class A/B Interest Coverage Test is not satisfied on any Determination Date on or after the Determination Date immediately preceding the second Payment Date, to the redemption of the Rated Notes in accordance with the Note Payment Sequence to the extent necessary to cause each Class A/B Coverage Test to be satisfied if recalculated following such redemption;

- (J) to the payment on a *pro rata* and *pari passu* basis of the Interest Amounts due and payable on the Class C Notes in respect of the Accrual Period ending on such Payment Date (excluding any Deferred Interest but including interest on Deferred Interest in respect of the relevant Accrual Period);
- (K) to the payment on a *pro rata* and *pari passu* basis of any Deferred Interest on the Class C Notes which is due and payable pursuant to Condition 6(c) (*Deferral of Interest*);
- (L) if (i) the Class C Par Value Test is not satisfied on any Determination Date on or after the Effective Date, or (ii) the Class C Interest Coverage Test is not satisfied on any Determination Date on or after the Determination Date immediately preceding the second Payment Date, to the redemption of the Rated Notes in accordance with the Note Payment Sequence to the extent necessary to cause each Class C Coverage Test to be satisfied if recalculated following such redemption;
- (M) to the payment on a *pro rata* and *pari passu* basis of the Interest Amounts due and payable on the Class D Notes in respect of the Accrual Period ending on such Payment Date (excluding any Deferred Interest but including interest on Deferred Interest in respect of the relevant Accrual Period);
- (N) to the payment on a *pro rata* and *pari passu* basis of any Deferred Interest on the Class D Notes which is due and payable pursuant to Condition 6(c) (*Deferral of Interest*);
- (O) if (i) the Class D Par Value Test is not satisfied on any Determination Date on or after the Effective Date, or (ii) the Class D Interest Coverage Test is not satisfied on any Determination Date on or after the Determination Date immediately preceding the second Payment Date, to the redemption of the Rated Notes in accordance with the Note Payment Sequence to the extent necessary to cause each Class D Coverage Test to be satisfied if recalculated following such redemption;
- (P) to the payment on a *pro rata* and *pari passu* basis of the Interest Amounts due and payable on the Class E Notes in respect of the Accrual Period ending on such Payment Date (excluding any Deferred Interest but including interest on Deferred Interest in respect of the relevant Accrual Period);
- (Q) to the payment on a *pro rata* and *pari passu* basis of any Deferred Interest on the Class E Notes which is due and payable pursuant to Condition 6(c) (*Deferral of Interest*);
- (R) if (i) the Class E Par Value Test is not satisfied on any Determination Date on or after the Effective Date, or (ii) the Class E Interest Coverage Test is not satisfied on any Determination Date on or after the Determination Date immediately preceding the second Payment Date, to the redemption of the Rated Notes in accordance with the Note Payment Sequence to the extent necessary to cause each Class E Coverage Test to be satisfied if recalculated following such redemption;
- (S) to the payment on a *pro rata* and *pari passu* basis of the Interest Amounts due and payable on the Class F Notes in respect of the Accrual Period ending on such Payment Date (excluding any Deferred Interest but including interest on Deferred Interest in respect of the relevant Accrual Period);
- (T) to the payment on a *pro rata* and *pari passu* basis of any Deferred Interest on the Class F Notes which is due and payable pursuant to Condition 6(c) (*Deferral of Interest*);
- (U) if the Class F Par Value Test is not satisfied on any Determination Date on or after the Effective Date, to the redemption of the Rated Notes in accordance with the Note Payment Sequence to the extent necessary to cause the Class F Par Value Test to be satisfied if recalculated following such redemption;
- (V) on the Payment Date following the Effective Date and each Payment Date thereafter to the extent required, in the event of the occurrence of an Effective Date Rating Event which is continuing on the Business Day prior to such Payment Date, to redeem the Rated Notes in full

in accordance with the Note Payment Sequence or, if earlier, until an Effective Date Rating Event is no longer continuing;

(W) if, on any Payment Date during the Reinvestment Period, after giving effect to the payment of all amounts payable in respect of paragraphs (A) to (V) (inclusive) above, the Reinvestment Overcollateralisation Test has not been met, Interest Proceeds in an amount equal to the lesser of (x) 50 per cent. of all remaining Interest Proceeds available for payment and (y) the amount which, after giving effect to such payment, would be sufficient to cause the Reinvestment Overcollateralisation Test to be satisfied if recalculated immediately following such payment shall be applied to the payment to the Principal Account as Principal Proceeds for the acquisition of additional Collateral Obligations;

(X) to the payment:

- (1) *firstly*, to the Collateral Manager of the Subordinated Collateral Management Fee due and payable on such Payment Date and any VAT in respect thereof (whether payable to the Collateral Manager or directly to the relevant taxing authority) until such amount has been paid in full except that the Collateral Manager may, in its sole discretion, elect to (x) designate for reinvestment or (y) defer payment of some or all of the amounts that would have been payable to the Collateral Manager under this paragraph (X) (any such amounts, being “Deferred Subordinated Collateral Management Amounts”) on any Payment Date, provided that any such amount in the case of (x) shall (a)(i) be used to purchase Substitute Collateral Obligations or (ii) be deposited in the Principal Account pending reinvestment in Substitute Collateral Obligations and (b) not be treated as unpaid for the purposes of paragraph (E) above or this paragraph (X) or in the case of (y) shall be applied to the payment of amounts in accordance with paragraphs (Y) through (CC) below, subject to the Collateral Manager having notified the Collateral Administrator in writing not later than one Business Day prior to the relevant Determination Date of any amounts to be so applied;
- (2) *secondly*, to the Collateral Manager of any previously due and unpaid Subordinated Collateral Management Fees and any VAT in respect thereof (whether payable to the Collateral Manager or directly to the relevant taxing authority); and
- (3) *thirdly*, at the election of the Collateral Manager (in its sole discretion) to the Collateral Manager in payment of any previously Deferred Senior Collateral Management Amounts and Deferred Subordinated Collateral Management Amounts;

(Y) to the payment of Trustee Fees and Expenses (if any) not paid by reason of the Senior Expenses Cap;

(Z) to the payment of Administrative Expenses (if any) not paid by reason of the Senior Expenses Cap, in relation to each item thereof in the order of priority stated in the definition thereof;

(AA) to the payment on a *pari passu* and *pro rata* basis of any Defaulted Hedge Termination Payments due to any Currency Hedge Counterparty (to the extent not paid out of the Hedge Account) or Interest Rate Hedge Counterparty (to the extent not paid out of the Hedge Account);

(BB) during the Reinvestment Period at the direction and in the discretion of the Collateral Manager, to transfer to the Supplemental Reserve Account, any Supplemental Reserve Amount; and

(CC) (1) if the Incentive Management Fee IRR Threshold has not been reached, any remaining Interest Proceeds to the payment of interest on the Subordinated Notes on a *pro rata* basis (determined upon redemption in full thereof by reference to the proportion that the principal amount of the Subordinated Notes held by Subordinated Noteholders bore to the Principal Amount Outstanding of the Subordinated Notes immediately prior to such redemption), until the Incentive Management Fee IRR Threshold is reached; and

- (2) if, after taking into account all prior distributions to Subordinated Noteholders and any distributions to be made to Subordinated Noteholders on such Payment Date in accordance with the Interest Proceeds Priority of Payments and the Principal Proceeds Priority of Payments, the Incentive Management Fee IRR Threshold has been reached (on or prior to such Payment Date):
- (a) 20 per cent. of any remaining Interest Proceeds, to the payment to the Collateral Manager as an Incentive Management Fee;
  - (b) any VAT on the fee referred to in paragraph (a) above (whether payable to the Collateral Manager or directly to the relevant tax authority); and
  - (c) any remaining Interest Proceeds after the payment of the Incentive Management Fee and any VAT thereon pursuant to paragraphs (a) and (b) above, to the payment of interest on the Subordinated Notes on a pro rata basis (determined upon redemption in full thereof by reference to the proportion that the principal amount of the Subordinated Notes held by Subordinated Noteholders bore to the Principal Amount Outstanding of the Subordinated Notes immediately prior to such redemption).

(ii) Application of Principal Proceeds

Principal Proceeds in respect of a Due Period shall be paid on the Payment Date immediately following such Due Period in the following order of priority:

- (A) to the payment on a sequential basis of the amounts referred to in paragraphs (A) through (I) (inclusive) of the Interest Proceeds Priority of Payments, but only to the extent not paid in full thereunder;
- (B) to the payment of the amounts referred to in paragraph (J) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only if the Class A Notes and the Class B Notes have been redeemed in full;
- (C) to the payment of the amounts referred to in paragraph (K) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only if the Class A Notes and the Class B Notes have been redeemed in full;
- (D) to the payment of the amounts referred to in paragraph (L) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only to the extent necessary to cause the Class C Coverage Tests that are applicable on such Payment Date with respect to the Class C Notes to be satisfied;
- (E) to the payment of the amounts referred to in paragraph (M) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only if the Class A Notes, Class B Notes and Class C Notes have been redeemed in full;
- (F) to the payment of the amounts referred to in paragraph (N) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only if the Class A Notes, Class B Notes and Class C Notes have been redeemed in full;
- (G) to the payment of the amounts referred to in paragraph (O) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only to the extent necessary to cause the Class D Coverage Tests that are applicable on such Payment Date with respect to the Class D Notes to be satisfied;
- (H) to the payment of the amounts referred to in paragraph (P) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only if the Class A Notes, Class B Notes, Class C Notes and Class D Notes have been redeemed in full;
- (I) to the payment of the amounts referred to in paragraph (Q) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only to the extent that the Class A Notes, Class B Notes, Class C Notes and Class D Notes have been redeemed in full;

- (J) to the payment of the amounts referred to in paragraph (R) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only to the extent necessary to cause the Class E Coverage Tests that are applicable on such Payment Date with respect to the Class E Notes to be satisfied;
- (K) to the payment of the amounts referred to in paragraph (S) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only if the Class A Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes have been redeemed in full;
- (L) to the payment of the amounts referred to in paragraph (T) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only to the extent that the Class A Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes have been redeemed in full;
- (M) if the Class F Par Value Test is not satisfied on any Determination Date on and after the Effective Date, to the payment of the amounts referred to in paragraph (U) of the Interest Proceeds Priority of Payments but only to the extent not paid in full thereunder and only to the extent necessary to cause the Class F Par Value Test on such Payment Date with respect to the Class F Notes to be satisfied;
- (N) to the payment of the amounts referred to in paragraph (V) of the Interest Proceeds Priority of Payments, but only to the extent not paid in full thereunder;
- (O) if such Payment Date is a Special Redemption Date, at the election of the Collateral Manager, to make payments in an amount equal to the Special Redemption Amount (if any) applicable to such Payment Date in accordance with the Note Payment Sequence;
- (P) (1) during the Reinvestment Period, at the discretion of the Collateral Manager (acting on behalf of the Issuer): (i) in the purchase of Substitute Collateral Obligations or (ii) to transfer to the Principal Account for investment in Eligible Investments pending reinvestment in Substitute Collateral Obligations at a later date, in each case in accordance with and subject to the provisions of the Collateral Management and Administration Agreement; and
  - (2) after the Reinvestment Period in the case of Principal Proceeds representing Unscheduled Principal Proceeds and Sale Proceeds from the sale of Credit Risk Obligations and Credit Improved Obligations at the discretion of the Collateral Manager, either to the purchase of Substitute Collateral Obligations or to the Principal Account pending reinvestment in Substitute Collateral Obligations at a later date in each case in accordance with the Collateral Management and Administration Agreement;
- (Q) after the Reinvestment Period, to redeem the Rated Notes in accordance with the Note Payment Sequence;
- (R) to the payment on a sequential basis of the amounts referred to in paragraphs (X) through (AA) (inclusive) of the Interest Proceeds Priority of Payments, but only to the extent not paid in full thereunder;
- (S) to any Reinvesting Noteholder (whether or not any applicable Reinvesting Noteholder continues on the date of such payment to hold all or any portion of such Subordinated Notes) in the amount of any Reinvestment Amounts contributed and not previously paid pursuant to this paragraph (S); and
- (T) (1) if the Incentive Management Fee IRR Threshold has not been reached, any remaining Principal Proceeds to the payment on the Subordinated Notes on a *pro rata* basis (determined upon redemption in full thereof by reference to the proportion that the principal amount of the Subordinated Notes held by Subordinated Noteholders bore to the Principal Amount Outstanding of the Subordinated Notes and immediately prior to such redemption), until the Incentive Management Fee IRR Threshold is reached; and
  - (2) if, after taking into account all prior distributions to Subordinated Noteholders and any distributions to be made to Subordinated Noteholders on such Payment Date including in

accordance with the Interest Proceeds Priority of Payments and the Principal Proceeds Priority of Payments, the Incentive Management Fee IRR Threshold has been reached (on or prior to such Payment Date):

- (a) 20 per cent. of any remaining Principal Proceeds, to the payment to the Collateral Manager as an Incentive Management Fee;
- (b) any VAT on the fee referred to in paragraph (a) above (whether payable to the Collateral Manager or directly to the relevant tax authority); and
- (c) any remaining Principal Proceeds after payment of the Incentive Management Fee and any VAT thereon pursuant to paragraphs (a) and (b) above, to the payment on the Subordinated Notes on a pro rata basis (determined upon redemption in full thereof by reference to the proportion that the principal amount of the Subordinated Notes held by Subordinated Noteholders bore to the Principal Amount Outstanding of the Subordinated Notes immediately prior to such redemption).

Where the payment of any amount in accordance with the Priorities of Payments set out above is subject to any deduction or withholding for or on account of any tax or any other tax is payable by or on behalf of the Issuer in respect of any such amount, payment of the amounts so deducted or withheld or of the tax so due shall be made to the relevant taxing authority *pari passu* with and, so far as possible, at the same time as the payment of the amount in respect of which the relevant deduction or withholding or other liability to tax has arisen.

(d) Non-payment of Amounts

Failure on the part of the Issuer to pay the Interest Amounts on any Class of Notes pursuant to Condition 6 (*Interest*) in accordance with the Priorities of Payments by reason solely that there are insufficient funds standing to the credit of the Payment Account shall not be an Event of Default unless and until:

- (i) such failure continues for a period of at least five Business Days (as described in Condition 10(a)(i) (*Non-payment of interest*)); and
- (ii) in respect of the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes, such non-payment of interest is in respect of a Payment Date on or after the Payment Date (the “**Relevant Payment Date**”) immediately following a Frequency Switch Event and:
  - (A) in the case of non-payment of interest due and payable on the Class C Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes and the Class B Notes have been redeemed in full;
  - (B) in the case of non-payment of interest due and payable on the Class D Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes, the Class B Notes and the Class C Notes have been redeemed in full;
  - (C) in the case of non-payment of interest due and payable on the Class E Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes have been redeemed in full;
  - (D) in the case of non-payment of interest due and payable on the Class F Notes in respect of any Payment Date on or after the Relevant Payment Date, the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes have been redeemed in full,

save in each case as the result of any deduction therefrom or the imposition of withholding thereon as set forth in Condition 9 (*Taxation*).

Subject always, in the case of Interest Amounts payable in respect of the Class C Notes, Class D Notes, Class E Notes and Class F Notes to Condition 6(c) (*Deferral of Interest*) and save as otherwise provided in respect of any unpaid Collateral Management Fees (and VAT payable in respect thereof), in the event of non-payment of any amounts referred to in the Interest Proceeds Priority of Payments or the Principal Proceeds Priority of Payments on any Payment Date, such amounts shall remain due and

shall be payable on each subsequent Payment Date in the orders of priority provided for in this Condition 3 (*Status*). References to the amounts referred to in the Interest Proceeds Priority of Payments and the Principal Proceeds Priority of Payments of this Condition 3 (*Status*) shall include any amounts thereof not paid when due in accordance with this Condition 3 (*Status*) on any preceding Payment Date.

(e) Determination and Payment of Amounts

The Collateral Administrator will, in consultation with the Collateral Manager, on each Determination Date, calculate the amounts payable on the applicable Payment Date pursuant to the Priorities of Payments and will notify the Issuer and the Trustee of such amounts. The Account Bank (acting in accordance with the Payment Date Report compiled by the Collateral Administrator on behalf of the Issuer) shall, on behalf of the Issuer not later than 12.00 noon (London time) on the Business Day preceding each Payment Date, cause the amounts standing to the credit of the Principal Account, the Unused Proceeds Account and if applicable the Interest Account and the Supplemental Reserve Account (together with, to the extent applicable, amounts standing to the credit of any other Account) to the extent required to pay the amounts referred to in the Priorities of Payments which are payable on such Payment Date, to be transferred to the Payment Account in accordance with Condition 3(j) (*Payments to and from the Accounts*).

(f) De Minimis Amounts

The Collateral Administrator may, in consultation with the Collateral Manager, adjust the amounts required to be applied in payment of principal on the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes from time to time pursuant to the Priorities of Payments so that the amount to be so applied in respect of each Class A Note, Class B Note, Class C Note, Class D Note, Class E Note, Class F Notes and Subordinated Note is a whole amount, not involving any fraction of 0.01 Euro or, at the discretion of the Collateral Administrator, part of a Euro.

(g) Publication of Amounts

The Collateral Administrator will cause details of the amounts of interest and principal to be paid, and any amounts of interest payable but not paid, on each Payment Date in respect of the Notes to be notified at the expense of the Issuer to the Issuer, the Trustee, the Principal Paying Agent, the Registrar and the Irish Stock Exchange by no later than 11.00 am (London time) on the Business Day following the applicable Payment Date.

(h) Notifications to be Final

All notifications, opinions, determinations, certificates, quotations and decisions given, expressed, made or obtained or discretions exercised for the purposes of the provisions of this Condition 3 (*Status*) will (in the absence of manifest error) be binding on the Issuer, the Collateral Administrator, the Collateral Manager, the Trustee, the Registrar, the Principal Paying Agent and all Noteholders and (in the absence as referred to above) no liability to the Issuer or the Noteholders shall attach to the Collateral Administrator in connection with the exercise or non-exercise by it of its powers, duties and discretions under this Condition 3 (*Status*).

(i) Accounts

The Issuer shall, on or prior to the Issue Date, establish the following accounts with the Account Bank or (as the case may be) with the Custodian:

- the Principal Account;
- the Interest Account;
- the Unused Proceeds Account;
- the Payment Account;
- the Supplemental Reserve Account;

- the Expense Reserve Account;
- the Unfunded Revolver Reserve Account;
- the First Period Reserve Account;
- the Interest Smoothing Account;
- each Counterparty Downgrade Collateral Account;
- the Hedge Account;
- the Currency Accounts; and
- the Custody Account.

The Account Bank and the Custodian shall at all times be a financial institution satisfying the Rating Requirement applicable thereto, which is not resident or which is acting through an office which is not situated, in The Netherlands but which has the necessary regulatory capacity and licences to perform the services required to be performed by it under the Transaction Documents. If the Account Bank or the Custodian at any time fails to satisfy the Rating Requirement, the Issuer shall use reasonable endeavours to procure that a replacement Account Bank or Custodian (as applicable) acceptable to the Trustee, which satisfies the Rating Requirement, is appointed in accordance with the provisions of the Agency Agreement.

Amounts standing to the credit of the Accounts (other than the Unfunded Revolver Reserve Account, each Counterparty Downgrade Collateral Account and the Payment Account) from time to time may be invested by the Collateral Manager on behalf of the Issuer in Eligible Investments.

All interest (if any) accrued on any of the Accounts (other than each Counterparty Downgrade Collateral Account) from time to time shall be paid into the Interest Account, save to the extent that the Issuer is contractually bound to pay such amounts to a third party. All principal amounts received in respect of Eligible Investments standing to the credit of any Account from time to time shall be credited to that Account upon maturity, save to the extent that the Issuer is contractually bound to pay such amounts to a third party. All interest accrued on such Eligible Investments (including capitalised interest received upon the sale, maturity or termination of any such investment) shall be paid to the Interest Account as, and to the extent provided, above.

To the extent that any amounts required to be paid into any Account (other than each Counterparty Downgrade Collateral Account) pursuant to the provisions of this Condition 3 (*Status*) or any Administrative Expenses payable by the Issuer, in either case, are denominated in a currency other than Euro, the Collateral Manager, acting on behalf of the Issuer, may (other than in respect of each Counterparty Downgrade Collateral Account) convert such amounts into the currency of the Account or such Administrative Expenses, as the case may be at the Spot Rate as determined by the Collateral Administrator.

Notwithstanding any other provisions of this Condition 3(i) (*Accounts*), all amounts standing to the credit of each of the Accounts (other than (i) the Interest Account, (ii) the Expense Reserve Account, (iii) the Supplemental Reserve Account, (iv) all interest accrued on the Accounts, and (v) the Currency Accounts (to the extent required to be paid to a Currency Hedge Counterparty in accordance with these Conditions), (vi) each Counterparty Downgrade Collateral Account (to the extent required to be repaid to a Hedge Counterparty in accordance with these Conditions and the applicable Hedge Agreement) and (vii) the Interest Smoothing Account) shall be transferred to the Payment Account and shall constitute Principal Proceeds on the Business Day prior to any redemption of the Notes in full, and all amounts standing to the credit of each of the Interest Account, the Expense Reserve Account, the Supplemental Reserve Account, the Interest Smoothing Account and all interest accrued on the Accounts (other than each Counterparty Downgrade Collateral Account to the extent required to be repaid to a Hedge Counterparty in accordance with the Conditions, the Transaction Documents and the applicable Hedge Agreement) shall be transferred to the Payment Account as Interest Proceeds on the Business Day prior to any redemption of the Notes in full.

Following the end of the Reinvestment Period, the Issuer (or the Collateral Manager acting on its behalf) may open additional ledgers in the Principal Account to separate payments of Scheduled Principal Proceeds and Unscheduled Principal Proceeds.

For the avoidance of doubt, application of amounts in respect of Swap Tax Credits received by the Issuer shall be paid out of the Interest Account to the relevant Hedge Counterparty in accordance with the terms of the relevant Hedge Agreement, without regard to the Priorities of Payment.

(j) Payments to and from the Accounts

(i) Principal Account

The Issuer will procure that the following Principal Proceeds are paid into the Principal Account promptly upon receipt thereof:

(A) all principal payments received in respect of any Collateral Obligation including, without limitation:

(1) Scheduled Principal Proceeds;

(2) Unscheduled Principal Proceeds; and

(3) any other principal payments with respect to Collateral Obligations or Eligible Investments (to the extent not included in the Sale Proceeds);

but excluding (i) any such payments received in respect of any Revolving Obligation or Delayed Drawdown Collateral Obligation, to the extent required to be paid into the Unfunded Revolver Reserve Account, (ii) principal proceeds on any Non-Euro Obligation to the extent required to be paid into the Currency Accounts and (iii) any such payments received in respect of any Hedge Replacement Receipts or Hedge Counterparty Termination Payments to the extent required to be paid into the Hedge Account;

(B) all amendment and waiver fees, all late payment fees, all syndication fees and all other fees and commissions (other than commitment fees) received in connection with any Collateral Obligations and Eligible Investments;

(C) all interest and other amounts received in respect of any Defaulted Obligation for so long as it is a Defaulted Obligation (save for Defaulted Obligation Excess Amounts) and amounts representing the element of deferred interest in any payments received in respect of any PIK Security;

(D) all premiums (including prepayment premiums) receivable upon redemption of any Collateral Obligation at maturity or otherwise or upon exercise of any put or call option in respect thereof which is above the outstanding principal amount of any Collateral Obligation;

(E) all fees and commissions received in connection with the purchase or sale of any Collateral Obligations or Eligible Investments or work out or restructuring of any Defaulted Obligations or Collateral Obligations as determined by the Collateral Manager in its reasonable discretion;

(F) all Sale Proceeds received in respect of a Collateral Obligation;

(G) all Distributions and Sale Proceeds received in respect of Exchanged Equity Securities;

(H) all Collateral Enhancement Obligation Proceeds;

(I) all Purchased Accrued Interest;

(J) amounts transferred to the Principal Account from any other Account as required by this Condition 3(j) (*Payments to and from the Accounts*);

(K) all proceeds received following the Initial Investment Period from any additional issuance of Notes in accordance with Condition 17(a) (*Additional Notes*);

- (L) all amounts transferable from a Counterparty Downgrade Collateral Account to the Principal Account in accordance with Condition 3(j)(v) (*Counterparty Downgrade Collateral Account*) below;
- (M) all net proceeds of issuance of any Refinancing Obligations issued in accordance with Condition 7(b) (*Optional Redemption*);
- (N) all amounts to be transferred to the Principal Account pursuant to paragraph (W) of the Interest Proceeds Priority of Payments upon the failure to meet the Reinvestment Overcollateralisation Test during the Reinvestment Period;
- (O) any other amounts which are not required to be paid into any other Account in accordance with this Condition 3(j) (*Payments to and from the Accounts*); and
- (P) all cash payments of principal or interest in respect of any Non-Eligible Issue Date Collateral Obligations or any other asset which did not satisfy the Eligibility Criteria on the date it was required to do so and that have not been sold by the Collateral Manager, together with all amounts received by the Issuer by way of gross up in respect of such interest and in respect of a claim under any applicable double taxation treaty in accordance with the Collateral Management and Administration Agreement.

The Issuer shall procure payment of the following amounts (and shall ensure that payment of no other amount is made, save to the extent otherwise permitted above) out of the Principal Account:

- (1) on the Business Day prior to each Payment Date, all Principal Proceeds standing to the credit of the Principal Account to the Payment Account to the extent required for disbursement pursuant to the Principal Proceeds Priority of Payments, save for: (a) amounts deposited after the end of the related Due Period; and (b) any Principal Proceeds deposited prior to the end of the related Due Period to the extent such Principal Proceeds are permitted to be and have been designated for reinvestment by the Collateral Manager (on behalf of the Issuer) pursuant to the Collateral Management and Administration Agreement for a period beyond such Payment Date, provided that (i) if the Coverage Tests are not satisfied, Principal Proceeds from Defaulted Obligations may not be designated for reinvestment by the Collateral Manager (on behalf of the Issuer) until after the following Payment Date and (ii) no such payment shall be made to the extent that such amounts are not required to be distributed pursuant to the Principal Proceeds Priority of Payments on such Payment Date;
- (2) at any time, at the discretion of the Collateral Manager, acting on behalf of the Issuer, in accordance with the terms of, and to the extent permitted under, the Collateral Management and Administration Agreement, in the acquisition of Collateral Obligations including amounts equal to the Unfunded Amounts of any Revolving Obligations or Delayed Drawdown Collateral Obligations which are required to be deposited in the Unfunded Revolver Reserve Account or any amounts payable to a Currency Hedge Counterparty in connection with the acquisition of a Non-Euro Obligation and entry into a related Currency Hedge Transaction;
- (3) on any Business Day on which a Refinancing has occurred, all amounts in respect of the proceeds of issuance of any Refinancing Obligations credited to the Principal Account pursuant to sub-paragraph (L) above in redemption of the relevant Class or Classes of Rated Notes, subject to and in accordance with the applicable paragraphs of Condition 7(b) (*Optional Redemption*); and
- (4) at any time, all interest accrued from time to time on the Balance standing to the credit of the Principal Account, to the Interest Account.

(ii) Interest Account

The Issuer will procure that the following Interest Proceeds are paid into the Interest Account promptly upon receipt thereof:

- (A) all cash payments of interest in respect of the Collateral Obligations other than any Purchased Accrued Interest, together with all amounts received by the Issuer by way of gross up in respect of such interest and in respect of a claim under any applicable double taxation treaty but excluding (i) interest proceeds on any Non-Euro Obligation to the extent required to be paid into the Currency Accounts and (ii) any interest received in respect of any Defaulted Obligations for so long as they are Defaulted Obligations other than Defaulted Obligation Excess Amounts;
- (B) all interest accrued on the Balance standing to the credit of the Interest Account from time to time and all interest accrued in respect of the Balances standing to the credit of the other Accounts (including interest on any Eligible Investments standing to the credit thereof and excluding any interest standing to the credit of each Counterparty Downgrade Collateral Account), other than any Purchased Accrued Interest in respect of Eligible Investments;
- (C) all accrued interest included in the proceeds of sale of any other Collateral Obligation that are designated by the Collateral Manager as Interest Proceeds pursuant to the Collateral Management and Administration Agreement (provided that no such designation may be made in respect of (i) any Purchased Accrued Interest, or (ii) any interest received in respect of a Defaulted Obligation (other than Defaulted Obligation Excess Amounts));
- (D) amounts transferred to the Interest Account from any other Account as required by this Condition 3(j) (*Payments to and from the Accounts*);
- (E) all scheduled commitment fees received by the Issuer in respect of any Revolving Obligations or Delayed Drawdown Collateral Obligations and all other commitment fees received in connection with any Collateral Obligations and Eligible Investments;
- (F) all amounts received by the Issuer in respect of interest paid in respect of any collateral deposited by the Issuer with a third party as security for any reimbursement or indemnification obligations to any other lender under a Revolving Obligation or a Delayed Drawdown Collateral Obligation in an account established pursuant to an ancillary facility;
- (G) any amounts payable to the Issuer under any Hedge Transaction in respect of interest save for Hedge Counterparty Termination Payments or Hedge Replacement Receipts or Counterparty Downgrade Collateral;
- (H) any cash received by the Issuer in respect of Swap Tax Credits; and
- (I) any amounts payable to the Issuer by way of “delayed settlement compensation” in connection with the acquisition by the Issuer of any Collateral Obligations and any other amounts of a similar nature.

The Issuer shall procure payment of the following amounts (and shall ensure that payment of no other amount is made, save to the extent otherwise permitted above) out of the Interest Account:

- (1) on the Business Day prior to each Payment Date, all Interest Proceeds standing to the credit of the Interest Account (other than Swap Tax Credits) shall be transferred to the Payment Account to the extent required for disbursement pursuant to the Interest Proceeds Priority of Payments save for amounts deposited after the end of the related Due Period;
- (2) at any time in accordance with the terms of, and to the extent permitted under, the Collateral Management and Administration Agreement, in the acquisition of Collateral Obligations to the extent that any such acquisition costs represent accrued interest or transfer fees;
- (3) at any time, to any Hedge Counterparty in payment of any Scheduled Periodic Interest Rate Hedge Issuer Payments;
- (4) on any Business Day, the amount of any properly incurred Trustee Fees and Expenses and Administrative Expenses which have accrued and become due and payable, upon receipt of invoices therefor from the relevant creditor; provided that the aggregate of all

payments to be made on such date and all payments made prior to such date during the applicable Due Period pursuant to this paragraph (4) shall not exceed the Senior Expenses Cap applicable to the Payment Date immediately following such Due Period (where, for the purposes of this paragraph (4), the Senior Expenses Cap shall be calculated using the Collateral Principal Amount as at the date of the proposed payment out of the Interest Account);

- (5) at any time, any Swap Tax Credits shall be paid to the relevant Hedge Counterparty in accordance with the terms of the relevant Hedge Agreement; and
- (6) on the Business Day following each Determination Date save for (i) the first Determination Date following the Issue Date; (ii) a Determination Date following the occurrence of an Event of Default which is continuing; and (iii) the Determination Date immediately prior to any redemption of the Notes in full, any Interest Smoothing Amount required to be transferred to the Interest Smoothing Account.

(iii) Unused Proceeds Account

The Issuer will procure that the following amounts are paid into the Unused Proceeds Account, promptly upon receipt thereof:

- (A) an amount equal to the net proceeds of issue of the Notes remaining after (1) the payment of certain fees and expenses due and payable by the Issuer on the Issue Date (2) amounts payable into the Expense Reserve Account and (3) amounts payable into the First Period Reserve Account; and
- (B) all proceeds received during the Initial Investment Period from any additional issuance of Notes in accordance with Condition 17(a) (*Additional Notes*).

The Issuer shall procure payment of the following amounts (and shall ensure that payment of no other amount is made, save to the extent otherwise permitted above) out of the Unused Proceeds Account:

- (1) on or about the Issue Date, such amounts equal to the aggregate of:
  - (a) the purchase price for certain Collateral Obligations, if any; and
  - (b) amounts required for repayment of any amounts borrowed by the Issuer (together with interest thereon) in order to finance the acquisition of certain Collateral Obligations on or prior to the Issue Date;
- (2) at any time up to and including the last day of the Initial Investment Period, in accordance with the terms of, and to the extent permitted under, the Collateral Management and Administration Agreement, in the acquisition of Collateral Obligations;
- (3) in the event of the occurrence of an Effective Date Rating Event, the Balance standing to the credit of the Unused Proceeds Account, on the Business Day prior to the Payment Date falling immediately after the Effective Date, to the extent required, to the Payment Account for application as Principal Proceeds in accordance with the Priorities of Payments, in redemption of the Rated Notes in accordance with the Note Payment Sequence or, if earlier, until an Effective Date Rating Event is no longer continuing;
- (4) on the first Payment Date on or after the Effective Date, the Initial Ratings of the Rated Notes having been confirmed (or deemed to have been confirmed in the case of such ratings by Moody's) by each Rating Agency, the Balance standing to the credit of the Unused Proceeds Account, to the Principal Account or the Interest Account, in each case, at the discretion of the Collateral Manager, acting on behalf of the Issuer, provided that as at such date: (i) the Issuer has acquired or entered into binding commitments to acquire Collateral Obligations, the Aggregate Principal Balance of which equals or exceeds the Target Par Amount (provided that, for the purposes of determining the Aggregate Principal Balance provided above, any repayments or prepayments of Collateral Obligations, to the extent not reinvested in Collateral Obligations, may be disregarded

and the Principal Balance of a Collateral Obligation which is a Defaulted Obligation will be the lower of its S&P Collateral Value and its Moody's Collateral Value); (ii) no more than 1.0 per cent. of the Target Par Amount may be transferred to the Interest Account; and (iii) after the transfer the Collateral Principal Amount is not less than the Target Par Amount.

(5) at any time, all interest accrued from time to time on the Balance standing to the credit of the Unused Proceeds Account, to the Interest Account.

(iv) Payment Account

The Issuer will procure that, on the Business Day prior to each Payment Date, all amounts standing to the credit of each of the Accounts which are required to be transferred from the other accounts to the Payment Account pursuant to Condition 3(i) (*Accounts*) and Condition 3(j) (*Payments to and from the Accounts*) are so transferred, and, on such Payment Date, the Collateral Administrator shall cause the Account Bank (acting on the basis of the Payment Date Report), to disburse such amounts in accordance with the Priorities of Payments. No amounts shall be transferred to or withdrawn from the Payment Account at any other time or in any other circumstances.

(v) Counterparty Downgrade Collateral Account

The Issuer will procure that all Counterparty Downgrade Collateral transferred pursuant to a Hedge Agreement shall be deposited in a separate account in respect of each Hedge Counterparty. All Counterparty Downgrade Collateral deposited from time to time in any Counterparty Downgrade Collateral Account shall be held and released pursuant to the terms set out below.

The funds or securities credited to each Counterparty Downgrade Collateral Account and any interest or distributions thereon or liquidation proceeds thereof are held separate from and do not form part of Principal Proceeds, Interest Proceeds or Collateral Enhancement Obligation Proceeds (other than in the circumstances set out below) and accordingly, are not available to fund general distributions of the Issuer (save as set out below and in the applicable Hedge Agreement).

The Issuer shall procure payment of the following amounts (and shall ensure that no other payments are made, save to the extent required hereunder) out of the relevant Counterparty Downgrade Collateral Account:

(A) prior to the occurrence or designation of an "Early Termination Date" (as defined in the relevant Hedge Agreement) in respect of all "Transactions" (as defined in such Hedge Agreement) entered into under such Hedge Agreement pursuant to which all such "Transactions" under such Hedge Agreement are terminated early, solely in or towards payment or transfer of:

- (1) any "Return Amounts" (if applicable and as defined in such Hedge Agreement or the Credit Support Annex thereto);
- (2) any "Interest Amounts" and "Distributions" (if applicable and each as defined in such Hedge Agreement or the Credit Support Annex thereto); and
- (3) any other return or transfer of collateral or other payment amounts in the nature of interest or distributions in respect of collateral in accordance with the terms of such Hedge Agreement (including without limitation in connection with any permitted novation or other transfer of the Hedge Counterparty's obligations in respect of all Hedge Transactions thereunder),

directly to the Hedge Counterparty in accordance with the terms of such Hedge Agreement (including, if applicable, the Credit Support Annex thereto);

(B) following the designation of an "Early Termination Date" (as defined in the relevant Hedge Agreement) in respect of all "Transactions" under and as defined in the relevant Hedge Agreement pursuant to which all "Transactions" under such Hedge Agreement are terminated early where (A) an "Event of Default" (as defined in such Hedge Agreement) in respect of the relevant Hedge Counterparty or an "Additional Termination Event" (as defined in such Hedge

Agreement) in relation to which the relevant Hedge Counterparty is the sole “Affected Party” (as defined in such Hedge Agreement) has occurred and (B) the Issuer enters into one or more Replacement Hedge Agreements or any novation of the relevant Hedge Counterparty’s obligations to a replacement Hedge Counterparty, in the following order of priority:

- (1) *first*, in or towards payment of any Hedge Replacement Payments in respect of Replacement Hedge Transactions relating to such terminated “Transactions” (to the extent not funded from the relevant Hedge Account);
  - (2) *second*, in or towards payment of any Hedge Issuer Termination Payments relating to such terminated “Transactions” (to the extent not funded from the relevant Hedge Account); and
  - (3) *third*, the surplus amount standing to the credit of such Counterparty Downgrade Collateral Account (if any) to the Principal Account;
- (C) following the designation of an “Early Termination Date” (as defined in the relevant Hedge Agreement) in respect of all “Transactions” under and as defined in the relevant Hedge Agreement pursuant to which all “Transactions” under such Hedge Agreement are terminated early (A) other than in respect of an “Event of Default” (as defined in such Hedge Agreement) in respect of the relevant Hedge Counterparty and other than in respect of an “Additional Termination Event” (as defined in such Hedge Agreement) in relation to which the relevant Hedge Counterparty is the sole “Affected Party” (as defined in such Hedge Agreement) and where (B) the Issuer enters into one or more Replacement Hedge Agreements or any novation of the relevant Hedge Counterparty’s obligations to a replacement Hedge Counterparty, in the following order of priority:
- (1) *first*, in or towards payment of any Hedge Issuer Termination Payments relating to such terminated “Transactions” (to the extent not funded from the relevant Hedge Account);
  - (2) *second*, in or towards payment of any Hedge Replacement Payments in respect of Replacement Hedge Transactions relating to such terminated “Transactions” (to the extent not funded from the relevant Hedge Account); and
  - (3) *third*, the surplus amount standing to the credit of such Counterparty Downgrade Collateral Account (if any) to the Principal Account,
- (D) following the designation of an “Early Termination Date” (as defined in the relevant Hedge Agreement) in respect of all “Transactions” under and as defined in the relevant Hedge Agreement pursuant to which all “Transactions” under such Hedge Agreement are terminated early and if the Issuer, or the Collateral Manager on its behalf, determines not to replace such terminated “Transactions” and Rating Agency Confirmation is received in respect of such determination or termination of such “Transactions” occurs on a Redemption Date or if for any reason the Issuer is unable to enter into one or more Replacement Hedge Agreements or any novation of the relevant Hedge Counterparty’s obligations to a replacement Hedge Counterparty, in the following order of priority:
- (1) *first*, in or towards payment of any Hedge Issuer Termination Payments relating to such terminated “Transactions” (to the extent not funded from the relevant Hedge Account); and
  - (2) *second*, the surplus amount standing to the credit of such Counterparty Downgrade Collateral Account (if any) to the Principal Account.

(vi) Supplemental Reserve Account

The Issuer will procure that the following amounts are paid into the Supplemental Reserve Account promptly upon receipt thereof:

- (A) all Supplemental Reserve Amounts to be transferred to the Supplemental Reserve Account pursuant to paragraph (BB) of the Interest Proceeds Priority of Payments;

- (B) the proceeds of each Reinvestment Amount; and
- (C) the proceeds from any issue of additional Subordinated Notes in accordance with Condition 17(b) (*Additional Subordinated Notes*).

The Issuer will procure payment of the following amounts out of the Supplemental Reserve Account, at the direction of the Issuer (or the Collateral Manager acting on its behalf) (and shall ensure that payment of no other amount is made, save to the extent otherwise permitted above):

- (1) at any time, to the Principal Account for application as Principal Proceeds, including, without limitation, in the acquisition of Collateral Obligations including amounts equal to the Unfunded Amounts of any Revolving Obligations or Delayed Drawdown Collateral Obligations which are required to be deposited in the Unfunded Revolver Reserve Account or any amounts payable to a Currency Hedge Counterparty in connection with the acquisition of a Non-Euro Obligation and entry into a related Currency Hedge Transaction;
- (2) at any time, to the Interest Account for application as Interest Proceeds;
- (3) at any time, in the acquisition of, or in respect of any exercise of any option or warrant comprised in, Collateral Enhancement Obligations, in accordance with the terms of the Collateral Management and Administration Agreement;
- (4) if an Effective Date Rating Event has occurred, on the Business Day prior to the Payment Date falling immediately after the Effective Date, to the Payment Account for application as Principal Proceeds in accordance with the Priorities of Payments, in redemption of the Rated Notes in accordance with the Note Payment Sequence or, if earlier until an Effective Date Rating Event is no longer continuing; and
- (5) the Balance standing to the credit of the Supplemental Reserve Account to the Payment Account for distribution on such Payment Date in accordance with the Principal Proceeds Priority of Payments or the Post-Acceleration Priorities of Payments (as applicable) (1) at the direction of the Collateral Manager at any time prior to an Event of Default or (2) automatically upon an acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*),

each of the foregoing being a “**Permitted Use**”.

(vii) The Unfunded Revolver Reserve Account

The Issuer shall procure the following amounts are paid into the Unfunded Revolver Reserve Account promptly upon receipt thereof:

- (A) upon the acquisition by or on behalf of the Issuer of any Revolving Obligation or Delayed Drawdown Collateral Obligation, an amount equal to the amount which would cause the Balance standing to the credit of the Unfunded Revolver Reserve Account to be at least equal to (1) the combined aggregate principal amounts of the Unfunded Amounts under each of the Revolving Obligations and Delayed Drawdown Collateral Obligations (which Unfunded Amounts will be treated as part of the purchase price for the related Revolving Obligation or Delayed Drawdown Collateral Obligation) less (2) the aggregate amount posted as collateral, in each case, pursuant to paragraph 2 below;
- (B) all principal payments received by the Issuer in respect of any Revolving Obligation or Delayed Drawdown Collateral Obligation, if and to the extent that the amount of such principal payments may be re-borrowed under such Revolving Obligation or Delayed Drawdown Collateral Obligation or otherwise by the Collateral Manager, acting on behalf of the Issuer; and
- (C) all repayments of collateral to the Issuer originally paid by the Issuer pursuant to paragraph (2) below.

The Issuer shall procure payment of the following amounts (and shall ensure that no other amounts are paid) out of the Unfunded Revolver Reserve Account:

- (1) all amounts required to fund any drawings under any Delayed Drawdown Collateral Obligation or Revolving Obligation;
- (2) in respect of Delayed Drawdown Collateral Obligations or Revolving Obligations, all amounts required to be deposited in the Issuer's name with any third party which satisfies the Rating Requirement applicable to an Account Bank (or if the third party does not satisfy the Rating Requirement applicable to an Account Bank, subject to receipt of Rating Agency Confirmation) as collateral for any reimbursement or indemnification obligations of the Issuer owed to any other lender under such Revolving Obligation or Delayed Drawdown Collateral Obligation (subject to such security documentation as may be agreed between such lender, the Collateral Manager acting on behalf of the Issuer and the Trustee);
- (3) (x) at any time at the direction of the Collateral Manager (acting on behalf of the Issuer) or (y) upon the sale (in whole or in part) of a Revolving Obligation or the reduction, cancellation or expiry of any commitment of the Issuer to make future advances or otherwise extend credit thereunder, any excess of (a) the amount standing to the credit of the Unfunded Revolver Reserve Account over (b) the sum of the Unfunded Amounts of all Revolving Obligations and Delayed Drawdown Collateral Obligations after taking into account such sale or such reduction, cancellation or expiry of such commitment to the Principal Account; and
- (4) all interest accrued on the Balance standing to the credit of the Unfunded Revolver Reserve Account from time to time (including capitalised interest received upon the sale, maturity or termination of any Eligible Investment) to the Interest Account following conversion thereof into Euros to the extent necessary.

(viii) Hedge Account

The Issuer will procure that all Hedge Counterparty Termination Payments and Hedge Replacement Receipts are paid into the relevant Hedge Account promptly upon receipt thereof.

The Issuer will procure payment of the following amounts (and shall ensure that payment of no other amount is made save to the extent otherwise permitted) out of the relevant Hedge Account in payment as provided below:

- (A) at any time, in the case of any Hedge Replacement Receipts paid into the relevant Hedge Account, in payment of any Hedge Issuer Termination Payment due and payable to a Hedge Counterparty under the Hedge Transaction being replaced or to the extent not required to make such payment, in payment of such amount to the Principal Account;
- (B) at any time, in the case of any Hedge Counterparty Termination Payments paid into the relevant Hedge Account, in payment of any Hedge Replacement Payment and any other amounts payable by the Issuer upon entry into a Replacement Hedge Transaction in accordance with the Collateral Management and Administration Agreement; and
- (C) in the case of any Hedge Counterparty Termination Payments paid into the relevant Hedge Account, in the event that:
  - (1) the Issuer, or the Collateral Manager on its behalf, determines not to replace the Hedge Transaction and Rating Agency Confirmation is received in respect of such determination; or
  - (2) termination of the Hedge Transaction under which such Hedge Counterparty Termination Payments are payable occurs on a Redemption Date; or
  - (3) to the extent that such Hedge Counterparty Termination Payments are not required for application towards costs of entry into a Replacement Hedge Transaction,

in payment of such amounts (save for accrued interest thereon) to the Principal Account.

(ix) Currency Accounts

The Issuer will procure that all amounts received in respect of any Non-Euro Obligations to the extent not required to be paid directly to the Interest Account, Principal Account or the Hedge Account (in respect of Hedge Replacement Receipts or Hedge Counterparty Termination Payments) and all initial payments from the Currency Hedge Counterparty in connection with the acquisition of a Non-Euro Obligation and entry into a related Currency Hedge Transaction in each case are paid into the appropriate Currency Accounts in the currency of receipt thereof.

The Issuer will procure payment of the following amounts (and shall ensure that payment of no other amount is made) out of the Currency Accounts:

- (A) at any time, all amounts payable by the Issuer to the Currency Hedge Counterparty under any Currency Hedge Transaction save for Defaulted Currency Hedge Termination Payments and Hedge Replacement Payments;
- (B) at any time all amounts payable by the Issuer, subject to the terms hereof and the Collateral Management and Administration Agreement, in connection with the acquisition of a Non-Euro Obligation; and
- (C) the Balance standing to the credit of the Currency Accounts shall be converted into Euros by the Issuer following consultation with the Collateral Manager and transferred to the Principal Account.

(x) Expense Reserve Account

The Issuer shall procure that the following amounts are paid into the Expense Reserve Account promptly upon receipt thereof:

- (A) on the Issue Date, an amount determined on the Issue Date for the payment of amounts due or accrued in connection with the issue of the Notes and the entry into the Transaction Documents, in accordance with (1) below; and
- (B) any amount applied in payment into the Expense Reserve Account pursuant to paragraph (D) of the Interest Proceeds Priority of Payments.

The Issuer shall procure payment of the following amounts (and shall procure that no other amounts are paid) out of the Expense Reserve Account:

- (1) amounts due or accrued with respect to actions taken on or in connection with the Issue Date with respect to the issue of the Notes and the entry into the Transaction Documents;
- (2) amounts standing to the credit of the Expense Reserve Account on or after the Determination Date immediately preceding the first Payment Date may be transferred to the Principal Account and/or the Interest Account in the sole discretion of the Issuer (or the Collateral Manager acting on its behalf); and
- (3) at any time, the amount of any Trustee Fees and Expenses and Administrative Expenses which have accrued and become payable prior to the immediately following Payment Date, upon receipt of invoices therefor from the relevant creditor, provided that any such payments, in aggregate, shall not cause the balance of the Expense Reserve Account to fall below zero.

(xi) First Period Reserve Account

The Issuer shall procure that on the Issue Date €1,500,000 is paid into the First Period Reserve Account. The Issuer shall procure that following the Initial Investment Period, all amounts standing to the credit of the First Period Reserve Account (including all interest accrued thereon) shall be transferred to the Payment Account for disbursement pursuant to the Interest Proceeds Priority of Payments.

(xii) Interest Smoothing Account

On the Business Day following each Determination Date save for:

- (A) the first Determination Date following the Issue Date;
- (B) a Determination Date following the occurrence of an Event of Default which is continuing;
- (C) the Determination Date immediately prior to any redemption of the Notes in full; and
- (D) any Determination Date on or following the occurrence of a Frequency Switch Event,

the Collateral Manager (acting on behalf of the Issuer) shall ensure that any Interest Smoothing Amount shall be credited to the Interest Smoothing Account from the Interest Account.

The Issuer shall procure, on the Business Day falling after the Payment Date following the Determination Date on which any Interest Smoothing Amount was transferred to the Interest Smoothing Account, such Interest Smoothing Amount to be transferred to the Interest Account.

#### 4. Security

(a) Security

Pursuant to the Trust Deed, the obligations of the Issuer under the Notes of each Class, the Trust Deed, the Subscription Agreement, the Agency Agreement and the Collateral Management and Administration Agreement (together with the obligations owed by the Issuer to the other Secured Parties) are secured in favour of the Trustee for the benefit of the Secured Parties by:

- (i) an assignment by way of security of all the Issuer's present and future rights, title and interest (and all entitlements or other benefits relating thereto) in respect of all Collateral Obligations, Equity Securities, Exchanged Equity Securities, Collateral Enhancement Obligations, Eligible Investments standing to the credit of each of the Accounts (other than each Counterparty Downgrade Collateral Account) and any other investments (other than Counterparty Downgrade Collateral), in each case held by the Issuer from time to time (where such rights are contractual rights (other than contractual rights the assignment of which would require the consent of a third party or the entry by the Trustee into an intercreditor agreement or deed) and where such contractual rights arise other than under securities), including, without limitation, moneys received in respect thereof, all dividends and distributions paid or payable thereon, all property paid, distributed, accruing or offered at any time on, to or in respect of or in substitution therefor and the proceeds of sale, repayment and redemption thereof;
- (ii) a first fixed charge over all the Issuer's present and future rights, title and interest (and all entitlements or other benefits relating thereto) in respect of all Collateral Obligations, Equity Securities, Exchanged Equity Securities, Collateral Enhancement Obligations, Eligible Investments standing to the credit of each of the Accounts (other than each Counterparty Downgrade Collateral Account) and any other investments (other than Counterparty Downgrade Collateral), in each case held by the Issuer (where such assets are securities or contractual rights not assigned by way of security pursuant to paragraph (i) above (and which are capable of being the subject of a first fixed charge)), including, without limitation, all moneys received in respect thereof, all dividends and distributions paid or payable thereon, all property paid, distributed, accruing or offered at any time on, to or in respect of or in substitution therefor and the proceeds of sale, repayment and redemption thereof;
- (iii) a first fixed charge over all present and future rights of the Issuer in respect of each of the Accounts (other than each Counterparty Downgrade Collateral Account) and all moneys from time to time standing to the credit of such Accounts (other than each Counterparty Downgrade Collateral Account) and the debts represented thereby and including, without limitation, all interest accrued and other moneys received in respect thereof;
- (iv) a first fixed charge (where the applicable assets are securities) over, or an assignment by way of security (where the applicable rights are contractual obligations) of, all present and future rights of the Issuer in respect of any Counterparty Downgrade Collateral standing to the credit of any

Counterparty Downgrade Collateral Account; including, without limitation, all moneys received in respect thereof, all dividends and distributions paid or payable thereon, all property paid, distributed, accruing or offered at any time on, to or in respect of or in substitution therefor and the proceeds of sale, repayment and redemption thereof and over each Counterparty Downgrade Collateral Account and all moneys from time to time standing to the credit of each Counterparty Downgrade Collateral Account and the debts represented thereby and including, without limitation, all interest accrued and other moneys received in respect thereof, subject, in each case, to the rights of any Hedge Counterparty to Counterparty Downgrade Collateral pursuant to the terms of the relevant Hedge Agreement, these Conditions and the Trust Deed and any security interest granted by the Issuer to the relevant Hedge Counterparty in relation thereto;

- (v) an assignment by way of security of all the Issuer's present and future rights against the Custodian under the Agency Agreement (to the extent it relates to the Custody Account) and a first fixed charge over all of the Issuer's right, title and interest in and to the Custody Account (including each cash account relating to the Custody Account) and any cash held therein and the debts represented thereby;
- (vi) an assignment by way of security of all the Issuer's present and future rights under each Currency Hedge Agreement (or any security interest entered into by the Issuer for the benefit of the relevant Hedge Counterparty) and each Interest Rate Hedge Agreement and each Currency Hedge Transaction and Interest Rate Hedge Transaction entered into thereunder (including the Issuer's rights under any guarantee or credit support annex entered into pursuant to any Currency Hedge Agreement or Interest Rate Hedge Agreement), provided that such assignment by way of security is without prejudice to, and after giving effect to, any contractual netting or set-off provision under the relevant Hedge Agreement and shall not in any way restrict the release of collateral granted thereunder in whole or in part at any time pursuant to the terms thereof;
- (vii) an assignment by way of security of all the Issuer's present and future rights under the Collateral Management and Administration Agreement and all sums derived therefrom;
- (viii) a first fixed charge over all moneys held from time to time by the Principal Paying Agent and any other Agent for payment of principal, interest or other amounts on the Notes (if any);
- (ix) an assignment by way of security of all the Issuer's present and future rights under the Agency Agreement and the Subscription Agreement and all sums derived therefrom;
- (x) an assignment by way of security of all the Issuer's present and future rights under the Risk Retention Letter and all sums derived therefrom;
- (xi) an assignment by way of security of all the Issuer's present and future rights under the Collateral Acquisition Agreements and all sums derived therefrom;
- (xii) an assignment by way of security of all of the Issuer's present and future rights under any other Transaction Document (other than the Issuer Management Agreement) and all sums derived therefrom; and
- (xiii) a floating charge over the whole of the Issuer's undertaking and assets to the extent that such undertaking and assets are not subject to any other security created pursuant to the Trust Deed,

excluding for the purposes of (i) to (xiii) above (A) any and all assets, property or rights which are located in, or governed by the laws of, The Netherlands (except for contractual rights or receivables (*rechten of vorderingen op naam*) which are assigned or charged to the Trustee pursuant to (i) to (xiii) above), (B) any and all Dutch Ineligible Securities, (C) the Issuer's rights under the Issuer Management Agreement; and (D) any and all amounts standing to the credit of the Issuer Dutch Account.

The security created pursuant to paragraphs (i) to (xiii) (inclusive) above is granted to the Trustee for itself and as trustee for the Secured Parties as continuing security for the payment of the Secured Obligations, provided that the security granted by the Issuer over any collateral provided to the Issuer pursuant to a Hedge Agreement will only be available to the Secured Parties (other than with respect to the collateral provided to the relevant Hedge Counterparty pursuant to such Hedge Agreement and Condition 3(j)(iv) (*Counterparty Downgrade Collateral Account*)) when such collateral is expressed to be available to the Issuer and (if a title transfer arrangement) to the extent that no equivalent amount is

owed to a Hedge Counterparty pursuant to the relevant Hedge Agreement and/or Condition 3(j)(iv) (*Counterparty Downgrade Collateral Account*). The security will extend to the ultimate balance of all sums payable by the Issuer in respect of the above, regardless of any intermediate payment or discharge in whole or in part.

If, for any reason, the purported assignment by way of security of, and/or the grant of charge over, the property, assets, rights and/or benefits described above is found to be ineffective in respect of any such property, assets, rights and/or benefits (together, the “**Affected Collateral**”), the Issuer shall hold to the fullest extent permitted under Dutch or any other mandatory law the benefit of the Affected Collateral and any sums received in respect thereof or any security interest, guarantee or indemnity or undertaking of whatever nature given to secure such Affected Collateral (together, the “**Trust Collateral**”) on trust for the Trustee for the benefit of the Secured Parties and shall (i) account to the Trustee for or otherwise apply all sums received in respect of such Trust Collateral as the Trustee may direct (provided that, subject to the Conditions and the terms of the Collateral Management and Administration Agreement, if no Event of Default has occurred and is continuing, the Issuer shall be entitled to apply the benefit of such Trust Collateral and such sums in respect of such Trust Collateral received by it and held on trust under this paragraph without prior direction from the Trustee), (ii) exercise any rights it may have in respect of the Trust Collateral at the direction of the Trustee and (iii) at its own cost take such action and execute such documents as the Trustee may in its sole discretion require.

The Issuer may from time to time grant security:

- (1) by way of first priority security interest to a Hedge Counterparty over a Counterparty Downgrade Collateral Account and any Counterparty Downgrade Collateral deposited by such Hedge Counterparty in a Counterparty Downgrade Collateral Account as security for the Issuer’s obligations to make any payment and/or delivery to the relevant Hedge Counterparty pursuant to the terms of the applicable Hedge Agreement and Condition 3(j)(v) (*Counterparty Downgrade Collateral Account*) (subject to such security documentation as may be agreed between such third party, the Collateral Manager acting on behalf of the Issuer and the Trustee); and/or
- (2) by way of first priority security interest over amounts representing all or part of the Unfunded Amount of any Revolving Obligation or Delayed Drawdown Collateral Obligation and deposited in its name with a third party as security for any reimbursement or indemnification obligation of the Issuer owed to any other lender under such Revolving Obligation or Delayed Drawdown Collateral Obligation, subject to the terms of Condition 3(j)(vii) (*The Unfunded Revolver Reserve Account*) (including Rating Agency Confirmation),

excluding for the purposes of (1) and (2) above (A) any and all assets, property or rights which are located in, or governed by the laws of, The Netherlands (except for contractual rights or receivables (*rechten of vorderingen op naam*) which are assigned or charged pursuant to (1) to (2) above, and (B) any and all Dutch Ineligible Securities.

All deeds, documents, assignments, instruments, bonds, notes, negotiable instruments, papers and any other instruments comprising, evidencing, representing and/or transferring the Portfolio will be deposited with or held by or on behalf of the Custodian until the security over such obligations is irrevocably discharged in accordance with the provisions of the Trust Deed.

Pursuant to the terms of the Trust Deed, the Trustee is exempted from any liability in respect of any loss or theft or reduction in value of the Collateral, from any obligation to insure the Collateral and from any claim arising from the fact that the Collateral is held in a clearing system or in safe custody by the Custodian, a sub-custodian, a bank or other custodian. The Trustee has no responsibility for ensuring that the Custodian, any sub-custodian, the Account Bank or any Hedge Counterparty satisfies the Rating Requirement applicable to it or, in the event of its failure to satisfy such Rating Requirement, to procure the appointment of a replacement custodian, sub-custodian, account bank, principal paying agent or hedge counterparty. The Trustee has no responsibility for the management of the Portfolio by the Collateral Manager or to supervise the administration of the Portfolio by the Collateral Administrator or the performance by any other party of its obligations under the Transaction Documents and is entitled to rely on the certificates or notices of any relevant party without further

enquiry or liability. The Trust Deed also provides that the Trustee shall accept without investigation, requisition or objection such right, benefit, title and interest, if any, as the Issuer may have in and to any of the Collateral and is not bound to make any investigation into the same or into the Collateral in any respect.

(b) Application of Proceeds upon Enforcement

The Trust Deed provides that the net proceeds of realisation of or enforcement with respect to the security constituted by the Trust Deed, shall be applied in accordance with the priorities of payment set out in Condition 11 (*Enforcement*).

(c) Limited Recourse and Non-Petition

The obligations of the Issuer to pay amounts due and payable in respect of the Notes and to the Secured Parties at any time shall be limited to the proceeds available at such time to make such payments in accordance with the Priorities of Payments. Notwithstanding anything to the contrary in these Conditions or any other Transaction Document, if the net proceeds of realisation of the security constituted by the Trust Deed are less than the aggregate amount payable in such circumstances by the Issuer in respect of the Notes and to the Secured Parties (such negative amount being referred to herein as a “**shortfall**”), the obligations of the Issuer in respect of the Notes of each Class and its obligations to the other Secured Parties in such circumstances will be limited to such net proceeds, which shall be applied in accordance with the Priorities of Payments. In such circumstances, the other assets (including the Issuer Dutch Account and its rights under the Issuer Management Agreement) of the Issuer will not be available for payment of such shortfall which shall be borne by the Class A Noteholders, the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders, the Reinvesting Noteholders (if any), the Subordinated Noteholders and the other Secured Parties in accordance with the Priorities of Payments (applied in reverse order). In such circumstances the rights of the Secured Parties to receive any further amounts in respect of such obligations shall be extinguished and none of the Noteholders of each Class of Notes or the other Secured Parties may take any further action to recover such amounts.

None of the Noteholders of any Class, the Trustee or the other Secured Parties (or any other person acting on behalf of any of them) shall be entitled at any time to institute against the Issuer, or join in any institution against the Issuer of, any bankruptcy, reorganisation, arrangement, insolvency, winding up or liquidation proceedings or other proceedings under any applicable bankruptcy or similar law in connection with any obligations of the Issuer relating to the Notes of any Class, the Trust Deed or otherwise owed to the Secured Parties, save for lodging a claim in the liquidation of the Issuer which is initiated by another non-Affiliated party or taking proceedings to obtain a declaration as to the obligations of the Issuer and without limitation to the Trustee’s right to enforce and/or realise the security constituted by the Trust Deed (including by appointing a receiver or an administrative receiver).

In addition, none of the Noteholders or any of the other Secured Parties shall have any recourse against any director, shareholder or officer of the Issuer in respect of any obligations, covenants or agreement entered into or made by the Issuer pursuant to the terms of the Notes or any Transaction Document to which the Issuer is a party or any notice or document which it is requested to deliver hereunder or thereunder.

None of the Trustee, the Managing Directors, the Initial Purchaser, the Sole Arranger, the Collateral Manager or any Agent has any obligation to any Noteholder of any Class for payment of any amount by the Issuer in respect of the Notes of any Class.

(d) Acquisition and Sale of Portfolio

The Collateral Manager is required to manage the Portfolio and to act in specific circumstances in relation to the Portfolio on behalf of the Issuer pursuant to the terms of, and subject to the parameters set out in, the Collateral Management and Administration Agreement and subject to the overall supervision and control of the Issuer. The duties of the Collateral Manager with respect to the Portfolio include (amongst others) the use of reasonable endeavours to:

- (i) purchase Collateral Obligations on or prior to the Issue Date and during the Initial Investment Period;
- (ii) invest the amounts standing to the credit of the Accounts (other than each Counterparty Downgrade Collateral Account, the Unfunded Revolver Reserve Account and the Payment Account) in Eligible Investments; and
- (iii) reinvest the Principal Proceeds received from the sale or prepayment of Collateral Obligations in Substitute Collateral Obligations in accordance with the criteria set out in the Collateral Management and Administration Agreement.

The Collateral Manager is required to monitor the Collateral Obligations with a view to seeking to determine whether any Collateral Obligation has converted into, or been exchanged for, an Exchanged Equity Security or Defaulted Obligation, provided that, if it fails to do so, it will not have any liability to the Issuer except by reason of acts constituting fraud, wilful default or negligence in the performance of its obligations. No Noteholder shall have any recourse against any of the Issuer, the Collateral Manager, the Collateral Administrator, the Custodian, the Principal Paying Agent, the Registrar or the Trustee for any loss suffered as a result of such failure.

Under the Collateral Management and Administration Agreement, certain Classes of Notes have certain rights in respect of the removal of the Collateral Manager and the appointment of a replacement collateral manager.

(e) Exercise of Rights in Respect of the Portfolio

Pursuant to the Collateral Management and Administration Agreement, the Issuer authorises the Collateral Manager, prior to enforcement of the security over the Collateral, to exercise all rights and remedies of the Issuer in its capacity as a holder of, or person beneficially entitled to, the Portfolio. In particular, the Collateral Manager is authorised, subject to any specific direction given by the Issuer, to attend and vote at any meeting of holders of, or other persons interested or participating in, or entitled to the rights or benefits (or a part thereof) under, the Portfolio and to give any consent, waiver, indulgence, time or notification, make any declaration or agree any composition, compounding or other similar arrangement with respect to any obligations forming part of the Portfolio. The Collateral Manager, at its discretion and to the extent required by the Conditions or the other Transaction Documents, shall reconfirm conformity with Eligibility Criteria and the Reinvestment Criteria of the Collateral Obligation in question.

(f) Information Regarding the Collateral

The Issuer shall procure that a copy of each Monthly Report and any Payment Date Report is made available to the Trustee, the Collateral Manager, the Initial Purchaser, the Hedge Counterparties, each Rating Agency and the Noteholders via the Collateral Administrator's website currently located at <https://gctinvestorreporting.bnymellon.com> (or such other website as the Collateral Administrator may notify the foregoing parties in writing from time to time). It is not intended that such Monthly Reports and Payment Date Reports will be made available in any other format, save in limited circumstances with the Collateral Administrator's agreement. The Collateral Administrator's website does not form part of the information provided for the purposes of the Offering Circular and disclaimers may be posted with respect to the information posted thereon. Registration may be required for access to such website and persons wishing to access such website may be required to certify that they are Noteholders or otherwise entitled to access such website.

In the event that:

- (i) the Notes become subject to additional reporting requirements as a result of the Securitisation Regulation coming into force; and
- (ii) the Securitisation Regulation permits the Issuer or any other person or category of persons specified in such regulation to be designated the person that makes available information required to be made available pursuant to such regulation,

the Issuer hereby agrees that, if notified by the Collateral Manager, it will accept such designation and will assume all costs of complying with the additional reporting requirements under the Securitisation

Regulation (including the reasonable costs of all parties incurred amending the Transaction Documents for this purpose).

## 5. Covenants of and Restrictions on the Issuer

### (a) Covenants of the Issuer

Unless otherwise provided and as more fully described in the Trust Deed, the Issuer covenants to the Trustee on behalf of the Secured Parties that, for so long as any Note remains Outstanding, the Issuer will:

- (i) take such steps as are reasonable to enforce all its rights:
  - (A) under the Trust Deed;
  - (B) in respect of the Collateral;
  - (C) under the Agency Agreement;
  - (D) under the Collateral Management and Administration Agreement;
  - (E) under the Issuer Management Agreement;
  - (F) under the Collateral Acquisition Agreements;
  - (G) under the Risk Retention Letter;
  - (H) under any Hedge Agreements; and
  - (I) under each other Transaction Document;
- (ii) comply with its obligations under the Notes, the Trust Deed, the Agency Agreement, the Collateral Management and Administration Agreement and each other Transaction Document to which it is a party;
- (iii) keep proper books of account and books and records (and maintain the same separate from those of any other person or entity);
- (iv) prepare financial statements (and maintain the same separate from those of any other person or entity);
- (v) at all times maintain its tax residence outside the United Kingdom, Denmark and the United States and will not establish a branch, agency (other than the appointment of the Collateral Manager and the Collateral Administrator pursuant to the Collateral Management and Administration Agreement) or place of business or register as a company in the United Kingdom, Denmark or the United States and shall not permit anything within its control which might result in its residence being considered to be outside The Netherlands for tax purposes;
- (vi) maintain its central management and control and its place of effective management only in The Netherlands and in particular shall not be treated under any of the double taxation treaties entered into by The Netherlands as being resident in any other jurisdiction;
- (vii) conduct its business and affairs such that, at all times:
  - (A) it shall maintain its registered office in The Netherlands;
  - (B) it shall hold all meetings of its board of directors in The Netherlands and ensure that all of its directors are resident in The Netherlands for tax purposes, that they will exercise their control over the business and the Issuer independently and that those directors (acting independently) exercise their authority only from and within The Netherlands by taking all key decisions relating to the Issuer in The Netherlands;
  - (C) it shall not open any office or branch or place of business outside of The Netherlands;

- (D) it shall not knowingly take any action (save to the extent necessary for the Issuer to comply with its obligations under the Transaction Documents) which will cause its “centre of main interests” (within the meaning of Regulation (EU) 2015/848 of the European Parliament and of the Council of 20 May 2015 on Insolvency Proceedings (the “**Insolvency Regulations**”)), to be located in any jurisdiction other than The Netherlands and will not establish any offices, branches or other permanent establishments (as defined in the Insolvency Regulations) or register as a company in any jurisdiction other than The Netherlands;
- (viii) pay its debts generally as they fall due;
  - (ix) maintain adequate capital in light of its contemplated business activities;
  - (x) do all such things as are necessary to maintain its corporate existence (including those things required by its articles of association);
  - (xi) conduct its business in its own name, hold itself out as a separate entity and correct any misunderstanding of which it is aware regarding its status as a separate entity;
  - (xii) use its best endeavours to obtain and maintain the listing and admission to trading of the Outstanding Notes of each Class on the Global Exchange Market of the Irish Stock Exchange. If, however, it is unable to do so, having used such endeavours, or if the maintenance of such listings and admissions are agreed by the Trustee to be unduly onerous and the Trustee is satisfied that the interests of the holders of the Outstanding Notes of each Class would not thereby be materially prejudiced, the Issuer will instead use all reasonable endeavours promptly to obtain and thereafter to maintain a listing and admission to trading for such Outstanding Notes on such other stock exchange(s) or securities market(s) as it may (with the approval of the Trustee) decide;
  - (xiii) supply such information to the Rating Agencies as they may reasonably request;
  - (xiv) ensure that its tax residence is and remains at all times in The Netherlands;
  - (xv) ensure an agent is appointed to assist in creating and maintaining the Issuer’s website to enable the Rating Agencies to comply with Rule 17g-5;
  - (xvi) have and use its own stationery, invoices and cheques;
  - (xvii) observe and comply with its articles of association; and
  - (xviii) not to commingle its assets with those of any other Person.
- (b) Restrictions on the Issuer
- As more fully described in the Trust Deed, for so long as any of the Notes remain Outstanding, the Issuer covenants to the holders of such Outstanding Notes that (to the extent applicable) it will not, save as contemplated in the Transaction Documents, without the prior written consent of the Trustee:
- (i) sell, factor, discount, transfer, assign, lend or otherwise dispose of any of its right, title or interest in or to the Collateral, nor will it create or permit to be outstanding any mortgage, pledge, lien, charge, encumbrance or other security interest over the Collateral;
  - (ii) sell, factor, discount, transfer, assign, lend or otherwise dispose of, nor create or permit to be outstanding any mortgage, pledge, lien, charge, encumbrance or other security interest over, any of its other property or assets or any part thereof or interest therein;
  - (iii) engage in any business other than:
    - (A) acquiring and holding any property, assets or rights that are capable of being effectively charged in favour of the Trustee or that are capable of being held on trust by the Issuer in favour of the Trustee under the Trust Deed;
    - (B) issuing and performing its obligations under the Notes;

- (C) entering into, exercising its rights and performing its obligations under or enforcing its rights under the Trust Deed, the Agency Agreement, the Collateral Management and Administration Agreement and each other Transaction Document to which it is a party, as applicable; or
- (D) performing any act incidental to or necessary in connection with any of the above;
- (iv) amend any term or Condition of the Notes of any Class;
- (v) agree to any amendment to any provision of, or grant any waiver or consent under the Trust Deed, the Agency Agreement, the Collateral Management and Administration Agreement, the Issuer Management Agreement, or any other Transaction Document to which it is a party;
- (vi) incur any indebtedness for borrowed money;
- (vii) amend its articles of association;
- (viii) have any subsidiaries or establish any offices, branches or other “establishment” (as that term is used in article 2(10) of the Insolvency Regulations) outside of The Netherlands;
- (ix) have any employees (for the avoidance of doubt the Managing Directors of the Issuer do not constitute employees);
- (x) enter into any reconstruction, amalgamation, merger or consolidation;
- (xi) convey or transfer all or a substantial part of its properties or assets (in one or a series of transactions) to any person;
- (xii) issue any shares (other than such shares as are in issue as at the Issue Date) nor redeem or purchase any of its issued share capital;
- (xiii) enter into any material agreement or contract with any Person (other than an agreement on customary market terms which for the avoidance of doubt will include agreements to buy and sell obligations and documentation relating to restructurings (including steering committee indemnity letters), which terms do not contain the provisions below) unless such contract or agreement contains “limited recourse” and “non-petition” provisions and such Person agrees that, prior to the date that is two years and one day after all the related obligations of the Issuer have been paid in full (or, if longer, the applicable preference period under applicable insolvency law), such Person shall not take any action or institute any proceeding against the Issuer under any insolvency law applicable to the Issuer or which would reasonably be likely to cause the Issuer to be subject to or seek protection of, any such insolvency law; provided that such Person shall be permitted to become a party to and to participate in any proceeding or action under any such insolvency law that is initiated by any other Person other than one of its Affiliates;
- (xiv) release from or terminate the appointment of the Custodian or the Account Bank under the Agency Agreement or the Collateral Manager or the Collateral Administrator under the Collateral Management and Administration Agreement (including, in each case, any transactions entered into thereunder) or, in each case, from any executory obligation thereunder;
- (xv) pay any dividends other than in respect of any amounts deposited in the Issuer Dutch Account;
- (xvi) enter into any transactions, which take place otherwise than on an arm’s length terms and at market rates and, in any case where a number of services are provided to the Issuer by the same service provider (or by a service provider and persons connected with the service provider), the fees paid by the Issuer will be attributed between those services in a reasonable manner, having regard to the respective value and nature of those services;
- (xvii) enter into any lease in respect of, or own, premises;
- (xviii) guarantee or become obligated for the debts of any other entity or hold out its credit as being available to satisfy the obligations of any other entity; or

- (xix) act as an entity that issues notes to investors and uses the proceeds to grant new loans on its own account (as initial lender of record), but will purchase loans from one or more lenders (which may be as part of the primary syndicate process) and therefore is not considered a first lender (for the purpose of Regulation (EC) No 1075/2013 of the European Central Bank).

## 6. Interest

### (a) Payment Dates

#### (i) Rated Notes

The Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes each bear interest from (and including) the Issue Date and such interest will be payable (A) in the case of interest accrued during the initial Accrual Period, for the period from (and including) the Issue Date to (but excluding) the Payment Date falling in April 2018, (B) in respect of each six month Accrual Period, semi-annually and (C) in respect of each three month Accrual Period, quarterly, in each case in arrear on each Payment Date.

#### (ii) Subordinated Notes

Interest shall be payable on the Subordinated Notes to the extent funds are available in accordance with paragraph (CC) of the Interest Proceeds Priority of Payments, paragraph (T) of the Principal Proceeds Priority of Payments and paragraph (AA) of the Post-Acceleration Priority of Payments on each Payment Date or other relevant payment date and shall continue to be payable in accordance with this Condition 6 (*Interest*) notwithstanding redemption in full of any Subordinated Note at its applicable Redemption Price.

Notwithstanding any other provision of these Conditions or the Trust Deed, all references herein and therein to the Subordinated Notes being redeemed in full or at their Principal Amount Outstanding shall be deemed to be amended to the extent required to ensure that a minimum of €1 principal amount of each such Class of Notes remains Outstanding at all times and any amounts which are to be applied in redemption of each such Class of Notes pursuant hereto which are in excess of the Principal Amount Outstanding thereof minus €1, shall constitute interest payable in respect of such Notes and shall not be applied in redemption of the Principal Amount Outstanding thereof, provided always however that such €1 principal shall no longer remain Outstanding and each such Class of Notes shall be redeemed in full on the date on which all of the Collateral securing the Notes has been realised and is to be finally distributed to the Noteholders.

If the aggregate of income and gains earned by the Issuer during an accounting period exceeds the costs and expenses accrued for that period, such excess shall accrue as additional interest on the Subordinated Notes but shall only be payable on any Payment Date or other payment date following payment in full of amounts payable pursuant to the Priorities of Payments on such Payment Date or other payment date.

### (b) Interest Accrual

#### (i) Rated Notes

Each Rated Note (or, as the case may be, the relevant part thereof due to be redeemed) will cease to bear interest from the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused. In such event, it shall continue to bear interest in accordance with this Condition 6 (*Interest*) (both before and after judgment) until whichever is the earlier of (A) the day on which all sums due in respect of such Rated Note up to that day are received by or on behalf of the relevant Noteholder and (B) the day following seven days after the Trustee or the Principal Paying Agent has notified the Noteholders of such Class of Notes in accordance with Condition 16 (*Notices*) of receipt of all sums due in respect of all the Notes of such Class up to that seventh day (except to the extent that there is failure in the subsequent payment to the relevant holders under these Conditions).

(ii) Subordinated Notes

Payments on the Subordinated Notes will cease to be payable in respect of each Subordinated Note upon the date that all of the Collateral has been realised and no Interest Proceeds or Principal Proceeds or, where applicable, other net proceeds of enforcement of the security over the Collateral, remain available for distribution in accordance with the Priorities of Payments.

(c) Deferral of Interest

Unless a Frequency Switch Event has occurred and the relevant Class of Notes is the Controlling Class at such time, the Issuer shall, and shall only be obliged to, pay any Interest Amount payable in respect of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes in full on any Payment Date, in each case to the extent that there are Interest Proceeds or Principal Proceeds available for payment thereof in accordance with the Priorities of Payments.

Unless a Frequency Switch Event has occurred and the relevant Class of Notes is the Controlling Class at such time, in the case of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, an amount of interest equal to any shortfall in payment of the Interest Amount which would, but for the first paragraph of this Condition 6(c) (*Deferral of Interest*) otherwise be due and payable in respect of such Class on any Payment Date (each such amount being referred to as “**Deferred Interest**”) will not be payable on such Payment Date, but will be added to the principal amount of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, as applicable, and thereafter will accrue interest at the rate of interest applicable to that Class, and the failure to pay such Deferred Interest to the holders of the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes, as applicable, will not be an Event of Default until the Maturity Date or any earlier date on which such Class of Notes is to be redeemed in full.

(d) Payment of Deferred Interest

Deferred Interest in respect of any Class C Note, Class D Note, Class E Note or Class F Note shall only become payable by the Issuer in accordance with the relevant paragraphs of the Interest Proceeds Priority of Payments, the Principal Proceeds Priority of Payments and the Post-Acceleration Priority of Payments and under the Note Payment Sequence in each place specified in the Priorities of Payments, to the extent that Interest Proceeds or Principal Proceeds, as applicable, or, where applicable, other net proceeds of enforcement of the security over the Collateral, are available to make such payment in accordance with the Priorities of Payments (and, if applicable, the Note Payment Sequence).

(e) Interest on the Rated Notes

(i) Floating Rate of Interest

The rate of interest from time to time in respect of the Class A Notes (the “**Class A Floating Rate of Interest**”), in respect of the Class B-1 Notes (the “**Class B-1 Floating Rate of Interest**”), in respect of the Class C Notes (the “**Class C Floating Rate of Interest**”), in respect of the Class D Notes (the “**Class D Floating Rate of Interest**”), in respect of the Class E Notes (the “**Class E Floating Rate of Interest**”) and in respect of the Class F Notes (the “**Class F Floating Rate of Interest**”) (and each a “**Floating Rate of Interest**”) will be determined by the Calculation Agent on the following basis:

(A) On each Interest Determination Date,

- (1) in the case of the initial Accrual Period, the Calculation Agent will determine a straight line interpolation of the offered rate for 3 and 6 month Euro deposits;
- (2) in the case of each Interest Determination Date other than the initial Interest Determination Date and prior to the occurrence of a Frequency Switch Event, the Calculation Agent will determine the offered rate for six month and three month Euro deposits; and
- (3) in the case of each Interest Determination Date following the occurrence of a Frequency Switch Event, the Calculation Agent will determine (i) the offered rate for six month Euro

deposits, or (ii) if such Interest Determination Date falls in July 2030, the offered rate for three month Euro deposits,

in each case, as at 11.00 am (Brussels time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated on the Reuters Screen EURIBOR 01 (or such other page or service as may replace it for the purpose of displaying EURIBOR rates). The Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest and the Class F Floating Rate of Interest for each Accrual Period shall be the aggregate of the Applicable Margin (as defined below) and the rate which so appears, all as determined by the Calculation Agent;

(B) If the offered rate so appearing is replaced by the corresponding rates of more than one bank then paragraph (A) shall be applied, with any necessary consequential changes, to the arithmetic mean (rounded, if necessary, to the nearest one hundred thousandth of a percentage point (with 0.000005 being rounded upwards)) of the rates (being at least two) which so appear, as determined by the Calculation Agent. If for any other reason such offered rate does not so appear, or if the relevant page is unavailable, the Collateral Manager (on behalf of the Issuer) will request each of four major banks in the Eurozone interbank market acting in each case through its principal Eurozone office (the “**Reference Banks**”) to provide the Calculation Agent with its offered quotation to leading banks for Euro deposits in the Eurozone interbank market:

- (1) in the case of the initial Accrual Period, for a straight line interpolation of the offered quotation for 3 and 6 month Euro deposits;
- (2) in respect of each Interest Determination Date, other than the initial Interest Determination Date and prior to the occurrence of a Frequency Switch Event, for a period of six months and three months; and
- (3) in respect of each Interest Determination Date following the occurrence of a Frequency Switch Event, for a period of (i) six months, or (ii) if such Interest Determination Date falls in July 2030, three months,

in each case, as at 11.00 am (Brussels time) on the Interest Determination Date in question. The Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest and the Class F Floating Rate of Interest for such Accrual Period shall be the aggregate of the Applicable Margin (if any) and the arithmetic mean, in each case, (rounded, if necessary, to the nearest one hundred thousandth of a percentage point (with 0.000005 being rounded upwards)) of such quotations (or of such of them, being at least two, as are so provided), all as determined by the Calculation Agent;

(C) If on any Interest Determination Date one only or none of the Reference Banks provides such quotation, the Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest and the Class F Floating Rate of Interest, respectively, for the next Accrual Period shall be the Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest and the Class F Floating Rate of Interest, in each case in effect as at the immediately preceding Accrual Period; *provided that* in respect of any Accrual Period during which a Frequency Switch Event occurs, the Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest and the Class F Floating Rate of Interest shall be calculated using the offered rate for six month Euro deposits using the rate available as at the previous Interest Determination Date; *provided further that* following the occurrence of a Frequency Switch Event, in respect of an Interest Determination Date falling in July 2030, the Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest, and the Class F Floating Rate of Interest, respectively, shall be determined using the

offered rate for three month Euro deposits available as at the previous Interest Determination Date; and

(D) Where:

“**Applicable Margin**” means:

- (1) in the case of the Class A Notes: 0.93 per cent. per annum (the “**Class A Margin**”);
- (2) in the case of the Class B-1 Notes: 1.55 per cent. per annum (the “**Class B-1 Margin**”);
- (3) in the case of the Class C Notes: 2.10 per cent. per annum (the “**Class C Margin**”);
- (4) in the case of the Class D Notes: 3.00 per cent. per annum (the “**Class D Margin**”);
- (5) in the case of the Class E Notes: 4.98 per cent. per annum (the “**Class E Margin**”); and
- (6) in the case of the Class F Notes: 6.60 per cent. per annum (the “**Class F Margin**”);

(E) Notwithstanding paragraphs (A) and (B) above, if, in relation to any Interest Determination Date, EURIBOR (or any other benchmark rate that may apply under this Condition 6(e)(i) (*Rate of Interest*)) in respect of any Class of Floating Rate Notes as determined in accordance with paragraphs (A) and (B) above would yield a rate less than zero, such rate shall be deemed to be zero for the purposes of determining the Floating Rate of Interest pursuant to this Condition 6(e)(i) (*Floating Rate of Interest*).

(ii) Determination of Floating Rate of Interest and Calculation of Interest Amounts

The Calculation Agent will, as soon as practicable after 11.00 am (Brussels time) on each Interest Determination Date, but in no event later than the Business Day after such date, determine the Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest and the Class F Floating Rate of Interest and calculate the interest amount payable in respect of original principal amounts of the Class A Notes, the Class B-1 Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes equal to the Authorised Integral Amount applicable thereto for the relevant Accrual Period. The amount of interest (an “**Interest Amount**”) payable in respect of each Authorised Integral Amount applicable to any such Notes shall be calculated by applying the Class A Floating Rate of Interest in the case of the Class A Notes, the Class B-1 Floating Rate of Interest in the case of the Class B-1 Notes, the Class C Floating Rate of Interest in the case of the Class C Notes, the Class D Floating Rate of Interest in the case of the Class D Notes, the Class E Floating Rate of Interest in the case of the Class E Notes and the Class F Floating Rate of Interest in the case of the Class F Notes, respectively, to an amount equal to the Principal Amount Outstanding in respect of such Authorised Integral Amount, multiplying the product by the actual number of days in the Accrual Period concerned, divided by 360 and rounding the resultant figure to the nearest €0.01 (€0.005 being rounded upwards).

(iii) *Interest on the Fixed Rate Notes*

The Calculation Agent will calculate the amount of interest (an “**Interest Amount**”) payable in respect of the original principal amount of the Class B-2 Notes equal to the Authorised Integral Amount applicable thereto for the relevant Accrual Period by applying the Class B-2 Fixed Rate of Interest to an amount equal to the Principal Amount Outstanding in respect of such Authorised Integral Amount, multiplying the product by the number of days in the Accrual Period concerned (the number of days to be calculated on the basis of a year of 360 days with 12 months of 30 days each), divided by 360 and rounding the resultant figure to the nearest €0.01 (€0.005 being rounded upwards), where:

“**Class B-2 Fixed Rate of Interest**” means 2.25 per cent. per annum.

(iv) Reference Banks and Calculation Agent

The Issuer will procure that, so long as any Rated Note remains Outstanding:

- (A) a Calculation Agent shall be appointed and maintained for the purposes of determining the interest rate (if applicable) and interest amount payable in respect of the Notes; and
- (B) in the event that the Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest and the Class F Floating Rate of Interest are to be calculated by Reference Banks pursuant to paragraph (B) of Condition 6(e)(i) (*Floating Rate of Interest*), that the number of Reference Banks required pursuant to such paragraph (B) are appointed.

If the Calculation Agent is unable or unwilling to continue to act as the Calculation Agent for the purpose of calculating interest hereunder or fails duly to establish any Floating Rate of Interest for any Accrual Period, or to calculate the Interest Amount on any Class of the Rated Notes, the Issuer shall (with the prior written approval of the Trustee) appoint some other leading bank to act as such in its place. The Calculation Agent may not resign its duties without a successor having been so appointed.

(f) Interest Proceeds and Principal Proceeds in respect of Subordinated Notes

Solely in respect of Subordinated Notes, the Calculation Agent will as of each Determination Date calculate the Interest Proceeds and Principal Proceeds payable to the extent of available funds in respect of an original principal amount of Subordinated Notes equal to the Authorised Integral Amount applicable thereto for the relevant Accrual Period. The Interest Proceeds and Principal Proceeds payable on each Payment Date in respect of an original principal amount of Subordinated Notes equal to the Authorised Integral Amount applicable thereto shall be calculated by multiplying the amount of Interest Proceeds and Principal Proceeds to be applied on the Subordinated Notes on the applicable Payment Date pursuant to paragraph (CC) of the Interest Proceeds Priority of Payments, paragraph (T) of the Principal Proceeds Priority of Payments and paragraph (AA) of the Post-Acceleration Priority of Payment by fractions equal to the amount of such Authorised Integral Amount, as applicable, divided by the aggregate original principal amount of the Subordinated Notes.

(g) Publication of Rates of Interest, Interest Amounts and Deferred Interest

The Calculation Agent will, at the expense of the Issuer, cause the Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest and the Class F Floating Rate of Interest, or the Interest Amounts payable in respect of each Class of Rated Notes, the amount of any Deferred Interest due but not paid on any Class C Notes, Class D Notes, Class E Notes or Class F Notes for each Accrual Period and Payment Date, and the Principal Amount Outstanding of each Class of Notes as of the applicable Payment Date to be notified to the Registrar, the Principal Paying Agent, the Trustee and the Collateral Manager, and for so long as the Notes are listed on the Global Exchange Market of the Irish Stock Exchange, the Irish Stock Exchange, as soon as possible after their determination but in no event later than the fourth Business Day thereafter; and the Principal Paying Agent shall cause each such rate, amount and date to be notified to the Noteholders of each Class in accordance with Condition 16 (*Notices*) as soon as possible following notification to the Principal Paying Agent but in no event later than the third Business Day after such notification. The Interest Amounts in respect of the Class A Notes, the Class B-1 Notes, the Class B-2 Notes, the Class C Notes, the Class D Notes, the Class E Notes or the Class F Notes or the Payment Date in respect of any Class so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Accrual Period. If any of the Notes become due and payable under Condition 10 (*Events of Default*), interest shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this Condition 6 (*Interest*) but no publication of the applicable Interest Amounts shall be made unless the Trustee so determines.

(h) Determination or Calculation by Trustee

If the Calculation Agent does not at any time for any reason so calculate the Class A Floating Rate of Interest, the Class B-1 Floating Rate of Interest, the Class C Floating Rate of Interest, the Class D Floating Rate of Interest, the Class E Floating Rate of Interest or the Class F Floating Rate of Interest for an Accrual Period, the Trustee (or a person appointed by it for the purpose) shall do so and such determination or calculation shall be deemed to have been made by the Calculation Agent and shall be binding on the Noteholders. In doing so, the Trustee, or such person appointed by it, shall apply the foregoing provisions of this Condition 6 (*Interest*), with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances and in reliance on such persons as it has appointed for such purpose. The Trustee shall have no liability to any person in connection with any determination or calculation (including with regard to the timelines thereof) it is required to make pursuant to this Condition 6(h) (*Determination or Calculation by Trustee*), whether such determination or calculation is made by the Trustee itself or by a person appointed by the Trustee.

(i) Notifications, etc. to be Final

All notifications, opinions, determinations, certificates, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6 (*Interest*), whether by the Reference Banks (or any of them), the Calculation Agent, the Trustee or a person appointed by the Trustee pursuant to Condition 6(h) (*Determination or Calculation by Trustee*), will (in the absence of manifest error) be binding on the Issuer, the Reference Banks, the Calculation Agent, the Trustee, the Registrar, the Principal Paying Agent and all Noteholders and no liability to the Issuer or the Noteholders of any Class shall attach to the Reference Banks, the Calculation Agent, the Trustee or any person appointed by the Trustee pursuant to Condition 6(h) (*Determination or Calculation by Trustee*) in connection with the exercise or non-exercise by them of their powers, duties and discretions under this Condition 6 (*Interest*).

## 7. Redemption and Purchase

(a) Final Redemption

Save to the extent previously redeemed in full and cancelled, the Notes of each Class will be redeemed on the Maturity Date of such Notes. In the case of a redemption pursuant to this Condition 7(a) (*Final Redemption*), the Notes of each Class will be redeemed at their Redemption Price in accordance with the Note Payment Sequence. Notes may not be redeemed other than in accordance with this Condition 7 (*Redemption and Purchase*).

(b) Optional Redemption

(i) Optional Redemption in Whole – Subordinated Noteholders/Collateral Manager

Subject to the provisions of Condition 7(b)(iv) (*Terms and Conditions of an Optional Redemption*), Condition 7(b)(v) (*Optional Redemption effected in Whole or in Part through Refinancing*) and Condition 7(b)(vi) (*Optional Redemption effected through Liquidation only*), the Rated Notes may be redeemed in whole but not in part by the Issuer at the applicable Redemption Prices, from Sale Proceeds or any Refinancing Proceeds (or a combination thereof):

(A) on any Business Day falling on or after expiry of the Non-Call Period if either (x) the Issuer at the direction of the Subordinated Noteholders acting by an Ordinary Resolution (as evidenced by duly completed Redemption Notices) directs, by a written notice to the Collateral Manager, an optional redemption of the Rated Notes, or (y) a written notice to the Issuer directing an optional redemption of the Rated Notes, in whole but not in part, is sent by the Collateral Manager; or

(B) upon the occurrence of a Collateral Tax Event, on any Business Day falling after such occurrence at the direction of the Subordinated Noteholders acting by Ordinary Resolution (as evidenced by duly completed Redemption Notices).

(ii) Optional Redemption in Part – Subordinated Noteholders/Collateral Manager

Subject to the provisions of Condition 7(b)(iv) (*Terms and Conditions of an Optional Redemption*) and Condition 7(b)(v) (*Optional Redemption effected in Whole or in Part through Refinancing*), the Rated Notes of any Class may be redeemed by the Issuer at the applicable Redemption Prices, solely from Refinancing Proceeds (in accordance with Condition 7(b)(v) (*Optional Redemption effected in Whole or in Part through Refinancing*) below) on any Business Day falling on or after expiry of the Non-Call Period at the written direction of the Collateral Manager or the Subordinated Noteholders (acting by Ordinary Resolution) as provided in Condition 7(b)(v) (*Optional Redemption effected in Whole or in Part through Refinancing*) below. No such Optional Redemption may occur unless any Class of Rated Notes to be redeemed represents the entire Class of such Rated Notes.

(iii) Optional Redemption in Whole – Clean-up Call

Subject to the provisions of Conditions 7(b)(iv) (*Terms and Conditions of an Optional Redemption*) and Condition 7(b)(vi) (*Optional Redemption effected through Liquidation only*), the Rated Notes shall be redeemed in whole but not in part by the Issuer, at the applicable Redemption Prices, from Sale Proceeds on any Business Day falling on or after expiry of the Non-Call Period if, upon or at any time following the expiry of the Non-Call Period, the Aggregate Principal Balance is less than 20 per cent. of the Target Par Amount at the written direction of the Collateral Manager, provided that the Subordinated Noteholders shall not, within 25 days of the Issuer giving notice thereof to the Noteholders in accordance with Condition 16 (*Notices*), have passed an Ordinary Resolution objecting to such redemption.

(iv) Terms and Conditions of an Optional Redemption

In connection with any Optional Redemption:

- (A) the Issuer shall procure that at least 30 days' prior written notice of such Optional Redemption, including the applicable Redemption Date, and the relevant Redemption Price therefor, is given to the Trustee, the Collateral Administrator, the Collateral Manager, each Hedge Counterparty and the Noteholders in accordance with Condition 16 (*Notices*);
- (B) the Rated Notes to be redeemed shall be redeemed at their applicable Redemption Prices (subject, in the case of an Optional Redemption of the Rated Notes in whole, to the right of holders of 100 per cent. of the aggregate Principal Amount Outstanding of any Class of Rated Notes to elect to receive less than 100 per cent. of the Redemption Price that would otherwise be payable to the holders of such Class of Rated Notes). Such right shall be exercised by delivery by each holder of the relevant Class of Rated Notes of a written direction confirming such holder's election to receive less than 100 per cent. of the Redemption Price that would otherwise be payable to it, together with evidence of their holding to the Issuer, the Trustee and the Collateral Manager no later than 20 days (or such shorter period of time as may be agreed by the Trustee and the Collateral Manager, acting reasonably) prior to the relevant Redemption Date;
- (C) the Collateral Manager shall have no right or other ability (but without prejudice to its rights in respect of any Subordinated Notes which it or its Affiliates may hold) to prevent an Optional Redemption directed by the Subordinated Noteholders in accordance with this Condition 7(b) (*Optional Redemption*);
- (D) any such redemption must comply with the procedures set out in Condition 7(b)(vii) (*Mechanics of Redemption*); and
- (E) any redemption in part of the Rated Notes pursuant to Condition 7(b)(ii) (*Optional Redemption in Part – Subordinated Noteholders/Collateral Manager*) may be effected solely from Refinancing Proceeds in accordance with Condition 7(b)(v) (*Optional Redemption effected in Whole or in Part through Refinancing*) below.

(v) Optional Redemption effected in Whole or in Part through Refinancing

(A) Following receipt of, or as the case may be, confirmation from the Registrar of receipt of (i) a direction in writing from the Subordinated Noteholders (acting by Ordinary Resolution); and/or (ii) a direction in writing from the Collateral Manager, as the case may be, to exercise any right of optional redemption pursuant Condition 7(b)(i) (*Optional Redemption in Whole—Subordinated Noteholders/Collateral Manager*) or Condition 7(b)(ii) (*Optional Redemption in Part—Subordinated Noteholders/Collateral Manager*), the Issuer may:

- (1) in the case of a redemption in whole of all Classes of Rated Notes (1) enter into a loan (as borrower thereunder) with one or more financial institutions (qualifying as (A) a “professional market party” (a “PMP”) pursuant to the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) (the “Dutch FSA”) or (B) to the extent PMPs are deemed to qualify as the “public” (within the meaning of article 4(1) of the CRR and the rules promulgated thereunder), from a person that would not cause the Issuer to receive any repayable funds (*opvorderbare gelden*) from the “public”; or (2) issue replacement notes (in accordance with the provisions of the Dutch FSA); and
- (2) in the case of a redemption in part of the entire Class of a Class of Rated Notes, issue replacement notes (in accordance with the provisions of the Dutch FSA) (each, a “**Refinancing Obligation**”),

whose terms in each case will be negotiated by the Collateral Manager on behalf of the Issuer (any such refinancing, a “**Refinancing**”). The terms of any Refinancing are subject to the prior written consent of the Collateral Manager and the Subordinated Noteholders (acting by Ordinary Resolution) and each Refinancing is required to satisfy the conditions described in this Condition 7(b)(v) (*Optional Redemption effected in Whole or in Part through Refinancing*).

(B) Refinancing Proceeds may be applied in addition to (or in place of) Sale Proceeds in the redemption of the Rated Notes in whole pursuant to Condition 7(b)(i) (*Optional Redemption in Whole – Subordinated Noteholders/Collateral Manager*). In addition, Refinancing Proceeds may be applied in the redemption of the Rated Notes in part by Class pursuant to Condition 7(b)(ii) (*Optional Redemption in Part – Subordinated Noteholders/Collateral Manager*).

(C) Refinancing in relation to a Redemption in Whole

In the case of a Refinancing in relation to the redemption of the Rated Notes in whole but not in part pursuant to Condition 7(b)(i) (*Optional Redemption in Whole – Subordinated Noteholders/Collateral Manager*) as described above, such Refinancing will be effective only if:

- (1) the Issuer provides prior written notice thereof to each of the Rating Agencies and each Hedge Counterparty;
- (2) all Refinancing Proceeds, all Sale Proceeds, if any, from the sale of Collateral Obligations and Eligible Investments and all other available funds will be at least sufficient to pay any Refinancing Costs and all amounts due and payable in respect of all Classes of Notes save for the Subordinated Notes (including without limitation Deferred Interest on the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes) and all amounts payable in priority thereto pursuant to the Priorities of Payments (subject to any election to receive less than 100 per cent. of the Redemption Price) on such Redemption Date when applied in accordance with the Post-Acceleration Priority of Payments;
- (3) all Principal Proceeds, Refinancing Proceeds, Sale Proceeds, if any, and other available funds are used (to the extent necessary) to make such redemption;
- (4) each agreement entered into by the Issuer in respect of such Refinancing contains limited recourse and non-petition provisions substantially the same as those contained in the Trust Deed; and

- (5) all Refinancing Proceeds and all Sale Proceeds, if any, from the sale of Collateral Obligations and Eligible Investments are received by (or on behalf of) the Issuer on or prior to the applicable Redemption Date,

in each case, as certified to the Issuer and the Trustee by the Collateral Manager (upon which certification the Trustee shall be entitled to rely absolutely and without further enquiry or liability).

(D) Refinancing in relation to a Redemption in Part

In the case of a Refinancing in relation to a redemption of the Rated Notes in part by Class pursuant to Condition 7(b)(ii) (*Optional Redemption in Part – Subordinated Noteholders/Collateral Manager*), such Refinancing will be effective only if:

- (1) the Issuer provides prior written notice thereof to each of the Rating Agencies and each Hedge Counterparty;
- (2) the Refinancing Obligations are in the form of notes;
- (3) any redemption of a Class of Notes is a redemption of the entire Class which is subject to the redemption;
- (4) the sum of (A) the Refinancing Proceeds and (B) the amount of Interest Proceeds standing to the credit of the Interest Account in excess of the aggregate amount of Interest Proceeds which would be applied in accordance with the Interest Proceeds Priority of Payments prior to paying any amount in respect of the Subordinated Notes will be at least sufficient to pay in full:
  - (a) the aggregate Redemption Prices of the entire Class or Classes of Rated Notes subject to the Optional Redemption; plus
  - (b) all accrued and unpaid Trustee Fees and Expenses and Administrative Expenses in connection with such Refinancing;
- (5) the Refinancing Proceeds are used (to the extent necessary) to make such redemption;
- (6) each agreement entered into by the Issuer in respect of such Refinancing contains limited recourse and non-petition provisions substantially the same as those contained in the Trust Deed;
- (7) the aggregate principal amount of the Refinancing Obligations for each Class is equal to the aggregate Principal Amount Outstanding of such Class of Notes being redeemed with the Refinancing Proceeds;
- (8) the maturity date of each class of Refinancing Obligations is the same as the Maturity Date of the Class or Classes of Notes being redeemed with the Refinancing Proceeds;
- (9) the interest rate of any Refinancing Obligations will not be greater than the interest rate of the Rated Notes subject to such Optional Redemption;
- (10) payments in respect of the Refinancing Obligations are subject to the Priorities of Payments and rank at the same priority pursuant to the Priorities of Payments as the relevant Class or Classes of Rated Notes being redeemed;
- (11) the voting rights, consent rights, redemption rights and all other rights of the Refinancing Obligations are the same as the rights of the corresponding Class of Rated Notes being redeemed; and
- (12) all Refinancing Proceeds are received by (or on behalf of) the Issuer on or prior to the applicable Redemption Date,

in each case, as certified to the Issuer and the Trustee by the Collateral Manager (upon which certification the Trustee shall be entitled to rely absolutely and without further enquiry or liability).

If, in relation to a proposed optional redemption of the Notes, any of the conditions specified in this Condition 7(b)(v) (*Optional Redemption effected in Whole or in Part through Refinancing*) are not satisfied, the Issuer shall cancel the relevant redemption of the Notes and shall give notice of such cancellation to the Trustee, the Collateral Manager, the Rating Agencies and the Noteholders in accordance with Condition 16 (*Notices*).

None of the Issuer, the Collateral Manager, the Collateral Administrator, any Agent or the Trustee shall be liable to any party, including the Subordinated Noteholders, for any failure to obtain a Refinancing.

(E) Consequential Amendments

Following a Refinancing, the Trustee shall, without the consent or sanction of any of the Noteholders or any other Secured Party (other than the Subordinated Noteholders acting by way of Ordinary Resolution and each Hedge Counterparty (to the extent such consent is required pursuant to the relevant Hedge Agreement)), concur with the Issuer in making any modification of the Trust Deed and the other Transaction Documents which the Issuer (or the Collateral Manager on its behalf) certifies to the Trustee (upon which certificate the Trustee shall be entitled to rely absolutely and without enquiry or liability) is necessary to reflect the terms of the Refinancing (including any modification to remove the right of the Subordinated Noteholders or any other party to direct the Issuer to redeem by refinancing the Class(es) of Notes subject to a Refinancing) and without regard as to whether such modification may be prejudicial to the interests of any Noteholder or other Secured Party; *provided that* the Trustee shall not be obliged to agree to any such modification which, in the opinion of the Trustee, would have the effect of (i) exposing the Trustee to any Liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, rights, powers, authorisations or indemnification of the Trustee in respect of the Transaction Documents.

(vi) Optional Redemption effected through Liquidation only

Following receipt of notice from the Issuer or, as the case may be, of confirmation from the Registrar of (i) a direction in writing from the Subordinated Noteholders (acting by Ordinary Resolution or, as the case may require, Extraordinary Resolution), (ii) a direction in writing from the Controlling Class (acting by Extraordinary Resolution), or (iii) a direction in writing from the Collateral Manager, as the case may be, to exercise any right of optional redemption pursuant to this Condition 7(b) (*Optional Redemption*) or Condition 7(g) (*Redemption following Note Tax Event*) to be effected solely through the liquidation or realisation of the Collateral, the Collateral Administrator shall, as soon as practicable, and in any event not later than 15 Business Days prior to the scheduled Redemption Date (the “**Redemption Determination Date**”), provided that the Collateral Administrator has received such notice or confirmation at least 20 Business Days prior to the scheduled Redemption Date, calculate the Redemption Threshold Amount in consultation with the Collateral Manager. The Collateral Manager or any Collateral Manager Related Person will be permitted to purchase Collateral Obligations in the Portfolio where the Noteholders exercise their right of early redemption pursuant to this Condition 7(b) (*Optional Redemption*) or Condition 7(g) (*Redemption Following Note Tax Event*).

The Notes shall not be optionally redeemed where such Optional Redemption is to be effected solely through the liquidation or realisation of the Portfolio unless:

- (A) at least five Business Days before the scheduled Redemption Date the Collateral Manager shall have furnished to the Trustee a certificate signed by an officer of the Collateral Manager that the Collateral Manager has on behalf of the Issuer entered into a binding agreement or agreements with a financial or other institution or institutions (which (a) either (x) has a long-term issuer credit rating of at least “A” by S&P *provided that* it has a short term issuer credit rating of at least “A-1” by S&P or, if it does not have such a short term issuer credit rating, a long-term issuer credit rating of at least “A+” by S&P or (y) in respect of which a

Rating Agency Confirmation from S&P has been obtained and (b) either (x) has a long-term senior unsecured credit rating of at least “A2” by Moody’s and a short-term senior unsecured rating of “P-1” by Moody’s or, if it does not have a Moody’s long-term senior unsecured credit rating, a short-term senior unsecured rating of at least “P-1” by Moody’s, or (y) in respect of which a Rating Agency Confirmation from Moody’s has been obtained (provided, for the purposes of this clause (y), that a Rating Agency Confirmation cannot be deemed to not be required in these circumstances and must be provided as a positive confirmation)) to purchase (directly or by participation or other arrangement) from the Issuer, not later than the Business Day immediately preceding the scheduled Redemption Date in immediately available funds, all or part of the Portfolio at a purchase price at least sufficient, together with the Eligible Investments maturing, redeemable or putable to the issuer thereof at par on or prior to the scheduled Redemption Date, to meet the Redemption Threshold Amount; or

- (B)(1) prior to selling any Collateral Obligations and/or Eligible Investments, the Collateral Manager confirms to the Trustee that, in its judgment, the aggregate sum of (A) expected net proceeds from the sale of Eligible Investments, and (B) for each Collateral Obligation, the product of its Principal Balance and its Market Value, shall equal or exceed the Redemption Threshold Amount; and
- (2) at least two Business Days before the scheduled Redemption Date, the Issuer shall have received proceeds of disposition of all or part of the Portfolio at least sufficient, together with the Eligible Investments maturing, redeemable or putable to the issuer thereof at par on or prior to the scheduled Redemption Date, to meet the Redemption Threshold Amount.

Prior to the scheduled Redemption Date, the Collateral Administrator (on behalf of the Issuer) shall give notice to the Trustee in writing of the amount of all expenses incurred by the Issuer up to and including the scheduled Redemption Date in effecting such liquidation or realisation.

Any certification delivered by the Collateral Manager pursuant to this Condition 7(b)(vi) (*Optional Redemption effected through Liquidation only*) must include (1) the prices of, and expected proceeds from, the sale (directly or by participation or other arrangement) of any Collateral Obligations and/or Eligible Investments and (2) all calculations required by this Condition 7(b) (*Optional Redemption*). Any Noteholder, the Collateral Manager or any of the Collateral Manager’s Affiliates shall have the right, subject to the same terms and conditions afforded to other bidders, to bid on Collateral Obligations to be sold as part of an Optional Redemption pursuant to this Condition 7(b)(vi) (*Optional Redemption effected through Liquidation only*).

If neither condition (A) nor (B) above is satisfied, the Issuer shall cancel the redemption of the Notes and shall give notice of such cancellation to the Trustee, the Collateral Manager and the Noteholders in accordance with Condition 16 (*Notices*).

The Trustee shall be entitled to rely conclusively and without further enquiry or liability on any confirmation or certificate of the Collateral Manager furnished by it pursuant to or in connection with this Condition 7(b)(vi) (*Optional Redemption effected through Liquidation only*).

(vii) Mechanics of Redemption

Following calculation by the Collateral Administrator of the relevant Redemption Threshold Amount, if applicable, the Collateral Administrator shall make such other calculations as it is required to make pursuant to the Collateral Management and Administration Agreement and shall notify the Issuer, the Trustee, the Collateral Manager and the Registrar, whereupon the Registrar shall notify the Noteholders (in accordance with Condition 16 (*Notices*)) of such amounts.

Any exercise of a right of Optional Redemption by the Subordinated Noteholders pursuant to this Condition 7(b) (*Optional Redemption*) or the Controlling Class or the Subordinated Noteholders pursuant to Condition 7(g) (*Redemption following Note Tax Event*) shall be effected by delivery to the Registrar, by the requisite amount of Subordinated Noteholders or the requisite amount of Notes comprising the Controlling Class (as applicable) held thereby of duly completed Redemption Notices not less than 30 days, or such shorter period of time as the Trustee and the Collateral Manager find reasonably acceptable, prior to the proposed Redemption Date. No

Redemption Notice so delivered or any direction given by the Collateral Manager may be withdrawn without the prior consent of the Issuer. The Registrar shall copy each Redemption Notice or any direction given by the Collateral Manager received to each of the Issuer, the Trustee, the Collateral Administrator and the Collateral Manager.

The Collateral Manager shall notify the Issuer, the Trustee, the Collateral Administrator, each Hedge Counterparty and the Registrar upon satisfaction of any of the conditions set out in this Condition 7(b) (*Optional Redemption*) and shall use commercially reasonable endeavours to arrange for liquidation and/or realisation of the Portfolio in whole or in part as necessary, on behalf of the Issuer in accordance with the Collateral Management and Administration Agreement. The Issuer shall deposit, or cause to be deposited, the funds required for an optional redemption of the Notes in accordance with this Condition 7(b) (*Optional Redemption*) and/or Condition 7(g) (*Redemption following Note Tax Event*) in the Payment Account on or before the Business Day prior to the applicable Redemption Date. Principal Proceeds and Interest Proceeds received in connection with a redemption in whole of the Rated Notes shall be payable in accordance with the Post-Acceleration Priority of Payments. In the case of any redemption in whole of a Class of Rated Notes (other than a redemption in whole of all Classes of Rated Notes), the relevant Refinancing Proceeds shall be paid to the Noteholders of such Class of Rated Notes.

(viii) Optional Redemption of Subordinated Notes

The Subordinated Notes may be redeemed at their Redemption Price, in whole but not in part, on any Business Day on or after the redemption or repayment in full of the Rated Notes, at the direction of either of (x) the Subordinated Noteholders (acting by Ordinary Resolution) or (y) the Collateral Manager.

(c) Mandatory Redemption upon Breach of Coverage Tests

(i) Class A Notes and Class B Notes

If the Class A/B Par Value Test is not met on any Determination Date on or after the Effective Date or if the Class A/B Interest Coverage Test is not met on the Determination Date immediately preceding the second Payment Date or any Determination Date thereafter, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes and the Class B Notes in accordance with the Note Payment Sequence, on the related Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated following such redemption, provided that the Class A/B Coverage Tests shall be deemed to be satisfied if the Class A Notes and the Class B Notes have been redeemed in full.

(ii) Class C Notes

If the Class C Par Value Test is not met on any Determination Date on or after the Effective Date or if the Class C Interest Coverage Test is not met on the Determination Date immediately preceding the second Payment Date or any Determination Date thereafter, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes, the Class B Notes and the Class C Notes in accordance with the Note Payment Sequence, on the related Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated following such redemption, provided that the Class C Coverage Tests shall be deemed to be satisfied if the Class A Notes, the Class B Notes and the Class C Notes have been redeemed in full.

(iii) Class D Notes

If the Class D Par Value Test is not met on any Determination Date on or after the Effective Date or if the Class D Interest Coverage Test is not met on the Determination Date immediately preceding the second Payment Date or any Determination Date thereafter, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes in accordance with the Note Payment Sequence, on the related Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if

recalculated following such redemption, provided that the Class D Coverage Tests shall be deemed to be satisfied if the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes have been redeemed in full.

(iv) Class E Notes

If the Class E Par Value Test is not met on any Determination Date on or after the Effective Date or if the Class E Interest Coverage Test is not met on the Determination Date immediately preceding the second Payment Date or any Determination Date thereafter, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes in accordance with the Note Payment Sequence, on the related Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until each such Coverage Test is satisfied if recalculated following such redemption, provided that the Class E Coverage Tests shall be deemed to be satisfied if the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes have been redeemed in full.

(v) Class F Notes

If the Class F Par Value Test is not met on any Determination Date on or after the Effective Date, Interest Proceeds and thereafter Principal Proceeds will be applied in redemption of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes in accordance with the Note Payment Sequence, on the related Payment Date in accordance with and subject to the Priorities of Payments (including payment of all prior ranking amounts) until the Class F Par Value Test is satisfied if recalculated following such redemption, provided that the Class F Par Value Test shall be deemed to be satisfied if the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes have been redeemed in full.

(d) Special Redemption

Principal payments on the Notes shall be made in accordance with the Principal Proceeds Priority of Payments at the sole and absolute discretion of the Collateral Manager (acting on behalf of the Issuer) if, at any time during the Reinvestment Period, the Collateral Manager (acting on behalf of the Issuer) certifies to the Trustee (upon which certification the Trustee shall be entitled to rely absolutely and without further enquiry or liability) that it has been unable, for a period of 20 consecutive Business Days, to identify additional Collateral Obligations that are deemed appropriate by the Collateral Manager (acting on behalf of the Issuer) in its sole discretion which meet the Eligibility Criteria or, to the extent applicable, the Reinvestment Criteria, in sufficient amounts to permit the investment or reinvestment of all or a portion of the funds then in the Principal Account that are to be invested in additional Collateral Obligations (a “**Special Redemption**”). On the first Payment Date following the Due Period in which such notice is given (a “**Special Redemption Date**”), the funds in the Principal Account representing Principal Proceeds which, using reasonable endeavours, cannot be reinvested in additional Collateral Obligations or Substitute Collateral Obligations as determined by the Collateral Manager in its sole discretion (the “**Special Redemption Amount**”) will be applied in accordance with paragraph (O) of the Principal Proceeds Priority of Payments. Notice of payments pursuant to this Condition 7(d) (*Special Redemption*) shall be given by the Issuer in accordance with Condition 16 (*Notices*) not less than three Business Days prior to the applicable Special Redemption Date to each Noteholder affected thereby, to each Hedge Counterparty and to each Rating Agency. For the avoidance of doubt, the exercise of a Special Redemption shall be at the sole and absolute discretion of the Collateral Manager (acting on behalf of the Issuer) and the Collateral Manager shall be under no obligation to, or have any responsibility for, any Noteholder or any other person for the exercise or non-exercise (as applicable) of such Special Redemption.

(e) Redemption upon Effective Date Rating Event

In the event that as at the Business Day prior to the Payment Date following the Effective Date, an Effective Date Rating Event has occurred and is continuing, the Rated Notes shall be redeemed in accordance with the Note Payment Sequence on such Payment Date and thereafter on each Payment Date (to the extent required) out of Interest Proceeds, in each case and, thereafter, out of Principal

Proceeds subject to the Priorities of Payments until redeemed in full or, if earlier, until an Effective Date Rating Event is no longer continuing.

(f) Redemption following Expiry of the Reinvestment Period

Following the expiry of the Reinvestment Period, the Issuer shall, on each Payment Date occurring thereafter, apply Principal Proceeds transferred to the Payment Account immediately prior to the related Payment Date in redemption of the Notes at their applicable Redemption Prices in accordance with the Priorities of Payments.

(g) Redemption following Note Tax Event

Upon the occurrence of a Note Tax Event, the Issuer shall, subject to and in accordance with the terms of the Trust Deed, use all reasonable efforts to change the territory in which it is resident for tax purposes to another jurisdiction which, at the time of such change, would not give rise to a Note Tax Event. Upon the earlier of:

- (i) the date upon which the Issuer certifies to the Trustee (upon which certification the Trustee shall be entitled to rely absolutely and without further enquiry or liability) and notifies (or procures the notification of) the Principal Paying Agent and the Noteholders that it is not able to effect such change of residence; and
- (ii) the date which is 90 days from the date upon which the Issuer first becomes aware of such Note Tax Event (provided that such 90 day period shall be extended by a further 90 days in the event that during the former period the Issuer has notified (or procured the notification of) the Trustee and the Noteholders that, based on advice received by it, it expects that it shall have changed its place of residence by the end of the latter 90 day period),

the Controlling Class or the Subordinated Noteholders, in each case acting by way of Extraordinary Resolution, may elect that the Notes of each Class are redeemed, in whole but not in part, on any Business Day thereafter, at their respective Redemption Prices in accordance with the Note Payment Sequence, in which case the Issuer shall so redeem the Notes on such terms, provided that such Note Tax Event would affect payment of principal or interest in respect of the Controlling Class or, as the case may be, the Subordinated Notes (in addition to any other Class of Notes) on such Payment Date; provided further that such redemption of the Notes, whether pursuant to the exercise of such option by the Controlling Class or the Subordinated Noteholders, shall take place in accordance with the procedures set out in Condition 7(b) (*Optional Redemption*).

(h) Redemption

Unless otherwise specified in this Condition 7 (*Redemption and Purchase*), all Notes in respect of which any notice of redemption is given shall be redeemed on the Redemption Date at their applicable Redemption Prices and to the extent specified in such notice and in accordance with the requirements of this Condition 7 (*Redemption and Purchase*).

(i) Cancellation

All Notes redeemed in full by the Issuer will be cancelled and may not be reissued or resold.

No Note may be surrendered (including in connection with any abandonment, donation, gift, contribution or other event or circumstance) except for payment as provided herein, for registration of transfer, exchange or redemption, or for replacement in connection with any Notes mutilated, defaced or deemed lost or stolen.

(j) Notice of Redemption

The Issuer shall procure that notice of any redemption in accordance with this Condition 7 (*Redemption and Purchase*) (which notice shall be irrevocable) is given to the Trustee and Noteholders in accordance with Condition 16 (*Notices*) and promptly in writing to the Rating Agencies and each Hedge Counterparty.

(k) Reinvesting Noteholders

At any time during the Reinvestment Period, any holder of Subordinated Notes may notify the Issuer, the Trustee and the Collateral Manager that it proposes to make a cash contribution to the Issuer (each proposed contribution described above, a “**Reinvestment Amount**”). The Collateral Manager, in consultation with the applicable holder of Subordinated Notes (but in the Collateral Manager’s sole discretion), will determine (A) whether to accept any proposed Reinvestment Amount and (B) the Permitted Use to which such proposed Reinvestment Amount would be applied. The Collateral Manager will provide written notice of such determination to the applicable Reinvesting Noteholder(s) thereof and such Reinvestment Amount will be accepted by the Issuer. If such Reinvestment Amount is accepted by the Collateral Manager, it will be paid by the relevant Reinvesting Noteholder and deposited by the Issuer into the Supplemental Reserve Account and applied to a Permitted Use determined by the Collateral Manager. Any amount so deposited shall not earn interest and shall not increase the principal balance of the related Subordinated Notes. Reinvestment Amounts will be paid to any applicable Reinvesting Noteholder on the first subsequent Payment Date Principal Proceeds are available therefor as provided in the Principal Proceeds Priority of Payments or that Interest Proceeds and Principal Proceeds are available therefor as provided in the Post-Acceleration Priority of Payments, as applicable. The acceptance of Reinvestment Amounts by the Collateral Manager, on behalf of the Issuer, shall be subject to the condition that there may be no more than three separate occasions on which Reinvestment Amounts are made to the Issuer and on each of the three permitted occasions a Reinvestment Amount shall be a minimum of €1,000,000 in aggregate.

(l) Purchase

The Issuer may not purchase any of the Notes.

## 8. Payments

(a) Method of Payment

Payments of principal upon final redemption in respect of each Note will be made against presentation and surrender (or, in the case of part payment only, endorsement) of such Note at the specified office of the Principal Paying Agent by wire transfer. Payments of interest on each Note and, prior to redemption in full thereof, principal in respect of each Note, will be made by wire transfer in immediately available funds, on the due date to a Euro account maintained by the payee with a bank in Western Europe.

(b) Payments

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 9 (*Taxation*). No commission shall be charged to the Noteholders.

(c) Payments on Presentation Days

A holder shall be entitled to present a Note for payment only on a Presentation Date and shall not, except as provided in Condition 6 (*Interest*), be entitled to any further interest or other payment if a Presentation Date falls after the due date.

If a Note is presented for payment at a time when, as a result of differences in time zones it is not practicable to transfer the relevant amount to an account as referred to above for value on the relevant Presentation Date, the Issuer shall not be obliged so to do but shall be obliged to transfer the relevant amount to the account for value on the first practicable date after the Presentation Date.

(d) Principal Paying Agent

The name of the initial Principal Paying Agent and its initial specified office is set out below. The Issuer reserves the right at any time, with the prior written approval of the Trustee, to vary or terminate the appointment of the Principal Paying Agent and appoint additional or other Agents, provided that it will maintain a Principal Paying Agent as approved in writing by the Trustee and shall procure that it shall at all times maintain a Custodian, Account Bank, Collateral Manager and Collateral Administrator. Notice of any change in any Agent or their specified offices or in the Collateral

Manager or Collateral Administrator will promptly be given to the Noteholders by the Issuer in accordance with Condition 16 (*Notices*).

## 9. Taxation

All payments of principal and interest in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within The Netherlands or any other country, or any political sub-division or any authority therein or thereof, unless such withholding or deduction is required by law. For the avoidance of doubt, the Issuer shall not be required to gross up any payments made to Noteholders of any Class and shall withhold or deduct from any such payments any amounts on account of such tax where so required by law (including FATCA) or any such relevant taxing authority. Any withholding or deduction shall not constitute an Event of Default under Condition 10(a) (*Events of Default*).

Subject as provided below, if the Issuer certifies to the Trustee (upon which certification the Trustee may rely without further enquiry and without liability) that it has or will on the occasion of the next payment due in respect of the Notes of any Class become obliged by the laws of The Netherlands to withhold or account for tax so that it would be unable to make payment of the full amount that would otherwise be due but for the imposition of such tax, the Issuer (save as provided below) shall use all reasonable endeavours to arrange for the substitution of a company incorporated in another jurisdiction approved by the Trustee as the principal obligor under the Notes of such Class, or to change its tax residence to another jurisdiction approved by the Trustee, subject to receipt of Rating Agency Confirmation in relation to such change. The Trustee will not approve any such substitution or change in tax residence under this Condition 9 (*Taxation*) unless the Trustee has received written advice from legal counsel or a recognised tax expert (such advice to be paid for by the Issuer) to the effect that such substitution or change in tax residence will not (1) result in the Issuer becoming subject to U.S. federal income taxation with respect to its net income, (2) result in the Issuer being treated as engaged in a trade or business within the United States for U.S. federal income tax purposes, or (3) have a material adverse effect on the tax treatment of the Issuer or the tax consequences to the Noteholders.

Notwithstanding the above, if any taxes referred to in this Condition 9 (*Taxation*) arise:

- (a) due to any present or former connection of any Noteholder (or between a fiduciary, settlor, beneficiary, member or shareholder of such Noteholder if such Noteholder is an estate, a trust, a partnership, or a corporation) with The Netherlands (including without limitation, such Noteholder (or such fiduciary, settlor, beneficiary, member or shareholder) being or having been a citizen or resident thereof or being or having been engaged in a trade or business or present therein or having had a permanent establishment therein) otherwise than by reason only of the holding of any Note or receiving principal or interest in respect thereof;
- (b) by reason of the failure by the relevant Noteholder to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax or to provide information concerning nationality, residency or connection with The Netherlands or other applicable taxing authority;
- (c) as a result of presentation for payment by, or on behalf of, a Noteholder who would have been able to avoid such withholding or deduction by presenting the relevant Note to another Paying Agent in a member state of the European Union;
- (d) under FATCA or as a result of a Noteholder's failure to provide the Issuer with appropriate tax forms and other documentation reasonably requested by the Issuer; or
- (e) any combination of the preceding clauses (a) through (d) inclusive,

the requirement to substitute the Issuer as a principal obligor and/or change its residence for taxation purposes shall not apply.

Any withholding or deduction required from amounts payable by the Issuer pursuant to this Condition 9 (*Taxation*) shall be deemed to be included in the same paragraph in the Priorities of Payments as the paragraph which contains the payment in respect of which such withholding or deduction is required to be made.

Each Noteholder agrees or is deemed to agree that the Issuer and any other relevant party to the Transaction Documents may (1) request such forms, self-certifications, documentation and any other information from the Noteholder which the Issuer may require in order for it to comply with its automatic exchange of information obligations under, for example, FATCA and CRS, (2) provide any such information or documentation collected from an investor and any other information concerning any investment in the Notes to the relevant tax authorities and (3) take such other steps as they deem necessary or helpful to comply with its automatic exchange obligations under any applicable law.

## 10. Events of Default

### (a) Events of Default

Any of the following events in this paragraph (a)(i) to (viii) shall constitute an “**Event of Default**”:

#### (i) Non-payment of interest

the Issuer fails to pay any interest in respect of:

(A) the Class A Notes or the Class B Notes, or

(B) following the occurrence of a Frequency Switch Event: (1) following redemption and payment in full of the Class A Notes and the Class B Notes, the Class C Notes, or (2) following redemption and payment in full of the Class C Notes, the Class D Notes, or (3) following redemption and payment in full of the Class D Notes, the Class E Notes, or (4) following redemption and payment in full of the Class E Notes, the Class F Notes,

(C) in each case (x) when the same becomes due and payable, and (y) failure to pay such interest in such circumstances continues for a period of at least five Business Days; provided that the failure to effect any Optional Redemption or redemption following a Note Tax Event for which notice is withdrawn in accordance with these Conditions or, in the case of an Optional Redemption with respect to which a Refinancing fails, will not constitute an Event of Default;

#### (ii) Non-payment of principal

the Issuer fails to pay any principal when the same becomes due and payable on any Notes on the Maturity Date or any Redemption Date provided that, failure to effect any Optional Redemption or redemption following a Note Tax Event for which notice is withdrawn in accordance with these Conditions or, in the case of an Optional Redemption with respect to which a Refinancing fails, will not constitute an Event of Default;

#### (iii) Default under Priorities of Payments

the failure on any Payment Date to disburse amounts (other than (i) or (ii) above) available in the Payment Account in excess of €1,000 and payable in accordance with the Priorities of Payments and continuation of such failure for a period of five Business Days;

#### (iv) Collateral Obligations

on any Measurement Date after the Effective Date prior to the redemption in full of the Class A Notes, failure of the percentage equivalent of a fraction, (i) the numerator of which is equal to (1) the Collateral Principal Amount plus (2) the aggregate of the product of the Market Value of each Defaulted Obligation on such date and its outstanding principal balance and (ii) the denominator of which is equal to the Principal Amount Outstanding of the Class A Notes, to equal or exceed 102.5 per cent.;

#### (v) Breach of Other Obligations

except as otherwise provided in this definition of “Event of Default”, a default in the performance by, or breach of any covenant or undertaking of, the Issuer under the Notes, the Trust Deed, the Agency Agreement or the Collateral Management and Administration Agreement (provided that any failure to meet any Portfolio Profile Test, Collateral Quality Test or Coverage Test or the Reinvestment Overcollateralisation Test is not an Event of Default and any failure to satisfy the

Effective Date Determination Requirements is not an Event of Default, except in either case to the extent provided in paragraph (iv) above) or the failure of any representation or warranty of the Issuer made in the Trust Deed or in any certificate or other writing delivered pursuant thereto or in connection therewith to be correct when the same shall have been made, and (A) such default, breach or failure is, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders of any Class; and (B) in the case of a default, breach or failure which, in the opinion of the Trustee, is remediable, the continuation of such default, breach or failure for a period of 30 days after notice to the Issuer and the Collateral Manager by registered or certified mail or courier, from the Trustee or the Controlling Class acting pursuant to an Ordinary Resolution, specifying such default, breach or failure and requiring it to be remedied and stating that such notice is a “Notice of Default” under the Trust Deed;

(vi) Insolvency Proceedings

proceedings are initiated against the Issuer under any applicable liquidation, insolvency, bankruptcy, composition, reorganisation or other similar laws (together, “**Insolvency Law**”), or a receiver, administrative receiver, trustee, administrator, custodian, conservator, liquidator, curator, *bewindvoerder* or *vereffenaar* or other similar official (a “**Receiver**”) is appointed in relation to the Issuer or in relation to the whole or any substantial part of the undertaking or assets of the Issuer and in any of the foregoing cases, except in relation to the appointment of a Receiver, is not discharged within 30 days; or the Issuer is subject to, or initiates or consents to judicial proceedings relating to itself under any applicable Insolvency Law, or seeks the appointment of a Receiver, or makes a conveyance or assignment for the benefit of its creditors generally or otherwise becomes subject to any reorganisation or amalgamation (other than on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Controlling Class);

(vii) Illegality

it is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under the Notes; or

(viii) Investment Company Act

the Issuer or the pool of Collateral becomes required to register as an investment company under the Investment Company Act and such requirement continues for 45 days.

(b) Acceleration

- (i) If an Event of Default occurs and is continuing, the Trustee may, at its discretion and shall, at the request of the Controlling Class acting by way of Extraordinary Resolution, (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction against all liabilities, proceedings, claims and demands to which it may thereby become liable and all costs, charges and expenses which may be incurred by it in connection therewith) give notice to the Issuer and the Collateral Manager (with a copy to each Hedge Counterparty) that all the Notes are immediately due and repayable (such notice, an “**Acceleration Notice**”), whereupon the Notes shall become immediately due and repayable at their applicable Redemption Prices, provided that following an Event of Default described in paragraph (vi) of the definition thereof shall occur, an Acceleration Notice shall be deemed to have been given and all the Notes shall automatically become immediately due and payable at their applicable Redemption Prices.
- (ii) Upon any such notice being given to the Issuer in accordance with Condition 10(b)(i) (*Acceleration*), all of the Notes shall immediately become due and repayable at their applicable Redemption Prices.

(c) Curing of Default

At any time after a notice of acceleration of maturity of the Notes has been given pursuant to Condition 10(b)(i) (*Acceleration*) following the occurrence of an Event of Default (other than with respect to an Event of Default occurring under paragraph (vi) of the definition thereof where delivery of an Acceleration Notice is not required and shall be deemed to have been given) and prior to enforcement of the security pursuant to Condition 11 (*Enforcement*), the Trustee, subject to receipt of consent from the Controlling Class, may and shall, if so requested by the Controlling Class, in each

case, acting by Extraordinary Resolution, (and subject, in each case, to the Trustee being indemnified and/or secured and/or prefunded to its satisfaction against all liabilities, proceedings, claims and demands to which it may thereby become liable and all costs, charges and expenses which may be incurred by it in connection therewith) rescind and annul such notice of acceleration under paragraph (b)(i) above and its consequences if:

- (i) the Issuer has paid or deposited with the Trustee (or, if the Trustee so requests, to the Account of the Issuer from which the relevant amount at (A) to (D) below is paid) a sum sufficient to pay:
  - (A) all overdue payments of interest and principal on the Notes, other than the Subordinated Notes;
  - (B) all due but unpaid taxes owing by the Issuer, as certified by an Authorised Officer of the Issuer to the Trustee;
  - (C) all unpaid Administrative Expenses and all unpaid Trustee Fees and Expenses; and
  - (D) all amounts due and payable by the Issuer under any Currency Hedge Agreement or Interest Rate Hedge Agreement; and
- (ii) the Trustee has determined that all Events of Default, other than the non-payment of the interest in respect of, or principal of, the Notes that have become due solely as a result of the acceleration thereof under paragraph (b) above due to such Events of Default, have been cured or waived.

Any previous rescission and annulment of a notice of acceleration pursuant to this Condition 10(c) (*Curing of Default*) shall not prevent the subsequent acceleration of the Notes if the Trustee, at its discretion or, as subsequently requested, accelerates the Notes or if the Notes are automatically accelerated in accordance with paragraph (b)(i) above.

All amounts received in respect of this Condition 10(c) (*Curing of Default*) shall be distributed five Business Days following receipt by the Trustee from the Issuer of such amounts, in accordance with the Post-Acceleration Priority of Payments.

(d) Restriction on Acceleration

No acceleration of the Notes shall be permitted by any Class of Noteholders, other than the Controlling Class as provided in Condition 10(b) (*Acceleration*).

(e) Notification and Confirmation of No Default

The Issuer shall immediately notify the Trustee, the Collateral Manager, the Noteholders in accordance with Condition 16 (*Notices*) and the Rating Agencies upon becoming aware of the occurrence of an Event of Default. The Trust Deed contains provision for the Issuer to provide written confirmation to the Trustee and the Rating Agencies on an annual basis that no Event of Default has occurred and that no condition, event or act has occurred which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition could constitute an Event of Default and that no other matter which is required (pursuant thereto) to be brought to the Trustee's attention has occurred.

## 11. Enforcement

(a) Security Becoming Enforceable

Subject as provided in paragraph (b) below, the security constituted by the Trust Deed over the Collateral shall become enforceable upon an acceleration of the maturity of the Notes pursuant to Condition 10(b) (*Acceleration*).

(b) Enforcement

The Trustee may, at its discretion (but subject always to Condition 4(c) (*Limited Recourse and Non-Petition*) and Condition 11(a) (*Security Becoming Enforceable*)) and shall, if so directed by the Controlling Class acting by Ordinary Resolution (subject as provided in Condition 11(b)(ii))

(*Enforcement*)), institute such proceedings or take any other action against the Issuer as it may think fit to enforce the terms of the Trust Deed and the Notes and pursuant and subject to the terms of the Trust Deed and the Notes, realise and/or otherwise liquidate or sell the Collateral in whole or in part and/or take such other action as may be permitted under applicable laws against any Obligor in respect of the Collateral and/or take any other action to enforce or realise the security over the Collateral in accordance with the Trust Deed (such actions together, “**Enforcement Actions**”), in each case without any liability as to the consequence of such action and without having regard (save to the extent provided in Condition 14(e) (*Entitlement of the Trustee and Conflicts of Interest*)) to the effect of such action on individual Noteholders of any Class or any other Secured Party provided however that:

(i) no such Enforcement Action may be taken by the Trustee unless:

(A) the Trustee (or an agent or Appointee (which may be the Collateral Manager) on its behalf (an “**Enforcement Agent**”)) determines, subject to consultation by the Trustee or the Enforcement Agent with the Collateral Manager (unless the Collateral Manager is the Enforcement Agent), that the anticipated proceeds realised from such Enforcement Action (after deducting any expenses properly incurred in connection therewith) would be sufficient to discharge in full all amounts due and payable in respect of all Classes of Notes (including, without limitation, Deferred Interest on the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes) other than the Subordinated Notes and all amounts payable in priority to the Subordinated Noteholders pursuant to the Post-Acceleration Priority of Payments (such amount the “**Enforcement Threshold**” and such determination being an “**Enforcement Threshold Determination**”) and the Controlling Class agrees with such determination by an Extraordinary Resolution, subject to such consultation by the Trustee with the Collateral Manager as the Trustee considers reasonably practicable, provided that the Trustee shall always consult the Collateral Manager (in which case the Enforcement Threshold will be met); or

(B) if the Enforcement Threshold will not have been met, then:

(1) in the case of an Event of Default specified in sub-paragraph (i), (ii) or (iv) of Condition 10(a) (*Events of Default*), the Controlling Class directs the Trustee, by Extraordinary Resolution, to take Enforcement Action without regard to any other Event of Default which has occurred prior to, contemporaneously or subsequent to such Event of Default; or

(2) in the case of any other Event of Default, the Noteholders of each Class of Rated Notes direct the Trustee, by Extraordinary Resolution, to take Enforcement Action;

(ii) the Trustee shall not be bound to institute any Enforcement Action or take any other action unless it is directed to do so by the Controlling Class acting by Extraordinary Resolution or, in the case of Condition 11(b)(i)(B)(2) (*Enforcement*), each Class of Rated Notes acting by Extraordinary Resolution, in each case so directs the Trustee and, in each case, the Trustee is indemnified and/or secured and/or prefunded to its satisfaction against all liabilities to which it may thereby become liable or which may be incurred by it in connection therewith. Following redemption and payment in full of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes, the Trustee shall (provided it is indemnified and/or secured and/or prefunded to its satisfaction against all liabilities to which it may thereby become liable or which may be incurred by it in connection therewith) act upon the directions of the Subordinated Noteholders acting by Extraordinary Resolution; and

(iii) the Trustee or any Enforcement Agent shall use reasonable efforts to determine the aggregate proceeds that can be realised pursuant to any Enforcement Action. For the purposes of determining the aggregate proceeds that can be realised pursuant to any Enforcement Action the Trustee or any Enforcement Agent shall use reasonable efforts to obtain, with the cooperation of the Collateral Manager (unless the Collateral Manager is the Enforcement Agent), bid prices with respect to each asset comprising the Portfolio from two recognised dealers (as specified by the Collateral Manager in writing) at the time making a market therein and shall compute the anticipated proceeds of sale or liquidation on the basis of the lower of such bid prices for each such asset. In the event that the Trustee or any Enforcement Agent, with the cooperation of the Collateral Manager (unless the Collateral Manager is the Enforcement Agent), is only able to obtain bid prices with respect to an

asset from one recognised dealer at the time making a market therein, the Trustee or any Enforcement Agent shall compute the anticipated proceeds of sale or liquidation on the basis of such one bid price. In addition, for the purposes of determining issues relating to the execution of a sale or liquidation of the Portfolio and whether the Enforcement Threshold will be met, the Trustee or any Enforcement Agent may appoint an independent investment banking firm or other appropriate advisor to advise it and may obtain and rely on an opinion and/or advice of such independent investment banking firm or other appropriate advisor (the cost of which shall be payable as Trustee Fees and Expenses).

The Trustee shall notify the Noteholders, the Issuer, the Agents, each Hedge Counterparty, the Collateral Manager and the Rating Agencies in the event that it or any Enforcement Agent makes an Enforcement Threshold Determination at any time or takes any Enforcement Action at any time (such notice an “**Enforcement Notice**”).

Following the delivery of an Acceleration Notice which has not been rescinded and annulled in accordance with Condition 10(c) (*Curing of Default*) or, as the case may be following automatic acceleration of the Notes or pursuant to an Optional Redemption in whole in accordance with Condition 7(b) (*Optional Redemption*) or 7(g) (*Redemption following Note Tax Event*), Interest Proceeds, Principal Proceeds and the net proceeds of enforcement of the security over the Collateral (other than with respect to any Counterparty Downgrade Collateral which is or may be required to be paid or returned to a Hedge Counterparty outside the Priorities of Payments in accordance with the Hedge Agreement and these Conditions and other than amounts standing to the credit of the Currency Accounts which represent Sale Proceeds, prepayments or redemptions (in each case excluding amounts representing Scheduled Periodic Hedge Issuer Payments) in respect of Non-Euro Obligations sold subject to and in accordance with the terms of a Currency Hedge Transaction and any cash received in respect of Swap Tax Credits which in each case shall be paid to the relevant Hedge Counterparty in accordance with the terms thereof outside the Priorities of Payments) shall be credited to the Payment Account and shall be distributed in accordance with the following order of priority but in each case only to the extent that all payments of a higher priority have been made in full (the “**Post-Acceleration Priority of Payments**”):

- (A) other than following enforcement of the security constituted by the Trust Deed, to the payment of taxes owing by the Issuer accrued in respect of the related Due Period (other than Dutch corporate income tax in relation to the Issuer Profit Amount referred to below), as certified by an Authorised Officer of the Issuer to the Trustee, if any (save for any VAT or any other tax payable in respect of any Collateral Management Fee or any other tax payable in relation to any amount payable to the Secured Parties or any other persons in accordance with the following paragraphs), and to the payment of the Issuer Profit Amount to be retained by the Issuer, for deposit into the Issuer Dutch Account from time to time;
- (B) to the payment of accrued and unpaid Trustee Fees and Expenses up to an amount equal to the Senior Expenses Cap in respect of the related Due Period, provided that the Senior Expenses Cap shall not apply to any Trustee Fees and Expenses incurred at any time that an Event of Default has occurred and is continuing;
- (C) to the payment of Administrative Expenses in the order of priority stated in the definition thereof (including from any Balance then outstanding on the Expense Reserve Account) up to an amount equal to the Senior Expenses Cap in respect of the related Due Period less any amounts paid pursuant to paragraph (B) above, provided that the Senior Expenses Cap shall not apply to any Administrative Expenses incurred at any time that an Event of Default has occurred and is continuing;
- (D) to the payment:
  - (1) *firstly*, to the Collateral Manager of the Senior Collateral Management Fee (save for any Deferred Senior Collateral Management Amounts which shall not be paid pursuant to this paragraph) due and payable and any VAT in respect thereof (whether payable to the Collateral Manager or directly to the relevant taxing authority); and
  - (2) *secondly*, to the Collateral Manager of any Senior Collateral Management Fees (save for any Deferred Senior Collateral Management Amounts which shall not be paid pursuant to

this paragraph) previously due and unpaid and any VAT in respect thereof (whether payable to the Collateral Manager or directly to the relevant taxing authority);

- (E) to the payment on a *pro rata* basis, of any Scheduled Periodic Hedge Issuer Payments and Hedge Issuer Termination Payments (other than Defaulted Hedge Termination Payments) and to the extent not previously paid out of the Currency Accounts, the relevant Counterparty Downgrade Collateral Account, Hedge Account or Interest Account;
- (F) to the payment on a *pro rata* basis of all Interest Amounts due and payable on the Class A Notes;
- (G) to the redemption on a *pro rata* basis of the Class A Notes, until the Class A Notes have been redeemed in full;
- (H) to the payment on a *pro rata* and *pari passu* basis of all Interest Amounts due and payable on the Class B Notes (where the Class B-1 Notes and the Class B-2 Notes shall be treated as a single Class);
- (I) to the redemption on a *pro rata* and *pari passu* basis of the Class B Notes (where the Class B-1 Notes and the Class B-2 Notes shall be treated as a single Class), until the Class B Notes have been redeemed in full;
- (J) to the payment on a *pro rata* basis of the Interest Amounts (excluding any Deferred Interest, but including interest on Deferred Interest) due and payable on the Class C Notes;
- (K) to the payment on a *pro rata* basis of any Deferred Interest on the Class C Notes;
- (L) to the redemption on a *pro rata* basis of the Class C Notes, until the Class C Notes have been redeemed in full;
- (M) to the payment on a *pro rata* basis of the Interest Amounts (excluding any Deferred Interest, but including interest on Deferred Interest) due and payable on the Class D Notes;
- (N) to the payment on a *pro rata* basis of any Deferred Interest on the Class D Notes;
- (O) to the redemption on a *pro rata* basis of the Class D Notes, until the Class D Notes have been redeemed in full;
- (P) to the payment on a *pro rata* basis of the Interest Amounts (excluding any Deferred Interest, but including interest on Deferred Interest) due and payable on the Class E Notes;
- (Q) to the payment on a *pro rata* basis of any Deferred Interest on the Class E Notes;
- (R) to the redemption on a *pro rata* basis of the Class E Notes, until the Class E Notes have been redeemed in full;
- (S) to the payment on a *pro rata* basis of the Interest Amounts (excluding any Deferred Interest, but including interest on Deferred Interest) due and payable on the Class F Notes;
- (T) to the payment on a *pro rata* basis of any Deferred Interest on the Class F Notes;
- (U) to the redemption on a *pro rata* basis of the Class F Notes, until the Class F Notes have been redeemed in full;
- (V) to the payment:
  - (1) *firstly*, to the Collateral Manager of the Subordinated Collateral Management Fee (save for any Deferred Subordinated Collateral Management Amounts which shall not be paid pursuant to this paragraph) due and payable and any VAT in respect thereof (whether payable to the Collateral Manager or directly to the relevant taxing authority);
  - (2) *secondly*, to the Collateral Manager of any Subordinated Collateral Management Fees (save for any Deferred Subordinated Collateral Management Amounts which shall not be

paid pursuant to this paragraph) previously due and unpaid and any VAT in respect thereof (whether payable to the Collateral Manager or directly to the relevant taxing authority); and

- (3) *thirdly*, to the Collateral Manager in payment of any Deferred Senior Collateral Management Amounts and Deferred Subordinated Collateral Management Amounts;
- (W) to the payment of Trustee Fees and Expenses not paid by reason of the Senior Expenses Cap (if any);
- (X) to the payment of Administrative Expenses not paid by reason of the Senior Expenses Cap (if any), in relation to each item thereof, in the order of priority set out in the definitions thereof;
- (Y) to the payment on a *pro rata* and *pari passu* basis of any Defaulted Hedge Termination Payments due to any Hedge Counterparty (to the extent not previously paid out in accordance with (E) above);
- (Z) to any Reinvesting Noteholder (whether or not any applicable Reinvesting Noteholder continues on the date of such payment to hold all or any portion of such Subordinated Notes) of any Reinvestment Amounts contributed and not previously paid pursuant to this paragraph (Z) or paragraph (S) of the Principal Proceeds Priorities of Payments; and
- (AA)
  - (1) if the Incentive Management Fee IRR Threshold has not been reached, any remaining amounts to the payment on the Subordinated Notes on a *pro rata basis* (determined upon redemption in full thereof by reference to the proportion that the principal amount of the Subordinated Notes held by Subordinated Noteholders bore to the Principal Amount Outstanding of the Subordinated Notes immediately prior to such redemption), until the Incentive Management Fee IRR Threshold is reached; and
  - (2) if, after taking into account all prior distributions to Subordinated Noteholders and any distributions to be made to Subordinated Noteholders on such Payment Date including pursuant to paragraph (1) above, paragraph (CC) of the Interest Proceeds Priority of Payments and paragraph (T) of the Principal Proceeds Priority of Payments, the Incentive Management Fee IRR Threshold has been reached (on or prior to such Payment Date):
    - (a) 20 per cent. of any remaining Interest Proceeds and Principal Proceeds, to the payment to the Collateral Manager as an Incentive Management Fee;
    - (b) any VAT on the fee referred to in paragraph (a) above, (whether payable to the Collateral Manager or directly to the relevant tax authority); and
    - (c) any remaining Interest Proceeds and Principal Proceeds after payment of the Incentive Management Fee and any VAT thereon pursuant to paragraphs (a) and (b) above, to the payment on the Subordinated Notes on a *pro rata basis* (determined upon redemption in full thereof by reference to the proportion that the principal amount of the Subordinated Notes held by Subordinated Noteholders bore to the Principal Amount Outstanding of the Subordinated Notes and immediately prior to such redemption).

Where the payment of any amount in accordance with the Priorities of Payments set out above is subject to any deduction or withholding for or on account of any tax or any other tax is payable by or on behalf of the Issuer in respect of any such amount, payment of the amounts so deducted or withheld or of the tax so due shall be made to the relevant taxing authority *pari passu* with and, so far as possible, at the same time as the payment of the amount in respect of which the relevant deduction or withholding or other liability to tax has arisen.

(c) Only Trustee to Act

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Noteholders or, in respect of the Collateral, of any of the other Secured Parties under the Trust Deed, and the Notes and no Noteholder or other Secured Party may proceed directly against the Issuer or any

of its assets unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails or neglects to do so for at least 30 days following receipt of notice by the Trustee.

(d) Purchase of Collateral by Noteholders or the Collateral Manager

Upon any sale of any part of the Collateral following the acceleration of the Notes pursuant to and in accordance with Condition 10(b) (*Acceleration*), whether made under the power of sale under the Trust Deed or by virtue of judicial proceedings, any Noteholder, the Collateral Manager or any of the respective Affiliates may (but shall not be obliged to) bid for and purchase the Collateral or any part thereof and, upon compliance with the terms of sale, may hold, retain, possess or dispose of such property in its or their own absolute right without accountability. In addition, any purchaser in any such sale which is a Noteholder may deliver Notes held by it in place of payment of the purchase price for such Collateral where the amount payable to such Noteholder in respect of such Notes pursuant to the Priorities of Payments, had the purchase price been paid in cash, is equal to or exceeds such purchase price.

## 12. Prescription

Claims in respect of principal and interest payable on redemption in full of the relevant Notes will become void unless presentation for payment is made as required by Condition 7 (*Redemption and Purchase*) within a period of five years, in the case of interest, and ten years, in the case of principal, from the date on which payment in respect of such Notes is received by the applicable Paying Agent.

## 13. Replacement of Notes

If any Note is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Registrar, subject in each case to all applicable laws and Irish Stock Exchange requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may require (provided that the requirement is reasonable in the light of prevailing market practice). Mutilated or defaced Notes must be surrendered before replacements will be issued.

## 14. Meetings of Noteholders, Modification, Waiver and Substitution

(a) Provisions in Trust Deed

The Trust Deed contains provisions for convening meetings of the Noteholders of each Class (and for passing Written Resolutions) to consider matters affecting the interests of the Noteholders including, without limitation, modifying or waiving certain of the provisions of these Conditions and the substitution of the Issuer in certain circumstances. The provisions in this Condition 14 (*Meetings of Noteholders, Modification, Waiver and Substitution*) are descriptive of the detailed provisions of the Trust Deed.

(b) Decisions and Meetings of Noteholders

(i) General

Decisions may be taken by Noteholders by way of Ordinary Resolution, Extraordinary Resolution or Written Resolution, in each case, of each Class (subject as provided in the next paragraph) or, to the extent specified in any applicable Transaction Document or these Conditions, by a Class of Noteholders acting independently. Ordinary and Extraordinary Resolutions can be effected either at a duly convened meeting of the applicable Noteholders or by the applicable Noteholders resolving in writing, in each case, in at least the minimum percentages specified in the table “**Minimum Percentage Voting Requirements**” in paragraph (iii) below. Meetings of the Noteholders may be convened by the Issuer, the Trustee or by one or more Noteholders holding not less than 10 per cent. in Principal Amount Outstanding of a particular Class, subject to certain conditions including minimum notice periods. Where decisions are required to be taken by a Written Resolution of a Class or Classes under the Trust Deed or these Conditions, such decision may only be made in accordance with Condition 14(b)(iv) (*Written Resolutions*) below.

The Trustee may, in its discretion, determine that any proposed Ordinary Resolution or Extraordinary Resolution affects the holders of only one or more (but not all) Classes of Notes, in

which event a meeting only of each affected Class will be required and the required quorum and minimum percentage voting requirements of such Ordinary Resolution or Extraordinary Resolution may be determined by reference only to the holders of that Class or Classes of Notes and not the holders of any other Notes as set forth in the tables below.

Notice of any Resolution passed by the Noteholders will be given to each of the Rating Agencies.

(ii) Quorum

The quorum required for any meeting convened to consider an Ordinary Resolution or Extraordinary Resolution, in each case, of all the Noteholders or of any Class or Classes of Noteholders, or at any adjourned meeting to consider such a Resolution, shall be as set out in the relevant column and row corresponding to the type of resolution in the table “Quorum Requirements” below.

**Quorum Requirements**

Type of Resolution	Any meeting other than a meeting adjourned for want of quorum	Meeting previously adjourned for want of quorum
Extraordinary Resolution of Noteholders	One or more persons holding or representing not less than $66\frac{2}{3}$ per cent. of the aggregate Principal Amount Outstanding of the Notes	One or more persons holding or representing not less than 25 per cent. of the aggregate Principal Amount Outstanding of the Notes
Ordinary Resolution of Noteholders	One or more persons holding or representing more than 50 per cent. of the aggregate Principal Amount Outstanding of the Notes	One or more persons holding or representing not less than 25 per cent. of the aggregate Principal Amount Outstanding of Notes

The Trust Deed does not contain any provision for higher quorums in any circumstances.

(iii) Minimum Voting Rights

Set out in the table “*Minimum Percentage Voting Requirements*” below are the minimum percentages required to pass the Resolutions specified in such table which, (A) in the event that such Resolution is being considered at a duly convened meeting of Noteholders, shall be determined by reference to the percentage which the aggregate Principal Amount Outstanding of Notes held or represented by any person or persons who vote in favour of such Resolution represents of the aggregate Principal Amount Outstanding of all applicable Notes which are represented at such meeting and are voted or, (B) in the case of any Written Resolution or Electronic Resolution, shall be determined by reference to the percentage which the aggregate Principal Amount Outstanding of Notes entitled to be voted in respect of such Written Resolution or Electronic Resolution and which are voted in favour thereof represent of the aggregate Principal Amount Outstanding of all the Notes entitled to vote in respect of such Written Resolution or Electronic Resolution.

**Minimum Percentage Voting Requirements**

Type of Resolution	Per cent.
Extraordinary Resolution of Noteholders	At least $66\frac{2}{3}$ per cent.
Ordinary Resolution of Noteholders	More than 50 per cent.

For the purposes of determining voting rights attributable to the Notes and the applicable quorum at any meeting of the Noteholders pursuant to this Condition 14 (*Meetings of Noteholders, Modification, Waiver and Substitution*), the Class B-1 Notes and the Class B-2 Notes shall together

be deemed to constitute a single Class in respect of any voting rights specifically granted to them including as the Controlling Class.

(iv) Written Resolutions

Any Written Resolution may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the relevant Noteholders and the date of such Written Resolution shall be the date on which the latest such document is signed. Any Extraordinary Resolution or Ordinary Resolution may be passed by way of a Written Resolution.

(v) Electronic Resolutions

The Trust Deed provides that any Extraordinary Resolution or Ordinary Resolution (including where passed by a Written Resolution) may be passed by way of consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of the relevant number of required Noteholders for such Extraordinary Resolution or Ordinary Resolution (as applicable).

(vi) All Resolutions Binding

Subject to Condition 14(b)(ix) (*Matters affecting a certain Class of Notes*) and in accordance with the Trust Deed, any Resolution of the Noteholders (including any resolution of a specified Class or Classes of Noteholders, where the resolution of one or more other Classes is not required) duly passed shall be binding on all Noteholders (regardless of Class and regardless of whether or not a Noteholder was present at any meeting at which such Resolution was passed).

(vii) Extraordinary Resolution

Any Resolution to sanction any of the following items (each a “**Basic Terms Modification**”) will be required to be passed by an Extraordinary Resolution (in each case, subject to anything else contemplated in the Trust Deed, the Collateral Management and Administration Agreement or the relevant Transaction Document, as applicable):

- (A) the exchange or substitution for the Notes of a Class, or the conversion of the Notes of a Class into, shares, bonds or other obligations or securities of the Issuer or any other entity, save for a Refinancing;
- (B) the modification of any provision relating to the timing and/or circumstances of the payment of interest or redemption of the Notes of a Class at maturity or otherwise (including the circumstances in which the maturity of such Notes may be accelerated), other than in relation to a Refinancing;
- (C) the modification of any of the provisions of the Trust Deed which would directly and adversely affect the calculation of the amount of any payment of interest or principal on any Note;
- (D) the adjustment of the outstanding principal amount of the Notes Outstanding of the relevant Class other than in connection with a further issue of Notes pursuant to Condition 17 (*Additional Issuances*);
- (E) a change in the currency of payment of the Notes of a Class;
- (F) any change in the Priorities of Payments or of any payment items in the Priorities of Payments;
- (G) the modification of the provisions concerning the quorum required at any meeting of Noteholders or the minimum percentage required to pass a Resolution or any other provision of these Conditions which requires the written consent of the holders of a requisite Principal Amount Outstanding of the Notes of any Class Outstanding;
- (H) any modification of any Transaction Document having a material adverse effect on the security over the Collateral constituted by the Trust Deed;

(I) any item requiring approval by Extraordinary Resolution pursuant to these Conditions or any Transaction Document; and

(J) any modification of this Condition 14(b) (*Decisions and Meetings of Noteholders*).

(viii) Ordinary Resolution

Any meeting of the Noteholders shall, subject to these Conditions and the Trust Deed, have power by Ordinary Resolution to approve any other matter relating to the Notes not referred to in paragraph (vii) (*Extraordinary Resolution*) above.

(ix) Matters affecting a certain Class of Notes

Without prejudice to the second paragraph of Condition 14(b)(i) (*General*) above, if and for so long as any Notes of more than one Class are Outstanding:

(A) subject to paragraphs (C) and (D) below, a Resolution which in the opinion of the Trustee affects only the Notes of a Class or Classes (the “**Affected Class(es)**”), but not another Class or Classes, as the case may be, shall be duly passed if passed at a meeting or meetings of the holders of the Notes of the Affected Class(es) or by Written Resolution or Electronic Resolution of the Affected Class(es), and such Resolution shall be binding on all the Noteholders, including the holders of Notes which are not an Affected Class;

(B) subject to paragraphs (C) and (D) below, a Resolution which in the opinion of the Trustee affects the Notes of each Class shall be duly passed only if passed at separate meetings of the Noteholders of each Class or by separate Written Resolutions or Electronic Resolutions of each Class;

(C) a Resolution passed by the Controlling Class to exercise any rights granted to them pursuant to these Conditions or any Transaction Document shall be duly passed if passed either at a meeting of the Controlling Class or by Written Resolution or Electronic Resolution of the Controlling Class and such Resolution shall be binding on all the Noteholders; and

(D) a Resolution passed by the Subordinated Noteholders to exercise the rights granted to them pursuant to these Conditions or any Transaction Document shall be passed if passed either at a meeting of the Subordinated Noteholders or by Written Resolution or Electronic Resolution and such resolution shall be binding on all of the Noteholders.

(x) No Voting Rights

Notes held in the form of CM Non-Voting Exchangeable Notes or CM Non-Voting Notes shall not constitute or form part of the Controlling Class, shall not have any voting rights with respect to, and shall not be counted for the purposes of determining a quorum and the results of voting: (i) on any CM Removal Resolution; (ii) on any CM Replacement Resolution; or (iii) in respect of any assignment or delegation of any of the Collateral Manager’s rights or obligations under the Collateral Management and Administration Agreement. No Collateral Manager Notes shall be entitled to vote or be counted for the purposes of determining a quorum and the results of voting: (i) on any CM Removal Resolution; or (ii) in respect of any assignment or delegation of any of the Collateral Manager’s rights or obligations under the Collateral Management and Administration Agreement. No Collateral Manager Notes shall be entitled to vote in respect of any CM Replacement for Cause Resolution or be counted for the purposes of determining a quorum or the result of voting in respect of such CM Replacement for Cause Resolution.

(c) Modification, Waiver and Authorisation

The Trust Deed provides that, without the consent of the Noteholders (other than as provided in paragraphs (xi), (xvi) and (xx) below), the Issuer may amend, modify, supplement and/or request that the Trustee waives or authorises any breach or proposed breach of the relevant provisions of the Trust Deed and/or the Collateral Management and Administration Agreement and/or any other Transaction Document (subject to the consent of the other parties thereto) (and other than any such amendment, modification, supplement, waiver and/or authorisation that has the effect of sanctioning a Basic Terms Modification), and the Trustee shall consent to (without the consent of Noteholders (other than as

provided in paragraphs (xi), (xvi) and (xx) below) such amendment, modification, supplement, waiver or authorisation, for any of the purposes set out in paragraphs (i) to (xxxiii) below.

The purposes for which the Issuer may amend, modify, supplement, waive and/or authorise any breach or proposed breach of the relevant provisions of the Trust Deed and/or the Collateral Management and Administration Agreement and/or any other Transaction Document without the consent of the Noteholders (other than as provided in paragraphs (xi), (xvi) and (xx) below) in accordance with the preceding paragraph are as follows:

- (i) to add to the covenants of the Issuer or the Trustee for the benefit of the Noteholders or to surrender any right or power conferred upon the Issuer by the Trust Deed;
- (ii) to charge, convey, transfer, assign, mortgage or pledge any property to or with the Trustee;
- (iii) to correct or amplify the description of any property at any time subject to the security of the Trust Deed, or to better assure, convey and confirm unto the Trustee any property subject or required to be subject to the security of the Trust Deed (including, without limitation, any and all actions necessary or desirable as a result of changes in law or regulations) or subject to the security of the Trust Deed any additional property;
- (iv) to evidence and provide for the acceptance of appointment under the Trust Deed by a successor Trustee subject to and in accordance with the terms of the Trust Deed and to add to or change any of the provisions of the Trust Deed as shall be necessary to facilitate the administration of the trusts under the Trust Deed by more than one Trustee, pursuant to the requirements of the relevant provisions of the Trust Deed;
- (v) to make such changes (including the removal and appointment of any listing agent in Ireland) as shall be necessary or advisable in order for the Notes of each Class to be (or to remain) listed on the Global Exchange Market (the unregulated market of the Irish Stock Exchange) or the Main Securities Market (the regulated market of the Irish Stock Exchange) or any other exchange;
- (vi) subject to Rating Agency Confirmation (other than to the extent otherwise permitted pursuant to Condition 14(c)(xxi) below and unless any such amended or modified Hedge Agreement constitutes a Form Approved Hedge), to amend, modify, enter into or accommodate the execution of any Hedge Agreement upon terms satisfactory to the Collateral Manager;
- (vii) save as contemplated in Condition 14(d) (*Substitution*) below, to take any action advisable to prevent the Issuer or the Noteholders from becoming subject to (or otherwise reduce) withholding or other taxes, fees or assessments, including by complying with FATCA;
- (viii) to take any action advisable to prevent the Issuer from being treated as resident in the UK for UK tax purposes, as trading in the UK for UK tax purposes, as having a permanent establishment in the UK for UK tax purposes or as subject to UK VAT in respect of any Collateral Management Fees;
- (ix) to take any action advisable to prevent the Issuer from being treated as resident in Denmark for Danish tax purposes, inclusive of preventing conducting effective management and control in Denmark, preventing having a permanent establishment in Denmark for Danish tax purposes and preventing having fixed establishment resulting in imposing Danish VAT on any Collateral Management Fees;
- (x) to take any action advisable to prevent the Issuer from being either (A) treated as engaged in a trade or business in the United States or (B) otherwise subject to U.S. federal, state or local income tax on a net income basis;
- (xi) subject to Rating Agency Confirmation to enter into any additional agreements not expressly prohibited by the Trust Deed or the Collateral Management and Administration Agreement (as applicable) as well as any amendment, modification or waiver of such additional agreements if an officer or director of the Issuer certifies to the Trustee (upon which certification the Trustee shall be entitled to rely absolutely and without further enquiry or liability) that such entry, amendment, modification or waiver would not, upon or after becoming effective, materially and adversely affect the rights or interests of Noteholders of any Class of Notes; in each case provided that

- (x) any such additional agreements include customary limited recourse and non-petition provisions and (y) the consent of the Controlling Class acting by Ordinary Resolution has been obtained;
- (xii) to make any other modification of any of the provisions of the Trust Deed, the Collateral Management and Administration Agreement or any other Transaction Document which, in the opinion of the Trustee, is of a formal, minor or technical nature or is made to correct a manifest error;
- (xiii) to make any other modification (save as otherwise provided in the Trust Deed, the Collateral Management and Administration Agreement or the relevant Transaction Document), and/or give any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed or any other Transaction Document which in the opinion of the Trustee is not materially prejudicial to the interests of the Noteholders of any Class;
- (xiv) to amend the name of the Issuer in connection with the change in name or identity of the Collateral Manager or as otherwise required pursuant to a contractual obligation or to avoid the use of a trade name or trademark in respect of which the Issuer does not have a licence;
- (xv) to modify or amend any components of the Moody's Test Matrix, the S&P CDO SDR or the S&P Matrix (subject to receipt of a Rating Agency Confirmation from the relevant Rating Agency) in order that they may be consistent with the criteria of the Rating Agencies (provided that any such modifications or amendments required to be made in order to reflect changes in the methodology applied by Rating Agencies and expressly required for such purpose by each applicable Rating Agency shall not require Rating Agency Confirmation);
- (xvi) to (A) modify or amend any components of the Portfolio Profile Tests, the Collateral Quality Tests or the Reinvestment Overcollateralisation Test and the definitions related thereto which affect the calculation thereof, or (B) modify the definition of "Credit Improved Obligation", "Credit Risk Obligation", "Defaulted Obligation" or "Equity Security", the restrictions on the sales of Collateral Obligations or the Eligibility Criteria or Restructured Obligation Criteria set forth in the Collateral Management and Administration Agreement, in each case, provided that (I) an officer of the Collateral Manager has certified to the Trustee that such modification or amendment would not materially adversely affect the interests of Noteholders of any Class of Notes (upon which certificate the Trustee shall be entitled to rely absolutely and without further enquiry or liability), (II) Rating Agency Confirmation has been obtained from the Rating Agencies then rating the Rated Notes, (III) the consent of the Noteholders of each Class of Rated Notes (voting separately) acting by Ordinary Resolution has been obtained, and (IV) the consent of the Subordinated Noteholders acting by Ordinary Resolution has been obtained (provided that any such modification or amendment to the Collateral Quality Tests required to be made in order to reflect changes in the methodology applied by the Rating Agencies and expressly required for such purpose by each applicable Rating Agency shall not require Rating Agency Confirmation, the consent of the Controlling Class or the consent of the Subordinated Noteholders);
- (xvii) to make any changes necessary (x) to reflect any additional issuances of Notes effected pursuant to Condition 17 (*Additional Issuances*) or (y) to issue any replacement notes in accordance with Condition 7(b)(v) (*Optional Redemption effected in Whole or in Part through Refinancing*);
- (xviii) to conform the provisions of the Trust Deed or any other Transaction Document to the Offering Circular;
- (xix) to modify the Transaction Documents in order to comply with Rule 17g-5 of the Exchange Act;
- (xx) to modify the terms of the Transaction Documents in order that they may be consistent with the criteria of the Rating Agencies, including to address any change in the rating methodology employed by either Rating Agency, in a manner that an officer of the Collateral Manager certifies to the Trustee (upon which certification the Trustee shall be entitled to rely absolutely and without further enquiry or liability) would not materially adversely affect the interests of the Noteholders of the Notes of any Class and with respect to which (x) a Rating Agency Confirmation (or such other confirmation as the relevant Rating Agency is willing to provide from time to time that such modifications will not result in the reduction or withdrawal of any of the ratings currently assigned to the Rated Notes by such Rating Agency) has been obtained from each Rating Agency then

rating the Rated Notes in respect of the Rated Notes and (y) the consent of the Controlling Class acting by Ordinary Resolution has been obtained;

- (xxi) to modify the terms of the Transaction Documents and/or the Conditions in order to enable the parties to such Transaction Document to comply with any requirements which apply to it under EMIR and/or the Dodd-Frank Act and/or any requirements of the CFTC, subject, in each case, to receipt by the Trustee of a certificate of any relevant party certifying to the Trustee (upon which certificate the Trustee shall be entitled to rely absolutely and without further enquiry or liability) that the requested amendments are to be made solely for the purpose of enabling such party to satisfy its requirements under EMIR and/or the Dodd-Frank Act and/or any requirements of the CFTC, as applicable;
- (xxii) to accommodate the settlement of the Notes in book-entry form through the facilities of Euroclear, Clearstream, Luxembourg or otherwise;
- (xxiii) to add to the conditions, limitations or restrictions on the authorised amount, terms and purposes of the issue, authentication and delivery of the Notes;
- (xxiv) to modify the restrictions on and procedures for resales and other transfers of Notes to reflect any changes in ERISA or other applicable law or regulation (or the interpretation thereof), to enable the Issuer to rely upon any exemption from registration under the Securities Act or the Investment Company Act or to remove restrictions on resale and transfer to the extent not required thereunder;
- (xxv) to make any modification of any of the provisions of the Trust Deed, the Collateral Management and Administration Agreement or any other Transaction Document to comply with changes in the EU Retention Requirements or the U.S. Risk Retention Rules or to comply with any other risk retention legislation, regulations or official guidance, including the UCITS Directive and the Securitisation Regulation;
- (xxvi) to make any modification of any of the provisions of the Trust Deed, the Collateral Management and Administration Agreement or any other Transaction Document to comply with CRA3 or any amending regulation or legislation in relation thereto, including any implementing regulation, technical standards and guidance related thereto;
- (xxvii) to make any modification of any of the provisions of the Trust Deed, the Collateral Management and Administration Agreement or any Transaction Document to comply with AIFMD or the implementation of the implementing technical standards relating thereto or any subsequent legislation or official guidance relating to AIFMs;
- (xxviii) to make any modification of any of the provisions of the Trust Deed, the Collateral Management and Administration Agreement or any Transaction Document to comply with the Securitisation Regulation or the implementation of the implementing regulation, technical standards relating thereto or any subsequent legislation or official guidance relating thereto;
- (xxix) to make any modification of any provisions of the Trust Deed, the Collateral Management and Administration Agreement or any other Transaction Document to comply with any automatic exchange of information obligations, including in relation to FATCA or CRS;
- (xxx) to make any modification of any of the provisions of the Trust Deed, the Collateral Management and Administration Agreement or any Transaction Document to comply with Directive 2014/65/EU on markets in financial instruments, Regulation (EU) No 600/2014 on markets in financial instruments or any amending regulation or legislation in relation thereto, including any implementing technical standards and guidance related thereto;
- (xxxi) to make such changes as shall be necessary to facilitate the Issuer to effect a Refinancing in part in accordance with Condition 7(b)(v) (*Optional Redemption effected in Whole or in Part through Refinancing*);
- (xxxii) to make any modification of any of the provisions of the Trust Deed, the Collateral Management and Administration Agreement or any Transaction Document to facilitate the transfer of any Hedge Agreement to a replacement counterparty or the roles of any Agent to a replacement agent, in each case in circumstances where such Hedge Counterparty or Agent does not satisfy the

applicable Rating Requirement and subject to such replacement counterparty or agent (as applicable) satisfying the applicable requirements in the Transaction Documents; and

(xxxiii) to amend, modify or otherwise accommodate changes to the Transaction Documents relating to the administrative procedures for reaffirmation of ratings on the Notes.

Any such amendment, modification, supplement, authorisation or waiver shall be binding upon the Noteholders and shall be notified by the Issuer as soon as practicable following the execution of any supplemental trust deed or any other amendment, modification, supplement, authorisation or waiver pursuant to this Condition 14(c) (*Modification, Waiver and Authorisation*) to the Collateral Manager, the Initial Purchaser, the Hedge Counterparties, the Rating Agencies and the Noteholders.

Notwithstanding anything to the contrary herein or in the Trust Deed, the Issuer shall not agree to amend, modify or supplement any provisions of the Transaction Documents if such change shall have a material adverse effect on the rights or obligations of a Hedge Counterparty without that Hedge Counterparty's prior written consent if and for so long as any Transactions (as defined in the relevant Hedge Agreement) between such Hedge Counterparty and the Issuer remain outstanding.

To the extent required pursuant to a Hedge Agreement, the Issuer shall notify each Hedge Counterparty of any proposed amendment to any provisions of the Transaction Documents and seek the prior consent of such Hedge Counterparty in respect thereof, in each case to the extent required in accordance with and subject to the terms of the relevant Hedge Agreement. For the avoidance of doubt, such notice shall only be given and such consent shall only be sought to the extent required above or in accordance with and subject to the terms of the relevant Hedge Agreement. If a Hedge Agreement allows a certain period for the relevant Hedge Counterparty to consider and respond to such a consent request, during such period and pending a response from the relevant Hedge Counterparty, the Issuer shall not make any such proposed amendment.

For the avoidance of doubt, the Trustee shall, without the consent or sanction of any of the Noteholders or any other Secured Party, concur with the Issuer, in making any modification, amendment, waiver, supplement or authorisation which the Issuer certifies to the Trustee (upon which certification the Trustee shall be entitled to rely absolutely and without further enquiry or liability) is required pursuant to the paragraphs above (other than a modification, amendment, waiver, supplement or authorisation pursuant to paragraphs (xii) or (xiii) above in which the Trustee may, without the consent or sanction of any of the Noteholders or any other Secured Party, concur with the Issuer) to the Transaction Documents and without regard as to whether such modification, amendment, waiver, supplement or authorisation may be prejudicial to the interests of any Noteholder or other Secured Party, provided that the Trustee shall not be obliged to agree to any modification, amendment, waiver, supplement or authorisation which, in the opinion of the Trustee, would have the effect of (i) exposing the Trustee to any Liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, rights, powers, authorisations or indemnification of the Trustee in respect of the Transaction Documents.

The fact that certain of the matters set out in (i) to (xxxiii) above expressly require the provision of a certificate, opinion or other evidence shall not prevent the Trustee from requiring evidence in relation to the matters set out in (i) to (xxxiii) above which do not expressly require the provision of a certificate, opinion or other evidence in order to satisfy itself as to the existence or applicability of any of such matters.

In the case of a request for consent to a modification, amendment, waiver, supplement or authorisation pursuant to paragraphs (xii) and (xiii) above:

(A) any such modification, amendment, waiver, supplement or authorisation may be given or made on such terms and subject to such conditions (if any) as the Trustee may determine, provided that, under no circumstances shall the Trustee be required to give such consent on less than 21 days' notice and the Trustee shall be entitled to obtain legal, financial or other expert advice, at the expense of the Issuer, and rely on such advice in connection with determining whether or not to give such consent as it sees fit; and

(B) the Trustee shall only give consent if it is of the opinion referred to in the relevant paragraph.

The Issuer may, without the consent of any other Person, make such amendments to the Letter of Undertaking or the Issuer Management Agreement as shall be necessary to document the resignation, replacement and/or appointment of one or more Managing Directors, provided that following such amendments, such documents shall be in substantially the same form as those entered into on the Issue Date. Upon the effectiveness of such amendments, the Issuer shall provide notice thereof to the Trustee and each of the other parties to the Letter of Undertaking and the Issuer Management Agreement.

(d) Substitution

The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require (without the consent of the Noteholders of any Class), to the substitution of any other company in place of the Issuer, or of any previous substituted company, as principal debtor under the Trust Deed and the Notes of each Class, if required for taxation purposes; *provided that* based on advice of legal counsel experienced in such matters, such substitution would not (A) result in the Issuer becoming subject to U.S. federal income taxation with respect to its net income, (B) result in the Issuer being treated as engaged in a trade or business within the United States for U.S. federal income tax purposes, or (C) have a material adverse effect on the tax treatment of the Issuer or the tax consequences to the Noteholders. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders, but subject to receipt of Rating Agency Confirmation (subject to receipt of such information and/or opinions as the Rating Agency may require), to a change of the law governing the Notes and/or the Trust Deed, provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders of any Class. Any substitution agreed by the Trustee pursuant to this Condition 14(d) (*Substitution*) shall be binding on the Noteholders, and shall be notified by the Issuer to the Noteholders as soon as practicable in accordance with Condition 16 (*Notices*).

The Trustee may, subject to the satisfaction of certain conditions specified in the Trust Deed, including receipt of Rating Agency Confirmation, agree to a change in the place of residence of the Issuer for taxation purposes without the consent of the Noteholders of any Class, provided the Issuer does all such things as the Trustee may reasonably require in order that such change in the place of residence of the Issuer for taxation purposes is fully effective and complies with such other requirements which are in the interests of the Noteholders as it may reasonably direct, provided, that based on advice of legal counsel experienced in such matters, such change in the place of residence of the Issuer would not (A) result in the Issuer becoming subject to U.S. federal income taxation with respect to its net income, (B) result in the Issuer being treated as engaged in a trade or business within the United States for U.S. federal income tax purposes, or (C) have a material adverse effect on the tax treatment of the Issuer or the tax consequences to the Noteholders.

The Issuer shall procure that, so long as the Notes are listed on the Global Exchange Market of the Irish Stock Exchange any material amendments or modifications to the Conditions, the Trust Deed or any other Transaction Documents made pursuant to Condition 14 (*Meetings of Noteholders, Modification, Waiver and Substitution*) shall be notified to the Irish Stock Exchange.

(e) Entitlement of the Trustee and Conflicts of Interest

In connection with the exercise of its trusts, powers, duties and discretions (including but not limited to those referred to in this Condition 14(e) (*Entitlement of the Trustee and Conflicts of Interest*)), the Trustee shall have regard to the interests of each Class of Noteholders as a Class and shall not have regard to the consequences of such exercise for individual Noteholders of such Class and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders except to the extent already provided for in Condition 9 (*Taxation*).

The Trust Deed provides that, other than any provision thereof which specifies that the Trustee must consider the interests of the Noteholders of each Class of Notes or whether any act, matter or thing is materially prejudicial to the interests of the Noteholders of any Class, in the event of any conflict of interest between or among the holders of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes, the Trustee shall give priority to the interests of (i) the Class A Noteholders over the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the

Subordinated Noteholders, (ii) the Class B Noteholders over the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders, (iii) the Class C Noteholders over the Class D Noteholders, Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders, (iv) the Class D Noteholders over the Class E Noteholders, the Class F Noteholders and the Subordinated Noteholders, (v) the Class E Noteholders over the Class F Noteholders and the Subordinated Noteholders, and (vi) the Class F Noteholders over the Subordinated Noteholders. If the Trustee receives conflicting or inconsistent requests from two or more groups of holders of a Class, given priority as described in this paragraph, each representing less than the majority by principal amount of Notes Outstanding of such Class, the Trustee shall give priority to the group which holds the greater amount of Notes Outstanding of such Class. The Trust Deed provides further that, except as expressly provided otherwise in any applicable Transaction Document or these Conditions, the Trustee will act upon the directions of the holders of the Controlling Class (or other Class where the Noteholders of the Class or Classes having priority over such other Class do not, in the opinion of the Trustee, have an interest in the subject matter of such directions) (acting by Extraordinary Resolution) subject to being indemnified and/or secured and/or prefunded to its satisfaction, and shall not be obliged to consider the interests of and is exempted from any liability to the holders of any other Class of Notes. In addition, the Trust Deed provides that, so long as any Note is Outstanding, the Trustee shall have no regard to the interests of any Secured Party other than the Noteholders or, at any time, to the interests of any other person.

#### **15. Indemnification of the Trustee**

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility in certain circumstances, including provisions relieving it from instituting proceedings to enforce repayment or to enforce the security constituted by or pursuant to the Trust Deed, unless indemnified and/or secured and/or prefunded to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer or any other party to any Transaction Document and any entity related to the Issuer or any other party to any Transaction Document without accounting for any profit. The Trustee is exempted from any liability in respect of any loss, theft or reduction in value of the Collateral, from any obligation to insure, or to monitor the provisions of any insurance arrangements in respect of, the Collateral (for the avoidance of doubt, under the Trust Deed the Trustee is under no such obligation) and from any claim arising from the fact that the Collateral is held by the Custodian or is otherwise held in safe custody by a bank or other custodian. The Trustee shall not be responsible for the performance by the Custodian of any of its duties under the Agency Agreement, for the performance by the Collateral Manager of any of its duties under the Collateral Management and Administration Agreement, for the performance by the Collateral Administrator of its duties under the Collateral Management and Administration Agreement or for the performance by any other person appointed by the Issuer in relation to the Notes or by any other party to any Transaction Document. The Trustee shall not have any responsibility for the administration, management, sufficiency, adequacy or operation of the Collateral including the request by the Collateral Manager to release any of the Collateral from time to time.

The Trust Deed contains provisions for the retirement of the Trustee and the removal of the Trustee by Extraordinary Resolution of the Controlling Class, but no such retirement or removal shall become effective until a successor trustee is appointed.

#### **16. Notices**

Notices to Noteholders will be valid if posted to the address of such Noteholder appearing in the Register at the time of publication of such notice by pre paid, first class mail (or any other manner approved by the Trustee which may be by electronic transmission, including electronic mail) and:

- (a) for so long as the Notes are listed on the Global Exchange Market of the Irish Stock Exchange and the rules of the Irish Stock Exchange so require, shall be sent to the Company Announcements Office of the Irish Stock Exchange; and
- (b) a copy of any such notice shall be given to the Collateral Manager by pre paid, first class mail (or any other manner approved by the Trustee which may be by electronic transmission, including electronic mail).

Any such notice shall be deemed to have been given to the Noteholders (a) in the case of inland mail three days after the date of dispatch thereof, (b) in the case of overseas mail, seven days after the dispatch thereof or, (c) in the case of electronic transmission, on the date of dispatch.

The Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders (or a category of them) if, in its opinion, such other method is reasonable having regard to market practice then prevailing and to the rules of the stock exchange on which the Notes are then listed and provided that notice of such other method is given to the Noteholders in such manner as the Trustee shall require.

## 17. Additional Issuances

### (a) Additional Notes

The Issuer may, during the Reinvestment Period only, subject to the approval of the Controlling Class acting by Ordinary Resolution and the Subordinated Noteholders acting by Ordinary Resolution and the prior written approval of the Retention Holder and the Collateral Manager, create and issue further Notes having the same terms and conditions as existing Classes of Notes (subject as provided below) and which shall be consolidated and form a single series with the Outstanding Notes of such Class (unless otherwise provided), and will use the proceeds of sale thereof to purchase additional Collateral Obligations and, if applicable, enter into additional Hedge Transactions in connection with the Issuer's issuance of, and making payments on, the Notes and ownership of and disposition of the Collateral Obligations, provided that the following conditions are met:

- (i) such additional issuances in relation to the applicable Class of Notes may not exceed 100.0 per cent. in the aggregate of the original aggregate principal amount of such Class of Notes;
- (ii) such additional Notes must be issued for a cash sale price and the net proceeds invested in Collateral Obligations or, pending such investment, during the Initial Investment Period deposited in the Unused Proceeds Account or, thereafter, deposited in the Principal Account;
- (iii) such additional Notes must be of each Class of Notes and issued in a proportionate amount among the Classes so that the relative proportions of aggregate principal amount of the Classes of Notes existing immediately prior to such additional issuance remain unchanged immediately following such additional issuance (save with respect to Subordinated Notes as described in paragraph (b) below) *provided that* in relation to the Class B Notes, (A) the Class B-1 Notes and the Class B-2 Notes shall be deemed to be a single Class, (B) such additional issuance shall be (1) subject to obtaining Rating Agency Confirmation from both S&P and Moody's, an additional issuance solely of the Class B-1 Notes, or (2) if such additional issuance is in relation to both the Class B-1 and Class B-2 Notes, such additional Class B-1 Notes and Class B-2 Notes must be issued in a proportionate amount among the Class B-1 Notes and Class B-2 Notes so that the relative proportions of aggregate principal amount of the Class B-1 Notes and Class B-2 Notes existing immediately prior to such additional issuance remain unchanged immediately following such additional issuance;
- (iv) the terms (other than the date of issuance, the issue price and the date from which interest will accrue) of such Notes must be identical to the terms of the previously issued Notes of the applicable Class of Notes;
- (v) the Issuer must notify the Rating Agencies then rating any Notes of such additional issuance and (i) obtain Rating Agency Confirmation from S&P and (ii) if any Notes are rated by Moody's and the issue price of any of the additional Notes is less than 100 per cent., obtain Rating Agency Confirmation from Moody's;
- (vi) the Coverage Tests are satisfied;
- (vii) the holders of the relevant Class of Notes in respect of which further Notes are issued shall have been notified in accordance with Condition 16 (*Notices*) 30 days prior to such issuance and shall have been afforded the opportunity to purchase additional Notes of the relevant Class in an amount not to exceed the percentage of the relevant Class of Notes each holder held immediately prior to the issuance (the "**Anti Dilution Percentage**") of such additional Notes and on the same terms offered to investors generally;

- (viii) (so long as the existing Notes of the Class of Notes to be issued are listed on the Global Exchange Market of the Irish Stock Exchange) the additional Notes of such Class to be issued are in accordance with the requirements of the Irish Stock Exchange and are listed on the Global Exchange Market of the Irish Stock Exchange (for so long as the rules of the Irish Stock Exchange so requires);
  - (ix) such additional issuances are in accordance with all applicable laws including, without limitation, the securities and banking laws and regulations of The Netherlands and do not adversely affect the Dutch tax position of the Issuer;
  - (x) the Retention Holder consenting to purchase a sufficient amount of each Class of Notes which are the subject of such additional issuance such that the collateralised loan obligation transaction contemplated under the Transaction Documents would not cease to be compliant with the EU Retention Requirements following such additional issuance;
  - (xi) the Issuer and the Trustee will have received an opinion of tax counsel of nationally recognised standing in the United States experienced in such matters to the effect that any additional Class A Notes, Class B Notes, Class C Notes and Class D Notes will be treated, and any additional Class E Notes should be treated, as indebtedness for U.S. federal income tax purposes, provided, however, that the advice of tax counsel described in this paragraph (xi) will not be required with respect to any additional Notes that bear a different International Securities Identification Number (or equivalent identifier) from the Notes of the same Class that were issued on the Issue Date and are Outstanding at the time of the additional issuance; and
  - (xii) such additional issuance will be accomplished in a manner that will allow the Issuer to accurately provide the information required to be provided to the Noteholders, including holders of such additional Notes which, for the avoidance of doubt, may include issuing Notes under a separate ISIN or equivalent identifier.
- (b) Additional Subordinated Notes

The Issuer may also create and issue additional Subordinated Notes (without issuing Notes of any other Class), subject to (x) the approval of the Subordinated Noteholders acting by Ordinary Resolution and (y) the prior written approval of the Retention Holder and the Collateral Manager, which Subordinated Notes shall have the same terms and conditions as existing Subordinated Notes (subject as provided below) and which shall be consolidated and form a single series with the Outstanding Subordinated Notes, *provided that*:

- (i) the subordination terms of such Subordinated Notes are identical to the terms of the previously issued Subordinated Notes;
- (ii) the terms (other than the date of issuance, the issue price and the date from which interest will accrue) of such Subordinated Notes must be identical to the terms of the previously issued Subordinated Notes;
- (iii) such additional Subordinated Notes are issued for a cash sales price;
- (iv) the net proceeds of such additional Subordinated Notes are deposited in the Supplemental Reserve Account;
- (v) the Issuer must notify the Rating Agencies then rating any Notes of such additional issuance;
- (vi) the Retention Holder consenting to purchase a sufficient amount of Subordinated Notes which are the subject of such additional issuance such that the collateralised loan obligation transaction contemplated under the Transaction Documents would not cease to be compliant with the EU Retention Requirements following such additional issuance;
- (vii) the Subordinated Noteholders shall have been notified in accordance with Condition 16 (*Notices*) 5 Business Days prior to such issuance and shall have been afforded the opportunity to purchase additional Subordinated Notes in an amount not to exceed the Anti Dilution Percentage of such additional Subordinated Notes and on the same terms offered to investors generally; and

(viii) such additional issuance is in accordance with all applicable laws including, without limitation, the securities and banking laws and regulations of The Netherlands and do not adversely affect the Dutch tax position of the Issuer.

(c) References to Notes

References in these Conditions to the “Notes” include (unless the context requires otherwise) any other securities issued pursuant to this Condition 17 (*Additional Issuances*) and forming a single series with the Notes. Any further securities forming a single series with Notes constituted by the Trust Deed or any deed supplemental to it shall be constituted by a deed supplemental to the Trust Deed.

## 18. Third Party Rights

No person shall have any right to enforce any term or Condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

## 19. Governing Law

(a) Governing Law

The Trust Deed and each Class of Notes and any dispute, controversy, proceedings or claim of whatever nature (whether contractual or non-contractual) arising out of or in any way relating to the Trust Deed or any Class of Notes are governed by and shall be construed in accordance with English law.

(b) Jurisdiction

The courts of England are to have jurisdiction to settle any disputes (whether contractual or non-contractual) which may arise out of or in connection with the Notes, and accordingly any legal action or proceedings arising out of or in connection with the Notes (“**Proceedings**”) may be brought in such courts. The Issuer has in the Trust Deed irrevocably submitted to the jurisdiction of such courts and waives any objection to Proceedings in any such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the Noteholders and the Trustee and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) Agent for Service of Process

The Issuer appoints TMF Global Services (UK) Limited, having an office, at the date hereof, at 6 St Andrew Street, 5th Floor, London, EC4A 3AE, as its agent in England to receive service of process in any Proceedings in England based on any of the Notes. If for any reason the Issuer does not have such agent in England, it will promptly appoint a substitute process agent and notify the Trustee and the Noteholders in writing of such appointment. Nothing herein shall affect the right to service of process in any other manner permitted by law.

## **USE OF PROCEEDS**

The estimated net proceeds of the issue of the Notes after payment of fees, expenses and other amounts payable on or about the Issue Date (including, without duplication, amounts deposited into the Expense Reserve Account) are expected to be approximately €378,000,000. Such proceeds will be used by the Issuer in payment of all net amounts due and payable in connection with the acquisition of Issue Date Collateral Obligations on or prior to the Issue Date and net amounts due and payable in connection with the Warehouse Arrangements (as further described in “*The Portfolio – Acquisition of Collateral Obligations*”) and to fund the First Period Reserve Account on the Issue Date. The remaining proceeds shall be retained in the Unused Proceeds Account.

## FORM OF THE NOTES

References below to Notes and to the Global Certificates and the Definitive Certificates representing such Notes are to each respective Class of Notes, except as otherwise indicated.

### Initial Issue of Notes

The Regulation S Notes of each Class will be represented on issue by one or more Regulation S Global Certificates deposited with, and registered in the name of, a nominee of a common depository acting on behalf of Euroclear and Clearstream, Luxembourg. Beneficial interests in a Regulation S Global Certificate may be held at any time only through Euroclear or Clearstream, Luxembourg. See “*Book Entry Clearance Procedures*”. Beneficial interests in a Regulation S Global Certificate may not be held by a U.S. Person or U.S. Resident at any time. By acquisition of a beneficial interest in a Regulation S Global Certificate, the purchaser thereof will be deemed to represent, among other things, that it is not a U.S. Person, and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest only (i) to a person (A) it reasonably believes is a QIB purchasing for its own account or for the account of a QIB in a nominal amount of not less than €250,000 for it and each such account, in a transaction that meets the requirements of Rule 144A and takes delivery in the form of a Rule 144A Note and (B) that constitutes a QP; or (ii) to a non U.S. Person in an offshore transaction in accordance with Rule 903 or Rule 904 (as applicable) under Regulation S. See “*Transfer Restrictions*”.

The Rule 144A Notes of each Class will be represented on issue by one or more Rule 144A Global Certificates deposited with a custodian for, and registered in the name of, a nominee of a common depository acting on behalf of Euroclear and Clearstream, Luxembourg. Beneficial interests in a Rule 144A Global Certificate may only be held at any time only through Euroclear or Clearstream, Luxembourg. See “*Book Entry Clearance Procedures*”. By acquisition of a beneficial interest in a Rule 144A Global Certificate, the purchaser thereof will be deemed to represent, amongst other things, that it is a QIB/QP and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest only (a)(i) to a person whom the purchaser reasonably believes is a QIB purchasing for its own account or for the account of a QIB as to which the purchaser exercises sole investment discretion in a transaction meeting the requirements of Rule 144A and that is also a QP or (ii) in an offshore transaction complying with Rule 903 or Rule 904 of Regulation S and (b) in accordance with all applicable securities laws including the securities laws of any state of the United States. See “*Transfer Restrictions*”.

Beneficial interests in Global Certificates will be subject to certain restrictions on transfer set out therein and in the Trust Deed and as set out in Rule 144A, and the Notes will bear the applicable legends regarding the restrictions set out under “*Transfer Restrictions*”. In the case of each Class of Notes, a beneficial interest in a Regulation S Global Certificate may be transferred to a person who takes delivery in the form of an interest in a Rule 144A Global Certificate in denominations greater than or equal to the minimum denominations applicable to interests in such Rule 144A Global Certificate only upon receipt by the Registrar of a written certification (in the form provided in the Trust Deed) to the effect that the transferor reasonably believes that the transferee is a QIB/QP and that such transaction is in accordance with any applicable securities laws of any state of the United States or any other jurisdiction. Beneficial interests in the Rule 144A Global Certificates may be transferred to a person who takes delivery in the form of an interest in a Regulation S Global Certificate only upon receipt by the Registrar of a written certification (in the form provided in the Trust Deed) from the transferor to the effect that the transfer is being made to a non-U.S. Person and in accordance with Regulation S.

Any beneficial interest in a Regulation S Global Certificate that is transferred to a person who takes delivery in the form of an interest in a Rule 144A Global Certificate will, upon transfer, cease to be an interest in such Regulation S Global Certificate and become an interest in the Rule 144A Global Certificate, and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in a Rule 144A Global Certificate for as long as it remains such an interest. Any beneficial interest in a Rule 144A Global Certificate that is transferred to a person who takes delivery in the form of an interest in a Regulation S Global Certificate will, upon transfer, cease to be an interest in a Rule 144A Global Certificate and become an interest in the Regulation S Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in a Regulation S Global Certificate for so long as it remains such an interest. No service charge will be made for any registration of transfer or exchange of Notes, but the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Except in the limited circumstances described below, owners of beneficial interests in Global Certificates will not be entitled to receive physical delivery of certificated Notes.

A purchaser or transferee of a Class E Note, Class F Note or Subordinated Note in the form of a Rule 144A Global Certificate or a Regulation S Global Certificate will be deemed to represent, warrant and agree (among other things) that it is not and not acting on behalf of, and for so long as it holds such Note or an interest therein will not be, and will not be acting on behalf of, a Benefit Plan Investor or a Controlling Person. If a purchaser or transferee is unable to make such deemed representation, warranty or agreement, such purchaser or transferee may not acquire such Class E Note, Class F Note or Subordinated Note in the form of a Rule 144A Global Certificate or a Regulation S Global Certificate unless such purchaser or transferee: (i) obtains the written consent of the Issuer (which consent, without limitation, will not be given if such purchaser or transferee holding such Class E Note, Class F Note or Subordinated Note would result in a material risk that 25 per cent. or more of the total value of the Class E Notes, Class F Note or Subordinated Notes (determined separately by Class) would be deemed to be held by Benefit Plan Investors for the purposes of ERISA); and (ii) provides an ERISA certificate to the Issuer as to its status as a Benefit Plan Investor or Controlling Person (substantially in the form of Annex A (*Form of ERISA Certificate*)).

The Notes are not issuable in bearer form.

### **Amendments to Terms and Conditions**

Each Global Certificate contains provisions that apply to the Notes that they represent, some of which modify the effect of the Conditions in definitive form (See "*Terms and Conditions*"). The following is a summary of those provisions:

- **Payments.** Payments of principal and interest in respect of Notes represented by a Global Certificate will be made against presentation and, if no further payment falls to be made in respect of the relevant Notes, surrender of such Global Certificate to or to the order of the Principal Paying Agent. On each occasion on which a payment of interest (unless the Notes represented thereby do not bear interest) or principal is made in respect of the relevant Global Certificate, the Registrar shall note the same in the Register and cause the aggregate principal amount of the Notes represented by a Global Certificate to be decreased accordingly.
- **Notices.** So long as any Notes are represented by a Global Certificate and such Global Certificate is held on behalf of a clearing system, notices to Noteholders shall be given by delivery of the relevant notice to that clearing system for communication by it to entitled account holders in substitution for delivery thereof as required by the Conditions of such Notes provided that (a) such notice is also made to the Company Announcements Office of the Irish Stock Exchange for so long as such Notes are listed on the Global Exchange Market of the Irish Stock Exchange and the rules of the Irish Stock Exchange so require and (b) a copy of such notice is given to the Collateral Manager by pre paid, first class mail (or any other manner approved by the Trustee which may be by electronic transmission, including electronic mail). Such notice will be deemed to have been given to the Noteholders on the date of delivery of the relevant notice to the relevant clearing system.
- **Prescription.** Claims against the Issuer in respect of principal and interest on the Notes while the Notes are represented by a Global Certificate will become void unless presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the date on which any payment first becomes due.
- **Accountholders.** Subject as provided in the Trust Deed, each person who is for the time being shown in the records of Euroclear and/or Clearstream, Luxembourg as entitled to a particular principal amount of the Notes represented by this Global Certificate (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be deemed to be the holder of such principal amount of such Notes for all purposes other than with respect to payments of principal, premium (if any) and interest on the Notes for which purpose the registered holder of this Global Certificate shall be deemed to be the holder of such principal amount of the Notes in accordance with and subject to the terms of this Global Certificate and the Trust Deed.
- **Cancellation.** Cancellation of any Note required by the Conditions to be cancelled will be effected by reduction in the principal amount of the Notes on the Register, with a corresponding notation made on the applicable Global Certificate.

- **Optional Redemption.** The Subordinated Noteholders' and the Controlling Class' option in Condition 7(b) (*Optional Redemption*) and Condition 7(g) (*Redemption following Note Tax Event*) may be exercised by the Subordinated Notes or the Controlling Class (as applicable) giving notice to the Registrar of the principal amount of Subordinated Notes or Notes representing the Controlling Class (as applicable) in respect of which the option is exercised and presenting such Global Certificate or Definitive Certificate (as applicable) for endorsement of exercise within the time limit specified in Condition 7(b) (*Optional Redemption*) or Condition 7(g) (*Redemption following Note Tax Event*), as the case may be.
- **Record Date.** will mean the close of business on the Clearing System Business Day before the relevant due date for payment of principal and interest in respect of such Note (where “**Clearing System Business Day**” means a day on which Euroclear and Clearstream, Luxembourg are open for business).
- **Forced Transfer.** In respect of any forced transfer referred to in Condition 2(h) (*Forced transfer of Rule 144A Notes*), Condition 2(i) (*Forced transfer pursuant to ERISA*) or Condition 2(j) (*Forced transfer pursuant to FATCA*), each Noteholder hereby authorises the Registrar, Euroclear, Clearstream, Luxembourg and the Issuer to take such actions and steps as are necessary in order to effect such forced transfer provisions without the need for any further express instruction or approval from any affected Noteholder or the Noteholders as a whole or of any Class and each Noteholder hereby agrees to be bound by the same.

### Exchange for Definitive Certificates

#### *Exchange*

Each Global Certificate will be exchangeable, free of charge to the holder, on or after its Definitive Exchange Date (as defined below), in whole but not in part, for Definitive Certificates if a Global Certificate is held (directly or indirectly) on behalf of Euroclear, Clearstream, Luxembourg or an alternative clearing system and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces its intention to permanently cease business or does in fact do so.

The Registrar will not register the transfer of, or exchange of interests in, a Global Certificate for Definitive Certificates during the period from (but excluding) the Record Date to (and including) the date for any payment of principal or interest in respect of the Notes.

If only one of the Global Certificates (the “**Exchanged Global Certificate**”) becomes exchangeable for Definitive Certificates in accordance with the above paragraphs, transfers of Notes may not take place between, on the one hand, persons holding Definitive Certificates issued in exchange for beneficial interests in the Exchanged Global Certificate and, on the other hand, persons wishing to purchase beneficial interests in the other Global Certificate.

“**Definitive Exchange Date**” means a day falling not less than 30 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Registrar is located.

#### *Delivery*

In the event a Global Certificate is to be exchanged, the relevant Global Certificate shall be exchanged in full for Definitive Certificates and the Issuer will, at the cost of the Issuer (but against such indemnity as the Principal Paying Agent may require in respect of any tax or other duty of whatever nature which may be levied or imposed in connection with such exchange), cause sufficient Definitive Certificates to be executed and delivered to the Principal Paying Agent for completion, authentication and dispatch to the relevant Noteholders. A person having an interest in a Global Certificate must provide the Principal Paying Agent with (a) a written order containing instructions and such other information as the Issuer and the Principal Paying Agent may require to complete, execute and deliver such Certificates and (b) in the case of the Rule 144A Global Certificate only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of simultaneous sale pursuant to Rule 144A, a certification that the transfer is being made in compliance with the provisions of Rule 144A. Definitive Certificates issued in exchange for a beneficial interest in the Rule 144A Global Certificate shall bear the legends applicable to transfers pursuant to Rule 144A, as set out under “*Transfer Restrictions*” below.

### *Legends*

The holder of a Definitive Certificate in registered definitive form, may transfer the Notes represented thereby in whole or in part in the applicable minimum denomination by surrendering it at the specified office of the Principal Paying Agent, together with the completed form of transfer and to the extent applicable, written consent of the Issuer and a duly completed ERISA Certificate substantially in the form of Annex A (*Form of ERISA Certificate*). Upon the transfer, exchange or replacement of a Definitive Certificate in registered definitive form, as applicable, bearing the legend referred to under “Transfer Restrictions” below, or upon specific request for removal of the legend on a Definitive Certificate in registered definitive form, as applicable, the Issuer will deliver only Definitive Certificates that bear such legend, or will refuse to remove such legend, as the case may be, unless there is delivered to the Issuer and the Principal Paying Agent such satisfactory evidence, which may include an opinion of counsel, as may reasonably be required by the Issuer that neither the legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act and the Investment Company Act.

## BOOK ENTRY CLEARANCE PROCEDURES

The information set out below has been obtained from a review of the rules, regulations and procedures of Euroclear or Clearstream, Luxembourg (together, the “**Clearing Systems**”), but prospective investors are advised to make their own enquiries as to such rules, regulations and. In particular, such information is subject to any change in or interpretation of the rules, regulations and procedures of the Clearing Systems currently in effect and investors wishing to use the facilities of any of the Clearing Systems are therefore advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. This information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain no facts have been omitted which would render the reproduced information inaccurate or misleading. None of the Issuer, the Trustee, the Collateral Manager, the Initial Purchaser or any Agent party to the Agency Agreement (or any Affiliate of any of the above, or any person by whom any of the above is controlled for the purposes of the Securities Act), will have any responsibility for the performance by the Clearing Systems or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations or for the sufficiency for any purpose of the arrangements described below.

### **Euroclear and Clearstream, Luxembourg**

Custodial and depositary links have been established between Euroclear and Clearstream, Luxembourg to facilitate the initial issue of the Notes and cross-market transfers of the Notes associated with secondary market trading (See “*Settlement and Transfer of Notes*” below).

Euroclear and Clearstream, Luxembourg each hold securities for their customers and facilitate the clearance and settlement of securities transactions through electronic book entry transfer between their respective accountholders. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions which clear through or maintain a custodial relationship with an accountholder of either system. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depositary and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective customers may settle trades with each other. Their customers are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Investors may hold their interests in such Global Certificates directly through Euroclear or Clearstream, Luxembourg if they are accountholders (“**Direct Participants**”) or indirectly (“**Indirect Participants**”) and together with Direct Participants, “**Participants**”) through organisations which are accountholders therein.

### **Book Entry Ownership**

#### *Euroclear and Clearstream, Luxembourg*

Each Regulation S Global Certificate and Rule 144A Global Certificate will have an ISIN and a Common Code and will be registered in the name of, and deposited with, a nominee of a common depositary acting on behalf of, Euroclear and Clearstream, Luxembourg.

#### *Relationship of Participants with Clearing Systems*

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a Note represented by a Global Certificate must look solely to Euroclear or Clearstream, Luxembourg (as the case may be) for his share of each payment made by the Issuer to the holder of such Global Certificate and in relation to all other rights arising under the Global Certificate, subject to and in accordance with the respective rules and procedures of Euroclear or Clearstream, Luxembourg (as the case may be). The Issuer expects that, upon receipt of any payment in respect of Notes represented by a Global Certificate, the common depositary by whom such Note is held, or nominee in whose name it is registered, will immediately credit the relevant Participants’ or accountholders’ accounts in the relevant Clearing System with payments in amounts proportionate to their respective beneficial interests in the principal amount of the relevant Global Certificate as shown on the records of the relevant Clearing System or its nominee. The Issuer also expects that payments by Direct Participants in any Clearing System to owners of beneficial interests in any Global Certificate held through such Direct Participants in any Clearing System will be governed by standing instructions and customary practices. Save as aforesaid, such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Certificate and the obligations of the Issuer will be

discharged by payment to the registered holder, as the case may be, of such Global Certificate in respect of each amount so paid. None of the Issuer, the Trustee or any Agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of ownership interests in any Global Certificate or for maintaining, supervising or reviewing any records relating to such ownership interests.

#### *Settlement and Transfer of Notes*

Subject to the rules and procedures of each applicable Clearing System, purchases of Notes held within a Clearing System must be made by or through Direct Participants, which will receive a credit for such Notes on the Clearing System's records. The ownership interest of each actual purchaser of each such Note (the "**Beneficial Owner**") will in turn be recorded on the Direct Participant and Indirect Participant's records. Beneficial Owners will not receive written confirmation from any Clearing System of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in Notes held within the Clearing System will be effected by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in such Notes, unless and until interests in any Global Certificate held within a Clearing System is exchanged for Definitive Certificates.

No Clearing System has knowledge of the actual Beneficial Owners of the Notes held within such Clearing System and their records will reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by the Clearing Systems to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

#### *Trading between Euroclear and/or Clearstream, Luxembourg Participants*

Secondary market sales of book entry interests in the Notes held through Euroclear or Clearstream, Luxembourg to purchasers of book entry interests in the Notes held through Euroclear or Clearstream, Luxembourg will be conducted in accordance with the normal rules and operating procedures of Euroclear and Clearstream, Luxembourg and will be settled using the procedures applicable to conventional eurobonds.

#### *Pre-issue Trades Settlement*

It is expected that delivery of Notes will be made against payment therefor on the Issue Date thereof, which could be more than three Business Days following the date of pricing. Settlement procedures in other countries will vary. Purchasers of Notes may be affected by such local settlement practices and purchasers of Notes who wish to trade Notes between the date of pricing and the relevant Issue Date should consult their own adviser.

## RATINGS OF THE NOTES

### General

It is a condition of the issue and sale of the Notes that the Notes (except for the Subordinated Notes) be issued with at least the following ratings: the Class A Notes “AAA(sf)” from S&P and “Aaa(sf)” from Moody’s; the Class B-1 Notes: “AA(sf)” from S&P and “Aa2(sf)” from Moody’s; the Class B-2 Notes: “AA(sf)” from S&P and “Aa2(sf)” from Moody’s; the Class C Notes: “A(sf)” from S&P and “A2(sf)” from Moody’s; the Class D Notes: “BBB(sf)” from S&P and “Baa2(sf)” from Moody’s; the Class E Notes: “BB(sf)” from S&P and “Ba2(sf)” from Moody’s; and the Class F Notes: “B-(sf)” from S&P and “B2(sf)” from Moody’s. The Subordinated Notes being offered hereby will not be rated.

The ratings assigned to the Class A Notes and the Class B Notes address the timely payment of interest and the ultimate payment of principal. The ratings assigned to the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes address the ultimate payment of principal and interest.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the applicable rating agency.

### S&P Ratings

S&P will rate the Rated Notes in a manner similar to the manner in which it rates other structured issues. This requires an analysis of the following:

- (a) the credit quality of the portfolio of Collateral Obligations securing the Notes;
- (b) the cash flow used to pay liabilities and the priorities of these payments; and
- (c) legal considerations.

Based on these analyses, S&P determines the necessary level of credit enhancement needed to achieve a desired rating. In this connection, the S&P CDO Monitor Test is applied prior to the end of the Reinvestment Period.

S&P’s analysis includes the application of its proprietary default expectation computer model (the “**S&P CDO Monitor**”), which is used to estimate the default rate S&P projects the Portfolio is likely to experience and which will be provided to the Collateral Manager on or before the Issue Date. The S&P CDO Monitor calculates the cumulative default rate of a pool of Collateral Obligations and Eligible Investments consistent with a specified benchmark rating level based upon S&P’s proprietary corporate debt default studies. The S&P CDO Monitor takes into consideration the rating of each Obligor, the number of Obligors, the Obligor industry concentration and the remaining weighted average maturity of each of the Collateral Obligations included in the Portfolio. The risks posed by these variables are accounted for by effectively adjusting the necessary default level needed to achieve a desired rating. The higher the desired rating, the higher the level of defaults the Portfolio must withstand. For example, the higher the Obligor industry concentration or the longer the weighted average maturity, the higher the default level is assumed to be.

Credit enhancement to support a particular rating is then provided on the results of the S&P CDO Monitor, as well as other more qualitative considerations such as legal issues and management capabilities. Credit enhancement is typically provided by a combination of over collateralisation/subordination, cash collateral/reserve account, excess spread/interest and amortisation. A cash flow model (the “**Transaction Specific Cash Flow Model**”) is used to evaluate the portfolio and determine whether it can comfortably withstand the estimated level of default while fully repaying the class of debt under consideration.

There can be no assurance that actual losses on the Collateral Obligations will not exceed those assumed in the application of the S&P CDO Monitor or that recovery rates and the timing of recovery with respect thereto will not differ from those assumed in the Transaction Specific Cash Flow Model. None of S&P, the Issuer, the Collateral Manager, the Collateral Administrator, the Trustee, the Initial Purchaser or the Sole Arranger makes any representation as to the expected rate of defaults on the Portfolio or as to the expected timing of any defaults that may occur.

S&P’s ratings of the Rated Notes will be established under various assumptions and scenario analyses. There can be no assurance that actual defaults on the Collateral Obligations will not exceed those assumed by S&P in

its analysis, or that recovery rates with respect thereto (and, consequently, loss rates) will not differ from those assumed by S&P.

### **Moody's Ratings**

Moody's Ratings address the expected loss posed to investors by the legal and final maturity on the Maturity Date.

Moody's analysis of the likelihood that each Collateral Obligation will default is based on historical default rates for similar debt obligations, the historical volatility of such default rates (which increases as obligations with lower ratings are added to the Portfolio) and an additional default assumption to account for future fluctuations in defaults. Moody's then determines the level of credit protection necessary to achieve the expected loss associated with the rating of the structured securities, taking into account the expected volatility of the default rate of the Portfolio based on the level of diversification by region, issuer and industry. There can be no assurance that the actual default rates on the Collateral Obligations held by the Issuer will not exceed the rates assumed by Moody's in its analysis.

In addition to these quantitative tests, Moody's Ratings take into account qualitative features of a transaction, including the experience of the Collateral Manager, the legal structure and the risks associated with such structure and other factors that Moody's deems relevant.

It is contemplated that Jan Thorsen will step down from the Investment Committee for both Accunia European CLO 1 and Accunia European CLO 2 before the end of 2017 and thereafter the Investment Committee for both Accunia European CLO 1 and Accunia European CLO 2 will be chaired by Mads Romild.

### **Investment Strategy**

Accunia Fondsmæglerselskab A/S will manage the Portfolio using fundamental and technical analysis subject to the reinvestment criteria and other relevant criteria set forth in the Collateral Management and Administration Agreement. Accunia Fondsmæglerselskab A/S's objective in managing the Portfolio is (a) to satisfy the payment obligations of the Issuer in respect of the Notes and the Transaction Documents in a timely manner; (b) to at least maintain the initial ratings of the Notes; and (c) (subject to (a) and (b) above and to the protection of the interests of the Rated Notes) to maximise the return to the Subordinated Notes.

In order to achieve the above objectives, Accunia Fondsmæglerselskab A/S maintains a defensive approach towards its investments by emphasising risk control through:

- (a) undertaking comprehensive due diligence and credit analysis;
- (b) careful portfolio construction with an emphasis on diversification;

- (c) maintaining on-going monitoring of credits and sectors by the credit analysts; and
- (d) portfolio managers' monitoring of portfolios, market conditions and transaction structure with a view towards anticipating positive and negative credit events.

Accunia Fondsmæglerselskab A/S also considers it a priority in meeting its objectives that it has and maintains a strong and experienced management team that understands investing in credit within structural constraints.

### **Comprehensive Due Diligence and Credit analysis**

Investment decisions by Accunia Fondsmæglerselskab A/S are based on rigorous credit review and relative value analysis performed by the credit analysts and the portfolio managers. Potential investments are analysed on the merits of the individual company relative to its position in the industry and the general strength of the industry within the context of the overall economy. Credit analysis includes, but may not be limited to, an analysis of the key drivers of revenue, expense, cash flow and sources and uses of working capital. Investment due diligence is done by the credit analysts and results in a written investment proposal that documents an investment hypothesis and supporting information on, among other things, due diligence performed, review of historical operational and financial information and the industry status of such potential investment, information presented in bank meetings, offering memoranda, management meetings and modelling of "down-side" financial scenarios. When deemed appropriate, the due diligence process may include interviews with management and controlling shareholder(s), review of external and proprietary research and on-site visits.

### **Investment Process**

New investment opportunities are pre-reviewed to assess general quality, value and fit relative to the needs of the Portfolio. Assets that are viewed favourably are then made subject to further investment due diligence by the credit analysts, which results in a written investment proposal, which is delivered to the head of the investment department of Accunia Fondsmæglerselskab A/S (currently Sergio Grasso). The head of the investment department then ensures that the proposal is adequately comprehensive and covers all applicable eligibility criteria and, if appropriate, sends the proposal to the Investment Committee for approval. The Investment Committee approves transactions by unanimous consent and the approval must include the maximum trade size and an average execution price limit. The Investment Committee meets as often as is necessary to discuss potential new investments and existing positions whenever action is required. As part of its investment decision, the Investment Committee also takes into consideration an analysis of a Collateral Obligation's potential impact on the Portfolio's structure.

### **Investment Monitoring and Risk Management**

The credit analysts and portfolio managers maintain the credit monitoring process. Individual investment performance is benchmarked against the initial investment hypothesis giving consideration to new financial information, market news, price or other events. As part of an overall risk management strategy, a watch list is maintained and monitored which is derived from general market information including security prices, company press releases, news and statements and ongoing due diligence. The watch list is also used as part of its investment decision process to forecast the occurrence of specific credit events and model the impact of credit events on a portfolio, given the structure of the related investment vehicle. When deemed appropriate, ongoing monitoring may include meetings with management and advisors. In performing credit monitoring processes, various software, publications and third party monitoring services may be used.

## THE RETENTION HOLDER AND EU RETENTION REQUIREMENTS

### Description of the Retention Holder

Accunia Fondsmæglerselskab A/S shall act as Retention Holder for the purposes of the EU Retention Requirements.

The description and the address of the Retention Holder are set out in the “*The Collateral Manager*” section of this Offering Circular.

### The Retention

On the Issue Date, the Retention Holder acting for its own account will sign the Risk Retention Letter addressed to the Issuer, the Trustee (for the benefit of the Noteholders), the Collateral Administrator, the Sole Arranger and the Initial Purchaser.

Under the Risk Retention Letter, the Retention Holder will, for so long as any Notes are Outstanding:

- (a) undertake to subscribe for (on the Issue Date and on the issue date of each additional issuance of Notes), hold and retain on an ongoing basis a material net economic interest in the form specified in paragraph (a) of Article 405(1) of the CRR and in accordance with the EU Retention Requirements as in force on the Issue Date (retention of no less than 5 per cent. of the nominal value of each of the tranches sold or transferred to the investors) by subscribing for and holding, on an ongoing basis, no less than five per cent. of the Principal Amount Outstanding of each Class of Notes then Outstanding (such Notes being the “**Retention Notes**”);
- (b) agree that neither it nor any of its Affiliates shall sell, transfer, hedge or otherwise mitigate its credit risk (including in connection with the entry into any financing arrangements) under or associated with its net economic interest specified in paragraph (a) (or the underlying portfolio of Collateral Obligations), where to do so would cause the transaction described in this Offering Circular to cease to be compliant with the EU Retention Requirements;
- (c) subject to any regulatory requirements, agree (i) to take such further action, provide such information on a confidential basis (including the information referred to in Article 409 of the CRR, Article 52 of European Union Commission Delegated Regulation (EU) No 231/2013 or Article 256 of European Union Commission Delegated Regulation (EU) 2015/35) and enter into such other agreements in each case as may reasonably be required to satisfy the EU Retention Requirements as in force on the Issue Date and (ii) to provide to the Issuer, on a confidential basis, information in the possession of the Retention Holder relating to its holding of the Retention Notes, at the cost and expense of the party seeking such information, and to the extent the same is not subject to a duty of confidentiality, at any time prior to the maturity of the Notes;
- (d) agree to confirm its continued compliance with the covenants set out at paragraphs (a) and (b) above to the Issuer, the Trustee and the Collateral Administrator, in each case in writing (which may be by way of email and which confirmations may be included by the Collateral Administrator in any Monthly Report or Payment Date Report, as applicable) on a monthly basis on the Business Day prior to the date on which the Collateral Administrator compiles the Monthly Report or Payment Date Report, as applicable;
- (e) agree that it shall promptly notify the Issuer, the Trustee, the Collateral Administrator, the Initial Purchaser and the Sole Arranger if for any reason (i) it ceases to hold the Retention Notes in accordance with (a) above, (ii) it fails to comply with the covenant set out in (b) in any respect, (iii) it fails to comply with the covenant set out in (c) above in any material respect, or (iv) the representation and warranty contained in paragraph (f) below fails to be true in any respect on the date that it is made, or (v) any other of the representations and warranties contained in the Risk Retention Letter fail to be true in a material respect on the dates that they were made or deemed to be repeated; and
- (f) represent and warrant that (i) it is a CRR Investment Firm and (ii) it is a “sponsor” for the purposes of the EU Retention Requirements as in force on the Issue Date and will continue to retain the Retention Notes pursuant to paragraph (a) above in such capacity (*provided that* the Retention Holder will not

have any obligation to change the quantum, method or nature of its holding of the Retention Notes as a result of any changes to the EU Retention Requirements following the Issue Date).

If a successor Collateral Manager is appointed as described in “*Description of the Collateral Management and Administration Agreement*” below or the Collateral Manager is to assign, delegate or transfer any rights or obligations to another Person pursuant to the Collateral Management and Administration Agreement (as described in “*Description of the Collateral Management and Administration Agreement*” below), then the Collateral Manager, in its capacity as Retention Holder may transfer the Retention Notes (at a price agreed between the parties to such sale) provided that such transfer (a) is at such time permitted under the EU Retention Requirements, (b) is permitted under and contemplated by the Risk Retention Letter and (c) would not cause the transaction described in this Offering Circular to cease to be compliant with the EU Retention Requirements.

The Issuer, the Trustee (for the benefit of the Noteholders), the Collateral Administrator, the Sole Arranger and the Initial Purchaser are each parties to the Risk Retention Letter solely for the purposes of obtaining the benefit of the representations, warranties and covenants contained therein and under no circumstances shall any of them be deemed to have undertaken any obligations thereunder or by virtue of their entry into the Risk Retention Letter.

Prospective investors should consider the discussion in “*Risk Factors – Regulatory Initiatives – EU Risk Retention and Due Diligence Requirements*” above.

The Retention Holder intends to enter into financing arrangements in respect of the Retention Notes that it is required to acquire in order to comply with the EU Retention Requirements. Prospective investors should consider the discussion in “*Risk Factors – Regulatory Initiatives – Retention Financing*” above.

## U.S. CREDIT RISK RETENTION

Pursuant to the U.S. Risk Retention Rules, the “sponsor” of a securitisation transaction (or majority-owned affiliate of the sponsor) is required, unless an exemption exists, to retain the Minimum Risk Retention Requirement for the time period required by the U.S. Risk Retention Rules. The U.S. Risk Retention Rules apply to CLOs, including the Notes, offered and sold in a securitisation transaction subject to the U.S. Risk Retention Rules on or after December 24, 2016. In addition, the U.S. Risk Retention Rules impose limitations on the ability of the Retention Holder to sell or hedge its risk with respect to the “eligible vertical interest” (as defined in the U.S. Risk Retention Rules). See also “*Risk Factors – Regulatory Initiatives – U.S. Risk Retention Rules*”.

On the Issue Date, the Retention Holder, will purchase 5 per cent. of the aggregate principal amount of each Class of the Notes as an “eligible vertical interest” under the U.S. Risk Retention Rules and has so informed the Issuer. The Retention Holder is required to retain 5 per cent. of the aggregate principal amount of each Class of Notes under the U.S. Risk Retention Rules. The material terms of the Notes comprising the “eligible vertical interest” are described in this Offering Circular under “*Terms and Conditions*”.

None of the Issuer, the Sole Arranger, the Initial Purchaser, the Retention Holder, the Collateral Manager, the Trustee, the Collateral Administrator or any of their respective Affiliates makes any representation, warranty or guarantee that the Collateral Manager, the Retention Holder, their respective Affiliates or the transaction contemplated by this Offering Circular will be in compliance with the U.S. Risk Retention Rules, and no such Person assumes any liability to any prospective investor or any other person with respect to any failure by the Collateral Manager, the Retention Holder or of the transaction contemplated by this Offering Circular to satisfy the U.S. Risk Retention Rules or any other applicable legal, regulatory or other requirements.

See the disclaimer regarding “*U.S. Credit Risk Retention Requirements*” appearing in the forepart of this Offering Circular. This information may not be relied upon or used for any other purpose whatsoever.

## THE PORTFOLIO

Terms used and not otherwise defined herein or in this Offering Circular as specifically referenced herein shall have the meaning given to them in Condition 1 (*Definitions*) of the Conditions.

### Introduction

Pursuant to the Collateral Management and Administration Agreement, the Collateral Manager is required to act in specific circumstances in relation to the Portfolio on behalf of the Issuer and to carry out the duties and functions described below. In addition, the Collateral Administrator is required to perform certain calculations in relation to the Portfolio on behalf of the Issuer, in each case to the extent and in accordance with the information provided to it by the Collateral Manager.

### Acquisition of Collateral Obligations

The Collateral Manager will determine and will use reasonable endeavours to cause to be acquired by the Issuer a portfolio of Secured Senior Loans, Secured Senior Bonds, Unsecured Senior Loans, Second Lien Loans and High Yield Bonds during the Initial Investment Period, the Reinvestment Period and thereafter. The Issuer anticipates that, by the Issue Date, it will have purchased or committed to purchase Collateral Obligations, the Aggregate Principal Balance of which is approximately 70 per cent. of the Target Par Amount. The proceeds of issue of the Notes remaining after payment of:

- (a) the acquisition costs for the Collateral Obligations acquired by the Issuer on or prior to the Issue Date, including repayment of the Warehouse Arrangements; and
- (b) certain fees, costs and expenses incurred in connection with the issue of the Notes and anticipated to be payable by the Issuer following completion of the issue of the Notes,

will be deposited in the Expense Reserve Account, the First Period Reserve Account and the Unused Proceeds Account on the Issue Date. The Collateral Manager acting on behalf of the Issuer, shall use all commercially reasonable efforts to purchase Collateral Obligations with an Aggregate Principal Balance (together with Collateral Obligations previously acquired) equal to at least the Target Par Amount out of the Balance standing to the credit of the Unused Proceeds Account during the Initial Investment Period.

The Issuer does not expect and is not required to satisfy the Collateral Quality Tests, Portfolio Profile Tests, the Coverage Tests or the Reinvestment Overcollateralisation Test prior to the Effective Date. The Collateral Manager may declare that the Initial Investment Period has ended and the Effective Date has occurred prior to 29 March 2018, subject to the Effective Date Determination Requirements being satisfied.

On the first Payment Date on or after the Effective Date, the Initial Ratings of the Rated Notes having been confirmed (or deemed to have been confirmed in the case of such ratings by Moody's) by each Rating Agency, the Balance standing to the credit of the Unused Proceeds Account will be transferred to the Principal Account and/or the Interest Account, in each case, at the discretion of the Collateral Manager (acting on behalf of the Issuer), provided that as at such date: (i) the Issuer has acquired or entered into binding commitments to acquire Collateral Obligations, the Aggregate Principal Balance of which equals or exceeds the Target Par Amount (provided that, for the purposes of determining such Aggregate Principal Balance, any repayments or prepayments of Collateral Obligations, to the extent not reinvested in Collateral Obligations, may be disregarded and the Principal Balance of a Collateral Obligation which is a Defaulted Obligation shall be the lower of its S&P Collateral Value and its Moody's Collateral Value); (ii) no more than 1.0 per cent. of the Target Par Amount may be transferred to the Interest Account; and (iii) after transfer the Collateral Principal Amount is not less than the Target Par Amount.

Within 15 Business Days following the Effective Date, the Collateral Administrator shall issue a report (the "**Effective Date Report**") containing the information required in a Monthly Report, confirming whether (A) the Issuer has acquired or entered into a binding commitment to acquire Collateral Obligations having an Aggregate Principal Balance which equals or exceeds the Target Par Amount (as notified by the Collateral Manager); and (B) the S&P CDO Monitor Test is satisfied, copies of which shall be forwarded to the Issuer, the Trustee, the Collateral Manager, each Hedge Counterparty and the Rating Agencies (*provided that*, for the purposes of determining the Aggregate Principal Balance as provided above, any repayments or prepayments of Collateral Obligations subsequent to the Issue Date may be disregarded, the related Principal Balance of such repaid or prepaid Collateral Obligations (or portion thereof that is not subsequently reinvested) shall therefore be included

in the Aggregate Principal Balance as though such repayment or prepayment had not occurred, and the Principal Balance of a Collateral Obligation which is a Defaulted Obligation will be the lower of its S&P Collateral Value and its Moody's Collateral Value).

Within 20 Business Days following the Effective Date the Issuer (or the Collateral Manager on its behalf) shall request that an independent accountant issues an accountants' certificate, copies of which shall be forwarded by the Issuer (or the Collateral Manager on its behalf) to the Issuer (as necessary), the Trustee and the Collateral Administrator, confirming the Aggregate Principal Balance of all Collateral Obligations purchased or committed to be purchased as at such date and the computations and results of the Portfolio Profile Tests, the Collateral Quality Tests, the Coverage Tests and the Reinvestment Overcollateralisation Test by reference to such Collateral Obligations.

The Collateral Manager (acting on behalf of the Issuer) shall promptly, following receipt of the Effective Date Report, request that each of the Rating Agencies (to the extent not previously received) confirm its Initial Ratings of the Rated Notes; *provided that* if the Effective Date Moody's Condition is satisfied then such rating confirmation shall be deemed to have been received from Moody's, and if the Effective Date S&P Condition is satisfied then such rating confirmation shall be deemed to have been received from S&P. If the Effective Date Moody's Condition or the Effective Date S&P Condition is not satisfied within 25 Business Days following the Effective Date the Collateral Manager shall promptly notify Moody's or S&P, as applicable. If either:

- (a) (i) the Effective Date Determination Requirements are not satisfied and Rating Agency Confirmation has not been received in respect of such failure; and
- (ii) either (x) the Collateral Manager (acting on behalf of the Issuer) does not present a Rating Confirmation Plan to Moody's or (y) Rating Agency Confirmation is not received from Moody's in respect of such Rating Confirmation Plan following request therefor from the Collateral Manager; or
- (b) the Effective Date Moody's Condition has not been satisfied and following a request therefor from the Collateral Manager after the Effective Date, Rating Agency Confirmation from Moody's has not been received; or
- (c) the Effective Date S&P Condition has not been satisfied and following a request therefor from the Collateral Manager after the Effective Date, Rating Agency Confirmation from S&P has not been received,

an Effective Date Rating Event shall have occurred. If an Effective Date Rating Event has occurred and is continuing on the Business Day prior to the Payment Date next following the Effective Date, the Rated Notes shall be redeemed, pursuant to Condition 7(e) (*Redemption upon Effective Date Rating Event*) on such Payment Date and thereafter on each Payment Date (to the extent required) out of Interest Proceeds and thereafter out of Principal Proceeds subject to the Priorities of Payments, until the earlier of (x) the date on which the Effective Date Rating Event is no longer continuing and (y) the date on which the Rated Notes have been redeemed in full.

The Collateral Manager shall notify the Rating Agencies upon the discontinuance of an Effective Date Rating Event.

During such time as an Effective Date Rating Event shall have occurred and be continuing the Collateral Manager (acting on behalf of the Issuer) may prepare and present to the Rating Agencies a Rating Confirmation Plan setting forth the timing and manner of acquisition of additional Collateral Obligations and/or any other intended action which will cause confirmation or reinstatement of the Initial Ratings. The Collateral Manager (acting on behalf of the Issuer) is under no obligation whatsoever to present a Rating Confirmation Plan to the Rating Agencies.

### **Eligibility Criteria**

Each Collateral Obligation must, at the time of entering into a binding commitment to acquire such obligation by, or on behalf of, the Issuer, satisfy the following criteria (the "**Eligibility Criteria**") as determined by the Collateral Manager in its reasonable discretion:

- (a) it is a Secured Senior Loan, a Secured Senior Bond, an Unsecured Senior Loan, a Second Lien Loan or a High Yield Bond;

- (b) either (i) it is denominated in Euros and is not convertible into or payable in any other currency or (ii) (other than in the case of Revolving Obligations and Delayed Drawdown Collateral Obligations) it is denominated in a Qualifying Currency other than Euro and is not convertible into or payable in any other currency and, the Issuer, with effect from the date of acquisition thereof and subject to satisfaction of the Hedging Condition, enters into a Currency Hedge Transaction with a notional amount in the relevant currency equal to the aggregate principal amount of such Non-Euro Obligation and otherwise complies with the requirements set out in respect of Non-Euro Obligations in the Collateral Management and Administration Agreement;
- (c) it is not a Defaulted Obligation, a Credit Risk Obligation or Equity Security, including any obligation convertible into an Equity Security (other than at the Issuer's option);
- (d) it is not a lease (including, for the avoidance of doubt, a financial lease);
- (e) it is not a Mezzanine Obligation, a Bridge Loan, a Structured Finance Security, a pre-funded letter of credit or a Synthetic Security;
- (f) it provides for a fixed amount of principal payable in cash on scheduled payment dates and/or at maturity and does not by its terms provide for earlier amortisation or prepayment in each case at a price of less than par;
- (g) it is not a Zero Coupon Security, Step-Up Coupon Security or Step-Down Coupon Security;
- (h) it does not constitute "margin stock" (as defined under Regulation U issued by the Board of Governors of the United States Federal Reserve System);
- (i) it is an obligation in respect of which, following acquisition thereof by the Issuer by the selected method of transfer, payments to the Issuer will not be subject to withholding tax imposed by any jurisdiction (other than U.S. withholding taxes on commitment fees, amendment fees, waiver fees, consent fees, letter of credit fees, extension fees, or similar fees) unless (i) the Obligor is required to make "gross-up" payments to the Issuer that cover the full amount of any such withholding on an after-tax basis or (ii) such withholding can be eliminated by an applicable double tax treaty or otherwise;
- (j) other than in respect of a Corporate Rescue Loan, it is an obligation which has a Moody's Rating of "B3" or higher and an S&P Rating of "B-" or higher;
- (k) it is not a debt obligation whose repayment is subject to substantial non-credit related risk, including catastrophe bonds or instruments whose repayment is conditional on the non-occurrence of certain catastrophes or similar events;
- (l) it will not result in the imposition of any present or future, actual or contingent, monetary liabilities or obligations of the Issuer other than those: (i) which may arise at its option; (ii) which are fully collateralised; (iii) which are subject to limited recourse and priority of payment provisions similar to those set out in the Trust Deed; (iv) which are owed to the agent bank or security agent in relation to the performance of its duties under or in connection with a Collateral Obligation; (v) which may arise as a result of an undertaking to participate in a financial restructuring of a Collateral Obligation where such undertaking is contingent upon the redemption in full of such Collateral Obligation on or before the time by which the Issuer is obliged to enter into the restructured Collateral Obligation and where the restructured Collateral Obligation satisfies the Eligibility Criteria and for the avoidance of doubt, the Issuer is not liable to pay any amounts in respect of a restructured Collateral Obligation; or (vi) which are Delayed Drawdown Collateral Obligations or Revolving Obligations, provided that, in respect of paragraph (v) only, that the imposition of any present or future, actual or contingent, monetary liabilities or obligations of the Issuer following such restructuring shall not exceed the redemption amounts from such restructured obligation;
- (m) it does not have an "F", "r", "p", "pi", "(sf)" or "t" subscript assigned by S&P or a "sf" subscript assigned by Moody's;
- (n) it will not require the Issuer or the pool of collateral to be registered as an investment company under the Investment Company Act;

- (o) it is not a debt obligation that pays scheduled interest less frequently than annually (other than, for the avoidance of doubt, PIK Securities);
- (p) it is not subject to a tender offer, voluntary redemption, exchange offer, conversion or other similar action for a price less than its par amount plus all accrued and unpaid interest;
- (q) the Collateral Obligation Stated Maturity thereof falls prior to the Maturity Date of the Rated Notes;
- (r) its acquisition by the Issuer will not result in the imposition of stamp duty or stamp duty reserve tax payable by the Issuer, unless such stamp duty or stamp duty reserve tax has been included in the purchase price of such Collateral Obligation;
- (s) upon acquisition, both (i) the Collateral Obligation is capable of being, and will be, the subject of a first fixed charge, a first priority security interest or other similar security interest having first ranking priority and having a similar commercial effect in favour of the Trustee for the benefit of the Secured Parties and (ii) (subject to (i) above) the Issuer (or the Collateral Manager on behalf of the Issuer) has notified the Trustee in the event that any Collateral Obligation that is a bond is held through the Custodian but not held through Euroclear or Clearstream, Luxembourg or does not satisfy the requirements relating to collateral held in Euroclear or Clearstream, Luxembourg (as applicable) specified in the Trust Deed and has taken such action as the Trustee may require to effect such security interest;
- (t) it is not an obligation of a borrower who or which is resident in or incorporated under the laws of The Netherlands and who or which is not acting in the conduct of a business or profession;
- (u) it is not a Dutch Ineligible Security;
- (v) is an obligation of an Obligor or Obligors Domiciled in a Non-Emerging Market Country (as determined by the Collateral Manager acting on behalf of the Issuer);
- (w) it has not been called for, and is not subject to a pending, redemption;
- (x) it is capable of being sold, assigned or participated to the Issuer, together with any associated security, without any breach of applicable selling restrictions or of any contractual provisions or of any legal or regulatory requirements and the Issuer does not require any authorisations, consents, approvals or filings (other than such as have been obtained or effected) as a result of or in connection with any such sale, assignment or participation under any applicable law;
- (y) it is not an obligation in respect of which interest payments are scheduled to decrease (although interest payments may decrease due to unscheduled events such as a decrease of the index relating to a Floating Rate Collateral Obligation, the change from a default rate of interest to a non-default rate or an improvement in the Obligor's financial condition);
- (z) it is not an obligation whose acquisition by the Issuer will cause the Issuer to be deemed to have participated in a primary loan origination in the United States;
- (aa) it is not a Project Finance Loan;
- (bb) it is not an obligation of an Obligor that is a Portfolio Company;
- (cc) it is in registered form for U.S. federal income tax purposes, unless it is not a "registration-required obligation" as defined in Section 163(f) of the U.S. Internal Revenue Code;
- (dd) it is not a loan of an Obligor Domiciled in the United States originated by the Collateral Manager, provided that (i) loans that are syndicated to an initial lender group of greater than three and (ii) senior tranches of loans not originated by the Collateral Manager where mezzanine tranches of the senior loans were originated by the Collateral Manager, shall in either case not be counted as originated by the Collateral Manager;
- (ee) it must require the consent of at least 50 per cent. of the lenders to the Obligor thereunder for any change that is adverse to the interests of the holders thereof in the principal repayment profile or interest applicable on such obligation (for the avoidance of doubt, excluding any changes originally

envisaged in the loan documentation) provided that in the case of a Collateral Obligation that is a bond, such percentage requirement shall refer to the percentage of holders required to approve a resolution on any such matter, either as a percentage of those attending a quorate bondholder meeting or as a percentage of all bondholders acting by way of a written resolution;

- (ff) it has an S&P Rating;
- (gg) it has a Moody's Rating (or, in the case of a Corporate Rescue Loan, an Assigned Moody's Rating);
- (hh) it is not an obligation of an Obligor which has (or whose corporate group has) total current indebtedness (comprised of all financial debt owing by the Obligor and any other members of its corporate group, including the maximum available amount or total commitment under any revolving or delayed draw loans) under its (or their) respective loan agreements and other Underlying Instruments of less than €150,000,000 (or its equivalent in any currency);
- (ii) it is not a Deferring Security (provided that for this purpose, paragraphs (a) and (b) of the definition of "Deferring Security" shall not apply and a Collateral Obligation shall be a Deferring Security irrespective of the length of time during which it has been deferring the payment of the current cash interest due thereon);
- (jj) it is not a Current Pay Obligation;
- (kk) the purchase price thereof (excluding any Purchased Accrued Interest) is not less than 65.0 per cent. of the outstanding principal amount thereof as of the date of acquisition thereof;
- (ll) it is an Eligible Interest Rate Obligation; and
- (mm) it is not an obligation that contains limited recourse provisions that limit the obligations of the Obligor thereunder to a defined portfolio or pool of assets.

Other than (i) Issue Date Collateral Obligations which must satisfy the Eligibility Criteria on the Issue Date and (ii) Collateral Obligations which are the subject of a restructuring (whether effected by way of an amendment to the terms of such Collateral Obligation or by way of substitution of new obligations and/or change of Obligor) which must satisfy the Restructured Obligation Criteria on the applicable Restructuring Date, the subsequent failure of any Collateral Obligation to satisfy any of the Eligibility Criteria shall not prevent any obligation which would otherwise be a Collateral Obligation from being a Collateral Obligation so long as such obligation satisfied the Eligibility Criteria, when the Issuer or the Collateral Manager on behalf of the Issuer entered into a binding agreement to purchase such obligation.

**"Bridge Loan"** shall mean any Collateral Obligation that, as determined by the Collateral Manager: (i) is incurred in connection with a merger, acquisition, consolidation, sale of all or substantially all of the assets of a person, restructuring or similar transaction; and (ii) by its terms, is required to be repaid within one year of the incurrence thereof with proceeds from additional borrowings or other refinancings (provided, however, that any additional borrowing or refinancing having a term of more than one year may be included as a Bridge Loan if one or more financial institutions shall have provided the Obligor with a binding written commitment to provide the same).

**"Eligible Interest Rate Obligation"** means (a) it is a Fixed Rate Collateral Obligation or a floating amount of interest referenced to a published reference rate commonly used in the financial markets such as EURIBOR, Euro LIBOR or LIBOR, as well as reference rates that may be introduced in succession or replacement in the future; (b) it is not an obligation that allows the Obligor to pay interest amounts in a currency that is different from the denomination of the principal amount of such obligation; (c) it is not an obligation in respect of which the interest coupon or margin may increase due to a decrease of the index or reference rate applicable to the determination of such interest amount or decrease due to an increase of the index or reference rate applicable to the determination of such interest amount; (d) it is not an obligation in respect of which the index or reference rate applicable to the determination of the interest amount is based on a derivative of any index or reference rate; (e) it is not an obligation in respect of which the tenor of the index or reference rate applicable to the determination of the interest amount is different to the tenor of the frequency of interest amount payments required to be made by the Obligor, other than in respect of the initial interest period or the final interest period prior to maturity or an acceleration or other early termination of such obligation (or both as the case may be), provided that in each case the difference of the tenor of the index or reference rate to the tenor of the frequency of interest amount payments required to be made by the Obligor is not more than one month at any time; and (f)

it is an obligation in respect of which any interest amount that is deferred (including any interest amount that is automatically deferred or deferred at the option of the Obligor, and including any interest amount that is capitalised) incurs interest that is the same as the rate that is applicable to the principal amount of such obligation.

“**Portfolio Company**” means any company that is controlled by the Collateral Manager, an Affiliate thereof, or an account, fund, client or portfolio established and controlled by the Collateral Manager or an Affiliate thereof.

“**Project Finance Loan**” means a loan obligation under which the obligor is obliged to make payments that depend (except for rights or other assets designed to assure the servicing or timely distribution of payments) on future revenues arising from infrastructure assets yet to be constructed, including, without limitation:

- (a) the sale of products, such as electricity, water, gas or oil, generated by one or more infrastructure assets in the utility industry by a special purpose entity; and
- (b) fees charged in respect of one or more highways, bridges, tunnels, pipelines or other infrastructure assets by a special purpose entity, and in each case, the sole activity of such special purpose entity is the ownership and/or management of such asset or assets and the acquisition and/or development of such asset by the special purpose entity was effected primarily with the proceeds of debt financing made available to it on a limited recourse basis.

“**Structured Finance Security**” means any debt security which is secured directly, or represents the ownership of, a pool of consumer receivables, auto loans, auto leases, equipment leases, home or commercial mortgages, corporate debt or sovereign debt obligations or similar assets, including, without limitation, collateralised bond obligations, collateralised loan obligations or any similar security.

“**Synthetic Security**” means a security or swap transaction (other than a letter of credit or a Participation) that has payments of interest or principal on a reference obligation or the credit performance of a reference obligation.

“**Step-Down Coupon Security**” means an obligation or security which by the terms of the related Underlying Instruments provides for a decrease in the per annum interest rate on such obligation or security (other than by reason of any change in the applicable index or benchmark rate used to determine such interest rate) or in the spread over the applicable index or benchmark rate, solely as a function of the passage of time; provided that an obligation or security providing for payment of a constant rate of interest at all times after the date of acquisition by the Issuer shall not constitute a Step-Down Coupon Security.

“**Step-Up Coupon Security**” means an obligation or security which by the terms of the related underlying instruments provides for an increase in the per annum interest rate on such obligation or security, or in the spread over the applicable index or benchmark rate, solely as a function of the passage of time; provided that an obligation or security providing for payment of a constant rate of interest at all times after the date of acquisition by the Issuer shall not constitute a Step-Up Coupon Security.

“**Zero Coupon Security**” means a security (other than a Step-Up Coupon Security or a Step-Down Coupon Security) that, at the time of issuance, does not provide for periodic payments of interest.

### **Restructured Obligations**

In the event a Collateral Obligation becomes (as determined by the Issuer, assisted by the Collateral Manager) the subject of a restructuring whether effected by way of an amendment to the terms of such Collateral Obligation (including but not limited to an amendment of its maturity date) or by way of substitution of new obligations and/or change of Obligor, such obligation shall only constitute a Restructured Obligation if such obligation satisfies each of the criteria comprising the Eligibility Criteria other than the criteria set out at paragraphs (c), (j), (p), (w), (y), (ii) and (jj) on the related Restructuring Date (the “**Restructured Obligation Criteria**”), as determined by the Collateral Manager in its reasonable discretion.

## Management of the Portfolio

### *Overview*

The Collateral Manager (acting on behalf of the Issuer) is permitted, in certain circumstances and, subject to certain requirements, to sell Collateral Obligations and Exchanged Equity Securities and to reinvest the Sale Proceeds (other than accrued interest on such Collateral Obligations included in Interest Proceeds by the Collateral Manager) thereof in Substitute Collateral Obligations. The Collateral Manager shall notify the Collateral Administrator of all necessary details of the Collateral Obligation or Exchanged Equity Security to be sold and the proposed Substitute Collateral Obligation to be purchased and the Collateral Administrator (on behalf of the Issuer) shall determine and shall provide confirmation of whether the Portfolio Profile Tests and Reinvestment Criteria which are required to be satisfied, maintained or improved in connection with any such sale or reinvestment are satisfied, maintained or improved or, if any such criteria are not satisfied, maintained or improved, shall notify the Issuer and the Collateral Manager of the reasons and the extent to which such criteria are not so satisfied, maintained or improved.

The Collateral Manager will determine and use reasonable endeavours to cause to be purchased by the Issuer, Collateral Obligations (including all Substitute Collateral Obligations) taking into account the Eligibility Criteria and the other requirements set out in the Collateral Management and Administration Agreement and will monitor the performance of the Collateral Obligations on an ongoing basis using sources of information reasonably available to it and provided that the Collateral Manager shall not be responsible for determining whether or not the terms of any individual Collateral Obligation have been observed.

The activities referred to below that the Collateral Manager may undertake on behalf of the Issuer are subject to the Issuer's monitoring of the performance of the Collateral Manager under the Collateral Management and Administration Agreement.

### *Sale of Issue Date Collateral Obligations*

The Collateral Manager, acting on behalf of the Issuer shall sell any Issue Date Collateral Obligations which do not comply with the Eligibility Criteria on the Issue Date (each a "**Non-Eligible Issue Date Collateral Obligation**").

Any Sale Proceeds received in connection therewith may be reinvested in Substitute Collateral Obligations satisfying the Eligibility Criteria or credited to the Principal Account pending such reinvestment.

### *Terms and Conditions applicable to the Sale of Credit Risk Obligations, Credit Improved Obligations, Defaulted Obligations and Equity Securities.*

Credit Risk Obligations, Credit Improved Obligations and Defaulted Obligations may be sold at any time by the Collateral Manager (acting on behalf of the Issuer) subject to (a) to the Collateral Manager's knowledge (without the need for inquiry or investigation), no Event of Default has occurred which is continuing; *provided, however* that any sale may nonetheless occur if the consent of the Controlling Class acting by Ordinary Resolution has been obtained, and (b) the Collateral Manager certifying to the Trustee and the Collateral Administrator that it believes, in its reasonable business judgment, that such security constitutes a Credit Risk Obligation, a Credit Improved Obligation or a Defaulted Obligation as the case may be.

The Collateral Manager shall use commercially reasonable efforts to effect the sale of any Equity Securities in the Portfolio, regardless of the price received for such Equity Securities, within three years of such Equity Securities entering the Portfolio.

### *Terms and Conditions applicable to the Sale of Exchanged Equity Securities*

Any Exchanged Equity Security may be sold at any time by the Collateral Manager in its discretion (acting on behalf of the Issuer), subject to, to the Collateral Manager's knowledge (without the need for inquiry or investigation), no Event of Default has occurred which is continuing, *provided, however* any sale may nonetheless occur if the consent of the Controlling Class acting by Ordinary Resolution has been obtained.

In addition to any discretionary sale of Exchanged Equity Securities as provided above, the Collateral Manager shall be required by the Issuer to:

- (a) use its commercially reasonable efforts to sell (on behalf of the Issuer) any Exchanged Equity Security which constitutes (i) Margin Stock, as soon as practicable upon its receipt or upon its becoming Margin Stock (as applicable), or (ii) Dutch Ineligible Security as soon as practicable upon its receipt; and
- (b) use commercially reasonable efforts to sell (on behalf of the Issuer) any Exchanged Equity Security, which does not constitute Margin Stock or a Dutch Ineligible Security, within three years of receipt thereof. Unless such sale is prohibited by applicable law, in which case such Exchanged Equity Security shall be sold as soon as such sale is permitted by applicable law.

*Discretionary Sales*

The Issuer or the Collateral Manager (acting on behalf of the Issuer) may dispose of any Collateral Obligation (other than a Credit Improved Obligation, a Credit Risk Obligation, a Defaulted Obligation, an Equity Security or an Exchanged Equity Security, each of which may only be sold in the circumstances provided above) at any time (other than during a Restricted Trading Period) provided:

- (a) no Event of Default having occurred which is continuing (in the case of the Collateral Manager, to its knowledge, without the need for inquiry or investigation);
- (b) after giving effect to such sale, the Aggregate Principal Balance of all Collateral Obligations sold as described in this paragraph during the preceding 12 calendar months (or, for the first 12 calendar months after the Issue Date, during the period commencing on the Issue Date) is not greater than 30 per cent. of the Collateral Principal Amount as of the first day of such 12 calendar month period (or as of the Issue Date, as the case may be); and
- (c) either:
  - (i) during the Reinvestment Period, the Collateral Manager reasonably believes prior to such sale that it will be able to enter into one or more binding commitments to reinvest all or a portion of the proceeds of such sale in one or more additional Collateral Obligations with an Aggregate Principal Balance at least equal to the Investment Criteria Adjusted Balance of such sold Collateral Obligation within 60 days after the settlement of such sale in accordance with the Reinvestment Criteria; or
  - (ii) after the Reinvestment Period: (1) the Sale Proceeds from such sale are at least equal to the Investment Criteria Adjusted Balance of such Collateral Obligation; or (2) after giving effect to such sale, the Aggregate Principal Balance of all Collateral Obligations (excluding the Collateral Obligation being sold but including, without duplication, the Sale Proceeds of such sale and for such purpose the Principal Balance of each Defaulted Obligation shall be the lower of its Moody's Collateral Value and its S&P Collateral Value) plus, without duplication, the amounts on deposit in the Principal Account and the Unused Proceeds Account (to the extent such amounts have not and will not be designated as Interest Proceeds to be credited to the Interest Account) (including Eligible Investments therein) will be greater than (or equal to) the Reinvestment Target Par Balance.

**“Investment Criteria Adjusted Balance”** means with respect to a Collateral Obligation, the Principal Balance of such Collateral Obligation, provided that the Investment Criteria Adjusted Balance of:

- (a) a Deferring Security shall be the lesser of:
  - (i) its S&P Collateral Value; and
  - (ii) its Moody's Collateral Value;
- (b) a Discount Obligation shall be the product of such obligation's:
  - (i) purchase price (expressed as a percentage of par); and
  - (ii) Principal Balance; and
- (c) a Collateral Obligation which has been included in the calculation of the CCC/Caa Excess shall be the product of its Market Value and its Principal Balance,

provided that if a Collateral Obligation satisfies two or more of (a) through (c) above, the Investment Criteria Adjusted Balance of such Collateral Obligation shall be calculated using the category which results in the lowest value.

#### *Sale of Collateral Prior to Maturity Date*

In the event of: (i) any redemption of the Rated Notes in whole prior to the Maturity Date; or (ii) receipt of notification from the Trustee of enforcement of the security over the Collateral, the Collateral Manager (acting on behalf of the Issuer) will (at the direction of the Trustee following the enforcement of such security), as far as practicable, arrange for liquidation of the Collateral in order to procure that the proceeds thereof are in immediately available funds by the Business Day prior to the applicable Redemption Date or date of purchase and sell all or part of the Portfolio, as applicable, in accordance with Condition 7 (*Redemption and Purchase*) and clause 5 (*Realisation of Collateral*) of the Collateral Management and Administration Agreement but without regard to the limitations set out in clause 4 (*Management of Portfolio Assets*) and schedule 4 (*Reinvestment Criteria*) of the Collateral Management and Administration Agreement.

#### *Sale of Assets which do not Constitute Collateral Obligations*

In the event that an asset did not satisfy the Eligibility Criteria on the date it was required to do so in accordance with the Collateral Management and Administration Agreement, the Collateral Manager shall use commercially reasonable efforts to sell such asset. Such proceeds shall constitute Sale Proceeds and may be reinvested in accordance with and subject to the Reinvestment Criteria.

#### *Reinvestment of Collateral Obligations*

“**Reinvestment Criteria**” means, during the Reinvestment Period, the criteria set out under “*During the Reinvestment Period*” below and following the expiry of the Reinvestment Period, the criteria set out below under “*Following the Expiry of the Reinvestment Period*”. The Reinvestment Criteria except satisfaction of the Eligibility Criteria shall not apply prior to the Effective Date or in the case of a Collateral Obligation which has been restructured where such restructuring has become binding on the holders thereof.

#### *During the Reinvestment Period*

During the Reinvestment Period, the Collateral Manager (acting on behalf of the Issuer) may, at its discretion, reinvest any Principal Proceeds in the purchase of Substitute Collateral Obligations satisfying the Eligibility Criteria; *provided that* immediately after entering into a binding commitment to acquire such Collateral Obligation and taking into account existing commitments, the criteria set out below must be satisfied:

- (a) to the Collateral Manager’s knowledge (without the need for inquiry or investigation), no Event of Default has occurred which is continuing;
- (b) on and after the Effective Date (or in the case of the Interest Coverage Tests, the second Payment Date) the Coverage Tests are satisfied or if (other than with respect to the reinvestment of any proceeds received upon the sale of, or as a recovery on, any Defaulted Obligation) as calculated immediately prior to sale or prepayment (in whole or in part) of the relevant Collateral Obligation(s) the Principal Proceeds of which are being reinvested, any Coverage Test was not satisfied, the coverage ratio relating to such test will be maintained or improved after giving effect to such reinvestment than it was immediately prior to sale or prepayment (in whole or in part) of the relevant Collateral Obligation(s);
- (c) in the case of a Substitute Collateral Obligation purchased with Sale Proceeds of a Credit Risk Obligation, a Defaulted Obligation or an Exchanged Equity Security either:
  - (i) the Aggregate Principal Balance of all Substitute Collateral Obligations purchased with such Sale Proceeds shall at least equal such Sale Proceeds; or
  - (ii) the sum of: (A) the Aggregate Principal Balance (for such purpose the Principal Balance of each Defaulted Obligation shall be the lower of its Moody’s Collateral Value and its S&P Collateral Value) of all Collateral Obligations (excluding all of the Collateral Obligations being sold but including, without duplication, the Collateral Obligations being purchased and the anticipated cash proceeds, if any, of such sale that are not applied to the purchase of such Substitute Collateral Obligation); and (B) amounts standing to the credit of the Principal

Account and Unused Proceeds Account (including any Eligible Investments (save for interest accrued on Eligible Investments) standing to the credit of such accounts (to the extent such amounts have not and will not be designated as Interest Proceeds to be credited to the Interest Account)) is greater than the Reinvestment Target Par Balance;

- (d) in the case of Substitute Collateral Obligations purchased with Sale Proceeds of a Credit Improved Obligation either:
  - (i) the Aggregate Principal Balance of such Substitute Collateral Obligations is no less than the Principal Balance of the relevant Credit Improved Obligation; or
  - (ii) the sum of: (A) the Aggregate Principal Balance (for such purpose the Principal Balance of each Defaulted Obligation shall be the lower of its Moody's Collateral Value and its S&P Collateral Value) of all Collateral Obligations (excluding all of the Collateral Obligations being sold but including, without duplication, the Collateral Obligations being purchased and the anticipated cash proceeds, if any, of such sale that are not applied to the purchase of such Substitute Collateral Obligation); and (B) amounts standing to the credit of the Principal Account and Unused Proceeds Account (including any Eligible Investments (save for interest accrued on Eligible Investments) standing to the credit of such accounts (to the extent such amounts have not and will not be designated as Interest Proceeds to be credited to the Interest Account)) is greater than the Reinvestment Target Par Balance;
- (e) either: (A) each of the Portfolio Profile Tests and the Collateral Quality Tests will be satisfied; or (B) if any of the Portfolio Profile Tests or Collateral Quality Tests are not satisfied such tests will be maintained or improved after giving effect to such reinvestment than they were immediately prior to sale or prepayment (in whole or in part) of the relevant Collateral Obligation(s), save that this paragraph (e) shall not apply in respect of the S&P CDO Monitor Test in the case of the reinvestment of Sale Proceeds from Credit Risk Obligations and Defaulted Obligations;
- (f) the date on which the Issuer (or the Collateral Manager acting on behalf of the Issuer) enters into a binding commitment to purchase such Substitute Collateral Obligation occurs during the Reinvestment Period;
- (g) with respect to the reinvestment of Sale Proceeds (other than Sale Proceeds from Credit Improved Obligations, Credit Risk Obligations, Defaulted Obligations and Exchanged Equity Securities), Unscheduled Principal Proceeds and Scheduled Principal Proceeds either:
  - (i) the Principal Balance of such substitute Collateral Obligation is no less than the Principal Balance of the Collateral Obligation being sold or paid down (as applicable); or
  - (ii) after giving effect to such sale, repayment or prepayment the sum of: (A) the Aggregate Principal Balance (for such purpose the Principal Balance of each Defaulted Obligation shall be the lower of its Moody's Collateral Value and its S&P Collateral Value) of all Collateral Obligations (excluding all of the Collateral Obligations being sold, but including, without duplication, the Substitute Collateral Obligations being purchased and the anticipated cash proceeds, if any, of such sale that are not applied to the purchase of such Substitute Collateral Obligations); and (B) amounts standing to the credit of the Principal Account and Unused Proceeds Account (including any Eligible Investments (save for interest accrued on Eligible Investments) standing to the credit of such accounts (to the extent such amounts have not and will not be designated as Interest Proceeds to be credited to the Interest Account)) is greater than the Reinvestment Target Par Balance; and
- (h) on the date on which a binding commitment is made by the Issuer (or the Collateral Manager acting on behalf of the Issuer) to purchase any such Substitute Collateral Obligation the aggregate of the purchase price of such Substitute Collateral Obligation and the purchase prices of all other Substitute Collateral Obligations which the Issuer has made binding commitments to purchase but which have not yet been paid is not less than the aggregate of (i) the amount standing to the credit of the Principal Account and (ii) the aggregate of the outstanding sale prices of Collateral Obligations sold by the Issuer (or the Collateral Manager acting on behalf of the Issuer),

provided that, for the avoidance of doubt, with respect to any Collateral Obligations for which the trade date has occurred during the Reinvestment Period but which settle after such date, the purchase of such Collateral Obligations shall be treated as a purchase made during the Reinvestment Period for purposes of the Trust Deed.

*Following the Expiry of the Reinvestment Period*

Following the expiry of the Reinvestment Period, only Unscheduled Principal Proceeds and Sale Proceeds from the sale of Credit Risk Obligations and Credit Improved Obligations may be reinvested by the Collateral Manager (acting on behalf of the Issuer) in one or more Substitute Collateral Obligations satisfying the Eligibility Criteria, in each case provided that:

- (a) the Aggregate Principal Balance of Substitute Collateral Obligations equals or exceeds (i) the Aggregate Principal Balance of the related Collateral Obligations or the related Credit Improved Obligations that produced such Unscheduled Principal Proceeds or (ii) the amount of Sale Proceeds of such Credit Risk Obligation, as the case may be;
- (b) the Weighted Average Life Test is satisfied immediately after giving effect to such reinvestment;
- (c) the Moody's Maximum Weighted Average Rating Factor Test is satisfied after giving effect to such reinvestment;
- (d) all Par Value Tests are satisfied before and after giving effect to such reinvestment;
- (e) no Restricted Trading Period is ongoing;
- (f) the Portfolio Profile Tests and the Collateral Quality Tests (except the Weighted Average Life Test, the S&P CDO Monitor Test and the Moody's Maximum Weighted Average Rating Factor Test) are satisfied;
- (g) to the Collateral Manager's knowledge (without the need for inquiry or investigation), no Event of Default has occurred which is continuing;
- (h) (i) the Collateral Obligation Stated Maturity of each Substitute Collateral Obligation is the same as or earlier than the Collateral Obligation Stated Maturity of the Collateral Obligation that produced such Unscheduled Principal Proceeds or Sale Proceeds; (ii) (A) such Substitute Collateral Obligations have the same or a higher S&P Rating as the Collateral Obligation that produced such Unscheduled Principal Proceeds or Sale Proceeds or (B) for so long as any Rated Notes by S&P are outstanding, the S&P CDO SDR is no greater following such reinvestment; and (iii) such Substitute Collateral Obligations have the same or a higher Moody's Rating as the Collateral Obligation that produced such Unscheduled Principal Proceeds or Sale Proceeds;
- (i) after giving effect to such reinvestment, at least 90 per cent. of the Collateral Principal Amount shall consist of obligations which are Secured Senior Loans or Secured Senior Bonds (which terms, for the purposes of this paragraph (i), shall comprise the aggregate of the Aggregate Principal Balance of the Secured Senior Loans and Secured Senior Bonds and the Balance standing to the credit of the Principal Account (including Eligible Investments therein representing Principal Proceeds) and the Unused Proceeds Account (including Eligible Investments therein representing such amounts), in each case as at the relevant Measurement Date);
- (j) after giving effect to such reinvestment, not more than 7.5 per cent. of the Collateral Principal Amount shall consist of obligations which are CCC Obligations;
- (k) after giving effect to such reinvestment, not more than 7.5 per cent. of the Collateral Principal Amount shall consist of obligations which are Caa Obligations;
- (l) after giving effect to such reinvestment, not more than 5.0 per cent. of the Collateral Principal Amount shall consist of obligations which are Current Pay Obligations; and
- (m) on the date on which a binding commitment is made by the Issuer (or the Collateral Manager acting on behalf of the Issuer) to purchase any such Substitute Collateral Obligation the aggregate of the purchase price of such Substitute Collateral Obligation and the purchase prices of all other Substitute Collateral Obligations which the Issuer has made binding commitments to purchase but which have not

yet been paid is not less than the aggregate of (i) the amount standing to the credit of the Principal Account and (ii) the aggregate of the outstanding sale prices of Collateral Obligations sold by the Issuer (or the Collateral Manager acting on behalf of the Issuer).

Following the expiry of the Reinvestment Period, any Sale Proceeds from the sale of Credit Risk Obligations and Credit Improved Obligations and any Unscheduled Principal Proceeds that have not been reinvested as provided above prior to the end of the Due Period in which such proceeds were received shall be paid into the Principal Account and disbursed in accordance with the Principal Proceeds Priority of Payment on the following Payment Date (subject as provided at the end of this paragraph), save that the Collateral Manager (acting on behalf of the Issuer) may in its discretion procure that Unscheduled Principal Proceeds and Sale Proceeds from the sale of any Credit Risk Obligations and Credit Improved Obligations are paid into the Principal Account and designated for reinvestment in Substitute Collateral Obligations, in which case such Principal Proceeds shall not be so disbursed in accordance with the Principal Proceeds Priority of Payments for so long as they remain so designated for reinvestment but for no longer than the later of (A) 30 Business Days following their receipt by the Issuer and (B) the end of the following Due Period; *provided that*, in each case where any of the applicable Reinvestment Criteria are not satisfied as of the Determination Date next following receipt of such Sale Proceeds or Unscheduled Principal Proceeds, all such funds shall be paid into the Principal Account and disbursed in accordance with the Principal Proceeds Priority of Payments set out in Condition 3(c)(ii) (*Application of Principal Proceeds*) and such funds shall be applied only in redemption of the Notes in accordance with the Priorities of Payments.

#### *Unsaleable Assets*

Notwithstanding the other requirements set forth in the Collateral Management and Administration Agreement and the Trust Deed, on any Business Day after the Reinvestment Period, the Collateral Manager, in its sole discretion, may conduct an auction on behalf of the Issuer of Unsaleable Assets in accordance with the procedures described in this paragraph. Promptly after receipt of written notice from the Collateral Manager of such auction, the Trustee will provide notice (in such form as is prepared by the Collateral Manager) to the Noteholders of an auction, setting forth in reasonable detail a description of each Unsaleable Asset and the following auction procedures: (i) any Noteholder may submit a written bid within 10 Business Days after the date of such notice to purchase one or more Unsaleable Assets no later than the date specified in the auction notice (which will be at least 15 Business Days after the date of such notice, and with a copy to the Collateral Manager); (ii) each bid must include an offer to purchase for a specified amount of cash on a proposed settlement date no later than 20 Business Days after the date of the auction notice; (iii) if no Noteholder submits such a bid within the time period specified under clause (i) above, unless the Collateral Manager determines that delivery in kind is not legally or commercially practicable and provides written notice thereof to the Principal Paying Agent, the Principal Paying Agent will provide notice thereof to each Noteholder and offer to deliver (at such Noteholder's expense) a *pro rata* portion (as determined by the Collateral Manager) of each unsold Unsaleable Asset to the Noteholders or beneficial owners of the most senior Class that provide delivery instructions to the Collateral Administrator on or before the date specified in such notice, subject to minimum denominations; provided that, to the extent that minimum denominations do not permit a *pro rata* distribution, the Collateral Administrator will distribute the Unsaleable Assets on a *pro rata* basis to the extent possible and the Collateral Manager will select by lottery the Noteholder or beneficial owner to whom the remaining amount will be delivered and deliver written notice thereof to the Collateral Administrator; provided, further, that the Collateral Administrator will use commercially reasonable efforts to effect delivery of such interests; and (iv) if no such Noteholder or beneficial owner provides delivery instructions to the Collateral Administrator, the Collateral Administrator will promptly notify the Collateral Manager and offer to deliver (at the cost of the Collateral Manager) the Unsaleable Asset to the Collateral Manager. If the Collateral Manager declines such offer, the Collateral Administrator will take such action as directed by the Collateral Manager (on behalf of the Issuer) in writing to dispose of the Unsaleable Asset, which may be by donation to a charity, abandonment or other means.

“**Unsaleable Assets**” means (a)(i) a Defaulted Obligation, (ii) an Equity Security or (iii) an obligation received in connection with an Offer, in a restructuring or plan of reorganisation with respect to the obligor, in each case, in respect of which the Issuer has not received a payment in cash during the preceding 12 months or (b) any Collateral Obligation or Eligible Investment identified in an officer's certificate of the Collateral Manager as having the product of its Principal Balance and Market Value less than Euro 1,000, in the case of each of (a) and (b) with respect to which the Collateral Manager certifies to the Trustee (upon which certificate the Trustee shall be entitled to rely absolutely and without further enquiry or liability) that (x) it has made commercially reasonable efforts to dispose of such obligation for at least 90 days and (y) in its commercially reasonable judgment such obligation is not expected to be saleable in the foreseeable future.

### *Amendments to Collateral Obligation Stated Maturities of Collateral Obligations*

The Issuer (or the Collateral Manager on the Issuer's behalf) may vote in favour of a Maturity Amendment only if, after giving effect to such Maturity Amendment: (a) the Collateral Obligation Stated Maturity of the Collateral Obligation that is the subject of such Maturity Amendment is not later than the Maturity Date of the Rated Notes; and (b) the Weighted Average Life Test is satisfied as determined by the Collateral Manager. If the Issuer or the Collateral Manager has not voted in favour of a Maturity Amendment which would contravene the requirements of this paragraph but by way of scheme of arrangement or otherwise, the Collateral Obligation Stated Maturity has been extended, the Issuer or the Collateral Manager acting on its behalf may but shall not be required to sell such Collateral Obligation *provided that* in any event the Collateral Manager shall dispose of such Collateral Obligation prior to the Maturity Date. Such proceeds shall constitute Sale Proceeds and may be reinvested in accordance with and subject to the Reinvestment Criteria.

“**Maturity Amendment**” means with respect to any Collateral Obligation, any waiver, modification, amendment or variance that would extend the Collateral Obligation Stated Maturity of such Collateral Obligation. For the avoidance of doubt, a waiver, modification, amendment or variance that would extend the Collateral Obligation Stated Maturity of the credit facility of which a Collateral Obligation is part, but would not extend the Collateral Obligation Stated Maturity of the Collateral Obligation held by the Issuer, does not constitute a Maturity Amendment.

### *Expiry of Reinvestment Period Certification*

Immediately preceding the end of the Reinvestment Period, the Collateral Manager will deliver to the Trustee and the Collateral Administrator a schedule of Collateral Obligations purchased by the Issuer with respect to which purchases the trade date has occurred but the settlement date has not yet occurred and will certify to the Trustee that sufficient Principal Proceeds are available (including for this purpose, cash on deposit in the Principal Account, any scheduled distributions of Principal Proceeds, as well as any Principal Proceeds that will be received by the Issuer from the sale of Collateral Obligations for which the trade date has already occurred but the settlement date has not yet occurred) to effect the settlement of such Collateral Obligations.

### *Reinvestment Overcollateralisation Test*

If, on any Payment Date during the Reinvestment Period, after giving effect to the payment of all amounts payable in respect of paragraphs (A) to (V) (inclusive) of the Interest Proceeds Priority of Payments, the Reinvestment Overcollateralisation Test has not been met, Interest Proceeds shall be applied to the payment to the Principal Account as Principal Proceeds for the acquisition of additional Collateral Obligations, in an amount equal to the lesser of (x) 50 per cent. of all remaining Interest Proceeds available for payment pursuant to paragraph (W) of the Interest Proceeds Priority of Payments and (y) the amount which, after giving effect to such payment, would be sufficient to cause the Reinvestment Overcollateralisation Test to be satisfied if recalculated immediately following such payment.

### *Designation for Reinvestment*

After the expiry of the Reinvestment Period, the Collateral Manager shall, one Business Day following each Determination Date, notify the Issuer and the Collateral Administrator in writing of all Principal Proceeds which the Collateral Manager determines in its discretion (acting on behalf of the Issuer, and subject to the terms of Collateral Management and Administration Agreement as described above) shall remain designated for reinvestment in accordance with the Reinvestment Criteria, on or after the following Payment Date in which event such Principal Proceeds shall not constitute Principal Proceeds which are to be paid into the Payment Account and disbursed on such Payment Date in accordance with the Priorities of Payments.

The Collateral Manager (acting on behalf of the Issuer) may direct that the proceeds of sale of any Collateral Obligation which represents accrued interest be designated as Interest Proceeds and paid into the Interest Account save for: (i) Purchased Accrued Interest; and (ii) any interest received in respect of a Defaulted Obligation for so long as it is a Defaulted Obligation other than Defaulted Obligation Excess Amounts.

### *Accrued Interest*

Amounts included in the purchase price of any Collateral Obligation comprising accrued interest thereon may be paid from the Interest Account, the Principal Account or the Unused Proceeds Account, at the discretion of the Collateral Manager (acting on behalf of the Issuer) but subject to the terms of the Collateral Management and

Administration Agreement and Condition 3(j) (*Payments to and from the Accounts*). Notwithstanding the foregoing, in any Due Period, all payments of interest and proceeds of sale received during such Due Period in relation to any Collateral Obligation or Eligible Investment, in each case, to the extent that such amounts represent accrued and/or capitalised interest in respect of such Collateral Obligation or Eligible Investment, which was purchased at the time of acquisition thereof with Principal Proceeds and/or principal amounts from the Unused Proceeds Account shall constitute “**Purchased Accrued Interest**” and shall be deposited into the Principal Account as Principal Proceeds.

#### *Block Trades*

The requirements described herein with respect to the Portfolio shall be deemed to be satisfied upon any sale and/or purchase of Collateral Obligations on any day in the event that such Collateral Obligations satisfy such requirements in aggregate rather than on an individual basis.

For the purpose of calculating compliance with the Reinvestment Criteria at the election of the Collateral Manager in its sole discretion, any proposed investment (whether a single Collateral Obligation or a group of Collateral Obligations) identified by the Collateral Manager as such at the time (the “**Initial Trading Plan Calculation Date**”) when compliance with the Reinvestment Criteria is required to be calculated (a “**Trading Plan**”) may be evaluated after giving effect to all sales and reinvestments proposed to be entered into within the ten Business Days following the date of determination of such compliance (such period, the “**Trading Plan Period**”); *provided that*:

- (a) no Trading Plan may result in the purchase of Collateral Obligations having an Aggregate Principal Balance that exceeds 5 per cent. of the Collateral Principal Amount as of the first day of the Trading Plan Period (for which purposes, the Principal Balance of each Defaulted Obligation will be the lower of its Moody’s Collateral Value and its S&P Collateral Value);
- (b) no Trading Plan Period may include a Determination Date;
- (c) no more than one Trading Plan may be in effect at any time during a Trading Plan Period;
- (d) no Collateral Obligation may be included in a Trading Plan that has a Collateral Obligation Stated Maturity earlier than 12 months from the date of such Trading Plan;
- (e) no two Collateral Obligations included in a Trading Plan may have a difference in Collateral Obligation Stated Maturities of more than 3 years; and
- (f) if the Reinvestment Criteria are satisfied prospectively after giving effect to a Trading Plan, but are not satisfied upon the completion of the related Trading Plan, Rating Agency Confirmation from S&P and Moody’s is obtained with respect to the effectiveness of additional Trading Plans (it being understood that Rating Agency Confirmation from Moody’s shall only be required once following any failure of a Trading Plan);

*provided further that* no Trading Plan may result in the averaging of the purchase price of a Collateral Obligation or Collateral Obligations purchased at separate times for purposes of determining whether any particular Collateral Obligation is a Discount Obligation. For the avoidance of doubt, compliance with the Reinvestment Criteria upon completion of a Trading Plan pursuant to (f) above, shall be calculated with respect to those Collateral Obligations that were actually sold and/or purchased as part of the relevant Trading Plan on the basis of data used as at the Initial Trading Plan Calculation Date.

#### *Eligible Investments*

The Issuer or the Collateral Manager (acting on behalf of the Issuer) may from time to time purchase Eligible Investments out of the Balances standing to the credit of the Accounts (other than each Counterparty Downgrade Collateral Account, Unfunded Revolver Reserve Account and the Payment Account). For the avoidance of doubt, Eligible Investments may be sold by the Issuer or the Collateral Manager (acting on behalf of the Issuer) at any time.

### *Collateral Enhancement Obligations*

The Collateral Manager (acting on behalf of the Issuer) may, from time to time, purchase Collateral Enhancement Obligations independently or as part of a unit with the Collateral Obligations being so purchased; *provided that* such a Collateral Enhancement Obligation may not be purchased if it constitutes a Dutch Ineligible Security.

All funds required in respect of the purchase price of any Collateral Enhancement Obligations, and all funds required in respect of the exercise price of any rights or options thereunder, may only be paid out of the Balance standing to the credit of the Supplemental Reserve Account at the relevant time. Pursuant to Condition 3(j)(vi) (*Supplemental Reserve Account*), such Balance shall be comprised of all sums deposited therein from time to time which will comprise: (i) interest payable in respect of the Subordinated Notes which the Collateral Manager, acting on behalf of the Issuer, determines shall be paid into the Supplemental Reserve Account during the Reinvestment Period pursuant to the Priorities of Payments rather than being paid to the Subordinated Noteholders, as a “Supplemental Reserve Amount” subject to the limits set out in the definition thereof; (ii) the amount of any Reinvestment Amounts contributed by a Reinvesting Noteholder and deposited into the Supplemental Reserve Account during the Reinvestment Period in accordance with the Conditions and the Trust Deed and (iii) the proceeds from any issue of additional Subordinated Notes in accordance with Condition 17(b) (*Additional Subordinated Notes*).

Collateral Enhancement Obligations may be sold at any time by the Issuer, or the Collateral Manager on behalf of the Issuer, and all Collateral Enhancement Obligation Proceeds received by the Issuer shall be deposited into the Principal Account for allocation in accordance with the Principal Proceeds Priority of Payments.

Collateral Enhancement Obligations and any income or return generated thereby are not taken into account for the purposes of determining satisfaction of, or required to satisfy, any of the Coverage Tests, Portfolio Profile Tests, Reinvestment Overcollateralisation Test or Collateral Quality Tests.

### *Exercise of Warrants and Options*

The Collateral Manager acting on behalf of the Issuer, may, at any time exercise a warrant or option attached to a Collateral Obligation or comprised in a Collateral Enhancement Obligation and shall on behalf of the Issuer instruct the Account Bank through an Issuer Order to make any necessary payment out of amounts standing to the credit of the Supplemental Reserve Account.

### *Margin Stock*

The Collateral Management and Administration Agreement requires that the Collateral Manager, on behalf of the Issuer, shall use reasonable endeavours to sell any Collateral Obligation, Exchanged Equity Security or Collateral Enhancement Obligation which is or at any time becomes Margin Stock as soon as practicable following such event.

“**Margin Stock**” means margin stock as defined under Regulation U issued by the Federal Reserve Board, including any debt security which is by its terms convertible into Margin Stock.

### *Revolving Obligations and Delayed Drawdown Collateral Obligations*

The Collateral Manager acting on behalf of the Issuer, may acquire Collateral Obligations which are Revolving Obligations or Delayed Drawdown Collateral Obligations from time to time.

Such Revolving Obligations and Delayed Drawdown Collateral Obligations may only be acquired if they are capable of being drawn in a single currency only (being Euros) and are not payable in or convertible into another currency.

Each Revolving Obligation and Delayed Drawdown Collateral Obligation will, pursuant to its terms, require the Issuer to make one or more future advances or other extensions of credit (including extensions of credit made on an unfunded basis pursuant to which the Issuer may be required to reimburse the provider of a guarantee or other ancillary facilities made available to the obligor thereof in the event of any default by the obligor thereof in respect of its reimbursement obligations in connection therewith). Such Revolving Obligations and Delayed Drawdown Collateral Obligations may or may not provide that they may be repaid and reborrowed from time to time by the Obligor thereunder. Upon acquisition of any Revolving Obligations and Delayed Drawdown

Collateral Obligations, the Issuer shall deposit into the Unfunded Revolver Reserve Account amounts equal to the combined aggregate principal amounts of the Unfunded Amounts under each of the Revolving Obligations and Delayed Drawdown Collateral Obligations. To the extent required, the Issuer, or the Collateral Manager acting on its behalf, may direct that amounts standing to the credit of the Unfunded Revolver Reserve Account be deposited with a third party from time to time as collateral for any reimbursement or indemnification obligations owed by the Issuer to any other lender in connection with a Revolving Obligation or a Delayed Drawdown Collateral Obligation, as applicable and upon receipt of an Issuer Order (as defined in the Collateral Management and Administration Agreement) the Trustee shall release such amounts from the security granted thereover pursuant to the Trust Deed.

#### *Participations*

The Collateral Manager acting on behalf of the Issuer, may from time to time acquire Collateral Obligations from Selling Institutions by way of Participation provided that at the time such Participation is taken:

- (a) the percentage of the Collateral Principal Amount that represents Participations entered into by the Issuer with a single Selling Institution will not exceed the individual percentages set forth in the Bivariate Risk Table determined by reference to the credit rating of such third party (or any guarantor thereof); and
- (b) the percentage of the Collateral Principal Amount that represents Participations entered into by the Issuer with Selling Institutions (or any guarantor thereof), each having the same credit rating (taking the lowest rating assigned thereto by any Rating Agency), will not exceed the aggregate third party credit exposure limit set forth in the Bivariate Risk Table for such credit rating,

and for the purpose of determining the foregoing, account shall be taken of each sub participation from which the Issuer, directly or indirectly derives its interest in the relevant Collateral Obligation.

Each Participation entered into pursuant to a sub-participation agreement shall be substantially in the form of:

- (a) the LSTA Model Participation Agreement for par/near par trades (as published by the Loan Syndications and Trading Association Inc. from time to time);
- (b) the LMA Funded Participation (Par) (as published by the Loan Market Association from time to time); or
- (c) such other documentation,

*provided that*, in each case, such agreement contains limited recourse and non-petition language substantially the same as the Trust Deed.

#### *Assignments*

The Collateral Manager acting on behalf of the Issuer, may from time to time acquire Collateral Obligations from Selling Institutions by way of Assignment provided that at the time such Assignment is acquired the Collateral Manager acting on behalf of the Issuer shall have complied, to the extent within their control, with any requirements relating to such Assignment set out in the relevant loan documentation for such Collateral Obligation (including, without limitation, with respect to the form of such Assignment and obtaining the consent of any person specified in the relevant loan documentation).

“**Assignment**” means an interest in a loan acquired directly by way of novation or assignment.

#### *Bivariate Risk Table*

The following is the bivariate risk table (the “**Bivariate Risk Table**”) as referred to in “*Participations*” above. For the purposes of the limits specified in the Bivariate Risk Table, the individual third party credit exposure limit shall be determined by reference to the Aggregate Principal Balance of all Participations (excluding any Defaulted Obligations) entered into by the Issuer with the same counterparty (such amount in respect of such entity, the “**Third Party Exposure**”) and the applicable percentage limits shall be determined by reference to the lower of the Moody’s or S&P ratings applicable to such counterparty and the aggregate third party credit exposure limit shall be determined by reference to the aggregate of Third Party Exposure of all such

counterparties which share the same rating level or have a lower rating level, as indicated in the Bivariate Risk Table.

#### Bivariate Risk Table

Issuer Credit Rating of Selling Institution	Individual Third Party Credit Exposure Limit*	Aggregate Third Party Credit Exposure Limit*
S&P		
AAA	10 per cent.	10 per cent.
AA+	10 per cent.	10 per cent.
AA	10 per cent.	10 per cent.
AA-	10 per cent.	10 per cent.
A+	5 per cent.	5 per cent.
A and A-1	5 per cent.	5 per cent.
A- or below	0 per cent.	0 per cent.
<b>Long-Term/Short-Term Senior Unsecured Debt Rating of Selling Institution</b>	<b>Individual Third Party Credit Exposure Limit*</b>	<b>Aggregate Third Party Credit Exposure Limit*</b>
Moody's		
Aaa	10 per cent.	10 per cent.
Aa1	10 per cent.	10 per cent.
Aa2	10 per cent.	10 per cent.
Aa3	10 per cent.	10 per cent.
A1	5 per cent.	10 per cent.
A2 and P-1	5 per cent.	5 per cent.
A3 or below	0 per cent.	0 per cent.

\* As a percentage of the Collateral Principal Amount (excluding any Defaulted Obligations) the aggregate third party credit exposure limit shall be determined by reference to the aggregate of the third party credit exposure of all such counterparties which share the same rating level or have a lower rating level, as indicated in the Bivariate Risk Table.

#### Portfolio Profile Tests and Collateral Quality Tests

##### *Measurement of Tests*

The Portfolio Profile Tests and the Collateral Quality Tests will be used as criteria for purchasing Collateral Obligations. The Collateral Administrator will measure the Portfolio Profile Tests and the Collateral Quality Tests on each Measurement Date (save as otherwise provided herein).

For the purposes of the Portfolio Profile Tests and the Collateral Quality Tests:

- (a) Collateral Obligations in respect of which a binding commitment has been made by the Issuer (or the Collateral Manager acting on behalf of the Issuer) to purchase such Collateral Obligations but such purchase has not been settled shall nonetheless be deemed to have been purchased; and
- (b) Collateral Obligations in respect of which a binding commitment has been made by the Issuer (or the Collateral Manager acting on behalf of the Issuer) to sell such Collateral Obligations but such sale has not yet been settled shall nonetheless be deemed to have been sold,

*provided however*, that there shall also be deemed to have been made such debits and/or credits to the Accounts representing the purchase price to be paid and/or the Sale Proceeds to be received in respect of such deemed purchase and/or sale.

### *Portfolio Profile Tests*

The Portfolio Profile Tests will consist of each of the following:

- (a) not less than 90 per cent. of the Collateral Principal Amount shall consist of obligations which are Secured Senior Loans or Secured Senior Bonds (which terms, for the purposes of this paragraph (a), shall comprise the aggregate of the Aggregate Principal Balance of the Secured Senior Loans and Secured Senior Bonds and the Balance standing to the credit of the Principal Account (including Eligible Investments therein representing Principal Proceeds) and the Unused Proceeds Account) (including Eligible Investments therein representing such amounts), in each case as at the relevant Measurement Date);
- (b) not less than 70 per cent. of the Collateral Principal Amount shall consist of obligations which are Secured Senior Loans (which term, for the purposes of this paragraph (b), shall comprise the aggregate of the Aggregate Principal Balance of the Secured Senior Loans and the Balance standing to the credit of the Principal Account (including Eligible Investments therein representing Principal Proceeds) and the Unused Proceeds Account) (including Eligible Investments therein representing such amounts), in each case as at the relevant Measurement Date);
- (c) not more than 10 per cent. of the Collateral Principal Amount shall consist of Unsecured Senior Loans, Second Lien Loans and High Yield Bonds;
- (d) not more than 25 per cent. of the Collateral Principal Amount shall consist of Senior Secured Floating Rate Notes and Fixed Rate Collateral Obligations, provided that not more than 7.5 per cent. shall consist of Fixed Rate Collateral Obligations;
- (e) not more than 2.5 per cent. of the Collateral Principal Amount shall be the obligation of any single Obligor provided that the Aggregate Principal Balance of 3 Obligors may each represent up to 3 per cent. of the Collateral Principal Amount; and provided further that with respect to Collateral Obligations which are not Secured Senior Loans or Secured Senior Bonds, not more than 1 per cent. of the Collateral Principal Amount shall be the obligation of any single Obligor except that in the case of two such Collateral Obligations up to 1.5 per cent. of the Collateral Principal Amount may be the obligation of a single Obligor;
- (f) not more than 10 per cent. of the Collateral Principal Amount shall consist of Non-Euro Obligations (provided a corresponding Currency Hedge Transaction is entered into);
- (g) not more than 10 per cent. of the Collateral Principal Amount shall consist of Participations;
- (h) not more than 5 per cent. of the Collateral Principal Amount shall consist of obligations which are Unfunded Amounts and Funded Amounts under Revolving Obligations or Delayed Drawdown Collateral Obligations;
- (i) not more than 5 per cent. of the Collateral Principal Amount shall consist of obligations which pay scheduled interest less frequently than semi-annually (other than PIK Securities);
- (j) not more than 7.5 per cent. of the Collateral Principal Amount shall consist of obligations which are Caa Obligations;
- (k) not more than 7.5 per cent. of the Collateral Principal Amount shall consist of obligations which are CCC Obligations;
- (l) not more than 5 per cent. of the Collateral Principal Amount shall consist of Corporate Rescue Loans; provided that not more than 1.5 per cent. shall consist of Corporate Rescue Loans from a single Obligor;
- (m) not more than 5 per cent. of the Collateral Principal Amount shall consist of PIK Securities;
- (n) not more than 25 per cent. of the Collateral Principal Amount shall consist of Cov-Lite Loans;
- (o) not more than 10.0 per cent. of the Collateral Principal Amount shall be obligations with Obligors that belong to any single S&P Industry Classification provided that one S&P Industry Classification may

comprise up to 15.0 per cent. of the Collateral Principal Amount and two other S&P Industry Classifications may each comprise up to 12.0 per cent. of the Collateral Principal Amount;

- (p) not more than 10 per cent. of the Collateral Principal Amount shall consist of obligations whose Moody's Rating is derived from an S&P rating;
- (q) not more than 10 per cent. of the Collateral Principal Amount shall consist of obligations whose S&P Rating is derived from a Moody's rating;
- (r) not more than 10 per cent. of the Collateral Principal Amount shall consist of obligations with Obligors who are Domiciled in Non-Emerging Market Countries the local currency country risk ceiling rating by Moody's of which is below "Aa3" and no lower than "A3" unless Rating Agency Confirmation from Moody's is obtained;
- (s) not more than 10 per cent. of the Collateral Principal Amount shall consist of Obligors who are Domiciled in Non-Emerging Market Countries rated below "A-" by S&P unless Rating Agency Confirmation from S&P is obtained; and
- (t) not more than 5 per cent. of the Collateral Principal Amount shall consist of Collateral Obligations issued by Obligors each of which has total current indebtedness (comprised of all financial debt owing by the Obligor including the maximum available amount or total commitment under any revolving or delayed draw loans) under their respective loan agreements and other Underlying Instruments greater than or equal to €150,000,000 and less than €250,000,000 (or its equivalent in any currency).

**"S&P Industry Classification"** means an industry classification set out in the table below or as otherwise modified, amended or replaced by S&P from time to time:

The percentage requirements applicable to different types of Collateral Obligations specified in the Portfolio Profile Tests shall be determined by reference to the Aggregate Principal Balance of such type of Collateral Obligations, excluding Defaulted Obligations.

*Collateral Quality Tests*

The Collateral Quality Tests will consist of each of the following:

- (a) so long as any Rated Notes rated by S&P are Outstanding:

- (i) (as of the Effective Date and until the expiry of the Reinvestment Period only) the S&P CDO Monitor Test; and
- (ii) the S&P Minimum Weighted Average Recovery Rate Test;
- (b) so long as any Rated Notes rated by Moody's are Outstanding:
  - (i) the Moody's Minimum Diversity Test;
  - (ii) the Moody's Maximum Weighted Average Rating Factor Test; and
  - (iii) the Moody's Minimum Weighted Average Recovery Rate Test; and
- (c) so long as any Rated Notes are Outstanding:
  - (i) the Minimum Weighted Average Floating Spread Test;
  - (ii) the Minimum Weighted Average Coupon Test; and
  - (iii) the Weighted Average Life Test,

each as defined in the Collateral Management and Administration Agreement.

*Moody's Test Matrix*

Subject to the provisions provided below, on or after the Effective Date, the Collateral Manager will have the option to elect which of the cases set forth in the matrix to be set out in the Collateral Management and Administration Agreement (the "**Moody's Test Matrix**") shall be applicable for purposes of the Moody's Maximum Weighted Average Rating Factor Test, the Moody's Minimum Diversity Test and the Minimum Weighted Average Floating Spread Test. For any given case:

- (a) the applicable column for performing the Moody's Minimum Diversity Test will be the column (or linear interpolation between two adjacent columns, as applicable) in which the elected case is set out;
- (b) the applicable row and column for performing the Moody's Maximum Weighted Average Rating Factor Test will be the row and column (or linear interpolation between two adjacent rows and/or two adjacent columns, as applicable, in which the elected case is set out); and
- (c) the applicable row for performing the Minimum Weighted Average Floating Spread Test will be the row (or linear interpolation between two adjacent rows, as applicable) in which the elected test is set out.

On the Effective Date, the Collateral Manager will be required to elect which case shall apply initially. Thereafter, on ten Business Days' notice to the Issuer, the Trustee, the Collateral Administrator and Moody's, the Collateral Manager may elect to have a different case apply, provided that the Moody's Minimum Diversity Test, the Moody's Maximum Weighted Average Rating Factor Test, the Moody's Minimum Weighted Average Recovery Rate Test and the Minimum Weighted Average Floating Spread Test applicable to the case to which the Collateral Manager desires to change are satisfied (and, in relation to the Minimum Weighted Average Floating Spread Test, taking into account the case that the Collateral Manager has elected to apply under the S&P Matrix) or, in the case of any tests that are not satisfied, are closer to being satisfied. In no event will the Collateral Manager be obliged to elect to have a different case apply.

*The Moody's Minimum Diversity Test*

The “**Moody's Minimum Diversity Test**” will be satisfied as at any Measurement Date from (and including) the Effective Date, if the Diversity Score equals or exceeds the number set forth in the column entitled “Minimum Diversity Score” in the Moody's Test Matrix based upon the applicable “row/column” combination chosen by the Collateral Manager (or interpolating between two adjacent rows and/or two adjacent columns (as applicable)).

The “**Diversity Score**” is a single number that indicates collateral concentration and correlation in terms of both issuer and industry concentration and correlation. It is similar to a score that Moody's uses to measure concentration and correlation for the purposes of its ratings. A higher Diversity Score reflects a more diverse portfolio in terms of the issuer and industry concentration. The Diversity Score for the Collateral Obligations is calculated by summing each of the Industry Diversity Scores which are calculated as follows:

- (a) an “**Average Principal Balance**” is calculated by summing the Obligor Principal Balances and dividing by the sum of the aggregate number of issuers and/or borrowers represented;
- (b) a “**Obligor Principal Balance**” is calculated for each Obligor represented in the Collateral Obligations by summing the Principal Balances of all Collateral Obligations (excluding Defaulted Obligations) issued by such Obligor, provided that if a Collateral Obligation has been sold or is the subject of an optional redemption or Offer, and the Sale Proceeds or Unscheduled Principal Proceeds from such event have not yet been reinvested in Substitute Collateral Obligations or distributed to the Noteholders or the other creditors of the Issuer in accordance with the Priorities of Payments, the Obligor Principal Balance shall be calculated as if such Collateral Obligation had not been sold or was not subject to such an optional redemption or Offer;
- (c) an “**Equivalent Unit Score**” is calculated for each Obligor by taking the lesser of (i) one and (ii) the Obligor Principal Balance for such Obligor divided by the Average Principal Balance;
- (d) an “**Aggregate Industry Equivalent Unit Score**” is then calculated for each of Moody's industrial classification groups by summing the Equivalent Unit Scores for each Obligor in the industry (or such other industrial classification groups and Equivalent Unit Scores as are published by Moody's from time to time); and
- (e) an “**Industry Diversity Score**” is then established by reference to the Diversity Score Table shown below (or such other Diversity Score Table as is published by Moody's from time to time) (the “**Diversity Score Table**”) for the related Aggregate Industry Equivalent Unit Score. If the Aggregate Industry Equivalent Unit Score falls between any two such scores shown in the Diversity Score Table, then the Industry Diversity Score is the lower of the two Diversity Scores in the Diversity Score Table.

For purposes of calculating the Diversity Scores any Obligors Affiliated with one another will be considered to be one Obligor.

*The Moody's Maximum Weighted Average Rating Factor Test*

The “**Moody's Maximum Weighted Average Rating Factor Test**” will be satisfied as at any Measurement Date from (and including) the Effective Date, if the Adjusted Weighted Average Moody's Rating Factor of the Collateral Obligations as at such Measurement Date is equal to or less than the sum of (i) the number set forth in the Moody's Test Matrix at the intersection of the applicable “row/column” combination chosen by the Collateral Manager (or interpolating between two adjacent rows and/or two adjacent columns (as applicable)), (acting on behalf of the Issuer) as at such Measurement Date plus (ii) the Moody's Weighted Average Recovery Adjustment, provided, however, that the sum of (i) and (ii) may not exceed 3250.

The “**Moody's Weighted Average Rating Factor**” is determined by summing the products obtained by multiplying the Principal Balance of each Collateral Obligation, excluding Defaulted Obligations and Equity Securities, by its Moody's Rating Factor, dividing such sum by the Aggregate Principal Balances of all such Collateral Obligations, excluding Defaulted Obligations and Equity Securities, and rounding the result up to the nearest whole number.

The “**Moody's Rating Factor**” relating to any Collateral Obligation is the number set forth in the table below opposite the Moody's Default Probability Rating of such Collateral Obligation.

Moody's Default Probability Rating	Moody's Rating Factor	Moody's Default Probability Rating	Moody's Rating Factor
Aaa	1	Ba1	940
Aa1	10	Ba2	1,350
Aa2	20	Ba3	1,766
Aa3	40	B1	2,220
A1	70	B2	2,720
A2	120	B3	3,490
A3	180	Caa1	4,770
Baa1	260	Caa2	6,500
Baa2	360	Caa3	8,070
Baa3	610	Ca or lower	10,000

The “**Moody's Weighted Average Recovery Adjustment**” means, as of any Measurement Date, the greater of: (a) zero; and (b) the product of: (i) (A) the Weighted Average Moody's Recovery Rate as of such Measurement Date multiplied by 100 minus (B) 42.75; and (ii) (A) with respect to the adjustment of the Moody's Maximum Weighted Average Rating Factor Test: 75 and (B) with respect to the adjustment of the Minimum Weighted Average Floating Spread Test: (1) 0.20 if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating

between the two adjacent rows (as applicable)) is greater than 4.10 per cent.; (2) 0.15 if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between the two adjacent rows (as applicable)) is less than or equal to 4.10 per cent. but greater than 3.60 per cent.; (3) 0.10 if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between the two adjacent rows (as applicable)) is less than or equal to 3.60 per cent. but greater than or equal to 3.20 per cent; (4) 0.07 if the weighted average spread (expressed as a percentage) applicable to the current Moody's Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between the two adjacent rows (as applicable)) is less than 3.20 per cent. but greater than or equal to 2.50 per cent, provided that if the Weighted Average Moody's Recovery Rate for purposes of determining the Moody's Weighted Average Recovery Adjustment is greater than 60 per cent., then such Weighted Average Moody's Recovery Rate shall equal 60 per cent. unless Rating Agency Confirmation from Moody's is received, provided further that the amount specified in clause (b)(i) above may only be allocated once on any Measurement Date and the Collateral Manager shall designate to the Collateral Administrator in writing on each such date the portion of such amount that shall be allocated to clause (b)(ii)(A) and the portion of such amount that shall be allocated to clause (b)(ii)(B) (it being understood that, absent an express designation by the Collateral Manager, all such amounts shall be allocated to clause (b)(ii)(A)).

The "**Adjusted Weighted Average Moody's Rating Factor**" means, as of any Measurement Date, a number equal to the Moody's Weighted Average Rating Factor provided that each applicable rating on credit watch by Moody's that is (a) on negative outlook, will be treated as having been downgraded by one rating subcategory, (b) on review for possible downgrade, will be treated as having been downgraded by two rating subcategories and (c) on review for possible upgrade, will be treated as having been upgraded by one rating subcategory.

*The Moody's Minimum Weighted Average Recovery Rate Test*

The "**Moody's Minimum Weighted Average Recovery Rate Test**" will be satisfied, as at any Measurement Date from (and including) the Effective Date, if the Weighted Average Moody's Recovery Rate is greater than or equal to (i) 42.75 per cent. minus (ii) the Moody's Weighted Average Rating Factor Adjustment, provided however that the result of (i) minus (ii) may not be less than 30 per cent.

The "**Weighted Average Moody's Recovery Rate**" means, as of any Measurement Date, the number, expressed as a percentage, obtained by summing the products obtained by multiplying the Principal Balance of each Collateral Obligation (excluding Defaulted Obligations) by its corresponding Moody's Recovery Rate and dividing such sum by the Aggregate Principal Balance of all such Collateral Obligations and rounding the result up to the nearest 0.1 per cent.

The "**Moody's Recovery Rate**" is, except as otherwise advised by Moody's, with respect to any Collateral Obligation, as of any Measurement Date, the recovery rate determined in accordance with the following, in the following order of priority:

- (a) if the Collateral Obligation has been specifically assigned a recovery rate by Moody's (for example, in connection with the assignment by Moody's of an estimated rating), such recovery rate;
- (b) if the preceding clause does not apply to the Collateral Obligation, except with respect to Corporate Rescue Loans, the rate determined pursuant to the table below based on the number of rating subcategories difference between the Collateral Obligation's Moody's Rating and its Moody's Default Probability Rating (for purposes of clarification, if the Moody's Rating is higher than the Moody's Default Probability Rating, the rating subcategories difference will be positive and if it is lower, negative):

<b>Number of Moody's Ratings Subcategories Difference Between the Moody's Rating and the Moody's Default Probability Rating</b>	<b>Moody's Secured Senior Loans</b>	<b>Moody's Senior Secured Floating Rate Notes and Second Lien Loans</b>	<b>Assets other than Moody's Secured Senior Loans and Moody's Senior Secured Floating Rate Notes and Second Lien Loans</b>
+2 or more	60 per cent.	55 per cent.	45 per cent.
+1	50 per cent.	45 per cent.	35 per cent.
0	45 per cent.	35 per cent.	30 per cent.
-1	40 per cent.	25 per cent.	25 per cent.
-2	30 per cent.	15 per cent.	15 per cent.
-3 or less	20 per cent.	5 per cent.	5 per cent.

- (c) if the Collateral Obligation is a Corporate Rescue Loan (other than a Corporate Rescue Loan which has been specifically assigned a recovery rate by Moody's), 50 per cent.

The "**Moody's Weighted Average Rating Factor Adjustment**" means an amount, expressed as a percentage, as of any Measurement Date equal to the greater of: (a) zero; and (b) the percentage obtained by dividing: (i) (A) the number set forth in the Moody's Test Matrix at the intersection of the applicable "row/column" combination chosen by the Collateral Manager (acting on behalf of the Issuer) (or interpolating between two adjacent rows and/or two adjacent columns (as applicable)), as at the Measurement Date minus (B) the Adjusted Weighted Average Moody's Rating Factor; by (ii) 7500.

#### *S&P Matrix*

"**S&P Matrix**": For the Class A Notes, the Class Break-Even Default Rate will be determined as follows: (A) the applicable weighted average spread will be the spread between 2.00 per cent. and 5.50 per cent. (in increments of 0.01 per cent.) without exceeding an amount equal to the Weighted Average Floating Spread as of such Measurement Date (*provided that* the calculation of the Weighted Average Floating Spread for such purpose shall exclude the Aggregate Excess Funded Spread from the numerator thereof) (the "**S&P Matrix Spread**") and (B) the applicable weighted average recovery rates with respect to the Rated Notes will be the recovery rate between 25 per cent. and 80 per cent. (the "**Recovery Rate Case**"). On and after the Effective Date, the Collateral Manager will have the right to choose which Recovery Rate Case and which S&P Matrix Spread will be applicable for purposes of both (i) the S&P CDO Monitor Test and (ii) the S&P Minimum Weighted Average Recovery Rate Test.

After the Effective Date, the Collateral Manager may request from time to time for S&P to provide S&P CDO input files (the "**S&P CDO Input Files**") for up to 10,000 different combinations of S&P Matrix Spreads and Recovery Rate Cases, which may, for example, be 100 S&P Matrix Spreads and 100 Recovery Rate Cases or 50 S&P Matrix Spreads and 200 Recovery Rate Cases. On 10 Business Days' written notice to the Collateral Administrator (or such shorter time as may be acceptable to the Collateral Administrator), the Collateral Manager may choose a different Recovery Rate Case and/or S&P Matrix Spread; provided, that the Collateral Obligations must be in compliance with such different Recovery Rate Case and/or S&P Matrix Spread and, solely for purposes of this proviso, if the Issuer has entered into a binding commitment to invest in a Collateral Obligation, compliance with the newly selected Recovery Rate Case and/or S&P Matrix Spread may be determined after giving effect to such investment. Notwithstanding the foregoing, if the Collateral Obligations are not currently in compliance with the Recovery Rate Case and/or S&P Matrix Spread then applicable and would not be in compliance with any other Recovery Rate Case and/or S&P Matrix Spread, as applicable, the Collateral Manager may select a different Recovery Rate Case and/or S&P Matrix Spread, as applicable, that is not further out of compliance than the current Recovery Rate Case and/or S&P Matrix Spread.

In the event the Collateral Manager fails to choose (A) Recovery Rate Case prior to the Effective Date, the following will apply: with respect to the Class A Notes 36.18 per cent., or (B) S&P Matrix Spread prior to the Effective Date, S&P Matrix Spread 3.625 per cent., will apply.

### *The S&P CDO Monitor Test*

The “**S&P CDO Monitor Test**” is a test that will be satisfied on any Measurement Date from the Effective Date until the end of the Reinvestment Period following receipt by the Collateral Manager and the Collateral Administrator of the S&P CDO Input Files if, after giving effect to the purchase or sale of a Collateral Obligation, the Class Default Differential of the most senior Class of Rated Notes then Outstanding of the Proposed Portfolio is not negative. The S&P CDO Monitor Test will be considered to be improved if the Class Default Differential of the most senior Class of Rated Notes then Outstanding of the Proposed Portfolio is at least equal to the corresponding Class Default Differential of the most senior Class of Rated Notes of the Current Portfolio. If so elected by the Collateral Manager by notice to the Issuer, the Collateral Administrator, the Trustee and S&P, the S&P CDO Monitor Test and definitions applicable thereto shall instead be as set forth in Annex E (*S&P Non-Model Version CDO Monitor Definitions*) of this Offering Circular. An election to change from the use of this definition to those set forth below (or, if the definitions below were chosen to apply in connection with the Effective Date, to change to the S&P CDO Monitor Test as defined in this paragraph) shall only be made after the Issue Date.

The Collateral Manager may, in its sole discretion, at any time after the Issue Date, upon at least 5 Business Days’ prior written notice to S&P, the Trustee and the Collateral Administrator, elect to declare the occurrence of the S&P CDO Formula Election Date or the S&P CDO Monitor Election Date.

Compliance with the S&P CDO Monitor Test will be measured by the Collateral Manager on each Measurement Date.

There can be no assurance that actual defaults of the Collateral Obligations will not exceed those assumed in the application of the S&P CDO Monitor or that the recovery rates with respect thereto will not differ from those assumed in the S&P CDO Monitor. None of the Collateral Manager, the Sole Arranger, the Initial Purchaser, the Trustee or the Collateral Administrator makes any representation as to the expected rate of defaults of the Collateral Obligations or the timing of recoveries.

The “**Class Break-Even Default Rate**” is:

- (a) Prior to the S&P CDO Formula Election Date or on or after the S&P CDO Monitor Election Date, the maximum percentage of defaults, at any time, which the Current Portfolio or the Proposed Portfolio, as applicable, can sustain, as determined by S&P through application of the S&P CDO Monitor chosen by the Collateral Manager in accordance with the definition of “S&P Matrix” that is applicable to the Portfolio, which, after giving effect to S&P’s assumptions on recoveries, defaults and timing (consistent with an assumed S&P Rating of “AAA”) and to the Priorities of Payments, will result in sufficient funds remaining for the payment of such Class or Classes of Notes in full that are originally rated “AAA” by S&P. After the Effective Date, S&P will provide the Collateral Manager with the Class Break-Even Default Rates for each S&P CDO Monitor based upon the Recovery Rate Case and S&P Matrix Spread to be associated with such S&P CDO Monitor as selected by the Collateral Manager (with a copy to the Collateral Administrator) as set out in the Collateral Management and Administration Agreement or any other Recovery Rate Case or S&P Matrix Spread selected by the Collateral Manager from time to time; and
- (b) On or after the S&P CDO Formula Election Date and prior to the S&P CDO Monitor Election Date, the rate equal to (i) 0.195290616530438 (or such other coefficient provided in advance by S&P to the Issuer, the Collateral and the Collateral Administrator in writing) plus (ii) the product of (x) 3.83972149403924 (or such other coefficient provided in advance by S&P to the Issuer, the Collateral Manager and the Collateral Administrator in writing) and (y) the Minimum Weighted Average Floating Spread plus (iii) the product of (x) 0.957038526529649 (or such other coefficient provided in advance by S&P to the Issuer, the Collateral Manager and the Collateral Administrator in writing) and (y) the S&P CDO Monitor Recovery Rate.

The “**Class Default Differential**” means, with respect to the Highest Ranking S&P Class, at any time, the rate calculated by subtracting the Class Scenario Default Rate for such Class or Classes or Notes at such time from (x) prior to the S&P CDO Formula Election Date or on or after the S&P CDO Monitor Election Date, the Class Break-Even Default Rate and (y) on or after the S&P CDO Formula Election Date and prior to the S&P CDO Monitor Election Date, the Adjusted Class Break-Even Default Rate, in each case, for such Class or Classes of Notes at such time.

The “**Class Scenario Default Rate**” means, with respect to the Highest Ranking S&P Class:

- (a) prior to the S&P CDO Formula Election Date or on or after the S&P CDO Monitor Election Date, an estimate of the cumulative default rate for the Current Portfolio or the Proposed Portfolio, as applicable, consistent with S&P’s initial rating of such Class, determined by application by the Collateral Manager and the Collateral Administrator of the S&P CDO Monitor at such time; and
- (b) on or after the S&P CDO Formula Election Date and prior to the S&P CDO Monitor Election Date, the rate at such time equal to (i) 0.329915 *plus* (ii) the product of (x) 1.210322 and (y) the S&P Expected Default Rate *minus* (iii) the product of (x) 0.586627 and (y) the S&P Default Rate Dispersion *plus* (iv) (x) 2.538684 divided by (y) the S&P Obligor Diversity Measure *plus* (v)(x) 0.216729 divided by (y) the S&P Industry Diversity Measure *plus* (vi)(x) 0.0575539 divided by (y) the S&P Regional Diversity Measure *minus* (vii) the product of (x) 0.0136662 and (y) the S&P CDO Monitor Weighted Average Life.

The “**Current Portfolio**” means, as of any date of determination, the portfolio of Collateral Obligations (included at their Principal Balance) and Eligible Investments existing prior to the sale, maturity or other disposition of a Collateral Obligation or a proposed reinvestment of Principal Proceeds in a Substitute Collateral Obligation, as the case may be.

The “**Proposed Portfolio**” means, as of any date of determination, the portfolio of Collateral Obligations (included at their Principal Balance) and Eligible Investments resulting from the sale, maturity or other disposition of a Collateral Obligation or a proposed reinvestment of Principal Proceeds in a Substitute Collateral Obligation, as the case may be.

“**Adjusted Class Break-Even Default Rate**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**Highest Ranking S&P Class**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P CDO Input Files**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P CDO Formula Election Date**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P CDO Formula Election Period**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P CDO Monitor Election Date**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P CDO Model Election Period**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P CDO Monitor**” means the dynamic, analytical computer model developed by S&P and used to estimate default risk of Collateral Obligations and provided to the Collateral Manager on or before the Issue Date, as it may be modified by S&P from time to time. The S&P CDO Monitor calculates the cumulative default rate of a pool of Collateral Obligations and Eligible Investments consistent with a specified benchmark rating level based upon S&P’s proprietary corporate debt default studies. In calculating the scenario default rate in respect of a Class of Notes, the S&P CDO Monitor considers each Obligor’s issuer credit rating, the number of Obligors in the Portfolio, the Obligor and industry concentrations in the Portfolio and the remaining weighted average maturity of the Collateral Obligations and Eligible Investments and calculates a cumulative default rate based on the statistical probability of distributions or defaults on the Collateral Obligations and Eligible Investments.

“**S&P CDO Monitor Recovery Rate**” means the S&P Weighted Average Recovery Rate applicable as of the date of determination.

“**S&P CLO Specified Assets**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P Default Rate**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P Default Rate Dispersion**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P Expected Default Rate**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P Industry Diversity Measure**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P Obligor Diversity Measure**” has the meaning given to it in the Collateral Management and Administration Agreement.

“**S&P Weighted Average Life**” has the meaning given to it in the Collateral Management and Administration Agreement.

*The S&P Minimum Weighted Average Recovery Rate Test*

The “**S&P Minimum Weighted Average Recovery Rate Test**” will be satisfied on any Measurement Date from (and including) the Effective Date if the S&P Weighted Average Recovery Rate is greater than or equal to the percentage set forth in the S&P Matrix based upon the Recovery Rate Case chosen by the Collateral Manager. The S&P Minimum Weighted Average Recovery Rate Test shall not apply during any S&P CDO Formula Election Period.

The “**S&P Recovery Rate**” means, in respect of each Collateral Obligation and an assumed S&P Rating of "AAA", an S&P Recovery Rate determined in accordance with the Collateral Management and Administration Agreement or as advised by S&P.

“**S&P Weighted Average Recovery Rate**” means, as of any Measurement Date, the number (expressed as a percentage) obtained by summing the products obtained by multiplying the Principal Balance of each Collateral Obligation by its S&P Recovery Rate, dividing such sum by the Aggregate Principal Balance of all Collateral Obligations and rounding up to the nearest 0.1 per cent. For purposes of this rate, the Principal Balance of any Defaulted Obligation shall be deemed to be zero.

*The Minimum Weighted Average Floating Spread Test*

The “**Minimum Weighted Average Floating Spread Test**” will be satisfied if, as at any Measurement Date from (and including) the Effective Date the Weighted Average Floating Spread as at such Measurement Date plus the Excess Weighted Average Coupon as at such Measurement Date equals or exceeds the Minimum Weighted Average Floating Spread as at such Measurement Date.

The “**Minimum Weighted Average Floating Spread**”, as of any Measurement Date, will equal the greater of:

- (a) the percentage set forth in the S&P Matrix based upon the option chosen by the Collateral Manager; and
- (b) the percentage set forth in the Moody’s Test Matrix based upon the option chosen by the Collateral Manager (or interpolating between two adjacent rows and/or two adjacent columns (as applicable)) as currently applicable to the Portfolio reduced by the Moody’s Weighted Average Recovery Adjustment, provided such reduction may not reduce the Minimum Weighted Average Floating Spread below 2.50 per cent.

The “**Weighted Average Floating Spread**” as of any Measurement Date, is the number obtained by dividing:

- (a) the amount equal to (A) the Aggregate Funded Spread plus (B) the Aggregate Unfunded Spread plus (C) the Aggregate Excess Funded Spread; by
- (b) an amount equal to the Aggregate Principal Balance of all Floating Rate Collateral Obligations excluding PIK Securities as of such Measurement Date,

in each case, excluding Defaulted Obligations and, for any Deferring Security, any interest that has been deferred and capitalised thereon, in each case adjusted for any withholding tax deducted in respect of the relevant obligation which is neither grossed up nor recoverable under any applicable double tax treaty (as advised by the Collateral Manager); *provided that* for the purposes of the calculation of the Effective Date Non-Model CDO Monitor Test the adjustments set out in the definition thereof shall apply. The Weighted Average Floating Spread shall be expressed as a percentage and shall be rounded up to the next 0.01 per cent.

The “**Aggregate Funded Spread**” is, as of any Measurement Date, the sum of:

- (a) in the case of each Floating Rate Collateral Obligation (excluding Non-Euro Obligations, Defaulted Obligations, PIK Securities and the unfunded portion of any Delayed Drawdown Collateral Obligation and Revolving Obligation) that bears interest at a spread over EURIBOR, (i) the stated interest rate spread on such Collateral Obligation above EURIBOR or such other applicable floating rate of interest *multiplied* by (ii) the Principal Balance of such Collateral Obligation (excluding the unfunded portion of any Delayed Drawdown Collateral Obligation or Revolving Obligation);
- (b) in the case of each Floating Rate Collateral Obligation (excluding Non-Euro Obligations, Defaulted Obligations, PIK Securities and the unfunded portion of any Delayed Drawdown Collateral Obligation and Revolving Obligation) that bears interest at a spread over an index other than EURIBOR-based index, (i) the excess of the sum of such spread and such index over EURIBOR with respect to the Rated Notes as of the immediately preceding Interest Determination Date (which spread or excess may be expressed as a negative percentage) *multiplied* by (ii) the Principal Balance of each such Collateral Obligation (excluding the unfunded portion of any Delayed Drawdown Collateral Obligation or Revolving Obligation);
- (c) in the case of each Floating Rate Collateral Obligation which is a Non-Euro Obligation (excluding Defaulted Obligations, PIK Securities and the unfunded portion of any Delayed Drawdown Collateral Obligation and Revolving Obligation) and subject to a Currency Hedge Transaction, (i) the stated interest rate spread over EURIBOR payable by the applicable Currency Hedge Counterparty to the Issuer under the related Currency Hedge Transaction *multiplied* by (ii) the Principal Balance of such Non-Euro Obligation; and
- (d) in the case of each Floating Rate Collateral Obligation which is a Non-Euro Obligation (excluding Defaulted Obligations, PIK Securities and the unfunded portion of any Delayed Drawdown Collateral Obligation and Revolving Obligation) and not subject to a Currency Hedge Transaction, (i) the interest amount payable by the relevant Obligor converted to Euro at the Spot Rate, less (ii) the product of (x) EURIBOR with respect to the Rated Notes as of the immediately preceding Interest Determination Date *multiplied* by (y) the Principal Balance of such Non-Euro Obligation.

If a Collateral Obligation is subject to a floor, the spread shall include, if positive, (x) the EURIBOR (or such other floating rate of interest) floor value (as notified to the Collateral Administrator by the relevant loan agent) minus (y) EURIBOR as determined in accordance with Condition 6(e)(i) (*Floating Rate of Interest*) on the immediately preceding Interest Determination Date (“**Floating Rate Notes EURIBOR**”); *provided that* if Floating Rate Notes EURIBOR was determined using a different period to that used to determine EURIBOR for the corresponding interest period of such Collateral Obligation (such interest period, the “**Collateral Obligation Interest Period**”), EURIBOR for the purposes of paragraph (y) will be determined in accordance with Condition 6(e)(i) (*Floating Rate of Interest*) using the offered rate or (in the case of Condition 6(e)(i)(B) (*Floating Rate of Interest*)) rates for that Collateral Obligation Interest Period as of the immediately preceding Interest Determination Date (such adjustment pursuant to this paragraph, the “**EURIBOR Floor Adjustment**”).

The “**Aggregate Unfunded Spread**” is, as of any Measurement Date, the sum of the products obtained by multiplying (i) for each Delayed Drawdown Collateral Obligation and Revolving Obligation (other than Defaulted Obligations), the related commitment fee then in effect as of such date and (ii) the undrawn commitments of each such Delayed Drawdown Collateral Obligation and Revolving Obligation as of such date.

The “**Aggregate Excess Funded Spread**” is, as of any Measurement Date, the amount obtained by multiplying:

- (a) the EURIBOR applicable to the Rated Notes during the Accrual Period in which such Measurement Date occurs; by

- (b) the amount (not less than zero) equal to (i) the Aggregate Principal Balance of the Collateral Obligations (excluding (x) any Defaulted Obligations and PIK Securities and (y) any Fixed Rate Collateral Obligations) as of such Measurement Date minus (ii) the Target Par Amount minus (iii) the aggregate amount of Principal Proceeds received from the issuance of additional notes pursuant to the Trust Deed,

provided that, for the purposes of the S&P CDO Monitor Test, the Aggregate Excess Funded Spread shall not be included in the numerator.

The “**Effective Date Non-Model CDO Monitor Test**” means the S&P CDO Monitor Test, assuming an S&P CDO Formula Election Date has been elected by the Collateral Manager, subject to the following analytical adjustments:

- (a) for the purposes of the Weighted Average Floating Spread, the calculation of the Aggregate Funded Spread shall be unadjusted by any EURIBOR floors applicable to Floating Rate Collateral Obligations; and
- (b) for the purposes of the Adjusted Class Break-Even Default Rate, the Collateral Principal Amount shall exclude Principal Proceeds which may be reclassified as Interest Proceeds after the Effective Date,

*provided that* such test shall only be satisfied if the Collateral Manager:

- (i) has certified to S&P that the Effective Date Determination Requirements have been satisfied and the Effective Date Report has been published;
- (ii) has certified to S&P that it has run the S&P CDO Monitor Test in accordance with paragraphs (a) and (b) above and that such test is satisfied; and

(iii) has provided S&P with an electronic copy of the Portfolio used to run the test in paragraph (ii) above and an accountants’ certificate indicating that the Effective Date Determination Requirements are satisfied.

The “**Excess Weighted Average Coupon**” means a percentage equal as of any Measurement Date to a number obtained by multiplying (a) the excess, if any, of the Weighted Average Coupon over the Minimum Weighted Average Coupon by (b) the number obtained by dividing the aggregate outstanding Principal Balance of all Fixed Rate Collateral Obligations by the aggregate outstanding Principal Balance of all Floating Rate Collateral Obligations and which product may, for the avoidance of doubt, be negative.

#### *Minimum Weighted Average Coupon Test*

The “**Minimum Weighted Average Coupon Test**” will be satisfied on any Measurement Date if the Weighted Average Coupon plus the Excess Weighted Average Floating Spread equals or exceeds the Minimum Weighted Average Coupon.

The “**Minimum Weighted Average Coupon**” means (i) if any of the Collateral Obligations are Fixed Rate Collateral Obligations, 4.5 per cent. and (ii) otherwise zero.

The “**Weighted Average Coupon**” as of any Measurement Date, is the number obtained by dividing:

- (a) the amount equal to the Aggregate Coupon; by
- (b) an amount equal to the aggregate Principal Balance of all Fixed Rate Collateral Obligations as of such Measurement Date, in each case, excluding Defaulted Obligations and the unfunded portion of any Delayed Drawdown Collateral Obligations and Revolving Obligations,

in each case adjusted for any withholding tax deducted in respect of the relevant obligation which is neither grossed up nor recoverable under any applicable double tax treaty.

The “**Aggregate Coupon**” is, as of any Measurement Date, the sum of (i) with respect to any Fixed Rate Collateral Obligation which is a Non-Euro Obligation and subject to a Currency Hedge Transaction and excluding Defaulted Obligations, PIK Securities and the unfunded portion of any Delayed Drawdown Collateral Obligations and Revolving Obligations, the product of (x) stated coupon on such Non-Euro Obligation expressed as a percentage and (y) the Principal Balance of such Non-Euro Obligation, (ii) with respect to any

Fixed Rate Collateral Obligation which is a Non-Euro Obligation which is not subject to a Currency Hedge Transaction and excluding Defaulted Obligations, PIK Securities and the unfunded portion of any Delayed Drawdown Collateral Obligations and Revolving Obligations, an amount equal to the Euro equivalent of the product of (x) stated coupon on such Collateral Obligation expressed as a percentage and (y) the outstanding Principal Balance of such Non-Euro Obligation and (iii) with respect to all other Fixed Rate Collateral Obligations and excluding Defaulted Obligations, PIK Securities and the unfunded portion of any Delayed Drawdown Collateral Obligations and Revolving Obligations, the sum of the products obtained by multiplying, in the case of each Fixed Rate Collateral Obligation, (x) the stated coupon on such Collateral Obligation expressed as a percentage and (y) the Principal Balance of such Collateral Obligation.

“**Excess Weighted Average Floating Spread**” means a percentage equal as of any Measurement Date to a number obtained by multiplying (a) the excess, if any, of the Weighted Average Floating Spread over the Minimum Weighted Average Floating Spread by (b) the number obtained by dividing the aggregate Principal Balance of all Floating Rate Collateral Obligations by the aggregate Principal Balance of all Fixed Rate Collateral Obligations.

#### *The Weighted Average Life Test*

The “**Weighted Average Life Test**” will be satisfied on any Measurement Date if the Weighted Average Life as of such date is less than the number of years (rounded to the nearest one hundredth thereof) during the period from such Measurement Date to 24 October 2025.

“**Weighted Average Life**” is, as of any Measurement Date with respect to all Collateral Obligations other than Defaulted Obligations, the number of years following such date obtained by summing the products obtained by multiplying:

- (a) (i) the Average Life at such time of each such Collateral Obligation by (ii) the Principal Balance of such Collateral Obligation,  
  
and dividing such sum by;
- (b) the Aggregate Principal Balance at such time of all Collateral Obligations other than Defaulted Obligations.

“**Average Life**” is, on any Measurement Date with respect to any Collateral Obligation, the quotient obtained by dividing (i) the sum of the products of (a) the number of years (rounded to the nearest one hundredth thereof) from such Measurement Date to the respective dates of each successive scheduled distribution of principal of such Collateral Obligation and (b) the respective amounts of principal of such scheduled distributions by (ii) the sum of all successive scheduled distributions of principal on such Collateral Obligation; provided that, if the aggregate outstanding principal balance of the Collateral Obligations (excluding any Defaulted Obligations) exceeds the Reinvestment Target Par Balance, the Collateral Obligations included in the calculation of this test shall be only those Collateral Obligations with an aggregate outstanding principal balance equal to the Reinvestment Target Par Balance (starting with Collateral Obligations with the shortest Average Lives).

#### **Rating Definitions**

##### *S&P Ratings Definitions*

The “**S&P Rating**” means, with respect to any Collateral Obligation, as of any determination date, the rating determined in accordance with the following methodology:

- (a) if there is an issuer credit rating of the issuer of such Collateral Obligation by S&P as published by S&P, or the guarantor which unconditionally and irrevocably guarantees such Collateral Obligation pursuant to a form of guarantee approved by S&P for use in connection with this transaction, then the S&P Rating shall be such rating (regardless of whether there is a published rating by S&P on the Collateral Obligations of such issuer held by the Issuer, provided that private ratings (that is, ratings provided at the request of the Obligor) may be used for purposes of this definition if the related Obligor has consented to the disclosure thereof and a copy of such consent has been provided to S&P);
- (b) if there is no issuer credit rating of the issuer or guarantor by S&P but,

- (i) there is a senior secured rating on any obligation or security of the issuer, then the S&P Rating of such Collateral Obligation shall be one sub-category below such rating;
  - (ii) if clause (i) above does not apply, but there is a senior unsecured rating on any obligation or security of the issuer, the S&P Rating of such Collateral Obligation shall equal such rating; and
  - (iii) if neither clause (i) nor clause (ii) above applies, but there is a subordinated rating on any obligation or security of the issuer, then the S&P Rating of such Collateral Obligation shall be one sub-category above such rating;
- (c) with respect to any Collateral Obligation that is a Current Pay Obligation, the S&P Rating applicable to such obligation shall be the issue level rating thereof and if there is no such issue level rating, the S&P Rating applicable to such Current Pay Obligation shall be “CCC-”;
- (d) with respect to any Collateral Obligation that is a Corporate Rescue Loan:
- (i) falling within sub-paragraph (a) of the definition of Corporate Rescue Loan, and if (x) S&P has assigned a public rating to such Corporate Rescue Loan, the S&P Rating for such Corporate Rescue Loan shall be such public rating or (y) if no public rating is assigned by S&P to such Corporate Rescue Loan, the S&P Rating shall be such credit estimate; or
  - (ii) falling within sub-paragraph (b) of the definition of Corporate Rescue Loan, and if S&P has assigned an S&P Issuer Credit Rating or credit estimate to such Corporate Rescue Loan, the S&P Rating for such Corporate Rescue Loan shall be such S&P Issuer Credit Rating or credit estimate; or
  - (iii) upon application by the Issuer (or the Collateral Manager on behalf of the Issuer) to S&P for a credit estimate, the applicable Corporate Rescue Loan shall be deemed to have an S&P Rating of “D”;
- (e) if there is not a rating by S&P on the issuer or on an obligation of the issuer, then the S&P Rating may be determined (other than in the case of Corporate Rescue Loans) pursuant to clauses (i) and (ii) below:
- (i) if an obligation of the issuer is not a Corporate Rescue Loan and is publicly rated by Moody’s, then the S&P Rating will be determined in accordance with the methodologies for establishing the S&P Rating set forth above except that the S&P Rating of such obligation will be (1) one sub-category below the S&P equivalent of the Moody’s rating if such Moody’s rating is “Baa3” or higher and (2) two sub-categories below the S&P equivalent of the Moody’s rating if such Moody’s rating is “Ba1” or lower, provided that, in each case, (1) the S&P Rating will be a further sub-category below the S&P equivalent of the Moody’s rating of the applicable obligation if the relevant Moody’s rating is on “credit watch negative” by Moody’s and (2) if the Aggregate Principal Balance of Collateral Obligations whose S&P Rating is determined pursuant to this paragraph (e)(i) exceeds 15 per cent. of the Adjusted Collateral Principal Amount, the S&P Rating of the excess of the Aggregate Principal Balance of the Collateral Obligations where the S&P Rating is determined pursuant to this paragraph (e)(i) over an amount equal to 15 per cent. of the Adjusted Collateral Principal Amount shall be “CCC-” (for the purposes of this paragraph (e)(i)(2), the Collateral Obligations whose S&P Rating is determined pursuant to this paragraph (e)(i) with the lowest S&P Collateral Value (expressed as a percentage of the Principal Balance of such Collateral Obligation as of the relevant date of determination) shall be determined to comprise such excess); and
  - (ii) the S&P Rating may be based on a credit estimate provided by S&P, and in connection therewith, the Issuer, the Collateral Manager on behalf of the Issuer or the issuer of such Collateral Obligation shall, prior to or within 30 days after the acquisition of such Collateral Obligation, apply (and concurrently submit all available information in respect of such application) to S&P for a credit estimate which shall be its S&P Rating; *provided that*, if such information is submitted within such 30-day period, then, for a period of up to 90 days after acquisition of such Collateral Obligation by the Issuer and pending receipt from S&P of such estimate, such Collateral Obligation shall have an S&P Rating as determined by the Collateral Manager in its sole discretion if (A) the Collateral Manager certifies to the Trustee and the

Collateral Administrator that it believes that such S&P Rating determined by the Collateral Manager is commercially reasonable and that the S&P Rating, will be at least equal to such rating and (B) the Aggregate Principal Balance of the Collateral Obligations subject to an S&P Rating determined by the Collateral Manager in accordance with (A) does not exceed 5 per cent. of the Collateral Principal Amount (for such purpose the Principal Balance of all Defaulted Obligations shall be their S&P Collateral Value); *provided further that* (x) if such information is not submitted within such 30-day period and (y) following the end of the 90-day period set forth above, pending receipt from S&P of such estimate, the Collateral Obligation shall have an S&P Rating of “CCC-”; unless, in the case of clause (y) above, during such 90-day period, the Collateral Manager has requested the extension of such period and S&P, in its sole discretion, has granted such request; provided further that if the Collateral Obligation has had a public rating by S&P that S&P has withdrawn or suspended within six months prior to the date of such application for a credit estimate in respect of such Collateral Obligation, the S&P Rating in respect thereof shall be “CCC-” pending receipt from S&P of such estimate, and S&P may elect not to provide such estimate until a period of six months have elapsed after the withdrawal or suspension of the public rating; provided further that such credit estimate shall expire 12 months after the acquisition of such Collateral Obligation, following which such Collateral Obligation shall have an S&P Rating of “CCC-” unless, during such 12-month period, the Issuer (or the Collateral Manager acting on behalf of the Issuer) applies for renewal thereof in accordance with the Collateral Management and Administration Agreement in which case such credit estimate shall continue to be the S&P Rating of such Collateral Obligation until S&P has confirmed or revised such credit estimate, upon which such confirmed or revised credit estimate shall be the S&P Rating of such Collateral Obligation; provided further that such confirmed or revised credit estimate shall expire on the next succeeding 12-month anniversary of the date of the acquisition of such Collateral Obligation and (when renewed annually in accordance with the Collateral Management and Administration Agreement) on each 12-month anniversary thereafter,

*provided that*, in respect of each of (a) to (e) above, (x) if the applicable rating assigned by S&P to an Obligor or its obligations is on “credit watch positive” by S&P, such rating will be treated as being one sub-category above such assigned rating, (y) if the applicable rating assigned by S&P to an Obligor or its obligations is on “credit watch negative” by S&P, such rating will be treated as being one sub-category below such assigned rating and (z) only ratings assigned on the basis of ongoing surveillance (including any rating assigned by Moody’s) will be applicable for the purposes of determining the S&P Rating of a Collateral Obligation; and *provided, further*, that the S&P Rating of a Collateral Obligation shall not in any case be greater than: (1) in the case that the Obligor under such Collateral Obligation is Domiciled in a country that is a member state of the Eurozone, the long-term local currency sovereign credit rating of such country; or (2) in the case that the Obligor under such Collateral Obligation is Domiciled in a country that is not a member state of the Eurozone, as amended from time to time, the long-term foreign currency sovereign credit rating of such country.

#### *Moody’s Ratings Definitions*

“**Moody’s Default Probability Rating**” means, with respect to any Collateral Obligation, as of any date of determination, the rating determined in accordance with the following methodology:

- (a) if the Obligor of such Collateral Obligation has a CFR, then such CFR;
- (b) if not determined pursuant to clause (a) above, if the Obligor of such Collateral Obligation has one or more senior unsecured debt obligations with an Assigned Moody’s Rating, then the Assigned Moody’s Rating on such obligation as selected by the Collateral Manager in its sole discretion;
- (c) if not determined pursuant to clauses (a) or (b) above, if the Obligor of such Collateral Obligation has one or more senior secured debt obligations with an Assigned Moody’s Rating, then the Moody’s rating that is one subcategory lower than the Assigned Moody’s Rating on any such senior secured debt obligation as selected by the Collateral Manager in its sole discretion;
- (d) if not determined pursuant to clauses (a), (b), or (c) above, if a rating estimate has been assigned to such Collateral Obligation by Moody’s upon the request of the Issuer, the Collateral Manager or an Affiliate of the Collateral Manager, then the Moody’s Default Probability Rating is such rating estimate as long as such rating estimate or a renewal for such rating estimate has been issued or provided by Moody’s in each case within the 15 month period preceding the date on which the Moody’s Default

Probability Rating is being determined; provided, that if such rating estimate has been issued or provided by Moody's for a period (x) longer than 13 months but not beyond 15 months, the Moody's Default Probability Rating will be one subcategory lower than such rating estimate and (y) beyond 15 months, the Moody's Default Probability Rating will be deemed to be "Caa3";

- (e) if not determined pursuant to clauses (a), (b), (c) or (d) above, the Moody's Derived Rating; and
- (f) if not determined pursuant to clause (a), (b), (c), (d) or (e) above, the Collateral Obligation will be deemed to have a Moody's Default Probability Rating of "Caa3".

For purposes of calculating a Moody's Default Probability Rating, each applicable rating on credit watch by Moody's that is (a) on negative outlook, will be treated as having been downgraded by one rating subcategory, (b) on review for possible downgrade, will be treated as having been downgraded by two rating subcategories and (c) on review for possible upgrade, will be treated as having been upgraded by one rating subcategory.

**"Assigned Moody's Rating"** means the monitored publicly available rating or the monitored estimated rating expressly assigned to a debt obligation (or facility) by Moody's that addresses the full amount of the principal and interest promised.

**"CFR"** means, with respect to an obligor of a Collateral Obligation, if such obligor has a corporate family rating by Moody's, then such corporate family rating; provided, if such obligor does not have a corporate family rating by Moody's but any entity in the obligor's corporate family does have a corporate family rating, then the CFR is such corporate family rating.

**"Moody's Derived Rating"** means, with respect to a Collateral Obligation:

- (a) with respect to any Corporate Rescue Loan, one subcategory below the facility rating (whether public or private) of such Corporate Rescue Loan rated by Moody's;
- (b) if not determined pursuant to clause (a) above, if the Obligor of such Collateral Obligation has a long-term issuer rating by Moody's, then such long-term issuer rating;
- (c) if not determined pursuant to clause (a) or (b) above, if another obligation of the Obligor is rated by Moody's, then by adjusting the rating of the related Moody's rated obligations of the related Obligor by the number of rating sub-categories according to the table below:

<b>Obligation Category of Rated Obligation</b>	<b>Rating of Rated Obligation</b>	<b>Number of Subcategories Relative to Rated Obligation Rating</b>
Senior secured obligation	greater than or equal to B2	-1
Senior secured obligation	less than B2	-2
Subordinated obligation	greater than or equal to B3	+1
Subordinated obligation	less than B3	0

- (d) if not determined pursuant to clause (a), (b) or (c) above, if the Obligor of such Collateral Obligation has a corporate family rating by Moody's, then one subcategory below such corporate family rating;
- (e) if not determined pursuant to clause (a), (b), (c) or (d) above, then by using any one of the methods provided below:
  - (i) pursuant to the table below:

Type of Collateral Obligation	S&P Rating (Public and Monitored)	Collateral Obligation Rated by S&P	Number of Subcategories Relative to Moody's Equivalent of S&P rating
Not Structured Finance Obligation	≥BBB-	Not a Loan or Participation in Loan	-1
Not Structured Finance Obligation	≤BB+	Not a Loan or Participation in Loan	-2
Not Structured Finance Obligation		Loan or Participation in Loan	-2

- (ii) if such Collateral Obligation is not rated by S&P but another security or obligation of the Obligor has a public and monitored rating by S&P (a “**parallel security**”), then the rating of such parallel security will at the election of the Collateral Manager be determined in accordance with the table set forth in sub clause (e)(i) above, and the Moody’s Derived Rating of such Collateral Obligation will be determined in accordance with the methodology set forth in clause (a) above (for such purposes treating the parallel security as if it were rated by Moody’s at the rating determined pursuant to this sub clause (e)(ii)); or
- (iii) if such Collateral Obligation is a Corporate Rescue Loan, no Moody’s Derived Rating may be determined based on a rating by S&P or any other rating agency; or
- (f) if such Collateral Obligation is not rated by Moody’s and no other security or obligation of the issuer of such Collateral Obligation is rated by Moody’s, and if Moody’s has been requested by the Issuer, the Collateral Manager or the issuer of such Collateral Obligation to assign a rating or rating estimate with respect to such Collateral Obligation but such rating or rating estimate has not been received, pending receipt of such estimate, the Moody’s Derived Rating of such Collateral Obligation shall be (x) ”B3” if the Collateral Manager certifies to the Trustee and the Collateral Administrator that the Collateral Manager believes that such estimate will be at least “B3” and if the aggregate principal balance of Collateral Obligations determined pursuant to this clause (f) does not exceed 5 per cent. of the Collateral Principal Amount of all Collateral Obligations or (y) otherwise, “Caa1”.

“**Moody’s Rating**” means:

- (a) with respect to a Collateral Obligation that is a Moody’s Secured Senior Loan:
  - (i) if such Collateral Obligation has an Assigned Moody’s Rating, such Assigned Moody’s Rating;
  - (ii) if such Collateral Obligation does not have an Assigned Moody’s Rating but the Obligor of such Collateral Obligation has a CFR, then the Moody’s rating that is one subcategory higher than such CFR;
  - (iii) if neither clause (i) nor (ii) above apply, if such Collateral Obligation does not have an Assigned Moody’s Rating but the obligor of such Collateral Obligation has one or more senior unsecured debt obligations with an Assigned Moody’s Rating, then the Moody’s rating that is two subcategories higher than the Assigned Moody’s Rating on any such obligation as selected by the Collateral Manager in its sole discretion;
  - (iv) if none of clauses (i) through (iii) above apply, at the election of the Collateral Manager, the Moody’s Derived Rating; and
  - (v) if none of clauses (i) through (iv) above apply, the Collateral Obligation will be deemed to have a Moody’s Rating of “Caa3”; and
- (b) with respect to a Collateral Obligation other than a Moody’s Secured Senior Loan:
  - (i) if such Collateral Obligation has an Assigned Moody’s Rating, such Assigned Moody’s Rating;

- (ii) if such Collateral Obligation does not have an Assigned Moody's Rating but the obligor of such Collateral Obligation has one or more senior unsecured debt obligations with an Assigned Moody's Rating, then the Assigned Moody's Rating on any such obligation as selected by the Collateral Manager in its sole discretion;
- (iii) if neither clause (i) nor (ii) above apply, if such Collateral Obligation does not have an Assigned Moody's Rating but the obligor of such Collateral Obligation has a CFR, then the Moody's rating that is one subcategory lower than such CFR;
- (iv) if none of clauses (i), (ii) or (iii) above apply, if such Collateral Obligation does not have an Assigned Moody's Rating but the obligor of such Collateral Obligation has one or more subordinated debt obligations with an Assigned Moody's Rating, then the Moody's rating that is one subcategory higher than the Assigned Moody's Rating on any such obligation as selected by the Collateral Manager in its sole discretion;
- (v) if none of clauses (i) through (iv) above apply, at the election of the Collateral Manager, the Moody's Derived Rating; and
- (vi) if none of clauses (i) through (v) above apply, the Collateral Obligation will be deemed to have a Moody's Rating of "Caa3".

**"Moody's Senior Secured Floating Rate Note"** means, a Senior Secured Floating Rate Note that (x) has a Moody's facility rating and the obligor of such note has a Moody's corporate family rating and (y) such Moody's facility rating is not lower than such Moody's corporate family rating.

**"Moody's Secured Senior Loan"** means:

- (a) a loan that:
  - (i) is not (and cannot by its terms become) subordinate in right of payment to any other debt obligation of the obligor of the loan, provided that a revolving loan of the obligor that, pursuant to its terms, may require one or more advances to be made to the obligor may have higher priority in right of payment in the event of an enforcement in respect of such loan representing up to 15 per cent. of the obligor's senior debt (or more if Rating Agency Confirmation from Moody's has been obtained);
  - (ii) (x) is secured by a valid first priority perfected security interest or lien in, to or on specified collateral securing the obligor's obligations under the loan and (y) such specified collateral does not consist entirely of equity securities or common stock; provided that any loan that would be considered a Moody's Secured Senior Loan but for clause (y) above shall be considered a Moody's Secured Senior Loan if it is a loan made to a parent entity and as to which the Collateral Manager determines in good faith that the value of the common stock of the subsidiary (or other equity interests in the subsidiary) securing such loan at or about the time of acquisition of such loan by the Issuer has a value that is at least equal to the outstanding principal balance of such loan and the outstanding principal balances of any other obligations of such parent entity that are *pari passu* with such loan, which value may include, among other things, the enterprise value of such subsidiary of such parent entity; and
  - (iii) the value of the collateral securing the loan together with other attributes of the obligor (including, without limitation, its general financial condition, ability to generate cash flow available for debt service and other demands for that cash flow) is adequate (in the commercially reasonable judgment of the Collateral Manager) to repay the loan in accordance with its terms and to repay all other loans of equal seniority secured by a first lien or security interest in the same collateral; or
- (b) the loan is not:
  - (i) a Corporate Rescue Loan; or
  - (ii) a loan for which the security interest or lien (or the validity or effectiveness thereof) in substantially all of its collateral attaches, becomes effective, or otherwise "springs" into existence after the origination thereof.

“**Senior Secured Floating Rate Note**” means any senior secured obligation that (a) constitutes borrowed money, (b) is in the form of, or represented by, a bond, note (other than any note evidencing a loan), certificated debt security or other debt security, (c) is expressly stated to bear interest based upon an interbank offered rate for deposits in the relevant currency and in the relevant location or a relevant reference bank’s published base rate or prime rate for obligations denominated in the relevant currency and in the relevant location, (d) does not constitute and is not secured by, Margin Stock, (e) is secured by a valid first priority security interest or lien in, to or on specified collateral securing the obligor’s obligations under such obligation; and (f) no other obligation of the obligor has any higher priority security interest in such collateral provided that a revolving loan of the obligor that, pursuant to its terms, may require one or more future advances to be made to the borrower may have a higher priority security interest in such collateral if an enforcement in respect of such loan occurs, provided such loan represents no more than 15 per cent. of the obligor’s senior debt.

### **The Coverage Tests**

The Coverage Tests will consist of the Class A/B Par Value Test, the Class A/B Interest Coverage Test, the Class C Par Value Test, the Class C Interest Coverage Test, the Class D Par Value Test, the Class D Interest Coverage Test, the Class E Par Value Test, the Class E Interest Coverage Test and the Class F Par Value Test. The Coverage Tests will be used primarily to determine whether interest may be paid on the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes, whether Principal Proceeds may be reinvested in Substitute Collateral Obligations, or whether Interest Proceeds which would otherwise be used to pay interest on the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Subordinated Notes must instead be used to pay principal of the Class A Notes and the Class B Notes in the event of failure to satisfy the Class A/B Coverage Tests, whether Interest Proceeds which would otherwise be used to pay interest on the Class D Notes, must instead be used to pay principal of the Class A Notes, the Class B Notes and the Class C Notes in the event of failure to satisfy the Class C Coverage Tests, whether Interest Proceeds which would otherwise be used to pay interest on the Class E Notes, must instead be used to pay principal of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes in the event of failure to satisfy the Class D Coverage Tests, whether Interest Proceeds which would otherwise be used to pay interest on the Class F Notes, must instead be used to pay principal of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes in the event of failure to satisfy the Class F Par Value Test, in each case to the extent necessary to cause the Coverage Tests relating to the relevant Class of Notes to be met.

Each of the Class A/B Par Value Test, the Class A/B Interest Coverage Test, the Class C Par Value Test, the Class C Interest Coverage Test, the Class D Par Value Test, the Class D Interest Coverage Test, the Class E Par Value Test, the Class E Interest Coverage Test and the Class F Par Value Test shall apply on a Measurement Date (i) on and after the Effective Date in respect of the Par Value Tests and (ii) on and after the Determination Date immediately preceding the second Payment Date in the case of the Interest Coverage Tests and shall be satisfied on a Measurement Date if the corresponding Par Value Ratio or Interest Coverage Ratio (as the case may be) is at least equal to the percentage specified in the table below in relation to that Coverage Test.

<u>Coverage Test and Ratio</u>	<u>Percentage at Which Test is Satisfied</u>
Class A/B Par Value	129.58 per cent.
Class A/B Interest Coverage	120.0 per cent.
Class C Par Value	120.68 per cent.
Class C Interest Coverage	110.0 per cent.
Class D Par Value	114.58 per cent.
Class D Interest Coverage	105.0 per cent.
Class E Par Value	107.71 per cent.
Class E Interest Coverage	101.0 per cent.
Class F Par Value	104.63 per cent.

For the purposes of calculating the Interest Coverage Ratios, the expected interest income on Collateral Obligations, Eligible Investments and the Accounts (to the extent applicable) and the expected interest payable on the applicable Classes of Notes will be calculated using the then current interest rates and periods applicable thereto as at the relevant Measurement Date.

## DESCRIPTION OF THE COLLATERAL MANAGEMENT AND ADMINISTRATION AGREEMENT

### General

The Collateral Manager will perform certain investment management functions, including, without limitation, supervising and directing the investment and reinvestment of the Collateral Obligations and Eligible Investments, and perform certain administrative and management functions on behalf of the Issuer in accordance with the applicable provisions of the Collateral Management and Administration Agreement. The Collateral Management and Administration Agreement contains procedures whereby the Collateral Manager will have discretionary authority of the Issuer in relation to the composition, acquisition and management of the Portfolio.

### Compensation of the Collateral Manager

As compensation for the performance of its obligations under the Collateral Management and Administration Agreement, the Collateral Manager will be entitled to receive from the Issuer on each Payment Date a senior collateral management fee equal to 0.15 per cent. per annum of the Collateral Principal Amount as of the beginning of the Due Period relating to the applicable Payment Date, which collateral management fee will be payable senior to the Notes, but subordinated to certain fees and expenses of the Issuer in accordance with the Priorities of Payments (such fee, the “**Senior Collateral Management Fee**”).

The Collateral Management and Administration Agreement also provides that the Collateral Manager will receive from the Issuer on each Payment Date a subordinated collateral management fee equal to 0.35 per cent. per annum of the Collateral Principal Amount as of the beginning of the Due Period relating to the applicable Payment Date, which collateral management fee will be payable senior to the payments on the Subordinated Notes, but subordinated to the Rated Notes (such fee, the “**Subordinated Collateral Management Fee**”).

In addition to the Senior Collateral Management Fee and the Subordinated Collateral Management Fee, the Collateral Manager will receive an incentive management fee, payable on each Payment Date as provided below and subject to the Priorities of Payments, if the Incentive Management Fee IRR Threshold has met or exceeded 12 per cent., in an amount equal to 20 per cent. of any Interest Proceeds and Principal Proceeds that would otherwise be available to distribute to the Subordinated Noteholders in accordance with the Priorities of Payments (such fee, the “**Incentive Management Fee**”).

The Collateral Manager may from time to time direct the Issuer in writing to pay the amount of the Senior Collateral Management Fee, Subordinated Collateral Management Fee and/or Incentive Management Fee to an Affiliate of the Collateral Manager.

Each of the Senior Collateral Management Fee, the Subordinated Collateral Management Fee and the Incentive Management Fee shall be calculated based upon the actual number of days elapsed in the applicable Due Period divided by 360 and shall exclude any VAT payable on such Senior Collateral Management Fee, Subordinated Collateral Management Fee and Incentive Management Fee.

If amounts distributable on any Payment Date in accordance with the Priorities of Payments are insufficient to pay the Senior Collateral Management Fee in full, then a portion of the Senior Collateral Management Fee equal to the shortfall will be deferred and will be payable on subsequent Payment Dates on which funds are available therefor according to the Priorities of Payments.

If amounts distributable on any Payment Date in accordance with the Priorities of Payments are insufficient to pay the Subordinated Collateral Management Fee in full, then a portion of the Subordinated Collateral Management Fee equal to the shortfall will be deferred and will be payable on subsequent Payment Dates on which funds are available therefor according to the Priorities of Payments.

The Collateral Manager may also elect to defer any Senior Collateral Management Fees and Subordinated Collateral Management Fees. Any amounts so deferred shall be applied in accordance with the Priorities of Payments. To the extent that the Collateral Manager elects to defer all or a portion thereof, the Senior Collateral Management Fee and/or Subordinated Collateral Management Fee, as applicable, will be deferred and will be payable on subsequent Payment Dates in accordance with the Priorities of Payments. Any due and unpaid Collateral Management Fees and any Deferred Senior Collateral Management Amounts and Deferred Subordinated Collateral Management Amounts shall not accrue any interest. In addition, in accordance with Condition 3(c) (*Priorities of Payments*), the Collateral Manager may, in its sole discretion, elect to designate all

or a portion of the Senior Collateral Management Fee and/or the Subordinated Collateral Management Fee otherwise payable on a Payment Date for reinvestment in, or to be deferred to be used to purchase, Substitute Collateral Obligations.

Except as otherwise agreed to by the Issuer and the Collateral Manager, the costs and expenses (including the fees and disbursements of counsel and accountants but excluding all overhead costs and employees' salaries) of the Collateral Manager and of the Issuer incurred in connection with the negotiation and preparation of and the execution of the Collateral Management and Administration Agreement and any amendment thereto, and all matters incidental thereto, shall be borne by the Issuer. Subject to the provisions relating to Administrative Expenses in the Priorities of Payments, the Issuer will reimburse the Collateral Manager for expenses including fees and out-of-pocket expenses reasonably incurred by the Collateral Manager in connection with services provided under the Collateral Management and Administration Agreement.

Fees payable to, and costs and expenses of, the Collateral Manager, shall accrue up to the date on which the Collateral Manager's appointment is terminated or the Collateral Manager resigns its appointment, as described further below.

### **Standard of Care of the Collateral Manager**

The Collateral Manager will perform its obligations under the Collateral Management and Administration Agreement and under the Trust Deed with reasonable care and in good faith, in a manner consistent with practices and procedures followed by reputable institutional managers of international standing relating to assets of the nature and character of the Collateral (the "**Standard of Care**"), provided that the Collateral Manager will not be liable for any loss or damages resulting from any failure to satisfy the Standard of Care except to the extent any act or omission of the Collateral Manager constitutes a Collateral Manager Breach (as defined below). The Standard of Care may change from time to time to reflect changes by the Collateral Manager to its customary standards, policies and procedures provided that such customary standards, policies and procedures are at least as rigorous as the foregoing. To the extent not inconsistent with the foregoing, the Collateral Manager will follow its customary standards, policies and procedures in performing its duties under the Collateral Management and Administration Agreement.

### **Liability of the Collateral Manager**

The Collateral Manager shall not be responsible for, amongst other things, any action or inaction of the Issuer or the Trustee in following or declining to follow any advice, recommendation or direction of the Collateral Manager. The Collateral Manager, its Affiliates and its shareholders or members and their respective Collateral Manager Related Persons shall not be liable (whether directly or indirectly, in contract or in tort or otherwise) to the Issuer, the Trustee, any holder of the Notes, the Initial Purchaser, any of their respective Affiliates or shareholders, any of the Issuer's or the Trustee's respective managers, directors, officers, partners, agents or employees, or any other Persons for any act, omission, error of judgment, mistake of law, or for any claim, loss, liability (including tax liability), damage, judgments, assessments, settlement, cost, or other expense (including attorneys' fees and expenses and court costs) arising out of or in connection with any investment, or for any other act or omission in the performance of the Collateral Manager's, its managers', directors', officers', partners', agents' or employees' obligations under or in connection with the Collateral Management and Administration Agreement or the terms of any other Transaction Document applicable to the Collateral Manager, incurred as a result of actions taken or recommended or for any omissions of the Collateral Manager, or for any decrease in the value of the Collateral, except for liability to which the Collateral Manager would be subject when performing duties in accordance with the Standard of Care (a) by reason of acts or omissions constituting fraud, wilful default or negligence in the performance of its duties in any capacity under the Collateral Management and Administration Agreement or any other Transaction Document or (b) with respect to the information concerning the Collateral Manager provided in writing by the Collateral Manager for inclusion in this Offering Circular if such information contains any untrue statement of material fact or omits to state a material fact necessary in order to make the statements contained in the sections headed "*Risk Factors – Certain Conflicts of Interest – Collateral Manager*" and "*The Collateral Manager*" of this Offering Circular, in the light of the circumstances under which they were made, not misleading (together, "**Collateral Manager Breaches**"). The Collateral Manager will be entitled to indemnification by the Issuer under certain circumstances, which will be payable as Administrative Expenses in accordance with the Priorities of Payments, and the Issuer (for itself and its managers, directors, officers, partners, agents or employees) and the Trustee (for itself and its Affiliates and its managers, directors, officers, partners, agents or employees) will be entitled to indemnification by the Collateral Manager, in each case as described in the Collateral Management and Administration Agreement.

## Termination of the Appointment of the Collateral Manager

### *Resignation of the Collateral Manager*

The Collateral Manager may, subject to the appointment of a successor collateral manager in accordance with the terms of the Collateral Management and Administration Agreement, resign upon 90 days' prior written notice to the Issuer (or such shorter notice as is acceptable to the Issuer), the Noteholders, each Hedge Counterparty and the Trustee; provided that the Collateral Manager shall have the right to resign immediately whether or not a replacement Collateral Manager has been appointed upon the effectiveness of any material change in applicable law or regulations which renders the performance by the Collateral Manager of its duties under the Collateral Management and Administration Agreement or under the Trust Deed to be a violation of such law or regulation.

Any such resignation is without prejudice and subject to fulfilment of the Collateral Manager's obligations in its capacity as Retention Holder in respect of the Retention Notes under the Risk Retention Letter (unless the same are transferred in accordance with the terms of the Risk Retention Letter as described herein in "*The Retention Holder and EU Retention Requirements*" above).

### *Automatic Termination of the Collateral Management and Administration Agreement*

The Collateral Management and Administration Agreement will automatically terminate upon the earliest to occur of (i) the payment in full of the Notes and all other amounts owing to the Secured Parties and the termination of the Trust Deed in accordance with its terms (ii) the liquidation of the Portfolio and the final distribution of the proceeds of such liquidation as provided in the Trust Deed, and (iii) the determination in good faith by the Issuer that the Issuer or the Portfolio has become required to be registered under the Investment Company Act, and the Issuer notifies the Collateral Manager thereof.

Any rights of the Collateral Manager stated to survive the termination of the Collateral Management and Administration Agreement shall remain vested in the Collateral Manager after such termination in accordance with the terms of the Collateral Management and Administration Agreement.

### *Removal of the Collateral Manager for Cause*

The Collateral Manager may be removed for Cause upon 30 Business Days' prior written notice to the Collateral Manager, the Trustee, each Hedge Counterparty and each Rating Agency (i) by the Issuer at the direction of the Controlling Class acting by Extraordinary Resolution; or (ii)(x) in the case of a Collateral Manager Insolvency Event, by the Issuer at the direction of the Subordinated Noteholders acting by Ordinary Resolution, and (y) in any case other than a Collateral Manager Insolvency Event, by the Issuer at the direction of the Subordinated Noteholders acting by Extraordinary Resolution.

For the purposes of determining "**Cause**" with respect to the Collateral Management and Administration Agreement such term shall mean any one of the following events:

- (a) the Collateral Manager wilfully and intentionally violates or breaches any material provision of the Collateral Management and Administration Agreement or the Trust Deed in bad faith (not including a wilful and intentional breach that results from a good faith dispute regarding reasonable alternative courses of action or interpretation of instructions);
- (b) the Collateral Manager breaches any provision of the Collateral Management and Administration Agreement or any terms of the Trust Deed (other than as covered by paragraph (a) above and it being understood that failure to meet any Portfolio Profile Test, Collateral Quality Test, Reinvestment Overcollateralisation Test or Coverage Test is not a breach for purposes of this paragraph (b)), which breach would reasonably be expected to have a material adverse effect on the Issuer and shall not cure such breach (if capable of being cured) within 30 days of a Responsible Officer of the Collateral Manager receiving notice of such breach, unless, if such breach is remediable, the Collateral Manager takes action that the Collateral Manager believes in good faith will remedy such failure, and such action does remedy such failure, within 60 days after a Responsible Officer receives notice thereof;
- (c) the failure of any representation, warranty, certification or statement made or delivered by the Collateral Manager in or pursuant to the Collateral Management and Administration Agreement or the Trust Deed to be correct when made which failure (i) would reasonably be expected to have a material

adverse effect on the Issuer, and (ii) is not corrected by the Collateral Manager within 45 days of a Responsible Officer of the Collateral Manager receiving notice of such failure;

- (d) the Collateral Manager is wound up or dissolved or there is appointed over it or a substantial part of its assets a receiver, administrator, administrative receiver or similar officer; or the Collateral Manager (i) ceases to be able to, or admits in writing that it is unable to pay its debts as they become due and payable, or makes a general assignment for the benefit of, or enters into any composition or arrangement with, its creditors generally by reason of actual financial difficulties; (ii) applies for or consents (by admission of material allegations of a petition or otherwise) to the appointment of a receiver, administrator, liquidator or sequestrator of the Collateral Manager or of any substantial part of its properties or assets, or authorises such an application or consent, or proceedings seeking such appointment are commenced against the Collateral Manager without such authorisation, consent or application and either continue undismissed for 45 days or any such appointment is ordered by a court or regulatory body having jurisdiction; (iii) authorises or files a voluntary petition in bankruptcy, or applies for or consents (by admission of a petition or otherwise) to the application of any bankruptcy, insolvency, dissolution, or similar law, or authorises such application or consent, or proceedings to such end are instituted against the Collateral Manager without such authorisation, application or consent and remain undismissed for 45 days and in any case result in adjudication of bankruptcy or insolvency or the issuance of an order for relief; or (iv) permits or suffers all or any substantial part of its properties or assets to be sequestered or attached by court order and the order (if contested in good faith) remains undismissed for 45 days (each such event, a “**Collateral Manager Insolvency Event**”);
- (e) the occurrence and continuation of an Event of Default specified under clause (i) or (ii) of the definition thereof that results directly from any material breach by the Collateral Manager of its duties under the Collateral Management and Administration Agreement or under the Trust Deed which breach or default is not cured within any applicable cure period;
- (f) (i) the occurrence of an act by the Collateral Manager that constitutes fraud or criminal activity in the performance of its obligations under the Collateral Management and Administration Agreement or its other collateral management activities or the Collateral Manager being charged with a criminal offence materially related to its business of providing asset management services or (ii) any Responsible Officer of the Collateral Manager primarily responsible for the performance by the Collateral Manager of its obligations under the Collateral Management and Administration Agreement (in the performance of his or her investment management duties) is charged with a criminal offence materially related to the business of the Collateral Manager providing asset management services and continues to have responsibility for the performance by the Collateral Manager under the Collateral Management and Administration Agreement for a period of 30 days after such being so charged; or
- (g) any legal, regulatory or other authorisations which are necessary for the performance of the Collateral Manager’s obligations under any applicable laws are not in place or the performance by the Collateral Manager in accordance with the Collateral Management and Administration Agreement and the other Transaction Documents is in breach of any applicable laws, except for those jurisdictions in which the failure to be so qualified, authorised or licensed would not have a material adverse effect on the business, operations, assets or financial condition of the Collateral Manager or on the ability of the Collateral Manager to perform its obligations under, or on the validity or enforceability of, the Collateral Management and Administration Agreement.

If any of the events specified in paragraphs (a) to (g) (inclusive) above shall occur, the Collateral Manager shall give prompt written notice thereof to the Issuer, the Trustee, the Collateral Administrator, the Rating Agencies and the holders of all Outstanding Notes (in accordance with Condition 16 (*Notices*)) upon the Collateral Manager becoming aware of the occurrence of such event. The Issuer, upon receipt of such notice from the Collateral Manager, shall give prompt written notice thereof to each Hedge Counterparty.

#### *Replacement*

Except as specified above, no resignation or removal of the Collateral Manager or termination of the Collateral Management and Administration Agreement shall be effective until the date as of which a successor Collateral Manager shall have been appointed and approved subject to and in accordance with the Collateral Management and Administration Agreement and has accepted all of the Collateral Manager’s duties and obligations pursuant to the Collateral Management and Administration Agreement in writing and has assumed such duties and obligations.

Any such successor must be an institution which:

- (a) has demonstrated an ability to perform professionally and competently duties similar to those imposed upon the Collateral Manager under the Collateral Management and Administration Agreement and has a substantially similar (or higher) level of expertise;
- (b) is legally qualified and has the capacity (including Dutch regulatory capacity to provide collateral management services to Dutch counterparties as a matter of the laws of The Netherlands) to act as collateral manager under the Collateral Management and Administration Agreement and under the applicable terms of the Trust Deed as successor to the Collateral Manager under the Collateral Management and Administration Agreement;
- (c) does not cause or result in the Issuer becoming, or require the pool of Collateral to be registered as, an investment company under the Investment Company Act;
- (d) does not cause the Issuer to (i) be treated as engaged in a trade or business in the United States for U.S. federal income tax purposes or otherwise subject to U.S. federal income tax on a net basis or (ii) be required to pay income, corporate, trade or similar taxes in any tax jurisdiction other than The Netherlands;
- (e) does not cause or result in VAT being chargeable on any of the fees payable by the Issuer (whether to a tax authority or counterparty);
- (f) has been the subject of Rating Agency Confirmation from each Rating Agency; and
- (g) if it is to be the relevant retention party for the purposes of the EU Retention Requirements, the transfer of the Retention Notes to such entity is permitted under and contemplated by the Risk Retention Letter, permitted under the EU Retention Requirements and would not cause the transaction described in this Offering Circular to cease to be compliant with the EU Retention Requirements,

(each such institution satisfying such requirements, an “**Eligible Successor**”).

Upon resignation or removal of the Collateral Manager, or termination of the Collateral Management and Administration Agreement and while any of the Notes are Outstanding, the Issuer shall appoint a replacement collateral manager which shall satisfy the requirements for an Eligible Successor in accordance with the procedure set out below.

Within 90 days of the resignation or removal of the Collateral Manager while any of the Notes are Outstanding, the Subordinated Noteholders (acting by Ordinary Resolution) may propose a successor Collateral Manager by delivering notice thereof to the Issuer and the Trustee and the Issuer shall promptly procure that such notice is delivered to the Noteholders in accordance with Condition 16 (*Notices*).

The Controlling Class (acting by Ordinary Resolution) may within 30 days of receipt of such notice, object to such successor Collateral Manager by delivery of notice of such objection to the Issuer and the Trustee. If no notice of objection is received by the Issuer and the Trustee within such time period, such proposed successor Collateral Manager will be appointed Collateral Manager by the Issuer.

If the Subordinated Noteholders (acting by Ordinary Resolution) make no such proposal within such 90 day period or the Controlling Class (acting by Ordinary Resolution) rejects the successor Collateral Manager proposed by the Subordinated Noteholders (acting by Ordinary Resolution) by delivery of notice of objection to the Issuer and the Trustee, the Controlling Class (acting by Ordinary Resolution and confirming in such resolution that the proposed successor Collateral Manager is not an Affiliate of a holder of the Controlling Class) may propose a successor Collateral Manager by delivering notice thereof to the Issuer and the Trustee and the Issuer shall promptly procure that such notice is delivered to the Noteholders in accordance with Condition 16 (*Notices*); provided, that no such proposed successor Collateral Manager may be an Affiliate of a holder of the Controlling Class.

The Subordinated Noteholders (acting by Ordinary Resolution) may, within 30 days from receipt of such notice, object to such successor Collateral Manager by delivery of notice of such objection to the Issuer and the Trustee. If no notice of objection is received by the Issuer and the Trustee within such time period, such proposed successor Collateral Manager will be appointed Collateral Manager by the Issuer.

Within 30 days of receipt of a notice of objection referred to above, either the Controlling Class (acting by Ordinary Resolution) or the Subordinated Noteholders (acting by Ordinary Resolution) may propose a successor Collateral Manager by written notice to the Trustee and the Issuer and the Issuer shall promptly procure that such notice is delivered to the Noteholders in accordance with Condition 16 (*Notices*). In the case of such proposal by the Controlling Class, the Subordinated Noteholders (acting by Ordinary Resolution), may, within 30 days from receipt of such notice, deliver to the Issuer and the Trustee notice of objection thereto. In the case of such a proposal by the Subordinated Noteholders, the Controlling Class (acting by Ordinary Resolution) may, within 30 days from receipt of such notice, deliver to the Issuer and the Trustee notice of such objection thereto. If no notice of objection of the Subordinated Noteholders (acting by Ordinary Resolution) is received by the Issuer and the Trustee within the relevant time period (in the case of a proposal by the Controlling Class) or no notice of objection of the Controlling Class (acting by Ordinary Resolution) is received by the Issuer and the Trustee within the relevant time period (in the case of a proposal by the Subordinated Noteholders), such proposed successor Collateral Manager will be appointed Collateral Manager by the Issuer. If a notice of objection from the Subordinated Noteholders (acting by Ordinary Resolution) is received within 30 days (in the case of a proposal by the Controlling Class) or a notice of objection from the Controlling Class (acting by Ordinary Resolution) is received within 30 days (in the case of a proposal by the Subordinated Noteholders), then either group of Noteholders may again propose a successor Collateral Manager in accordance with the foregoing.

Notwithstanding the above, if no successor Collateral Manager has been appointed within 150 days following the date of resignation, termination or removal of the Collateral Manager, the Issuer will appoint a successor Collateral Manager proposed by the Controlling Class (acting by Ordinary Resolution and confirming in such resolution that the proposed successor Collateral Manager is not an Affiliate of a holder of the Controlling Class) so long as such successor Collateral Manager: (i) is not a Person that was previously objected to by the Subordinated Noteholders (acting by Ordinary Resolution); and (ii) is not an Affiliate of a holder of the Controlling Class.

Upon the acceptance by a successor Collateral Manager of any such appointment referred to above, all rights of the Collateral Manager under the Collateral Management and Administration Agreement shall terminate (except as expressly provided therein otherwise) and the Collateral Manager shall thereafter have no liability under the Collateral Management and Administration Agreement or for any actions of the successor Collateral Manager; provided that the Collateral Manager shall remain liable for any claims arising under the Collateral Management and Administration Agreement prior to such removal and appointment which it would be otherwise be liable for; and provided that any such removal and appointment will be without prejudice to the obligations of the Collateral Manager in its capacity as Retention Holder under the Risk Retention Letter (unless the same are transferred in accordance with the terms of the Risk Retention Letter).

#### *Assignment and Delegation*

Except as provided below, the Collateral Manager may not assign or delegate its rights and responsibilities under the Collateral Management and Administration Agreement.

The Collateral Manager may assign or delegate any of its rights or obligations under the Collateral Management and Administration Agreement in any of the following circumstances:

- (a) (x) such assignment or delegation is to an Eligible Successor and (y) the consent of the Issuer and the consent of the Controlling Class acting by Ordinary Resolution and the Subordinated Noteholders, acting by Ordinary Resolution are obtained; or
- (b) such assignment or delegation is to an Eligible Successor that is an Affiliate of the Collateral Manager.

The Collateral Manager may enter into (or have any affiliated entity enter into) any consolidation or amalgamation with, or merger with or into, or transfer of all or substantially all of its assets to, another entity; *provided that* at the time of such consolidation, merger, amalgamation or transfer the resulting, surviving or transferee entity (A) assumes all the obligations of the Collateral Manager under the Collateral Management and Administration Agreement generally (whether by operation of law or by contract), (B) is solely a continuation of the Collateral Manager in another corporate or similar form and has substantially the same personnel and (C) is an Eligible Successor.

In relation to any delegation by the Collateral Manager pursuant to any of the above paragraphs, the Collateral Manager shall not be relieved of any of its duties under the Collateral Management and Administration

Agreement or the other Transaction Documents regardless of the performance of any services by the delegate and shall remain liable for the performance of its obligations under the Collateral Management and Administration Agreement or the other Transaction Documents.

### **No Voting Rights**

Notes held in the form of CM Non-Voting Exchangeable Notes or CM Non-Voting Notes shall not constitute or form part of the Controlling Class, shall not have any voting rights with respect to, and shall not be counted for the purposes of determining a quorum and the results of voting: (i) on any CM Removal Resolution; (ii) on any CM Replacement Resolution; or (iii) in respect of any assignment or delegation of any of the Collateral Manager's rights or obligations under the Collateral Management and Administration Agreement. No Collateral Manager Notes shall be entitled to vote or be counted for the purposes of determining a quorum and the results of voting: (i) on any CM Removal Resolution; or (ii) in respect of any assignment or delegation of any of the Collateral Manager's rights or obligations under the Collateral Management and Administration Agreement. No Collateral Manager Notes shall be entitled to vote in respect of any CM Replacement for Cause Resolution or be counted for the purposes of determining a quorum or the result of voting in respect of such CM Replacement for Cause Resolution.

### **Governing Law**

The Collateral Management and Administration Agreement, and any dispute, controversy, proceedings or claim of whatever nature arising out of or in any way relating thereto, or to its formation (including any non-contractual disputes or claims), shall be governed by, and construed in accordance with, the laws of England.

## DESCRIPTION OF THE COLLATERAL ADMINISTRATOR

*The information appearing in this section has been prepared by the Collateral Administrator and has not been independently verified by the Issuer, the Initial Purchaser or any other party. None of the Issuer, the Initial Purchaser or any other party other than the Collateral Administrator assumes any responsibility for the accuracy or completeness of such information.*

The Bank of New York Mellon SA/NV is a Belgian limited liability company established 30 September 2008 under the form of a *Société Anonyme/Naamloze Vennootschap*. It was granted its banking license by the CBFA (former Belgian supervisor prior to the implementation of the Twin Peaks model) on 10 March 2009. It has its headquarters and main establishment at 46 rue Montoyerstraat, 1000 Bruxelles/Brussels. The Bank of New York Mellon SA/NV is a subsidiary of BNY Mellon (BNYM), the main banking subsidiary of The BNY Mellon Corporation. The Bank of New York Mellon SA/NV operates from locations in Belgium, The Netherlands, Germany, London, Luxembourg, Paris and Dublin.

### **Termination and Resignation of Appointment of the Collateral Administrator**

Pursuant to the terms of the Collateral Management and Administration Agreement, the Collateral Administrator may be removed: (a) without cause at any time upon at least 90 days' prior written notice by (i) the Issuer at its discretion or (ii) the Trustee acting upon the written direction of the Subordinated Noteholders acting by way of Ordinary Resolution and subject to the Trustee being secured and/or indemnified and/or prefunded to its satisfaction; or (b) with cause upon at least 10 days' prior written notice by (i) the Issuer at its discretion or (ii) the Trustee acting upon the written directions of the Subordinated Noteholders acting by way of Ordinary Resolution and subject to the Trustee being secured and/or indemnified and/or prefunded to its satisfaction. In addition, the Collateral Administrator may also resign its appointment without cause on at least 45 days' prior written notice and with cause upon at least 10 days' prior written notice to the Issuer, the Trustee and the Collateral Manager. No resignation or removal of the Collateral Administrator will be effective until a successor collateral administrator has been appointed pursuant to the terms of the Collateral Management and Administration Agreement and notice of such appointment and resignation has been given by the Issuer to the Noteholders.

## HEDGING ARRANGEMENTS

*The following section consists of a summary of certain provisions of which, pursuant to the Collateral Management and Administration Agreement, are required to be contained in each Hedge Agreement and Hedge Transaction. Such summary does not purport to be complete and is qualified by reference to the detailed provisions of each Hedge Agreement and Hedge Transaction. The terms of a Hedge Agreement or Hedge Transaction may differ from the description provided herein if such Hedge Agreement is a Form Approved Hedge (for the avoidance of doubt, including where such Form Approved Hedge is entered into on the Issue Date) or, where such Hedge Agreement is not a Form Approved Hedge, subject to receipt of Rating Agency Confirmation in respect thereof.*

### Hedge Agreements

Subject to (a) the receipt by the Issuer (or the Collateral Manager on behalf of the Issuer) of legal advice from reputable legal counsel to the effect that the entry into such arrangements should not require any of the Issuer, its directors or officers or the Collateral Manager to register with the United States Commodity Futures Trading Commission as a commodity pool operator or a commodity trading advisor pursuant to the United States Commodity Exchange Act of 1936, as amended or (b) the Hedge Agreement Eligibility Criteria being satisfied (the “**Hedging Condition**”), the Issuer (or the Collateral Manager on its behalf) may enter into transactions documented under a 1992 (Multicurrency - Cross Border) or 2002 Master Agreement or such other form published by the International Swaps and Derivatives Association, Inc. (“**ISDA**”). Each Hedge Transaction will be evidenced by a confirmation entered into pursuant to a Hedge Agreement.

Each Hedge Transaction will be used:

- (a) in the case of an Interest Rate Hedge Transaction, to hedge any interest rate mismatch between the Rated Notes and the Collateral Obligations; and
- (b) in the case of a Currency Hedge Transaction, to exchange payments of principal, interest and other amounts in respect of any Non-Euro Obligation for amounts denominated in Euros at the Currency Hedge Transaction Exchange Rate,

in each case subject to receipt of Rating Agency Confirmation in respect thereof (save in the case of a Form Approved Hedge) and provided that the Hedge Counterparty satisfies the applicable Rating Requirement (taking into account any guarantor thereof) and has the regulatory capacity (as a matter of Dutch law) to enter into derivatives transactions with Dutch residents.

“**Hedge Agreement Eligibility Criteria**” means, at the time a Hedge Transaction is entered into, each of the following is true: (a) the relevant Hedge Transaction is an interest rate swap or cross-currency swap transaction (or both) and is being entered into solely to hedge interest rate risk, timing mismatch or currency risk (or any combination of these) on the relevant Collateral Obligation; (b) the relevant Hedge Transaction relates to a single Collateral Obligation only, although multiple Hedge Transactions with the same counterparty may be entered into under a single master hedge agreement; (c) the relevant Hedge Transaction does not change the tenor of the relevant Collateral Obligation; (d) the relevant Hedge Transaction does not leverage exposure to the relevant Collateral Obligation or otherwise inject leverage into the Issuer’s exposure; (e) other than with respect to introducing credit risk exposure to the counterparty on the Hedge Transaction, the relevant Hedge Transaction does not change the Issuer’s credit risk exposure to the Obligor on the relevant Collateral Obligation; (f) the relevant Hedge Transaction is documented pursuant to an ISDA Master Agreement, including pursuant to a confirmation for each Hedge Transaction thereunder; (g) payment dates under the relevant Hedge Transaction correspond to or occur on or about Payment Dates or the relevant Collateral Obligation payment dates; (h) the notional amount of the relevant Hedge Transaction will decline in line with the principal amount of the relevant Collateral Obligation; (i) in the Collateral Manager’s view, in the context of the transaction as a whole, the relevant Hedge Transaction will not change the Noteholders’ investment experience in any material way by virtue thereof; and (j) either (i) the relevant Hedge Transaction must terminate automatically in whole or in part (as applicable) when the relevant Collateral Obligation is sold or matures; or (ii) the Issuer must have the right to terminate the relevant Hedge Transaction in whole or in part (as applicable) when the relevant Collateral Obligation is sold or matures and at the time the relevant Hedge Transaction is entered into the Collateral Manager intends to cause the Issuer to exercise such right.

## Replacement Hedge Transactions

Currency Hedge Transactions: In the event that any Currency Hedge Transaction terminates in whole at any time in circumstances in which the applicable Currency Hedge Counterparty is the “**Defaulting Party**” or sole “**Affected Party**” (each as defined in the applicable Currency Hedge Agreement) the Issuer, or the Collateral Manager on its behalf, shall use commercially reasonable efforts to enter into a Replacement Currency Hedge Agreement within 30 days of the termination thereof with a counterparty which (or whose guarantor) satisfies the applicable Rating Requirement and which has the regulatory capacity (as a matter of Dutch law) to enter into derivatives transactions with Dutch residents.

Interest Rate Hedge Transactions: In the event that any Interest Rate Hedge Transaction terminates in whole at any time in circumstances in which the applicable Interest Rate Hedge Counterparty is the “**Defaulting Party**” or sole “**Affected Party**” (each as defined in the applicable Interest Rate Hedge Agreement) the Issuer, or the Collateral Manager on its behalf, shall use commercially reasonable efforts to enter into a replacement Interest Rate Hedge Transaction within 30 days of the termination thereof with a counterparty which (or whose guarantor) satisfies the applicable Rating Requirement and which has the regulatory capacity (as a matter of Dutch law) to enter into derivatives transactions with Dutch residents.

## Standard Terms of Currency Hedge Transactions

Any Currency Hedge Transaction shall contain the following terms (provided that the Issuer may enter into Currency Hedge Transactions on different terms than those set forth below if such Currency Hedge Transactions are entered into as a Form Approved Hedge (for the avoidance of doubt, including where such Form Approved Hedge is entered into on the Issue Date) or, where such Hedge Agreement is not a Form Approved Hedge, subject to receipt of Rating Agency Confirmation in respect thereof):

- (a) on the effective date of entry into such transaction, the Issuer pays to the Currency Hedge Counterparty an initial exchange amount in Euros equal to the purchase price of such Non-Euro Obligation, converted into Euros at the Currency Hedge Transaction Exchange Rate in exchange for payment by the Currency Hedge Counterparty of an initial exchange amount in the relevant currency equal to the purchase price of such Non-Euro Obligation;
- (b) on the scheduled date of termination of such transaction, which shall be the date falling two Business Days after the date on which the Non-Euro Obligation is scheduled to mature or such later date as otherwise specified in the relevant confirmation, the Issuer pays to the Currency Hedge Counterparty an amount equal to the amount payable upon maturity of the Non-Euro Obligation in the relevant currency (the “**Proceeds on Maturity**”) in exchange for payment by the Currency Hedge Counterparty of an amount denominated in Euros, such amount to be an amount equal to the Proceeds on Maturity converted into Euros at the Currency Hedge Transaction Exchange Rate;
- (c) following the sale of any Non-Euro Obligation, the Issuer shall pay to the Currency Hedge Counterparty an amount equal to the sale proceeds of such Non-Euro Obligation in the relevant currency (the “**Proceeds on Sale**”) in exchange for payment by the Currency Hedge Counterparty of an amount denominated in Euros, such amount to be an amount equal to the Proceeds on Sale converted into Euros at the Currency Hedge Transaction Exchange Rate less any amounts payable to the Currency Hedge Counterparty in respect of the early termination of the relevant Currency Hedge Transaction (or such other amount to the Currency Hedge Counterparty in respect of such sale and early termination as may be agreed between the Issuer and the Currency Hedge Counterparty);
- (d) upon the insolvency of the Issuer and/or the acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*), and upon the Trustee, the Collateral Manager or any other agent of the Issuer (including any insolvency practitioner, receiver, or equivalent such person in any relevant jurisdiction), selling the relevant Non-Euro Obligation, the Currency Hedge Counterparty shall receive the proceeds of the sale of the Non-Euro Obligation from the Issuer and return the Euro-equivalent amount owing, less any amount payable to the Currency Hedge Counterparty in respect of the early termination of the Currency Hedge Transaction and the Currency Hedge Transaction shall terminate in accordance with its terms; and
- (e) notwithstanding (d) above, upon the insolvency of the Issuer and/or the acceleration of the Notes in accordance with Condition 10(b) (*Acceleration*), the Currency Hedge Counterparty may, but shall not be obliged to, terminate any or all Currency Hedge Transactions in which case any Currency Hedge

Issuer Termination Payment would be paid in accordance with the Post-Acceleration Priority of Payments.

The Collateral Manager, acting on behalf of the Issuer, shall convert all amounts received by it in respect of any Non-Euro Obligation which is not the subject of a related Currency Hedge Transaction into Euros promptly upon receipt thereof at the then prevailing Spot Rate and shall procure that such amounts are paid into the Principal Account or the Interest Account, as applicable.

All amounts received by the Issuer in respect of Non-Euro Obligations shall be paid into the sub-account of the Currency Accounts and all amounts payable by the Issuer under any Currency Hedge Transaction (other than Hedge Replacement Payments and Hedge Issuer Termination Payments) will be paid in the relevant currency out of the sub-account in the relevant currency of the Currency Accounts to the extent amounts are available therein.

### **Standard Terms of the Hedge Agreements**

Each Hedge Agreement entered into by or on behalf of the Issuer shall contain the following standard provisions, save to the extent that any change thereto is agreed by the applicable Hedge Counterparty, provided that where such Hedge Agreement is a Form Approved Hedge, such Hedge Agreement may be on terms other than as set out below (for the avoidance of doubt, including where such Hedge Agreement is entered into on the Issue Date) or, where such Hedge Agreement is not a Form Approved Hedge, subject to receipt of Rating Agency Confirmation in respect thereof.

#### *Gross up*

Under each Hedge Agreement the Issuer will not be obliged to gross up any payments thereunder in the event of any withholding or deduction for or on account of tax required to be paid on such payments. Any such event may however result in a “**Tax Event**” which is a “**Termination Event**” for the purposes of the relevant Hedge Agreement. In the event of the occurrence of a Tax Event (as defined in such Hedge Agreement), each Hedge Agreement will include provision for the relevant Affected Party (as defined therein) to use reasonable endeavours to (i) (in the case of the Hedge Counterparty) arrange for a transfer of all of its interests and obligations under the Hedge Agreement and all Transactions (as defined in the Hedge Agreement) thereunder to an Affiliate that is incorporated in another jurisdiction so as to avoid the requirement to withhold or deduct for or on account of tax; or (ii) (in the case of the Issuer) transfer its residence for tax purposes to another jurisdiction or if a substitute principal obligor under the Notes has been substituted for the Issuer in accordance with Condition 9 (*Taxation*), arrange for a transfer of all of its interest and obligations under the Hedge Agreement and all Transactions thereunder to that substitute principal obligor so as to avoid the requirement to withhold or deduct for or on account of tax subject to satisfaction of the conditions specified therein (including receipt of Rating Agency Confirmation).

#### *Limited Recourse and Non-Petition*

The obligations of the Issuer under each Hedge Agreement will be limited to the proceeds of enforcement of the Collateral as applied in accordance with the Priorities of Payments set out in Condition 3(c) (*Priorities of Payments*). Any Counterparty Downgrade Collateral standing to the credit of a Counterparty Downgrade Collateral Account shall be applied and delivered by the Issuer (or by the Collateral Manager on its behalf) in accordance with Condition 3(j)(v) (*Counterparty Downgrade Collateral Account*). The Issuer will have the benefit of non-petition language similar to the language set out in Condition 4(c) (*Limited Recourse and Non-Petition*).

#### *Termination Provisions*

Each Hedge Transaction may terminate by its terms, whether or not the Notes have been paid in full prior to such termination, upon the earlier to occur of certain events, which may include but shall not be limited to:

- (a) certain events of bankruptcy, insolvency, receivership or reorganisation of the Issuer or the related Hedge Counterparty;
- (b) failure on the part of the Issuer or the related Hedge Counterparty to make any payment under the applicable Hedge Transaction after taking into account the applicable grace period;

- (c) a change in law making it illegal for either the Issuer or the related Hedge Counterparty to be a party to, or perform its obligations under, the applicable Hedge Transaction;
- (d) in certain circumstances, upon a regulatory change or a change in the regulatory status of the Issuer, each as further described in the relevant Hedge Agreement;
- (e) the principal due in respect of the Notes is declared to be due and payable in accordance with the terms of the Trust Deed and, in some cases, the Trustee has started to sell all or part of the Collateral as a consequence thereof;
- (f) the Notes are redeemed in whole prior to the Maturity Date (otherwise than as a result of an Event of Default thereunder);
- (g) representations related to certain regulatory matters prove to be incorrect when made, if the Issuer becomes subject to AIFMD, or if the Issuer or the Collateral Manager is required to register as a “commodity pool operator” pursuant to the United States Commodity Exchange Act of 1936, as amended;
- (h) other regulatory changes occur which have a material adverse effect on a Hedge Counterparty;
- (i) failure by a Hedge Counterparty to comply with the requirements of the Rating Agencies in the event that it (or, as relevant, its guarantor) is subject to a rating withdrawal or downgrade by the Rating Agencies to below the applicable Rating Requirement;
- (j) any amendments are made to the Transaction Documents without the consent of a Hedge Counterparty which would have a material adverse effect on the Hedge Counterparty; and
- (k) any other event as specified in the relevant Hedge Agreement.

A termination of a Hedge Transaction does not constitute an Event of Default under the Notes though the repayment in full of the Notes may be an additional termination event under a Hedge Agreement.

Upon the occurrence of any Event of Default or Termination Event (each as defined in the applicable Hedge Agreement), a Hedge Transaction may be terminated by the Hedge Counterparty or the Issuer (or the Collateral Manager on its behalf) in accordance with the detailed provisions thereof and a lump sum (the “**Termination Payment**”) may become payable by the Issuer to the applicable Hedge Counterparty or vice versa. Such Termination Payment will be determined by the applicable Hedge Counterparty and/or the Issuer (or the Collateral Manager on its behalf) by reference to market quotations obtained in respect of the entry into a replacement swap(s) on the same terms as that terminated or as otherwise described in the applicable Hedge Agreement or, to the extent that such determination does not produce a commercially reasonable result, any loss suffered by a party.

### **Rating Downgrade Requirements**

Each Hedge Agreement shall contain the terms and provisions required by the Rating Agencies (in accordance with the rating methodology of the Rating Agencies at the time of entry into such Hedge Agreements) for the type of derivative transaction represented by the Hedge Transactions in the event that the Hedge Counterparty thereto (or, as relevant, its guarantor) is subject to a rating withdrawal or downgrade by the Rating Agencies to below the applicable Rating Requirement. Such provisions may include a requirement that a Hedge Counterparty must post collateral or transfer the Hedge Agreement to another entity meeting the applicable Rating Requirement or procure that a guarantor meeting the applicable Rating Requirement guarantees its obligations under the Hedge Agreement or takes other actions subject to Rating Agency Confirmation.

### **Transfer and Modification**

The Collateral Manager acting on behalf of the Issuer, may not modify any Hedge Transaction or Hedge Agreement without Rating Agency Confirmation in relation to such modification, save to the extent that it would constitute a Form Approved Hedge following such modification. A Hedge Counterparty may transfer its rights and obligations under a Hedge Agreement to any institution which (or whose credit support provider (as defined in the applicable Hedge Agreement)) satisfies the applicable Rating Requirement and provided that such institution has the regulatory capacity (including, as a matter of Dutch law) to enter into derivatives transactions with Dutch residents.

**Reporting of Specified Hedging Data**

The Collateral Manager, on behalf of the Issuer, may from time to time enter into Reporting Delegation Agreements for the delegation of certain derivative transaction reporting obligations to one or more Reporting Delegates.

**Governing Law**

Each Hedge Agreement together with each Hedge Transaction thereunder in each case, including any non-contractual obligations arising out of or in relation thereto, will be governed by, and construed in accordance with, the laws of England.

## DESCRIPTION OF THE REPORTS

Terms used and not otherwise defined herein or in this Offering Circular as specifically referenced herein shall have the meaning given to them in Condition 1 (*Definitions*) of the Terms and Conditions.

### Monthly Reports

The Collateral Administrator, not later than the 15<sup>th</sup> calendar day (or if such day is not a Business Day, the immediately following Business Day) of each month (save in respect of any month in which a Payment Date Report is to be prepared) commencing in November 2017 on behalf, and at the expense, of the Issuer and in consultation with the Collateral Manager, shall compile and provide to the Issuer, the Trustee, the Collateral Manager, the Initial Purchaser, each Hedge Counterparty and each Rating Agency, and upon request therefor in accordance with Condition 4(f) (*Information Regarding the Collateral*), to any Noteholder and which shall be made available via a secured website currently located at <https://gctinvestorreporting.bnymellon.com> (or such other website as may be notified in writing by the Collateral Administrator to the Issuer, Trustee, Collateral Manager, Initial Purchaser, Hedge Counterparties, Rating Agencies and Noteholders from time to time), a monthly report (the “**Monthly Report**”), which shall contain, without limitation, the information set out below with respect to the Portfolio (and, where applicable, the Notes), determined by the Collateral Administrator as at the last Business Day of the previous month in consultation with the Collateral Manager.

*Frequency Switch Event*

The information required pursuant to “*Frequency Switch Event*” above.

*Miscellaneous*

Each report shall state that it is for the purposes of information only, that certain information included in the report is estimated, approximated or projected and that it is provided without any representations or warranties as to the accuracy or completeness thereof and that none of the Collateral Administrator, the Trustee, the Issuer or the Collateral Manager will have any liability for estimates, approximations or projections contained therein.

In addition, the Collateral Administrator shall provide the Issuer with such other information and in such a format relating to the Portfolio as the Issuer may reasonably request and which is in the possession of the Collateral Administrator, in order for the Issuer to satisfy its obligation to make certain filings of information with the Dutch Central Bank and in respect of the preparation of its financial statements and tax returns.

## TAX CONSIDERATIONS

### 1. GENERAL

Purchasers of Notes may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price of each Note.

POTENTIAL PURCHASERS ARE WHOLLY RESPONSIBLE FOR DETERMINING THEIR OWN TAX POSITION IN RESPECT OF THE NOTES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THEIR TAX POSITION ON PURCHASE, OWNERSHIP, TRANSFER OR EXERCISE OF ANY NOTE SHOULD CONSULT THEIR OWN TAX ADVISERS. IN PARTICULAR, NO REPRESENTATION IS MADE AS TO THE MANNER IN WHICH PAYMENTS UNDER THE NOTES WOULD BE CHARACTERISED BY ANY RELEVANT TAXING AUTHORITY. POTENTIAL INVESTORS SHOULD BE AWARE THAT THE RELEVANT FISCAL RULES OR THEIR INTERPRETATION MAY CHANGE, POSSIBLY WITH RETROSPECTIVE EFFECT, AND THAT THIS SUMMARY IS NOT EXHAUSTIVE. THIS SUMMARY DOES NOT CONSTITUTE LEGAL OR TAX ADVICE OR A GUARANTEE TO ANY POTENTIAL INVESTOR OF THE TAX CONSEQUENCES OF INVESTING IN THE NOTES.

### 2. NETHERLANDS TAXATION

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Offering Circular and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of a Note, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.

For the purpose of this summary, the term “entity” means a corporation as well as any other person that is taxable as a corporation for Dutch corporate tax purposes.

Where this summary refers to a holder of a Note, an individual holding a Note or an entity holding a Note, such reference is restricted to an individual or entity holding legal title to as well as an economic interest in such Note or otherwise being regarded as owning a Note for Dutch tax purposes. It is noted that for purposes of Dutch income, corporate, gift and inheritance tax, assets legally owned by a third party such as a trustee, foundation or similar entity, may be treated as assets owned by the (deemed) settlor, grantor or similar originator or the beneficiaries in proportion to their interest in such arrangement.

Where the summary refers to “The Netherlands” or “Dutch” it refers only to the European part of the Kingdom of The Netherlands.

Investors should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of a Note.

#### **Withholding Tax**

All payments made by the Issuer of interest and principal under the Notes can be made free of withholding or deduction of any taxes of whatsoever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein.

#### **Taxes on income and Capital Gains**

##### *Resident entities*

An entity holding a Note which is, or is deemed to be, resident in The Netherlands for corporate tax purposes and which is not tax exempt, will generally be subject to corporate tax in respect of income or a capital gain derived from a Note at the prevailing statutory rates.

##### *Resident individuals*

An individual holder of a Note who is, or is deemed to be, resident in The Netherlands for income tax purposes will be subject to income tax in respect of income or a capital gain derived from a Note at rates up to 52 per cent. if:

- (i) the income or capital gain is attributable to an enterprise from which the holder derives profits (other than as a shareholder); or
- (ii) the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) as defined in the Income Tax Act (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor (ii) applies, an individual holding a Note will be subject to income tax on the basis of a deemed return, regardless of any actual income or capital gain derived from a Note. For 2017 the deemed return ranges from 2.87 to 5.39 per cent. of the value of the individual's net assets as at the beginning of the relevant fiscal year (including the Note). The applicable rates will be updated annually on the basis of historic market yields. Subject to application of certain allowances, the deemed return will be taxed at a rate of 30 per cent.

#### *Non-residents*

A holder of a Note which is not, and is not deemed to be, resident in The Netherlands for the relevant tax purposes will not be subject to taxation on income or a capital gain derived from a Note unless:

- (i) the income or capital gain is attributable to an enterprise or part thereof which is either effectively managed in The Netherlands or carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) taxable in The Netherlands and the holder of a Note derives profits from such enterprise (other than by way of securities); or
- (ii) the holder is an individual and the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) in The Netherlands as defined in the Income Tax Act (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

#### **Gift and Inheritance Taxes**

Dutch gift or inheritance taxes will not be levied on the occasion of the transfer of a Note by way of gift by, or on the death of, a holder of a Note, unless:

- (i) the holder of a Note is, or is deemed to be, resident in The Netherlands for the purpose of the relevant provisions; or
- (ii) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions.

#### **VAT**

There is no Dutch VAT payable by a holder of a Note in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes, or the transfer of the Notes.

#### **Other Taxes and Duties**

There is no Dutch registration tax, stamp duty or any other similar tax or duty payable in The Netherlands by a holder of a Note in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgement in the courts of The Netherlands) of the Notes or the performance of the Issuer's obligations under the Notes.

#### **Residence**

A holder of a Note will not be, or deemed to be resident in The Netherlands for tax purposes and, subject to the exceptions set out above, will not otherwise be subject to Dutch taxation, by reason only of acquiring, holding or disposing of a Note or the execution, performance, delivery and/or enforcement of a Note.

### 3. CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

#### General

The following discussion summarises certain of the material U.S. federal income tax consequences of the purchase, beneficial ownership, and disposition of the Notes.

For purposes of this summary, a “**U.S. Noteholder**” is a beneficial owner of a Note that is:

- an individual who is a citizen or a resident of the United States, for U.S. federal income tax purposes;
- a corporation (or other entity that is treated as a corporation for U.S. federal tax purposes) that is created or organised in or under the laws of the United States, any State thereof, or the District of Columbia;
- an estate whose income is subject to U.S. federal income taxation regardless of its source; or
- a trust, if a court within the United States is able to exercise primary supervision over its administration, and one or more United States persons have the authority to control all of its substantial decisions.

For purposes of this summary, a “**Non-U.S. Noteholder**” is a beneficial owner of a Note that is:

- a non-resident alien individual for U.S. federal income tax purposes;
- a foreign corporation for U.S. federal income tax purposes;
- an estate whose income is not subject to U.S. federal income tax on a net income basis; or
- a trust if no court within the United States is able to exercise primary jurisdiction over its administration or if no United States persons have the authority to control all of its substantial decisions.

An individual may, subject to certain exceptions, be deemed to be a resident of the United States for U.S. federal income tax purposes by reason of being present in the United States for at least 31 days in the calendar year and for an aggregate of at least 183 days during a three-year period ending in the current calendar year (counting for such purposes all of the days present in the current year, one-third of the days present in the immediately preceding year, and one-sixth of the days present in the second preceding year).

This summary is based on interpretations of the Internal Revenue Code of 1986, as amended (the “**Code**”), regulations issued thereunder, and rulings and decisions currently in effect (or in some cases proposed), all of which are subject to change. Any such change may be applied retroactively and may adversely affect the federal income tax consequences described herein. This summary addresses only holders that purchase Notes at initial issuance (and, in the case of the Rated Notes, at their issue price) for cash and beneficially own such Notes as capital assets and not as part of a “straddle”, “hedge”, “synthetic security” or a “conversion transaction” for federal income tax purposes, or as part of some other integrated investment. This summary does not discuss all of the tax consequences that may be relevant to particular investors (such as any alternative minimum tax consequences) or to investors subject to special treatment under the federal income tax laws (such as banks, thrifts, or other financial institutions; insurance companies; securities dealers or brokers, or traders in securities electing mark-to-market treatment; mutual funds or real estate investment trusts; small business investment companies; S corporations; partnerships or investors that hold their Notes through a partnership or other entity treated as a partnership for U.S. federal income tax purposes; U.S. Noteholders whose functional currency is not the U.S. dollar; certain former citizens or residents of the United States; retirement plans or other tax-exempt entities, or persons holding the Notes in tax-deferred or tax-advantaged accounts; or “controlled foreign corporations” or “passive foreign investment companies” for U.S. federal income tax purposes). This summary also does not address the tax consequences to shareholders, or other equity holders in, or beneficiaries of, a holder of Notes, or any state, local or foreign tax consequences of the purchase, ownership or disposition of the Notes. Finally, this summary does not address the tax consequences to a Reinvesting Noteholder as described in Condition 7(k) (*Reinvesting Noteholders*).

PROSPECTIVE PURCHASERS OF NOTES SHOULD CONSULT THEIR TAX ADVISORS AS TO THE FEDERAL, STATE AND LOCAL TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF NOTES, AS WELL AS ANY CONSEQUENCES ARISING UNDER THE LAWS OF ANY OTHER TAXING JURISDICTION TO WHICH THEY MAY BE SUBJECT.

### **U.S. Federal Tax Treatment of the Issuer**

The Issuer will be treated as a foreign corporation for U.S. federal income tax purposes. In this regard, the Issuer intends to comply with the Trust Deed, including certain investment guidelines referenced therein (the “**U.S. Tax Guidelines**”) to reduce the risk that it may be treated as engaged in a trade or business within the United States for U.S. federal income tax purposes. Failure of the Issuer to comply with the U.S. Tax Guidelines may not give rise to an Event of Default under the Transaction Documents and may not give rise to a claim against the Issuer or the Collateral Manager. In the event of such a failure, the Issuer could be treated as engaged in a U.S. trade or business for U.S. federal income tax purposes. In addition, the U.S. Tax Guidelines permit the Issuer to receive advice from other nationally recognised U.S. tax counsel to the effect that any changes in its structure and operations will not cause the Issuer to be treated as engaged in a trade or business within the United States for U.S. federal income tax purposes. Moreover, a change in law or its interpretation could result in the Issuer being treated as engaged in a trade or business in the United States for federal income tax purposes, or otherwise subject to U.S. federal income tax on a net income basis. Finally, the Trust Deed could be amended in a manner that permits or causes the Issuer to be engaged in a trade or business in the United States for U.S. federal income tax purposes.

If it is determined that the Issuer is engaged in a trade or business in the United States for U.S. federal income tax purposes, and the Issuer has taxable income that is effectively connected with such U.S. trade or business, the Issuer will be subject under the Code to the regular U.S. federal corporate income tax on its effectively connected taxable income, possibly on a gross basis, and possibly to a 30 per cent. branch profits tax and state and local taxes as well. The imposition of such a tax liability could materially adversely affect the Issuer’s ability to make payments on the Notes. The balance of this summary assumes that the Issuer is not subject to U.S. federal income tax on its net income.

### **U.S. Federal Tax Treatment of the Notes**

Upon the issuance of the Notes, the Issuer will receive an opinion of Cadwalader, Wickersham & Taft LLP to the effect that, based on certain assumptions, the Class A Notes, Class B Notes, Class C Notes, and Class D Notes will be treated, and the Class E Notes should be treated, as indebtedness for U.S. federal income tax purposes. No opinion will be received with respect to the Class F Notes. The Issuer intends to treat the Rated Notes as indebtedness for U.S. federal, state, and local income and franchise tax purposes. The Issuer’s characterisations will be binding on all Noteholders, and the Trust Deed requires the Noteholders to treat the Rated Notes as indebtedness for U.S. federal, state and local income and franchise tax purposes. Nevertheless, the IRS could assert, and a court could ultimately hold, that one or more Classes of Rated Notes are equity in the Issuer. If any Rated Notes were treated as equity in, rather than debt of, the Issuer for U.S. federal income tax purposes, then the Noteholders of those Notes would be subject to the special and potentially adverse U.S. tax rules applicable to U.S. equity owners in PFICs. See “*Possible Treatment of Class E Notes and Class F Notes as Equity for U.S. Federal Tax Purposes*” below. Except as otherwise indicated, the balance of this summary assumes that all of the Rated Notes are treated as indebtedness of the Issuer for U.S. federal, state and local income and franchise tax purposes. Prospective investors in the Rated Notes should consult their tax advisors regarding the U.S. federal, state and local income and franchise tax consequences to the investors in the event their Rated Notes are treated as equity in the Issuer.

The Issuer intends to treat the Subordinated Notes as equity in the Issuer for U.S. federal income tax purposes, and each holder by its purchase of a Subordinated Note agrees to treat the Subordinated Notes consistently with this treatment.

The Trust Deed could be amended in a manner that materially adversely affects the U.S. federal tax consequences of an investment in the Notes as described herein, including by affecting the U.S. federal income tax characterisation of the Notes as indebtedness or equity or changing the characterisation and timing of income inclusions to U.S. Noteholders in respect of the Notes. The remainder of this discussion and the tax opinion of Cadwalader, Wickersham & Taft LLP assume that the Trust Deed is not so amended.

## U.S. Federal Tax Treatment of U.S. Noteholders of Rated Notes

### *Class A and Class B Notes.*

*Stated Interest.* U.S. Noteholders of Class A Notes or Class B Notes will include in gross income the U.S. dollar value of payments of stated interest accrued or received on their Notes, in accordance with their usual method of tax accounting, as ordinary interest income.

In general, U.S. Noteholders of Class A Notes or Class B Notes that use the cash method of accounting will calculate the U.S. dollar value of payments of stated interest based on the euro-to-U.S. dollar spot exchange rate at the time a payment is received.

In general, U.S. Noteholders of Class A Notes or Class B Notes that use the accrual method of accounting or that otherwise are required to accrue stated interest before receipt will calculate the U.S. dollar value of accrued interest based on the average euro-to-U.S. dollar spot exchange rate during the applicable Accrual Period (or, with respect to an Accrual Period that spans two taxable years, the average euro-to-U.S. dollar spot exchange rate for the partial period within the U.S. Noteholder's taxable year). Alternatively, a U.S. Noteholder of Class A Notes or Class B Notes can elect to calculate the U.S. dollar value of accrued interest based on the euro-to-U.S. dollar spot exchange rate on the last day of the applicable Accrual Period (or, with respect to an Accrual Period that spans two taxable years, the euro-to-U.S. dollar spot exchange rate on the last day of the U.S. Noteholder's taxable year) or, if the last day of the Accrual Period is within five business days of the U.S. Noteholder's receipt of the payment, the spot rate on the date of receipt. Any such election must be applied to all debt instruments held by the U.S. Noteholder and is irrevocable without the consent of the IRS.

Accrual basis U.S. Noteholders of Class A Notes or Class B Notes also will recognise foreign currency exchange gain or loss on the receipt of interest payments on their Class A Notes or Class B Notes to the extent that the U.S. dollar value of such payments (based on the euro-to-U.S. dollar spot exchange rate on the date such a payment is received) differs from the U.S. dollar value of such payments when they were accrued. The foreign currency exchange gain or loss generally will be treated as ordinary income or loss.

*Original Issue Discount.* In addition, if the discount at which a substantial amount of the Class A Notes or Class B Notes is first sold to investors is at least 0.25 per cent. of the principal amount of the Class, multiplied by the number of complete years to the weighted average maturity of the Class, then the Issuer will treat the Class as issued with original issue discount ("**OID**") for U.S. federal income tax purposes. The total amount of OID with respect to a Note within the Class will equal the excess of the principal amount of the Note over its issue price (the first price at which a substantial amount of Notes within the Class was sold to investors). U.S. Noteholders of Notes that are issued with OID will be required to include the U.S. dollar value of OID in advance of the receipt of cash attributable to such income. In general, U.S. Noteholders of Class A Notes or Class B Notes will calculate the U.S. dollar value of OID based on the average euro-to-U.S. dollar spot exchange rate during the applicable Accrual Period (or, with respect to an Accrual Period that spans two taxable years, the average euro-to-U.S. dollar spot exchange rate for the partial period within the U.S. Noteholder's taxable year). Alternatively, a U.S. Noteholder of Class A Notes or Class B Notes can elect to calculate the U.S. dollar value of OID based on the euro-to U.S. dollar spot exchange rate on the last day of the applicable Accrual Period (or, with respect to an Accrual Period that spans two taxable years, the euro-to-U.S. dollar spot exchange rate on the last day of the U.S. Noteholder's taxable year) or, if the last day of the Accrual Period is within five business days of the U.S. Noteholder's receipt of the payment of accrued OID, the spot rate on the date of receipt. Any such election must be applied to all debt instruments held by the U.S. Noteholder and is irrevocable without the consent of the IRS.

A U.S. Noteholder will be required to include OID in income as it accrues (regardless of the U.S. Noteholder's method of accounting). Accruals of any such OID generally will be made using a constant yield method, based on the weighted average life of the applicable Class rather than its stated maturity, possibly with periodic adjustments to reflect the difference between (x) the prepayment assumption under which the weighted average life was calculated and (y) actual prepayments on the Collateral Obligations. It is possible, however, that the IRS could assert and a court could ultimately hold that some other method of accruing OID should apply.

U.S. Noteholders of Class A Notes or Class B Notes that are issued with OID also will recognise foreign currency exchange gain or loss on the receipt of interest payments on their Class A Notes or Class B Notes to the extent that the U.S. dollar value of such payments (based on the euro-to-U.S. dollar spot exchange rate on the date a payment of accrued OID is received) differs from the U.S. dollar value of the corresponding amounts of OID when they were accrued. The foreign currency exchange gain or loss generally will be treated as ordinary income or loss.

*Sale, Exchange or Retirement.* In general, a U.S. Noteholder of a Class A Note or Class B Note will have a basis in its Note equal to the U.S. dollar value of the cost of such Note (based on the euro-to-U.S. dollar spot exchange rate on the date the Note was acquired, or the settlement date for the purchase of the Note if the Note is treated under applicable Treasury regulations as a security traded on an established securities market and the U.S. Noteholder either uses the cash method of accounting, or uses the accrual method of accounting and so elects (which election must be applied consistently from year to year)), (i) increased by the U.S. dollar value of any amount includable in income by such U.S. Noteholder as OID (as described above), and (ii) reduced by the U.S. dollar value of payments of principal on such Note (based on the euro-to-U.S. dollar spot exchange rate on the date any such payments were received). A U.S. Noteholder will generally recognise foreign currency exchange gain or loss on the receipt of any principal payments on a Class A Note or Class B Note prior to a sale, exchange, or retirement of such Note to the extent that the U.S. dollar value of each such principal payment (based on the euro-to-U.S. dollar spot exchange rate on the date any such payment was received) differs from the U.S. dollar value of the equivalent principal amount of the Note (based on the euro-to-U.S. dollar spot exchange rate on the date the Note was acquired). Any such foreign currency exchange gain or loss generally will be treated as ordinary income or loss.

Upon a sale, exchange, or retirement of a Class A Note or Class B Note, a U.S. Noteholder will generally recognise gain or loss equal to the difference between the U.S. dollar value of the amount realised on the sale, exchange, or retirement (less any accrued and unpaid interest, which will be taxable as described above) and the holder's tax basis in such Note. The U.S. dollar value of the amount realised generally is based on the euro-to-U.S. dollar spot exchange rate on the date of the disposition. However, if the Notes are treated under applicable Treasury regulations as stock or securities traded on an established securities market and the U.S. Noteholder uses the cash method of accounting, then the U.S. dollar value of the amount realised is based instead on the euro-to-U.S. dollar spot exchange rate on the settlement date for the disposition. U.S. Noteholders that use the accrual method of accounting also may elect to use the settlement date valuation, provided that they apply it consistently from year to year. Any such gain or loss will be foreign currency exchange gain or loss to the extent that the U.S. dollar value of the principal amount of the Note on the date of the sale, exchange, or retirement (based on the euro-to-U.S. dollar spot exchange rate on such date) differs from the U.S. dollar value of the equivalent principal amount of the Note (based on the euro-to-U.S. dollar spot exchange rate on the date the Note was acquired). Any such foreign currency exchange gain or loss generally will be treated as ordinary income or loss. Any gain or loss in excess of foreign currency exchange gain or loss will be capital gain or loss, and generally will be treated as long-term capital gain or loss if the U.S. Noteholder held the Note for more than one year at the time of disposition. In certain circumstances, U.S. Noteholders who are individuals may be entitled to preferential tax rates for net long-term capital gains; however, the ability of U.S. Noteholders to offset capital losses against ordinary income is limited.

*Class C Notes, Class D Notes, Class E Notes and Class F Notes.*

*Original Issue Discount.* The Issuer will treat the Class C Notes, Class D Notes, Class E Notes and Class F Notes as issued with OID for U.S. federal income tax purposes. The total amount of OID with respect to a Class C Note, Class D Note, Class E Note or Class F Note will equal the sum of all payments to be received under such Note less its issue price (the first price at which a substantial amount of Notes within the applicable Class was sold to investors). U.S. Noteholders of the Class C Notes, Class D Notes, Class E Notes or Class F Notes will be required to include the U.S. dollar value of OID in advance of the receipt of cash attributable to such income. In general, U.S. Noteholders will calculate the U.S. dollar value of OID based on the average euro-to-U.S. dollar spot exchange rate during the applicable Accrual Period (or, with respect to an Accrual Period that spans two taxable years, the average euro-to-U.S. dollar spot exchange rate for the partial period within the U.S. Noteholder's taxable year). Alternatively, a U.S. Noteholder can elect to calculate the U.S. dollar value of OID based on the euro-to-U.S. dollar spot exchange rate on the last day of the applicable Accrual Period (or, with respect to an Accrual Period that spans two taxable years, the euro-to-U.S. dollar spot exchange rate on the last day of the U.S. Noteholder's taxable year) or, if the last day of the Accrual Period is within five business days of the U.S. Noteholder's receipt of the payment of accrued OID, the euro-to-U.S. dollar spot exchange rate on the date of receipt. Any such election must be applied to all debt instruments held by the U.S. Noteholder and is irrevocable without the consent of the IRS.

A U.S. Noteholder of Class C Notes, Class D Notes, Class E Notes or Class F Notes will be required to include OID in income as it accrues (regardless of the U.S. Noteholder's method of accounting) under a constant yield method. Accruals of any such OID will be based on the weighted average life of the applicable Class rather than its stated maturity. Accruals of OID on the Class C Notes, Class D Notes, Class E Notes and Class F Notes will be calculated by assuming that interest will be paid over the life of the applicable Class based on the value of EURIBOR used in setting the interest rate for the first Payment Date, and then adjusting the accrual for each

subsequent Payment Date based on the difference between the value of EURIBOR used in setting interest for that subsequent Payment Date and the assumed rate. It is possible, however, that the IRS could assert, and a court could ultimately hold, that some other method of accruing OID on the Class C Notes, Class D Notes, Class E Notes or Class F Notes should apply.

U.S. Noteholders of Class C Notes, Class D Notes, Class E Notes or Class F Notes also will recognise foreign currency exchange gain or loss on the receipt of interest payments on their Notes to the extent that the U.S. dollar value of such payments (based on the euro-to-U.S. dollar spot exchange rate on the date such payments are received) differs from the U.S. dollar value of the corresponding amounts of OID when they were accrued. The foreign currency exchange gain or loss generally will be treated as ordinary income or loss.

*Sale, Exchange or Retirement.* In general, a U.S. Noteholder of a Class C Note, Class D Note, Class E Note or Class F Note will have a basis in such Note equal to the U.S. dollar value of the cost of such Note (based on the euro-to-U.S. dollar spot exchange rate on the date the Note was acquired, or the settlement date for the purchase of the Note if the Note is treated under applicable Treasury regulations as a security traded on an established securities market and the U.S. Noteholder either uses the cash method of accounting, or uses the accrual method of accounting and so elects (which election must be applied consistently from year to year)), (i) increased by any amount includable in income by such U.S. Noteholder as OID (as described above), and (ii) reduced by the U.S. dollar value of any payments received on such Note (based on the euro-to-U.S. dollar spot exchange rate on the date any such payments were received). A U.S. Noteholder will generally recognise foreign currency exchange gain or loss on the receipt of any principal payments on a Class C Note, Class D Note, Class E Note or Class F Note prior to a sale, exchange, or retirement of such Note to the extent that the U.S. dollar value of each such principal payment (based on the euro-to-U.S. dollar spot exchange rate on the date any such payment was received) differs from the U.S. dollar value of the equivalent principal amount of the Note (based on the euro-to-U.S. dollar spot exchange rate on the date the Note was acquired). Any such foreign currency exchange gain or loss generally will be treated as ordinary income or loss.

Upon a sale, exchange, or retirement of a Class C Note, Class D Note, Class E Note or Class F Note, a U.S. Noteholder will generally recognise gain or loss equal to the difference between the U.S. dollar value of the amount realised on the sale, exchange, or retirement and the holder's tax basis in such Note. Any such gain or loss will be foreign currency exchange gain or loss to the extent that the U.S. dollar value of the principal amount of the Note on the date of the sale, exchange, or retirement (based on the euro-to-U.S. dollar spot exchange rate on the date the Note was acquired) differs from the U.S. dollar value of the equivalent principal amount of the Note (based on the euro-to-U.S. dollar spot exchange rate on the date the Note was acquired). Any such foreign currency exchange gain or loss generally will be treated as ordinary income or loss. Any gain or loss in excess of foreign currency exchange gain or loss will be capital gain or loss, and generally will be treated as long-term capital gain or loss if the U.S. Noteholder held the Note for more than one year at the time of disposition. In certain circumstances, U.S. Noteholders who are individuals may be entitled to preferential tax rates for net long-term capital gains; however, the ability of U.S. Noteholders to offset capital losses against ordinary income is limited.

#### *Alternative Characterisation.*

It is possible that the Rated Notes could be treated as "contingent payment debt instruments" for U.S. federal income tax purposes. In this event, the timing of a U.S. Noteholder's OID inclusions could differ from that described above and any gain recognised on the sale, exchange, or retirement of such Notes would be treated as ordinary income and not as capital gain.

#### *Receipt of Euro.*

U.S. Noteholders will have a tax basis in any euro received in respect of the Notes on a sale, redemption, or other disposition of the Notes equal to the U.S. dollar value of the euro on that date. Any gain or loss recognised on a sale, exchange, or other disposition of those euro generally will be ordinary income or loss. A U.S. Noteholder that converts the euro into U.S. dollars on the date of receipt generally should not recognise ordinary income or loss in respect of the conversion.

#### *Possible Treatment of Class E Notes and Class F Notes as Equity for U.S. Federal Tax Purposes.*

As described above under "U.S. Federal Tax Treatment of the Notes," the Issuer intends to treat the Class E Notes and the Class F Notes as indebtedness for U.S. federal, state, and local income and franchise tax purposes, and the Trust Deed requires Noteholders to treat the Class E Notes and the Class F Notes as indebtedness for

U.S. federal, state and local income and franchise tax purposes. Nevertheless, the IRS could assert, and a court could ultimately hold, that the Class E Notes and/or the Class F Notes are equity in the Issuer for U.S. federal income tax purposes.

If the Class E Notes or the Class F Notes are treated as equity in the Issuer, because the Issuer will be a passive foreign investment company (a “PFIC”) for U.S. federal income tax purposes, the U.S. dollar value of gain on the sale of the Class E Notes or the Class F Notes could be treated as ordinary income and subject to an additional tax in the nature of interest, and the U.S. dollar value of certain interest on such Notes could be subject to the additional tax. A U.S. Noteholder of such Notes might be able to avoid the ordinary income treatment and additional tax by writing “Protective QEF Election” on the top of an IRS Form 8621, filling out the form, checking Box A (Election to Treat the PFIC as a QEF) and filing the form with the IRS with respect to their Class E Notes or Class F Notes, or by filing a protective statement with the IRS preserving the U.S. Noteholder’s ability to elect retroactively to treat the Issuer as a “qualified electing fund” (a “QEF”) and so electing at the appropriate time. The Issuer will provide, upon request, all information and documentation that a U.S. Noteholder is required to obtain for U.S. federal income tax purposes in order to make and maintain a “protective” QEF election. If the Class E Notes or the Class F Notes are treated as equity, a U.S. Holder also will be required to file an annual PFIC report.

If the Issuer holds any Collateral Obligations that are treated as equity in a foreign corporation for U.S. federal income tax purposes, and if the Class E Notes or the Class F Notes are treated as equity in the Issuer, a U.S. Noteholder of Class E Notes or Class F Notes, could be treated as owning an indirect equity interest in a PFIC or a “controlled foreign corporation” (a “CFC”) and could be subject to certain adverse tax consequences. In particular, a U.S. Noteholder of an indirect equity interest in a PFIC is treated as owning the PFIC directly. The U.S. Noteholder, and not the Issuer, would be required to make a QEF election with respect to each indirect interest in a PFIC. However, certain PFIC information statements are necessary for U.S. Noteholders that have made QEF elections, and there can be no assurance that the Issuer can obtain such statements from a PFIC. Thus, there can be no assurance that a U.S. Noteholder would be able to make the election with respect to any such indirectly held PFIC.

In addition, if the Class E Notes or the Class F Notes represent equity in the Issuer for U.S. federal income tax purposes, a U.S. Noteholder of such Notes would be required to file an IRS Form 926 with the IRS if (i) such person is treated as owning, directly or by attribution, immediately after the U.S. Noteholder’s purchase of Notes, at least 10 per cent. by value of the Issuer or (ii) the amount of cash transferred by such person (or any related person) to the Issuer during the 12-month period ending on the date of such purchase exceeds \$100,000. U.S. Noteholders may wish to file a “protective” IRS Form 926 with respect to their Class E Notes and Class F Notes.

Finally, if the Class E Notes or the Class F Notes represent equity in the Issuer, a U.S. Noteholder of such Notes will be required to file an IRS Form 5471 with the IRS if the U.S. Noteholder is treated as owning (actually or constructively) at least 10 per cent. by value of the equity of the Issuer for U.S. federal income tax purposes, and may be required to provide additional information regarding the Issuer annually on IRS Form 5471 if the U.S. Noteholder is treated as owning (actually or constructively) more than 50 per cent. by value of the equity of the Issuer for U.S. federal income tax purposes. U.S. Noteholders may wish to file a “protective” IRS Form 5471 with respect to their Class E Notes and Class F Notes.

U.S. Noteholders that fail to comply with these reporting requirements may be subject to adverse tax consequences, including a “tolling” of the statute of limitations with respect to their U.S. tax returns. Prospective U.S. Noteholders of Class E Notes or Class F Notes should consult with their tax advisors regarding whether to make protective filings of IRS Forms 8621, 926 and 5471 with respect to such Notes and the consequences to them if the Class E Notes or the Class F Notes are treated as equity in the Issuer.

#### **U.S. Federal Tax Treatment of U.S. Noteholders of Subordinated Notes**

*Investment in a Passive Foreign Investment Company.* The Issuer will constitute a PFIC for U.S. federal income tax purposes, and U.S. Holders of Subordinated Notes will be subject to the PFIC rules, except for certain U.S. Noteholders that are subject to the rules pertaining to a CFC (as described below under “*Investment in a Controlled Foreign Corporation*”). U.S. Noteholders should strongly consider making an election to treat the Issuer as a QEF. Generally, a U.S. Noteholder makes a QEF election on IRS Form 8621, attaching a copy of that form to its U.S. federal income tax return for the first taxable year for which it held its Subordinated Notes. If a U.S. Noteholder makes a timely QEF election with respect to the Issuer, the electing U.S. Noteholder will be required in each taxable year to include in gross income (i) as ordinary income, the U.S. dollar value of the U.S.

Noteholder's *pro rata* share of the Issuer's ordinary earnings and (ii) as long-term capital gain, the U.S. dollar value of the U.S. Noteholder's *pro rata* share of the Issuer's net capital gain, whether or not distributed. A U.S. Noteholder will not be eligible for the dividends-received deduction in respect of such income or gain. In addition, any losses of the Issuer in a taxable year will not be available to the U.S. Noteholder and may not be carried back or forward in computing the Issuer's ordinary earnings and net capital gain in other taxable years. If applicable, the rules pertaining to a CFC discussed below generally override those pertaining to a PFIC with respect to which a QEF election is in effect.

In certain cases in which a QEF does not distribute all of its earnings in a taxable year, a U.S. Noteholder that makes a QEF election with respect to the Issuer may also be permitted to elect to defer payment of some or all of the taxes on the QEF's income, subject to an interest charge (which is non-deductible to individuals) on the deferred amount. Prospective purchasers of Subordinated Notes should be aware that it is expected that the Collateral Obligations will include high-yield debt obligations and such instruments may have substantial OID, the cash payment of which may be deferred, perhaps for a substantial period of time. In addition, the Issuer may use proceeds from the sale of Collateral Obligations to retire other classes of Notes. As a result, in any given year, the Issuer may have substantial amounts of earnings for U.S. federal income tax purposes that are not distributed on the Subordinated Notes. Thus, absent an election to defer payment of taxes, U.S. Noteholders that make a QEF election with respect to the Issuer may owe tax on significant "phantom income".

The Issuer will provide, upon request and at the Issuer's expense, all information and documentation that a U.S. Noteholder making a QEF election with respect to the Issuer is required to obtain for U.S. federal income tax purposes.

A U.S. Noteholder of Subordinated Notes (other than certain U.S. Noteholders that are subject to the rules pertaining to a CFC, described below) that does not make a timely QEF election will be required to report the U.S. dollar value of any gain on the disposition of its Subordinated Notes as ordinary income, rather than capital gain, and to compute the tax liability on such gain and any "**Excess Distribution**" (as defined below) received in respect of the Subordinated Notes as if such items had been earned ratably over each day in the U.S. Noteholder's holding period (or a certain portion thereof) for the Subordinated Notes. The U.S. Noteholder will be subject to tax on such gain or Excess Distributions at the highest ordinary income tax rate for each taxable year in which such gain or Excess Distributions are treated as having been earned, other than the current year (for which the U.S. Noteholder's regular ordinary income tax rate will apply), regardless of the rate otherwise applicable to the U.S. Noteholder. Further, such U.S. Noteholder will also be liable for an interest charge (which is non-deductible to individuals) as if such income tax liabilities had been due with respect to each such prior year. For purposes of these rules, gifts, exchanges pursuant to corporate reorganisations and use of the Subordinated Notes as security for a loan may be treated as taxable dispositions of such Subordinated Notes. In addition, a stepped-up basis in the Subordinated Notes will not be available upon the death of an individual U.S. Noteholder who has not made a timely QEF election with respect to the Issuer.

An "**Excess Distribution**" is the amount by which the U.S. dollar value of distributions during a taxable year in respect of a Note exceeds 125 per cent. of the average amount of distributions in respect thereof during the three preceding taxable years (or, if shorter, the U.S. Noteholder's holding period for the Note).

In many cases, the U.S. federal income tax on any gain on disposition or receipt of Excess Distributions is likely to be substantially greater than the tax if a timely QEF election is made. A U.S. NOTEHOLDER OF SUBORDINATED NOTES SHOULD STRONGLY CONSIDER MAKING A QEF ELECTION WITH RESPECT TO THE ISSUER.

*Investment in a Controlled Foreign Corporation.* The Issuer will be a CFC if more than 50 per cent. of the equity interests in the Issuer, measured by reference to combined voting power or value, are owned directly, indirectly, or constructively by 10 per cent. United States shareholders. For this purpose, a "10 per cent. United States shareholder" is any United States person that possesses directly, indirectly, or constructively 10 per cent. or more of the combined voting power of all classes of equity in the Issuer. It is likely that the Subordinated Notes will be treated as voting securities. In this case, a U.S. Noteholder of Subordinated Notes possessing directly, indirectly, or constructively 10 per cent. or more of the sum of the aggregate outstanding principal amount of the Subordinated Notes would be treated as a 10 per cent. United States shareholder. If more than 50 per cent. of the Subordinated Notes (and any Rated Notes that are treated as equity in the Issuer for U.S. federal income tax purposes), determined with respect to aggregate value or aggregate outstanding principal amount, are owned directly, indirectly, or constructively by such 10 per cent. United States shareholders, the Issuer will be treated as a CFC. If, for any given taxable year, the Issuer is treated as a CFC, a 10 per cent. United States shareholder of the Issuer will be required to include as ordinary income an amount equal to the U.S. dollar value

of that person's *pro rata* share of the Issuer's "subpart F income" at the end of such taxable year. Among other items, and subject to certain exceptions, "subpart F income" includes dividends, interest, annuities, gains from the sale of shares and securities, certain gains from commodities transactions, certain types of insurance income and income from certain transactions with related parties. It is likely that, if the Issuer were to constitute a CFC, all of its income would be subpart F income.

If the Issuer is treated as a CFC and a U.S. Noteholder is treated as a 10 per cent. United States shareholder of the Issuer, the Issuer will not be treated as a PFIC with respect to the U.S. Noteholder for the period during which the Issuer remains a CFC and the U.S. Noteholder remains a 10 per cent. United States shareholder of the Issuer (the "**qualified portion**" of the U.S. Noteholder's holding period for the Subordinated Notes). As a result, to the extent the Issuer's subpart F income includes net capital gains, such gains will be treated as ordinary income to the 10 per cent. United States shareholder under the CFC rules, notwithstanding the fact that the character of such gains generally would otherwise be preserved under the QEF rules. If the qualified portion of the U.S. Noteholder's holding period for the Subordinated Notes subsequently ceases (either because the Issuer ceases to be a CFC or the U.S. Noteholder ceases to be a 10 per cent. United States shareholder), then solely for purposes of the PFIC rules, the U.S. Noteholder's holding period for the Subordinated Notes will be treated as beginning on the first day following the end of such qualified portion, unless the U.S. Noteholder has owned any Subordinated Notes for any period of time prior to such qualified portion and has not made a QEF election with respect to the Issuer. In that case, the Issuer will again be treated as a PFIC which is not a QEF with respect to the U.S. Noteholder and the beginning of the U.S. Noteholder's holding period for the Subordinated Notes will continue to be the date upon which the U.S. Noteholder acquired the Subordinated Notes, unless the U.S. Noteholder makes an election to recognise gain with respect to the Subordinated Notes and a QEF election with respect to the Issuer. In the event that the Issuer is a CFC, then, at the request and expense of any U.S. Noteholder that is a 10 per cent. United States shareholder with respect to the Issuer, the Issuer will provide the information necessary for the U.S. Noteholder to comply with any filing requirements that arise as a result of the Issuer's classification as a CFC.

*Indirect Interests in PFICs and CFCs.* If the Issuer owns a Collateral Obligation that is treated as equity in a foreign corporation for U.S. federal income tax purposes, U.S. Noteholders of Subordinated Notes could be treated as owning an indirect equity interest in a PFIC or a CFC and could be subject to certain adverse tax consequences. In particular, a U.S. Noteholder of an indirect equity interest in a PFIC is treated as owning the PFIC directly. The U.S. Noteholder, and not the Issuer, would be required to make a QEF election with respect to each indirect interest in a PFIC. However, certain PFIC information statements are necessary for U.S. Noteholders that have made QEF elections, and there can be no assurance that the Issuer can obtain such statements from a PFIC, and thus there can be no assurance that a U.S. Noteholder will be able to make the election with respect to any indirectly held PFIC.

Accordingly, if the U.S. Noteholder has not made a QEF election with respect to the indirectly held PFIC, the U.S. Noteholder would be subject to the adverse consequences described above under "*Investment in a Passive Foreign Investment Company*" with respect to any Excess Distributions of such indirectly held PFIC, any gain indirectly realised by such U.S. Noteholder on the sale by the Issuer of such PFIC, and any gain indirectly realised by such U.S. Noteholder with respect to the indirectly held PFIC on the sale by the U.S. Noteholder of its Subordinated Notes (which may arise even if the U.S. Noteholder realises a loss on such sale). Moreover, if the U.S. Noteholder has made a QEF election with respect to the indirectly held PFIC, the U.S. Noteholder will be required to include in income the U.S. dollar value of its *pro rata* share of the indirectly held PFIC's ordinary earnings and net capital gain as if the indirectly held PFIC were owned directly (as described above), and the U.S. Noteholder will not be permitted to use any losses or other expenses of the Issuer to offset such ordinary earnings and/or net capital gains. Accordingly, if any of the Collateral Obligations are treated as equity interests in a PFIC, U.S. Noteholders could experience significant amounts of "phantom" income with respect to such interests.

If a Collateral Obligation is treated as an indirect equity interest in a CFC and a U.S. Noteholder owns directly, indirectly, or constructively 10 per cent. or more of the CFC's voting power for U.S. federal income tax purposes, the U.S. Noteholder generally will be required to include the U.S. dollar value of its *pro rata* share of the CFC's "subpart F income" as ordinary income at the end of each taxable year, as described above under "*Investment in a Controlled Foreign Corporation*," regardless of whether the CFC distributed any amounts to the Issuer during such taxable year or whether the U.S. Noteholder made a QEF election with respect to the indirectly held CFC. In addition, the U.S. dollar value of gain realised by the U.S. Noteholder on the sale by the Issuer of the CFC, and the U.S. dollar value of gain realised by the U.S. Noteholder on the sale by the U.S. Noteholder of its Subordinated Notes (as described below), generally will be treated as ordinary income to the extent of the U.S. Noteholder's *pro rata* share of the CFC's current and accumulated earnings and profits,

reduced by any amounts previously taxed pursuant to the CFC rules. U.S. Noteholders should consult their own tax advisors regarding the tax issues associated with such investments in light of their own individual circumstances.

*Phantom Income.* U.S. Noteholders may be subject to U.S. federal income tax on the amounts that exceed the distributions they receive on the Subordinated Notes. For example, if the Issuer is a CFC and a U.S. Noteholder is a 10 per cent. United States shareholder with respect to the Issuer, or a U.S. Noteholder makes a QEF election with respect to the Issuer, the U.S. Noteholder will be subject to federal income tax with respect to its share of the Issuer's income and gain (to the extent of the Issuer's "earnings and profits"), which may exceed the Issuer's distributions. It is expected that the Issuer's income and gain (and earnings and profits) will exceed cash distributions with respect to (i) debt instruments that were issued with OID and are held by the Issuer, and (ii) the acquisition at a discount of the Issuer's Rated Notes by the Issuer (including by reason of a Refinancing or any deemed exchange that occurs for U.S. federal income tax purposes as a result of a modification of the Trust Deed). U.S. Noteholders should consult their tax advisors regarding the timing of income and gain on the Subordinated Notes.

*Distributions.* The treatment of actual distributions on the Subordinated Notes, in very general terms, will vary depending on whether a U.S. Noteholder has made a timely QEF election with respect to the Issuer (as described above). See "*Investment in a Passive Foreign Investment Company.*" If a timely QEF election has been made, distributions should be allocated first to amounts previously taxed pursuant to the QEF election (or pursuant to the CFC rules, if applicable) and to this extent will not be taxable to U.S. Noteholders. Distributions in excess of such previously taxed amounts will be treated first as a non-taxable return of capital, to the extent of the U.S. Noteholder's adjusted tax basis in the Subordinated Notes (as described below under "*Sale, Redemption, or Other Disposition*"), and then as a disposition of a portion of the Subordinated Notes. In addition, a U.S. Noteholder will recognise exchange gain or loss with respect to amounts previously taxed pursuant to the QEF election (or pursuant to the CFC rules, if applicable) equal to the difference, if any, between the U.S. dollar value of the distribution on the date received and the U.S. dollar value of the previously taxed amount. Any exchange gain or loss will generally be treated as ordinary income or loss.

If a U.S. Noteholder does not make a timely QEF election with respect to the Issuer then, except to the extent that distributions are attributable to amounts previously taxed pursuant to the CFC rules, some or all of any distributions with respect to the Subordinated Notes may constitute Excess Distributions, taxable as described above under the heading "*Investment in a Passive Foreign Investment Company.*" Distributions that do not constitute Excess Distributions will be taxable to U.S. Noteholders as ordinary income upon receipt to the extent of untaxed current and accumulated earnings and profits of the Issuer. Distributions that do not constitute Excess Distributions and are in excess of untaxed current and accumulated earnings and profits of the Issuer will be treated first as a non-taxable return of capital, to the extent of a U.S. Noteholder's adjusted tax basis in the Subordinated Notes, and then as a disposition of a portion of the Subordinated Notes and subject to an additional tax reflecting a deemed interest charge, as described below under "*Sale, Redemption, or Other Disposition*".

Distributions on the Subordinated Notes will not be eligible for the dividends received deduction allowed to corporations in respect of dividends received from other U.S. corporations, and will not be "qualified dividend income."

*Sale, Redemption, or Other Disposition.* In general, a U.S. Noteholder of Subordinated Notes will recognise gain or loss upon the sale, redemption, or other disposition of the Subordinated Notes (including a distribution that is treated as a disposition of the Subordinated Notes, as described above under "*Distributions*") equal to the difference between the U.S. dollar value of the amount realised and the U.S. Holder's adjusted tax basis in the Subordinated Notes. The U.S. dollar value of the amount realised generally is based on the euro-to-U.S. dollar spot exchange rate on the date of the disposition. However, if the Subordinated Notes are treated under applicable Treasury regulations as stock or securities traded on an established securities market and the U.S. Noteholder uses the cash method of accounting, then the U.S. dollar value of the amount realised is based instead on the euro-to-U.S. dollar spot exchange rate on the settlement date for the sale. U.S. Holders that use the accrual method of accounting also may elect to use the settlement date valuation, provided that they apply it consistently from year to year.

A U.S. Noteholder's tax basis in its Subordinated Notes initially will equal the U.S. dollar value of the amount paid by the U.S. Noteholder for the Subordinated Notes, determined under rules analogous to the rules for determining the U.S. dollar value of the amount realised. The U.S. Noteholder's tax basis in the Subordinated Notes will be increased by amounts taxable to the U.S. Noteholder by reason of any QEF election, or by reason of the CFC rules, as applicable, and decreased by the U.S. dollar value of actual distributions by the Issuer that

are deemed to consist of such previously taxed amounts or are treated as a non-taxable return of capital, as described above under “*Distributions*”.

If the U.S. Noteholder has made a timely QEF election with respect to the Issuer, then, except to the extent that the Issuer is treated as a CFC and the U.S. Holder is treated as a 10 per cent. United States shareholder of the Issuer, gain or loss upon the sale, redemption, or other disposition of the Subordinated Notes generally will be treated as foreign currency exchange gain or loss, and taxable as ordinary income or loss, to the extent of the positive or negative change in the U.S. dollar value of any amounts previously taxed pursuant to the QEF election from the date of each deemed distribution pursuant to the election (based on the euro-to-U.S. dollar spot exchange rate on that date) to the date of the disposition. Any gain or loss in excess of foreign currency exchange gain or loss will be capital gain or loss, and generally will be long-term capital gain or loss if the U.S. Noteholder has held the Subordinated Notes for more than one year at the time of the disposition. In certain circumstances, U.S. Noteholders who are individuals may be entitled to preferential tax rates for net long-term capital gains; however, the ability of U.S. Noteholders to offset capital losses against ordinary income is limited.

If a U.S. Noteholder does not make a timely QEF election with respect to the Issuer as described above and is not subject to the CFC rules, any gain realised on the sale, redemption, or other disposition of a Subordinated Note (or any gain deemed to accrue prior to the time a non-timely QEF election is made) will be taxed as ordinary income and subject to an additional tax reflecting a deemed interest charge under the special tax rules described above. See “*Investment in a Passive Foreign Investment Company*.”

If the Issuer is treated as a CFC and a U.S. Noteholder is treated as a 10 per cent. United States shareholder of the Issuer, then any gain or loss realised by the U.S. Noteholder upon a sale, redemption, or other disposition of the Subordinated Notes, other than gain or loss subject to the PFIC rules, if applicable, generally will be treated as foreign currency exchange gain or loss, and taxable as ordinary income or loss, to the extent of the positive or negative change in the U.S. dollar value of any amounts previously taxed pursuant to the CFC rules from the date of each deemed distribution pursuant to the CFC rules (based on the euro-to-U.S. dollar spot exchange rate on that date) to the date of the disposition. Any gain in excess of foreign currency exchange gain will be treated as ordinary income to the extent of the U.S. dollar value of the U.S. Noteholder’s *pro rata* share of the Issuer’s previously untaxed earnings and profits.

In addition, as described above under “*Indirect Interests in PFICs and CFCs*,” the U.S. dollar value of any gain attributable to interests in PFICs or CFCs owned by the Issuer may be treated as ordinary income to a U.S. Noteholder upon the sale, redemption, or other disposition of the U.S. Noteholder’s Subordinated Notes.

Receipt of Euro. U.S. Noteholders will have a tax basis in any euro received in respect of the Notes on a sale, redemption, or other disposition of the Notes equal to the U.S. dollar value of the euro on that date. Any gain or loss recognised on a sale, exchange, or other disposition of those euro generally will be ordinary income or loss. A U.S. Noteholder that converts the euro into U.S. dollars on the date of receipt generally should not recognise ordinary income or loss in respect of the conversion.

*Transfer and Information Reporting Requirements.* A U.S. Noteholder that purchases the Subordinated Notes for cash will be required to file an IRS Form 926 with the IRS if (i) such person is treated as owning, directly or by attribution, immediately after the purchase, at least 10 per cent. by vote or value of the Issuer or (ii) the amount of cash transferred by such person (or any related person) to the Issuer during the 12-month period ending on the date of such purchase exceeds \$100,000.

A U.S. Noteholder that is treated as owning (actually or constructively) at least 10 per cent. by vote or value of the equity of the Issuer for U.S. federal income tax purposes will be required to file an information return on IRS Form 5471, and may be required to provide additional information regarding the Issuer annually on IRS Form 5471 if it is treated as owning (actually or constructively) more than 50 per cent. by vote or value of the equity of the Issuer for U.S. federal income tax purposes.

In addition, U.S. Noteholders generally will be required to file an annual PFIC report.

U.S. Noteholders that fail to comply with these reporting requirements may be subject to adverse tax consequences, including a “tolling” of the statute of limitations with respect to their U.S. tax returns. U.S. Noteholders should consult their tax advisors with respect to these and any other reporting requirements that may apply with respect to their acquisition or ownership of the Subordinated Notes.

### *Specified Foreign Financial Asset Reporting*

U.S. Noteholders may be subject to reporting obligations with respect to their Notes if they do not hold their Notes in an account maintained by a financial institution and the aggregate value of their Notes and certain other “specified foreign financial assets” (applying certain attribution rules) exceeds \$50,000. Significant penalties can apply if a U.S. Noteholder is required to disclose its Notes and fails to do so.

### *3.8 per cent. Medicare Tax on “Net Investment Income”*

U.S. Noteholders that are individuals or estates and certain trusts are subject to an additional 3.8 per cent. tax on all or a portion of their “net investment income,” or “undistributed net investment income” in the case of an estate or trust, which may include any income or gain with respect to the Notes, to the extent of their net investment income or undistributed net investment income (as the case may be) that, when added to their other modified adjusted gross income, exceeds \$200,000 for an unmarried individual, \$250,000 for a married taxpayer filing a joint return (or a surviving spouse), \$125,000 for a married individual filing a separate return, or the dollar amount at which the highest tax bracket begins for an estate or trust (which, in 2017, is \$12,500). The 3.8 per cent. Medicare tax is determined in a different manner than the regular income tax and special rules apply with respect to the PFIC and CFC rules described above. U.S. Noteholders should consult their advisors with respect to the 3.8 per cent. Medicare tax.

### *FBAR Reporting*

A U.S. Noteholder of Subordinated Notes (or any Class E Notes or Class F Notes that are treated as equity in the Issuer for U.S. federal income tax purposes) may be required to file FinCEN Form 114 with respect to foreign financial accounts in which the Issuer has a financial interest if the U.S. Noteholder holds more than 50 per cent. of the aggregate outstanding principal amount of such Notes or is otherwise treated as owning more than 50 per cent. of the total value or voting power of the Issuer’s outstanding equity.

### *Reportable Transactions*

A participant in a “reportable transaction” is required to disclose its participation in such a transaction on IRS Form 8886. Any foreign currency exchange loss in excess of \$50,000 recognised by a U.S. Noteholder may be subject to this disclosure requirement. Failure to comply with this disclosure requirement can result in substantial penalties. U.S. Noteholders should consult their advisors with respect to the requirement to disclose reportable transactions.

### *U.S. Federal Tax Treatment of Non-U.S. Noteholders*

In general, payments on the Notes to a Non-U.S. Noteholder that provides appropriate tax certifications to the Issuer and gain realised on the sale, exchange or retirement of the Notes by the Non-U.S. Noteholder will not be subject to U.S. federal income or withholding tax unless (i) such income is effectively connected with a trade or business conducted by such Non-U.S. Noteholder in the United States, or (ii) in the case of gain, such Non-U.S. Noteholders is a non-resident alien individual who holds the Notes as a capital asset and is present in the United States for more than 182 days in the taxable year of the sale and certain other conditions are satisfied.

### *Information Reporting and Backup Withholding*

Under certain circumstances, the Code requires “information reporting” annually to the IRS and to each holder, and “backup withholding”, with respect to certain payments made on or with respect to the Notes. Backup withholding will apply to a U.S. Noteholder only if the U.S. Noteholder (i) fails to furnish its Taxpayer Identification Number (“**TIN**”) which, for an individual, would be his or her Social Security Number, (ii) furnishes an incorrect TIN, (iii) is notified by the IRS that it has failed to properly report payments of interest and dividends, or (iv) under certain circumstances, fails to certify, under penalties of perjury, that it has furnished a correct TIN and has not been notified by the IRS that it is subject to backup withholding for failure to report interest and dividend payments. U.S. Noteholders that provide a correct, complete, and accurate IRS Form W-9 generally will be exempt from U.S. backup withholding.

A Non-U.S. Noteholder that provides an applicable IRS Form W-8, together with all appropriate attachments, signed under penalties of perjury, identifying the Non-U.S. Noteholder and stating that the Non-U.S. Noteholder is not a United States person, will not be subject to IRS reporting requirements and U.S. backup withholding.

Information reporting and backup withholding may apply to the proceeds of a sale of Notes made within the United States or conducted through certain U.S. related financial intermediaries, unless the payor receives the statement described above or the Non-U.S. Noteholder otherwise establishes an exemption.

Backup withholding is not an additional tax and may be refunded (or credited against the holder's U.S. federal income tax liability, if any), provided that certain required information is furnished. The information reporting requirements may apply regardless of whether withholding is required. Copies of the information returns also may be made available to the tax authorities in the country in which a Non-U.S. Noteholder is a resident under the provisions of an applicable income tax treaty or agreement.

#### *FATCA*

Under FATCA, the Issuer may be subject to a 30 per cent. withholding tax on certain income, and on the gross proceeds from the sale, maturity, or other disposition of certain of its assets. Under an intergovernmental agreement entered into between the United States and The Netherlands, the Issuer will not be subject to withholding under FATCA if it complies with Dutch implementing legislation that requires the Issuer to provide the name, address, and taxpayer identification number of, and certain other information with respect to, certain holders of Notes to the Dutch Tax Authorities (*Belastingdienst*), which would then provide this information to the IRS. The Issuer shall use reasonable best efforts to comply with the intergovernmental agreement and the legislation. However, there can be no assurance that the Issuer will be able to do so. In addition, the intergovernmental agreement or the Dutch implementing legislation could be amended to require the Issuer to withhold on "passthru" payments to certain investors that fail to provide information to the Issuer or are "foreign financial institutions" that do not comply with FATCA.

If a Noteholder fails to provide the Issuer or its agents with any correct, complete and accurate information or documentation that may be required for the Issuer to comply with FATCA and to prevent the imposition of U.S. federal withholding tax under FATCA on payments to or for the benefit of the Issuer, or if the Noteholder's ownership of any Notes would otherwise cause the Issuer to be subject to tax under FATCA, the Issuer is authorised to withhold amounts otherwise distributable to the Noteholder, to compel the Noteholder to sell its Notes, and, if the Noteholder does not sell its Notes within 10 Business Days after notice from the Issuer, to sell the Noteholder's Notes on behalf of the Noteholder.

#### *Future Legislation and Regulatory Changes Affecting Noteholders*

Future legislation, regulations, rulings or other authority could affect the federal income tax treatment of the Issuer and Noteholders. The Issuer cannot predict whether and to what extent any such legislative or administrative changes could change the tax consequences to the Issuer and to the Noteholders. Prospective Noteholders should consult their tax advisors regarding possible legislative and administrative changes and their effect on the federal tax treatment of the Issuer and their investment in the Notes.

THE DISCUSSION ABOVE IS A GENERAL SUMMARY. IT DOES NOT COVER ALL TAX MATTERS THAT MAY BE OF IMPORTANCE TO A PARTICULAR NOTEHOLDER. EACH PROSPECTIVE NOTEHOLDER IS STRONGLY URGED TO CONSULT ITS OWN TAX ADVISOR ABOUT THE TAX CONSEQUENCES OF AN INVESTMENT IN THE NOTES UNDER THE NOTEHOLDER'S OWN CIRCUMSTANCES

#### 4. THE COMMON REPORTING STANDARD

The common reporting standard framework was first released by the OECD in February 2014 as a result of the G20 members endorsing a global model of automatic exchange of information in order to increase international tax transparency. On 21 July 2014, the Standard for Automatic Exchange of Financial Account Information in Tax Matters was published by the OECD and this includes the Common Reporting Standard ("CRS"). The goal of the CRS is to provide for the annual automatic exchange between governments of financial account information reported to them by local reporting financial institutions (as defined) ("FIs") relating to account holders who are tax resident in other participating jurisdictions.

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation ("DAC II") implements CRS in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis commencing in 2017 in respect of the 2016 calendar year (or commencing in 2018 in the case of Austria).

The Netherlands is a signatory jurisdiction to a Multilateral Competent Authority Agreement on the automatic exchange of financial account information in respect of CRS while the Finance Act 2014 and Finance Act 2015 contain measures necessary to implement the CRS internationally and across the European Union, respectively.

Over 95 jurisdictions have committed to exchanging information under the CRS and a group of 50 countries, including The Netherlands, have committed to the early adoption of the CRS from 1 January 2016 (known as the “**Early Adopter Group**”), with the first data exchanges expected to take place in September 2017. The majority of the EU Member States are members of the Early Adopter Group.

The Netherlands has enacted legislation to implement the requirements of the CRS and DAC II into Dutch law under which Dutch FIs (such as the Issuer) will be obliged to make a single return in respect of CRS and DAC II. For the purposes of complying with its obligations under CRS and DAC II, a Dutch FI (such as the Issuer) shall be entitled to require Noteholders to provide any information regarding their and, in certain circumstances, their controlling persons’ tax status, identity or residence in order to satisfy any reporting requirements which the Issuer may have as a result of CRS and DAC II and Noteholders will be deemed, by their holding to have authorised the automatic disclosure of such information by the Issuer (or any nominated service provider) or any other person to The Netherlands Tax Administration. The information will be provided to The Netherlands Tax Administration who will exchange the information with the tax authorities of other participating jurisdictions, as applicable. Failure by a Dutch FI to comply with its CRS and DAC II obligations may result in the Issuer being deemed to be non-compliant in respect of its CRS obligations and monetary penalties may be imposed on a non-compliant FI under Dutch legislation.

The Issuer (or any nominated service provider) will agree that information (including the identity of any Noteholder) supplied for the purposes of CRS and DAC II compliance is intended for the Issuer’s (or any nominated service provider’s) use for the purposes of satisfying CRS and DAC II requirements and the Issuer (or any nominated service provider) will agree, to the extent permitted by applicable law, that it will take reasonable steps to treat such information in a confidential manner, except that the Issuer may disclose such information (i) to its officers, directors, agents and advisors, (ii) to the extent reasonably necessary or advisable in connection with tax matters, including achieving CRS and DAC II compliance, (iii) to any person with the consent of the applicable Noteholder, or (iv) as otherwise required by law or court order or on the advice of its advisors.

## **RULE 17G-5 AND STS REGULATION COMPLIANCE**

### **Rule 17G-5**

The Issuer, in order to permit each Rating Agency to comply with its obligations under Rule 17g-5 promulgated under the Exchange Act (“**Rule 17g-5**”), has agreed to post (or have its agent post) on a password-protected internet website (the “**Rule 17g-5 Website**”), at the same time such information is provided to any Rating Agency, all information (which will not include any reports from the Issuer’s independent public accountants) that the Issuer provides to such Rating Agency for the purposes of determining the initial credit rating of the Rated Notes. On the Issue Date, the Issuer will engage The Bank of New York Mellon SA/NV, Dublin Branch, in accordance with the Collateral Management and Administration Agreement, to assist the Issuer in complying with certain of the posting requirements under Rule 17g-5 (in such capacity, the “**Information Agent**”). Pursuant to the terms of the Collateral Management and Administration Agreement, the Issuer and the Collateral Manager have agreed that any notice, report, request for satisfaction of the Effective Date Determination Requirements, confirmations from any Rating Agency or other information provided by the Issuer or the Collateral Manager (or any of their respective representatives or advisors) to any Rating Agency thereunder or under any other Transaction Document for the purposes of undertaking credit rating surveillance of the Rated Notes shall be provided, substantially concurrently, by the Issuer or the Collateral Manager, as the case may be, to the Information Agent for posting on the Rule 17g-5 Website.

### **Securitisation Regulation**

In the event that the Securitisation Regulation applies in the form that comes into force, the Issuer has agreed to assume the costs of compliance and making amendments to the Transaction Documents. In such circumstances the Issuer will establish and maintain a website or will procure that a website is established and maintained, in each case, for the purposes of ensuring compliance with the Securitisation Regulation.

## CERTAIN ERISA CONSIDERATIONS

ERISA imposes certain requirements on “employee benefit plans” subject thereto and entities (including entities such as collective investment funds, insurance company separate accounts and some insurance company general accounts) the underlying assets of which include the assets of such plans (collectively, “**ERISA Plans**”), and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA’s general fiduciary requirements, including the requirements of prudence, diversification, and that investments be made in accordance with the documents governing the plan. The prudence of a particular investment must be determined by the responsible fiduciary of an ERISA Plan by taking into account the ERISA Plan’s particular circumstances and all of the facts and circumstances of the investment including but not limited to, the matters discussed above under “*Risk Factors*” and the fact that in the future there may be no market in which such fiduciary will be able to sell or otherwise dispose of any Notes it may purchase.

Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan, as well as assets of those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts and Keogh plans, and entities the underlying assets of which include the assets of such plans (together with ERISA Plans, “**Plans**”) and certain persons (referred to as “parties in interest” under ERISA or “disqualified persons” under the Code (collectively, “**Parties in Interest**”)) having certain relationships to such Plans, unless a statutory or administrative exception or exemption is applicable to the transaction. A Party in Interest who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code and the transaction may have to be rescinded at significant cost to the Issuer.

Governmental plans, certain church plans and certain non-U.S. plans, while not subject to the fiduciary responsibility or prohibited transaction provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to substantially similar rules under federal, state, local or non-U.S. laws or regulations, and may be subject to the prohibited transaction rules of Section 503 of the Code.

Under ERISA and a regulation issued by the United States Department of Labor (29 C.F.R. Section 2510.3-101, as modified by Section 3(42) of ERISA), (the “**Plan Asset Regulation**”), if a Plan invests in an “equity interest” of an entity that is neither a “publicly offered security” nor a security issued by an investment company registered under the Investment Company Act of 1940, the Plan’s assets are deemed to include both the equity interest and an undivided interest in each of the entity’s underlying assets, unless it is established (a) that the entity is an “operating company,” as that term is defined in the Plan Asset Regulation, or (b) that less than 25 per cent. of the total value of each class of equity interest in the entity, disregarding the value of any equity interests held by persons (other than Benefit Plan Investors) with discretionary authority or control over the assets of the entity or who provide investment advice for a fee with respect to such assets (such as the Collateral Manager), and their respective affiliates (each a “**Controlling Person**”), is held by Benefit Plan Investors (the “**25 per cent. Limitation**”). A “**Benefit Plan Investor**” means (1) an employee benefit plan (as defined in Section 3(3) of ERISA), subject to the fiduciary responsibility provisions of Title I of ERISA, (2) a plan to which Section 4975 of the Code applies, or (3) any entity whose underlying assets include plan assets by reason of such an employee benefit plan’s or plan’s investment in such entity.

If the underlying assets of the Issuer are deemed to be Plan assets, the obligations and other responsibilities of Plan sponsors, Plan fiduciaries and Plan administrators, and of Parties in Interest, under Parts 1 and 4 of Subtitle B of Title I of ERISA and Section 4975 of the Code, as applicable, may be expanded, and there may be an increase in their liability under these and other provisions of ERISA and the Code. In addition, various providers of fiduciary or other services to the Issuer, and any other parties with authority or control with respect to the Issuer, could be deemed to be Plan fiduciaries or otherwise parties in interest or disqualified persons by virtue of their provision of such services (and there could be an improper delegation of authority to such providers).

The Plan Asset Regulation defines an “equity interest” as any interest in an entity other than an instrument that is treated as indebtedness under applicable local law and that has no substantial equity features. Although it is not free from doubt, the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes offered hereby will be treated by the Issuer as indebtedness with no substantial equity features for the purposes of ERISA. The treatment of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes as not being equity interests in the Issuer could, however, be affected, subsequent to their issuance, by certain changes in the structure or financial condition of the Issuer. However, the characteristics of the Class E Notes, the Class F Notes and the Subordinated Notes for purposes of the Plan Asset Regulation are less certain. The Class E

Notes and the Class F Notes may and the Subordinated Notes will likely be considered “equity interests” for purposes of the Plan Asset Regulation.

Accordingly, the Issuer intends to limit investments by Benefit Plan Investors in such Class E Notes, Class F Notes and Subordinated Notes and any interests in such Notes. In reliance on representations made and deemed to be made by investors in the Class E Notes, Class F Notes and Subordinated Notes, the Issuer intends to limit investment by Benefit Plan Investors in the Class E Notes, Class F Notes and Subordinated Notes to less than 25 per cent. of the total value of the Class E Notes, Class F Notes and Subordinated Notes (determined separately by class) at all times (excluding for purposes of such calculation Class E Notes, Class F Notes and Subordinated Notes and interests therein held by a Controlling Person). Each prospective purchaser (including a transferee) of a Class E Note, Class F Note or Subordinated Note or an interest in any such Note will be required to make or be deemed to make certain representations regarding its status as a Benefit Plan Investor or Controlling Person and other ERISA matters as described under “*Transfer Restrictions*” below. No Class E Note, Class F Note or Subordinated Note will be sold or transferred to purchasers that have represented that they are Benefit Plan Investors or Controlling Persons to the extent that such sale may result in Benefit Plan Investors owning 25 per cent. or more of the total value of Class E Notes, Class F Notes or Subordinated Notes (determined separately by class and in accordance with the Plan Asset Regulation and the Trust Deed).

Except as otherwise provided by the Plan Asset Regulation, each Class E Note, Class F Note and Subordinated Note (or interest therein) held by persons that have represented that they are Controlling Persons will be disregarded and will not be treated as outstanding for purposes of determining compliance with such 25 per cent. Limitation.

Even assuming the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes are not treated as equity interests in the Issuer for the purposes of ERISA, it is possible that an investment in such Notes by a Benefit Plan Investor (or with the use of the assets of a Benefit Plan Investor) could be treated as a prohibited transaction under ERISA and/or Section 4975 of the Code. Such a prohibited transaction, however, may be subject to a statutory or administrative exemption. Included among these exemptions are Prohibited Transaction Class Exemption (“**PTCE**”) 91-38 (relating to investments by bank collective investment funds), PTCE 84 14 (relating to transactions effected by a qualified professional asset manager), PTCE 95-60 (relating to transactions involving insurance company general accounts), PTCE 90-1 (relating to investments by insurance company pooled separate accounts), PTCE 96-23 (relating to transactions determined by in house asset managers) and Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code (relating to transactions with certain persons who provide services to plans or are related to plan service providers). Even if an exemption were to apply, such exemption may not, however, apply to all of the transactions that could be deemed prohibited transactions in connection with an investment in the Notes by a Benefit Plan Investor.

Each of the Issuer, the Initial Purchaser, the Collateral Manager, or their respective Affiliates may be the sponsor of, or investment adviser with respect to one, or more Plans. Because such parties may receive certain benefits in connection with the sale of the Notes to such Plans, whether or not the Notes are treated as equity interests in the Issuer, the purchase of such Notes using the assets of a Plan over which any of such parties has investment authority might be deemed to be a violation of the prohibited transaction rules of ERISA and/or Section 4975 of the Code for which no exemption may be available. Accordingly, the Notes may not be acquired using the assets of any Plan if any of the Issuer, the Initial Purchaser, the Collateral Manager or their respective affiliates has investment authority with respect to such assets (except to the extent (if any) that a favourable statutory or administrative exemption or exception applies or the transaction is not otherwise prohibited).

It should be noted that an insurance company’s general account may be deemed to include assets of Plans under certain circumstances, *e.g.*, where a Plan purchases an annuity contract issued by such an insurance company, based on the reasoning of the *United States Supreme Court in John Hancock Mutual Life Ins. Co. v. Harris Trust and Savings Bank, 510 U.S. 86 (1993)*. An insurance company considering the purchase of Notes with assets of its general account should consider such purchase and the insurance company’s ability to make the representations described above in light of *John Hancock Mutual Life Ins. Co. v. Harris Trust and Savings Bank*, Section 401(c) of ERISA and a regulation promulgated by the U.S. Department of Labor under that Section of ERISA, 29 C.F.R. Section 2550.401c-1.

Each purchaser and transferee of a Class A Note, Class B Note, Class C Note or Class D Note or any interest in such Note will be deemed to have represented, warranted and agreed that (i) either (A) it is not, and is not acting on behalf of (and for so long as it holds any such Note or interest therein will not be, and will not be acting on behalf of), a Benefit Plan Investor or a governmental, church, non-U.S. or other plan which is subject to any

federal, state, local or non-U.S. law or regulation that is similar to the prohibited transaction provisions of Section 406 of ERISA and/or Section 4975 of the Code (“**Other Plan Law**”), and no part of the assets to be used by it to acquire or hold such Note or any interest therein constitutes the assets of any Benefit Plan Investor or such governmental, church, non-U.S. or other plan, or (B) its acquisition, holding or disposition of such Note (or interest therein) will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or, in the case of a governmental, church, non-U.S. or other plan, a non-exempt violation of any Other Plan Law, and (ii) it will not sell or transfer such Note (or interests therein) to a transferee acquiring such Note (or interests therein) unless the transferee makes or is deemed to make the foregoing representations, warranties and agreements described in clause (i) hereof.

A purchaser or transferee of a Class E Note, Class F Note or Subordinated Note in the form of a Rule 144A Global Certificate or a Regulation S Global Certificate will be deemed to represent, warrant and agree (among other things) (i) that it is not, and not acting on behalf of (and for so long as it holds such Note or an interest therein will not be, and will not be acting on behalf of), a Benefit Plan Investor or a Controlling Person unless it receives the written consent of the Issuer (which consent, without limitation, will not be given if such purchaser or transferee holding such Class E Note, Class F Note or Subordinated Note would result in a material risk that 25 per cent. or more of the total value of the Class E Notes, Class F Notes or Subordinated Notes (determined separately by Class) would be deemed to be held by Benefit Plan Investors for the purposes of ERISA) and provides an ERISA certificate substantially in the form of Annex A (*Form of ERISA Certificate*) to the Issuer as to its status as a Benefit Plan Investor or Controlling Person and (ii) (A) if it is, or is acting on behalf of, a Benefit Plan Investor, its acquisition, holding and disposition of such Note or interest therein will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, and (B) if it is a governmental, church, non-U.S. or other plan, (1) it is not, and for so long as it holds such Note or interest therein will not be, subject to any Similar Law and (2) its acquisition, holding and disposition of such Note or interest therein will not constitute or result in a non-exempt violation of any Other Plan Law and (iii) it agrees and will agree to certain transfer restrictions regarding its interest in such Note.

Each purchaser or transferee of a Class E Note, Class F Note or Subordinated Note in the form of a Definitive Certificate will be required to represent, warrant and agree in writing to the Issuer and the Trustee (among other things) that (i) it is not, and not acting on behalf of (and for so long as it holds such Note or an interest therein will not be, and will not be acting on behalf of), a Benefit Plan Investor or a Controlling Person unless it receives the written consent of the Issuer (which consent, without limitation, will not be given if such purchaser or transferee holding such Class E Note, Class F Note or Subordinated Note would result in a material risk that 25 per cent. or more of the total value of the Class E Notes, Class F Notes or Subordinated Notes (determined separately by Class) would be deemed to be held by Benefit Plan Investors for the purposes of ERISA) and provides an ERISA certificate (substantially in the form of Annex A (*Form of ERISA Certificate*)) to the Issuer as to its status as a Benefit Plan Investor or Controlling Person; and (ii) (A) if it is, or is acting on behalf of, a Benefit Plan Investor, its acquisition, holding and disposition of such Note or interest therein will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, and (B) if it is a governmental, church, non-U.S. or other plan, (1) it is not, and for so long as it holds such Note or interest therein will not be, subject to any Similar Law and (2) its acquisition, holding and disposition of such Note or interest therein will not constitute or result in a non-exempt violation of any Other Plan Law and (iii) it agrees and will agree to certain transfer restrictions regarding its interest in such Note.

No transfer of an interest in Class E Notes, Class F Notes or Subordinated Notes will be permitted or recognised if it would cause the 25 per cent. Limitation described above to be exceeded with respect to the Class E Notes, Class F Notes or Subordinated Notes (determined separately by Class).

Each purchaser and transferee of any Note or interest therein that is a Benefit Plan Investor shall be required or deemed to represent and warrant to the Issuer, on each day from the date on which such beneficial owner acquires such Note or interest through and including the date on which it disposes of such Note or interest, and at any time when regulation 29 C.F.R. Section 2510.3-21, as modified in 2016, is applicable, that the fiduciary making the decision to invest in the Notes on its behalf (the “**Independent Fiduciary**”) (a) is a bank, insurance company, registered investment adviser, broker-dealer or other person with financial expertise, in each case as described in 29 C.F.R. Section 2510.3-21(c)(1)(i)(A)-(E); (b) is an independent plan fiduciary within the meaning of 29 C.F.R. Section 2510.3-21(c); (c) is capable of evaluating investment risks independently, both in general and with regard to particular transactions and investment strategies; (d) is responsible for exercising independent judgment in evaluating the acquisition, holding and disposition of the Notes; and (e) it is not paying and has not paid, and the Benefit Plan Investor is not paying and has not paid any fee or other compensation to any of the Issuer, the Sole Arranger, the Initial Purchaser, the Trustee or the Collateral Manager for investment advice (as opposed to other services) in connection with its acquisition or holding of the Notes. In addition, each

such purchaser or transferee will be required or deemed to acknowledge and agree that the Independent Fiduciary (x) understands that none of the Issuer, the Sole Arranger, the Initial Purchaser, the Trustee, the Agents or the Collateral Manager, or other persons that provide marketing services, nor any of their affiliates, has provided, and none of them will provide, impartial investment advice and they are not giving any advice in a fiduciary capacity, in connection with the purchaser's or transferee's acquisition or holding of the Notes and (y) has received and understands the disclosure of the existence and nature of the financial interests contained in the offering circular and related materials.

Any Plan fiduciary considering whether to acquire a Note on behalf of a Plan or an employee benefit plan not subject to ERISA or Section 4975 of the Code should consult with its counsel regarding the potential consequences of such investment, the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and the Code and/or similar provisions of Other Plan Law, and the scope of any available exemption relating to such investment.

The sale of Notes to a Plan or an employee benefit plan not subject to ERISA or Section 4975 of the Code is in no respect a representation or warranty by the Issuer, or any other person that this investment meets all relevant legal requirements with respect to investments by Plans or such other plans generally or any particular plan, that any prohibited transaction exemption would apply to the acquisition, holding, or disposition of this investment by such plans in general or any particular plan, or that this investment is appropriate for such plans generally or any particular plan.

## PLAN OF DISTRIBUTION

Deutsche Bank AG, London Branch or an affiliate thereof (in its capacity as initial purchaser, the “**Initial Purchaser**”) has agreed with the Issuer, subject to the satisfaction of certain conditions, to subscribe and pay for each Class of the Notes pursuant to the Subscription Agreement, at the following issue prices:

- (i) Class A Notes, 100 per cent.;
- (ii) Class B-1 Notes, 100 per cent.;
- (iii) Class B-2 Notes, 100 per cent.;
- (iv) Class C Notes, 100 per cent.;
- (v) Class D Notes, 100 per cent.;
- (vi) Class E Notes, 95.25 per cent.;
- (vii) Class F Notes, 93.0 per cent; and
- (viii) Subordinated Notes, 95.0 per cent.,

(in each case less subscription and underwriting fees to be agreed between the Issuer and the Initial Purchaser).

The Subscription Agreement entitles the Initial Purchaser to terminate it in certain circumstances prior to payment for the Notes being made to the Issuer.

The Initial Purchaser may offer the Notes at other prices as may be negotiated at the time of sale.

It is a condition of the issue of the Notes of each Class that the Notes of each Class be issued in the following principal amounts: Class A Notes: €223,500,000, Class B-1 Notes: €38,100,000, Class B-2 Notes: €9,000,000, Class C Notes: €23,100,000, Class D Notes: €17,300,000, Class E Notes: €21,700,000, Class F Notes: €12,500,000 and Subordinated Notes: €41,400,000.

The Issuer has agreed to indemnify the Initial Purchaser, the Collateral Manager, the Collateral Administrator, the Trustee, the Agents and certain other participants against certain liabilities or to contribute to payments they may be required to make in respect thereof.

Certain of the Collateral Obligations may have been originally underwritten or placed by the Initial Purchaser. In addition, the Initial Purchaser may have in the past performed and may in the future perform investment banking services or other services for issuers of the Collateral Obligations. In addition, the Initial Purchaser and its Affiliates may from time to time as a principal or through one or more investment funds that it or they manage, make investments in the equity securities of one or more of the issuers of the Collateral Obligations, with a result that one or more of such issuers may be or may become controlled by the Initial Purchaser or its Affiliates.

No action has been or will be taken by the Issuer, the Initial Purchaser or the Collateral Manager that would permit a public offering of the Notes or possession or distribution of this Offering Circular or any other offering material in relation to the Notes in any jurisdiction where action for the purpose is required. No offers, sales or deliveries of any Notes, or distribution of this Offering Circular or any other offering material relating to the Notes, may be made in or from any jurisdiction, except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligations on the Issuer or the Initial Purchaser.

The Notes have not been and will not be registered under the Securities Act and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. Persons or to U.S. Residents except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act and in the manner so as not to require the registration of the Issuer as an “investment company” pursuant to the Investment Company Act.

The Issuer has been advised that the Initial Purchaser proposes to resell the Notes (a) to non-U.S. Persons in offshore transactions in reliance on Regulation S and in accordance with applicable law and (b) to U.S. Persons

(directly or through its U.S. broker dealer Affiliate) in reliance on Rule 144A only to or for their own account or for the accounts of QIB/QPs. Deutsche Bank Parties may retain a certain proportion of the Notes in their portfolios with an intention to hold to maturity or to trade. The holding or any sale of the Notes by these parties may adversely affect the liquidity of the Notes and may also affect the prices of the Notes in the primary or secondary market.

The Notes sold in reliance on Rule 144A will be issued in minimum denominations of €250,000 and integral multiples of €1,000 in excess thereof. Any offer or sale of Rule 144A Notes in reliance on Rule 144A will be made by broker dealers who are registered as such under the Exchange Act. After the Notes are released for sale, the offering price and other selling terms may from time to time be varied by the Initial Purchaser.

The Initial Purchaser has acknowledged and agreed that it will not offer, sell or deliver any Regulation S Notes to, or for the account or benefit of, any U.S. Person or U.S. Resident as part of their distribution at any time and that it will send to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Regulation S Notes a confirmation or other notice setting forth the prohibition on offers and sales of the Regulation S Notes within the United States or to, or for the account or benefit of, any U.S. Person or U.S. Resident.

This Offering Circular has been prepared by the Issuer for use in connection with the offer and sale of the Notes and for the listing of the Notes of each Class on the Global Exchange Market of the Irish Stock Exchange. The Issuer and the Initial Purchaser reserve the right to reject any offer to purchase, in whole or in part, for any reason, or to sell less than the principal amount of Notes which may be offered. This Offering Circular does not constitute an offer to any person in the United States or to any U.S. Person. Distribution of this Offering Circular to any such U.S. Person or to any person within the United States, other than in accordance with the procedures described above, is unauthorised and any disclosure of any of its contents, without the prior written consent of the Issuer, is prohibited.

The Initial Purchaser has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (“FSMA”)) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

The Initial Purchaser has also agreed to comply with the following selling restrictions:

- (a) *European Economic Area*: In relation to each member state of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”) the Initial Purchaser has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of the Notes to the public in that Relevant Member State at any time:
  - (i) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
  - (ii) to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant dealer or dealers nominated by the Issuer for any such offer; or
  - (iii) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of Notes shall require the publication by the Issuer or any other entity of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of the Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, as the same may be varied in that member state by any

measure implementing the Prospectus Directive in that member state and the expression “**Prospectus Directive**” means Directive 2003/71/EC as amended, including by Directive 2010/73/EU and includes any relevant implementing measure in each Relevant Member State.

- (b) *Denmark:* Each purchaser of the Notes represents and agrees (including the Initial Purchaser which has represented and agreed) that it has not offered or sold and will not offer or sell, directly or indirectly, any of the Notes to the public in Denmark unless in accordance with the Danish Securities Trading Act (Consolidation Act No. 1530 of 2 December 2015, as amended from time to time) and Executive Order No. 1257 of 6 November 2015 or Executive Order No. 811 of 1 July 2015, as applicable.

For the purposes of this provision, an offer of the Notes in Denmark means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

- (c) *Finland:* This Offering Circular has not been reviewed or approved by or notified to the Finnish Financial Supervisory Authority (in Finnish: Finanssivalvonta, the “**FIN-FSA**”). No action has been or will be taken to authorise the offering of the Notes to the public in Finland. Therefore, the Offering Circular shall not be distributed or made available to the public in Finland. This Offering Circular is strictly for private use by its holder and may not be passed on to third parties in Finland. The Initial Purchaser has represented and agreed that this Offering Circular shall only be furnished or transferred, and any marketing, advertising, offer, sale or solicitation relating to the Notes shall only be made, in reliance on the exemptions applicable to offerings that do not require a prospectus to be published in Finland as provided in the Finnish Securities Markets Act (in Finnish: arvopaperimarkkinalaki, 746/2012, as amended, the “**SMA**”) and other applicable regulations. The Initial Purchaser has also represented and agreed that the Notes will be offered in Finland exclusively to investors qualifying as “qualified investors” (in Finnish: kokenut sijoittaja) as defined in the SMA or otherwise in compliance with the selling restrictions included in paragraph (a) (European Economic Area) above and only in circumstances which would not constitute an offer to the public in Finland.

- (d) *France:* Neither this Offering Circular nor any other offering material relating to the Notes has been submitted to the clearance procedures of the Autorité des Marchés Financiers (“**AMF**”) or to the competent authority of another member state of the European Economic Area and subsequently notified to the AMF.

The Initial Purchaser has represented and agreed that:

- (i) the Notes have not been offered or sold and will not be offered or sold, directly or indirectly, to the public in France;
- (ii) neither this Offering Circular nor any other offering material relating to the Notes has been or will be:
- (A) released, issued, distributed or caused to be released, issued or distributed to the public in France; or
- (B) used in connection with any offer for subscription or sale of the Notes to the public in France; and
- (iii) such offers, sales and distributions will be made in France only:
- (A) to qualified investors (*investisseurs qualifiés*) and/or to a restricted circle of investors (*cercle restreint d’investisseurs*), all other than individuals, in each case investing for their own account, all as defined in, and in accordance with, Articles L.411-2, D.411-1, and L.533-20 of the French Code Monétaire et Financier (“**CMF**”);
- (B) to investment services providers authorised to engage in portfolio management on behalf of third parties; or
- (C) in a transaction that, in accordance with Article L.411-2 of the CMF and Article 211-2 of the Règlement Général of the AMF, does not constitute a public offer.

- (e) *Germany*: The Notes will not be registered for public distribution in Germany. This Offering Circular does not constitute a sales document pursuant to the German Capital Investment Act (*Vermögensanlagengesetz*). Accordingly, the Initial Purchaser has represented and agreed that no offer of the Notes will be made to the public in Germany. This Offering Circular and any other document relating to the Notes, as well as information or statements contained therein, will not be supplied to the public in Germany or used in connection with any offer for subscription of the Notes to the public in Germany or any other means of public marketing.
- (f) *Hong Kong*: The contents of this Offering Circular have not been reviewed by any regulatory authority in Hong Kong. The Initial Purchaser has therefore represented and agreed that:
- (i) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Notes (except for Notes which are a ‘structured product’ as defined in the Notes and Futures Ordinance (cap. 571) of Hong Kong) other than (a) to ‘professional investors’ as defined in the Securities and Futures Ordinance and any rules made under that ordinance (“**professional investors**”); or (b) in other circumstances which do not result in the document being a ‘prospectus’ as defined in the Companies Ordinance (cap. 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance; and
  - (ii) It has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the Securities Laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors as defined in the Securities and Futures Ordinance and any rules made under that Ordinance.
- (g) *Ireland*: The Initial Purchaser has represented to and agreed with the Issuer that:
- (i) to the extent applicable, it will not underwrite the issue or placement of the Notes otherwise than in conformity with the provisions of the European Communities (Markets in Financial Instruments) Regulations 2007 (Nos. 1 to 3) including, without limitation, Regulations 7 and 152 thereof or any codes of conduct issued in connection therewith, and the provisions of the Investor Compensation Act 1998;
  - (ii) it will not underwrite the issue or placement of the Notes, otherwise than in conformity with the provisions of the Central Banks Acts 1942 to 2014 (as amended) and with any codes of conduct rules made under Section 117(1) of the Central Bank Act 1989;
  - (iii) it will not underwrite the issue or placement of, or otherwise act in Ireland in respect of the Notes otherwise than in conformity with the provisions of the Prospectus (Directive 2003/71/EC) Regulations 2005 (as amended) and any rules issued under Section 51 of the Investment Funds, Companies and Miscellaneous Provisions Act 2005, by the Central Bank; and
  - (iv) it will not underwrite the issue or placement of, or otherwise act in Ireland in respect of the Notes, otherwise than in conformity with the provisions of the Market Abuse (Directive 2003/6/EC) Regulations 2005 (as amended) and any rules issued under Section 34 of the Investment Funds, Companies and Miscellaneous Provisions Act 2005 or Section 1370 of the Companies Act of Ireland by the Central Bank.
- (h) *Israel*: This Offering Circular has not been approved by the Israeli Securities Authority and will only be distributed to Israeli residents in a manner that will not constitute ‘an offer to the public’ under sections 15 and 15a of the Israel Securities Law, 5728-1968 (the “**Securities Law**”).

The Initial Purchaser has represented and agreed that the Notes will be offered to a limited number of investors (35 investors or fewer during any given 12-month period) and/or those categories of investors listed in the First Addendum (the “**Addendum**”) to the Securities Law, (“**Sophisticated Investors**”) namely joint investment funds or mutual trust funds, provident funds, insurance companies, banking corporations (purchasing the Notes for themselves or for clients who are Sophisticated Investors),

portfolio managers (purchasing the Notes for themselves or for clients who are Sophisticated Investors), investment advisors or investment marketers (purchasing the Notes for themselves), members of the Tel-Aviv Stock Exchange (purchasing the Notes for themselves or for clients who are Sophisticated Investors), underwriters (purchasing the Notes for themselves), venture capital funds engaging mainly in the capital market, an entity which is wholly-owned by Sophisticated Investors, corporations, other than formed for the specific purpose of an acquisition pursuant to an offer, with a shareholder's equity in excess of NIS 50 million, and individuals in respect of whom the terms of item 9 in the Schedule to the Investment Advice Law hold true, investing for their own account, each as defined in the said Addendum, as amended from time to time, and who in each case have provided written confirmation that they qualify as Sophisticated Investors, and that they are aware of the consequences of such designation and agree thereto; in all cases under circumstances that will fall within the private placement or other exemptions of the Securities Law and any applicable guidelines, pronouncements or rulings issued from time to time by the Israeli Securities Authority.

- (i) *Italy*: The sale of the Notes has not been cleared by CONSOB (the Italian Securities Exchange Commission) and the Bank of Italy pursuant to Italian Securities Legislation and, accordingly, the Initial Purchaser has represented and agreed that no Notes will be offered, sold or delivered, nor will copies of the Offering Circular or of any other document relating to the Notes be distributed in the Republic of Italy, except:
- (i) to qualified investors (*investitori qualificati*) as defined under Article 34, paragraph 1, letter b), of CONSOB Regulation No. 11971 of 14 May 1999, as amended (“**Regulation 11971/1999**”); or
  - (ii) in circumstances which are exempted from the rules on offers of notes to be made to the public pursuant to Article 100 of Legislative Decree No. 58 of 24 February 1998 (the “**Financial Services Act**”) and Article 34, first paragraph, of Regulation 11971/1999.

The Initial Purchaser acknowledges that any offer, sale or delivery of the Notes in the Republic of Italy or distribution of copies of the Offering Circular or any other document relating to the Notes in the Republic of Italy under paragraphs (i) and (ii) above must be:

- (i) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB Regulation No. 16190 of 29 October 2007 and Legislative Decree No. 385 of 1 September 1993, as amended; and
- (ii) in compliance with any other applicable laws and regulations.

Investors should also note that in accordance with Article 100–BIS of the Financial Services Act, where no exemption under paragraph (ii) above applies, any subsequent distribution of the Notes on the secondary market in Italy must be made in compliance with the rules on offers of notes to be made to the public provided under the Financial Services Act and the regulation 11971/1999. Failure to comply with such rules may result, inter alia, in the sale of such Notes being declared null and void and in the liability of the intermediary transferring the Notes for any damages suffered by the investors.

- (b) *Japan*: The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the FIEA) and the Initial Purchaser has represented and agreed that none of the Notes nor any interest therein will be offered or sold, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.
- (c) *Netherlands*: The Initial Purchaser has represented and agreed that it will not make an offer of the Notes which are the subject of the offering contemplated by this Offering Circular to the public in The Netherlands in reliance on Article 3(2) of the Prospectus Directive, unless such offer is made exclusively to legal entities which are qualified investors (as defined in the Dutch FSA and which includes authorised discretionary asset managers acting for the account of retail investors under a

discretionary investment management contract) in The Netherlands, provided that no such offer of Notes shall require the Issuer or the Initial Purchaser to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expressions (i) an “**offer of Notes to the public**” in relation to any Notes in The Netherlands; and (ii) “**Prospectus Directive**”, have the meaning given to them above in the section entitled “*European Economic Area*”.

- (d) *Norway*: The Initial Purchaser has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in Norway (the “**Norway Relevant Implementation Date**”) it has not made and will not make an offer of Notes to the public in Norway except that it may, with effect from and including the Norway Relevant Implementation Date, make an offer of the Notes to the public in Norway at any time:

- (i) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (ii) at any time to fewer than 100 or, if Norway has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the Initial Purchaser for any such offer; or
- (iii) in any other circumstances which do not require the publication by the Issuer or any other entity of a document pursuant to Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (i) to (iii) above shall require the Issuer or the Initial Purchaser to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of the provision above, the expression an ‘offer of notes to the public’ in relation to any Notes in Norway means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, as the same may be varied in Norway by any measure implementing the Prospectus Directive in Norway and the expression ‘Prospectus Directive’ means Directive 2003/71/EC (as amended) and includes any relevant implementing measure in Norway.

- (e) *Singapore*: This Offering Circular has not been registered as a prospectus with the Monetary Authority of Singapore (“**MAS**”) nor have any arrangements described in the Offering Circular, which constitute a collective investment scheme for the purposes of the Securities and Futures Act, Chapter 289 of Singapore (“**SFA**”), been approved or registered with the AMS as an authorised or recognised CIS under the SFA (whether as a restricted scheme or otherwise). Accordingly, the Notes may not be offered or sold or made the subject of an invitation for subscription or purchase nor may this Offering Circular or any other document or material in connection with the offer or sale or invitation for subscription or purchase of any Notes be circulated or distributed, whether directly or indirectly, to any person in Singapore other than (a) to an institutional investor pursuant to Sections 274 and 304 of the SFA, (b) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.
- (f) *Spain*: Neither the Notes nor the Offering Circular have been approved or registered with the Spanish Notes Markets Commission (*Comisión Nacional Del Mercado De Valores*). Accordingly, the Initial Purchaser has represented and agreed that the Notes will not be offered or sold in Spain except in circumstances which do not constitute a public offering of notes within the meaning of Article 30-BIS of the Spanish Notes Market Law of 28 July 1988 (*LEY 24/1988, de 28 de julio, del Mercado de Valores*), as amended and restated, and supplemental rules enacted thereunder.
- (g) *Sweden*: The Initial Purchaser has confirmed and agreed that it will not, directly or indirectly, offer for subscription or purchase or issue invitations to subscribe for or buy Notes or distribute any draft or final document in relation to any such offer, invitation or sale except in circumstances that will not result in a requirement to prepare a prospectus pursuant to the provisions of the Swedish Financial Instruments Trading Act (*lag (1991:980) om handel med finansiella instrument*).

The Initial Purchaser has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in Sweden (the “**Sweden Relevant Implementation Date**”) it

has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Offering Circular as completed by the final terms in relation thereto to the public in Sweden except that it may, with effect from and including the Sweden Relevant Implementation Date, make an offer of such Notes to the public in Sweden:

- (i) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (ii) at any time to fewer than 100 or, if Sweden has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the Initial Purchaser; or
- (iii) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of Notes referred to in (i) to (iii) above shall require the Issuer or the Initial Purchaser to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of Notes to the public in relation to any Notes in Sweden means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in Sweden by any measure implementing the Prospectus Directive in Sweden, the expression Prospectus Directive means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in Sweden), and includes any relevant implementing measure in Sweden and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

- (h) *Taiwan*: The Notes may be made available outside Taiwan for purchase by investors residing in Taiwan (either directly or through properly licensed Taiwan intermediaries acting on behalf of such investors) but may not be offered or sold in Taiwan.

## TRANSFER RESTRICTIONS

Because of the following restrictions, purchasers are advised to consult legal counsel prior to making any offer, resale, pledge or transfer of the Notes.

### Rule 144A Notes

Each prospective purchaser of Rule 144A Notes, by accepting delivery of this Offering Circular, will be deemed to have represented and agreed that such person acknowledges that this Offering Circular is personal to it and does not constitute an offer to any other person or to the public generally to subscribe for or otherwise acquire Notes other than pursuant to Rule 144A or in offshore transactions in accordance with Regulation S. Distribution of this Offering Circular, or disclosure of any of its contents to any person other than such offeree and those persons, if any, retained to advise it with respect thereto is unauthorised and any disclosure of any of its contents, without the prior written consent of the Issuer, is prohibited.

Each purchaser of Notes represented by a Rule 144A Global Certificate will be deemed to have represented and agreed and each purchaser of Notes represented by Definitive Certificates will be required to represent and agree, as follows:

1. The purchaser (a) is a QIB, (b) is aware that the sale of such Rule 144A Notes to it is being made in reliance on Rule 144A, (c) is acquiring such Notes for its own account or for the account of a QIB as to which the purchaser exercises sole investment discretion, and in a principal amount of not less than €250,000 for the purchaser and for each such account and (d) will provide notice of the transfer restrictions described in the “**Notice**” to any subsequent transferees.
2. The purchaser understands that such Rule 144A Notes have not been and will not be registered under the Securities Act, and may be reoffered, resold or pledged or otherwise transferred only (a)(i) to a person whom the purchaser reasonably believes is a QIB purchasing for its own account or for the account of a QIB as to which the purchaser exercises sole investment discretion in a transaction meeting the requirements of Rule 144A or (ii) to a non-U.S. Person in an offshore transaction complying with Rule 903 or Rule 904 of Regulation S and (b) in accordance with all applicable securities laws including the securities laws of any state of the United States. The purchaser understands that the Issuer has not been registered under the Investment Company Act. The purchaser understands that before any interest in a Rule 144A Note may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in the Regulation S Notes, the Registrar is required to receive a written certification from the purchaser (in the form provided in the Trust Deed) as to compliance with the transfer restrictions described herein. The purchaser understands and agrees that any purported transfer of the Rule 144A Notes to a purchaser that does not comply with the requirements of this paragraph (2) shall be null and void *ab initio*.
3. The purchaser is not purchasing such Rule 144A Notes with a view toward the resale, distribution or other disposition thereof in violation of the Securities Act. The purchaser understands that an investment in the Rule 144A Notes involves certain risks, including the risk of loss of its entire investment in the Rule 144A Notes under certain circumstances. The purchaser has had access to such financial and other information concerning the Issuer and the Rule 144A Notes as it deemed necessary or appropriate in order to make an informed investment decision with respect to its purchase of the Rule 144A Notes, including an opportunity to ask questions of, and request information from, the Issuer.
4. In connection with the purchase of the Rule 144A Notes: (a) none of the Issuer, the Initial Purchaser, the Trustee, the Collateral Manager or the Collateral Administrator is acting as a fiduciary or financial or investment adviser for the purchaser; (b) the purchaser is not relying (for purposes of making any investment decision or otherwise) upon any advice, counsel or representations (whether written or oral) of the Issuer, the Initial Purchaser, the Trustee, the Collateral Manager or the Collateral Administrator other than in this Offering Circular for such Notes and any representations expressly set forth in a written agreement with such party; (c) none of the Issuer, the Initial Purchaser, the Trustee, the Collateral Manager or the Collateral Administrator has given to the purchaser (directly or indirectly through any other person) any assurance, guarantee or representation whatsoever as to the expected or projected success, profitability, return, performance, result, effect, consequence or benefit (including legal, regulatory, tax, financial, accounting or otherwise) as to an investment in the Rule 144A Notes; (d) the purchaser has consulted with its own legal, regulatory, tax, business, investment, financial and

accounting advisors to the extent it has deemed necessary, and it has made its own investment decisions (including decisions regarding the suitability of any transaction pursuant to the Trust Deed) based upon its own judgement and upon any advice from such advisors as it has deemed necessary and not upon any view expressed by the Issuer, the Initial Purchaser, the Trustee, the Collateral Manager or the Collateral Administrator; (e) the purchaser has evaluated the rates, prices or amounts and other terms and conditions of the purchase and sale of the Rule 144A Notes with a full understanding of all of the risks thereof (economic and otherwise), and it is capable of assuming and willing to assume (financially and otherwise) those risks; and (f) the purchaser is a sophisticated investor.

5. The purchaser and each account for which the purchaser is acquiring such Rule 144A Notes is a QP. The purchaser is acquiring the Rule 144A Notes in a principal amount of not less than €250,000. The purchaser and each such account is acquiring the Rule 144A Notes as principal for its own account for investment and not for sale in connection with any distribution thereof. The purchaser and each such account: (a) was not formed for the specific purpose of investing in the Rule 144A Notes (except when each beneficial owner of the purchaser and each such account is a QP); (b) to the extent the purchaser is a private investment company formed before April 30, 1996, the purchaser has received the necessary consent from its beneficial owners; (c) is not a pension, profit sharing or other retirement trust fund or plan in which the partners, beneficiaries or participants, as applicable, may designate the particular investments to be made; and (d) is not a broker dealer that owns and invests on a discretionary basis less than U.S.\$25,000,000 in securities of unaffiliated issues. Further, the purchaser agrees with respect to itself and each such account: (x) that it shall not hold such Rule 144A Notes for the benefit of any other person and shall be the sole beneficial owner thereof for all purposes; (y) that it shall not sell participation interests in the Rule 144A Notes or enter into any other arrangement pursuant to which any other person shall be entitled to a beneficial interest in the distributions on the Rule 144A Notes; and (z) that the Rule 144A Notes purchased directly or indirectly by it constitute an investment of no more than 40 per cent. of the purchaser's and each such account's assets (except when each beneficial owner of the purchaser and each such account is a QP). The purchaser understands and agrees that any purported transfer of the Rule 144A Notes to a purchaser that does not comply with the requirements of this paragraph (5) will be of no force and effect, will be void *ab initio* and the Issuer will have the right to direct the purchaser to transfer its Rule 144A Notes to a Person who meets the foregoing criteria.
6.
  - (a) With respect to the purchase, holding and disposition of any Class A Note, Class B Note, Class C Note or Class D Note, or any interest in such Note (i) either (A) it is not, and is not acting on behalf of (and for so long as it holds any such Note or interest therein will not be, and will not be acting on behalf of), a Benefit Plan Investor or a governmental, church, non-U.S. or other plan which is subject to any Other Plan Law, and no part of the assets to be used by it to acquire or hold such Note or any interest therein constitutes the assets of any Benefit Plan Investor or such governmental, church, non-U.S. or other plan, or (B) its acquisition, holding or disposition of such Note (or interests therein) will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or, in the case of a governmental, church, non-U.S. or other plan, a non-exempt violation of any Other Plan Law, and (ii) it will not sell or transfer such Note (or interests therein) to an acquiror acquiring such Note (or interests therein) unless the acquiror makes or is deemed to make the foregoing representations, warranties and agreements described in clause (i) hereof. Any purported transfer of the Notes in violation of the requirements set forth in this paragraph shall be null and void *ab initio* and the acquiror understands that the Issuer will have the right to cause the sale of such Notes to another acquiror that complies with the requirements of this paragraph in accordance with the terms of the Trust Deed.
  - (b) With respect to the Class E Notes, Class F Notes or Subordinated Notes in the form of a Rule 144A Global Certificate: (i) it is not, and is not acting on behalf of (and will not be, and will not be acting on behalf of) a Benefit Plan Investor or Controlling Person unless it receives the written consent of the Issuer (which consent, without limitation, will not be given if such purchaser or transferee holding such Class E Note, Class F Note or Subordinated Note would result in a material risk that 25 per cent. or more of the total value of the Class E Notes, Class F Notes or Subordinated Notes (determined separately by Class) would be deemed to be held by Benefit Plan Investors for the purposes of ERISA) and provides an ERISA certificate substantially in the form of Annex A (*Form of ERISA Certificate*) to the Issuer as to its status as a Benefit Plan Investor or Controlling Person; (ii) (A) if it is, or is acting on behalf of, a Benefit Plan Investor, its acquisition, holding and disposition of such Notes or interest therein

will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, and (B) if it is a governmental, church, non-U.S. or other plan, (1) it is not, and for so long as it holds such Notes or interest therein will not be, subject to any Similar Law and (2) its acquisition, holding and disposition of such Notes or interests therein will not constitute or result in a non-exempt violation of any Other Plan Law; and (iii) it agrees and will agree to certain transfer restrictions regarding its interest in such Notes. Any purported transfer of such Notes in violation of the requirements set forth in this paragraph shall be null and void *ab initio* and the Issuer will have the right to cause the sale of such Notes to another acquiror that complies with the requirements of this paragraph in accordance with the terms of the Trust Deed.

- (c) With respect to acquiring or holding a Class E Note, Class F Note or Subordinated Note in the form of a Definitive Certificate (i) it is not and not acting on behalf of, and for so long as it holds such Class E Note, Class F Note or Subordinated Note or an interest therein will not be, and will not be acting on behalf of, a Benefit Plan Investor or a Controlling Person unless it receives the written consent of the Issuer (which consent, without limitation, will not be given if such purchaser or transferee holding such Note would result in a material risk that 25 per cent. or more of the total value of the Class E Notes, Class F Notes or Subordinated Notes (determined separately by Class) would be deemed to be held by Benefit Plan Investors for the purposes of ERISA) and provides an ERISA certificate substantially in the form of Annex A (*Form of ERISA Certificate*) to the Issuer as to its status as a Benefit Plan Investor or Controlling Person; (ii) (A) if it is, or is acting on behalf of, a Benefit Plan Investor, its acquisition, holding and disposition of such Note or interest therein will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, and (B) if it is a governmental, church, non-U.S. or other plan, (1) it is not, and for so long as it holds such Note or interest therein will not be, subject to any Similar Law and (2) its acquisition, holding and disposition of such Note or interest therein will not constitute or result in a non-exempt violation of any Other Plan Law and (iii) it agrees and will agree to certain transfer restrictions regarding its interest in such Note. Any purported transfer of the Class E Notes, Class F Notes or Subordinated Notes in violation of the requirements set forth in this paragraph shall be null and void *ab initio* and the acquiror understands that the Issuer will have the right to cause the sale of such Class E Notes, Class F Notes or Subordinated Notes to another acquiror that complies with the requirements of this paragraph in accordance with the terms of the Trust Deed.
- (d) With respect to acquiring or holding a Note or interest therein, on each day from the date on which it acquires such Note or interest through and including the date on which it disposes of such Note or interest, and at any time when regulation 29 C.F.R. Section 2510.3-21, as modified in 2016, is applicable, that the fiduciary making the decision to invest in the Notes on its behalf (the “**Independent Fiduciary**”) (a) is a bank, insurance company, registered investment adviser, broker-dealer or other person with financial expertise, in each case as described in 29 C.F.R. Section 2510.3-21(c)(1)(i)(A)-(E); (b) is an independent plan fiduciary within the meaning of 29 C.F.R. Section 2510.3-21(c); (c) is capable of evaluating investment risks independently, both in general and with regard to particular transactions and investment strategies; (d) is responsible for exercising independent judgment in evaluating the acquisition, holding and disposition of the Notes; and (e) the Independent Fiduciary is not paying and has not paid, and it is not paying and has not paid any fee or other compensation to any of the Issuer, the Sole Arranger, the Initial Purchaser, the Trustee or the Collateral Manager for investment advice (as opposed to other services) in connection with its acquisition or holding of the Notes. In addition, it acknowledges and agrees that the Independent Fiduciary (x) understands that none of the Issuer, the Sole Arranger, the Initial Purchaser, the Trustee, the Agents or the Collateral Manager, or other persons that provide marketing services, nor any of their affiliates, has provided, and none of them will provide, impartial investment advice and they are not giving any advice in a fiduciary capacity, in connection with the purchaser’s or transferee’s acquisition or holding of the Notes and (y) has received and understands the disclosure of the existence and nature of the financial interests contained in the offering circular and related materials.

7. In respect of a purchase or transfer of a CM Voting Note, or any interest in such Note, the purchaser or transferee understands that such CM Voting Note carries a right to vote with respect to certain matters

concerning the Collateral Manager as set out in the Conditions and the Collateral Management and Administration Agreement.

8. In respect of a purchase or transfer of a CM Non-Voting Note, or any interest in such Note, the purchaser or transferee understands that such CM Non-Voting Note does not carry a right to vote with respect to certain matters concerning the Collateral Manager as set out in the Conditions and the Collateral Management and Administration Agreement.
9. In respect of a purchase or transfer of a CM Non-Voting Exchangeable Note, or any interest in such Note, the purchaser or transferee understands that such CM Non-Voting Exchangeable Note does not carry a right to vote with respect to certain matters concerning the Collateral Manager as set out in the Conditions and the Collateral Management and Administration Agreement.
10. The purchaser understands that pursuant to the terms of the Trust Deed, the Issuer has agreed that the Rule 144A Notes offered in reliance on Rule 144A will bear the legend set forth below, and will be represented, on issue, by one or more Rule 144A Global Certificates or Rule 144A Definitive Certificates, as applicable. The Rule 144A Notes may not, at any time, be held by, or on behalf of, within the United States, persons, or outside the United States, U.S. Persons that are not QIB/QPs. Before any interest in a Rule 144A Note may be offered, resold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in a Regulation S Global Certificate, the transferor will be required to provide the Trustee with a written certification (in the form provided in the Trust Deed) as to compliance with the transfer restrictions.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), AND THE ISSUER HAS NOT BEEN REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE “**INVESTMENT COMPANY ACT**”). THE HOLDER HEREOF, BY PURCHASING THE NOTES IN RESPECT OF WHICH THIS NOTE HAS BEEN ISSUED, AGREES FOR THE BENEFIT OF THE ISSUER THAT THE NOTES MAY BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED, ONLY (A)(1) TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER, IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A UNDER THE SECURITIES ACT, OR (2) TO A NON-U.S. PERSON IN AN OFFSHORE TRANSACTION COMPLYING WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT AND, IN THE CASE OF CLAUSE (1), IN A PRINCIPAL AMOUNT OF NOT LESS THAN €250,000 FOR THE PURCHASER AND FOR EACH ACCOUNT FOR WHICH IT IS ACTING, IN EACH CASE, TO A PURCHASER THAT (V) IS A QUALIFIED PURCHASER FOR THE PURPOSE OF SECTION 3(c)(7) OF THE INVESTMENT COMPANY ACT, (W) WAS NOT FORMED FOR THE PURPOSE OF INVESTING IN THE ISSUER (EXCEPT WHEN EACH BENEFICIAL OWNER OF THE PURCHASER IS A QUALIFIED PURCHASER), (X) HAS RECEIVED THE NECESSARY CONSENT FROM ITS BENEFICIAL OWNERS WHEN THE PURCHASER IS A PRIVATE INVESTMENT COMPANY FORMED BEFORE APRIL 30, 1996, (Y) IS NOT A BROKER-DEALER THAT OWNS AND INVESTS ON A DISCRETIONARY BASIS LESS THAN U.S.\$25,000,000 IN NOTES OF UNAFFILIATED ISSUERS AND (Z) IS NOT A PENSION, PROFIT SHARING OR OTHER RETIREMENT TRUST FUND OR PLAN IN WHICH THE PARTNERS, BENEFICIARIES OR PARTICIPANTS, AS APPLICABLE, MAY DESIGNATE THE PARTICULAR INVESTMENTS TO BE MADE, AND IN A TRANSACTION THAT MAY BE EFFECTED WITHOUT LOSS OF ANY APPLICABLE INVESTMENT COMPANY ACT EXEMPTION OR IN THE CASE OF CLAUSE (2), €100,000 AND (B) IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES. ANY TRANSFER IN VIOLATION OF THE FOREGOING WILL BE OF NO FORCE AND EFFECT, WILL BE VOID *AB INITIO* AND WILL NOT OPERATE TO TRANSFER ANY RIGHTS TO THE TRANSFEREE, NOTWITHSTANDING ANY INSTRUCTIONS TO THE CONTRARY TO THE ISSUER, THE TRUSTEE OR ANY INTERMEDIARY. IN ADDITION TO THE FOREGOING, IN THE EVENT OF A VIOLATION OF (V) THROUGH (Z), THE ISSUER MAINTAINS THE RIGHT TO DIRECT THE RESALE OF ANY NOTES PREVIOUSLY TRANSFERRED TO NON-PERMITTED NOTEHOLDERS (AS DEFINED IN THE TRUST DEED) IN ACCORDANCE WITH AND SUBJECT TO THE TERMS OF THE TRUST DEED. EACH TRANSFEROR OF THIS NOTE

WILL PROVIDE NOTICE OF THE TRANSFER RESTRICTIONS SET FORTH HEREIN AND IN THE TRUST DEED TO ITS TRANSFEREE.

TRANSFERS OF THIS NOTE OR OF PORTIONS OF THIS NOTE SHOULD BE LIMITED TO TRANSFERS MADE IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THE TRUST DEED REFERRED TO HEREIN.

PRINCIPAL OF THIS NOTE IS PAYABLE AS SET FORTH HEREIN. ACCORDINGLY, THE OUTSTANDING PRINCIPAL OF THIS NOTE AT ANY TIME MAY BE LESS THAN THE AMOUNT SHOWN ON THE FACE HEREOF. ANY PERSON ACQUIRING THIS NOTE MAY ASCERTAIN ITS CURRENT PRINCIPAL AMOUNT BY INQUIRY OF THE TRUSTEE.

11. The purchaser will not, at any time, offer to buy or offer to sell the Notes by any form of general solicitation or advertising, including, but not limited to, any advertisement, article, notice or other communication published in any newspaper, magazine or similar medium or broadcast over television or radio or seminar or meeting whose attendees have been invited by general solicitations or advertising.
12. Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.
13. The purchaser will treat the Issuer and the Notes as described in the “*Tax Considerations – Certain U.S. Federal Income Tax Considerations*” section of the Offering Circular for all U.S. federal, state and local income tax purposes and will take no action inconsistent with such treatment unless required by law.
14. The purchaser will timely furnish the Issuer and its agents with any tax forms or certifications (including IRS Form W-9, an applicable IRS Form W-8 (together with appropriate attachments), or any successor forms) that the Issuer or its agents may reasonably request (A) to permit the Issuer or its agents to make payments to the purchaser without, or at a reduced rate of, deduction or withholding, (B) to enable the Issuer or its agents to qualify for a reduced rate of withholding or deduction in any jurisdiction from or through which the Issuer or its agents receive payments, and (C) to enable the Issuer or its agents to satisfy reporting and other obligations under the Code, Treasury regulations or any other applicable law, and will update or replace such forms or certifications as appropriate. The

purchaser acknowledges that the failure to provide, update or replace any such forms or certifications may result in the imposition of withholding or back-up withholding on payments to the purchaser or to the Issuer. Amounts withheld from payments to the purchaser by the Issuer or its agents that are, in their sole judgment, required to be withheld pursuant to applicable tax laws will be treated as having been paid to the purchaser by the Issuer.

15. The purchaser will provide the Issuer and its agents with any correct, complete and accurate information and documentation that may be required for the Issuer to comply with FATCA and/or the CRS and to prevent the imposition of U.S. federal withholding tax under FATCA on payments to or for the benefit of the Issuer. In the event the purchaser fails to provide such information or documentation, or to the extent that its ownership of the Notes would otherwise cause the Issuer to be subject to tax under FATCA, (A) the Issuer and its agents are authorised to withhold amounts otherwise distributable to such purchaser as compensation for any amounts withheld from payments to or for the benefit of the Issuer as a result of such failure or such purchaser's ownership of Notes, and (B) to the extent necessary to avoid an adverse effect on the Issuer as a result of such failure or such purchaser's ownership of Notes, the Issuer will have the right to compel the purchaser to sell its Notes, and, if such purchaser does not sell its Notes within 10 Business Days after notice from the Issuer or any agent of the Issuer, the Issuer will have the right to sell such Notes at a public or private sale called and conducted in any manner permitted by law, and to remit the net proceeds of such sale (taking into account any costs, charges, and any taxes incurred by the Issuer in connection with such sale) to such purchaser as payment in full for such Notes. The Issuer may also assign each such Note or procure that each such Note is assigned a separate securities identifier in the Issuer's sole discretion. The purchaser agrees that the Issuer, the Trustee or their agents or representatives may (1) provide any information and documentation concerning its investment in its Notes to the Dutch Tax Authorities (*Belastingdienst*), the IRS and any other relevant tax authority, and (2) take such other steps as they deem necessary or helpful to ensure that the Issuer complies with FATCA and/or the CRS.
16. In the case of a purchaser of a Class E Note, Class F Note or Subordinated Note that is not a "United States person" (as defined in Section 7701(a)(30) of the Code), the purchaser represents that: (A) it is not a bank (within the meaning of Section 881(c)(3)(A) of the Code) or an affiliate of a bank; (B) (x) after giving effect to its purchase of Class E Notes, Class F Notes or Subordinated Notes (as applicable), it will not directly or indirectly own more than 33½ per cent., by value, of the aggregate of the Notes within such Class and any other Notes that are ranked *pari passu* with or are subordinated to such Notes, and will not otherwise be related to the Issuer (within the meaning of Treasury regulations section 1.881-3) and (y) it has not purchased the Notes in whole or in part to avoid any U.S. federal tax liability (including, without limitation, any U.S. withholding tax that would be imposed on payment on the Collateral Obligations if the Collateral Obligations were held directly by the purchaser); or (C) it has provided an IRS Form W-8ECI representing that all payments received or to be received by it from the Issuer are effectively connected with the conduct of a trade or business in the United States.
17. In the case of a purchaser of Subordinated Notes, if it owns more than 50 per cent. of the Subordinated Notes by value or is otherwise treated as a member of the Issuer's "expanded affiliated group" (as defined in Treasury regulations section 1.1471-5(i) (or any successor provision)), represents that it will (A) ensure that any member of such expanded affiliated group (assuming that the Issuer is a "participating FFI" within the meaning of Treasury regulations section 1.1471-1(b)(91) (or any successor provision)) that is treated as a "foreign financial institution" within the meaning of Section 1471(d)(4) of the Code and any Treasury regulations promulgated thereunder is either a "participating FFI", a "registered deemed-compliant FFI" or an "exempt beneficial owner" within the meaning of Treasury regulations section 1.1471-4(e) (or any successor provision), and (B) promptly notify the Issuer in the event that any member of such expanded affiliated group that is treated as a "foreign financial institution" within the meaning of Section 1471(d)(4) of the Code and any Treasury regulations promulgated thereunder is not either a "participating FFI", a "registered deemed-compliant FFI" or an "exempt beneficial owner" within the meaning of Treasury regulations section 1.1471-4(e) (or any successor provision), in each case except to the extent that the Issuer or its agents have provided such Noteholder with an express waiver of this clause (17).
18. In the case of a purchaser of Subordinated Notes, it will not treat any income with respect to its Subordinated Notes as derived in connection with the Issuer's active conduct of a banking, financing, insurance, or other similar business for purposes of Section 954(h)(2) of the Code.

19. No purchase or transfer of a Class E Note, Class F Note or Subordinated Note in the form of a Definitive Certificate will be recorded or otherwise recognised unless the purchaser or transferee has provided the Issuer and the Trustee with certificates substantially in the form of Annex A (*Form of ERISA Certificate*) hereto.
20. The purchaser understands and acknowledges that the Issuer has the right under the Trust Deed to compel any Non-Permitted Noteholder or Non-Permitted ERISA Noteholder to sell its interest in the Notes or may sell such interest in its Notes on behalf of such Non-Permitted Noteholder or Non-Permitted ERISA Noteholder.
21. The purchaser understands that the Issuer may receive a list of participants holding positions in its securities from one or more book-entry depositaries.
22. The purchaser acknowledges that the Issuer, the Initial Purchaser, the Trustee, the Collateral Manager and the Collateral Administrator and their Affiliates, and others, will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements.

### **Regulation S Notes**

Each purchaser of Regulation S Notes will be deemed to have made the representations set forth in clauses (3), (4), (6), (7) through (9) (inclusive) and (11) through (22) (inclusive) above (except that references to Rule 144A Notes shall be deemed to be references to Regulation S Notes) and to have further represented and agreed as follows:

1. The purchaser is located outside the United States and is not a U.S. Person.
2. The purchaser understands that the Notes have not been and will not be registered under the Securities Act and that the Issuer has not registered and will not register under the Investment Company Act. It agrees, for the benefit of the Issuer, the Initial Purchaser and any of their Affiliates, that, if it decides to resell, pledge or otherwise transfer such Notes (or any beneficial interest or participation therein) purchased by it, any offer, sale or transfer of such Notes (or any beneficial interest or participation therein) will be made in compliance with the Securities Act and only (i) to a person (A) it reasonably believes is a QIB purchasing for its own account or for the account of a QIB in a nominal amount of not less than €250,000 for it and each such account, in a transaction that meets the requirements of Rule 144A and takes delivery in the form of a Rule 144A Note and (B) that constitutes a QP; or (ii) to a non-U.S. Person in an offshore transaction in accordance with Rule 903 or Rule 904 (as applicable) under Regulation S.
3. The purchaser understands that unless the Issuer determines otherwise in compliance with applicable law, such Notes will bear a legend set forth below.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), AND THE ISSUER HAS NOT BEEN REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE “**INVESTMENT COMPANY ACT**”). THE HOLDER HEREOF, BY PURCHASING THE NOTES IN RESPECT OF WHICH THIS NOTE HAS BEEN ISSUED, AGREES FOR THE BENEFIT OF THE ISSUER THAT THE NOTES MAY BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED, ONLY (A)(1) TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER, IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A UNDER THE SECURITIES ACT, OR (2) TO A NON-U.S. PERSON IN AN OFFSHORE TRANSACTION COMPLYING WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT AND, IN THE CASE OF CLAUSE (1), IN A PRINCIPAL AMOUNT OF NOT LESS THAN €250,000 FOR THE PURCHASER AND FOR EACH ACCOUNT FOR WHICH IT IS ACTING, IN EACH CASE, TO A PURCHASER THAT (V) IS A QUALIFIED PURCHASER FOR THE PURPOSE OF SECTION 3(c)(7) OF THE INVESTMENT COMPANY ACT, (W) WAS NOT FORMED FOR THE PURPOSE OF INVESTING IN THE ISSUER (EXCEPT WHEN EACH BENEFICIAL OWNER OF THE PURCHASER IS A QUALIFIED PURCHASER), (X) HAS RECEIVED THE NECESSARY CONSENT FROM ITS BENEFICIAL OWNERS WHEN THE

PURCHASER IS A PRIVATE INVESTMENT COMPANY FORMED BEFORE APRIL 30, 1996, (Y) IS NOT A BROKER-DEALER THAT OWNS AND INVESTS ON A DISCRETIONARY BASIS LESS THAN U.S.\$25,000,000 IN NOTES OF UNAFFILIATED ISSUERS AND (Z) IS NOT A PENSION, PROFIT SHARING OR OTHER RETIREMENT TRUST FUND OR PLAN IN WHICH THE PARTNERS, BENEFICIARIES OR PARTICIPANTS, AS APPLICABLE, MAY DESIGNATE THE PARTICULAR INVESTMENTS TO BE MADE, AND IN A TRANSACTION THAT MAY BE EFFECTED WITHOUT LOSS OF ANY APPLICABLE INVESTMENT COMPANY ACT EXEMPTION OR IN THE CASE OF CLAUSE (2), €100,000 AND (B) IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES. ANY TRANSFER IN VIOLATION OF THE FOREGOING WILL BE OF NO FORCE AND EFFECT, WILL BE VOID *AB INITIO* AND WILL NOT OPERATE TO TRANSFER ANY RIGHTS TO THE TRANSFEREE, NOTWITHSTANDING ANY INSTRUCTIONS TO THE CONTRARY TO THE ISSUER, THE TRUSTEE OR ANY INTERMEDIARY. IN ADDITION TO THE FOREGOING, IN THE EVENT OF A VIOLATION OF (V) THROUGH (Z), THE ISSUER MAINTAINS THE RIGHT TO DIRECT THE RESALE OF ANY NOTES PREVIOUSLY TRANSFERRED TO NON-PERMITTED NOTEHOLDERS (AS DEFINED IN THE TRUST DEED) IN ACCORDANCE WITH AND SUBJECT TO THE TERMS OF THE TRUST DEED. EACH TRANSFEROR OF THIS NOTE WILL PROVIDE NOTICE OF THE TRANSFER RESTRICTIONS SET FORTH HEREIN AND IN THE TRUST DEED TO ITS TRANSFEREE.

TRANSFERS OF THIS NOTE OR OF PORTIONS OF THIS NOTE SHOULD BE LIMITED TO TRANSFERS MADE IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THE TRUST DEED REFERRED TO HEREIN.

PRINCIPAL OF THIS NOTE IS PAYABLE AS SET FORTH HEREIN. ACCORDINGLY, THE OUTSTANDING PRINCIPAL OF THIS NOTE AT ANY TIME MAY BE LESS THAN THE AMOUNT SHOWN ON THE FACE HEREOF. ANY PERSON ACQUIRING THIS NOTE MAY ASCERTAIN ITS CURRENT PRINCIPAL AMOUNT BY INQUIRY OF THE TRUSTEE.

### Listing

Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List and trading on the Global Exchange Market which is the exchange regulated market of the Irish Stock Exchange. The Global Exchange Market is not a regulated market for the purposes of Directive 2004/39/EC. There can be no assurance that such listing will be maintained. This Offering Circular comprises listing particulars for the

purposes of the application and has been approved by the Irish Stock Exchange. It is expected that the total expenses related to admission to trading will be approximately €18,740.

### **Consents and Authorisations**

The Issuer has obtained all necessary consents, approvals and authorisations in The Netherlands (if any) in connection with the issue and performance of the Notes. The issue of the Notes was authorised by resolutions of the board of Managing Directors of the Issuer passed on 20 October 2017.

### **No Significant or Material Change**

There has been no significant change in the financial or trading position or prospects of the Issuer since its incorporation on 2 February 2017 and there has been no material adverse change in the financial position or prospects of the Issuer since its incorporation on 2 February 2017.

### **No Litigation**

The Issuer is not involved, and has not been involved, in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) which may have or have had since the date of its incorporation a significant effect on the Issuer's financial position or profitability.

### **Accounts**

Since the date of its incorporation, the Issuer has not commenced operations other than in respect of entering into the warehouse agreements in respect of the acquisition of certain assets to be comprised in the Portfolio on or prior to the Issue Date and has not produced accounts.

So long as any Note remains outstanding, copies of the most recent annual audited financial statements of the Issuer can be obtained at the specified office of the Registrar during normal business hours. The first financial statements of the Issuer will be in respect of the period from incorporation to 31 December 2018. The annual accounts of the Issuer will be audited. The Issuer will not prepare interim financial statements.

The Trust Deed requires the Issuer to provide written confirmation to the Trustee on an annual basis and otherwise promptly on request that no Event of Default or Potential Event of Default (as defined in the Trust Deed) or other matter which is required to be brought to the Trustee's attention has occurred.

### **Listing Agent**

Walkers Listing Services Limited is acting solely in its capacity as listing agent for the Issuer in relation to the Notes and is not itself seeking admission of the Notes to the Official List of the Irish Stock Exchange or to trading on the Global Exchange Market of the Irish Stock Exchange.

### **Documents Available**

Copies of the following documents may be inspected in electronic format at the registered offices of Issuer during usual business hours on any weekday (Saturdays, Sundays and public holidays excepted) for the term of the Notes and shall be made available via a secured website currently located at <https://gctinvestorreporting.bnymellon.com> (or such other website as may be notified in writing by the Collateral Administrator to the Issuer, the Trustee, the Collateral Manager, the Initial Purchaser, each Hedge Counterparty, each Rating Agency and the Noteholders from time to time):

- (a) the articles of association of the Issuer;
- (b) the Trust Deed (which includes the form of each Note of each Class);
- (c) the Agency Agreement;
- (d) the Collateral Management and Administration Agreement;
- (e) the Issuer Management Agreement;

- (f) each Monthly Report;
- (g) each Payment Date Report; and
- (h) the Risk Retention Letter.

### **Post Issuance Reporting**

The Issuer will provide post-issuance transaction information in relation to the issue of Notes.

### **Enforceability of Judgments**

The Issuer is a company incorporated under the laws of The Netherlands. None of the directors and officers of the Issuer are residents of the United States, and all or a substantial portion of the assets of the Issuer and such persons are located outside of the United States. As a result, it may not be possible for investors to effect service of process within the United States upon the Issuer or such persons or to enforce against any of them in the United States courts judgments obtained in United States courts, including judgments predicated upon civil liability provisions of the securities laws of the United States or any State or territory within the United States.

**ANNEX A**  
**FORM OF ERISA CERTIFICATE**

The purpose of this ERISA Certificate (this “**Certificate**”) is, among other things, to (i) endeavour to ensure that less than 25 per cent. of the total value of the Class E Notes, Class F Notes or Subordinated Notes (determined separately by class) issued by Accunia European CLO II B.V. (the “**Issuer**”) is held by (a) an employee benefit plan that is subject to the fiduciary responsibility provisions of Title I of the Employee Retirement Income Security Act of 1974, as amended (“**ERISA**”), (b) a plan that is subject to Section 4975 of the Internal Revenue Code of 1986, as amended (the “**Code**”) or (c) any entity whose underlying assets include “plan assets” by reason of any such employee benefit plan’s or plan’s investment in the entity (collectively, “**Benefit Plan Investors**”), (ii) obtain from you certain representations and agreements and (iii) provide you with certain related information with respect to your acquisition, holding and disposition of the Class E Notes, Class F Notes or Subordinated Notes. By signing this Certificate, you agree to be bound by its terms.

Please be aware that the information contained in this Certificate is not intended to constitute advice and the examples given below are not intended to be, and are not, comprehensive. You should contact your own counsel if you have any questions in completing this Certificate. Capitalised terms not defined in this Certificate shall have the meanings ascribed to them in the Trust Deed.

By checking a box, you are representing and warranting as to your status for so long as you hold a Note or interest therein. If a box is not checked, you are representing and agreeing that the applicable Section does not, and will not, apply to you.

1.  Employee Benefit Plans Subject to ERISA or the Code. We, or the entity on whose behalf we are acting, are an “employee benefit plan” within the meaning of Section 3(3) of ERISA that is subject to the fiduciary responsibility provisions of Title I of ERISA or a “plan” within the meaning of Section 4975(e)(1) of the Code that is subject to Section 4975 of the Code.

Examples: (i) tax qualified retirement plans such as pension, profit sharing and section 401(k) plans, (ii) welfare benefit plans such as accident, life and medical plans, (iii) individual retirement accounts or “IRAs” and “Keogh” plans and (iv) certain tax-qualified educational and savings trusts.

2.  Entity Holding Plan Assets. We, or the entity on whose behalf we are acting, are an entity or fund whose underlying assets include “plan assets” by reason of a Benefit Plan Investor’s investment in such entity.

Examples: (i) an insurance company separate account, (ii) a bank collective trust fund and (iii) a hedge fund or other private investment vehicle where 25 per cent. or more of the total value of any class of its equity is held by Benefit Plan Investors.

If you check Box 2, please indicate the maximum percentage of the entity or fund that will constitute “plan assets” for purposes of Title I of ERISA or Section 4975 of the Code: \_\_\_\_\_ per cent.

AN ENTITY OR FUND THAT CANNOT PROVIDE THE FOREGOING PERCENTAGE HEREBY ACKNOWLEDGES THAT FOR PURPOSES OF DETERMINING WHETHER BENEFIT PLAN INVESTORS OWN LESS THAN 25 PER CENT. OF THE TOTAL VALUE OF THE CLASS E NOTES, CLASS F NOTES OR SUBORDINATED NOTES (DETERMINED SEPARATELY BY CLASS), 100 PER CENT. OF THE ASSETS OF THE ENTITY OR FUND WILL BE TREATED AS “PLAN ASSETS.”

ERISA and the regulations promulgated thereunder are technical. Accordingly, if you have any questions regarding whether you may be an entity described in this Section 2, you should consult with your counsel.

3.  Insurance Company General Account. We, or the entity on whose behalf we are acting, are an insurance company purchasing the Class E Notes, Class F Notes or Subordinated Notes or interest therein with funds from our or their general account (i.e., the insurance company’s corporate investment portfolio), whose assets, in whole or in part, constitute “plan assets” under Section 401(a) of ERISA for purposes of 29 C.F.R. Section 2510.3-101 as modified by Section 3(42) of ERISA (the “**Plan Asset Regulations**”).

If you check Box 3, please indicate the maximum percentage of the insurance company general account that will constitute “plan assets” under Section 401(a) of ERISA for purposes of conducting the 25 per cent. test under the Plan Asset Regulations: \_\_\_\_\_ per cent. IF YOU DO NOT INCLUDE ANY PERCENTAGE IN THE BLANK SPACE, YOU WILL BE COUNTED AS IF YOU FILLED IN 100 PER CENT. IN THE BLANK SPACE.

4.  None of Sections (1) Through (3) Above Apply. We, or the entity on whose behalf we are acting, are a person that does not fall into any of the categories described in Sections (1) through (3) above. If, after the date hereof, any of the categories described in Sections (1) through (3) above would apply, we will promptly notify the Issuer and the Trustee of such change, however, we understand and agree that any such notice will not cause the representation made in the previous sentence to be ineffective, to the extent that the 25 per cent. limitation described in the first paragraph of this certificate is exceeded.
5. No Prohibited Transaction. If we checked any of the boxes in Sections (1) through (3) above, we represent, warrant and agree that our acquisition, holding and disposition of the Class E Notes, Class F Notes or Subordinated Notes or any interest therein will not constitute or result in a non-exempt prohibited transaction under section 406 of ERISA or Section 4975 of the Code.
6. Not Subject to Similar Law and No Violation of Other Plan Law. If we are a governmental, church, non- U.S. or other plan, we represent, warrant and agree that (a) we are not subject to any federal, state, local or non-U.S. law or regulation that could cause the underlying assets of the Issuer to be treated as assets of the investor in any Note (or interest therein) by virtue of its interest and thereby subject the Issuer or the Collateral Manager (or other persons responsible for the investment and operation of the Issuer’s assets) to laws or regulations that are similar to the prohibited transaction provisions of Section 406 of ERISA and/or Section 4975 of the Code, and (b) our acquisition, holding and disposition of the Class E Notes, Class F Notes or Subordinated Notes or interest therein will not constitute or result in a non-exempt violation of any law or regulation that is similar to the prohibited transaction provisions of Section 406 of ERISA and/or Section 4975 of the Code.
7.  Controlling Person. We are, or we are acting on behalf of any of: (i) the Trustee, (ii) the Collateral Manager, (iii) any person that has discretionary authority or control with respect to the assets of the Issuer, (iv) any person who provides investment advice for a fee (direct or indirect) with respect to such assets or (v) any “affiliate” of any of the above persons. “**Affiliate**” shall have the meaning set forth in the Plan Asset Regulations. Any of the persons described in the first sentence of this Section 7 is referred to in this Certificate as a “**Controlling Person**”.

Note: We understand that, for purposes of determining whether Benefit Plan Investors hold less than 25 per cent. of the total value of the Class E Notes, Class F Notes or Subordinated Notes, the Notes held by Controlling Persons (other than Benefit Plan Investors) are required to be disregarded.

8. Compelled Disposition. We acknowledge and agree that:
- (i) if any representation that we made hereunder is subsequently shown to be false or misleading or our beneficial ownership otherwise causes a violation of the 25 per cent. Limitation, the Issuer may, promptly after such discovery (or upon notice from the Trustee if the Trustee makes the discovery (who, in each case, agree to notify the Issuer of such discovery, if any)), send notice to us demanding that we transfer our interest to a person that is not a Non-Permitted ERISA Noteholder within 10 days after the date of such notice;
- (ii) if we fail to transfer our Class E Notes, Class F Notes or Subordinated Notes or interests therein, the Issuer shall have the right, without further notice to us, to sell our Class E Notes, Class F Notes or Subordinated Notes or our interest in the Class E Notes, Class F Notes or Subordinated Notes to a purchaser selected by the Issuer that is not a Non-Permitted ERISA Noteholder on such terms as the Issuer may choose;
- (iii) the Issuer may select the purchaser by soliciting one or more bids from one or more brokers or other market professionals that regularly deal in securities similar to the Class E Notes, Class F Notes or Subordinated Notes and selling such securities to the highest such bidder. However, the Issuer may select a purchaser by any other means determined by it in its sole discretion;

- (iv) by our acceptance of an interest in the Class E Notes, Class F Notes or Subordinated Notes, we agree to cooperate with the Issuer to effect such transfers;
  - (v) the proceeds of such sale, net of any commissions, expenses and taxes due in connection with such sale shall be remitted to us; and
  - (vi) the terms and conditions of any sale under this sub-section shall be determined in the sole discretion of the Issuer, and the Issuer shall not be liable to us as a result of any such sale or the exercise of such discretion.
9. Independent Fiduciary. If we are Benefit Plan Investor, we represent and warrant, on each day from the date on which we acquire such Note or interest through and including the date on which we dispose of such Note or interest, and at any time when regulation 29 C.F.R. Section 2510.3-21, as modified in 2016, is applicable, that the fiduciary making the decision to invest in the Notes on its behalf (the “Independent Fiduciary”) (a) is a bank, insurance company, registered investment adviser, broker-dealer or other person with financial expertise, in each case as described in 29 C.F.R. Section 2510.3-21(c)(1)(i)(A)-(E); (b) is an independent plan fiduciary within the meaning of 29 C.F.R. Section 2510.3-21(c); (c) is capable of evaluating investment risks independently, both in general and with regard to particular transactions and investment strategies; (d) is responsible for exercising independent judgment in evaluating the acquisition, holding and disposition of the Notes; and (e) the Independent Fiduciary is not paying and has not paid, and we are not paying or have not paid any fee or other compensation to any of the Issuer, the Sole Arranger, the Initial Purchaser, the Trustee or the Collateral Manager for investment advice (as opposed to other services) in connection with its acquisition or holding of the Notes. In addition, we acknowledge and agree that the Independent Fiduciary (x) understands that none of the Issuer, the Sole Arranger, the Initial Purchaser or the Collateral Manager, or other persons that provide marketing services, nor any of their affiliates, has provided, and none of them will provide, impartial investment advice and they are not giving any advice in a fiduciary capacity, in connection with our acquisition or holding of the Notes and (y) has received and understands the disclosure of the existence and nature of the financial interests contained in the offering circular and related materials.
10. Required Notification and Agreement. We hereby agree that we (a) will inform the Trustee of any proposed transfer by us of all or a specified portion of the Class E Notes, Class F Notes or Subordinated Notes or any interest therein and (b) will not initiate any such transfer after we have been informed by the Issuer or the Registrar in writing that such transfer would likely cause the 25 per cent. limitation to be exceeded. We hereby agree and acknowledge that after the Trustee effects any permitted transfer of Class E Notes, Class F Notes or Subordinated Notes (or interests therein) owned by us to a Benefit Plan Investor or a Controlling Person or receives notice of any such permitted change of status, the Trustee shall include such Notes in future calculations of the 25 per cent. limitation made pursuant hereto unless subsequently notified that such Notes (or such portion), as applicable, would no longer be deemed to be held by Benefit Plan Investors or Controlling Persons.
11. Continuing Representation; Reliance. We acknowledge and agree that the representations, warranties, acknowledgements and agreements contained in this Certificate shall be deemed made on each day from the date we make such representations, warranties, acknowledgements and agreements through and including the date on which we dispose of our interests in the Class E Notes, Class F Notes or Subordinated Notes. We understand and agree that the information supplied in this Certificate will be used and relied upon by the Issuer and the Trustee to determine that Benefit Plan Investors own or hold less than 25 per cent. of the total value of the Class E Notes, Class F Notes or Subordinated Notes (determined separately by class) upon any subsequent transfer of such Notes in accordance with the Trust Deed.
12. Further Acknowledgement and Agreement. We acknowledge and agree that (i) all of the assurances, representations, warranties, acknowledgements and agreements contained in this Certificate are for the benefit of the Issuer, the Trustee, Deutsche Bank AG, London Branch and the Collateral Manager as third party beneficiaries hereof, (ii) copies of this Certificate and any information contained herein may be provided to the Issuer, the Trustee, Deutsche Bank AG, London Branch, the Collateral Manager, affiliates of any of the foregoing parties and to each of the foregoing parties’ respective counsel for purposes of making the determinations described above and (iii) any acquisition or transfer of Class E Notes, Class F Notes or Subordinated Notes by us that is not in accordance with the provisions of this Certificate shall be null and void from the beginning, and of no legal effect.

13. Future Transfer Requirements.

Transferee Letter and its Delivery. We acknowledge and agree that we may not transfer any Class E Notes, Class F Notes or Subordinated Notes or interests therein to any Benefit Plan Investor or Controlling Person unless the Trustee has received a certificate substantially in the form of this Certificate. Any attempt to transfer in violation of this section will be null and void from the beginning, and of no legal effect.

For the purposes of the above,

The country group of an Obligor's domicile for purposes of the S&P Recovery Rate are determined according to Annex D (*S&P Regional Diversity Measure Table*) of this Offering Circular;

"**S&P Recovery Rate**" means, in respect of each Collateral Obligation and each Class of Rated Notes, an S&P Recovery Rate determined in accordance with the Collateral Management and Administration Agreement or as advised by S&P. Extracts of the S&P Recovery Rates applicable under the Collateral Management and Administration Agreement are set out in this Annex B (*S&P Recovery Rates*).

"**S&P Recovery Rating**" means, with respect to a Collateral Obligation for which an S&P Recovery Rate is being determined, the "Recovery Rating" assigned by S&P to such Collateral Obligation based upon the tables set forth in this Annex B (*S&P Recovery Rates*).

"**S&P Cov-Lite Loan**" means a Collateral Obligation that is an interest in a loan, the underlying instruments for which do not (i) contain any financial covenants or (ii) require the Obligor thereunder to comply with any maintenance covenant (regardless of whether compliance with one or more incurrence covenants is otherwise required by such underlying instruments).

"**Subordinated Obligation**" means a debt obligation that by its terms and conditions is subordinated to all non-subordinated debt obligations of the relevant Obligor.

**ANNEX E**  
**S&P NON-MODEL VERSION CDO MONITOR DEFINITIONS**

If so elected by the Collateral Manager by written notice to the Issuer, the Collateral Administrator, the Trustee and S&P, the S&P CDO Monitor Test shall be defined as follows:

“**S&P CDO Monitor Test**” means a test that will be satisfied if on any Measurement Date on or after the Effective Date and during the Reinvestment Period following receipt by the Issuer and the Collateral Administrator of the S&P CDO Monitor input files or the formula contained in the definition of Class Break-Even Default Rate, as applicable, if, after giving effect to the purchase of a Collateral Obligation, (a) during any S&P CDO Model Election Period, the Class Default Differential of the Proposed Portfolio with respect to the Class A Notes is positive and (b) during the S&P CDO Formula Election Period (if any), the Adjusted Class Break-Even Default Rate is equal to or greater than the S&P CDO SDR.

The Collateral Manager may, in its sole discretion, at any time from the Issue Date, elect to declare the occurrence of the S&P CDO Model Election Date, and thereafter, the S&P CDO Formula Election Date, in each case upon at least 5 Business Days’ prior written notice to S&P, the Trustee and the Collateral Administrator, provided that each such election may only occur once.

As used for purposes of the S&P CDO Monitor Test, the following terms shall have the meanings set forth below:

“**Adjusted Class Break-Even Default Rate**” means the value calculated based on the following formula (or such other published formula by S&P that the Collateral Manager provides to the Collateral Administrator):

$BDR * (A/B) + (B-A) / (B * (1-WARR))$  where:

<b>Term</b>	<b>Meaning</b>
BDR	Class Break-Even Default Rate
A	Target Par Amount
B	S&P Collateral Principal Amount
WARR	S&P CDO Monitor Recovery Rate

“**Highest Ranking S&P Class**” means the most senior Class of Outstanding Notes rated by S&P.

“**S&P CDO Formula Election Date**” means the date designated by the Collateral Manager upon at least five Business Days’ prior written notice to S&P, the Trustee and the Collateral Administrator as the date on which the Issuer will begin to utilise the Adjusted Class Break-Even Default Rate, provided that an S&P CDO Formula Election Date may only occur once.

“**S&P CDO Formula Election Period**” means the period from the S&P CDO Formula Election Date until the occurrence of an S&P CDO Monitor Election Date.

“**S&P CDO Monitor Election Date**” means the date designated by the Collateral Manager upon at least five Business Days’ prior written notice to S&P, the Trustee and the Collateral Administrator as the date on which the Issuer will start utilising paragraph (a) of the definition of Class Break-Even Default Rate.

“**S&P CDO Model Election Period**” means the period from the Effective Date until the occurrence of the S&P CDO Formula Election Date (if any) and (ii) the period, if any, from and after the S&P CDO Monitor Election Date.

“**S&P CDO SDR**” means the value calculated based on the following formula (or such other published formula by S&P that the Collateral Manager provides to the Collateral Administrator):

$0.329915 + (1.210322 * EPDR) - (0.586627 * DRD) + (2.538684 / ODM) + (0.216729 / IDM) + (0.0575539 / RDM) - (0.0136662 * WAL)$  where:

<b>Term</b>	<b>Meaning</b>
EPDR	S&P Expected Default Rate
DRD	S&P Default Rate Dispersion
ODM	S&P Obligor Diversity Measure
IDM	S&P Industry Diversity Measure
RDM	S&P Regional Diversity Measure
WAL	S&P Weighted Average Life

For purposes of this calculation, the following definitions will apply:

“**S&P Default Rate**” means, with respect to a Collateral Obligation, the default rate as determined in accordance with Annex C (*S&P Default Rate Table*) hereto by reference to the number of years to maturity of such Collateral Obligation; provided that if the number of years to maturity of such Collateral Obligation is not an integer, the default rate will be determined by interpolating between the rate for the next shorter maturity and the rate for the next longer maturity.

“**S&P Default Rate Dispersion**” means the value calculated by multiplying the Principal Balance for each S&P CLO Specified Asset by the absolute value of the difference between the S&P Default Rate and the S&P Expected Default Rate, then summing the total for the Portfolio, then dividing this result by the Aggregate Principal Balance of the S&P CLO Specified Assets.

“**S&P Expected Default Rate**” means the value calculated by multiplying the Principal Balance of each S&P CLO Specified Asset by the S&P Default Rate, then summing the total for the Portfolio, and then dividing this result by the Aggregate Principal Balance of all of the S&P CLO Specified Assets.

“**S&P Industry Diversity Measure**” means the value calculated by determining the Aggregate Principal Balance of the S&P CLO Specified Assets within each S&P Industry Classification Group, then dividing each of these amounts by the Aggregate Principal Balance of the S&P CLO Specified Assets from all the industries, squaring the result for each industry, then taking the reciprocal of the sum of these squares.

“**S&P Obligor Diversity Measure**” means the value calculated by determining the Aggregate Principal Balance of the S&P CLO Specified Assets from each Obligor and its Affiliates, then dividing each of these amounts by the Aggregate Principal Balance of S&P CLO Specified Assets from all the Obligors in the Portfolio, squaring the result for each Obligor, then taking the reciprocal of the sum of these squares.

“**S&P Regional Diversity Measure**” means the value calculated by determining the Aggregate Principal Balance of the S&P CLO Specified Assets within each S&P region set forth in Annex D (*S&P Regional Diversity Measure Table*) of this Offering Circular (or such other published table by S&P that the Collateral Manager provides to the Collateral Administrator), then dividing each of these amounts by the Aggregate Principal Balance of the S&P CLO Specified Assets from all regions in the Portfolio, squaring the result for each region, then taking the reciprocal of the sum of these squares.

“**S&P Weighted Average Life**” means the value calculated by determining the number of years between the current date and the maturity date of each S&P CLO Specified Asset, then multiplying each S&P CLO Specified Asset’s Principal Balance by its number of years, summing the results of all S&P CLO Specified Assets, and dividing this amount by the Aggregate Principal Balance of all S&P CLO Specified Assets.

“**S&P CLO Specified Assets**” means Collateral Obligations with an S&P Rating equal to or higher than “CCC-”.
